In line with the reference in these columns yesterday to the fact that not enough revenue is obtained from the use of Canadian highways by those who use them for commercial purposes is the statement of the Ottawa Journal that it is conservatively estimated that upwards of 50,000 motor vehicles are competing with the railways in carriage of both freight and passengers, and that they did a business last year of more than $100,000,000.

This new business certainly should be brought under the jurisdiction of the Dominion Railway Board in so far as the rates charged are concerned, and it should be subjected to more adequate taxation than is at present being levied.

The motor truck and the motor bus are not, of course, a mere flash in the pan; their use would seem destined to steadily increase and to a similar degree their operation will injure the Canadian railways, an investment of two and a half billion dollars that should be protected where at all possible.

It is manifestly out of the question to endeavor to eliminate this competition, but to put it on a fair basis as compared with the railways should not be a difficult matter.

To go on building expensive highways and practically making a present of their use to transportation companies is a piece of folly, and when that policy is vitally wounding the railways there is even less justification for its continuance.

THE AIRD TRANSACTIONS.

Rt. Hon. Arthur Meighen's declaration that if there is to be an official investigation into the dealings of John Aird, Jr., with the Ontario Hydro-Electric Power Commission those who are asking for such an inquiry should pay the expenses involved, has been causing considerable comment.

Most people agree with Mr. Meighen that the Hydro-Electric Commission should not be expected to foot the bill involved in an investigation into this matter, but that is no reason why the desire of the people of Ontario that the full story of the Aird transactions should be revealed should not be gratified.

The next session of the Legislature should see a demand for an inquiry, voiced so vigorously that the Government will be compelled to give heed and institute a proper probe into the whole affair, which has not yet been sufficiently aired to satisfy the public.

Neither the Hydro Commission nor the Government should make the mistake of thinking that the anxiety to have the situation ventilated exists only among enemies of the Hydro; as a matter of fact, many warm friends of the public-owned power system believe that the interests of the Hydro would be best served by clearing up the matter.

GANDHI ASKS MUCH.

It is apparent that Mahatma Gandhi seeks nothing less than independence for India, and that is something which India has never had before. The history of India is that of a country which was never able to defend itself against the inroads of warring nations and tribes. Never at any time had it been possible for the people of India to unite to fight an outside invader.

Not until the coming of the British was India secure from the conquests of those who were strong enough to go in there, take possession and impose new terms on the conquered.

So it is when Gandhi talks in terms which mean complete self-control he is blazing a new trail; he is suggesting something in the way of an enormous experiment without offering any guarantee that it can be put into successful operation.

He is ignoring past history entirely; he cannot point to any substantial reason why his request should be granted. He is not willing to work with Britain to the end that self-government might eventually come to pass when a sufficient number of the natives were educated to properly discharge its functions.

Gandhi has at least been candid in admitting that there are certain drawbacks to autonomy for Indian, and in these he lists two, (1) the hatred of the Moslem for the Hindu and (2) the caste system which puts millions of the people of India into the class called "untouchables," and divides the rest into hundreds of other castes, with lines so rigidly drawn that they have nothing in common one with the other.

• • • •

There is only one way in which government is possible, when administered by the people themselves, and that is that they must recognize a centralized authority.

The Moslem section would never recognize the authority of the Hindu—not for one moment. There is a traditional hatred between these two people. They would assassinate each other and consider the slaughter an act worthy of highest commendation. There is no common ground on which they can meet and there never will be. Were the restraining hand of Great Britain lifted from India Moslem and Hindu would be quick to launch one of the greatest folk massacres the world has ever seen.

The caste system will not yield to anything Gandhi can do, and he admits as much. Britain does not recognize caste in the enforcement of law. When a low-caste person approaches a British court of justice it is the only time when fair dealing is felt. Were Britain to leave the administration of justice to the natives it would mean that the low-caste millions would be thrown back into a worse state than they face to-day. Gandhi knows this; he knows he is powerless to grapple with it, and he also knows that Britain has given these poor underdogs the first decent treatment they have received since the caste system came into existence.

• • • •

Gandhi knows that he cannot touch the child marriage situation in India. He knows that Britain made the first step to do away with one of the most damnable and hellish systems which had been fastened upon any people the world over.

The record of what the system of child marriage has brought to pass is an open book for those to read who feel they can stand the nauseating awfulness of it. Hitched to that system is a practice of midwifery which for brutality and wilful incompetence is not equalled in the world. It has brought in its wake an amount of disease which is staggering in its extent. Gandhi has not the power to war against this, because those to whom he looks for support believe in it; it is part of their tradition and they will not be denied their indulgence in it.

Those three things, the hatred of the Moslem for the Hindu, the caste system, and child marriages are three sores that run in India. They are wicked enough and putrid enough to spoil the millions of India, and Gandhi has nothing to offer that is remedial or positively aligned against a continuance of these customs. Compared to these his campaign about the tax on salt does not amount to a hill of beans; his parading in a loin cloth and his role as a martyr to the cause of a liberated India is the grisliest sort of showmanship.

Giving Gandhi what he wants would be shoving India back into the pit from which Britain has sought to dig her. He offers nothing; he guarantees nothing. Conveniently he ignores all that Britain has done and takes it for granted that India is ready to follow in his path. He is an extremely dangerous man.—Stratford Beacon-Herald.

EDITORIAL NOTES AND COMMENT.

Quebec reports a substantial surplus in the last fiscal year. That's a great deal more satisfactory than hints of new taxation.

October 1 is near at hand, and there is no call yet for workers for the northern road camps. When does Mr. Finlayson expect to get this work under way?

Cochrane's method of dealing with the unemployed seems to have solved the problem, but what about the towns in which the Cochrane exiles will establish themselves?

So many horse-shoe competitions are being held at fall fairs this year that the luck of agriculture soon should take a turn for the better.

To hear the loud speakers of to-day is to wonder how many years it will be until "quiet" will have joined the obsolete words.—Buffalo Courier-Express.

"Aimee tells how love came to her," says headline. Doesn't it give you a pain in your innermost regions to read that stuff?—Sarnia Canadian Observer.

Rice not being among our surplus products, would it not be advisable at weddings to throw tomatoes, muskmelons or potatoes?—Woodstock Sentinel-Review.

My chief concern is not with the young flapper, but the adult flopper.—Dr. Daniel A. Poling, president of the United Society of Christian Endeavor.—Exchange.

A head is like a tooth. Filling it is a painful job, but it prevents a lot of suffering later on.—Kingston Whig-Standard.

(Continued from yesterday.)

INSTALMENT 15

But nothing happened to make Fabia suffer that night unless to see her mother extraordinarily happy was cause for pain. At the theatre Fabia had sat on one side of her, and Mr. Firth on the other. Thus, also, they had sat in the car. Her mother and Mr. Firth had not been alone an instant—not even in conversation. Lisa had included her in everything that was said and done.

As they had moved away from the lighted theatre entrance, Barry Firth had said, "What about a little ice-cream at the Copley and a dance with each of you before we go home?"

But Lisa shook her head. "Sorry, Barry. But," she had added as a happy afterthought, "it's been years since I've had an ice cream soda. Let's stop at a drup store!" Lisa knew her Boston.

How like a young girl her mother had looked, perched on the high stool as she bent over her two straws, Fabia had thought. So likewise had thought Mr. Firth evidently. He had bought her a package of life-savers and presented it to her with a playful bow.

Fabia couldn't help but like Mr. Firth. She fell to wondering how old he was, once back in the automobile, weaving their way to his door on the Hill, where they were to drop him. He didn't look so very young; his eyes were sunk in caverns only years can wear so deep, but his animation was like a college boy's at times.

"Good-night. We've had a perfectly lovely time, Barry," Lisa had said as he shook hands from the sidewalk.

"So have I! Bully!" he had rejoined. "Don't let her choke on a life-saver, Fabia. Good-night," and then, "Good night, McKay," he had added just as if chauffeurs were human beings.

"Mother," Fabia inquired as the car crawled down the Hill, "is Mr. Firth old or young?"

"Some men never grow old," remarked Lisa gravely.

"Is he as old as father?"

"Oh, no. He'll never be as old as father."

"As old as you?"

"Nor as old as I—except in years."

"What keeps him from growing old?"

"Not growing bitter, I think."

"Does he live where we left him?" Fabia inquired. It had been five minutes since she had spoken last, but Lisa seemed to know to whom she was referring.

"He rooms there."

"Isn't he married?"

"Yes, he's married. Didn't you know?"

"No. Where's his wife?"

"In Canada."

"Is he unhappily married?" Her questions came with blunt directness.

"Well—not happily."

"Why not—if he isn't happy?"

"Because he's too kind."

"Why does she stay up in Canada?"

"Because she's an invalid. I thought you knew all about this, Fabia. Every one does."

"No mother. I know nothing. I know nothing about anything," she burst out with sudden impetuosity. "Please tell me. It's horrid not to know."

"Well, life hasn't been very kind to Barry, Fabia sometimes I think it's his kindness that has robbed him of most of his things that make men happy. Yet, strangely enough, it hasn't robbed him of happiness. His wife has been an invalid for years and years."

"What's the matter with her?"

"Nothing, the doctors say, either physically or mentally. She's a nervous invalid, unable to carry the ordinary responsibilities of her home—a pitiful victim of self-distrust and self-pity. He ought never to have married her."

"Have you ever seen her?"

"No. Never."

"Doesn't she ever come here?"

"No. He lives there where we left him all alone."

"Does she keep the children?"

"There aren't any."

There was another long pause. Lisa broke it. "What did you think of the operetta to-night, Fabia?"

"Weren't there ever any children?"

"Only one who died. She was afraid to have children."

"When did you first know Mr. Firth?" Again it had been five minutes since Fabia had spoken.

"Five years ago when he first came to Boston to be a member of father's firm."

"How did he happen to come?"

"What a questioner you are, Fabia! He was connected with the firm in Canada and they asked him. It was a bigger position for him here."

"And his wife wouldn't come too?"

"No. She was sick in bed for weeks at the very thought of such a change. It is amazing to me that a man who has had so little of what he wanted most in life can still be so unembittered."

"What did he want most?"

"What most men want. Some one to inspire the best in him, to share his success and be proud of it. And children—he very much wanted children—and a home of his own, where he could entertain his friends. Barry has a great gift for friends, and for merrymaking—but his wife shrinks from it. I think we ought to be just as kind to Barry as we know how. I feel very sorry for him."

"I see," said Fabia.

"Oh, perhaps it had been just a kiss of pity!

No, there was nothing about the events of the evening to make her unhappy, Fabia assured herself, alone in her room. Yes—it might very well have been a kiss of pity—And yet—and yet—could pity arouse such joyousness in another? What was there about Barry Firth to draw forth the happy creature seated on the stool in the drug-store' Had her father once been able to do it? Why had her mother married him if he lacked the qualities she praised so highly in another? Didn't she love him? Had she never loved him? It occurred to Fabia that the things Barry Firth wanted most in life her mother could have given him in full measure. Were there things her mother wanted in life Barry Firth could have provided? Oh, bother it all—bother it all! She'd better go to sleep. It was after midnight.

She snapped off the light. Then went to the window and raised the sash high. The stars were shining. Somewhere there was a moon, because the shadow of the trunk of the tree lay stretched like a pall of black velvet over Thad's grave.

Where was Thad's murderer now? Sound asleep somewhere, she supposed. What was the matter with her? She ought to be filled with rage at the thought of being kissed twice against her will, by a man whose house and parents were so humble. But she wasn't—she wasn't! Her chief fear was that neither of the kisses had been genuine. He had kissed her the first time to shock her—he had said so; and the second time, possibly, to be chivalrous—to assuage the offense of the first—in which case he had not felt what she had felt. She might even be displeasing to him. Could a man pretend to desire and draw forth response from a girl? Oh, if only she had had more experience! Had she responded? She didn't know. Closing her eyes, leaning her head against the window-casing, she lived over again as many times before, those tense moments in his arms. How tender he had been to her afterwards! Rough at first, brutal, and then—and then—Oh, she mustn't let herself think of it any more—of him any more. They would never see each other again.

She groped her way to the bed and kneeled down. She really didn't believe prayers were answered, but—occasionally—just in case they were—She closed her eyes and buried her head on her bent arm. "Our Father, Who art in Heaven—" He had taken hold of both her shoulders first. They had struggled together, and then she had given in. His clothes had smelled of ether—his breath a little. He must have come from an operation. Perhaps it was the ether that had made her faint and submissive.—But this was sacrilegious. She was saying the Lord's Prayer. "Our Father, Who art in Heaven—"

At the other end of the hall, behind her closed door, Lisa, wrapped in a negligee, was stretched out upon her chaise-longue. She had lit the logs in the open fireplace. Problems always became more pliable, seemed to melt a little when she lit a fire. Fabia of late was becoming a problem to Lisa.

She couldn't explain her changing moods. Thad's death was probably accountable for it, but grief wasn't usually so capricious in its effect. Before dinner one of those inexplicable changes of mood had taken place in Lisa's room. Fabia had entered friendly, left hostile, and now had just said good-night with warmth, and almost effusion. "Thank you for telling me so much to-night," she had said. "It's so much nicer understanding. I've loved our talk, mother, dear."

Oh, well, Lisa sighed, she mustn't question Fabia's moods. She must remember that she, too, at Fabia's age had feelings that fluctuated easily. Even to-day—she sighed again—they were not as steady as she wished. She had simply learned how to conceal the fluctuations—or to conceal them better. Her technique was still far from perfect. In fact, it endured the tests put to it less successfully than a few years ago.

Why was it happiness was more difficult to conceal than unhappiness? And why did joy—strange, newly discovered joy—and strange, newly discovered beauty make it harder to accept with composure the details in one's life that lacked joy and beauty? That was not as it should be. The possession of a new joy, and a new beauty, ought to cast a rose light upon all the gray and drab details of one's life. Somehow she must make her possession cast such a light. Or else give it up. Strange—strange, indeed, to find herself at her age, in her position—so walled in, so guarded, in possession of a new joy and beauty. Ought she to possess it? If it harmed no one else, was it wrong to possess it? If it enriched some one else, was it not, indeed, right to possess it?

"Come in," she called. "Oh, I thought it was Fabia," she explained. For Rupert stood in the doorway wrapped in his monk-like purple robe.

"No," he said hesitating, "it is I."

Voice of the People

Letters to be printed in the Voice of the People column must be received at The Examiner Office on the day before it is desired to have them inserted.

CHEMONG BRIDGE

To The Editor of The Examiner,

Dear Sir,—I have noticed in recent issues of The Examiner considerable agitation re the construction of a new bridge across Chemong Lake.

Now this agitation is completely separated from anything associated with politics or partyism. It is one of the most necessary works of construction that at the present time should command the attention and approval of all good citizens, both urban and rural. The great question at the present time seems to be an agitation of some thing to help the wide spread unemployment and universal depression affecting both citizens and farmers alike.

Now since the Government, both Federal and Provincial, are coming so nobly to the rescue of the situation, the question naturally arises when they are appropriating millions for the construction of transcontinental and inter-provincial highways through hundreds of miles of territory to build roads both for American and Canadian tourists, surely "charity begins at home." The great necessity for the construction of the Chemong bridge at the present time is well justified both on account of the surplus labor and the amount of employment it would provide for the unfortunate condition of the farmers and laborers due mainly to a burden of taxation beyond their financial ability. This work of public construction could conveniently be taken advantage of by men and teams from Emily, Harvey, Ennismore, Smith and portions of Douro, Otonabee, Monaghan and the city of Peterborough.

Now the sons and grandsons of those noble and honored pioneers who made this country what it is to-day and converted the forests to green fields of fertility are entitled to first claim of assistance from a government to whom their ancestors have paid taxes one hundred years ago.

Yours faithfully,
Cornelius O'Malley.

LAST WEEK'S MIDWAY

To The Editor of The Examiner,

Dear Sir,—No, I wasn't stung.

That isn't why I am writing to protest against last week's proceedings on the Midway. Being real busy with threshing and corn cutting, it was Saturday before I could find time to get away to the big fair. While waiting on George street for awhile, my attention was drawn to a number of Old Country lads, one of whom I have known ever since he came from Scotland in 1928.

This lad was called over and started telling how they had been cleaned of their spending money soon after entering the grounds. They were all disgusted with the place and were coming up street to see the pictures.

I was interested at once, having often read of Monte Carlo, but never thought I would have a chance to get a close-up view. I persuaded this young man to go back with me and show me this place where fortunes were won and lost so quickly. On getting close to the place I found some very interested people. A good many of them were prominent men of the township with one or two well-known city people. I would not like to put down here just the opinions they expressed to me about a body of men who would allow such things to be taking place right in a clean city like Peterborough.

Of course had it been in Dummer. Well, what would have happened? But it wasn't. On arriving at the place, a lot of you know the very spot—you helped to pay for the frontage. It was just the second place to the last on the left from the George street entrance. As I stood with one of the Directors I saw one poor fellow relieved of between sixty and seventy-five dollars, others of smaller amounts. Two fellows won—they looked as if they belonged to the gang.

I commenced to think this should stop, but was told that the President had tried to stop it, but was told if he closed anything up they would all move. This was gossip, of course, but had I been he, I would have said the quicker the better. Then I talked about it with the police, one of them seemed to think if a man was easy enough to fall he should lose what he had. One or two of the Directors seemed to think the same. I don't. We all have our weak places and if we are going to be what we ought, we should not put temptation in a brother's path.

Had all this been taking place up town, the place would have been raided and a lot of people dragged into court. Many of these people who were fleeced will be among the unemployed this winter. Municipal councils will have to provide for them. A little more will be added on the tax rate of an already overburdened people, because the Peterborough Fair Board allowed the worst kind of gambling to take place.

The ratepayers of this county and city have been very liberal to the financing of the Peterborough Exhibition. If such things are to take place, I for one ratepayer of the county, feel I should not be taxed to give a grant to the Peterborough Fair. There has been some agitation to do away with the small fair. I, for one, feel that if the big fairs have to allow such proceedings in order to carry on then by all means, let everyone get behind the township fairs, where such things have not been found necessary to make them a success.

I am not the only one who felt very strongly about this question and I think surely the Directors have had their lesson. While the damage done this year cannot be remedied, we should all work together for a better and a cleaner midway in 1932.

Yours truly,
E. N. McDonald.

MARMORA

Mr. T. Derry is visiting relatives in Sidney Township for a few days.

Miss Evelyn Rice left on Wednesday for Toronto where she will undergo training as a nurse in the General Hospital.

Miss Gertrude Lumsden is attending Normal school at Peterborough.

Peace Offering

As a peace offering to the Vatican and a sacrifice on the altar of the present accord between Premier Mussolini and the Pope, Il Duce has arranged for the "resignation" of Major Giovanni Giurlati (above), Secretary of the Fascist Party and guiding spirit of 3,000,000 black shirts. The Pope, in turn, has removed a priest from power, who has been antagonistic to Fascism. Both human "peace offerings" have been active in the Church-State controversy.

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner

SEPT 25, 1921

A one-ton truck owned by J. E. A. Fitzgerald was damaged considerably when it stalled on the G.T.R. track this morning and was hit by a freight train, the driver escaped ....There are now 2,900 motor driven vehicles in the city according to the issuer of licenses.....Morley Smithson of Otonabee is regarded as the likely choice of the East Peterborough farmers .... Forty-five garages have been erected during the year....A large crowd enjoyed the Fall Rally in the Y.W.C.A. gym last night.

SEPT. 25, 1911

An explosion in the ammunition room killed four hundred on a French battleship yesterday....Six-year-old Greta Haynes of Cavendish was drowned in Mortimer's Lake yesterday afternoon....Today's rain comes as a boon to farmers .. this district....Jerry Coughlin, speedy rover of the Grillers last year, has turned down an offer to play professional hockey this winter in Chicago.

SEPT. 25, 1901

Men are wanted for nearly every kind of work here, but the employment agents claim the laborers are too particular....President McKinley's slayer is found guilty of murder and will be sentenced to-morrow....The Peterborough Central Exhibition is in full swing with fine weather swelling the attendance.. ..Coal oil lamps were the only means of lighting in town last night as the electric lighting system was out of order....The famous English singers and dancers, Franklyn and Hyatt will entertain at the Market Hall to-night, admission being twenty-five cents.

RUNNING TRADES ARE UNDECIDED

Reach No Decision on 10 Per Cent .Wage Cut Proposed by Railways.

PARLEY NEXT WEEK.

MONTREAL, Que., Sept. 25.—(C. P.)—Representatives of the "running trades" of the Canadian National and Canadian Pacific Railways in conference here have reached no decision as to their course of action in regard to the proposed 10 per cent. wage cut which they were asked by he railways to consider.

"We have reached no decision on the matter and will decide nothing until we have had a conference with the vice-presidents of the railroads," J. B. Ward, General Chairman of the Conference told the Canadian Press to-day.

"We now await the pleasure of the vice-presidents, and will most probably meet them here sometime next week," said Mr. Ward just before the conference was adjourned at noon. He pointed out that Grant Hall, Vice-President of the Canadian Pacific, was not in the city. S. J. Hungerford will represent the Canadian National.

Gathered in closed session here since yesterday morning were delegates of the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen, the Order of Railway Conductors, the Brotherhood of Railroad Trainmen, and the Order of Railway Telegraphers.

The railways invited the running trades to discuss the proposed wage cut jointly.

MARKET CLOSING ON EXCHANGES

(Continued from Page 1)

advance of 50 over last night's final. Noranda recovered an early loss to stand unchanged. Oils continued easy throughout, Imperial finishing down 20 and International Pete off 45.

Majority of higher-priced golds were steady. Dome firmer a few cents but McIntyre added another 25 to yesterday's late decline. Moss and Nipissing sold slightly above their minimums. The restricted sections for the most part were still offered at the low prices.

TORONTO EXCHANGE

TORONTO, Ont., Sept. 25 (C.P.)—Toronto Stock Exchange was firm in the afternoon, taking its cue from Wall Street. Stocks had advanced towards the end of the first hour, slipping fractionally later in the morning. At that point the market held and in the afternoon prices were unchanged to small fractions higher.

Brailian Traction came out about the same price as it had left off last night, rose to around 10¾, settled back to 10¼ where its steadied until the final hour, firming again to 10⅝ to 10¾, which compared with 10 at the close Thursday.

International Nickel was selling at 10 at the close, up ¼ point. Bell Telephone was unchanged at 121. C.P.R. picked up a polint to 18, yet Dominion Stores and Ford of Canada, other stocks on the free list, each eased ¼ of a point. Walkers was slightly lower and International Petroleum at 9½ was down from last night. B.A. Oil and Imperial did not change from their mid-day price, both firm compared with their previous closes.

WALL STREET.

NEW YORK N.Y., Sept. 25.—(C. P.)— The stock market oscillated erratically to-day, with a brisk upturn occurring in the final hour. It was notable that several of the pivotal issues were supported on declines. In the final hour, advances of 3 to 7 points appeared in U. S. Steel, American Telephone, American Smelting, Santa Fe, Norfolk and Western American Can and Western Union. The closing tone was strong. Sales were again around 3,000,000 shares.

'Generals Die In Bed' Wins Author Prize

NEW YORK, N. Y., Sept. 25.—(C P)—Charles Yale Harrison, Canadian author living in New York, was yesterday awarded the first international prize for anti-war literature by the Ordre Universel du Merits Humain at Geneva, his publishers announce today.

The award was made for Mr. Harrison's book "Generals Die In Bed", which was banned in Canada for a time. Publication of the book was prohibited in Australia and caused a furore in London last year, some critics maintaining it placed the British and Canadian troops in an unfavorable light.

ITALY IMPOSED NEW DUTY OF 15 PER CENT ON IMPORTS

ROME, Sept. 25.—To balance the budget and to eliminate as soon as possible a deficit of 553,000,000 lire ($28,000,000) the government today imposed a new fifteen per cent "super-duty" on all merchandise, with certain exceptions, not covered by existing trade treaties.

JOB WANTED

A man who can cook and do housework would like a job on a farm doing this kind of work for a man requiring such help. He has an artificial limb and cannot do the heavy work on farm. Apply Examiner Office.

WARKWORTH.

Miss Alice Blake of Burnley is spending a few days with her friend Mrs. Sweet.

Mr. and Mrs. Oscar Taylor of Madoc spent Monday at the home of W. J. Baker.

Mrs. Thomas Sykes is visiting friends in Rochester, Niagara Falls, and Le Roy.

Mrs. Jermie Sherwin of Hillier was a recent guest of her niece, Mrs. Harper.

EARLY GAINS ARE WIPED OUT

Short Selling System Inaugurated to Curb Operations of Floor Sellers.

MAKE CLOSE CHECK-UP.

(By Claude A. Jagger.)

NEW YORK, N.Y., September 25 (C.P.). — The stock market seesawed feverishly to-day, reflecting the confused state of mind in Wall Street left by the violent advance and headlong decline of the past two days.

The Stock Exxchange Board of Governors decided to tighten up their control of short selling by requesting daily reports as to stock sold short and bought back the same day. This was evidently aimed at the operations of floor traders. Extreme advances of about 3 points or more were recovered by U.S. Steel, American Telephone, American Can., Southern Pacific, New York Central, and others, while Atchison sold up as much as 8 at one time. On the midday decline, Coca-Cola dropped 8 points, and Eastman 4.

While stock exchange rescinded its complete ban on short sales after the first two days of the week, it at the same time requested daily reports giving the identity of short sellers, so that the govering committee might detect any bear raiding. To-day's revision of the memorandum requesting the information will make the check-up even more thorough.

Tightening up of trading restrictions in London, to the extent of abandoning that market's traditional periodic settlements for daily cash transactions, naturally had an adverse effect upon sentiment here, although London stocks generally closed higher. The Paris Bourse, however, was heavy, and some uneasiness was caused for a time by an erroneous report received by a Wall Street financial news ticker of banking trouble in France.

NEW YORK SILVER ADVANCES TO-DAY

Overnight Rise of 1 7-8 Cents Per Ounce is Registered.

NEW YORK, Sept. 25 (C.P.)—Following the strong opening in London, silver advanced sharply here to-day to 31 cents an ounce, an overnight rise of 1 7-8 cents.

The price represents an advance of 3 cents an ounce in a week, and is largely attributed to the suspension of the gold standard by Great Britain, which has bolstered sentiment concerning the white metal.

The advance here compared with a rise of 3 5-8 pence in London today to 19½ pence.

The sudden reversal of the trend of silver prices which during the past two years have dropped to the lowest level in history has attracted many speculators. The volume of trading in silver futures on the National Metal Exchange established a new high record for the exchange which inaugurated trading in silver six months ago.

Livestock-Produce Quotations

TORONTO PRODUCE.

TORONTO, Ont., Sept. 25 (C.P.).—The United Farmers' Co-operative Company to-day supplied the Canadian Press with the following quotations on produce delivered at Toronto:

Eggs, extras, doz. 26c; firsts, doz. 21c.

Apples, 6 qt. basket 12½c to 15c.
Canteloupe, 16 qt. bskt. 20c to 30c.
Blueberries, per bskt. $1.50 to $2.
Cabbages, per doz. 40c.
Apples, per bushel 30c to 75c.

BUFFALO LIVESTOCK

EAST BUFFALO, N.Y., Sept. 25 (C.P.)—Hogs, 2,100; active to all interests; above 160 lbs. mostly steady; lighter averages steady to 25c higher, bulk desirable 180-190 lbs, $5.85; 210-225 lbs. $6; 160-170 lbs. $5.50 to $5.75; 150 lbs. down $5.25 to $5.50.

Cattle 100; grass steers slow; odd lots $5.50; cows fully steady; cutter grades $1.50 to $2.75.

Calves 450; holdovers, 200; vealers active, steady; good to choice nearby offerings $11 to $11.50; common and medium $7.50 to $9; grassy vealers, $10.50 down.

Sheep 2,700; lambs fairly active; steady, quality and sorts considered. Good to choice leniently assorted $7.25 to $7.75; in-between kinds, $7; fat bucks and medium lots $6.25 to $6.75; strong weight throwouts, $5.50; inferior kinds, $4.50; fat ewes $1.75 to $2.25.

Premier MacDonald Appears Refreshed

LONDON, Sept. 25.—(AP)—Premier Ramsay Macdonald returned to his residence at 10 Downing Street today, appearing greatly refreshed after a few days holiday in the country.

It was made clear that his return was not in the nature of an official recall and that he was bound for his country home at Chequers for the week-end as originally planned. He had to pass through London enroute from his unnamed retreat, it was said, and he decided to seize the opportunity of going to the House of Commons before leaving.

STATE FARMS STORING GRAIN

Press Claims Harvest Being Held Out on Gov't—Behind Schedule.

CALLS FOR ACTION.

MOSCOW, Sept. 25. — (AP) — Charges that a number of state farms are "holding out" on the Government and using excessively large portions of the harvest for their own needs were made today in the newspaper Socialist Agriculture, which called for decisive action.

The newspaper charged the state farms with consuming and hoarding grain at the expense of the five-year plan. The Mayark, Volzhskaya, Komuna and other state farms were charged with having stored thousands of centners of grain while failing to fulfil their September plan in the harvesting.

Another grain farm was accused of having 1,100 hectares (2,718 acres) less than was officially reported and of being 85 per cent behind its programme. The state farm at Kashirin was alleged to have kept 1,000 centners (about fifty tons) of oilseed for oil.

The newspaper said that the commissariat for agriculture had called the situation to the attention of responsible officials after an investigation of twelve state farms.

LIEUT. GOVERNOR OF NOVA SCOTIA

(Continued from Page 1)

of the Royal Bank of Canada, director of the Mersey Paper Company, Moirs Limited, Acadia Trust Company, Nova Scotia Light and Power Company Limited, Central Agencies Trust Company, Maritime Life Insurance Company, and many others. For many years he was a director of the former Nova Scotia Steel and Coal Company.

Some years ago he was drawn into politics. He had been the backbone of the Conservative party in Colchester for a quarter of a century and he had made that constituency "safe" for the Conservatives. Whenever Stanfield offered as a candidate in Colchester he was successful at the polls, but whenever he withdrew from the fight and allowed the Conservatives to carry on without his active assistance the opposing forces were more than successful.

Started Politics in 1911

He first entered the Provincial Legislature in 1911 and was successful in the general elections of 1916, 1925 and 1928. During his terms in office he was one of the quietest men in the house, but so strong and influential in the party that he became known as the "strong silent man" of the Conservative organization in the province.

He could have been a member of the Rhodes Government in 1926 but refused to accept a portfolio, and later refused to go into the Cabinet without portfolio.

Pending the appointment of a successor by the Federal Government the administration of the province will be at a virtual standstill, as the Chief Justice is only empowered to act during the temporary absence from the Province of the Lieutenant-Governor.

Arranging State Funeral

HALIFAX, N.S., Sept. 25.—An issue extraordinary of the Royal Gazette, announcing the death of Lieutenant-Governor Stanfield was published to-day. This afternoon the Provincial Government is meeting to arrange the details of a state funeral.

Fill Office Without Delay

OTTAWA, Ont., Sept. 25 (C.P.)—As there is no provision for the appointment of an administrator in the event of the death of a Lieutenant-Governor, it is anticipated that the Federal Government will fill the vacancy caused by the death of Hon. Frank Stanfield without undue delay. The Chief Justice of the Province is empowered to act during the temporary absence, illness, or inability to act of the Lieutenant Governor.

CHICAGO GRAIN.

CHICAGO, Ill., Sept. 25.—(C.P.) —Severe new setbacks in sterling exchange pulled grain prices downward here early to-day. Liverpool wheat quotations, in terms of British currency, were higher, but the advance there was more than offset by the acute weakness of sterling which showed the United States money equivalent had been slashed. Opening ⅝-1¼ cents down, Chicago wheat sagged further, and then rallied. Corn started ⅛-¼ off and later held near to the intial figures, with Sept. at a new low for the season.

India's Idol Comes Ashore

Mahatma Gandhi, the Indian leader, invested with the destinies of millions of his followers, is shown, attired in his usual native garb, as he left Marseilles, France, on his way to the second Indian round-table conference in London.

FRACTIONAL LOSSES MONTREAL TRADING

Market Turns Soft in the Afternoon Following Firm Opening.

MONTREAL, Que., Sept. 25—(CP)—After a fairly firm opening, a little softness came to the Montreal stock market in later trading this morning, though losses were fractional.

Brazilian dropped ¼ at 10 and Nickel fell off to 9¼ where it was down ¼. Canadian Car preferred eased off ⅛ at 14⅝, while the common held firm at 6¼. B. C. Power "A" was off ¼ at 26¼ and Winnipeg Electric advanced ¼ at 6¼. Montreal Power, Steel of Canada, Canada Power "A" was off ¼ at 26¼ and Winnipeg Electric advanced ¼ at 6½. Montreal Power, Steel of Canada, Canadian Pacific and others were unchanged.

Children Are Holding School Fair At "Ex"

Children had the Exhibition Park all to themselves to-day for the school fair combining the schools from Otonabee, North Monaghan and part of Douro. Their number was increased this afternoon by Collegiate pupils for their annual athletic competitions in track and field events.

Parents accompanied the rural children who brought in their exhibits this morning, and enjoyed a picnic lunch at noon. J. B. Nelson, representative of the Ontario Department of Agriculture, supervised the arrangements.

Build New Highway Toronto To Hamilton

TORONTO, Ont., Sept. 25.—(CP) —As an unemployment measure to relieve municipalities and communities between Toronto and Hamilton, the Ontario Government is proceeding this fall with construction of a third highway to Hamilton, Premier Henry announced today.

RAISES BUYING RATE.

NEW YORK, N.Y., Sept. 25.—(C. P.)— The New York Federal Reserve Bank announced to-day it had raised its buying rate on bankers' acceptances ⅛ of one per cent. to bring it in line with the open market rate of 1¼ per cent. established yesterday. The advance is equivalent to a reduction in price of bankers' acceptances.

FOREIGN EXCHANGE.

NEW YORK, N.Y., Sept. 25.—(C. P.)—Prime mercantile paper 2 per cent. Foreign exchange irregular. Cables rates (Great Britain in dollars, others in cents): Great Britain 3.78; France 3.94; Italy 5.15; Germany 23.00; Canadian Dollars at 7⅜ per cent. discount.

New York Exchange Seat Sold $160,000

NEW YORK, N.Y., Sept. 25. (CP)—Arrangements were made to-day to sell a stock exchange seat at the lower price since 1926.

The seat was sold for $160,000 which compared with a price of $168,000 for the previous sale. In 1926 an exchange membership sold for $133,000, the low for the five year period.

Omemee

The Women's Auxiliary of Christ Anglican Church held their regular monthly meeting at the "Rectory" Thursday afternoon. The president, Mrs. Weir, was in charge. The reports were given from the various departments and papers given on the work of the society by several of the members.

Beechnut Company Giving Free Samples

Two Young Ladies Dressed in White Giving Samples of Beechnut Gum and Drops.

The Beechnut Company is using a very novel scheme for advertising their chocolates and other products.

Two attractive young ladies all dressed in white with bandoliers in chocolate and gold bearing the name "Beechnut" are giving out samples of their package gum and drops to the Citizens of Peterborough, and everyone should make sure to get one of these samples. The campaign is being conducted in Peterborough under the direction of Messrs. Walker and Poole.

The young ladies will be at the Capitol and Regent Theatres tonight and Saturday nights. Look for them.

Results Announced For Y.W.C.A. Sports

Sports night at the Y.W.C.A. swimming pool was again last evening a popular event with a large crowd of swimmers and spectators. The results of the speed contests were:

Speed—
Seniors—Isobel Duffus.
Juniors—L. Comstock.
Babies—D. Doukas.
Racers back stroke—
Seniors—M. Kingsbury
Juniors—P. Edmonds.
Babies—L. Long.
Diving—
Seniors—M. Kingsbury
Juniors—L. Comstock.
Babies—Dora Doukas.

A special half hour at the close of the sports was given to practice for an exhibition in connection with the Fall Rally Friday, Oct. 2nd. A cordial invitation was extended to everyone to attend the Rally program which is free and will be very entertaining. Members are selling tickets for the High Tea which precedes the Rally.

Gymnasium members of the intermediate and junior dancing classes are asked to meet Monday 5 p.m. and all senior gym classes to meet Tuesday instead of Monday at 8 p.m. for practice for the Rally.

TWO HOLD-UP MEN SHOT BACKING OUT OF GROCERY

CHICAGO, Ills., Sept. 25. —(CP) —Two of five holdup men, backing out of a grocery store they had just robbed, were killed last night by a police squad of three in a brief interchange of bullets.

The remaining three leaped aboard a nearby waiting automobile, driven by a woman, and escaped. One of them was believed by police to be wounded.

(Continued from Page 1)

and promissory notes. After the war all nations were bankrupt, with the exception of the United States, who suffered less than any other country, with the result that she became the credit nation of the world.

Greatest Sufferer.

All nations started to set their house in order, said Mr. Fraser, and it was then that Britain found that she did not have the opportunity of expanding on the markets of the world as she did before the war. She was the greatest sufferer of all the nations. It was at this time that governments of the world looked for the protection of their industries with the result that the tariff walls were erected. The United States followed this lead, but eventually found that she could not accept from other countries anything but gold for commodities would conflict with her already overproduced industries.

Rightly or wrongly the nations of the world adapted a policy of high protection to protect themselves said the speaker. Gold itself meant nothing but as a standard. It was obtained to protect the nation from an adverse trade balance and called for a 23 per cent of the cost of foreign trade. The nations had demanded that after the war, all war debts should be paid in gold with the result that they looked to the United States to borrow. Although this was an impossible demand the United States refused to loan this money with the result that a week ago Britain went off the gold standard. Yet despite the fact that the United States has one third of the gold in the world her exports last year dropped over one billion dollars.

"Every business transaction has its reaction said Mr. Fraser, and when business is cut off stagnation follows." There was no such thing as over production he said. As long as the individual human wants were unsatisfied this could not be. The trouble was that the people of the world did not have access to the productions of the world.

Must Cancel Debts

And one of the cures for the world's ills today said the speaker was the cancellation of all war debts. From the time the United States had refused to do this things had gone wrong. It was the stupidity of the American nation that had made her refuse to take goods in barter and to cancel war debts. The minute we stop the channels of trade and hoard gold we stop production he pointed out, and only as we produce for trade can we keep the wheels of industry turning.

And another cure the speaker outlined was the necessity of the establishment of a central international bank of control of the world's gold. Such an institution, he said, would have to be acceptable to the three great nations of the world.

Major J. F. Belford, who also addressed the meeting, declared that under consumption was one of the saddest effects of the depression period. Stressing the social side of the situation he urged economy by the individual, pointing out in the past hard work, high thinking and clean living by our forefathers had made the country what it was, and only by the carefulness had they established themselves. It was up to the present generation to see that it did not live beyond its means and especially to those in the dairy industry who were urged to hang together in this world chaos when unity meant strength. "Nothing in the world will break the people if they only stick together," he declared.

J. A. Murray, district cheese instructor, briefly outlined the work accomplished by the cheesemakers during the season, emphasizing the success that had attended the factory meetings. He thanked The Peterborough Examiner and The Campbellford Herald for the good work they had done in letting the world know of the industry through the press and congratulated the makers on their work during the season despite adverse conditions.

Other speakers were S. H. Neale, manager of the Royal Bank of Campbellford, and John McCaffrey of the U.D.C. Those contributing to the musical portion of the program were C. Cole, J. McMaster and Donald Lloyd. The ladies served a very dainty lunch at the conclusion of the meeting.

STIRLING FAIR IS SUCCESSFUL

Ten Schools Take Part in Hastings County Championship Exhibition.

MORE ENTRIES.

STIRLING, Sept. 25 (Examiner Correspondence) — Stirling annual Fall Fair and School Championship Fair were held on Wednesday, being one of the best ever held in the village, the fine exhibits outnumbering those of previous years.

Judges for horses were Tom Cowan, of Orinoco; beef cattle and sheep, James Easton, of Renfrew; dairy cattle and swine, Sam Snowden, Jr., of Bowmanville; poultry, James W. Boyd, of Pickering; domestic science, M. L. Young, of Napanee; ladies' work, Mrs. R. Hayden, of Port Hope.

Ten schools took part in the parade. In the hall several merchants had a display while the work of the school children was prominently displayed in the building. Unique among the speed contests were the free-for-all and speed races.

SCHOOL FAIR AWARDS

Loaf Cake

Dorothy Dunham, Nellie Hagerman.

Apples cooked by 4 methods—Eileen Mitts.

Dooley potatoes—Elvin Halland, Jack Levesey, Jack Thompson, Elgin Landon, Willie Brough, George Love.

WORK REACHED FINAL STAGES ON NEW HIGHWAY

King's Highway East of Peterborough is Nearing Completion.

ALL BEEN GRAVELLED.

Construction Company Has Moved Most of Its Machinery Away.

Construction of the Peterborough section of the new provincial highway immediately east of the city is nearing completion.

Work has now reached the final stage of gravelling the newly-raised roadbed, and all but a short stretch along the Peterborough-Otonabee boundary beyond the locks bridge has been spread with broken stone. Although traffic generally follows the old road from Shearer's Corners to the city, many cars have been using the new highway in spite of the rather heavy going.

The Brennan Construction Company has dismantled all the road-building machinery, and most of it has been shipped from Peterborough. They are still operating their gravel pit off the old "block road," but it is merely to supply the broken stone required for the surfacing process. Culverts and bridges are completed, and in some sections the guard rails have been set up or their erection has been begun.

Perfect Roadway

This new addition to the George Henry highways appears to the layman to be a perfect road. Between the city and its present end, a mile or so east of the old Shearer cheese factory, there is only one grade that may be classed as a hill, and that is the familiar elevation just west of Shearer's corner. Its peak was avoided by the engineers who diverted the road around to the north side, but the approach is a long slope that will retard the average car.

In some places the road was cut through woods, requiring an entirely new foundation which naturally may shift somewhat before the road has consolidated. There is hardly another road in this district which presents this same aspect of natural beauty as the new highway laid along the route so long advocated by the late Sam Armstrong. Its main features are its long straight perspective, its easy gradients, its width and otherwise the qualities of the ordinary provincial highway.

Al. Spencley Wins At The Lindsay Fair

An outstanding triumph was scored by Al. Spencley of this city with an exhibit in the gladiolus section of the flower show at the Lindsay Fair yesterday. Twelve first ribbons and three seconds went to specimens in his display.

Mr. Spencley was awarded the honors for having the best spike in the entire show and the best spike in the amateur section as well as honors for the best basket. All the gladioli in his exhibit were grown by himself in his "Pastime Gardens" located on Monaghan Road.

Building of a railway to the top of Ben Nevis, Scotland's highest mountain, is being urged.

—FROM ENGLAND COMES THIS BETTER BEVERAGE

WEBB'S OLD ENGLISH BREWED

GINGER BEER

Not just a "recipe" from old England, but a genuine Old English Brewed Ginger Beer with all the unsurpassed flavor of Pure Ginger, Pure Sugar and Fresh Lemon Juice, naturally fermented with cultured Burton Yeast—as only the English know how to brew it. Wherever Webb's Old English Brewed Ginger Beer is introduced it makes a "hit."

LEGION ASKS REFERENDUM

Proposal for Immediate Cash Payment of Bonuses is Defeated.

STORMY SESSION.

DETROIT, Mich., Sept. 25—The American Legion entered a new Legion year to-day, with a new Commander and a revised program, which included advocacy of a nation-wide referendum on repeal or modication of the eighteenth amendment.

The Legion closed a colorful and busy four-day convention yesterday with one of the most stormy sessions of its history as delegates wrangled over the prohibition resolution and a proposal that the organization ask immediate payment of the face value of bonus certificates.

The latter resolution was defeated as a majority of the delegates followd the advice of President Hoover, Director Hines of the Veterans' Bureau, and other officials, who asked that consideration be given to the condition of the National Treasury. A resolution calling on able-bodied veterans to refrain from imposing financial burdens on the Government was adopted.

The prohibition resolution was adopted by a vote of 1,008 to 394 on a roll call of the Legion departments.

CHINESE TROOPS LOOT CITY, FLEE

Japanese Rush Battalion to Taoan to Protect Interests There.

BANDITS ACTIVE.

TOKYO, Sept. 25 (AP). A Rengo News Agency dispatch from Szepingtai, Manchuria, said a battalion of Japanese troops had proceeded from there to Taonan, Manchuria, to protect Japanese interests.

The dispatch said the troops were sent to Taonan in response to appeals from Japanese residents. Chinese troops stationed at Taonan were reported to have looted the town and to have fled prior to the arrival of Japanese soldiers.

In outlining its position on the Manchurian trouble yesterday the Japanese Government averred it had no territorial aspirations toward Manchuria and that its desire in occupying various places there was the protection of its nationals.

A Mukden dispatch to Rengo said a report last night that 13 Japanese women and children had been killed by Chinese soldiers 100 miles west of Changchun was incorrect. hCangchun police were quoted as saying the basis of the report was an attack by bandits upon a party of Japanese refugees, who escaped.

LIVELY SCENES AT TITHE SALES

Farmers Route Auctioneer, Break Police Windows, Scatter Stock.

ANCIENT CUSTOM.

LONDON, Sept. 25.— (C. P. Cable.)— Two more "Tithe" sales have been accompanied by lively scenes. A bucket of mud was thrown at the auctioneer of a sale near Canterbury to-day.

Police cordons were broken and there were hand-to-hand fights. The working stock of a small loan holder was being sold to meet payments of $100. The purchaser announced he intended to return the goods to the owner.

Near Hastings bidding for two bullocks started at 25 cents, then jumped to $100. The figure finally reached $25,000—and the bidder confessed he had only 16 cents. The farmers then pressed forward with sticks, toward the bullocks, which dashed from the ring, scattering bidders, auctioneer and police. The bullocks disappeared over the distant marshes pursued by police who failed to recapture them. The sale was declared off.

Farmers have a deep-rooted aversion to paying the tithes a relic of the old days. In years gone by the tithes were paid to the church but the remnants are largely in the hands of corporations or investors.

Peterborough Citizens Take Advantage Of High Discount Rate On Canadian Money

Peterborough citizens have been quick to take advantage of the unusually high discount rate on the Canadian dollar that has prevailed this week since England discarded the gold standard, according to reports from cashiers in the city's banks. A considerable amount of American currency has been brought to the banks and "sold" for Canadian money by those who have been fortunate enough to find it in their pockets, it is reported.

Signs bearing the legend, "Foreign Exchange Bought and Sold," are to be seen in most of the local financial houses at all times, but they have not meant much to the average person until the present. With the discount rate at 8 per cent. early this morning, bank customers were able to sell their American dollars for $1.08. At this rate a 5-dollar American bill is worth $5.40 in Canadian money and a 20-dollar American bill is worth $21.60.

FARM HOLIDAY FOR SCIENTISTS IS SUGGESTED

Scientific Holiday for Agriculture Might be Good Thing Says President.

ORGANIZATION NEEDED.

LONDON, September 25 (C.P.)— "It might not be a bad thing if agriculture had a scientific holiday," commented General Jan Smuts, president of the British Association for the Advancement of Science, during discussion in the agriculture section to-day. General Smuts referred to the presidential address to the section of Sir John Russell, who threw out the suggestion scientists might halt in the interests of the farmer, submerged under a torrential outpouring of products of the soil.

General Smuts thought the great problem was organization of farming so as to reach the consumer without giving too much to the host of middlemen. He expressed the opinion the Empire was so situated it was necessary to work out a system of mutual exchange and mutual rationing of production for the various markets of the Empire.

Bringing about a change on a contract basis was a most fruitful suggestion which no one could carry out better than the Empire Marketing Board, General Smuts added. He thought many of the Empire's problems could be overcome by a system of Imperial preference, but certain aspects of Empire trade required establishment of a central body, for which the Empire Marketing Board was particularly suited.

He concluded by expressing the hope that the Empire Marketing Board, with its representation of the whole Empire, could ascertain how far rationing for Empire marketing could be carried out.

ECZEMA RASHES & OTHER SKIN TROUBLES

Soothed & Healed by Zam-Buk.

Ointment 50 - Medicinal Soap 25c.

Listen in on the 'blue coal' hour 5:30 to 6:30 every Sunday afternoon, over Station CFRB, Toronto.

BUY THIS IDENTIFIED FUEL!

'blue coal'---the greatest step forward in the history of the coal industry!

'blue coal' is not a new fuel, only the 'blue' color is new. It is the same famous D.L.&W. Scranton anthracite (hard coal) that you know so well, tinted with a harmless blue coloring to enable you to recognize it at a glance.

'blue coal' is economical. Gives the maximum heat with the least amount of waste. Burns right down to a fine flaky ash.

'blue coal' is convenient. It requires little attention. No running up and down stairs at odd hours.

'blue coal' is clean. No dust or dirt, to sift through the house. No smoke---no soot.

'blue coal' is safe. No dangerous fumes or gases. No fire hazard. No spontaneous combustion.

'blue coal' insures healthy heat, cleaner air, an even temperature. Plenty of heat when you need it .... or a slumbering fire for milder weather.

'blue coal' never varies. It is of uniformly high quality.

Phone your dealer NOW for 'blue coal' in the size you require. You are paying for 'blue coal' comfort—start getting it at once.

ASK YOUR DEALER

The blue color mark is like the sterling mark on silver. It identifies the finest hard coal that has ever been brought above the ground. 'blue coal' is colored at the mine with a harmless coloring that does not affect the coal in any way.

MARRIAGE LAWS DEBATE LIVENS

Three in Race to be Presiding Bishop of Protestant Episcopalian Church.

VOTE AT SECRET SESSION.

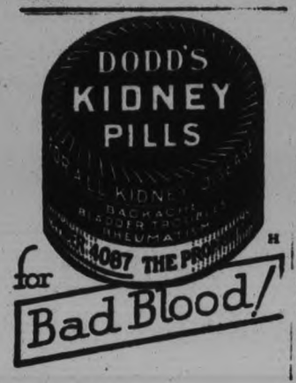
DENVER, Colo. Sept. 25. (CP)—Church Liberals and Conservatives assembled their forces to-day for a final contest over marriage and divorce laws of the Protestant Episcopal Church.

So heated was the controversy, particularly in regard to the remarriage of divorced persons, that it overshadowed the scheduled election to-day of a presiding bishop of the church.

The Rt. Rev. James de Wolf Perry of Rhode Island, presiding bishop, will be opposed by Bishop James H. Freeman, Washington, D.C., and Bishop Edward L. Parsons of California in to-day's balloting at a secret session of the House of Bishops.

The element seeking liberalization of the church marriage laws, headed by Prof. Joseph Beale of Harvard, was defeated on a proposal which would have allowed ministers of the church to remarry persons divorced for any cause. The remarriage, under the provision, would have been allowed, after the case had been reviewed and passed upon favorably by an ecclesiastical court.

Unexpected strength was manifest by the Liberal element, however when the House of Deputies adopted an amendment to the proposed canon which would not only allow divorced persons who have remarried outside the church to retain their communicant status, but under certain conditions the church would also "bless the parties to the union."



for Bad Blood!

ENGLISH PEERS ARE TO BE FOUND PRACTISING VARIED VOCATIONS

Sir Charles Burnett Buckworth-Herne-Soame Both Baronet and Navvy.

SOLD FISH AND CHIPS

LONDON, Sept. 24—Debrett—that dignified red-and-golf-bound record of the peerage—may have to be drastically revised one day if people of title continue to turn themselves into navvies, painters and decorators, publicans, book publishers, fish and chip sellers, motor-car drivers mechanics and kitchen hands.

Sir Charles Burnett Buckworth-Herne-Soame is both a baronet and a navvy.

The young and enterprising Earl of March drives and sells motor cars.

Forty years as a "Jack-of-all-trades" was the proud boast of Sir John Fagge, the handyman baronet, when he came to England from America 18 months ago. Sir John had driven a tramcar, worked as a waiter, a docker, a boot and shoe assistant, a factory hand and an insurance agent.

Three years ago Lord Burgh rolled up his sleeves, opened a basement shop in Kensington, and made and sold women's hats.

The youngest son of Lord and Lady Dynevor was found one day in the kitchen of one of London's great hotels shelling pears and peeling onions.

Sets 'Em Up in Bar

The market porters of East Smithfield were almost tongue-tied when they dropped into the Hand and Shears tavern one day for their mid-day 'arf-and-'arf and found a new host pulling the bear. It was Earl Beauchamp's brother, Major the Hon. Henry Lygon, who had just bough the license of this ancient and picturesque city hostelry.

Lord Portarlington joined a firm of coach builders a year ago. He invented an adjustable seat to accommodate a motorist of any size.

Both the Earl of Northesk and Lord Cottenham went in for selling motor cars. Lord Lathn and Prince George of Russia have done interior decorating.

Young Lord Ossulston has piloted an air-taxi.

A few months ago the Marquis of Carlsbrooke, the King's cousin and a brother of the ex-Queen of Spain, was found in working-class Camberwell, learning the job of a social organizer for a block of tenements.

"Cecil Glenarthur. Cars to hire at moderate prices." This notice outside a shop at Nice told recently of how Lord Glenarthyr was earning his living on the Riviera.

Lord Howard of Effingham, eldest son of the Earl of Effingham said, "I must earn my living some how," when he joined a stockbroking firm in Sheffield. He had previously tried his hand in the basement of a haberdasher's at Manchester.

Sold Fish and Chips

Lord Hamilton of Dalzell, as a social experiment, opened a milk shop in Glasgow. Lord Gorell became a publisher, and Lord Burghley one of England's most famous athletes, became branch manager of an insurance company.

The Marquis of Milford Haven, whose mother is a first cousin of the King, went to America at the beginning of the year to take a temporary job in a Wall Street office.

But the baronet who returned to his job as a liftman after claiming his title is one of the queerest cases in democratic Debrett. He was Sir Reginald Beatty Wolseley, who made a special trip to England to claim his baronetcy and then went back to Iowa and his elevator.

The Duchess of Portland cooked and sold fish and chips one night in Mansfield. It was to help the proprietor a man named Burton, whom she had befriended years ago when he met with an accident. The Duchess took enough fish and chips for six people home in her motor car.

Many peeresses have opened hat shops and designed dresses. One titled woman who became a laundress set a brand new fashion. She was Roberta Lady Ossulston, the first wife of the eldest son of the Earl of Tankerville. "I am taking up my laundry work," said Lady Ossulston at the time, "because I feel that laundresses need capable direction by a woman."

A peeress once took out a hawker's license, and for years a titled woman ran a coffee stall in London.

CATTLE, GRAIN, PRODUCE

CHICAGO GRAIN

CHICAGO, Sept. 25.—Breaks in Wall Street securities threw a wet blanket on grain prices yesterday, and more than overcame bullish effects of trans-Pacific war tension. Announcement from Washington that the Department of Agriculture was investigating economic possibilities regarding legalization of beer, fell flat as a market influence, and so did later word that the American Legion National Convention at Detroit had voted heavily for repeal or change of prohibition laws. Deliveries on September corn contracts kept heavy.

Wheat closed nervous at about the day's lowest level, ½ to ⅞ cents cheaper, corn ⅝ to ⅞ cents down, oats ¼ to ¾ off, and provisions varying from 10 cents decline to a rise of 37 cents.

MONTREAL PRODUCE

MONTREAL, Sept. 25 — Butter prices declined, and egg quotations advanced, while cheese and potato prices held unchanged on the produce and dairy market here yesterday.

On the butter market, Eastern Townships No. 1 pasteurized, in cartons, lost ¼c at 19½c a pound. To retailers, solids and prints were unchanged at 22c and 23 cents a pound, respectively. Receipts were 297 boxes.

Cartot prices of fresh Ontario or Prairie eggs were mainly higher, extras and firsts gaining 1c at 30c to 31c, and 25c to 26c, respectively, while seconds were unchanged at 18c a dozen. British Columbia extras, in cartons, advanced a cent at 33c, and firsts were quoted at 28c a dozen. Quotations to retailers were unchanged, and receipts were 1,483 cases.

Ontario cheese was unchanged at 12c to 12½c and Quebec cheese was also steady at 11¾c to 12c a pound. Receipts were 1,890 boxes.

Montreal potatoes were quoted at 40c to 50c per 80-pound bag, and New Brunswick Cobblers were 55c to 65c per 80-pound bag.

TORONTO, Sept. 25. — Strictly fresh eggs found a real demand on the local market yesterday, especially the two top grades, and brokers were making sales on a basis of 28c to 28½c for extras, 24c to 24½c for firsts and 17c for seconds, graded and in free used cases. There did not seem to be enough new-laid extras to satisfy the inquiry and firsts moved with the better grade. Some lots of Government graded supplies sold on spot at 29c for extras and 25c for firsts, which was a good two cents per dozen above prices reported on Wednesday for ordinary lots. Of course these prices did not apply to short held eggs, but new-laid receipts found ready buyers. The sudden cold spell, following the rain of Wednesday evening, did the "trick," improving consumption considerably.

Country shippers also received good news. Extras were in demand and prices for ungraded lots, delivered, cases returned, were 24c to 25c for extras, 1 to 2c above Wednesday's levels, 21c for firsts and 14c for seconds. The quotations to shippers will probably be higher by the end of this week or the first of next, and on all grades. Retailers were offered supplies at the steady prices of 31c for extras loose, 26c for firsts loose and 18c for seconds loose.

Poultry

New poultry price lists were issued, but with the exception of an addition to the weights required for fatted hens, quotations were steady with those of last week.

Butter

Trade in butter was slow, the market generally being quiet. Brokers were offering creamery solids at 20½c to 20¾c for No. 1, and 19½c to 19¾c for No. 2. These were practically not buyers interested in supplies, though some bids were made on choice lots, which were unsuitable to sellers.

Cheese

There was not much trade in cheese, which was in line with the limited export market at the fluctuating exchange rates. Local brokers were quoting new large at 11½c, twins at 11¾c and triplets at 12c.

LIVERPOOL QUOTATIONS

LIVERPOOL, Sept. 25. —(AP)— Closing wheat spot No. 1, Manitoba 5s 9d, No. 2, Manitoba 5s,3d; No. 3, Manitoba 4s 11½d.

Hams long cut 12 to 16 lbs. 91s; short cut 12 to 14 lbs. 83s 6d; extra skinned 90s; picnics 5 to 8 lbs., 51s 6d. Bacon—Cumberland, cut 32 to 40 lbs. 72s, Canadian Wiltshires 94s; clear bellies 14 to 20 lbs. 54s 6d; long clear middles 28 to 35 lbs 63s 6d; short clear backs 20 to 25 lbs. 56s 6d; shoulders—square 12 to 16 lbs. 49s.

Lard prime western in tierces 41s 6d; American refined in boxes 48s.

Cheese, Canadian finest white, new 67s 6d; colored, new 68s 6d; Canadian finest white, and colored, old, nominal.

Linseed oil raw, 21s 6d.

Petroleum No. 1, 10d; No. 2, 11d.

Rosin types "F" and "G" 13s 6d.

Turpentine Spirits 54s 3d.

WINNIPEG GRAIN.

WINNIPEG, September 25. — Wheat continued to hold a fractional edge in light trading on the Grain Exchange here yesterday. Values at the close were ⅛c to ¼c higher than Wednesday's closing figures.

October closed at 54½c, November at 55¼c, and December and May at 55¼c to 55⅜c and 59c, respectively.

In the closing hour there was less outside interest shown, and hedging developed, which had the effect of holding the price margin down. There was a limited export trade worked.

Cash wheat and coarse grains were quiet in limited trading.

Plan Anniversary At Harts Church

QUEENSBORO, September 25 (Examiner Correspondence). — Arrangements were completed for anniversary services at Hart's United Church at a meeting held in the church on Wednesday evening. Rev. William H. Truscott, of West Huntington, will preach on Sunday, October 4th at 11 a.m. and 7.30 p.m., and on the following Monday evening there will be a chicken and meat supper served in the basement of the school. This will be followed by a program of speeches, singing, and music in the church. The doorkeepers appointed were Mason Twiddy and David Blakely. Frank Palmer, Allan Holmes, and Hurrel Moorcroft are to prepare the tables, and Mr. Palmer is to secure the knives and forks and plates.

Unbleached Sheeting, Yard
28c
A serviceable quality in a firm even weave At this price it represents an unusual saving. Shop early Saturday morning. 63 inches wide.
—Second Floor C.D.S

EUGENIE HAD MANY CHARMS BESIDES KNOWING HER HATS

Beauty and Elegance Characterized Spanish Empress of France

NOTED IN HISTORY.

Who is this Eugenie whose name is tagged to most of the feminine hats in town?

Eugenie was just a pet name for the Spanish Empress of France, for her full name was two breaths long. It was Marie-Eugenie Ignace-Augustine de Montijo.

Eugenie was born in 1826 and when she died in 1920 she must have known that her name was one which history could not ignore.

Possibly she got some of her ideas about how to live from her American mother, who was the daughter of William Kirkpatrick. Kirkpatrick was born in Scotland, but became a United States citizen and was the republic's consul at Malaga when he fell in love with one of the black-haired daughters of the Count of Teba and married her.

Although born in Madrid, Eugenie was educated in a French convent. It was in 1853 that she married the Emperor Napoleon III.

She was not only a fine dancer, accomplished horsewoman and brilliant conversationalist. She had much more about her than mere ability to wear a hat over her right eye, with a dashing air and with a feather, perhaps, trailing behind her charming head, and she played an important part in the course of the third empire.

"By her beauty, elegance and charm of manner she contributed largely to the brilliancy of the imperial regime," one historian concedes.

All Her Charms Not Enough

But all of those things, even her hats, were not enough to forestall the revolution which ended her husband's reign as Emperor of France.

After moving to England, first her husband died and then her son was killed in the Zulu war in 1879. The next year she went to Africa and brought back his body, to lie beside the dust of his father.

It is strange, perhaps, that Eugenie, the dashing, beautiful and charming maker of feminine fashion, should have been an intimate of the queen whose name has become synonymous with conventionality and unlovely feminine clothing, but Eugenie and Victoria were close friends.

Eugenie died in her native land, Spain, on July 11, 1920, where she had gone to visit the Spanish queen, who was her favorite goddaughter.

But she left her hats.

By James W. Barton, M.D

TUBERCULOSIS DOESN'T ALWAYS START AT TOP OF LUNG.

It will come as a shock to most of the older physicians to learn that most cases of tuberculosis do not start at the top of the lungs as has been so long believed and taught.

It has always been thought that tuberculosis of the lung always started from a small inflammation situated just below the collar bone. From this starting place, if it did not heal, it might slowly progress and involve the surrounding lung tissue and extend to the base or bottom of the lung.

The reason that this has been the general belief was because research physicians, examining thousands of lungs, after death, found the oldest scar or remains of an inflammation, in the top of the lung.

However, it was found that in 438 cases in Germany in which this scar was found, only 7 per cent developed tuberculosis, yet the death rate from tuberculosis among the general population was 10 per cent. This shows then that the top of the lung is really not the starting point of tuberculosis of the lungs.

Accordingly a number of research men working with the aid of the X-ray have found that tuberculosis of the lungs does not start in a small area at the top, but in any part of the lung, and it may very in size from that of a cherry to that of an apple. The commonest point at which it starts is just below the shoulder blade, but it may occur at the bottom or at the top of the lung. This little beginning, which is really like a small area of bronchopneumonia, may occasionally heal without treatment. Usually without treatment it spreads, by the breathing of the patient, to other parts of the lungs.

Now what difference does it make whether tuberculosis starts in the top of the lung or at any other part?

The point is that tuberculosis doesn't come on very slowly at the top of the lung and gradually extend downward, but tuberculosis is at first, just like any other acute illness with an attack of fever, followed by a cough. The patient gets over the attack in a few days, returns to work, but the cough continues.

You can thus see that this acute attack can easily be mistaken for influenza but as Dr. H. V. Morlock, London, England, points out, a agnosis of influenza, except during an epidemic is usually a false one.

This means that when a patient has loss of weight, tiredness, no appetite and night sweats, tuberculosis is really well advanced.

The lesson then is that with fever and cough complete rest should be given so that, should it be tuberculosis, any spreading from its starting point may be prevented.

Girls led 600 men in a wage strike at Kinnell, England, colleries recently.

Woman Spots Bear In Deloro Swamp

MARMORA, Sept. 25.—(Examiner Correspondence.)—When Mrs. John Cross and her young daughter Alice were out hunting for their cattle on Wednesday afternoon they encountered a black bear about one mile east of Deloro, in the vicinity of a small marsh. They were about fifty feet away from the animal when they sighted it. The bear stood on its haunches for a few seconds and then retreated. A number of men went in search of the bear the following morning and as the cattle had not been located also kept a vigilant eye for them.

Favorite Recipes.

COMPOTE OF GRAPES

A very rich compote of grapes is made by removing seeds and skins from about two pounds of grapes and mixing with it two tablespoons of lemon juice and three tablespoons of honey. The mixture is put in an earthen baking dish and set in a moderate oven, after sprinkling over it a cupful of sugar and half a cupful of grated cocoanut. Bake until smooth and creamy, adding a little grape juice if it becomes too thick. When cooked pour over squares of sponge cake, and serve with custard sauce if liked.

GRAPE MERINGUE PIE

Cook one quart purple grapes for a few minutes and press them through a coarse sieve to remove the seeds. Add one teaspoon lemon juice and put in the top of a double boiler. Mix four tablespoons cornstarch with on half cup cold water and add to the grapes. When thoroughly heated, add three-quarters cup sugar, two eggs and a few grains salt. Cook until well thickened, then cool. Pour into baked pastry shell, top with meringue and brown quickly in the oven.

GRAPE AND LEMON JELLY

Five pounds of grapes, three lemons, sugar. Wash grapes, slice lemons very thin. Cook slowly, stirring often, till skins have almost entirely separated from pulp. Drain in sterilized jelly bag. Boil extracted juice five minutes. Measure and add to each cup of juice three-fourths cup of sugar; boil until syrup falls in thick heavy drops from spoon. Then pour in hot jelly glasses, and seal.

SPICED GRAPE BUTTER

Wash the grapes, as many as are wanted, very carefully, removing the stems, separate the pulp from the skins and let them stand overnight. In the morning heat the pulp to the boiling point in a porcelain kettle, and drain it through a colander. Put the skins and pulp together, and to each five pints of fruit add four pints of brown sugar and two tablespoonfuls of cloves and cinnamon. Boil the mixture for one hour, add a cupful of vinegar and continue the boiling until the butter is thick.

Trent River

Teacher and pupils of S.S. No. 10, Seymour, who attended the annual school fair held at Campbellford, Made the trip in Mr. Fred Scott's truck which was engaged for the occasion. The senior pupils who took part in the march wore fancy caps with No. 10 sewed on the crown —whitecaps with numbers of blue for the girls while the boys wore blue caps with white umbers. The banner carried at the head of the procession corresponded white with blue trimming.

Mr. and Mrs. H. H. Pollock have returned home from Conrad's marsh where they were visiting friends for two weeks.

Mr. and Mrs. Cephas Dafoe of Marlbank were visitors Wednesday with Mr. and Mrs. H. H. Pollock.

Mrs. T. J. Brown left Tuesday evening for Toronto to spend a few days with relatives.

Rev. Dr. and Mrs. Lennox of Knox Church, Havelock called on friends Tuesday. Dr. Lennox has accepted a call to Huntsville Presbyterian Church and preaches his farewell Sunday leaving Tuesday, September 29, for their new home.

Mrs. John Armstrong, Miss Madeline Mrs. Gawley and son John have returned to Havelock from "Lazy Lodge."

Mrs. James Wright of "Windmere" spent the past week in Toronto.

QUEENSBORO HOLDS SPECIAL SERVICE

United Church Anniversary Marked by Fine Supper and Program.

QUEENSBORO, Sept. 24. (Examiner Correspondent)—The anniversary services held in the United Church on Sunday and Monday were quite a success. There was a good attendance at both services on Sunday, the special speaker being the Rev. W. D. Harrison, of Deseronto. The local choir furnished special music for both the morning and evening service. The church was beautifully decorated with flowers fruits and vegetables.

On Monday evening a chicken and meat supper was served in the Orange Hall. This was well patronized and after the supper a short helpful program was given in the church.

The program consisted of the following numbers: Solo, "The Holy City" Mr. Bruce Leslie; mandolin solo, "Mother Machree" Miss Small; solo, "When You and I were Young Maggie" Rev. M. O. Price, of Bridgewater; reading, Miss Jean Cleland; speech, on Mesopotamia, by Rev W. A. Edwards of Flinton. Mr. Edwards spent some time in Mesopotamia during the days of the Great War and gave a very interesting description, of the city of Bagdad, the people, the climate and the modes and manner of living, stating that the people there farmed with the ox and wooden plough.

A solo was rendered by Miss Freda Sager and a vocal number, "Danny Boy" by Miss Small.

Rev. Mr. Price spoke briefly about the present conditions and pointed out that there were many things to be thankful for when the people of Ontario compare their lot with that of many other people in other Provinces and countries.

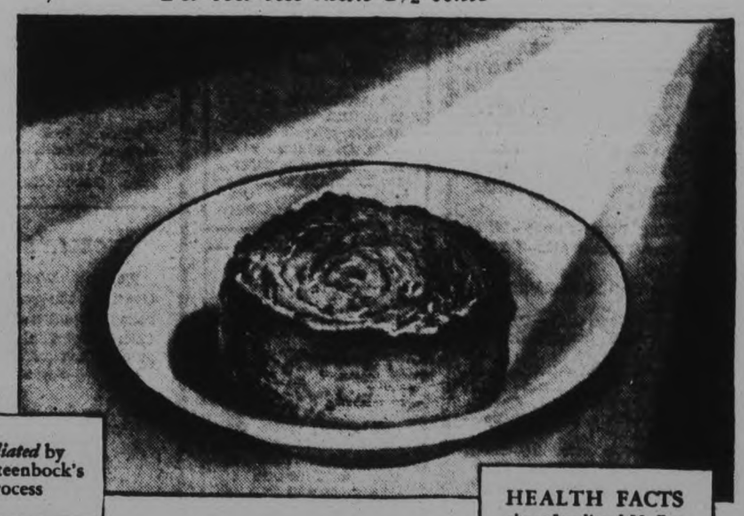
So Appetizing ... So Wholesome

Yet cost less than 1½ cents



Irradiated by Prof. Steenbock's process

Appetizing ... nutlike taste of toasted whole wheat.

Wholesome and nourishing ... the entire wheat berry with all its food value and all its natural bran for health.

Economical ... a Muffet costs you less than a cent and a half.

And Muffets contain the Sunshine Vitamin D. No other whole wheat biscuit has it. Vitamin D enables us to make full use of precious mineral in our food. Children need this mineral every day to build sound bones and strong teeth; adults to repair wastage.

You will like Muffets best. If you do not agree that it is the finest whole wheat biscuit you have ever eaten, we will remit the cost of the package to you. That is our guarantee printed on every package.

For any meal, or between meals. Serve right from the box, with milk or cream, or with berries or fruit. Or with toasted cheese, or doused with melted butter. Some heat Muffets with milk, then add cream.

All grocers have Muffets. Order a package today.

HEALTH FACTS about Irradiated Muffets

1. *For Growth*—Contain protein of greater concentration than in ordinary refined cereals.
2. *For Bones and Teeth*—9 times as much phosphorus as in white flour; 20% more *calcium* than even in ordinary whole wheat bread.
3. *For Your Blood*—3 times as much iron as in cornmeal or rice.
4. *For Well-being*—Roughage, in the exact proportion intended by nature.
5. *Vitamins*—The new *sunshine vitamin D* that helps you use precious minerals in your food.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

Novelty is both a bane and a blessing.

• • • • • • •

It is a blessing in many kinds of business in which change is the foundation on which it is built and one which it must thrive.

• • • • • • •

It is the basis of fashion which must be different in some ways twice a year in order to thrive. Designers make their incomes on this in every item of personal apparel, interior decoration, architecture and all accessories which follow in circles and waves of popularity.

• • • • • • •

All who make and sell these articles, plans, etc., gain by novelty.

• • • • • • •

It is in the staples that diversity is not desirable nor possible in many instances or it changes novelty from a blessing into a bane. For instance, cooking ingredients are staples.

• • • • • • •

From time to time new articles are found to be edible which increases the number but without altering the necessity of the older kinds. Flour is as important to-day as when it was first used, more important, if anything.

• • • • • • •

In the realm of human nature, the fundamentals remain as blessings, and in the psychological scope novelty is apt to be a bane as a blessing.

• • • • • • •

The desire for change, for novelty, is the bane of many a home. It is the cause for hundreds of divorces. A woman fails to instil into the home the thousands of possible legitimate little touches of novelty.

• • • • • • •

She closes her eyes to the chances she has to provide the right amount of variety, and settles down into what eventually becomes a humdrum existence. When this palls she thinks she can get novelty, which she terms happiness, through divorce.

• • • • • • •

But does she? Are there not unhappy marriages of divorcees?

• • • • • • •

A husband allows himself to be satisfied with the round of business and the round of homelife without contributing his share to the interest of the household.

• • • • • • •

Failing to do this, he gets dissatisfied and believes divorce will give him freedom and change. But it is not the blessing he craves, since so often it means another marriage which as often fails as the first.

• • • • • • •

When a man and a woman marry, they should realize they have made their foundation on which to build happiness. It is the staple which can be given enough novelty by and through their own efforts, at homemaking, to prove a blessing.

American-made corsets are still worn extensively in India.

Girls of Scotland have a bagpipe playing craze.

Literary Night Held By St. James' Y.P.S.

Literary Night was observed in St. James' Young People's Society, with Miss Muriel Moorhouse, vice-president, in the chair. An opening service of song included choruses and familiar hymns. The Scripture lesson, chosen from the 12th chapter of Romans, was read responsively, followed by a season of prayer. William Anderson, president, had charge of the brief business session, when plans were discussed for attending the fall rally of the Young People's Society to be held on October 9 in Bethany. An inspirational address, stressing the literary value of the Bible, as well as its spiritual power, was delivered by Rev. Mr. Moorhouse. The speaker developed his point by a spirited study of the Scripture lesson, during which the young people were encouraged to express their opinions. It was noted that the careful study of even a verse or two from the Bible might prove more beneficial than the casual reading of a longer portion. Mr. Moorhouse concluded his talk with an interesting and helpful reading, entitled "The Measuring Rod." This tells the story of a girl's dream, in which she participates in what is known as Measuring Day. Here the souls of the people are measured with surprising results. The meeting was brought to a close by the singing of a hymn and prayer offered by one of the members. At the conclusion of the meeting proper, an executive meeting was held, when further plans for future work were made.

Indigestion; Weak Sore Stomach

FRANCIS HENRY COOK

London, Ont.—"I was in a general rundown state of health—had indigestion—and my stomach was weak and so sore I could not bear to touch it," says Francis Henry Cook of 471 Elizabeth St. "I got where I did not have any health at all, was not able to follow my usual line of work. I saw where **Dr. Pierce's Golden Medical Discovery** was recommended for stomach trouble so I decided to try it and it relieved me of my indigestion and weak stomach, also the abdominal distress, and built me up in health."

Fluid or tablets. All druggists.

Send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for a trial package of tablets.

"THESE HARD TIMES"

"The hard times and scarcity of money makes it more important than ever to economize. One way I save on clothes is by renewing the color of faded or out-of-style dresses, coats, stockings, and underwear. For dyeing, or tinting, I always use Diamond Dyes. They are the most economical ones by far because they never fail to produce results that make you proud. Why, things look better than new when redyed with Diamond Dyes. They never spot, streak, or run. They go on smoothly and evenly, when in the hands of even a ten year old child. Another thing, Diamond Dyes never take the life out of cloth or leave it limp as some dyes do. They deserve to be called 'the world's finest dyes!'"

Lindsay Attendance Is Lower Than Usual

LINDSAY, Ont., Sept. 24.—(Special to Examiner.)—The second or opening day of the Lindsay Central Fair was greeted with rather chilly weather conditions, which had its effect on the attendance, which was not as large as on the same day last year. It was citizens' as well as children's day. The afternoon was proclaimed a half holiday by His Worship Mayor Alcorn, and as a result the townspeople as well as a goodly numb.. from outside points took in the annual event.

The midway is the largest ever staged on the local grounds, while the exhibits in practically all departments establishes new records.

The directorate looks for bumper crowds to-day and Saturday. It is estimated that there was between four and five thousand people on the grounds yesterday. Hon. Mr. Challis the new Provincial Secretary who, together with the Fair Directorate was banqueted by the Kiwanis Club at noon, formally opened the Fair.

Minard's Liniment for Sciatica.

You will find many things in the Classified Ads. of The Examiner.

Grove Registers His 31st Victory of Season

PHILADELPHIA MACKS CONTINUE TO SET AMERICAN LOOP RECORDS

Grove Holds Boston to Five Hits While Team Mates Pound Red Sox.

FOR 9-4 VICTORY.

(By Hugh S. Fullerton, Jr., A P Sports Writer)

Not content with leading the Philadelphia Athletics in their greatest pennant winning season in the American League and becoming the first left handed pitcher even to win 30 major league games, Robert Moses Grove evidently is out to set a record for the boys to shoot at for a good many years.

Grove already has tied one America League record by winning 16 straight games earlier this season and seems to have clinched a new major league pitching mark as he won his thirty-first game of the year yesterday. So far the southpaw king has lost only three games against his 31 victories, giving him an average of .912. The record, which stands at least until this season ends, is the .872 average made by Smoky Joe Wood of the Boston Red Sox, who won 34 games and lost five in 1912. It seems likely that Grove will not pitch again before the World's Series, but he can even hurl and lose one more and come out with a record average of .886.

Other Achievements

Lefty has done a good many other things worthy of note this season. In winning yesterday's game from Boston by a 9 to 4 count, Grove gave only five hits to gain a record for the season of allowing only 241 safeties in 286 innings, and by fanning four men he brought his strikeout total, which leads the league by a wide margin, up to 169. The Athletics, as a team, piled up seven of their runs from the third to sixth innings to win their 106th victory of the season, two more than any previous Athletics ever has won in a season.

A pitcher far less seasoned than Grove scored a triumph that probably was as important to him in yesterday's other American League game. Oral Hildebrand, who came up to the Cleveland Indians from Indianapolis only a short time ago, bested the veteran Earl Whitehill of Detroit to win his second major league victory, 6 to 4. Hildebrand allowed only eight hits.

Jim Elliott of the Phillies turned in an enviable performance in the only game of the National League schedule as he held the Pittsburgh Pirates to five hits to win his 19th victory of the season, 5 to 1.

Exhibition Games

A flock of exhibition games for the benefit of the unemployed kept five other Major League teams busy and netted something over $78,000 for the jobless of New York and St. Louis. The results were something of a triumph for the American League representatives. The St. Louis Browns walloped Burleigh Grimes, ace of the Cardinal staff, for six runs in the fifth inning and downed the National League champions, 7 to 4.

At New York, the Yankees took the best claim to the city championship by downing the Brooklyn Robins 5 to 1 in the second half of a charity doubleheader after the Giants had defeated Brooklyn 3 to 1. The Yanks beat the Giants in another charity game two weeks ago to take the first leg on the title, then came through with a flock of homers to win today. Four baggers by Lary, Dickey and Gehrig accounted for all but one Yankee run. The Giants also won on a homer when Johnny Vergez hit for the circuit in the seventh inning of the opener to break up a mound duel between Bill Walker and Austin Moore.

YESTERDAY'S STARS

Bob Grove, Athletics— Held Red Sox to five hits and hung up his 31st victory.

Willie Kamm, Indians— Cracked out double and three singles against Tigers.

Jim Elliott, Phillies — Stopped Pirates with five hits to win 19th game of season.

GRATTAN BARS LOWERS MARK

V Rountree's Junior Entry is Winner of Feature Race at Lindsay.

CLOSELY CONTESTED.

LINDSAY, Sept. 25—The local course record was lowered yesterday in one of the speeding events at the Central Exhibition, when Grattan Bars, Jr., owned by V. Rountree, of Weston, won the 2.12 event in three straight heats. It made the trip in 2.08, lowering the previous record (2.10¼) by 2¼ seconds. The record was lowered in all three heats, the time being 2.08, 2.09, 2.09. The general result was as follows:—

2.12 Class

Grattan Bars Jr.; V. Rountree, Weston	1	1	1
Princess Audrey; R. Scott, Toronto	2	2	2
Lee Grattan, L. Schooley, Peterborough	4	5	5
Laura G.; N. Neeley, Sarna	5	3	3
Ayalan; H. Morrison, Toronto	3	4	4

2.26 Event

Frisco Direct; H. Griffin, Wilford	1	1	1
Just Grattan; B. Porter, Orillia	2	2	2
Golden Patch; H. McNeil, Janetville	4	3	3
Bert Abdell; F. Hicks, Bowmanville	3	5	4
Claude Grafton; J. Sutherland, Peterborough	8	4	7
Armadale; A. Johnston, Peterborough	7	6	5
Gipsy Wilkes; J. Akey, Peterborough	9	8	6
Billy Winger, J. Dunsford, Peterborough	5	9	9
Josephine; L. Prosser, Sutton West	6	7	8

Time: 2.17, 2.15, 2.17.

Many automobile dealers in Peru reported that because of the new taxes on new machines they are selling twice as many used cars as new ones.

Palestine proposes to reduce its tithe tax on the 1931 grain crop.

HELEN HICKS WILL MEET ENID WILSON IN SEMI-FINAL ROUND

Four Tee Stars Left in Battle for U. S. Open Golf Crown.

VARE-VAN WIE IN SECOND.

(By Robert Cavagnaro, Associated Press Staff Writer.)

BUFFALO COUNTRY CLUB, Williamsville, N.Y., Sept. 25. — A sturdy 20 year old girl to-day stood between Enid Wilson, towering British champion, and the final round in the 35th Women's National Golf Championship.

The task of locking the English girl's challenge for United States' golf supremacy is the lot of Helen "Billy" Hicks of Hewlett, L.I. ,one of this country's top ranking players.

The other semi-final match brought together the defending champion, Mrs. Glenna Collett Vare, of Philadelphia, who is campaigning for the sixth championship, and Virginia Van Wie.

Miss Wilson and Miss Hicks made their way to the fourth round by eking out 4 and 3 victories over Marjorie Kerr, another English star, and Mrs. Leona Pressler of San Gabriel, Cal., respectively.

Back in 1928 and again last year she faced Mrs. Vare. Then Glenna Collett, in the finals for the United States title. The first meeting ended in a 13 and 12 win for Mrs. Vare and in 1930 the Philadelphian won by half that margin.

It was not necessary to introduce Miss Hicks to Miss Wilson on the first tee this morning, either. They had met before, two years ago, in England, in the British women's championship. They were pitted against each other in the quarter final round and Miss Wilson came out on top after a topsy-turvy duel.

Major League Leaders

(Including games of Sept. 24)

NATIONAL LEAGUE

Batting—Hafey, Cardinals, 350; Terry, Giants 349.
Runs—Terry, Giants; Klein, Phillies, 120.

Manufacture of carbon paper has just been started in Brazil.

SPORTS by JIMMY THOMPSON

1932 Lacrosse in Canada has gone to the box game, though there is discussion in various parts, notably Ontario, as to the advisability of discarding the old twelve-man game, on which the reputation of the game has been built, in favor of a sport which though calling for fewer players, and therefore likely to be more helpful in centres where it is difficult to secure twelve good men, yet still is in its infancy. Be this as it may, box lacrosse is almost sure to restore the grand old game to its pristine glory. It is interesting to note that the modified sport was given its first real test this year, not as an amateur game, but as a professional one. This reverses the usual order of things. It caught on like wild-fire in the eastern loop, comprising teams from Toronto, Montreal and Cornwall, and spread throughout the smaller towns, where everybody seemed tickled with it. It has been a big year in sports when you come to think of it, what with lacrosse going box and substitutes in soccer.

FIGHTS LAST NIGHT

Pittsburgh—Johnny Datto, Cleveland, knocked out Jackie Wilson, Pittsburgh (3); Eddie Collins, Erie, Pa., knocked out Eddie Kaufman, Cleveland (3).

Cincinnati—Bushy Graham, Utica, N.Y., outpointed Bat Battalino, world featherweigh champion (10). Non title.

Chicago—Ted Ross, Chicago, outpointed Bill Baker, Chicago 10).

Johnstown, Pa. — Willie Davies, Charlerol, Pa., outpointed Ross Fields, Cleveland (10).

Muncie, Ind.—Don Fagg, Clinton, Ia., outpointed Moan Baumgartner, Indiana (10).

Havelock Bowlers Split Double Bill

HAVELOCK, Sept. 25.—Brighton bowlers played the local teams Wednesday night and won two games and lost two. H. T. Mathison as skip with Reg. Brennan, Rae Williams and J. H. Moore won his two games while John Simons lost his two. A. MacDonald, C. Brennan and A. T. Armstrong made up the losing team. The local boys play in Norwood on Friday.

Quinte Men Winners In Golf Tournament

BELLEVILLE, Sept. 25—The annual match between the men and women members of the Belleville Golf Club was played yesterday afternoon in delightful weather, men having a slight edge, turning in a 13 to 8 victory. Mrs. C. C. Walker won the award for low gross, Mrs. A. H. Ketcheson for low net, and in the mens' section Joe Legault won the low gross, and A. P. Ketcheson the low net. Miss Margaret Hardy won the low gross for second-flight players. After the match tea was served in the clubhouse, Mrs. K. Hill, Mrs. G. A. Bennett and Mrs. C. Greenleaf being hostesses. The scores were as follows:—

Miss H. Hurley	0	A.H. Ketcheson	1
Mrs. Reeves	0	A. Kincaid	1
Mrs. Walker	1	A. MacConnell	0
Mrs. Ketcheson	0	J. Legault	1
Mrs. Scott	0	H. Ridley	1
Mrs. Allen	0	O. H. Scott	1

THOMAS WILL WRESTLE HERE

Matched Against Bob Neilson in Semi-final on Monday's Card.

THREE BOUTS IN ALL.

It will be an all-wrestling card that will be offered at the Brock street rink next Monday night, Matchmaker Charles Hallat announced. The main bout will be the much-desired return match between Alex Kasaboski and Frank Hart, bitter mat rivals, and Mr. Hallat was able to announce to-day the semi-final.

This will again show Bob Neilson, popular Danish grappler, and his opponent will be a rough and tumble wrestler, Joe Thomas, of Windsor. The pair will wrestle for the best two out of three falls with a time limit of one hour.

One more match remains to be closed and it will round out a splendid program of wrestling. It is intended to use real big fellows in the remaining match and the fans will have an opportunity of judging between the light heavies and the heavies. Some prefer the former, others like to see the behemoths of the mat in action. Local fans will see the two classes and be able to judge for themselves.

Both Kasaboski and Hart are training as never before for the Monday encounter and neither will have any excuse on the score of lack of condition. There being no wrestling show in Toronto next Monday, Referee Jack Forbes will be able to come here to act as third man and this assures there will be no disappointing ending to the main bout as there was to the last meeting here between Kasaboski and Hart.

Opinion is pretty evenly divided as to the outcome of the match but in one respect the fans are unanimous and that is that the return bout will provide the most thrilling wrestling match ever witnessed here or anywhere else for that matter.

TOURNEY AT COBOURG

COBOURG, Sept. 25—The Cobourg Lawn Bowling Club will hold its closing tourney for the season next Wednesday, Sept. 30, when a mixed tournament will take place, open to all clubs in this district. A three-game draw is scheduled for 2 p.m. standard time. Good prizes will be given.

SCHEDULE SET SCHOOL SOCCER

Queen Mary Meets Prince of Wales in Opening Tussle on Monday.

GROUNDS SETTLED.

As in former years, the Public School football games are to be played in two series. One will include the teams from Central, Queen Alexandra, and King George Schools; the other will include teams from King Edward, Queen Mary, and Prince of Wales Schools. The winners from each series will then play a final game to decide the championship, for the possession of the Alex Kay trophy, which is held by the King Edward school at present.

The teams interested in any game will select their own referee. Games are to commence as soon after four o'clock as possible. Postponed matches must be played at the earliest convenience of the respective teams.

All games in Series "A" will be played at Nicholls Oval and in Series "B" at King Edward Park.

"A" SERIES

Sept. 29—Queen Alexandra vs. Central.
Oct. 2.—Central vs. King George.
Oct. 6—Queen Alexandra vs. King George.
Oct. 9.—Central vs. Queen Alexandra.
Oct. 14.—King George vs. Central.
Oct. 16—King George vs. Queen Alexandra.

"B" SERIES

Sept. 28—Queen Mary vs. Prince of Wales.
Oct. 1—Queen Mary vs. King Edward.
Oct. 5—King Edward vs. Prince of Wales.
Oct. 8—Prince of Wales vs. Queen Mary.
Oct. 12—King Edward vs. Queen Mary.
Oct. 15.—Prince of Wales vs. King Edward.

Bowling Notes

SINGLES GAMES.

Play in the singles schedule on the greens of the Peterborough Lawn Bowling Club, advanced a couple of stages last evening when a number of games were played in the preliminary and firsts rounds. Two old hands at the game met when J Harrison won from D. Smith in the preliminary round. A comparatively new bowler, in F. H. Dearborn, who has been doing some fine bowling all season, won out with a fair margin from G. Sorensen. Other vents in this round resulted as follows:

Preliminary Round.

G. Low won from R. Coleman.
J. Bennett won from A. Brown.
J. T. Braund won from G. Tremaine.
C. Jay won from T. McDonald.
J. D. Fitzpatrick won from H. McCannon
Dr. Allen won from W. Fletcher.
J. E. Smith won from C. H. Benson.
J. Penrose won from A. McPherson.

First Round.

More than usual interest was attached to three games in the first round. Ernie Wall, the club singles champion and also the Central Ontario District champion, who has been playing a strong game this season, met R. J. Martin, a former club champion. Martin started off well but after Wall got the green he began putting the bowls to the kitty and won out by a margin of 10 points. There was a real battle between Chief Gimblett and Harold Wood, two of the best bowlers in the club. The Chief won out by a few points. Two hard fought contests took place between Ken Sloane and H. Martin who were tied with 20 points each, 21 points being required to win. Sloane managed to pull through with an extra point. A young bowler in H. P. Moyer, won a nice victory from Norman Routly. As Moyer is a lead, while Norman Routly is a vice. Routly had to give Moyer a handicap of 4 points. Moyer started off nicely and, including his handicap, ran the score up to 16 to 6 at the end of the 11th round. Routly then got going and won 7 of the next 10 ends, scoring 13 points to Moyer's 5, Moyer thus winning by 21 to 19. His handicap saved him, but it was a nice win. J. Penrose won a nice victory over J. E. Smith. He did some very fine bowling. On one end he had three bowls, not one of which was more than three inches from the kitty.

Other results in the first round were:

W. Wood won from G. Low.
Nelson Routly won from C. Jay.
H. Bennewith won from J. Grant.

Farmers as Guests

To-night the Lawn Bowling Club will entertain as guests several rinks of farmers from Smith and Douro Townships. The Smith farmers, under the leadership of V. S. Milburn, will try conclusions with the Douro stalwarts, under the guidance of Howard Quinn. It is understood that none of the rinks will have more than one experienced bowler which will mean that they will all compete on even terms. All through the province, there are clubs numbering many farmers among their members. One of the most enthusiastic bowlers in the province is Deputy-Minister Fairbairn of the Ontario Department of Agriculture. To-night will be the first occasion on which farmers living adjacent to the city have been invited to be the guests of the Club, but it will not be the last.

Two games in the doubles schedule were played last evening to decide the winner in Group 4; J. McDonald and Wm. Greenslade won out with a good margin over W. J. Oke and K. McCannan. In the second game Geo. Coleman, Jr. and Ray Brown won from Roy Taylor and H. Northrop by one point. On one end Taylor and Northrop were lying shot two. At the close of one end, on a technical point, the end was bowled over with the result that the score the next time was reversed. Coleman and Brown now have to play McDonald and Greenslade for the leadership.

Surprise Event

Something unusual is to take place at the Club House this evening. It is a dark secret but a pleasant one. It is sufficiently important to justify the presence of His Worship, the Mayor, and one or two other notables, who are to see that everything goes all right and in a manner that will reflect due credit on the city. It is just one of those events that will help to leave pleasant memories concerning the 1931 bowling season. This will follow the Friday night tournament which will be played as usual this evening.

SPORTS

SOCCER, BASEBALL, GOLFING
Day by Day
AQUATICS, SOFTBALL, TRACK

CASUAL COMMENT

The lacrosse boys had a workout at the Exhibition Grounds last night, and they'll have another one Saturday afternoon. They hope to hand the Kingston gutted stick players a trimming in the Limestone town on Thanksgiving Day. They'll hold their annual banquet after that date.

• • • • • • •

Too bad the Petes couldn't have joined that district box lacrosse loop. They were invited in and thought seriously of entering, but no suitable place for home games could be obtained. It was just the same way with the proposed indoor softball loop that had to be dropped. All we need is a stadium or two here.

• • • • • • •

If the weather is anyway fair Saturday, there'll be a big crowd taking in the rugby game over at Stevenson Park, with P.C.I. students predominating. A good line will be had on the strength of Ernie Legon's squad this year, as the visitors will likely be a tough proposition.

• • • • • • •

The game is expected to be much faster and more open with the forward passes being tried out this fall. The crowd, if it's anything like the American spectator, will take to the new style right away, as action is the big thing in sports nowadays. There is nothing more thrilling in rugby than open field running, with tacklers missing or slipping off the ball-carrier as he twists and pivots and runs.

• • • • • • •

The second team should show a great deal of improvement in their game in Cobourg the same day. The bad showing they made against Grove School will do them a lot of good, as the weak spots can be fixed up, and new strategy tried out.

• • • • • • •

According to the Tweed News, referring to the hockey season: "Wholesale importations of players are not likely to take place this year, with the valuable lesson learned last season. The home town products will have their inning now." Yeah, we live and learn, at that.

• • • • • • •

And again speaking of box lacrosse, local fans wanting to see this game can take it in down in Campbellford for the next three Saturdays. There are two teams in that village, and Norwood and Madoc are the other entries in the loop. They play two games twice a week and the schedule ends around the middle of next month.

• • • • • • •

A new badminton club is being formed here with a court at the Conservatory of Music Hall. George Wilson, a young English cricketer and badminton coach, will instruct beginners and sort of coach along experienced players in the professional technique of the game.

• • • • • • •

Here's a hot one. The Westclox boys' softball team are going to disguise themselves as girls and play the Westclox damsels over at the East City Bowl at three bells on Saturday afternoon. From what we've seen of Jake Beckerman's stalwarts, we'd say they are good softballers, but we simply can't see them as blushing maidens, not even if they're garbed that way.

REPORTS MADE TO KIWANIANS ON CONVENTION

Recent Convention of Kiwanis Held in Windsor is Reviewed.

TO PRESENT GAVELS.

Comprehensive reports of the Ontario-Quebec-Maritime Convention of Kiwanis held at Windsor recently were to-day given to members of the local Kiwanis Club at the noon luncheon at The Empress Hotel by some of the delegates, including President John I. Allen vice-president Harry Boyle and Ivan Lillico, representing Charles Cook, district trustee.

Reports from the District Governor I. P. McNabb and District Secretary Dr. J. J. Craig were lacking due to the fact that those two officers are at present making a visit to Kiwanis Clubs in the Maritimes.

President Allen announced that presentations of gavels made at Peterborough Collegiate and Vocational School are to be made to the clubs in the Maritimes, on the occasion of the present visit of district officers from the local club. The gavels have been inscribed, "Presented by the Peterborough Ontario club 1931". These gifts make in all fourteen presentations that have been made to other clubs by Peterborough Kiwanians.

New Member

B. F. Chilton the newly appointed manager of the Bank of Nova Scotia was introduced to the members of the club by Dr. F. C. Neal, who welcomed Mr. Chilton to this city and outlined to him the obligations and privileges of Kiwanis.

Mr. Chilton in reply stated that he regarded his early acceptance into Kiwanis as a great compliment to his predecessor G. Wells Fraser.

Mr. Fraser called upon for a few words also remarked that he regarded his successor's acceptance into the club as a compliment to himself. He wished Mr. Chilton all success and assured him that if he got as much out of his membership as he himself had done, both he and the club would be greatly benefitted.

Mr. Allen had with him as his guest C. G. Lanning from the Newark office of the Prudential Assurance Company.

In submitting his report of the proceedings at the Windsor convention, President Allen stated that those present from Peterborough besides himself were Governor Isaac McNabb, Hon. Secretary-treasurer Dr. J. J. Craig, vice-president Harry Boyle, Ivan Lillico, Herbert McCannon, Mr. and Mrs. Harry Huffman Mr. and Mrs. Al Sharpe and Mr. and Mrs. Ev. Taylor.

On Monday morning, September 14 the first day of the convention the delegates viewed the club and international exhibits at Prince Edward Hotel. Shortly afterwards the convention was called to order by Governor McNabb.

The introduction of district and international officers followed. This was in charge of Dr. J. J. Craig.

"What the Convention Should Mean to a Delegate" was the subject of a paper given by Ralph Taylor of the Cobalt Club. He thought that the duty of a delegate was to obtain inspiration, so that his club could be refreshed by its delegate having attended, and that every convention accumulated new ideas as to activities that every club is doing or has done.

Reports of the Lieutenant Governors was then given. District Governor Bill Mayall spoke highly of the Central District in his report.

Gold Watch Presented

Other highlights of the convention was the presentation at a banquet on Monday evening of a gold watch to Governor McNabb in recognition of his hard work in the interests of Kiwanis, while Dr. J. J. Craig was similarly honored with the presentation of a silver tray and a chest of flat silver. The presentations were made by Post Governor Dr. Lewis.

Comprehensive reports were also furnished by Harry Boyle and by Ivan Lillico.

SHARKEY REFUSES TO MEET CARNERA

Boston Tar Seeks Indefinite Postponement of Ebbets Field Battle.

NEW YORK, N.Y., Sept. 25 (C.P.)—Primo Carnera may make that second New York appearance of his next month, but it appeared a bit improbable to-day that the big Italian's opponent would be Jack Sharkey, the Boston sailor man, who can still talk a good fight.

Promoter Jimmy Johnston has had Cernera and Sharkey booked for some time to clash in a 15-round bout at Ebbets Field, Brooklyn, Oct. 1, but yesterday the bout was shoved back to Oct. 12 on Sharkey's plea that he had injured the little finger of his left hand and would not be able to go through with the battle.

The new date of Oct. 12 was the New York State Athletic Commission's idea, and not Sharkey's. Jack maintained that he would not be in shape to fight Carnera that soon, and when asked point-blank whether he planned to go through with the match, then replied with flat and decisive "No."

PETES TO PLAY IN TORONTO SATURDAY

Will Meet Rogers-Majestic in Return Fixture—Team Plays as Selected.

To-morrow (Saturday) afternoon, the local soccer boys will play in Toronto against the Roger-Majestic in a return fixture at four o'clock. They will witness the City Cup game previous to their match.

The cars will leave the C.N.R. freight sheds at eleven o'clock prompt, and they will stop at Fraserville to pick up Ernie Hakin. President Stewart and Stanley Gillespie, secretary, are in charge of the party, which will be accompanied by a number of local soccer fans.

There will be no game in the city Saturday.

URGE BUS, TRUCK PROBE

CALGARY, Alta., Sept. 25.—(CP)—Investigation into the bus and truck business of the province was asked here yesterday by employees of the Canadian Pacific Railway in a conference with Hon. Vernon Smith, minister of Railway and Telephones.

TAKES OWN LIFE

MOORESTOWN, N.J., Sept. 25 (C.P.)—Charles T. Brown, President of the Franklin Printing Company of Philadelphia, and treasurer of the board of managers of Swarthmore College, shot and killed himself in his home here to-day, police said.

BADMINTON CLUB WILL START HERE

George C. Wilson, English Professional, Will Act as Instructor and Coach.

Announcement of a new Badminton club in the city to be opened Monday has been made by George C. Wilson, English professional exponent of the feathered game. Club members will play in the evenings, and lessons will be given through the day in the hall at the Conservatory of Music where the court is being laid.

Mr. Wilson is a cricket and badminton player of note, having done considerable coaching in England and Scotland, before coming to Toronto some three months ago. While in the Queen City, he played for and coached the Toronto Cricket Club. On a visit to Peterborough a short time ago, he conceived the idea of organizing a club for badminton players here, as well as holding classes for beginners and others desiring coaching. He obtained the large hall at the Conservatory of Music, and is now installing a standard court.

"Badminton is becoming more and more popular in Canada and the States," Mr. Wilson said, "and not only is it a game requiring skill and speed, but the special atmosphere about it is similar to that of tennis. It is a game that may be enjoyed by anyone, ladies included, from the age of eighteen to sixty."

Mr. Wilson himself is quite a young and athletic fellow, but has been interested in badminton and cricket all his life. He hopes to interest a number of younger people in the city this winter, and have a club large enough to stage tournaments, while different parties may use the hall on various nights of the week. He was surprised to know that so many women and men had been playing the game around here for several years, and that the famous Jack Purcell had staged an exhibition match at the Armouries last winter.

Heavyweight Tourney To Decide Champion

CHICAGO, Ill., Sept. 25 (C.P.)—The National Boxing Association will make another attempt to do something toward establishing the identity of the heavyweight wrestling champion.

Major General John V. Clinnin, president of the N.B.A., and chairman of the Illinois State Athletic Commission, has invited nine grunt and groaners to meet Ed (Strangler) Lewis, for the title in a champion.

Advertise in The Examiner

Benedict Seeks Job As Referee In N.H.L.

MONTREAL, Sept. 25.—Hockey circles are agog with rumors in anticipation of the National Hockey League meeting here Saturday.

It is hinted that a new rule will improve refereeing by giving full authority to the referee to inflict and report penalties leaving his confrere simply to check offsides and watch the face-offs for infractions.

Clint Benedict, veteran goaltender for Ottawa and the Maroons, is said to be seeking a referee's job in the National League this year. Rumor also has it that if the Philadelphia team does not function, Cooper Smeaton will return to the ranks of the arbiters.

If Philadelphia and Ottawa are out of the circuit this year, it is thought possible that their players will be distributed among the weaker clubs of the loop.

The Canadiens are angling for a new defenceman, and the Maroons and Detroit are both after goalers, it is whispered. Some believe that Maroons are after Alex. Connell, Ottawa goalie, and that Detroit want either Alex. of Emmett Venne.

Of Course!

BURGESS BEDTIME STORIES

THE BEST WAITER WINS

(By Thornton W. Burgess)

Success most always in the end
The watchful waiter doth attend.
—Farmer Brown's Boy

Farmer Brown's Boy learned this long ago. The one who can outwait will often outwit another. So when Whistler the Marmot scrambled down his hole among the rocks in a panic at the discovery of Farmer Brown's Boy so near, the latter at once planned to see more of this cousin of Johnny Chuck.

"He won't come out for some time, because he got a bad fright," thought Farmer Brown's Boy. "It is going to be a case of patient waiting. He will wait until he feels sure that I have left. Then he will come out, and the first thing he will do will be to look here, where he last saw me, and I won't be here. Then he'll look all around, and not seeing me will be sure that I have gone. The first thing for me to do is to find a new hiding-place."

He looked about carefully. There were plenty of places where he could hide among the rocks, but none suited him. He either could see out in only one direction, or would have to poke his head above a rock, and he knew that the slightest movement would spoil his plans, for Whistler would be sure to see him.

"I'll build a hiding-place out of rocks," he decided at last. Presently he found a place to suit him. There were some big flat pieces of rock not too big for him to lift, and with these he roofed over a little place among the rock where he

So Whistler curled up for a nap

would have room enough to be comfortable and at the same time could peep out in all directions. Into this he crept and prepared for a long wait. It was only a short distance from the hole where Whistler had disappeared and would, he felt sure, reappear.

"I'll fool him this time," he chuckled as he settled down.

Meanwhile down deep among the rocks in his snug home Whistler was also planning. "I don't like these two-legged creatures; I'm afraid of them," he muttered. "They can't be trusted. No, sir, they can't be trusted. I don't know how that one ever got so near me, but he'll never do it again. I wish I had a good look at him. He is the same one who was up here yesterday. I wonder what he wants. I would like to peep out at him, but I won't. I'll wait. I'll wait so long that he'll think I won't come out again today. I may as well take a nap while I'm waiting. It is too bad to miss the beautiful sunshine, but there is no help for it."

So Whistler curled up for a nap. But he couldn't go to sleep. Curiosity wouldn't let him. He tried not to think about Farmer Brown's Boy, but the more he tried not to think of him the more he did think of him. Two or three times he got up and went half way to the entrance just to peep out, but turned back with a sigh and settled himself once more to wait.

Thus began a sort of match in waiting. Down under ground Whistler waited and waited and grew more curious and impatient, while in his hiding-place Farmer Brown's Boy waited and waited and grew cramped and uncomfortable and almost wondered if it really was worth while. Two or three hours passed and he had about made up his mind that he was wasting time when a slight movement caught his attention and he made out the nose of Whistler poking out from between some rocks some little distance to one side of the entrance where he had disappeared and where Farmer Brown's Boy had expected him to come out.

Farmer Brown's Boy chuckled, but it was a soundless chuckle. "The rascal has another doorway and has been smart enough to use it," thought he.

In a few minutes Whistler's whole head appeared and his eyes were fixed on the place where Farmer Brown's Boy had first hidden. Satisfied that he was not there, Whistler climbed up on a rock and took a hasty but careful look all around. "I thought I had waited long enough," said he to himself and never once suspected that he had been outwaited.

What To-day Means To You

"LIBRA"

If September 25th is your birthday, the best hours for you on this date are from 10.05 a.m. to noon, from 4.15 p.m. to 6.45 p.m., and from 9.35 p.m. to 11 p.m. The danger hours are from 1 p.m. to 2.50 p.m., and from 7 p.m. to 9 p.m.

Strange and curious influences will be provoked by the planetary aspects of September 25th. They will prompt sweeping changes in general, but you must not allow yourself to be stampeded. Delays will be evidenced on the one hand, whilst on the other, sudden happenings will occur.

A child born on this September 25th will be quiet, affectionate and tractable. As the years roll on, it will grow more and more uncommunicative, but will always be very observant. Although not especially clever, it will be endowed with common sense and is destined to "make good."

You, if born on September 25th, are often imposed upon, because you are rather gullible and give yourself too freely to others. Any tale of woe, any sob story, enlists your attention and commands your assistances—often to the detriment of your individual and family interest. You must be more discriminating and curb your impulsive charitableness. The "Good Samaritan" act is worthy of your emulation, only when service rendered does not jeopardize the welfare of those near and dear to you.

You are very optimistic and enposition generally sees you through position generally see you through difficulties. You should not, however, bank too much on proverbial good luck. You are too imaginative to be practical, and, if engaged in business, it is desirable that you should associate yourself with one whose feet are firmly "on the ground," so that your flights of fancy, before you begin to soar, are reduced to a dollar and cent basis.

If endowed with literary gifts, your ability to weave romance out o' practically nothing, should lead you to success. You are a loyal and true friend—except to yourself. As as husband or wife, you will be complaisant, affectionate and demonstrative. As a parent, you will indulge the whims of your children and overlook their defects, with anything but satisfactory results.

Beware of pads "just like Kotex"

May look the same... but how were they made? Where? By whom?

THE words "just like Kotex" should be a danger signal to every purchaser of sanitary protection! They *cannot* be true.

A pad, to be like Kotex, would have to be made in the Kotex factory. Unique, patented machinery makes Kotex from start to finish. Hands never touch it. Rigid cleanliness prevails. Kotex is packed and hygienically sealed in dust-proof packages. Materials used are superior, made especially for Kotex. The only way to make a pad like Kotex is to make *Kotex*.

Kotex is safe

Take no chances. Specify genuine Kotex. Accept no substitute of whose makers you know nothing. You know Kotex is safe. Hospitals used millions of pads last year. Their choice should be yours.

KOTEX IS SAFE...

1. Can be worn on either side with equal comfort. No embarrassment. Inconspicuous.
2. The Kotex absorbent is the identical material used by surgeons in Canada's leading hospitals.
3. Kotex is soft... Even the gauze is specially treated to make it amazingly soft.
4. Disposable, instantly, completely.

Kotex is adjustable. May be worn on either side. *Stays* soft.

2,000 WASHERS IN TRAIN-LOAD

Beatty Brothers Ship Fifth Train-Load of Electric Washers.

ESTABLISHED IN 1874

Beatty Brothers, of Fergus, Ontario, have shipped another train-load of electric washers and other electrical household appliances to supply the demand of thousands of Canadian women from coast to coast for permanent relief from drudging household tasks.

Beatty Brothers were the first company to ship a complete train-load of Hardware across Canada. They are the only company to ship five trainloads. This year the train-load consists of 26 freight cars, carrying over 2,000 Beatty washers, several thousand washday accessories, and many hundreds of other appliances, such as vacuum cleaners, floor polishers, and electrical ironers.

Former Beatty trainload shipments consisted entirely of Beatty washer and washday accessories, with exception of the first, which combined washers with hardware. In this 5th trainload, whereas the new model Beatty washer with raise and lower basket, forms the main part of the shipment, yet Beatty cleaners, Beatty ironers and Beatty polishers are also being sent in surprisingly large quantities.

Beatty cleaners, ironers and polishers, are comparatively new lines, but they have been so popularly accepted by the Canadian public, that it has been found necessary to include them in large quantities in this gigantic trainload shipment.

Beatty Brothers are a firm of long standing. Established in 1874 in the town of Fergus, Ontario, they have made for themselves an enviable reputation, and have grown from a humble beginning to an enormous size. Being thoroughly British in background, policies and ideals, this company has established factory branches in all the principal centers of Canada, and has also opened several more in England and New Zealand. They own and operate over 70 branches at this writing, and are distributing their merchandise through thousands of dealers.

At present the company is operated by approximately 1,800 employees. By its requirements in raw materials it gives a livelihood to the equivalent of a city of 10,000 people. The plants at Fergus and London are an immense size. In floor space they cover an area of 15 acres.

The Beatty Brothers were given the contract to put in the steel horse stalls in the new million dollar horse palace in the Exhibition Grounds at Toronto. This contract amounted to over $100,000. This new stable is the largest, modernly equipped stable in the world, and this steel horse stall contract is the largest of its kind ever taken by any company anywhere. Beatty Brothers, Limited are well known to Canadian farmers and breeders for their excellent barn and stable equipment, as well as for their pumps, churns, ladders and washers; of which products they are the largest manufacturers in the British Empire.

The local store is at 342 Water street where all models are on display with H. Morton as manager.

MARMORA FORMS TROOP OF SCOUTS

Five Patrols Are Organized With W. Kerr Acting as Scoutmaster.

MARMORA, Sept. 26 (Examiner Correspondence).—Forty-three boys were present on Wednesday evening at a meeting convened in the council chambers, under presidency of Assistant Scoutmaster W. Kerr for the purpose of considering the reorganization of the Marmora Troop of Boy Scouts.

After the chairman had referred to the desire among the boys to have Boy Scout activities resumed in Marmora Messrs. E. C. Prentice, W. J. Cottrell and P. Gray gave encouraging talks. Eventually the boys unanimously appointed W. Kerr as Scoutmaster. Douglas Airhart also received the appointment as troop secretary. The choice of troop leader fell to Donald Smith who when a scout in the 1st Wiarton Troop received the decoration of a silver medal for having effected a rescue from drowning. Five patrols were appointed with temporary leaders as follows: Tiger, James Linn; Eagle, Tom Shannon; Bear, Homer Hewitt; Wolf, Jack Hickey; Beaver, Roy Smith.

Following adjournment until Wednesday of the following week, the scouts paraded to the Royal Hotel where Host and Hostess T. E. Polls served ice cream and cake to the boys. Thanks to Mr. and Mrs. Polls was ably voiced by Troop Leader Smith and in replying both expressed their deep pleasure in learning of the reorganization and assured the scouts thir continued support.

The original committee is being called together at an early date when further plans for the welfare of the troop will be discussed and the scout officers later conferred with.

So Listless... What's the Matter?

A Despondent Young Girl

SHE looks despondent, listless. Young girls budding into womanhood often get quiet, wistful and they should be watched.

During this "trying time" every young girl needs the helpful benefit of a strengthening medicine like Lydia E. Pinkham's Vegetable Compound.

Mother, won't you give your daughter the Vegetable Compound? Records show that it helps 98 out of every 100 women who use it. Ask your druggist for a bottle of the liquid or the convenient tablets.

Lydia E. Pinkham's VEGETABLE COMPOUND

The French Government is urging the creation of a new company to establish a trans-Africa air line in collaboration with Belgium.

Swallows Weak With Cold Will Fly To Winter Homes on Man-Made Birds

VIENNA, Sept. 25.—(AP)—Human ingenuity in the form of the aeroplane was invoked today—possibly for the first time—to supplant nature in sending birds on their annual flight to warmer climes.

The Austrian Society for the Protection of Animals and Birds has chartered a number of planes in Germany and Austria to transport to Italy thousands of swallows which have come in from the north in the last few days.

They descended in the streets of Vienna and on farms and buildings in this vicinity and are in imminent danger of freezing or starvation. The society came to the conclusion that they would be unable to cross the Alps in their present condition.

Austrian peasants have been asked to collect the migrants and bring them into a central station here. They will be loaded into wooden cases and flown to Venice where they will be liberated for the winter.

Bowmanville Choir To Visit Peterboro

On Sunday evening next in Knox Church there has been arranged an interesting musical event when the choir of Trinity United Church, Bowmanville, will have charge of the musical portion of the service. Francis Sutton, formerly of this city, is director of the visiting choir and will no doubt be greeted by many of his Peterborough friends.

The minister of Knox, Rev. William McDonald, will preach. An exchange of choirs affords both singers and congregations an opportunity to enrich their experience and in no small way helps to foster interest in the work of the choir.

Sales Tax Is Urged For U.S. By Senator

WASHINGTON, Sept. 25.—Senator Reed of Pennsylvania, after readvocating to President Hoover today his proposal for a sales tax, said he believed the United States should follow Great Britain's example and "face the music."

Reed said he believed that unless additional moneys were raised by taxation the Treasury's deficit would reach beyond $1,500,000,000.

The Republican Senator called upon the President principally to congratulate him upon his address to the American Legion which, Reed said, "apparently has killed the bonus move."

TARZAN AND THE JEWELS OF OPAR NO. 89

By Edgar Rice Burroughs

(Metropolitan Newspaper Service)

Suddenly Werper threw himself to one side to the floor of the tent, leaving a leg extended in the path of the Arab. The trick succeeded. Mohammed Beyd, carried on by the momentum of his charge, stumbled over the projecting obstacle and crashed to the ground. Instantly he was up again and wheeling to renew the battle; but Werper was on foot ahead of him and now his revolver, loosened from his holster, flashed in his hand. The Arab dove headfirst to grapple with him. There was a sharp report and a lurid gleam in the darkness.

Mohammed Beyd rolled over and over upon the floor to come to a final rest beside the cot of Jane Clayton. Almost immediately following the report came the sound of excited voices in the camp without. Werper could only hear people running hither and thither investigating. But when he looked for the woman she was not there. During the frenzy of the death duel she had arisen, passed around the struggling pair, cautiously made her way out through the tent's entrance and vanished into the silent watches of the jungle night.

Tarzan of the Apes was in a quandary. Idly he played with the pebbles from his recovered pouch. His thoughts returned to the pile of yellow ingots about which the Arabs and the Abyssinians had waged their relentless battle. What was there in common between that pile of dirty metal and the beautiful, sparkling pebbles that had formerly been in his pouch? Some half-tantalising memory connected them in his addled brain but it was all so vague. Only the scenes of his anish childhood rose clear before his mind

Slowly and painfully recollection was attempting to reassert itself, the hurt brain was mending by the healing process of perfect circulation. The people who now passed before his mind's eye for the first time in weeks wore familiar faces; yet he could not place them in their proper niches or call them by name. One was a fair "she." What had she been to him? For an instant he seemed to grasp the whole of the true explanation and then the picture faded into a jumbled scene where a naked white boy danced with a band of hairy ape-things.

SCIENTISTS FROM OVER WORLD UNFOLD NEW TRAINS OF THOUGHT

Professor Claims Stationary or Declining Population Will Not Cure Unemployment.

REDISTRIBUTION NEEDED.

LONDON, September 25 (C.P. Cable, by George Hambleton C.P. Staff Writer). — Scientists and philosophers from the four corners of the world are packing the meetings of the British Association for the Advancement of Science Distinguished professors find standing room only. And from the numerous sections new trains of thought are starting.

Emerius Professor Edwin Cannan told the economics section today a stationary or declining population would not remedy unemployment. "Unemployment," he said, "is not really a modern phenomenon. The crowds of beggars who collected their daily dole in the middle ages from the monasteries, private wayfarers and householders were perhaps as large a proportion of the population as the normal registered unemployed of to-day

"The thoughtless outsider is apt to say that both the unemployed and those still employed should accept lower wages and so, by cheapening products, extend the demand for them. As a temporary palliative this may sometimes be reasonable, but it is evidently never the best solution of the difficulty.

"What diminution in demand calls for," Professor Cannan declared, "is redistribution of the labor force, fewer persons being allotted to the branch of industry of which the products are less in demand, and more persons to other branches."

RAILWAY EXTENSION APPROVED

VICTORIA, B.C., Sept. 25 (CP) Virtual approval of the British Columbia Government's plan to construct the Pacific Great Eastern Railway extension north from Quesnel, 83 miles north to Prince George as an unemployment relief undertaking was reported to the provincial government yesterday by the Pacific Great Eastern Railway committee which is in Ottawa to secure the Federal Government's approval.

Weddings

JAMIESON—CROZIER.

A quiet, pretty wedding was solemnized at two-thirty on Saturday afternoon at St. Andrew's Manse by the Rev. Dr. C. V. McLean, when Greta Bell, youngest daughter of Mr. and Mrs. Thomas Crozier was united in marriage to William Elmes Jamieson, son of Mr. and Mrs. Wm. Jamieson.

The bride wore a lovely gown of blue American crepe with front insertions of ecrue lace, with shoes, stockings, hat and gloves to match, and carried a lovely bouquet of autumn flowers, tied with pink tulle ribbon.

Miss Hazel Crozier, sister of the bride, was bridesmaid and wore a frock of printed crepe, with shoes, stockings, hat and gloves to match

Garnet Jamieson acted as best man.

After the ceremony a dainty buffet luncheon was served at the home of the bride's parents, after which the young couple left on a short honeymoon, the bride travelling in a knitted suit with matching accesories. On their return Mr and Mrs. Jamieson will reside on Prince stree.

Obituary

MRS. H. FAULKNER.

The funeral of Mrs. H. Faulkner, of Havelock, will take place on Saturday afternoon, leaving the United Church at Havelock at 1.30 o'clock and proceeding to the Little Lake cemetery at Peterborough for interment.

James Russell Dodworth, Sr.

The remains of the late James Russell Dodworth were forwarded to Pittsburgh for burial this afternoon at 3.50 on the C.P.R. from D. Bellegham and Sons' Funeral Home, Hunter Street.

The large array of beautiful floral designs testified to the high esteem in which the deceased was held by his many friends in Peterborough.

DEATH

ROSE—The death occurred on Friday, Sept. 25 1931, of Mary A Hudgin, widow of the late George Rose of Picton, age 88 years

Funeral service will be held at home of her son, C. D. Rose 157 Rutherford Ave., on Friday, Sept. 25, 1931 at 8.30 p.m.

Interment in Cherry Valley Cemetery, Picton.

BEECH NUT WARES.

Beech Nut are again conducting a publicity campaign in this city, and have two young ladies busy distributing free samples of Beech Nut Chocolate Drops in schools, stores, factories and hotels.

The two representatives are dressed in spotless white with sashes draped over the shoulders bearing the trade name. They distribute their wares from substantially - stocked creels.

HOME EDITION

VOL. LXVII., No. 73 — PETERBOROUGH, ONTARIO, CANADA, SATURDAY, SEPTEMBER 26, 1931 — PRICE THREE CENTS

TO DECIDE SUNDAY ON BRITISH ELECTIONS

Expect Dissolution Parliament Oct. 3 Nominations Oct. 16

Premier Macdonald to Consult Members of Cabinet at Chequers on Sabbath—Opinion in Lobbies Believes Dissolution Imminent.

TARIFFS WILL BE AN ELECTION ISSUE GOVERNMENT'S PLATFORM IS OUTLINED

Brief and Bitter Campaign Foreseen if Macdonald "Crosses the Rubicon" on Sunday — Lloyd George Active.

LONDON, Sept. 26.—(C. P. Cable, by George Hambleton, C. P. Staff Writer). — Critical conversations open at Chequers tomorrow. There at the week-end residence in the Chiltern Hills, after discussions with Right Hon. Stanley Baldwin and Sir Herbert Samuel, the principal members of the Cabinet, Prime Minister Ramsay MacDonald will decide whether to ask for dissolution of Parliament or not.

On Tuesday the King returns to London from Scotland. If the decision favors dissolution Mr. MacDonald must submit it to His Majesty.

But in and about the lobbies of Parliament dissolution is regarded as a foregone conclusion. It is now suggested dissolution will take place on October 3, with nominations on October 16, and the elections on October 28.

Government's Plan.

The plan is for a national appeal by the Government under the leadership of the Prime Minister probably on the following broad lines of policy:

1—Stabilization of currency.
2—A balanced Budget.
3—Tariffs.

Adoption of a tariff program, it is forecast, will mean the resignation of Lord Sankey, Lord High Chancellor, and Philip Snowden, Chancellor of the Exchequer, Labor members of the Government. Sir Herbert Samuel, Secretary for Home Affairs, and Sir Donald MacLean, President of the Board of Education, Liberals. Sir Herbert Samuel will probably be replaced by Sir John Simon. Lord Reading, Secretary for Foreign Affairs, it is thought, will remain with the Government.

A Brief Campaign

Should Mr. MacDonald decide to cross the Rubicon the campaign will be sharp and bitter. There have been moves recently to shorten legal delays between dissolution and polling, but this, it is found, would mean special legislation, and such legislation would have to fight its way through Parliament.

There is a rumor, continually repeated especially in Labor circles, that if the National Government goes to the country on a policy of tariffs, Rt. Hon. Lloyd George, leading the Free Trade Liberals, will be a determined opponent. It is significant that Rt. Hon. Arthur Henderson, Opposition Leader, after indicating his willingness to try a revenue tariff as against reduction in unemployment benefits, is now definite that tariffs will not help in national reconstruction.

"Tariffs An Impediment"

Labor's official voice, The Daily Herald, further declares editorially to-day that a tariff "would hinder instead of helping that trade recovery which has now become possible by the removal of obstacles which have been placed in its way. Always a folly, Protectionism at the moment is a double and treble folly."

COUNTRY NEEDS MORE OPTIMISM

J. F. H. Wallace of Montreal, Declares Britain and Canada Sound.

REASONS FOR CONFIDENCE.

Speaking of Canada and the British Empire, sweeping optimism was expressed by J. F. H. Wallace of Montreal, formerly of this city, addressing the Friday Night Supper Club at the Y. M. C. A. last night.

England's troubles have not been cause by decadence of its people or mismanagement on the part of its government, but by its good deeds, Mr. Wallace said. England has temporarily crippled herself by her war burden. While Britain forgave war debts owing to herself from her allies she made it a point of honor to pay every cent of her debt to the United States, Mr. Wallace said. Of the total war debt payments that have been made to the United States, Britain has contributed 83 per cent.

Pointing to the past records of England and Canada, speaking of their financial structures, their public interests and their untouched resources, the speaker declared that no fear need be entertained for their futures. He stressed contention that things are not as bad as they look.

"Be an optimist. There are too many apostles of gloom around these days. On all sides you are confronted with tales of depression. Its time we called a halt to such pessimism. They claim that its the worse depression the world has ever experienced but that can be contradicted It is the worst depression in 65 years but not the worst we have had. It stands third in length in the records of depressions."

"Valuable lessons can be learned through this depression," Mr. Wallace said. "If we learn the lessons that are here for us to learn then we are going to benefit by this period through which we are passing."

The meeting which Mr. Wallace addressed was the first gathering of the Friday Night Supper Club this season. He was enthusiastically received as former chairman of the organization. C. A. Salmonsen presided.

Musical entertainers during the banquet were Mildred Morphet and a particularly well-received singing trio composed of Jerry and Carl Duffus and "Pud" Braund under the direction of Ferdy Mowry.

$2,500,000 RELIEF PROGRAM.

VANCOUVER, B. C., Sept. 26. — (C.P.). — A $2,500,000 program for unemployment relief work has been approved by the City Council. It includes projects by the city, school board, park board, exhibition association and airport. The program will be submitted to the Provincial Government for its approval.

Market Closing On All Exchanges

TORONTO EXCHANGE.

TORONTO, Ont., September 26 (C.P.).—Unimportant price changes were registered on Toronto Stock Exchange this morning. To-day's short session wound up one of the most momentous weeks in the history of the Toronto Exchange. The committee took the extraordinary step of pegging the level of the entire market on Monday, prohibiting transactions at a price below that ruling on the previous Saturday. Later in the week these stringent restrictions were relaxed somewhat and a number of internationally traded stocks were placed on a free trading list. The committee following this action the next day by taking the peg out from under two or three local issues.

The level of the market is now the lowest for this year and several years previous. Traders were hopeful Monday's opening would be orderly and firm in view of the restricted trading this morning and the fact that the price level was slightly better than Friday with the tone firm at the close.

Montreal Exchange

MONTREAL, Que., Sept. 25. —(CP)—Interlisted stocks were slightly lower at the close of the short session on the Montreal stock ex-

Principals In Oriental Conflict

C. T. Wang (left), Chinese Foreign Minister, who deplored the possibility of an international issue or a serious break with Japan over the Mukden incident. General Honjo (right), Japanese Garrison Commander at Mukden, ancient capital of Manchuria, is expected to be called upon to explain the sudden and unaccountable seizure by some of his forces at Mukden. He is said to have acted on his own authority and embarrassed his government.

FORTY MEN EMPLOYED BY C.G.E. CO ON GOLF COURSE IN MONAGHAN

Smoothing Fairways and Building Bunkers for Kawartha Club.

FIVE DAYS A WEEK.

Forty men have been taken from the ranks of the unemployed and put to work with the commencement of construction operations on a full scale on the location of the Kawartha Golf and Country Club west of the city under the auspices of the Canadian General Electric Company.

The work is being rushed ahead as a relief measure and the men employed have been chosen with great care by the Canadian General Electric employment officials The average age of the forty men now working is about 45 years and all are married and have dependents, Robert MacMorran, supervisor of the project, stated to-day. Most of the men are of Peterborough addresses, although some are from North Monaghan. All are of Canadian, Scotch, English or Irish birth.

Without going outside of Peterborough, the Canadian General Electric was successful in securing men with the proper specialized experience to lead the various gangs on the job. One experienced man is in charge of the heavy stone removing and blasting work, while others have charge of the preparation of greens and tees. An expert has been secured to direct the work of planting and removing trees.

Adopt Five Day Week.

An eight hour day and a five-day week is being followed in view of the fact that the program is for the purpose of providing work for as many as possible.

The drilling of two wells on the 193-acre lot is progressing and prospects are that plenty of water will be available. Two wells already on the farm will be used as water scurces. It is estimated that two hundred gallons per minute will be required for watering the greens, tees and fairways and to provide for shower baths and the requiremens of the club buildings.

Pole Line Completed

The power line gang that has been at work for the past ten days has completed the erection of poles from the C.G.E. lines at the corner of Sherbrooke street and Monaghan road to the golf property. In another week it is expected that the wires will be strung and the power line complete.

Four large barns on the property have been taken down since work began. Two other buildings includ-

(Turn to Page 5)

Daylight Saving Drawing to Close

TORONTO, Ont., Sept. 26.—(CP)—Montreal, Ottawa, Toronto and other Canadian cities return to standard time tomorrow morning after a summer of daylight saving. New York city and several United States points also put their clocks in step with the sun again shortly after midnight tonight. The majority of Ontario cities which adopted daylight saving for part of the summer months returned to standard time at the first of the month.

The Niagara district grape crop for 1931 is estimated at over 20,000 tons.

An essence used in the manufacture of artificial pearls, is obtained from herring scales.

Youthful Skipper Sails Great Lakes In Home-made Boat, Bedslat Propelled

CHICAGO, Ill., September 26 (C.P.). — Nick Blacker's shipbuilding may not be so good, but as a skipper he refuses to quit. Nick is 15.

His ship was home-made. Down by the tracks he found some boards. In an alley he discovered a piece of tin, and on a kitchen shelf there were nails and a hammer. So he built his craft, took an old bedslat for an oar, and a gasoline can for emergencies, and set sail on Lake Michigan.

Darkness found him, Michigan-bound, a mile and a half from Chicago, when Captain Fred Stebbins of the coastguard drew alongside in a power boat, and seized him by the neck.

"Bring my boat along, too," shouted Nick, "or I won't be rescued. A skipper will not desert his ship, and that's all there is to it."

Captain Stebbins did.

MRS. R. R. HALL WINS FIRST PLACE IN GARDEN AND LAWN CONTEST

Mrs. F. D. Kerr's Garden on Rubidge Street Was Close Second.

WINNERS ANNOUNCED.

In making the report on the Lawn and Garden Competition of the Peterborough Horticultural Society, the judges declare they found it rather difficult to make awards to conform to classes as laid down in the schedule.

In Class "A" for the best-kept lawn and surroundings where professional help is employed, Mrs. R. R. Hall's garden, Reid street, was first, gaining the highest number of points and was in all respects as near perfection as possible. Mrs. F. D. Kerr's, Rubidge street, was a close second, not having quite such a variety and dropping below in general cultivation. An old world atmosphere is lent to a secluded part of the garden by the inclusion of a sun dial.

The two following entries were considered in a class by themselves, not being eligible to compete in the amateur classes: Mrs. Robinson, 522 Homewood Avenue, has a well laid-out garden and gained the maximum points for cultural skill and neatness. The surroudings being very fine and a noticeable feature was the pair of bronze Italian maples on the front lawn. Miss Denne's, 723 George street, has a very natural setting. The grouping of plants is used very effectively, but house surroundings are not so good.

Retains Bell Cup

In Class "B" amateur for the best lawn and surroundings, J. Seymour hold the Bell Cup for one year. This naturally fine situation has been made the most of and a very pleasing feature is the rock garden; Pergolas and window boxes constitue a restful and inviting atmosphere. J. S. Mason's entry on Armour Road was a close second in this class, the same meticulous care and thought has been expended as in the case of the first prize winner. Fewer varieties and grass not as pure, detract.

The third prize was awarded to Mrs. George Benton, Water street,

(Turn to Page 5, please)

PREMIER HENRY TO CUT SALARIES TORONTO HEARS

Proposed Reduction Would Apply to Legislature and Employees.

MEETING WEDNESDAY.

Rumor Says Provincial Civil Servants to Lose 10 Per Cent.

TORONTO, Ont., Sept. 26.— (By the Canadian Press.)—A Toronto paper says to-day it learns the Ontario government had under advisement a ten per cent. cut in the salaries of members of the Cabinet and the Legislature and all employees of the Government. While official circles say there is nothing imminent in the move, the Ontario Civil Servants' Association has heard of it and has called an open meeting for next Wednesday night, to discuss the situation.

Ontario government and civil service salaries, it is estimated, amount to $15,000,000 yearly and a ten per cent. reduction would mean a saving of $1,500,000.

The report says the civil servants will battle the Cabinet in regard to the proposed reduction, their contention being there are many low paid civil servants who find it difficult to get along on their present salaries.

Other matters to be discussed at the meeting on Wednesday are the proposals for shorter holidays, shorter noon hour and a longer half day on Saturday.

In regard to the proposed cut in salary it is stated the Government may propose a graded scale so that those receiving the smaller salaries may only be reduced five per cent.

Farmers' Butter Sells 25 Cents Lb.

Butter was 24 and 25 cents a pound on the market this morning and eggs were at exactly the same prices Cream was 30 cents a pint, chickens 23 to 30 cents a pound.

Grapes were 25 cents a basket, tomatoes were 15 and 25 cents in large baskets, and potatoes were 40 and 50 cents a bag. Red peppers sold at 20 and 25 cents a dozen, with other vegetables at prevailing prices.

St. Kits' Couple Shot in Squabble

ST. CATHARINES, Ont., Sept. 26 (C.P.). — Peter Holouchuk, 46, and his wife, Mary, 35, were shot to death about noon to-day, following an alleged altercation with a visitor over some chickens in the Beaverboard district near Thorold.

Nick Kozuc is being held by police in connection with the slayings.

Five children survive the slain couple.

FIVE ARE HURT AS CARS CRASH

Trenton, Kingston Doctors Involved in Collision Near Port Hope.

4 AUTOS IN PILE-UP.

PORT HOPE, Ont., Sept. 26 (CP) —Five men were removed to hospital following an accident four miles east of here this morning, when a car driven by Charles James, Ottawa, and carrying Peter C. Hayeswick and A. Mill, also of Ottawa, collided head-on with another motor car in which Dr. F. L. Reid, Trenton, and Dr. J. V. Williams, Kingston, were riding.

Dr. Reid was removed unconscious to Cobourg Hospital, while Dr. Williams is suffering from a badly-lacerated head. The occupants of the Ottawa car were taken to Port Hope Hospital where it required many stitches to close up the cuts and wounds in their heads. Their condition is not considered alarming.

Two cars, which were closely following the ones involved in the accident, struck them after they had collided on the road and added to the injuries of the Trenton and Kingston men.

Fall Raspberries In Campbellford

CAMPBELLFORD, September 26 (Examiner Staff Correspondence). — And still they come, those raspberries which have been the talk of the town. This week Mr. W. I. Stillman of Campbellford picked another box of the berries, this constituting the third crop from these canes this year. And he states that there are berries on the canes to ripen, providing an early frost does not come to spoil them.

TITLE HOLDER ONE STROKE UP AT 18TH HOLE

Contestants Play Clever Golf in Final of U. S. Women's Tourney.

LEAD SEE-SAWS.

Five Times Champion Covers the 18 Hole Course in 81 Strokes.

BUFFALO COUNTRY CLUB, WILLIAMSVILLE, N.Y., Sept. 26 (C.P.)—Mrs. Glenna Collett Vare of Philadelphia, defending champion, to-day stood one up on Helen Hicks, of Hewlett, L.I., at the end of the first 18 holes of their 36-hole match for the National Women's Golf Championship.

Mrs. Hicks, who was out in 38 to 40 for Glenna jumped into the lead at the first hole, bagging a fairly long putt for a birdie 4 to become one up. The next five holes were halved as the result of some remarkable putting by Mrs. Vare, who was having trouble with her second shots, both woods and irons.

The Long Island girl won the seventh hole when Glenna's second shot caught the rough and she shanked her third, finally getting a six to Helen's 5. They halved the other two holes. For the second time this week Mrs. Vare picked up a four-leaf clover. She found to-day's on the sixth fairway.

Covers 18 Holes in 81

The five-times champion negotiated the 18 holes in 81, even with women's par, while her younger and sturdy rival was a stroke more.

Helen had a lead of two holes on Queen Glenna at the end of the first nine. Mrs. Vare was not hitting her long shots well, and it was only five recoveries on the green that kept her from being more than two down. Miss Hicks was out in 38, three under par, to 40 for Mrs. Vare.

Hole 1, 320 Yards, Par 5.

Mrs. Vare had the honor and partially hooked her drive. Miss Hicks, keeping to the middle of the fairway was 10 yards in front. Glenna's second caught the far bank of a trap on the left of the green, while Miss Hicks placed an iron shot hole high eight feet above the cup. The champion played an explosion shot and was 25 feet away from the hole and missed her first putt. Miss Hicks' first putt rolled to the right of the cup and she put it in for a birdie 4 to become one up.

Hole 2, 335 Yards, Par 5.

Miss Hicks again had a slight advantage on the drives, getting on to the 200 yard mark. Mrs. Vare played a low iron shot that just rolled on the green. Helen placed her second inside of the title-holder's. Mrs. Vare barely missed her first putt, the ball stopping on the far side of the cup. Helen's was short and they halved with 4's.

Hole 3, 435 Yards, Par 5.

Their drives on the third hole split the rain-soaked fairway. Helen smacked a long, low brassie which just cleared the top of a trap and was 10 yards from the green. Mrs. Vare's second was higher and did not get as much distance. They hit their approaches poorly, neither being close to the pin, Helen the farthest of the two. Miss Hicks' first putt rimmed the cup and Glenna missed hers, the hole being divided with 5's and Miss Hicks remaining one up.

Hole 4, 460 Yards, Par 5

Glenna's drive on the fourth hole passed Helen's by a few yards but

(Turn to Page 5, please)

FIVE CRIMINAL CASES ON DOCKET OF SUPREME COURT ON TUESDAY MOTOR CARS INVOLVED IN FOUR

Mr. Justice Wright Will Preside at Opening of Supreme Court.

NINE CIVIL ACTIONS.

Claim For $20,000 Damages Arises from Automobile Accident.

A heavy list of cases is awaiting trial at the sessions of the Supreme Court of Ontario which opens here on Tuesday before Mr. Justice Wright. Four cases of manslaughter are on the criminal docket, each one of them arising out of automobile fatalities, while a fifth criminal case is that of Rex vs John Wesley Clapper, charged with rape.

The criminal cases will be prosecuted by Major D. G. McIntosh, K.C., of Kitchener.

The charge of manslaughter against Morris Pepin, followed on the death of 6-year-old Eva Arnott who was struck by a car driven by the accused while walking to school with a playmate on Park street south, shortly before 1 o'clock on the afternoon of Tuesday, June 9.

Max Finiffter, 23, underwear sales man of Toronto will appear on a similar count as a sequel to the death of Harry Blodgett, 12-year-old son of Mr. and Mrs. James Blodget, 14 Mill street, who was fatally injured when knocked from his bicycle by Finiffter's car on the afternoon of Friday, June 12. The accident occurred just south of the city on the Port Hope Highway. Philip Barnes, aged 9 years, who was riding on the handle-bars of the cycle at the time of the crash, escaped with gashes in his head.

Blair C. Brown, motorcycle officer of Trenton was killed and five other motorists were more or less seriously injured in a motor accident which occurred on the Port Hope Highway four miles south-west of the city on the afternoon of Saturday, June 27, and in connection with which Orvel Ward of Trenton stands charged with manslaughter.

The other manslaughter charge is against Harry Faiers, 22, of 5 Lansdowne street which arises as the result of the death of Norman Taylor on the night of Sunday, August 23. Taylor was riding a bicycle on Lansdowne street and when struck by accused's car was hurled headlong through the windshield.

The Civil List.

In the civil list there are one jury and eight non-jury cases listed for hearing. In the jury Doris O'Neill, a minor, is suing through her father, Thomas O'Neill, of Lakefield, the Canadian National Railway Company, for the sum of $500.00 damages and costs.

The infant plaintiff, it is claimed, was permanently injured when a turntable belonging to the defendant company was set in motion by some other children with whom plaintiff was playing on April 19, 1931.

The defendant company state that if the child was injured it was a result of trespassing upon the defendant's property. The turntable they claim was properly secured and fastened.

Gordon and Elliott are representing the plaintiffs, while A. D. McDonald is solicitor for the defendant company.

The first case on the non-jury list is an action brought by the Alfred McDonald Lumber Company against Fred Field of Alnwick Township. Plaintiffs claims the sum of $914.57 and costs of the action, while defendant counter claims for commissions amounting to $951.53, in connection with certain lumber deals.

J. A. O'Brien is solicitor for plaintiff. Defendant is represented by Thos. F. Hall, K.C.

James Tucker Lang, insurance agent of this city, is suing Frank Hooey and George Huston, washing machine salesmen, for the sum of $20,000 and costs. The action arises out of an automobile accident which occurred on Park street near Sherbrooke street on November 18, 1930, when the automobile owned by Huston and driven by Hooey came into collision with Lang's machine.

No statement of defence having been delivered by the defendant Hooey it is adjudged that the plaintiff recover against the defendant Hooey damages to be assessed.

Gordon and Elliott are solicitors for plaintiff and J. F. Strickland, K.C., M.P.P. is solicitor for the defendant Huston.

First Divorce Case

A divorce action, the first to come for trial in Peterborough, is also listed in which Ethel Watkins is named as plaintiff and Frederick Ernest Watkins and Agnes Horton (otherwise known as Agnes Watkins) both of the village of Alfrenda, New York, are the defendants. Plaintiff claims the dissolution of her marriage with plaintiff Frederick Ernest Watkins, and the custody of their child, Mary Elsie Earlene Watkins. W. F. Johnston is solicitor for plaintiff.

Thomas McIvory, plaintiff in an

ELECTED PRESIDENT

General Jan Smuts, famous South African statesman, who was elected President of the British Association for the Advancement of Science at the annual meeting in London.

NO ASSISTANCE FOR LANCASHIRE FROM MAHATMA

Refuses to Lift Nationalist Boycott Against Foreign Cotton Goods.

SAYS INDIA'S LOT HARDER.

Mayor States Country Must Realize Its Textile Trade is Lost With India.

DARWEN, Lancashire, Eng., Sept. 26. —(AP)— Mahatma Gandhi in the heart of Great Britain's textile industry today turned a deaf ear to Lancashire's plea that he lift the Nationalist boycott against foreign cotton goods.

After hearing from the workers, the jobless spinners and from the mill owners how difficult Lancashire's lot has become, he replied that India's lot is still harder to bear and that he and the Indian Congress party would remain firm in their stand that India produce cloth efficient for its own needs.

Since the Delhi truce negotiated with former Viceroy Lord Irwin the boycott has been effective, not only against British goods, but against that of other exporting nations, he said.

Slight Hope

If the Round Table Conference now in progress should develop a solution of India's difficulties, he added, it is possible that some time in the future India might need more goods than she is able to produce, in which case British products would be favored over those of other nations.

Afterward the Mayor of Darwen said it was apparent that Gandhi is determined to cast the lot of his own people first and that Great Britain must come to the realization that Lancashire never will regain its lost textile trade with India.

FIND WORK ON ROADS.

North Bay Unemployed on Relief Program.

NORTH BAY, Sept. 26. — Three hundred men will be employed in the improvement work to the Sturgeon Falls and Trout Lake roads under the unemployment relief program for this district. Thursday morning 75 were started on the Trout Lake road. This morning another 75 were hired for work on the Sturgeon road. Another 75 will be taken on Monday for each of the roads.

Funeral 31 Years After His Death Is Arranged for Alexandria Farmer

ALEXANDRIA, Minn., Sept. 26.—Thirty-one years after his death, funeral services will be held, Sunday at Ida, near here, for Otta Dahl, a farmer.

Plans for the funeral were announced yesterday following the discovery of his skeleton in a swamp. The skeleton was identified as his by his children through dental work, a gun and a jack-knife found nearby.

Dahl, then 58 years old, disappeared from his home April 23, 1900. He is believed to have wandered into the swamp while searching for cattle.

The skeleton was found by a youth exploring areas of the swamp, which have been dried up by the recent drought.

OUTFIT YACHT; EASTER ISLAND TO BE EXPLORED

Party of 20 Scientists to Sail on Vessel Reputed to Have Cost $1,500,000.

LOST CIVILIZATION.

Johnston Expedition Will Study Images, Great Stone Walls.

NEW YORK, N.Y., Sept. 26—A yacht reputed to have cost more than $1,500,000 has nosed its shining white hull into Glen Cove Harbor to be made ready for a trip to Easter Island, where 20 scientists will attempt to solve the mystery of a lost civilization." The island is in the Polynesian group in the South Pacific Ocean.

Since the discovery of the island on Easter Sunday, 1722, by the Dutch Admiral Roggeveen there have been various indications of the existence of a past culture.

The expedition of Eldridge R. Johnson of Moorestown, N.J., will try to determine among other things who carved and erected huge stone statues on the island; who made wooden images found in profusion there, and what feats of engineering were required to move the stone images, some of them weighing many tons.

Origin of Stone Mystery

Huge blocks of stone from the walls surrounding some of the cities and the origin of the stone is a mystery. Prof. MacMillan Brown of Christ Church, New Zealand, twelve years ago found carved alphabetical characters.

Mr. Johnson has long been interested in scientific exploration. He has not yet made public the names of the scientists who will make the expedition.

His yacht is 279 feet long over all and has two Diesel eight-cylinder engines, generating 1,500 horsepower. It has four decks, elevator installation, smoking rooms, shelter houses, observation rooms, special suites for owners and for a crew of 50 under Captain Andrew Peterson.

The yacht is named Caroline and is a clipper bow type. Equipment includes a gyro-stabilizer, weighing 105,000 pounds, which will keep the ship balanced to a 2-degree roll. The yacht was launched at Bath, Me., July 18.

GANDHI VISITS COTTON DISTRICT

Populace of Manufacturing Centre Both Cheers and Jeers Little Brown Man.

LITTLE HOSTILITY.

DARWEN, Lancashire, England, September 26 (C.P.). — Mahatma Gandhi to-day was in the heart of the great cotton manufacturing section of England—the section that has suffered most from his boycott of British goods. It has been estimated that orders amounting to two billion yards of cloth have been lost because of his action and thousands are unemployed.

He was both cheered and heckled when he came to the nearby village of Springvale last night to spend the week-end conferring with operators and workers alike. There were shouts of "Good Old Gandhi" and others not so complimentary as a great throng of mill families pressed around the station.

All along the way from London the populace turned out to catch a glimpse of the little brown man who has persuaded millions of Indians to make their own cloth and to shun materials of British manufacture. Curiosity seemed to be the dominating sentiment and there were no evidences of hostility.

Two Scotland Yard men rode up with him and uniformed officers boarded the train at Manchester and other stops. A strong force of mounted and foot police cleared the way for the motor car that took him to a private home for the night.

New B.C. Railroad Passed By Gov't

VICTORIA, B.C., Sept. 26 (C.P.) —The Pacific Great Eastern Railway will be extended from Quesnel to Prince George, a distance of 82 miles, as soon as possible, as an undertaking to provide further employment. This was decided upon by the Provincial Government at a special meeting of the executive last night.

Work will commence immediately following official ratification from Ottawa of acceptance by the Federal Government of the proposal as the work in under the Provincial schedule of emergency undertakings.

Labor Men Object to Economy Measure

A deputationof Labor men, headed by James Maxton (Centre), leaving 10 Downing street, after a conference with Premier J. Ramsay MacDonald, on the new economy measures of the national government.

LAVAL, BRIAND TO VISIT BERLIN, EUROPE WAITS

Trip May Lead to Burial of Hatchet for First Time Since 1870.

FRANCE SINCERE IN MOVE.

Foreign Minister Sees in Outcome Crowning of His Hopes.

(By Joseph E Sharkey, A. P. Staff Correspondent)

PARIS, Sept. 26.—Europe awaits consuming interest not unmixed with anxiety the results of the official visit that Premier Pierre Laval and Foreign Minister Aristide Briand are making to Berlin tonight.

The visit may lead to a "burial of the hatchett" by two great nations which have been more or less antagonistic and certainly mighty rivals for power since the Franco-Prussian war of 1870 and the Great War.

M. Briand, appostle of peace" who has been calumnied by many of his own people for seeking a rapprochement with Germany, finds in this visit a crowning of his hopes. Worn and broken from age and hard work, he is confident that there are enough peace loving peoples in both Germany and France to realize the necessity of genuine co-operation in every line of activity.

M. Laval, France's "laconic" statesman who has won a name both at home and abroad as a shrewd and capable leader, will bring to the conversations the freshness and optimism of comparative youth. He is 47. With France solidly backing his ideas, he will be able to tell Chancellor Bruening and Foreign Minister Curtius that the French Republic wishes sincerely to collaporate with its great neighbor, Germany.

Both Briand and Laval are radicals in their upbringings and both have been socialists.

REFUGE TRAIN IS FIRED UPON

Britisher Claims 2 Chinese Killed When Japanese Plane Attacked.

LEGATION MAY PROTEST.

PEIPING, China, Sept. 27. (AP) J. G. Thompson, British general manager of the Peiping-Mukden Railroad, reported to-day to the British Consul General at Tientsin that Japanese airplanes had fired on a passenger train on which he and his family were riding on Thursday.

The train was packed with Chinese refugees, many of them riding on the roofs of the cars, he said, when an airplaine dropped low over the train and turned a machine gun on them, killing two and wounding several other Chinese. Thomson said there were no soldiers on the train nor anywhere in the vicinity.

It was understood that the British legation would protest to the Japanese Government.

Burman City Reached By Kingsford-Smith

VICTORIA POINT, Burma, Sept. 26.— (C.P. Cable via Reuters.)— Captain Kingsford-Smith, famous Australian flier, who is attempting to set a new record for a flight between Australia and England, arrived here early to-day, leaving a few hours later for Rangoon. His appearance dispelled some anxiety as he was some hours overdue.

Captain Kingsford-Smith who is flying in the Southern Cross Jr., expects to arrive at Rangoon this evening and will hop off shortly afterwards for Calcutta.

John Potts Lands 24-Pound Muskie

CAMPBELLFORD, September 26 (Examiner Staff Correspondence). — The waters of the Trent are not yet devoid of those big fish which seem to be the dream of every lover of the sport. Another proof of this fact was given this week when a 24-pound 'lunge fell to the basket of John Potts of Bradley Bay, south of Campbellford.

Mr. Potts had some difficulty in landing the 'lunge as he was alone in a canoe, but eventually succeeded in bringing his prize to shore. The fish was 44½ inhes long, and measurer 19 inches round the girth. It was caught with a home-made brass spoon.

DELEGATES ADD TO DIFFERENCES

Episcopalians Hesitate to Recommend Concerted Action Over Prohibition.

RELATED TO POLITICS.

DENVER, Colo., Sept 26.— Prohibition has joined the list of issues upon which there is registered a difference of opinion among delegates to the general convention of the Protestant Episcopal Church.

Prohibition was both criticized and defended in a report by the committee of twenty-one adopted by the House of Bishops. The committee, headed by James E. Freeman of Washington, was appointed to consider prohibition and lawlessness, world peace and industrial dislocation

"The . is," the report recites, "widespread and honest difference of opinion in the nation, within the church and among members of this convention as to the wisdom and desirability of retaining the eighteenth amendment and the consequent legislation in their present form.

The committee hesitates to recomend concerted action on grounds that issues involved are "highly controversial and closely related to partisa: politics."

"The enforcement of the prohibition law," the report states, "has been steadily resisted, and has been accomplished by graft, corruption, lawlessness, murder and political cowardice and hypocrisy—lawlessness, however, issues in part out of conditions which have not always been given full consideration, such as the enactment of laws, or the failure to repeal laws which do not command or continue to enlist public confidence, and have lost the respect and support of a majority of the people."

2 LEGIONAIRES DIE IN SMASH

Two Companions Lie in Fort Erie Hospital Seriously Injured.

CHARGE LAID.

NIAGARA FALLS, Ont., Sept. 26. —The condition of John Keeley, 66, and William Kearney, 55, injured near here yesterday in a car crash which took the lives of James O'Brian, a fellow legionaire, and Frank Frey, 23, Port Colbourne, was reported as fair today. Both are in Douglas Memorial hospital, Fort Erie. Keeley is suffering from a concussion of the brain and Kearney has a fractured pelvis and internal injuries.

A slippery pavement on which a car driven by William Hoffman, New York city, skidded and swung into the Frey car was to blame for the crash which injected tragedy into the trip which the Legionaires had made to the Legion convention in Detroit. Both of the men met death instantly. Two other men, Hoffman, and James Conn, sustained minor head injuries.

Hoffman is being held on an open charge by Ridgeway police while Conn is detained as a material witness.

NEW SET BACK IN MURDER CASE

Mrs. Collings Refuses to Testify Further After 3 Hours of Questioning.

ON POINT OF COLLAPSE.

HUNTINGDON, N.Y., Sept. 26.— Objections of Mrs. Benjamin B. Collings to further testimony added complications to-day to the inquest into the drowning of her husband by yacht pirates.

Mrs. Collings, nervous and almost at the point of collapse after three hours of questioning yesterday, turned to her father-in-law, H. P. Collings, and her attorney, William A. Kelly, at adjournment and said: "I am not going on the stand again to-day, and I don't promise to come back here either."

Mr. Kelly later said, "Mrs. Collings will not go back again at any time under present conditions."

Kelly objected to the publicity given his client at public hearings before Coroner William Gibson in the Huntingdon town hall.

Mrs. Collings lives in Stamford, Conn., and her presence as a witness was purely voluntary.

"I can't force her to come, commented Alexander G. Blue, District Attorney of Suffolk County, who questioned her at the inquest. "But I hope to have her on the stand again next week."

A Suffolk Grand Jury convenes Monday. Mr. Blue would not say whether he would present the Collings case to the jury.

Mrs. Collings' testimony disclosed no new facts.

Bar 103 Deposition In Trial Of Geen

PHILADELPHIA, Pa., Sept. 26.— (CP) Federal Judge Dickinson held under advisement to-day a motion by counsel for Harry Geen to exclude from the record all except one of 104 depositions by British investors which are the basis of extradition efforts by British authorities. Geen was arrested here last May on conspiracy charges growing out of an alleged international security swindle.

Action to bar the 100 affidavits was based on the claim that the deponents related transactions which took place after the date on which Geen is alleged to have received his last share of proceedings from the deals in question.

Geen's counsel also contended that the charge of conspiracy is not covered in extradition treaties between the United States and Great Britain.

Judge Delays Probe Into Western Strike

ESTEVAN, Sask., Sep. 26.—Judge Wylie, of the district court, Estevan, has delayed investigations into the strike situation in this area pending word from Ottawa.

His Honor appointed Tuesday as a Commissioner under the Enquiries Act to investigate all aspects of the 18 day strike which has crippled industry in the Estevan and Bienfait districts. The strike sector was quiet all day yesterday.

The rumor grows in persistency that, in view of the collapse of negotiations between the miners and the Dominion conciliation officer, who left Estevan Thursday night the commission may be cancelled. Judge Wylie had planned to start his investigations within two days of his appointment as commissioner.

Anti-Catholic Move Spreads In Mexico

MEXICO CITY, Sept. 26. (AP) The newspaper Excelsior to-day said the anti-Catholic movement sponsored by Governor Adalberto Tegeda of Vera Cruz was spreading rapidly and prediced that by the end of the year restrictions against the church would be in force throughout the country.

The paper said state laws limiting the number of priests were being prepared in Chihuahua, Jalisco and Aguaca Calientes and would be enacted within a month, adding that other states would follow suit shortly thereafter.

REIGN OF TERROR BEING PLOTTED BY DOUKHOBORS

B. C. Settlers Send Legislators to Appeal for Police Protection.

OPEN COMMUNISM EXISTS.

Plot to Blow Up Two Strategic Bridges is Uncovered in Time.

VICTORIA, B.C., Sept. 26.—(CP) — British Columbia's government today considered claims of a group of legislative members that open Communism exists among the 12,000 Doukhobors in the south and threatens lives and property of settlers in the district.

Five members of the Provincial Legislature from the southern region came to Victoria yesterday and conferred with Government officials, demanding that adequate police protection be given farmers who live in the vicinity of the Doukhobor settlements. Members of the sect, they declared, hold the area in a "reign of terror."

Plots To Control Region

Alleged plots were described by the members, aimed at control by the Doukhobors of the district. Destruction of two strategic bridges were planned, they said, but the plot was discovered. The bridges connect by rail the interior with the coast.

No indication of what the government plans to do was given.

Capt. James Fitzsimmons, M.L.A., summarized the situation by saying that interior communities viewed with growing concern the frequent disturbances in the Doukhobor settlements. These, he said, included open flouting of the flag in a number of ways, and this disobedience went unchecked, or at least had been very leniently dealt with in the past.

Tendency Is Leaning To State Medicine

TORONTO, Ont., Sept. 26. (CP) Tendency toward state medicine in Western Canada and Nova Scotia was described to-night by Dr. G. Harvey Agnew, secretary of the department of Hospital Service, Canadian Medical Association, and recommended to the American Protestant Hospital Association.

The prairie provinces have been quietly but steadily drifting toward state medicine, he said, addressing a meeting of the organization. Municipal doctors and union hospitals had come to stay, he believed.

Manitoba, Saskatchewan and Alberta had instituted municipal doctors in rural districts. The system had proved satisfactory, he declared.

Mosley Creates Stir At London Meeting

(By George Hambleton, C.P. Staff Writer).

LONDON, Sept. 26 (C.P.). — Sir Oswald Mosley, the colorful young Socialist and member of Parliament for Smethwick, has been the centre of more wild scenes. At Birmingham a strong bodyguard of police had to force a passage for him through a boisterous mob. As he tried to answer questions his voice was drowned by the singing of the Red flag.

Police with interlocked arms had to keep off the crowd which followed Sir Oswald to the street leading to his hotel. For a time traffic in the main streets was held up.

Francis DeLesseps Freed At Cobourg

COBOURG, Sept. 26.—Magistrate Col. W. H. Floyd acquitted Francis DeLesseps, Toronto, son of the late Count DeLesseps, when he appeared before him in Police Court here yesterday, accused of being drunk while in charge of a car.

Miss Mary Groph, Toronto, who was in the car at the time, was fined $100 and costs for illegal possession of liquor. Mrs. Paddy Hall was fined $10 and costs for being drunk after DeLesseps' arrest.

EASTERN U. S. GOES ON STANDARD TIME

NEW YORK, N. Y., Sept. 26. — Eastern communities of the United States in which timepieces have been a hour fast since the last Sunday in April will return to standard time tomorrow. The official hour for the change is 2 a.m. Most persons will turn back their locks an hour before going to bed and will have an opportunity for an hour's more sleep than usual.

Slippery Convict Loose Once More

WINNIPEG, Man., Sept. 26.— (CP)—Nick Darowick isn't called "slipperiest" convict by police in Manitoba for nothing.

Just three weeks after police bullets brought his temporary freedom to an end following his escape from Headingly jail, wily Nick leaped through a window of his room in the general hospital last night, where he was convalescent, and escaped. His break was made while the guard was being changed and no officer was stationed at his door. He wore only a regulation hospital dressing gown when he ran out.

Beautiful International Society Girl

TO GRACE SOUTH AMERICAN COINAGE

The head and shoulders of Senorita Louisa de Ceballos, representing Liberty, will appear on the new Venezuelan bolivar. Senorita de Ceballos is of Spanish ancestry, and is a well known figure in international society.

SPECIAL SERVICES

Rev. G. W. Chambers Will Conduct Evangelistic Meeting in Legion Hall.

The Special Revival Campaign which has been carried on in the White Top Tabernacle during the summer months, came to a close last Sunday evening, when Mr. Earle Williams of Sarnia, a noted speaker, delivered one of his soul-stirring evangelistic messages. These meetings have been drawing large crowds each evening and many noted evangelists have delivered messages which have brought home to many people of the city and surrounding districts, their need of real spiritual food.

The local Penetcostal Assembly has been responsible for bringing such famous evangelists to the city, and are now planning an extensive winter program. It is expected that Rev. G. W. Chambers, General Superintendent of the Pentecostal Assemblies of Canada, will be in charge here during the winter season, and commencing tomorrow, Sunday, Sept. 27, the services will be held in the Canadian Legion Hall with Sunday, Sept. 27th, the services will be held in the Canadian Legion Hall with Sunday School at 10 a.m.; Morning Worship at 11.00 o'clock with a special afternoon service at 3.00 o'clock, and in the evening at 7.45 o'clock. These afternoon and evening services will be of a special evangelistic nature and will be addressed by Miss Pemberton and Miss Sieman, returned missionaries from the British West Indies, who are now on furlough to Canada. The public is cordially invited to attend these services and an orchestra of several pieces, under the capable leadership of Mr. Frank Robinson, will assist with the musical part of the services. During the week, on Tuesday and Thursday evenings, services will be held in the Assembly Hall at 332½ George street at the hour of eight o'clock, when the Rev. G. W. Chambers will be in charge. Mr. Williams will remain in the city over the week-end and will conduct the Service of Song.

CAVAN FAIR HELD AT IDA

Six Schools Represented in Colorful Parade—Pupils Well Drilled.

ESSAY CONTEST.

CAVAN, Sept. 26.—(Examiner Correspondence). — North Cavan Rural School Fair was held at Ida on Thursday afternoon with a very fair attendance of parents and other interested spectators. The schools were in the parade.

The teachers of the schools were Miss B. Lang, No. 3; Miss Stephenson, No. 4; Miss Matchett, No. 9; Mr. R. A. Sutton, No. 5; Miss McCamus, No. 2, and Miss McKim, No. 7.

Miss Stephenson and Miss Laing were graduates of Peterborough Normal in June and are new to the work and community.

R. A. Sutton gave the commands for physical culture, all six schools going through the exercises at one time. This was a new feature and was more enjoyable, than to watch the schools, individually going through the same exercises.

The exhibits of calves, sheep and colts were good. These three classes paraded together to show how well the pupils could manage the animal which he or she had trained. The exhibits in domestic science, grain, vegetables and poultry were good, showing careful work by the pupils.

Just as the tent was in place and some of the exhibits placed, the wind tore and blew down the tent. The exhibits were transferred to the parish hall, while the public speaking was held in the field, where the stock and poultry were exhibited.

The impromptu speeches and recitations were good. The former was a new feature this year. The impromptu speeches were necessarily the work of the pupil, while speeches given in former years were usually written by older persons and recited by the pupils.

Tom Best and Ernest Vistee gave mouth-organ solos. This was also an innovation. Mary Bradburn and Norma Fee spoke on "How I made my first apple pie" and received prizes in the order given. Beatrice Morton won first prize in recitation. Mr. Bowen, M.P., gave a short interesting address.

Mr. Summer said that he hoped before long there would be a musical supervisor for the schools of this inspectorate. He said there was a grant for this and the cost to the section was very little, while the benefit was very great.

The ladies of St. John's W.A. had an ice cream booth on the grounds, which was well patronized. They also served dinner and supper to those who wished for it.

What of the Church?

By DR. D. L. RITCHIE.

IN the midst of our recent experience of certain aspects of public life, shocking to all right-thinking citizens, the question has sometimes been impatiently asked: "What are the churches for, if not to save us from this?" Are they not set in our midst for the purity and moral elevation of our civic life? Is their concern only for virtue, private and cloistered? Have they no tonic for a democracy and its complexity of institutions and methods? What are they doing to provide us with clean men who will courageously carry the burdens of the modern world with hands unsoiled by theft, or graft, or self-regarding intrigue? So the questions run, and they are urgent as they are sometimes petulant.

Now it may be taken as a compliment to the churches that in days of difficulty and threatened calamity men still turn to ask even such questions It is at least the recognition that they look to the churches for the saving health of the world. Many may not trouble them much with their support, but they still expect the best things from their activities. They know where to turn for what should be preserving salt.

The answer to their questions must be along bold lines: In the first place, the churches are providing the majority of the best men now serving the nation in multiform ways. Things may be bad enough, but where would we be without the men trained by the churches to serve? They at least provide the ten who still save the city. It is the blindness of ingratitude not to recognize such a plain fact.

Secondly, it is the first business of the churches to be a garden of souls and a training ground of personalities. As such they can best be of the highest service to the nation. For them to forget that for an hour, is to miss their high calling and in the end to be useless for the noblest national life. The nations need more than anything else men and women of large soul who feel

"The common burden and the public trust
To be a thing as sacred and august
As the white vigil where the angels kneel."

And it is at once granted that to provide such for the nation is the duty of the churches.

On the other hand, without joining in the too facile girding at the churches so common now, may not the churches wisely ask themselves whether they are so doing their work as to inspire citizenship, or are they so concerned about their own affairs and with conserving their own life by keeping the big ecclesiastical machine running that they have little time or energy left for the real business of the Kingdom of God among men? Where are their eyes? Are they glued to their machine or on the horizon? Do they ever see the towers of the city of God on Canadian soil, or do they consider safety first in letting the vast issues of public morality and probity in civic life alone? There may be momentary ease in Zion that way, but there is neither safety nor honor.

• • •

Two things churches need to have constantly before them: First, that ecclesiasticism can be the death of the Gospel and a blight on nations —the extreme modern example being Czarist Russia, and secondly, that the Gospel is useless until applied. It was not given for preaching, but for living, not for churches, but for the highways of men. The urgent need of the hour is a Gospel developed by its bold application to the issues and needs of our day. That is how new revelations come. Until we put to use the truth we have, no new inspirations

EVANGELIST T. H. RITCHIE,
Who will preach at Bethany Tabernacle on Sunday, September 27.

will be given to us. Do the duty that lies nearest thee, said Carlyle, and the next will soon be plain. It is true of churches as of individuals.

Of course, I am not unmindful that to all this it is answered that Jesus concerned Himself chiefly with the single case and left public issues alone. True it is, as Professor E. Scott points out in his latest book: "The Master's primary interest was not in society, but in the individual; but—we have the paradox that because Jesus was so profoundly concerned with the inward personal life his teaching is everywhere social." The individual is not apart from society, not even his inward spiritual and moral health. And never was that truth so patent as to-day. Men are no longer simple fishermen by the Galilean lake under a Roman tyranny; they are responsible citizens in a complex world, directly responsible for the fashioning of their social order. And the glory of the Christian ethic is that it is not a legal code, but a spirit applicable to all social and national problems in all generations. The business of the church is in its fearless application—yea, even to civics and politics. The clarion call of the hour is for Christian social ethics. Rightly understood it includes the whole Gospel as the fruit does the bud and the flower.

• • •

And to the credit of the ministry the thing is being done in part. But many are finding that they have to pay the price of publishing the truth as they know it. "Out that out, my young man, if you want to have peace here," was recenly said to young minister who had applied the Gospel to business and politics. And, alas, similar experience is too common. The truth is that to-day ministers can preach any theology they like, if only they do not apply Christian standards to modern business and the social and political order that now exists. Heresy-hunting is no longer in the theological, but in the economic field. Those in possession endure the Gospel only so long as it is pointless and is made a prop to things as they are. The only creed about which they are readily concerned is: no politics but our politics, not even the principles of the Kingdom of God; no standards but our standards; no social order but the one we enjoy. As one of them is reported to have put it: "Preach the Gospel" (he meant be platitudinously and piously harmless) "and none of that Kingdom of God nonsense!" The fact is that there are those who want to have the preacher a hireling and not a prophet of righteousness and the herald of a new and better day for men—a new day not in a far-off heaven, but here and now. All such must be resisted to the last ditch.

Many business men have to learn that the day has passed when they can patronize the preacher as one ignorant of business and the methods by which it works. He may not know the details of this and that business, but many of them are now trained in economics, in industrial history, in sociology, in practical ethics; and then many have been through the mill. Would that many business men knew more than their treadmill round. They would not be so impervious to social truth and the great changes that are imperiously knocking atthe door. Never can I forget the plight of a big business man who faced an audience of young academicals to put the "big business point of view." He fled before their fire of searching questions. He did not know how his own business was related to the social order, while that was their one concern. He took the first train from Muskoka.

And yet the churches cannot but be disturbed about the part they are playing in the modern world and not least in the fair land of Canada. We hear about religious revivals, but religion that does not transform and keep healthy the social and moral life of a democracy is already judged.

Great Books

ARISE! Go up into the invisible kingdom through the "wicket gate" of literature. There are "Beulah" for peace and "Delectable Mountains" for ravishment of vision. Kings and princes of the earth are there—great ones, who have been and are—the imperishable ones. They are clothed with immortality. Their house from heaven hath fallen upon them. They wait for thee, call thee to their banquets—say, as such perennially rich and divine souls have ever said, "Come buy wine and milk without money and without price." There is no minted currency There, the bestowal of riches impoverisheth not, but increaseth in the hands of the giver.

Harmony

As Beethoven in his sonatas uses chords which seem to be inharmonious that the following harmony may produce a more beautiful effect, so the Almighty uses storm and whirlwind to purify the atmosphere and emphasize the peace that follow.—Baron Woldemar Uxkull.

Elbert Hubbard Said

MOST inaccuracies come from not really listening to what is said, or not really seeing what you put down, or by indistinct writing.

If asked for information, be sure that you have it before you give it. Do not assume that the location or fact is so now, because you once knew it so. Don't misdirect, but make your directions so clear that they will be a real help.

Responsibilities gravitate to the person who can shoulder them, and power flows to the man who knows how. Don't worry.

Middle Age

I think that the best time of a man's or woman's life is between forty and fifty, providing only that circumstances allow them to live the life they want to live, otherwise it's the most unfortunate.

And also that they have kept alive something of the keenness and enthusiasm of their youth, while adding to it that deeper interest in "little things" which can make of this world such a wonder and entertainment and romance. For study is the joy of middle age, not a youthful joy. The whole spirit of youth is bored by being forced to learn when the whole mind and body is crying out for play; just as the whole spirit of middle age cries out for study, and is only bored beyond measure at being forced to amuse itself—"amusement"! so often a misnomer. Perhaps one day it will be the parents, retired from business, who will be sent off to college by their young children. But the parents wont be crying. They will long to get back to the peace of their studies.—Richard King, in New Silent Friends.

Wrong Doing

NO one is more injured by wrong-doing than the wrong-doer. It is not in the power of a thief to impoverish anyone so much as he impoverishes himself by his thieving. The man who uses vulgar or profane language offends polite and reverent ears, and pollutes the social atmosphere, but he is himself the worst sufferer. Jesus said, "Not that which entereth into the mouth defileth the man; but that which proceedeth out of the mouth, this defileth the man."

Hope

HOPE, like the gleaming taper's light,
Adorns and cheers the way;
And still, as darker grows the night,
Emits a brighter ray.
—Goldsmith.

For Little Ones

I met a little Elfman once,
Down where the lilies blow.
I asked him why he was so small
And why he did not grow.
He slightly frowned, and with his eye
He looked me through and through.
"I'm quite as big for me," said he,
"As you are big for you."
—John Kendrick Bangs.

Happiness

TO be really happy, we must have—

More virtue than knowledge.
More love than tenderness.
More guidance than cleverness
More health than riches.
More repose than profit.

Christ alone can bring us personal happiness, social justice and international brotherhood.—Atkins

• • •

The Universal Cause acts to one end, but acts by various laws. —Pope.

The Art of Gossiping

YES, I always feel better for Dot's visit," said Aunt Annie to me as the door closed on her friend.

Even though harsh things are said about gossip, yet there is something to be said in favor of legitimate gossip. Both women and men welcome those little tit-bits of information, which seem to draw them closer to their neighbors and fellow-creatures.

Gossip gives woman a great interest in her social and domestic circle and humanizes her; indeed, a woman who never gossips is a freak. Even monks and hermits may be jovial gossips when they have the chance, as witness in Scott's "Quentin Durward"—"Here, Andrew, carry this to my gossip, jolly Father Boniface, the monk of St. Martin's."

Social intercourse without gossip would be social boredom; the exchange of delicious and intriguing morsels of gossip — provided they are not exchanged in a malicious way—is a most delightful recreation.

In the right kind of gossip there is "give and take," and much helping at the door. Never can I forpassed on which would otherwise be lost. Nothing can be worse than the person who merely unloads an accumulation of senseless chit-chat and personal woes upon the long-suffering listener, but a good-hearted gossip always contrives to make her news well timed to produce a happy effect.

When the motive is good the result of a gossipy talk is nearly always beneficial to talker and listener alike. A trouble is turned down, a low tone is tuned up, a disappointment eased, a fear banished, a romance trimmed or embroidered—and no one is the worse for the exchange.

There is an art in gossiping!

All Things Common

ALL things in common, these Christians of old, fruits of the garden and sheep of the fold, garments and money, the great and the small, all was for each since the Lord was for all. No one should suffer while any fared well, homes were wide open for homeless to dwell, anyone's need was a brotherhood call, all was for each since the Lord was for all. Who would be great while another was least? Who, while another was hungry, could feast? Who, from on high, see another man fall? All was for each since the Lord was for all. All things in common, no envy, no greed; no one a glutton and no one in need; brothers in hovel and brothers in hall.—all was for each since the Lord was for all. Christ on the cross made his people all one, all of them brothers of God's only Son, joint heirs of God with no sundering wall, all was for each since the Lord was for all. All things in common; so, justly, today. Nothing is lost of the brotherly way. All men in Jesus are lowly and tall. All is for each since the Lord is for all.

YOU MUST WANT HIM

IF you want a great Saviour, Jesus will prove what you want. If you want a great Master, Jesus is the one who will supply your need. If you want to take part in a great enterprise for the good of men, the enterprise of Jesus will meet your desires. If you feel the need of a friend, Jesus is the great friend. And from His side everything is clear; He wants you. All that remains is for you to want Him.—Cleland B. McAfee.

Ambition and charity will both grow mean unless inspired and exalted by religion.—Selected.

Prayer steadies a man by ushering him into the strong and quiet presence of God.—McFadyen.

Everyone who would pray reverently must respect the limitation: "Thy will be done."—McFadyen.

Debtors To Grace

WHEN once that fire which is laid on God's altar is kindled, it shall no more be quenched. Grace may be shaken in the soul, but it cannot be shaken out of the soul. It may be a bruised reed, but it shall never be a broken reed.

ANGLICAN

ST. JOHN'S CHURCH

Rev. R. C. Blagrave, D.D., Rector
Rev. E. E. James.
8.30 a.m.—Holy Communion
11.00 a.m.—Morning Prayer.

SATURDAY, SEPTEMBER 26, 1931

THE COCHRANE PLAN.

The Northern Ontario town of Cochrane, wearied by providing food and shelter for ungrateful unemployed transients, finally got rid of their visitors this week by the simple but effective method of chasing them out of town.

The Cochrane unemployed had only the night before demanded work at the rate of $4 for a seven-hour day, a preposterous request under the existing conditions.

If there are many transient unemployed of that calibre scattered through the country the problem of dealing with them is likely to prove a disturbing problem for many municipalities, for while the Cochrane plan worked all right in the case of one community it would soon develop into a game of "General Post" if every centre adopted the chase-them-out-of-town method of handling transients.

It looks as if the only effective way of dealing with the situation is for the Government to round up all these wanderers and put them to work on road construction and other public works.

They cannot be allowed to travel round annoying municipal authorities with such unreasonable demands as those made this week by the Cochrane quota, who evidently have got the impression that city and town councils have a mysterious treasure chest from which to life all the money they need.

A WISE CHOICE.

The re-election without opposition of Tom Moore as president of the Dominion Trades and Labor Congress, the fourteenth time the honor has been conferred upon him, will be regarded with satisfaction throughout the country.

Mr. Moore's leadership of organized labor in Canada has been sane and sensible; while never ceasing to fight for the cause of the workers along reasonable lines, he has steadfastly opposed the Bolshevik element and has done the Dominion a great service in defeating the activities of Red agitators.

There never was a time in Canada's history p[illegible]s when labor leadership of that nature was m[illegible] urgently needed, and it should be a source of gratification to Canadians generally to know that in these troublesome days a sound, reasonable, resolute president like Tom Moore is at the head of organized labor.

The Reds of the country will find no comfort in his re-election, but everybody else in Canada will feel that the Trades and Labor Congress did a good day's work for the Dominion when they unanimously re-elected Mr. Moore to carry on for the ensuing twelve months.

WHY NOT EASTERN ONTARIO?

It is announced that a third highway between Toronto and Hamilton is to be commenced this fall as a means of supplying employment.

The work to be undertaken will take care of 3,000 or 4,000 men, and to that extent will improve the situation as regards Ontario's jobless army.

There will be little objection to the decision; it is recognized that the Northern Ontario projects already announced will not begin to absorb the unemployed, and the congestion on the existing highways between Toronto and Hamilton justifies a third artery to take care of the increasing traffic.

At the same time, however, the fact that this work west of Toronto is being authorized will be regarded in Eastern Ontario as justifying a demand from this part of the Province that Government relief work should also be launched here.

Among other projects is that demanded by a number of municipalities that a new northern route from Peterborough to Ottawa, running through Burleigh Falls, Apsley, Bancroft, etc., should be taken over.

Such a road, running through inland sections of the country that offer great possibilities from a tourist viewpoint, would open up the northern sections, and besides stimulating the tourist traffic, would be of great benefit to the residents of the district.

Incidentally its construction will provide employment for considerable numbers of the unemployed in this part of Ontario.

A SPENDING CAMPAIGN.

"The fundamental cause of the continued depression, according to the opinions of many, is the fact that people who have money to spend have stopped spending," writes a Toronto business man to The Examiner, in suggesting a Dominion-wide movement to urge buying by those in a position to do so.

Undoubtedly the effects of a period such as this are the more keenly felt because the inability of a good many people to buy is aggravated by a refusal by many others who could afford to spend their money to part with it under present conditions.

Thus the situation becomes worse than it need be.

The logical consumer declines to play the part; even the fact that commodity prices are reaching levels that are records for recent years does not tempt him to act the role of purchaser.

Saving deposits in Canada in the past year have shown a large increase, and while this evidence of thrift is commendable, it is impossible to get away from the idea that a policy of retrenchment is being pursued by many who have no need to stop spending.

Certainly if people who could buy now—and it is a long time since such values could be obtained—would adopt a more liberal attitude there would be an immediate reaction for the better in the general situation.

Peterborough, it is gratifying to note, is well ahead of most Ontario communities in getting its unemployment relief work under way.

CANADA'S SHARP PROTEST.

The voice of Canada was certainly heard in no uncertain manner at Geneva when Dr. W. E Riddell, Canadian representative, uttered a strong protest against the tendency of the League of Nations to differentiate between European and non-European grain producing countries. Dr. Riddell registered his complaint at a very timely moment, after Aristide Briand had made a very powerful plea for the principle of universality as the policy of the league. "The Canadian delegation," declared Dr. Riddell, "must seriously object, as a matter of principle, to any proposals that the assembly should approve a European preference. The league should not utilize its resources and influence to secure special benefits or privileges for any particular group of nations or geographical areas in the world. The universality of the league implies that it must ever seek to secure equal rights for all states, and special privileges for none."

Dr. Riddell's attack was made in opposition to the French proposals to grant preferential tariff rates to cereals from the Danubian basin. He contended that Europe's cereal supply was insufficient to guarantee adequate grain for food, and that these European states must be dependent upon the great surplus of wheat-producing countries like Canada, Australia and the Argentine. He deserves great commendation for the outspoken manner in which he opposed the attempt to establish a preference that might injuriously affect Canada, among other nations. He made a very strong point when he declared that there were enough forces at work in the world encouraging discrimination without the league being asked to lend a hand. If the League of Nations departs from the principle of universality and impartiality, on which it is based, which was so ably defined by Aristide Briand, either in politics or economics, its usefulness will be seriously impaired.—Brantford Expositor.

MAKING A START.

For many years the Border Cities Star has consistently advocated a material reduction in the size and cost of government in Canada. It is naturally satisfactory for us, then, to learn that serious attempts along this line are actually being initiated.

* * * *

The Hon. W. J. Major, Attorney-General of Manitoba, made a definite proposal to his Province's special committee on redistribution, in Winnipeg this week. He suggested a reduction of the number of seats in the Manitoba Legislature from 55 to 35, and the application of proportional representation to the whole Province, with the exception of four single-member constituencies. Mr. Major added that the proposal was his own and had not been discussed in the Government caucus.

As usual, opposition raised its head, a Liberal member of the committee moving a counter-motion to have the electoral divisions remain as at present. Eventually, the committee decided to adjourn for a fortnight in order to give the members time to think the Major plan over.

The Star desires to congratulate the Attorney-General of Manitoba on the courage and initiative he has shown in presenting this idea. It takes courage, because it means, if adopted, that at least 20 men now in the Legislature will not have seats later on. However, Mr. Major apparently recognizes that this is a time for worth-while reduction in the cost of government, and he is prepared to risk personal unpopularity for the sake of achieving something worth while for his Province.

* * * *

We should like to see a similar move in the rest of the Provinces and at Ottawa. We have repeatedly said that it is ridiculous for Ontario to maintain 112 members in her Legislature at Toronto, in addition to all the men she sends to Ottawa and the vast army she elects every year to her municipal councils. So far, however, there seems to have been no move at Queen's Park to cut the number of M.L.A.'s down to something like reasonable proportions. Our own idea is that 60 or 65 members, at most, would be quite sufficient to handle the business of this Province and give adequate representation to every citizen. Certainly two members from the county of Essex, instead of four as at present, would be ample.

Government costs are mounting on every hand. This can only mean one thing—higher taxes. Taxes have been going steadily up, year after year. Many of the things that we are buying and that cost a great deal of money, cannot well be done without. That is not the case, however, with respect to the size of the Legislature or the annual salary bill, for instance, of the Ontario Liquor Control Board. We can save money along these lines and we should save it. Is there any reason why one of our own Government members from Essex County should not start the necessary ball rolling in the Legislature?

* * * *

As another example of steps that are being taken to cut down costs and produce greater efficiency in the conduct of government, we note Premier Hertzog's announcement that the Union Government of South Africa has decided to abolish what are known as the Provincial Councils. There are four of these, one in each of the Provinces of the Union—the Transvaal, Cape Province, Natal and Orange Free State—and their function is to aid the provincial administrators appointed by the Governor-General. Their failure to balance their budgets is the immediate reason for the Union Government's decision to abolish them. All show heavy deficits, which the Union Government hopes to eliminate by severe economies, especially by the removal of overlapping in administration.

Members of these Councils have been elected for three-year terms. The Executive Committee in each Province, consisting of only four members, will remain as at present.

All over the world, more attention is being paid to-day to the cost of government than in many years. The people have come to see that expenses along this line, the absolute wasting of tax money through extravagance and overlapping, must stop. Surely Canada can accomplish something in this way, with the Attorney-General of Manitoba starting the necessary machinery of reduction.—Border Cities Star.

EDITORIAL NOTES AND COMMENT.

This is the season of the year when the baseball experts attempt to guess the world series' winners. And sometimes the layman does better than the expert.

There are rumors that Sir Thomas White may be Finance Minister in the Bennett Cabinet. The announcement would be received with manifest approval throughout the country.

News of Our Own Village

The village Y is going to throw a party Mon. nite to open the new building and Ernie Best, Frank Matthews and other old boys will be here for the same. It looks like a big night, your scribe opines.

Bob Abbott must of had his brake lining O.K. last Sat. p.m. for he went around the golf course at Oshawa, west of here, in 70, without skidding. Nice work, Bob, say we.

The local constabulary was on the qui vive, so to speak, last Tues. watching for some birds that was supposed to have robbed a midway show at Lindsay, but unfortunately there was nothing in the robbery story.

Leo McAulay, who runs the highways dept. for Geo. Henry's government, has been in these parts recently looking over the roads. If he talked to many of the farmers Leo must of took a earful away with him.

Simpson's general store, Toronto, west of here, is opening a office on Main St., several other stores is being sticked up with fresh paint and generally the business section of this fair village has a up and coming appearance.

Rollie Denne, our worthy Mayor, Ed. Peck and other citizens took in the fair at Lakefield, north of here, Wed. Hope you kept away from them wheel games, boys, say we.

Pickling and catsuping is the order of the day in local domestic circles, your busy scribe has managed to glean.

Perce Bond, our golfing druggist, don't need to worry none about facilities for dumping his coffee or what have you for the next 12 mos., Perce having win himself a golfing cup this week.

The Madrigal girls from the village broadcasted from Toronto, west of here, Fri. nite, over Ed. Beattie's radio system. The girls know how to give their home town the air, so to speak.

Alex Kasaboski of Toronto, west of here, and Frank Hart of Holland, to the east, is going to grapple at the village ice box Mon. nite, this berg now being on the grunt-and-make-faces circuit for fall.

—F. D. C.

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner

SEPT. 26, 1921.

Emma Goldman, anarchist leader, is returning to the U.S. She declares she found no freedom in Russia....Although the season at Stoney Lake is now ended, a few cottagers remain to enjoy the Fall weather....A warrant is out for a local youth charged with stealing $107 from Gray & Smith, Charlotte street, and escaping in a stolen car, later found near Toronto.

SEPT. 26, 1911.

The new pay-as-you-enter street cars will be operating in Peterborough within the next two weeks.... Constable J. Brown has resigned from the Police Department because of the low salary paid there.... The home of Edward Webb in the south end of the city was burned early this morning with the loss of about one thousand dollars.... A remarkable tomato plant, twelve feet high, is growing on the property of Dr. J. B. Pentland, Benson avenue....A New York woman was blown to pieces yesterday when she used a Cuban War souvenir shrapnel shell as a hammer.

SEPT. 26, 1901.

Early this morning the water again broke out of the raceway, and once more there will be no electric lighting in the city to-night....Poor weather kept down the attendance at the Peterborough Central Exhibition yesterday. ....A large crowd was on hand for the Fall opening at Turnbull's yesterday....A fine Harvest Festival was held at St. Luke's church last night, with the Rev. Dr. Symonds delivering the sermon....Many residents will regret to hear of the death this morning of the Mother Superior of St. Joseph's Community at the House of Providence.

WHITE FAWN

by Olive Higgins Prouty

(Continued from yesterday.)

INSTALMENT 16

Peter arrived the following Tuesday. He came in a crate. He looked as if he might be an offspring of Thad's—brown, rough and ragged. On the outside of the crate a letter was nailed containing the information that the Killarney Kennels had received an order by telephone to send the best male puppy in the kennels to Miss Fabia Vale by express. Enclosed was the puppy's registered pedigree. She would find that the sire of the puppy selected, named Peter Royal, was the well-known Royal King, many times blue-ribbon winner, and by the best judges in the country considered, etc., etc., etc —"

"Who sent him to you?" demanded June excitedly.

"I don't know."

"Do you suppose it could be Morris Haverford? Or perhaps it's only Mr. Firth. He's always doing things like that."

Fabia had said she didn't want another dog to take Thad's place, but when she leaned down over the crate and peered in at the woe-be-gone scrap of life inside, gazing up at her with large, pleading eyes that were running, a spasm of trembling took possession of his small body, and Fabia felt a tightening in her throat.

When Joe opened the box and placed him on the floor, his legs sprawled helplessly and he lay cowering, seized by another spasm of trembling. Fabia picked him up, and clasped him to her close.

"Joe," said Fabia, in a taut voice, "where's Thad's basket?"

"Out in the garage Miss."

"Bring it up to my room. And some warm milk, please."

"Don't forget you have a tea this afternoon, Fabia," said Lisa, who had been looking on.

"I won't forget, mother," said Fabia.

Thus it was Peter became installed in Fabia's bathroom, near the radiator where she could nurse him herself, and persuade him to lap milk, soft-boiled egg, or beef-juice from her finger-tips. He soon became too weak to stand up and eat properly. Fabia had nursed Thad through distemper. She knew what to do. Of course, a veterinary had been called.

Lisa had reported to the manager of the kennels the condition in which Peter had arrived. The manager wrote in reply that the puppy had showed no symptoms of sickness when he had been shipped, but said he would exchange him. Fabia wouldn't listen to it.

Day and night Fabia nursed Peter. But she didn't neglect her social calendar.

Day and night Fabia nursed Peter. Fabia did not stay to the end of the ball to which Tuck Haverford had taken her. About three o'clock she said to Tuck: "Do you mind going pretty soon? I've a sick puppy at home."

Tuck didn't mind in the least. He had come to this dance for the sake of what might be revealed afterwards. A girl alone at dawn in the family living room, with the deserted ashes of a burnt-out fire, was usually quite a different proposition than on the ball-room floor.

Most girls expected more than a brief good-night after being taken to a dance. That was one reason why he had taken so few. Since Violet, Tuck hadn't taken any girl to a dance. That was two years ago. He had taken Violet to half a dozen dances. He had never indulged in necking as a pastime, and to disappoint a girl in that line made him feel rather a prude, and somehow lacking. He had let another fellow cut him out with Violet at the first opportunity, following a certain night, or dawn in the deserted living room, when he felt he had failed to meet Violet's expectations. The other fellow, apparently, had gone on with Violet just where he had left off. Their engagement had been announced in the early summer. And it might have been he! It made him shudder Fabia was the first girl he had taken to a dance since his experience with Violet.

He wondered if she was going to ask him to come into the house, as he opened the front door for her at three-thirty a.m. He was on the verge of a last hand-shake and a perfunctory "good-night," when she inquired, "Are you hungry?"

"You bet I am!"

"Well, mother said she'd leave some hot chocolate and sandwiches in the dining room."

She flashed on the big center crystal chandelier in the dining room. There was a tray on the table with two cups on it, a vacuum bottle,and a mounded plate covered with a napkin.

"Help yourself, Tuck," said Fabia. "I'll be down after I've changed. I've got to do a little work in the kitchen, and I hate being careful of an evening dress."

A few minutes later she returned in a tweed skirt and a jersey that covered her arms to the wrists, and left bare only a small V at the neck.

"Let's bring the tray out into the kitchen, then I can start cooking Peter's food."

"I'll help you."

"All right. Thanks." Later in the kitchen as he was stirring Peter's gruel, "You'll find the refrigerator out there. I've got to boil an egg for Peter. Bring in one from the bottom shelf, please. I'll start the water." Then, abruptly, "How would you like an egg, too, Tuck?"

"I'd like it."

"So would I. Let's have them dropped on toast."

"Great!"

As Tuck Haverford drove away, the vision of Fabia in her rough skirt and jersey eating dropped eggs with him at the kitchen table was before him. Four hours later, when he first woke, it came drifting again into the field of his consciousness; and again in the classroom at eleven; and yet again as he sat studying in his room in the evening. What a marvelous girl she'd be in a camp in the woods, or getting a meal in the cabin of a boat. She wasn't a bit the masculine type of girl. He disliked the masculine type. He disliked the athletic type, too. So brawny and brusque, and cocksure. Fabia was rather more shy in manner than confident, and yet possessed of an independence that made one feel she wouldn't stoop to certain devices even at the price of popularity. He guessed if any one should begin making love to Fabia Vale, it wouldn't be from where some one else had left off last week. She was as distinguished as a Sargent portrait in looks. And Lord!—how she could dance! She was just the right height for him. Violet had been one of those short cute little girls. Nine o'clock. He guessed he'd call Fabia up and see if the puppy had drunk his gruel and eaten his egg all right; and ask her if she was going to be at home next Sunday afternoon about five.

One day about two weeks after Peter's arrival, when he no longer required night-nursing, Fabia telephoned Grandmother Vale and asked if she might spend the night.

Fabia arrived at dusk. There was a car parked in front of her grandmother's door, and, as she drew up behind it, her eyes fell upon its number. For a moment she sat perfectly still staring at it. It was the same number that had disappeared in the dark after Thad had been run over!

Without glancing behind her, Fabia ran up her grandmother's steps and rang the bell. The waiting car was vacant. It was clearly mirrored in one of the plate-glass panes of the bay-window beside her. Would he be inside the house waiting for her?

Her heart began beating violently as she waited for the door to be opened. Had he at last taken advantage of a man's prerogative, called up her house, and been told she was expected at her grandmother's this afternoon? Oh, had he, too, been wanting to see her? But there was no one inside the house waiting to see Fabia.

She didn't stop to take off her things. Her grandmother's sitting room was on the third floor, in the front of the house.

"Hello, grandmother," she said, from the threshold. "Hello, Aunt Charlotte. Yes, I'd love some tea. Whose car is that parked outside?"

"Charlotte," Granmother Vale exclaimed, "there he is at it again. Call up the police immediately. That young fellow is getting to be an outrage."

"He has left his car here before?" asked Fabia.

"He certainly has. I've had him tagged twice already."

"Why does he park his car here?"

"Because there's no parking space next door, sometimes. It's a nuisance living next to a doctor."

"Does a doctor live next door?"

"Yes, Dr. Warburton. He moved in in September. I didn't think a surgeon would have patients coming to his house—a surgeon of Dr. Warburton's importance, anywy. He does, though and this young assistant of his leaves that old tumble-down touring car of his, if not in front of my house, as near to it as possible, for hours on end. Here comes the tea. You'd better call up the police station before you pour it, Charlotte."

"Oh, do pour it first," said Fabia. "I'm famished. Did you ever meet the young assistant, grandmother?"

"No, and I don't want to, and I'm not likely to. Dr. Warburton told me all about him. Dr. Warburton is an old friend."

"Who is he?"

"Well, his name is Shehan. Or was it Regan? I forget. Patrick Shehan, I think. Anyway, something so Irish that I suspect that's why the Boston police didn't punish him when I had him tagged."

"How did Dr. Warburton know him?"

"Picked him up in the slums somewhere. Operated on his mother, or was it his brother. Charlotte, and got interested in him. Plain hot water for me to-day, Charlotte. When you're through, call the police station."

"Oh, please don't have her do it now," said Fabia.

"Why not?"

"Well there's no hurry. You know whose car it is, and I can stay only a little while. I'm due at Rachel Witherow's tea at five-thirty. Let's not bother with the police now."

Twenty minutes later Fabia was about to step into her car when she heard steps behind her and turned around. Dan Regan stood before her.

"How does this happen?" he asked.

"What?"

"When I came out to get into my car, I found yours parked right behind it. I didn't think it could be yours until I looked at the initials. I've been waiting for you for half an hour."

"My grandmother lives here."

"Your grandmother lives here?"

"Yes, and you'd better move your car, immediately. She is probably this minute telephoning to the police about it. You mustn't park in front of her house any more. She's old, and it makes her cross."

"I'll be more careful. Thanks for telling me. I couldn't think why your car was parked next to mine. I see now. I hoped improbable, of course —but I hoped it was because you'd forgiven me."

(Continued Tomorrow)

Voice of the People

Letters to be printed in the Voice of the People column must be received at The Examiner Office on the day before it is desired to have them inserted.

THE CHEMONG BRIDGE.

To the Editor of The Examiner.

Sir,—I notice that Mr. Peck, M.P., says that the Chemong Bridge is a matter for the Ontario Government and not for the Ottawa people. Years ago when that genial gentleman, Mr. Kendry, M.P., was representative it was found that since the Ottawa Government maintained a swing there that Government would, of necessity, build it as is both necessary and usual.

The Ottawa Government should give a large contribution in this way amounting to at least one-third of the cost of the bridge and if the matter is passed, really must do so.

J. H. BURNHAM.

MR. McDONALD'S ERROR.

Peterborough, Sept. 26, 1931.

To the Editor of The Examiner.

Dear Sir.—Mr. E. N. McDonald, ex-M.P., implies in his letter to The Examiner of Friday, Sept. 25, that abuses of midway fairs have been tolerated only at the large fairs such as Peterborough and Lindsay. Just to get his statement correctly before us, here is the quotation from his letter: "I feel that if the big fairs have to allow such proceedings in order to carry on, then by all means let everyone get behind the township fairs, where such things have not been found necessary to make them a success."

I do not know anything about the elements in the success of rural and urban agricultural exhibitions, but I do know from my own observation that men he complains of having been permitted to operate at the Peterborough Exhibition were also allowed to carry on their "Monte Carlo" games at Marmora, Norwood, Roseneath and Warkworth. I have seen men "fleeced" at all these fairs, not this year, but within the last few years. There was one wheel game in particular which I saw at all those places, and also at Peterborough last week, for one experience as a spectator was indelibly impressed on my memory first at Marmora and later at Norwood, with further appearances at the other fairs in the circuit. I don't know the operator's name, but his face and demeanor could not be mistaken. And here the same fellow had a space in the Sheesley row of games. I might also add that some of the same outfit were carrying on at Lakefield this week in the same old "come-on" way.

I have no intention of discussing the ethical features of such adjuncts of rural and urban fairs. Nor shall I say anything about the cupidity of those men who were lured by big odds and lost. I am not so sure, and I think Mr. McDonald might agree with me, that neither the intelligence nor the conscience of the man who yields to the lure of any gambling for long odds, imagining a chance to stretch two dollars into twenty-five or thirty dollars, deserves much defence.

However, these remarks were intended to show that Mr. McDonald is in error when he invests the township fairs with a certain halo of virtue which I know they don't deserve. And I may add that these "sure-thing" gamblers, for such I consider the operators of the objectionable games, are just as odious to the rest of us as they are to E. N. McDonald.

J. LOCK STREET.

WHAT IT ALL MEANS.

To the Editor of The Examiner.

Sir,—The apparent complexity of falling currency and exchange is not real.

It is all really very simple. If your credit is an A1, then you will be rated 100 — if not, then your rating will fall. The only real legal tender which people are compelled to take in payment of debts is gold. If we lose ours our pound or dollar falls in value.

The U.S.A. has plenty, therefore their dollar holds. If you have plenty of silver, and say "we will pay in silver," then if it is worth ten per cent. of gold, the new pound will be worth 10 per cent. of what it was. Gradually, however, the relative values of silver and gold will become stabilized or established and then we can go on and do business on the new basis and the prices of everything, including wages, will rise (economically) but not really. The old gold dollar will always be worth 10 silver dollars or thereabouts, but a man with $10.00 thinks of $10.00 and does not analyze the true value. Inflation is a false rise in prices. Compare recent wages and the old ones.

J. H. BURNHAM.

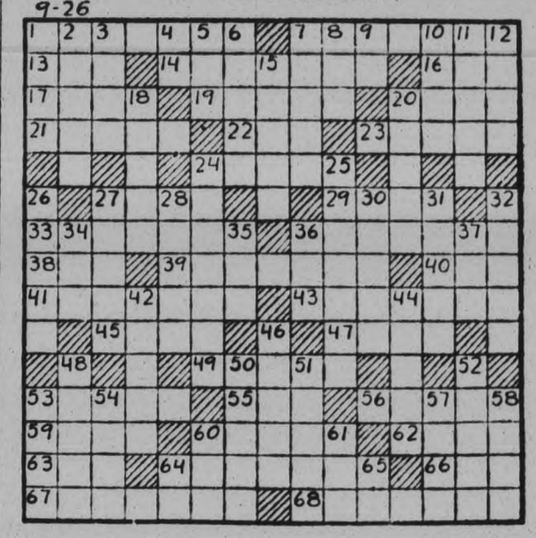
AIMEE TO ERECT BIG HOTEL

LOS ANGELES, Cal., Sept. 26 (C.P.)—Aimee Semple McPherson Hutton, evangelist, announced today through an attorney that she was laying plans to build a $100,000 hotel for the patronage of guests and workers of her Four Square Gospel enterprises who make pilgrimages to her Angelus Temple here.

Today's Cross-Word Puzzle

By EUGENE SHEFFER

9-26



HORIZONTAL.

1—slanders
7—contrivance for oven cooking
13—cutting implement
14—beseech
16—undivided
17—permits
19—float along with water
20—outer coat of wheat

MARKET CLOSING ON EXCHANGES

(Continued from Page 1)

change today. The trading was dull at the opening and showed but slight increase as the market closed.

Interlisted issues continued selling, and in early transactions showed losses ranging to ⅝ of a point. Some recovered slightly at the close.

Brazilian opened at 10, off ⅜ from yesterday's final prices, but late trading brought the price back to 10¼.

Nickel was also a weak feature at the opening, but around the close turned slightly upwards to end the day at 10⅛, up ⅛ on the session after dropping as low as 9¾.

STANDARD EXCHANGE

TORONTO, Ont., Sept. 26 (C.P.) —Silver shares monopolized what attention was available on the Standard Stock and Mining Exchange market in to-day's short session. Reflecting advances in silver price in both London and New York the past week the white metal group moved into higher ground and was turned over in fair volume, while balance of the list held steady in unusually dull trading.

Nipissing, which has a large stock of silver held in anticipation of higher quotations for the metal, led the upturn, price gaining 40 from last night's final. Premier Gold, holding important silver properties in B.C., advanced 8 and Keeley gained 7. Castle Trethewey added another 3 to yesterday's gain and Cobalt Contract sold at 3½, up a cent.

Noranda was in better demand and up 80 on end, but interlisted base metals and oils showed little change on the whole. Higher-priced golds were quiet and steady with Dome up 10 cents at the close.

NEW YORK, N.Y., Sept. 26 (C.P.)—A steadying of nerves, at the end of one of the most trying weeks of the year, was apparent in financial markets to-day.

Trading slackened in the stock market, and fluctuations were narrower, but a late flurry of selling gave the list a heavy tone at the finish. The market had a fair rally in the early trading, but there were numerous losses of a point or two at the close, with a few wider drops.

Commodities were marked by heavy profit taking in silver, after yesterday's advance. The tendency in banking circles to discredit rumors of other nations slipping from the gold basis may have promoted much of the realizing.

Dollar is Quoted 91 Cents at Close

NEW YORK, N.Y., Sept. 26.— C.P.— The Canadian Dollar was quoted at 91 cents in United States funds as banks closed to-day. This was from ¾ to 1¼ cents lower than the opening quotations and equal to the lowest point Canadian funds have reached locally during the present movement which started about ten days ago.

CANADIAN MARKETS FLUCTUATE FROM NEW LOWS TO RECOVERY

Gold Suspension, Drop in Dollar and Minimum Price Rule Causes Confusion.

ACTION IS LIGHT

Weekly Canadian financia review (By Thomas C. Thompson)

TORONTO, Ont., Sept. 26 (C.P.) —A world crisis without parallel since the stock market crash of 1929 shook the Stock Exchange and business structure of the Dominion this week.

Without warning, the dramatic events of abandonment of the gold standard by Great Britain, demoralization of the bond market and acute weakness in the Canadian dollar and sterling exchange burst upon the financial world, but on the whole the Canadian financial structure has weathered the storm without undermining the confidence of Canadians themselves. Informed financial observers are emphatic in their belief that abandonment of the gold standard may stimulate world trade eventually, that the Canadian dollar's decline is but temporary, and that the share markets have passed through the first and most critical stage of readjustment.

Canadian stock exchanges are still somewhat artificially influenced by emergency restrictions however, and there is no inclination among the conservative element to predict what will happen when all restrictions on minimum prices have been removed. The announcement of abandonment of the gold standard in Great Britain on Monday resulted in a regulation prohibiting trading on the Toronto Stock Exchange under Saturday's closing prices, although this was later modified by the exemption of internationally listed shares from the "pegged" list. Domestic shares are still pegged however and as a result show little change from their levels of a week ago.

Leaders Carried Down

Canadian stocks pegged at last Saturday's levels were, of course protected, but the decline carried such leaders as Brazilian Traction, International Nickel, Nmperial Oil, Walker's, Massey Harris and others to new low levels for the bear market. The trend on Canadian markets was governed, however, by the action of the New York market rather than by new developments of a purely Canadian character.

The most accurate barometer of the decline in Canadian stocks is a comparison with their levels of last week, prior to the shock of the announcement from Great Britain. Brazilian, for example, broke to a new low of 7⅞, but later recovered to close the week at 10¾, or only ⅜ below last week's level. International Nickel sold down to 9 but at 9⅞ shows only a fractional decline. Similarly Ford of Canada "A", now at 14 against 16 last week, C. P. R. at 17 against 17¼ last week, Walkers at 3¾ against 4¼ a week ago, and Noranda at $15.25 compared with last week's price of $16.80, are only moderately lower despite the fact that each of these stocks sold at or close to their record low levels during the middle of the week.

Mines Also Down

Mining issues, Power and Utility share, and oils all followed a downward trend, Golds experiencing heavy liquidation despite the fact that Canadian gold mines actually benefit from the decline in the Canadian dollar.

Sharp declines were recorded in Dome Mines, Hollinger and McIntyre during the week. Dome at $10 has recovered a part of the loss and compares with $11.50 last week, Hollinger at $5.90 asked, compares with $5.95 a week ago, but McIntyre at $17.50 is still far below its corresponding level of $21.30 a week ago. Noranda was unsettled by the general situation and sold lower during the week.

Oil stocks were heavily traded in at Toronto and Montreal with Imperial Oil establishing a new low low price for the year or longer at 10. The shares closed the week at 10½ against 11 5-8 last week, while International Petroleum at 10 compares with 10 1-8 last week. British American Oil was affected by the unsettled state of the general market, closing at 9½ against 10 1-8 a week ago. Of the other recognized market leaders Montreal Power at 38, and Power Corporation, both protected by a short selling ban at Montreal, compare favorably with last week's prices.

Outside the stock market the interest of the financial community in Canada was centred on the Canadian dollar and sterling exchange. It was to be expected that sterling would fluctuate violently after the announcement of the British cabinet on Monday, but when sterling closed on Friday at $3.74 at New York it was well above its low point for the week. The Canadian dollar was quoted at a discount of 7½ percent in New York at the close of the week, compared with an extreme decline to 10 per cent several days ago. The fall in the Canadian dollar was largely responsible for acute unsettlement in Canadian bond prices however, and it is not expected that Canadian bond markets will become stabilized until Dominion funds find a more normal level.

Galatians Desert Eighty Villages

WARSAW, Sept. 26 (C.P.).— Snows and rains in West Galicia have forced the population to evacuate eighty villages and flee to the Carpathian Highlands. Bridges have been destroyed and floods are threatening dykes that protect huge areas.

Y.W.C.A. IN CANADA.

Miss H. D. Hobrecker, who has accepted the position of national general secretary of the Y.W.C.A. in Canada, and who will take over her duties in November. For the past seven years, Miss Hobrecker has been the general secretary of the Y.W.C.A. at Halifax.

N. L. MARTIN ASKS FOR $150,000.00

Compensation Due Him as Former Trustee of Stobie-Forlong Company.

TORONTO, September 26 (Special to The Examiner). — Proceedings have been taken at Osgoode Hall by N. L. Martin to fix his compensation as trustee of Stobie-Forlong. There are cash receipts of $1,500,000 and about $3,000,000 of debentures that were issued in Stobie-Forlong Assets Limited to realize upon the mining claims and other properties of the firm of Stobie-Forlong.

Messrs. Fasken, Robertson & Company, barristers, of Toronto, are acting for Mr. Martin in his claim for compensation of approximately $150,000, which is being resisted by the inspectors of the estate.

Stobie-Forlong Assets Limited and the inspectors of the estate, have retained the Hon. G. N. Gordon, K.C., of Peterborough, to act for them, in the litigation which is of considerable importance on account of the amount of property involved.

Nova Scotia Behind In Gathering Harvest

HALIFAX, N.S., Sept. 26—Weather has delayed harvesting and considerable grain is still to be gathered in Nova Scotia, says a bulletin of the Department of Information: grain has been somewhat damaged in quality by the wet season, and blight has made inroads in some potato fields. Potato yields will be somewhat below last year.

Alfalfa fields have done exceptionally well and pastures have continued good with milk production high.

Bessboro' Will Hold His Maritime Tour

OTTAWA, Ont., Sept. 26. (CP)—The death of Hon. Frank Stanfield Lieutenant-Governor of Nova Scotia will necessitate no changes in the itinerary of the Governor-General's Maritime tour, it was announced to-day at Rideau Hall. Lord Bessborough will leave Ottawa to-morrow on the first leg of the trip which will take him to all parts of the Maritime provinces.

Last Tributes Paid Noted French Fliers

PARIS, Sept. 26 (C.P.)—Joseph Le Rix and Rene Mesmin, French airmen, who were killed on an attempted non-stop flight to Okyo, were given an imposing national funeral to-day in the Cathedral of Notre Dame.

Several members of the Government, representatives of the army, navy and air forces and a detachment of troops paid them honor. It was estimated that 100,000 people were crowded in the vicinity of the Cathedral.

EXAMINER WANT ADS.

MRS. R. R. HALL WINS FIRST PLACE

(Continued from Page 1)

who is handicapped through lack of room and therefore has not the same scope and only falls behind in that respect.

In Class "C" for the best window or verandah boxes there was only one entry made; by Mrs. Pammett, Chambers street. A very pleasing show and a bright spot on a busy street.

Class "D" for the best working man's vegetable garden Mr. L. Pearse, Rogers street, made the only entry, but had a very good example of arrangement and variety with everything in good condition and free from weeds.

Class "E" from the best combined flower and vegetable, B. Craig, 428 Rogers street, was first with good variety of each. Second, J. Smith, Benson avenue, with an excellent showing of flowers and layout. For third place, H. Gabbutt, Lock street, was only a point over J. Morrison, Dalhousie street.

In Restricted Area

In the factory class for restricted area, J. J. Turner and Sons had a splendid exhibit and a striking example of what can be done in a limited area on a busy street. The window boxes were beautiful and the grass in perfect condition. The Utilities Commission, Aylmer street, make the most of a restricted corner, the grass especially being in very fine condition.

The Canadian National, with a larger area to work on is to be highly commended. The central bed is a work of art and leaves nothing to be desired in the way of arrangement. The grass, too, is in good shape. The Standard Medical Clinic grounds reached their usual high standard. Good cultivation and neatness are in evidence throughout.

In the class for churches and public grounds, the Isolation Hospital is first with many improvements noted over other years and is now a real beauty spot. A notable feature is the long cedar hedge, one of the best we have ever seen. The flower beds are very nicely arranged and in perfect condition, another pretty spot is the rock garden complete even to a miniature lily pond with lillies in bloom.

St. Peter's Cathedral is another lovely spot and reflects credit tot those responsible for its upkeep. As far as cultural skill and neatness go, it is on a par with the winner but has not the variety and consequently does not demand so much in the way of arrangement.

In placing the Normal School third, it was a very worthy exhibit but at the time of inspection not up to the high standard of the other institutions in this class. A noticeable feature was a raised bed with fine specimens of Ricinus or castor bean plants.

CHICAGO GRAIN

(By John P. Loughan.)

CHICAGO, Ill., Sept. 26 (A.P.)— All else in the grain market is secondary now to the world's prize enigma—what British money is actually worth as a medium of exchange. Temporary surrender of the gold standard by Great Britain has inclined most grain traders to change their market opinion and position with startling rapidity, and be guided largely by the struggles of sterling exchange to stabilize itself at some level or other. But with general confidence nevertheless that Great Britain will weather the storm.

One far-reaching effect looked for in some quarters is that Russia, instead of selling large amounts of wheat to Great Britain to get needed gold, must hereafter take paper money, or must open private negotiations for the gold and accept different prices than are quoted for the grain at Liverpool.

Compared with a week ago, wheat this morning was ¾ to 1⅞ cents a bushel lower, corn ⅝ to 2¾ down, oats at ¼ to 1 setback, and provisions varying from 45 cents decline to a rise of 20 cents.

Depreciation of foreign currency, grain trade experts say, is regarded as a forerunner of considerable inflation in the price of commodities, and this idea is having a corresponding effect toward bringing in buying orders. A contrary influence much of the time of late, however, has been weakness of the stock market.

MEN OR BOYS WANTED

The Examiner has the names of two farmers who desire help for a week picking potatoes.

To Visit Hoover

Premier Laval of France, who is reported to be contemplating a visit to Washington to confer with President Hoover of the United States on matters pertaining to disarmament.

TITLE HOLDER

(Continued from Page 1)

Miss Hicks overcame this handicap when her brassie shot out-distanced Mrs. Vare's and fell just shortof the green. Mrs. Vare ran up her ball, but it was wide and short. Helen laid her approach stiff. Mrs. Vare dropped her first putt and so did Miss Hicks, each for 4's.

Hole 5, 305 Yards, Par 4

Driving into a strong wind, both hit good shots but Miss Hicks had the better of them by 20 yds. Their seconds went into a trap to the right. Glenna's out was close to the pin and Miss Hicks put her inside Mrs. Vare made her putt and conceded Miss Hicks here.

Hole 6, 165 Yards, Par 3

They hooked their drives to the left of the green and Mrs. Vare pitched over the carpet and down into rough. Helen's second stayed on, 15 feet from the pin. Glenna got back nicely to be on in three and Miss Hicks missed her first putt. Glenna sank hers and did not make her opponent take a second putt, the players halving the hole with 4's.

Hole 7, 450 Yards, Par 5

Helen again out-drove Glenna, Mrs. Vare's second landed in rough on top of a trap while Helen's was on the fairway and in front by 20 yards. Mrs. Vare banked her third shot to the right of the green and Miss Hicks was hole high, 12 feet to the left. Mrs. Vare's fourth ran over and 8 feet past the cup and Helen rimmed the can. Glenna failed on her first putt and gave the hole to Helen who had a 5 and now was 2 up.

Hole 8, 225 Yards, Par 4

They hit perfect tee shots to the green in spite of a strong cross wind. Helen's was the closer and Glenna putted first. The ball stopping an inch from the right side of the cup. Helen put hers alongside of Mrs. Vare's and they halved it.

Hole 9, 430 Yards, Par 5

They hooked their drives to the rough. Helen played an iron to 60 yards from the green and Glenna banked hers to the edge of the opposite fairway. Mrs. Vare was short of the edge in three while Helen placed hers 15 feet in front of the cup. Glenna's approach was 18 inches to the right and Helen just missed, both taking another putt for 5's and a halve.

Hole 10, 320 Yards, Par 4

Helen out-drove Glenna by 15 yards but Mrs. Vare dropped her second about 12 feet away from the cup and sunk it for a birdie 3. Helen was trapped on her second and missed a niblick shot, barely getting on the green and then took two putts to become only one up.

Hole 11, 390 Yards, Par 5

Mrs. Vare lost 15 yards on the drive and she hooked her second and the ball landed close to a rock ledge in a ravine and she played back safe getting on in 4. Helen meanwhile hit a magnificent brassie to the right of the pin, 15 feet away. They both took two putts, Helen for a 4, and a win and she went up again.

Hole 12, 155 Yards, Par 3

Miss Hicks drove to the green, 8 feet from the pin and Mrs. Vare's tee shot was short and she was 20 feet away with her second. Helen putted her second dead and won the hole with a 3, going 3 up.

Hole 13, 535 Yards, Par 5

Helen drove 10 yards ahead of Mrs. Vare who was in the rough and played a spoon for her second. Helen put her ball into a trap Glenna pushed her third in rough and Helen played out safely, getting o the green. Mrs. Vare rolled her fourth inside of Helen's who missed and Glenna holed out for a winning 5 to be only 2 down.

Hole 14, 405 Yards, Par 5

Both drives were in the fairway. Mrs. Vare's closer to the hole. Helen's second caught a trap to the left of the green, and Glenna's landed on and rolled over. Helen did no get out on her third and was 8 feet to the side of the cup Mrs. Vare's approach was 4 feet short and they both required two putts, Mrs. Vare's 5 reducing Helen's lead to one hole.

Hole 15, 390 Yards, Par 5

Mrs. Vare out-drove Helen by 20 yards. Both tee shots were close to the rough. Helen half-topped an iron, getting little distance. Glenna hit a beautiful No. 2 iron to the front of the green. Helen's pitch was 15 feet to the right. Mrs. Vare rolled her third dead and Miss Hicks just missed her fourth to lose the hole and the match was all square.

Hole 16, 175 Yards, Par 3

Mrs. Vare placed her spoon shot 15 feet from the hole and Helen hit a magnificent spoon six feet from the cup and partially stymieing Mrs. Vare. Glenna putted for the cup and missed by a foot, as did Helen and they halved the hole.

Hole 17, 450 Yards, Par 5

Miss Hicks hooked her drive into the rough and her path to the green was blocked by trees. Mrs. Vare's drive was straight but she topped her second. Helen played a wood shot softly and was out in the middle on top of a bunker. The wind caught Glenna's third and it dropped in the fairway to the right side of the green. The wind also blew Helen's third and it was trapped. Mrs. Vare pitched strongly, going 20 feet by the up. Helen played out 18 feet short, both in four. Mrs. Vare's first putt rolled over the cup and Helen's passed to the side. They got down in one more try, each halved it with 6's.

Hole No. 18

Miss Hicks hooked her tee shot between two apple trees and Glenna was down the middle. Helen played a spoon but hooked into more rough and beneath a tree. Mrs. Vare's second was a beautiful 30 yards, from the green. Miss Hicks third hit a tree, glancing into the rough and Glenna pitched over the green. Helen's fourth was a fine recovery 14 feet from the cup, Glenna ran hers up 18 inches away. Helen missed her putt for a 5 and Glenna sank hers to go 1 up.

LIEUT.-GOVERNOR DEAD.

Hon. Frank Stanfield, Lieutenant-Governor of Nova Scotia, who died suddenly at Halifax. He had visited his former home at Truro recently and appeared to his friends to be in his usual health.

OPENING GAMES IN U. S. RUGBY

University Squads Preparnig for Major Battles in Near Future.

WEST ACTIVE TO-DAY.

NEW YORK, N.Y., Sept. 26—(C.P.)—Football returned to the United States sports throne to-day to the accompaniment of a flock of games designed to point major teams for the grueling test still a few weeks off.

From a competitive standpoint the far west had by far the most attractive schedule. The Utah Indians, champions of all they surveyed in the Rock Mountain conference, clashed with Washington at Seattle, and another Rocky Mountain Conference team, Colorado University, met Oregon State at Portland.

Southern California opened against Slip Madigan's sensational St Mary's Gaels, Stanford played the strong Olympic Club and California tackled Santa Clara.

The East has no games to rival this collection as Army, Dartmouth, Cornell, Syracuse College and all the rest battled away with foes representing colleges smaller in size and weaker in football man power. Army's game with Ohio Northern headed the Eastern slate.

FORTY MEN

(Continued from Page One)

ing the main barn are yet to be demolished. The concrete foundation of the main barn will be allowed to stand and one of the club's principal buildings will be erected on it. The building is to house locker rooms and shower baths in the lower part and a large community room in the upper part. It will be of stucco construction.

Among other work that is planned is the thorough remodelling and reconditioning of the present farm house to make it into a club house and the erection of an ornamental stone entrance to the property on the highway. Club plans call for the laying of an 18-hole putting green near the main club house.

Supervised by Thompson

Personal interest is being taken in the construction of the course by Stanley Thompson of Toronto whose firm of golf architects, the Stanley Thompson Company, laid out the course last month. During a visit during the early part of the week Mr. Thompson declared that the ninth hole of the course was going to be one of the best holes in the Dominion.

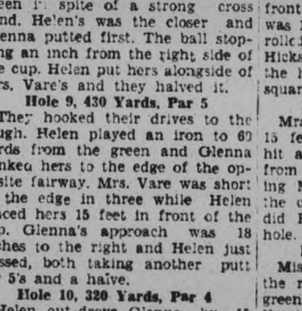
Each angle of the entire project is being attended to under the direction of a special committee of the Kawartha Golf and Country Club.

MOYLE, ALLEN FACE LONG HOP.

FAIRBANKS, Alaska, Sept. 26.— (C.P.)—A flight of upwards of 1,600 miles, made once before this summer by another pair of fliers baffled in a trans-Pacific hop, today faced Don Moyle and Cecil Allen, California aviators.

On arriving here late yesterday from Solomon Beach, near Nome, in a rain storm, the two said they expected to leave this morning, weather permitting, for Tacoma, Wash.

To-night & Next Week



Secure a supply of MOORE'S FAR-FAMED UTILAC for re-finishing your furniture and floors. Utilac is a brilliant long wearing coloring worth considerably more than the price asked. Its beautiful finish may be applied to almost any imaginable surface, and hundreds of thousands of home decorators have used and are using it with the utmost satisfaction. CLERGY AND W.A. MEMBERS HOLD CONFERENCE IN BOBCAYGEON

Thirteen Branches of Victorian Deanery Represented—Splendid Addresses.

OFFICERS ARE ELECTED.

(Examiner Correspondence)

MILLBROOK, Sept. 26. — The combined annual conference of clergy and W. A. members of the Victoria Deanery, was held in Christ Church, Bobcaygeon, Tuesday, September 22, opening with a communion service at 10:30 a.m. at which the Rev. W. G. Dryer, resident rector, and Rev. A. T. Weir, of Omemee, Rural Dean were the celebrants.

A most earnest and helpful address was delivered by Rev. William Simpson, B. A., rector of the parish of Cavan; there were one hundred and sixty communicants.

After .. bountiful lunch had been served by the Woman's Auxiliaries of the Bobcaygeon and Dunsford churches, the afternoon meeting was opened in Christ Church at 1:30, with Mrs. (Rev.) A. T. Weir, vice-deanery officer, reading the Bible lesson, and Dr. Cartwright, of Toronto, leading in the W. A. devotions.

The minutes of the last meeting were read, and the report of the expense fund, and summary of work in the deanery, were presented by the secretary-treasurer, Miss Rose Macnamara of Millbrook.

Thirteen branches responded to the roll-call, and read encouraging reports, namely: Bethany, Blackstock, Bobcaygeon, Cannington, Cavan (St. John's); Cavan (Trinity); Millbrook, Dunsford, St. John's (Emily), Penelon Falls, Lindsay, Omemee, Coboconk.

The Deanery President, Mrs. (Rev.) William Cartwright, Allen of Millbrook, in a few well-chosen words, introduced the speaker of the afternoon, Dr. Cartwright, diocesan president.

W. A. Constitution

Miss Cartwright prefaced her address by answering the questions found in the question box. Her most interesting and deeply spiritual address was based on the W. A. constitution under the following headings: (a) Duty to our own parish; (b) social work; (c) mission study; (d) giving; (e) prayer, closing with the exhortation to each member to do all her work faithfully, "as in the eyes of the Lord."

Archdeacon Whittaker, of Blackstock, for many years missionary to the Eskimos, was the next speaker, delivering a most illuminating address on the character and mode of life of the Eskimos, stressing particularly the utter dissimilarity between the Indians and the Eskimos both in appearance and in their characteristics.

Officers for 1931-2

The election of officers resulted in last year's slate being returned for the current year:

Deanery President—Mrs. (Rev.) W. C. Allen, Millbrook; vice deanery president, Mrs. (Rev.) A. T. Weir, Omemee; secretary-treasurer, Miss Rose Macnamara, Millbrook.

The money donated at the meeting on Tuesday was voted to go to the Diocese of Kootenay of itinerating expenses of clergymen. Rev. Mr. Simpson spoke a final message of encouragement and consecration at the close of the meeting, and the rural dean read the concluding prayers.

The clergy held their sessions at the rectory, while the W. A. delegates had their morning and afternoon meetings in the church. Those representing Saint Thomas' church W. A. at the gathering were: Rev. William Simpson, B.A.; Mrs. (Canon) W. C. Allen; Mrs. C. M. Westmacott; Mrs. E. J. Whyte; Mrs. John Allen; Mrs. W. Hilton, Miss Annie Armstrong, Miss Rose Macnamara, Mrs. L. J. Morton and Mrs. G. Howson.

Next year's annual deanery convention will be held at Millbrook.

FIVE CRIMINAL

(Continued from Page 1)

action Thomas P. Kerr, farmer, of Seymour Township, claims specific performance by the defendant of a contract to purchase a farm or in default damages for $1,500 and costs.

J. F. Strickland, K.C., M.P.P., is solicitor for plaintiff and D. J. Lynch of Campbellford is solicitor for defendant.

Another action concerning the purchase of a farm names Rendle Dickson, farmer of Otonabee Township as plaintiff and Duncan Neish, retired farmer of Otonabee Township as defendant. Plaintiff claims that the sale of the farm by defendant was misrepresented and he asks for a declaration setting aside a certain conveyance made by the defendant to the plaintiff dated March 3, 1931; the setting aside of a mortgage by plaintiff to defendant dated March 5, 1931, for securing the payment of $4,000 on the ground that the sale of the premises were induced by misrepresentation; and for a declaration that plaintiff is entitled to the sum of $4,000 paid to defendant at the time of the purchase of the lands and premises; and for an injunction restraining defendant from dealing with the mortgage. Damages and the costs of the action are also claimed.

William George Brown, plaintiff in a suit against Henry Troop and the Royal Bank of Canada, claims a declaration of the court that the plaintiff is rightly entitled to all the moneys secured by the Robertson mortgage, subject to the rights of one Martha Dickson, and subject to the repayment of the sum of $230 secured to one Minnie Norman, and costs of the action.

Plaintiff was formerly a farmer residing in Otonabee Township and is now a farm laborer. The defendant Troop resides in Toronto and is an inspector of the Royal Bank of Canada.

Peck, Kerr and McElderry are solicitors for plaintiff, and Waldon Lawr of Toronto, solicitor for defendants.

John Armstrong, a farmer and keeper of a summer hotel in Smith Township is suing The Laurentian Insurance Company for the sum of $3,000 with interest from September 27, 1930, until trial and costs of the action.

Plaintiff insured his summer hotel against fire with the defendant company, who agreed to pay loss caused by fire to the extent of $2,000 upon the building and $1,000 on the contents.

On September 27, 1930, fire destroyed plaintiff's building and plaintiff claims that the defendant company became indebted under its contract for $3,000.

Gordon and Elliott are appearing for the plaintiff, while Nathan Phillips and Company of Toronto are solicitors for the defendant company.

Another action is that brought by Joseph Stewart, taxi driver of this city, against James Lewis and Allan Lewis in which he claims $10,000 damages and costs. The claim is a sequel to an automobile fatality on the night of December 29, 1930, in which plaintiff's daughter, Irene Stewart, was killed while riding in a car driven by Allan Lewis, and owned by his father, James Lewis.

Gordon and Elliott are solicitors for plaintiff and W. F. Johnston, solicitor for the defendant, Allan Lewis and R. R. Hall, K.C., for the defendant, James Lewis.

Y.P.L. OF NORWOOD OPENS ACTIVITIES

NORWOOD, Sept. 26. (Examiner Correspondence). — The Young People's League of the Norwood United Church was re-organized in the form of a Fall rally. Election of officers took place during the evening as follows:

Past Pres.—Edward Clark.
President—Alex Fairweather.
1st Vice President—Ronald Webster.
2nd Vice President—Edith Buck.
4th Vice President—Elsie Girvin.
Secretary—Margaret Burgess.
Treasurer—Maynard Bongard.
Pianist—Wesely Wildman.
Assist. pianist—Mary Stewart.

The committees were also chosen and the young people are anticipating a busy and profitable year's work.

Mr. Percy Gardner gave an interesting paper on the social service work of the church.

At the Harvest Home Social in Norwood Baptist church a presentation was made by the choir and congregation to Jack Kempt prior to his departure to Flint, Mich.

Mrs. (Rev.) Downing read a farewell address expressing appreciation of Jack's many services in the church especially at the organ of which he has been organist for the past three years or more. Miss Countess Twiss, B.A., made the presentation of a beautiful club bag.

The September meeting of the Presbyterian Y.W.A. was held at the home of Miss Ruth Wildman on Thursday evening. Miss Annie Ferguson was in charge. The Scripture lesson was read by Mrs. J. Ray, while Miss Ruth Wildman gave an interesting report from "The Glad Tidings" Miss Ollie Ferguson gave an instrumental solo. The topic was given from the Study Book by Mrs. J. Rogers.

At the close of the meeting a social time was spent and Miss Wildman was tendered a vote of thanks for her kind hospitality.

CORDOVA MINES.

Born—at Cordova, to Mr. and Mrs. Percy Pressick, on September 24—a son (Bobby Dale).

Mrs. Kenneth Hay, daughters Bertha an d Hazel, spent a few days with friends in Belleville recently.

Miss Margaret Bowen of Campbellford spent a recent week-end at her home here.

Mr. and Mrs. James Cruickshank of Toronto are visiting at the home of the latter's parents, Mr. and Mrs. Ed. Johnston.

Miss Alma Johnston of Toronto has returned home after spending a couple of months with her parents here.

Mr. Jack Cunningham of Campbellford visited Cordova friends over the week-end.

Miss Grace Steenburg has returned home after visiting her aunt, Mrs. E. Chase, at Victoria.

Mrs. G. W. Steenburg and her son Arthur and daughter Evelyn, visited Mr. and Mrs. W. H. McConnell at Belleville recently.

Miss Helen Montgomery of Tweed is visiting at the home of her uncle, Mr. James Kennedy.

MAHATMA GANDHI'S RIGHT HAND MAN

Paudit Malaviya (in white robes), Mahatma Gandhi's right hand man, leaving St. James Palace in London, after the preliminary session of the Indian Round Table Conference. The Paudit was the mouthpiece of the Indian cause at the meeting, due to Gandhi's observing his Monday vow of silence.

ALBION CLUB RE-ORGANIZED

Members Discuss Possibility of Building Skating Rink in Havelock.

OFFICERS ELECTED.

HAVELOCK, Ont., Sept. 26 — (Special to The Examiner)—At the annual meeting of the local Albion Club, held at the home of Paul Voyer on Thursday evening, one of the most important questions that come in for considerable discussion was the possibility of a skating rink for Havelock for the coming winter season. Last year the boys all got together early in the Fall and assembled the portable rink in the park, but the only thing that was wanting was the water. This year they are determined that there will be an ice surface of some kind and there is just a possibility that we may have a covered rink. The club has been very successful in all their undertakings since their inaugural meeting, held a little over a year ago, and with the continued support of local sportsmen they will no doubt awaken the town of sports from its dormant condition and Havelock will once again be on the map as a sporting town.

The election of officers and standing committee for the year took place and resulted as follows:

Honorary presidents, T. P. Lancaster, M.L.A.; L. A. Gould, L. G. Hagerman and D. A. Forde. President, F. McKenzie. Vice president, W. Sexsmith. Secretary treasurer, R. G. Seeney (re-elected). rPess reporter, F. McLaughlin. Entertainment committee, G. Kennedy, P. Voyer, G. Aboud, W. Longmuir and G. Seeney. Auditors, G. Buchanan and F. Rutherford.

The secretary reported the club membership as seventeen and a goodly amount of money in the bank. It was decided to hold a dance in the town hall on Thanksgiving day, October 12th.

The club expressed itself as being in favour of sponsoring a hockey team this winter, within the club, if ice is available. The matter of a club house was brought up and the members decided to look around for a possible place and reach a decision at the next monthly meeting.

All the members expressed their appreciation of the support given them by the citizens of the town and especially the business men and the C.P.R. Recreation Club. Altogether the outlook for the coming winter season is encouraging and if the boys can swing a rink, it will not be said that 50 per cent of the people using the Norwood rink are from this village.

DEANERY SESSION SET FOR HASTINGS

Peterborough W. A. Members to Hear Fine Reports and Addresses.

Members of the Woman's Auxiliary of the Anglican churches in the Deanery of Peterborough, are to hold their annual conference on Wednesday, September 30, in the parish of St. George's, Hastings.

A celebration of Holy Communion will be held in the church at 10.30 a.m., with Rev. H. F. Battersby, rector, as celebrant, and Rev. J. G. Bousfield, Rural Dean, and rector of St Luke's church, Peterborough, will preach the sermon.

Following the lunch, which will be provided by the Hastings and Roseneath branches of the Women's Auxiliary, the afternoon meeting will be held in the parish hall, Mrs. J. L. Hughes, Deanery officer, presiding.

In the absence of Dr. Archer, medical missionary of India, who was to have been the special speaker, the Rev. G. A. Andrew of Honan, China, will address the meeting. Mrs. A. R. Parsons, Diocesan secretary of the literature department, will also be a guest speaker.

The conference will continue in the evening when a meeting specially for junior girls, and evening branches will be held at 7.30.

All W. A. members are urged to attend the conference, which promises to be both interesting and profitable.

Bethany Couple Are Honored By Friends

BETHANY, Sept. 26 (Examiner Correspondence) — On Wednesday evening a large number of friends of Mr. and Mrs. Roy Carlton assembled at the town hall to extend their congratulations and best wishes to the young couple and to present them with two beautiful occasional chairs, together with an appropriate address.

Harold Payne acted as master of ceremonies and music for the occasion was furnished by the Galloway Orchestra, the young people indulging in dancing.

Mr. Carlton accepted the gifts on behalf of himself and his bride, thanking the many friends gathered together, for their kindness shown at this time.

Dancing was enjoyed and later in the evening a dainty luncheon was served.

What a Few More Seasons Will Do to the Ducks

FRIENDS HONOR HAVELOCK MAN

Presentation Made Mr. Pincombe at Special Session of Vestry Committee.

WEINER ROAST HELD.

HAVELOCK, Sept. 26 (Examiner Correspondence).—A special meeting of St. John's (Anglican) vestry committee was held at the church, to discuss business matters in connection with the appointment to this charge of a resident minister. A request has been sent in to the Bishop, asking that the vacancy created by the removal of Rev. P. C. Howard be filled. The appointment of a People's Warden to fill the vacancy being made by the resignation of Mr. Pincombe, who leaves Saturday for Port McNicholl was also a matter for the committee to deal with. Mr. Frank Watson was appointed to take Mr. Pincombe's place.

After the business had been disposed of, Mr. Pincombe was called to the front and presented with a beautiful carved walnut magazine stand and an address, Mr. Isaac Barlow making the presentation and Mr. Harry Roche reading the address on behalf of the congregation. The general regret felt by the parishioners at the removal of Mr. Pincombe, who had been such a valued member of the congregation for the past five years, and people's warden for almost the full time of his residence here, was expressed by both Mr. Barlow and Mr. Roche.

Mr. Pincombe, in his reply, stated that it had always been a very great pleasure to work in any capacity with his fellow churchmen, there was such splendid co-operation and harmony, and their willingness to shoulder any responsibility was remarkable. He had been moved before several times, but never felt such genuine regret as he felt at leaving Havelock where he had made so many warm friends among his fellow church workers, his fellow employees and citizens in general. He trusted the church here would continue to prosper, as it was sure to do with such a fine spirit dominating the congregation. He invited one and all to come and see him and his family when they were settled in their new home, but he added jocosely, he trusted that they would not all come at once, as he might be embarrassed where to put them all.

For the past three weeks, ever since notice of removal from Havelock by the C.P.R. was received, Mr. Pincombe has been feted and dined by various organizations and groups of friends, and has been presented with beautiful and costly gifts, testifying to his popularity with each and every one in Havelock. He is followed by the very best wishes of his many friends here who will miss his genial smile and his ever-ready helping hand.

A jolly weiner roast was held at the shore of Belmont Lake near Leclair's cottage on Wednesday evening by the Junior Agricultural and Junior Institute combined societies. A huge bonfire built at the water line gave a cheery glow to the scene, and by its light the hot dogs were roasted and partaken of. Group games, and funny pranks of the boys caused much laughter. The lovely full moon contributed in no small measure to the pleasure of the occasion, and the warm summer air made the outing a thoroughly enjoyable one. At ten-thirty the young people piled into the waiting cars, and repaired to the Orange Hall, Havelock, where a couple of hours square and round dancing were much enjoyed. The next meeting will take the form of a progressive euchre to be held at the Orange Hall on the regular meeting date, October 7th.

Norwood

Miss Fledda Arnott, R.U., of Detroit is visiting her aunt, Mrs. Walter Rodgers.

Dr. R. B. Richardson of Toronto was home for the week-end.

The many friends of Mrs. George Livingstone will be sorry to hear of her illness at her home.

Mrs. T. E. Fennell has been visiting friends at Napanee.

Miss Margaret Hope of Indian River was a visitor with Miss Bessie Comstock recently.

Mrs. Jacks and children of Trenton are visiting at the home of Mr. and Mrs. C. E. Packenham.

Mr. Raymond Scott of Toronto is visiting his parents, Mr. and Mrs. J. Scott.

Mrs. D. Kenyon of Toronto is visiting her sister, Mrs. R. S. Fennel.

Mr. and Mrs. C. S. Fife visited friends at Harwood recently.

Miss Helen Dickson of Belleville visited friends in town for the week-end.

Mrs. Lee is visiting her daughter, Mrs. D. B. Cuteliffe.

Mr. and Mrs. A. Blackburn of Belleville were guests at the home of Mr. and Mrs. W. H. Buck recently.

Mr. and Mrs. W. Burgess and Miss Ruth were visitors to Peterborough on Saturday.

Mrs. George Cheu of Toronto visited recently with Mr. and Mrs. M. Elliott.

Obituary

MRS. ELIZA DROPE

(Examiner Correspondence)

ROSENEATH, Sept. 26. — Eliza McCleary, widow of the late Thomas Drope passed away at her home in Roseneath yesterday at the age of 74 years. She leaves to mourn her loss three sons, William and John of Alnwick township and Harry of Regina, one daughter, Mrs. Stuart Atkinson of Dartford.

Funeral announcements will be made later.

CATTLE, GRAIN, PRODUCE

TORONTO PRODUCE

TORONTO, Sept. 26—The local butter market was a dull affair this week, with brokers quoting prices steady with last week on Monday and on Wednesday being forced to accept buyers' bids if they wished to move supplies. At the opening of the week local brokers were quoting 20¾c to 21c for No. 1 solids and 19¾c to 20c for No. 2, but buyers would not make deals on that basis and offered 20½c for choice lots, and would not consider other offerings. The close for the week was 20½c to 20¾c asked by brokers for No. 1 and 19½c to 19¾c for No. 2. A few sales were made, but the basis was 20½c¼ for No. 1.

At the week-end the quietness of the butter market was more pronounced than ever. Export trade to England was entirely "out of the picture" due to the cancellation of the gold standard and the general fluctuating tendency of the pound sterling. It was the opinion of those connected with local transactions that exports to the Old Coutry would not be a factor for a considerable time, and it was pointed out that about 60,000 boxes would have to be moved from this country if even present prices were to be held. Export trade would strengthen the markets, but no trade outside would result in stocks piling up this early winter, when heavy production is expected. The time for exporting is limited; the end of October will be the "dead line."

Cheese

Trading in cheese was also affected by the English situation, and sellers were finding sales difficult to make. Prices, however, were held to the steady basis of pervious reports, brokers quoting new makes at 11½c for large, twins at 11¾c and triplets at 12c. Retailers were quoted new cheese on a steady basis also of 13c for new large, 13¼c for twins and 13½c for triplets.

Eggs

Egg prices were lower during the first part of the week, but made a good "comeback" during the closing days, and on Friday prices were at new high levels. Country shippers were back to the higher prices quoted for extras over a week ago and graded eggs were at levels above previous ranges.

On Friday country shippers were quoted 24c to 26c for extras, 21c for firsts and 14c for seconds, delivered, ungraded, cases returned. Brokers were asking 29c for extras, 25c for firsts and 16c for seconds, graded, and in free used cases; seconds being the only grade not in demand. Retailers were offered extras in cartons at 31c, extras loose at 29c, firsts loos at 26c and seconds loose at 18c per dozen.

MONTREAL PRODUCE.

MONTREAL, Sept. 26. — Cheese, butter and potato prices were lower and egg quotations were higher on the produce and dairy market here yesterday.

Ontario cheese lost half a cent at 11½ to 11¾ cents, and Quebec cheese declined the same amount at 11¼ to 11½ cents a pound. Receipts were 2,810 boxes.

Eastern Townships No. 1 pasteurized butter, in carlots, dropped a quarter of a cent at 19¼ to 19½ cents a pound. To retailers solids and prints were unchanged at 22 and 23 cents a pound, respectively. Receipts were 1,700 boxes.

Carlot prices of fresh Ontario or prairie eggs were mainly higher, extras and firsts both gaining a cent at 31 to 32 cents and 26 cents, respectively, while seconds were unchanged at 18 cents a dozen. British Columbia fresh extras, in carlots, advanced a cent at 33 to 34 cents, and firsts were steady at 28 cents a dozen. Quotations to retailers were unchanged and receipts were 2,091 cases.

New Brunswick potatoes lost 5 cents at 50 to 60 cents per 80-pound bag and Montreal potatoes were unchanged at 40 to 50 cents per 80-pound bag.

LIVERPOOL QUOTATIONS

LIVERPOOL, September 26 — (A.P.) — Closing, wheat spot No. 1, Manitoba, unquoted.
No. 2, Manitoba, unquoted.
No. 3, Manitoba, unquoted.
Hams, long cut, 12 to 16 lbs., 93s.
Short cut, 12 to 14 lbs., 86s.
Extra skinned, 91s.
Picnics 5 to 8 lbs., 51s 6d.
Bacon, Cumberland cut, 32 to 40 lbs., 72s.
Canadian Wiltshires, 94s.
Clear bellies, 14 to 20 lbs., 55s.
Long clear middles, 28 to 35 lbs., 68s 6d.
Short clear backs, 20 to 26 lbs., 58s 6d.
Shoulders square, 12 to 16 lbs., 50s.
Lard, prime Western in tierces 48s 6d.
American refined in boxes, 51s.
Cheese Canadian finest white, new, 67s 6d; colored, new, 68s 6d.
Linseed oil, raw, 22s 6d.
Petroleum, No. 1, 10d; No 2, 11d.
Rosin, types "F" and "G" 15s 6d
Turpentine spirits, 56s 6d.

CHICAGO GRAIN.

CHICAGO, Sept. 26. — Violent breaks and rallies in sterling, the British Exchange rate, did much yesterday to force grain prices down and then briskly up. Bulls contended that wheat prices had been fully deflated, and that with anything like an improvement in the financial situation an advance in wheat was overdue. Late reports stressed seeing delays in dry sections of the United States winter wheat belt south-west, and made special mentoin also of excessive warmth in Northern Argentina, with locusts threatening Argentine crops and with rain needed at once.

Wheat closed nervous, unchanged to ½c higher, corn ⅛c to ⅞c up, oats at ¼c to ½c advance, and provisions varying from 20c decline to 10c gain.

WINNIPEG GRAIN.

WINNIPEG, September 26. — Fractional gains established in the initial trading hour were fairly well held on the wheat market here yesterday. The close saw gains of from ⅛c to ⅜c over Thursday's final figures.

October closed at 54⅝c, up ⅛c, November and December, each at 55½c, recorded gains of ¼c, May at 59⅝c was up ⅜c.

Fairly good buying was a feature of early trading, with a noticeable absence of any hedging operations. As the morning advanced there was a considerable amount of October longs changing over to May and December. Export trade was limited.

Broomhall reported continued weakness of sterling as precluding any active buying of wheat; that interior stocks were ample for the present requirements and that large quantities of Russian wheat were en route to Britain for store, no doubt, against possibility of an impost duty and likelihood of a Canadian preference. The Orient was reported taking considerable quantities of wheat and flour from Vancouver, and Japan taking corn from Argentine.

Washington reports stated that owing to the unsettled conditions in France the French Government was likely to increase the amount of foreign wheat that might be used in milling.

Cash wheat and coarse grain trading was indifferent at unchanged spreads.

Warkworth

Mr. James Armstrong is judging live stock at fall fairs this week in Ottawa and Cornwall districts.

Mrs. Boyce of Kingston visited Mr. and Mrs. W. J. Baker on Tuesday.

Born — in Ottawa, on September 18, to Rev. Russell and Mrs. McGillivray — a daughter (Margaret Alice).

Mr. Robert Kelly has been appointed bailiff for Warkworth, Division Court, in place of George Wiggins, resigned.

Great preparations are under way for the Warkworth Fair to be held on October 8 and 9. The concerts on both nights will be put on by local talent. Two plays will be presented by the young people of town and vicinity.

Mr. and Mrs. C. A. Wolfraim, Mr. and Mrs. W. J. Harper, and Rev. E. Smith attended the funeral of Clarence Brisbin at Fenella. The deceased was a nephew of Mr. Harper.

Mr. W. Vanblaricom and wife, of Picton, were recent guests of her sister, Mrs. Buchanan.

Mr. Bruce Thompson of Toronto is holidaying with his parents, Mr. and Mrs. Ed. Thompson.

Miss Monica Gallagher of Toronto is spending a few days with her aunts, the Misses Gallagher.

Mr. Nesbitt Oliver of Goderich is visiting his mother and other friends in town.

Mr. Ed Gallagher of Port Hope is visiting his grandparents, Mr. and Mrs. Tom Smith and other friends in town.

Mr. and Mrs. H. B. Wilson and Mr. and Mrs. Malcolm Baker of Hastings spent Wednesday at the home of W. J. Baker.

Plums, cherries and the hardier varieties of apples have been successfully grown on the Canadian prairies, but the orchards in all cases were protected by a suitable windbreak.

PIPE TESTED *by an* ARTIST

15c. and 20c. packages —also in ½-pound screw-top tins

"I smoke a pipe, and in my pipe I smoke Turret, the real pipe tobacco. I like it, and I'll tell you why! It has a flavour and aroma that I like; it is cool smoking, and it burns a long time. These are the qualities I want in a pipe tobacco.

My hand goes to my pocket for my pipe after breakfast; again after lunch; then, in the evening and in between these very special times,—a few other pipefuls as well. I'm a rather heavy smoker—but with Turret pipe tobacco it really makes no difference because there's no bite, no matter how much I smoke."

TURRET PIPE TOBACCO

A good, cool smoke *Pipe tested*

Turret fine cut for those who roll their own

Sidelights on Men and Women in the Public Eye

MOST WEALTHY GIRL SIMPLE AND MODEST

Got Bigger Thrill From Clog Dance Lesson Than From Presentation at Court

ALTHOUGH known as the world's wealthiest girl—her fortune being estimated at anywhere from $50,000,000 to $500,000,000 — nineteen-year-old Doris Duke is democratic and unaffected. Her smile is frank and boyish. Her reddish hair suggests a touch of temperament.

She has just returned from an extended vacation in Europe, during which she was presented at the court of St. James. But that didn't thrill her nearly so much as her first lesson in clog dancing.

She loves outdoor sports, likes to drive a car hard and fast, likes to swim and ride.

Among the bequests of her father, the late James Duke, tobacco king, was a private car, costing $35,000 with the name "Doris" in gold letters on its side, in which Miss Duke may glide in gilded comfort about the country.

She owns seven motor cars, and with her mother shares four large homes, one of which is located on a 2,600-acre estate in New Jersey.

Doris became the world's leading heiress at the age of 12, when her father died, leaving her the bulk of his millions.

Fantastic tales have been told of the luxuries which surround her—of the solid gold bowl incrusted with jewels from which she ate her morning oatmeal, and of how at the time of her birth her father bought her a special herd of 10 blue ribbon cows.

Also heard are tales of the wardrobe catalogue, containing colored photographs of each of her gowns from which Doris selects her costume for the day. Tales of the footman in satin breeches who brings her morning orange juice in an amethyst goblet; and the bathrobes which must match the tint of the bath water.

But Doris resents these stories.

She doesn't want to be a legendary princess.

She wants to be just an ordinary modern girl, unassuming and fun-loving—and that's what she is.

And the greatest fear of her life is that her bags of gold will rob her of the supreme happiness of a real romance. She must always be tortured by the fear that any suitor who approaches her is a fortune hunter.

Loves Golf and Ships More Than Old Throne

SHIPS and golf mean more than politics and crowns to the only person who is conceded even a chance of restoring the monarchy in Spain.

He is the third son of ex-King Alfonso, 18-year-old Don Juan Carlos, soon to return from his holidays in France, where he has been with his parents in their exile at Fontainebleau, to resume his studies as a cadet at the naval academy in Dartmouth, England.

Instead of wasting his vacation on political intrigues, Juan prefers golf. He has engaged a French professional, Henri Carterel, and is building over his game which was badly handicapped by a poor stance. He is to be seen every day on the course.

The royal physicians declare Juan to be in perfect health, which gives added significance to the rumors that Alfonso is preparing to designate him as his "successor" to the now vacant throne of Spain, despite the fact he is the third son.

Maude Adams Returning After Sixteen Years

A GLAMOROUS legend, glowing with the Arnoldian "sweetness and light," will return to the stage this season when Maude Adams once more treads the boards after an absence of 16 years. She is to appear in "The Merchant of Venice," essaying the role of Portia for the first time.

Her comeback will involve a stirring of the scent of lavender in many bureau drawers, yielding the old programs of "The Little Minister," "Peter Pan," "Chanticler," "L'Aiglon" and other epics of the days of leg-of-mutton sleeves and whimsey, when little Annie Kiskadden came from Salt Lake to be the American Bernhardt, or Duse, or whatever you like.

Maude Adams' last play was "A Kiss for Cinderella." Charles Frohman, her beloved manager, who had shepherded her to fame, was lost on the Titanic. The news was given to her as she entered the theatre. She covered her face with her hands and sank to a bench at the stage entrance. It was the only time she ever disappointed an audience.

In 1919, she suffered a serious illness and retired to a convent in New York. Restored to health, she gave to the sisters her 300-acre estate, Sandy Garth, on Long Island.

Miss Adams' first stage appearance was at the age of nine months, when she was carried on to the stage in "The Lost Child." At 16 she made her New York debut in a diving act.

During the last few years she has spent much of her time at an electrical laboratory in Schenectady, working out stage lighting devices. The "baby spots" now in use are her invention.

FROM under a mountain of statistics, Fred C. Croxton of Columbus, O., has emerged as chairman of Walter S. Gifford's new steering committee for the coming winter relief work. With a card index mind, bulging with the records of nearly 40 years of social welfare work or allied activities, Mr. Croxton [illegible] to be able to save the committee a large staff of clerks and researchers. He carries it all in his head

EMILIA QUARANTA

Pulling the teeth of royalty is the specialty of Signorina Emilia Quaranta, best known of Italy's women dentists, who recently made a trip to Doorn in Holland to extract three for the ex-Kaiser. Among her patients she numbers two kings, three queens and eighteen princes and princesses

Paul Bunyan Has A Colored Twin

ROARK BRADFORD, who has just won fresh acclaim with his new book, "John Henry," sees the negro, not as a buffoon, but as the "bland, guileless child of God." That was the undertone of "Green Pastures," the epic play and almost record success, based on Mr. Bradford's book, "Ol' Man Adam and His Chillun."

Mr. Bradford was a copyreader and night editor on southern newspapers, and in the last four years he has climbed to literary success which establishes him firmly in his chosen field with Joel Chandler Harris and Dubose Heyward.

He was born in Tennessee and educated himself, studying at home.

John Henry, who is immortalized in Bradford's new book, is a negro counterpart of the Canadian lumberjack, Paul Bunyan.

John Henry was a "natchel man an' on de day he was bawn he weighed fawty pounds," and in the cool of the evening down south, from Texas to Virginia and back again, the negroes sit around and tell tall tales of his mighty exploits.

On the day John Henry was born he rared up in bed and demanded to know, "Has de dawgs had dey supper yet?" Assured that the dogs had dined, he roared: "Well den ain't I as good as de dawgs? Don't let me git mad on de day I'se bawn, 'cause I'm skeered of my ownse'f when I gits mad."

He then orders up "four hambones an' a potful'er cabbages, a bait 'o turnip greens tree-top tall an' season hit down wid a side 'r middlin'; an' a pone 'er cold cawn bread wit' hot potlicker to wash hit down, an' two hawg jowls an' a kittle 'er whippowell peas, an' a skilletful 'er red-hot biscuits an' a big jugful 'er cane molasses. . . 'cause my name is John Henry an' I'll see you soon."

In Bradford's version John Henry works on the steamboats rollin' cotton, and he is the cotton rollin'est man ever seen.

John Henry can do a job of work better than anybody else. Along comes the engines and John Henry vows he can outwork the engines, and he works himself to death trying to do it.

New G.O.P. Chairman Once a Mine Mucker

IT was the ruddy, immaculate, gray-haired Senator Lawrence C. Phipps of Colorado who built President Hoover's prosperity slogan in 1928. "Prosperity is the sole issue of this political compaign," he insisted repeatedly, and made it stick.

Now the senate group has just advanced this former senator to succeed Senator Fess as Republican national committee chairman.

One of the Lions of the Old Guard, Phipps stems from the boom epoch of industrialism when Steel took the sceptre from Old King Cotton. When he was 17 years old he was a weigh boy and mucker in a Pennsylvania coal mine. When he was 40 he was vice-president and treasurer for the company which first employed him—the Carnegie Steel Co.—and had money enough to retire on, which he did.

Clock Boat Resulted In Grief and Profit

GAR WOOD, who started such a controversy by "beating the gun" in his second race at Detroit with Kaye Don for the Harmsworth speedboat trophy, once was saved from drowning by three girls.

Wood's hydroplane, Baby America III, capsized in the St. Clair river near Algonac, Mich., four years ago. He was partly stunned by the impact with the water when the trio of girls, riding in an outboard motorboat, picked him up and towed him to shore.

As a lad, Wood's hobby was making toy models of boats with clockwork motors. In fact, one of the most bitter arguments he ever had at home was one with his father when he took apart the family alarm clock to make a motor. Later Gar Wood proved to dad the practicability of the stunt by selling the boat for more than the clock was worth.

AIMEE SEMPLE McPHERSON & DAVID L. HUTTON

Aimee Semple McPherson, California evangelist, recently launched upon her third adventure in matrimony, her new husband being David L. Hutton, choir singer at Angelus Temple. They are here seen following their aeroplane trip to Yuma, Arizona, where the marriage ceremony was performed

Canadian-Born Evangelist Has Had Colorful Career

SURROUNDED by newspaper reporters, newsreel cameras and confronted by a radio microphone, Mrs. David L. Hutton, nee Aimee Kennedy, widow of Robert Semple, divorced wife of Harold H. McPherson, told the world that her elopement-wedding was an attempt to escape publicity.

Much has been written concerning the life and adventures of the colorful evangelist of Angelus Temple and of her Canadian origin in Ingersoll, Ont.

Aimee's recent marriage to the 235-pound baritone, with the aeroplane elopement and heart balm suit against Hutton, is in contrast with her first wedding. It was a story of faith and devotion, beginning when the pleasant young Irishman won her heart while both kneeled in prayer at the bedside of a typhoid-stricken child.

When Robert Semple heard the call and went to China, his wife accompanied him. Those must have been wonderful days for Aimee. She was in love with her husband and her spiritual work, though she lived in anything but plenty. Then, after just two years of married life, Robert Semple died and Aimee was left alone in the world, penniless and with an infant daughter to provide for.

How Aimee Semple returned to America and soon married, this time to Robert McPherson; the birth of her son; her longing to return to evangelistic work; and her divorce, with the custody of both children, are rapid chapters leading up to the years of struggle which saw their reward in Angelus Temple and thousands of adherents.

It is a different world that surrounds the present-day life of Aimee and her family, with its European tours, continent-wide broadcasts and Angelus Temple.

Last March it was Roberta Semple McPherson who made the front page with her wedding to William Bradley Smyth, purser of the liner on which she was making a world tour with her mother. Before that it was Rolf, the son. Later still "Ma" Kennedy splashed photographs and stories of her wedding to "What-a-Man" Hudson, with all the attendant ramifications of annulments and divorces.

And now Aimee's marriage recalls the statement of the evangelist that she was "tired, very tired," and wanted a home like other married people, as she stepped aboard an ocean liner at the head of 110 followers for a pilgrimage to the Holy Land.

And it brings back her comment of two years ago that she was too busy preaching the gospel to think of matrimony.

So the affairs of the woman evangelist swing into another era. Who is to know what will evolve from the new? They do say that Aimee and her husband are planning to [illegible] moving picture.

Eskimo Didn't Need Any Such Reminder

DURING a recent visit to Moose Factory, Lyman B. Jackes, Ontario government photographer, made a fairly lengthy cruise around Moose Island and other points of interest near the James Bay terminus of the T. & N.O. Railway extension. Accompanying him in his outboard motor canoe were two Indian guides and also an Eskimo lad who had begged to be taken along for the trip.

The country was so interesting that Mr. Jackes lost track of time. After some hours he pulled out his watch and found it to be a quarter past one.

"I'm getting hungry," he said to his Indian guides. "Let us go ashore and make up a bite of lunch."

The Indians were soon frying eggs and bacon, and Mr. Jackes noticed the Eskimo lad in conversation with the guides. From numerous sly glances he concluded that they were talking about him. He called one of the Indians to him and asked just what the Eskimo was saying.

"Eskimo says you funniest white man he ever heard of," replied the Indian.

"Why?"

"Says you have to pull little machine from pocket to find out if you are hungry."

"YOU will never effect real disarmament until you renounce war, not merely on a scroll of paper, but in the hearts of men."

—David Lloyd George

"THE time in the life of a child when a mother can exert her influence is terribly brief."

—Bruce Barton

"NEVER was there a time when there were fewer gods and more devils abroad in the world than at present."

—Benjamin De Casseres

IL DUCE DODGES DUCKING

PROBABLY no politician in Europe is more air-minded than Mussolini.

Just the other day, while up in a naval seaplane, such a gale blew up that the pilot could not make a landing at the anticipated point, and had to push along until he could reach a sheltered harbor. The plane's gas tank was nearly dry before a possible landing-place was reached. Had the machine been forced down in the stormy ocean it is doubtful whether even Il Duce's traditional luck would have saved him from death.

Unlike some other European statesmen, Mussolini shuns planes as a medium of official travel, but is always ready for a flight as sport or relaxation.

While still editor of his paper "Popolo d'Italia," he undertook to learn to fly.

During a practice flight in 1919 the plane he was piloting crashed, but the future leader of the Italian government was unhurt.

Reporting the incident for his paper, he stressed the fact that, while the plane was out of commission, the motor was not badly damaged.

An agonized voice from the other end of the telephone wire asked him if he was hurt.

"Not at all," answered Mussolini. "I have an injured leg, but it is not broken."

On several occasions during the early days of Fascism he participated in long and dangerous flights. One of these was a last-minute dash to Fiume to consult with d'Annunzio while the poet and his legions held the town.

Shortly after landing, a non-commissioned officer asked him, "Who is the pilot of that plane?" Mussolini answered, "I am. My name is Mussolini. Did you ever hear of me?"

Mussolini's enthusiasm for aviation and his determination that Italy shall be to the front in that arm is seen behind the numerous long and perilous flights made by Italian squadrons during the last few years.

He stands firmly behind any program calculated to popularize flying by Italians, even going so far as to get up at 4 a.m. to start a recent round-Italy air race for sport and touring planes.

YUGA KOSHA

The beauty contest, product of America, has invaded the Far East. Mlle. Yuga Kosha, of Bangkok, recently having been proclaimed "Miss Siam, 1931." Here she is wearing the panoung, the Siamese national dress for men and woman alike

Hit "Grande Dame" With An Orange

SENATOR DAVID A. REED of Pennsylvania, urging increased federal taxes in the United States, is supposed to represent the administration viewpoint, but there are few certitudes involved in anything Senator Reed says and does. He is never "in the bag."

Since his first election to the Senate in 1922, Reed has been increasingly busy and effective and always somewhat enigmatic. A Pittsburg corporation lawyer, who has acted as counsel for the United States Steel Corporation, he was commended by Labor for the fairness and liberality of the Workmen's Compensation Act, of which he was the author.

His family backdrop shows the great metal dynasties of Pittsburg. George Washington sued his great-great-grandfather for Washington County, Penn., and lost the suit.

A boy prodigy, he entered Princeton at 15, accidentally socked a passing grande dame with an orange, was arrested, stole the warrant and got Woodrow Wilson to defend him. Wilson, vastly amused, liked the lad and took him under his wing. Thus the errant winds of destiny wafted him gently into a career of statesmanship.

Italian Admiral-Envoy Is of British Descent

BARON ALFREDO ACTON, admiral and chief of staff of the Italian navy, who has just come to America to represent Mussolini at the American Legion convention, is a scion of one of England's old houses, the Actons having been prominent in Shropshire as far back as the reign of Edward III.

He is a descendant of that Sir John Acton, who was a commodore in the service of the East India Company, who later in life became prime minister of the kingdom of Naples, and who was associated with the activities of Lord Nelson in the Mediterranean.

The present Lord Acton who distinguished himself at the naval battle of 1917 which forced the Austrian fleet to seek refuge in Cattaro, is a nephew of Princess von Buelow, the gifted Italian wife of the former German chancellor.

Scraps and Dancing Joy of Chairman

ANNOUNCEMENT that public hearings would be held on the St. Lawrence development has again brought into the limelight Frank P. Walsh, chairman of the New York Power authority, who has a way of bringing about a showdown wherever he sits in, with spirited hostilities attendant thereon.

Outside of Samuel Untermeyer, Walsh has been engaged in more big rough and tumble legal fights, with economic and social implications, than any other American lawyer. He was chairman of Taft's commission on industrial relations and, rowelling Rockefeller and others, drew more cheers and jeers than any other headliner of the day—according to the viewpoint of the onlookers.

In 1923 he successfully defended Foster and the other Communists accused of criminal syndicalism, in Michigan.

Around 60 years old, his favorite diversion is dancing and he is impressively neat and limber at this pastime. He is one of the outstanding defenders of the under dog in America.

COMRADE OF GANDHI HAS SACRIFICED ALL

But Admiral's Daughter Finds Ascetic Life of Devotee Has Glorious Compensations

WHEN Mahatma Gandhi, the Holy One—with pots and pans and a cheap watch dangling at his waist—landed at Marseilles on his way to the London round table conference, his every move was supervised by an Englishwoman in homespun cotton and with head shorn.

No mother ever took more solicitous care of her child than did this companion and counsellor of Gandhi.

As the French customs inspectors approached her, they asked, "Are you Miss Slade?"

To which she replied, "No, Miss Slade died six years ago. I am Mira Bei, disciple of Mahatma Gandhi."

"Are you a British subject?" they asked.

"No, I am nobody's subject except Mahatma Gandhi's, whom I regard as my father."

The puzzled inspectors passed her through the gates.

But when she said that Miss Slade had died six years ago she spoke in parables. For in her youth she had been Madeleine Slade, a gay, carefree social butterfly, who spent her time flitting from London to Paris and to Berne in order to enjoy the pleasures which the wealth of her parents made possible.

It was in Paris that she chanced upon a book which changed her whole life—Romain Rolland's Life of Gandhi. Overnight she saw the vanity of her existence and resolved to dedicate herself to the cause championed by the Mahatma.

This she did despite the opposition of her father, Admiral Sir Edmond Slade, one-time commander-in-chief of the East Indies station of the Royal Navy.

On arrival in India, she took up residence in Gandhi's monastic ashram, near Ahmedabad. Her quarters consisted of a tiny hut, not more than six feet square, which was more like a prison cell than a home. It had a bare stone floor and barred windows, and was devoid of all furnishings save for a small spinning wheel and two khadding bows used in the preparation of the raw cotton. Nearby flowed the holy river of Sabaramati, at whose edge the new disciple slept under the stars of heaven. A small hard cot was built high enough to keep her out of reach of the poisonous cobras which crawled all around after night fell, and before the devotees arose in the morning to start their day with prayer.

And how has this gently nurtured woman borne up under this vigorous regime? "I feel," she told an interviewer, "that I have left behind the night and have at last emerged into the day. I have made great sacrifices, but not in vain. God has given me to Gandhi and to his country, and here I remain."

Lord High Chancellor Is Sandwich Hiker

LOOMING large in the deliberations of the Indian round table conference is a man with a massive head upon massive shoulders—a big slow man with a big slow voice, whom no one ever saw in a hurry. But big, slow organisms are sometimes deceptive. The elephant does not appear to be a racing machine, but try to keep up with him when he is intent upon travelling.

As for Lord Sankey, lord chancellor in Britain's new national government, a friend describes him as possessing "the secret of that almost terrible leisureliness of great workers. He is not quite a Welshman, although his parents moved to Cardiff more than 60 years ago when he was still an infant.

For a time he was undecided whether to try for the law or for the Church, but he finally determined to forego the ultimate reward of a bishop's lawn sleeves for the road which led to the lord chancellor's wig and robes.

He is unmarried, and for recreation he stuffs some sandwiches in his pockets and takes long tramps over the Surrey Downs.

Chamberlain a Dazzler With Monocle Trick

DURING the recent crisis over the naval wage cuts, Sir Austen Chamberlain, first lord of the admiralty, had ample excuse to give demonstrations of a little trick in which he indulges during moments of stress, namely, alternating eye-glasses and monocle with bewildering swiftness, catching the black-stringed monocle unerringly under a bushy and alert eyebrow.

Sir Austen is determined and militant in his general make-up, but his monocle stunt, which always hypnotizes international conferences, has suggested an ambidexterous intellect, which his critics have observed in his public career.

Old "Brummagem Joe" of Birmingham, Sir Austen's father, was a roaring imperialist who used to bellow with the crowds, at the time of the Boer war, 'We've got the ships, we've got the men, we've got the money, too." A self-made man, he played an important role in British politics, fighting Gladstone and exerting a powerful influence toward sending England into the South African war.

His son, out of Cambridge, studied in the Ecole des Sciences Politiques in Paris and acquired a cold, intellectual detachment. Then he studied under Trietschke, German war shouter, and acquired new doctrinal leanings toward imperialism.

He is astute, scholarly and facile in mind and speech.

HARVEST FESTIVAL SERVICE IS HELD

Rev. E. C. Moore Gives Fine Address in St. John's Church, Lakefield.

LAKEFIELD, Sept. 26 (Examiner Correspondence).—The annual Harvest Festival Service was held in St. John's Church on Thursday evening at 8 o'clock, with Rev. E. C. Moore of Young's Point the special preacher.

Mr. Moore delivered a very thoughtful sermon suitable for the harvest festival which has a very ancient origin, coming to us from the Jews, who celebrated the ingathering of the harvest and the custom was adopted many years ago by the church in the Old Land, and the beautiful custom has been carried on by the church in Canada. Why we, as individuals, observe the custom is a question; is it merely because it is customary or do we come with a real thanksgiving to God for his blessings?

This season it has been said that the farmer, facing the low prices which prevail, feels the bountiful harvest a very doubtful blessing and the Governor of Alabama has ordered that every fourth row of cotton in the State should be destroyed, and in Brazil they are talking of destroying the coffee crop. Man has wandered far from God in these latter days, and the need of the world in this time of economic crisis is God, and for the people to be able to see God in the simple things; in the humble cabbagke, the corn and in the faces of our fellowmen. Some people are inclined to think the church should take a stand on these burning national questions, but the church which is God's has a higher mission in bringing God before the people. In Russia there is an anti-God movement, which is spreading rapidly, and the church has that to combat. The church has in some respects changed to meet the needs of the times, but not in any of the essentials. When the individual has the personal realization of God in all things, then the crying needs of this world will be met and conquered. Our Lord conquered the world and in His message to His people He is very definite in this. Let us get back to God.

"Praise My Soul, the King of Heaven," was sung as a hymn anthem, the sweet soprano of Miss Winnie Payne being heard to advantage in the solo parts.

The church was beautifully decorated with grain, fruit, flowers and vegetables, and presented a very attractive appearance. The work was done by the Church Guild as usual. The new ends were decorated with small sheaves with touches of scarlet salvia, and the altar was banked with a mass of richly-tinted autumn flowers, all combining with the window and pulpit decorations in an effect in keeping with the Harvest Festival spirit.

Bethany

Miss Emily Griffiths, of Boston is the guest of Mrs. Fred Thompson.

Mrs. William Davis returned to her home after a week's visit in Lindsay with her daughter and other relatives.

Mr. Harry Gilles is engaged in taking down the old Presbyterian Church which has been purchased by Mr. Walter Rowland. It is understood that Mr. Rowland will build a fine new home on this site.

Mr. J. J. Clark's new residence is nearing completion.

Mr. J. Morton has been confined to his home through illness.

Mr. Richard Vance has been confined to his home through illness.

Mr. Richard Vance attended the Peterborough Exhibition last Saturday, and remained over the week-end in Peterborough the guest of his brother, Mr. J. H. Vance, returning to the village on Tuesday evening.

Canadian-Born Son Of Governor-General Christened

This picture was taken at Government House immediately after the christening of the Hon. George St. Lawrence Neuffize Ponsonby, five-weeks-old son of Their Excellencies the Governor-General and Countess Bessborough. The group shows, left to right: Lady Clark, wife of the British High Commissioner to Canada, who acted as proxy for Mrs. Arthur James of Cotton House, England, who is a godmother; Sir Robert Borden, who acted as proxy for His Majesty the King, who is godfather; His Excellency, the Governor-General; Her Excellency the Countess of Bessborough; Hon. George Ponsonby, in the arms of his nurse; the Hon. Mrs. Lascelles, wife of the Governor-General's secretary, who acted as proxy for Mrs. Neville Flower, His Excellency's sister-in-law, and another godmother. Behind are Lady Moyra Ponsonby and Lord Duncannon, children of His Excellency. Lord Duncannon acted as proxy for Lord Stanley who, with His Majesty, is a godfather.

MADOC RURAL SCHOOL FAIR PRIZE WINNERS

QUEENSBORO, Sept. 25 (Examiner Correspondence).—Following is the prize list for the Madoc rural school fair held at Remington on September 10:—

Wheat, Marquis, 1 quart.—Fred Stewart, No. 7; Fred Keene, No. 4; Maurice Fitzgerald, No. 5.

Wheat, any variety, sheaf—Ruth Empey, No. 2; Maurice Fitzgerald, No. 5; Ross Rollins, No. 6; Rae Henley, No. 2 Tudor; Angus Mackillican, No. 13.

Oats, O.A.C. Alaska, 1 quart—Lynn McCoy, No. 6; Elliott Burriss, No. 9; Ruth Andrews, No. 14; Verna Holmes, No. 5; Daisy Roberts, No. 2 Tudor.

Oats, any variety, sheaf—Dorothea Harris, No. 4; Ruth Empey, No. 12; Lois Fitzgerald, No. 5; Ruth Andrews, No. 14; Claude Blakley, No. 16; Francis Harris, No. 6.

Potatoes, Dooley—George Love, No. 4; Ford Chambers, No. 16; Jean McCoy, No. 5; Russel Empey, No. 16; Joyce Trumpour, No. 14; Arthur Coole, No. 5.

Potatoes, Irish Cobblers — Fred Keene, No. 4; Jennie Burris, No. 9; Elliott Burris, No. 9; Dorothy Roberts, No. 2 Tudor; Hubert Harris, No. 4; Roy Rose, No. 13.

Mangels, Yellow Leviathan—Edith Burris, No. 14; Ted Meraw, No. 3; Ruth Empey, No. 12; Eileen Stewart, No. 2; Rueben Ash, No. 2; Catharine Tobin, No. 9.

Turnips, Bruce's Giant King—Carl Fitzgerald, No. 5; Arlie Bird, No. 9; Doris Fox, No. 5; Burrell Bateman, No. 16; Fredie Wright, No. 14; Edna Trumble, No. 2 Tudor.

Barley, O.A.C. No. 21 — Lynn Holmes, No. 5; Gordon Stewart, No. 2 Tudor.

Barley, any variety—Hubert Harris, No. 4; Lynn Holmes, No. 5; Ruth Empey, No. 12; Gordon Stewart, No. 2.

Field Corn, Longfellow—John Osborne, No. 2 Tudor; Everett Moorcroft, No. 3; Harold Chambers, No. 14; Laveryne, Carman, No. 16; Gordon Rollins, No. 6; Christie Bailey, No. 6.

Sweet Corn, Golden Bantam — Aileen Holmes, No. 3; George Love, No. 4; Eddie West, No. 4; Kenneth Phillips, No. 5; Jenny Burris, No. 9; Tressa Whiteman, No. 5.

Beets, Detroit, dark red—Florence McLeod, No. 2 Tudor; Verna Woods, No. 5; Wilfred Thompson, No. 7; Helen Meraw, No. 3; Gladys Martin, No. 7; Irene Phillips, No. 5.

Carrots, Chantenay—Leona Blakely, No. 3; John Thompson, No. 7; Beulah King, No. 6; Elmer McCaw, No. 4; Edna Coole, No. 5; Evelyn Chambers, No. 8.

Parsnips, Hollow Crown—Kenneth Martin, No. 7; Betty Fenn, No. 12; Vera Holmes, No. 5; Gladys Keene, No. 5; Phyllis Rose, No. 13; Winona Palmer, No. 4.

Onions, Yellow Globe Danvers.—Verna Gordon, No. 7; Russel Empey, No. 16; Phyllis Parks, No. 6; Myrtle West, No. 4; Hattie Holmes, No. 5; Albert Fox, No. 5.

Asters—Rae Henley, No. 2 Tudor; Ruth Empey, No. 12; Doris Fox, No. 5; Mary Ruckstuhl, No. 2 Tudor; Daisy Roberts, No. 2, Tudor; John Osborne, No. 2, Tudor.

Sweet peas—Helen Johnston, No. 13; Betty Demorest, No. 3; Ruth Fitzgerald, No. 5; Ruth Fitchett, No. 7.

Phlox—Hubert Harris, No. 4; Burrel Bateman, No. 16; Gladys Martin, No. 7; Lois Fitzgerald, No. 5; Verna Holmes, No. 5; Edna Coole, No. 5.

Zinnia—Evelyn Chambers, No. 8; Russel Empey, No. 16; Harold Pidgen, No. 7; Jennie McCaw, No. 4; Florence Walker, No. 7; Betty Fenn, No. 12.

Cosmos—Vera Holmes, No. 5; Mary Osborne, No. 7; Elliott Burris, No. 9; George Cook, No. 2, Tudor; Leona Blakely, No. 3; Beulah King, No. 6.

African Marigold—Rita McCann, No. 14; Laweryne Carman, No. 16.

Verbena—Edna Phillips, No. 5; Clayton Holmes, No. 3; Dorothy Roberts, No. 2, Tudor.

Calendula—Kenneth Phillips, No. 5; Bobbie Kincaid, No. 4; Jennie Burris, No. 9; Joseph Ash, No. 12; Carl Fitzgerald, No. 5.

Salpiglossis Eddie West, No. 4; Donald White, No. 16; Gordon Steward, No. 2, Tudor; Kenneth Martin, No. 7; Leulla Phillips, No. 5; Aileen Holmes, No. 3.

French Marigold—Edward Fobert, No. 5.

Coreopsis—Hawley Steward, No. 2, Tudor.

Gaillardia—Aileen Steward, No. 2, Tudor; Myrtle West, No. 4.

Table bouquet for dining-room table—Dorothy Harris, No. 4; Audrey Post, No. 5; Hubert Harris, No. 4; Phyllis Strebe, No. 7; Gladys Keene, No. 5; Florence McCaw, No 4.

Barred Plymouth Rock, cockerel—Ruth Adams, No. 3; Fred. Keene, No. 4; Ruth Andrews, No. 14; Gladys Keene, No. 5; Bobbie Kincaid, No. 4; Harold Rollins, No. 6.

Barred Plymouth Rock, pullet—Ruth Andrews, No. 14; Fred. Keene, No. 4; Elmer McCaw, No. 4; Bobbie Kincaid, No. 4; Gladys Keene, No. 5; Ruth Adams, No. 3.

White Leghorn, cockerel—Clayton Holmes, No. 3; Patrick Laffan, No. 13; Ruth Empey, No. 12; Fred. Keene, No. 4; John Walsh, No. 13; Dorin Andrews, No. 14.

White Leghorn, pullet—Clayton Holmes, No. 3; Ruth Empey, No. 12; Fred. Keene, No. 4; Doris Andrews, No. 14.

White Wyandotte, cockerel—Hubert Harris, No. 4.

White Wyandotte, pullet—Hubert Harris, No. 4.

Colt, carriage type—No entries.

Colt, draft type—Albert Fox, No. 5; Bobbie Phillips, No. 5.

Calf, dairy type—Kenneth Post, No. 6; Hubert Harris, No. 4; John Thompson, No. 7; Lynn Holmes, No. 5; Carl Fitzgerald, No. 5; Maurice Fitzgerald, No. 5.

Handling of calf in show ring—Hubert Harris, No. 4; John Thompson, No. 7; Lois Fitzgerald, No. 5; Lynn Holmes, No. 5; Kenneth Post, No. 6; Carl Fitzgerald, No. 5.

Market lamb—Bobbie Phillips, No. 5; Albert Fox, No. 5; Wilfred Thompson, No. 7; Geo. Love, No. 4; Everett Moorecroft, No. 3.

Handling of lamb in show ring—Everett Moorecroft, No. 3; Wilfred Thompson, No. 7; George Love, No. 4; Bobbie Phillips, No. 5; Albert Fox, No. 5.

Northern Spy—Beulah King, No 6; Francis Harris, No. 6.

McIntosh — Beulah King, No. 6; Ruth Fitchett, No. 7; Gladys Keene, No. 5; Mary Ruckstuhl, No. 2. Tudor; Ruth Empey, No. 12; Norma Fox, No. 5.

Tomatoes—Gladys Keene, No. 5; Beulah King, No. 6; June Strebe, No. 7; Dorothea Harris, No. 4; Gordon Steward, No. 5; George Love, No. 4.

Apple collection—Doris Broad, No. 4; Gladys Keene, No. 5; Geneva Holmes, No. 5; Ruth Empey, No. 2, Tudor; George Love, No. 4; Francis Harris, No. 6.

Oatmeal macaroons—Doris Fox, No. 5; Mabel McCaw, No. 4; June Strebe, No. 7; Thelma Pidgen, No. 9; Alice Diamond, No. 5; Jean Ruckstuhl, No. 2.

Bran muffins—Joyce Trumpour, No. 14; Jennie Burris, No. 9; Verna Woods, No. 5; Gladys Keene, No. 5; Beulah King, No. 6; Hilda Pidgen, No. 9.

Loaf cake—Myrtle West, No. 4; Helen Pidgen, No. 9; Florence Walker, No. 7; Aileen Holmes, No. 3; Gladys Martin, No. 7; Norma Fox, No. 5.

Chocolate fudge—Florence Walker, No. 7; Phyllis Strebe, No. 7; Aileen Holmes, No. 3; Beulah King, No. 6; Gladys Keene, No. 5; Verna Woods, No. 5.

Apples cocked by four methods—Mary Palmer, No. 4; Jean McCaw, No. 4; Myrtle West, No. 4; Beulah King, No. 6; Florence Walker, No. 7; Audrey Post, No. 5.

Print quilt block — Betty Fenn, No. 12; Mable McCaw, No. 4; Alice Diamond, No. 5; Lois Fitzgerald, No. 5; Edna Cooke, No. 5; June Strebe, No. 7.

Pot holder—Jennie Burris, No. 9; Gladys Keene, No. 5; Ruth Fitzgerald, No. 5; Irene Phillips, No. 5; Ruth Empey, No. 12; Jennie McCaw, No. 4.

Duster bag—Aileen Holmes, No. 3; Luella Phillips, No. 5; Florence Walker, No. 7.

Pillow case—Gladys Keene, No. 5; Jennie Burris, No. 9; Ruth Empey, No. 12; Florence Walker, No. 7; Catharine Tobin, No. 9.

Relief map of North America — Gladys Keene, No. 5; Myrtle West, No. 4; Florence Walker, No. 7; Jennie McCaw, No. 4; Mary Palmer, No. 4.

Plasticine model of two common vegetables—Patrick Laffan, No. 13; Bobby Kincaid, No. 4; Tommy Burnside, No. 4; Don. McKinnon, No. 4.

Window stick—Hubert Harris, No. 4; George Love, No. 4; Wilfred Thompson, No. 7.

Salt box—G. Trumpour, No. 14; Harold Pidgen, No. 7; Elliott Burris, No. 9.

Nail box — Fred. Keene, No. 4; Christie Baily, No. 6; John Osborne, No. 2; Hawley Steward, No. 2; Rex Rollins, No. 6; Gordon Steward, No. 2.

Product map of Ontario—Eddie West, No. 4; Elmer McCaw, No. 4; Fred. Keene, No. 4; Gordon Stewart, No. 2.

Rope halter—Fred. Keene, No. 4; Bobbie Phillips, No. 5.

Collection of knots—Gordon Stewart, No. 2 Tudor.

Collection of Native Woods—Rae Henley, No. 2; Elmer DeMarsh, No. 12; Gordon Stewart, No. 2 Tudor; Hawley Stewart No. 2 Tudor; John Osborne No 2 Tudor.

Collection of Primary and Secondary Noxious Weeds — Gladys Keene, No. 5; Ruth Empey, No. 12.

Collection of Primary and Secondary Weed Seeds—Gladys Keene, No. 5; Gordon Stewart No. 2; Elliott Burris, No. 9; Jean Feeney, No. 3. Ruth Empey, No. 12.

Exhibit of Nature Study—No. 2 Tudor; No. 4.

Collection of six snapshots, showing three homes well planted and three homes showing need of planting of flower and shrubs — Betty Demorest, No. 3; Jean Feeney, No. 3; Ruth Empey, No. 12.

WRITING

Writing, alpabet and figures, (Primer)—Florence McCaw, No. 4; Kenneth Campbell, No. 14; Hazel Burris, No. 9; John Irvin, No. 5; Dorothea Harris, No. 4; Tommy Burnside. No. 4.

Writing (First Classes)—Bobbie Kincaid, No. 4; Doris Broad, No. 4; Leona Blakely, No. 3; Betty Rose, No. 13; Georgina Lalonde, No. 3; Clayton Holmes, No. 3.

Writing (Second Classes)—Frieda Cannifff, No. 6; Jean Gryce, No. 12; Lois Fitzgerald, No. 5; Molly Hunter, No. 19; Edith Burris; No. 14; Margaret Pigden, No. 12.

Writing (Third Classes)—Audrey Post, No. 5; Gladys Keene, No. 5; Jean Feeney, No. 5; Heloise Fenn, No. 12; Madeline Francis, No. 3; Phyllis Parks, No. 6.

Writing (Fourth Classes) — Hilda Holmes, No. 5; Gladys Martin, No. 7; Myrtle West, No. 4; Jessie Deprose, No. 2; Norma Fox, No. 5; Joseph Ash, No. 12.

ART

A tulip in crayons—Edna Coole, No. 5; Maurice Fitzgerald, No. 5; Hazel Burris, No. 9; Arlie Bird, No. 9; Dorothea Harris, No. 4; Lena Fobear, No. 5.

A landscape in crayons — Doris Pigden, No. 12; Betty Fenn, No. 12; Hubert Harris, No. 4; Beulah King, No. 6; George Love, No. 4; Mable McCaw, No. 4.

Pussy willows in pencil—Heloise Fenn, No. 12; Wallace Pigden, No. 12; John Osborne, No. 2, Tudor; Gordon Stewart, No. 2 Tudor; Florence McLeod, No. 2 Tudor; Jennie McCaw, No. 4.

A poster illustrating the use of fruits and vegetables in the daily diet—Florence Walker, No. 7; Mildred McCann, No. 4; Lillian Wright, No. 14; Clifford Goodchild, No. 4; Gerald Blackburn, No. 14; Rita McCann, No. 14.

Winter landscape in water colors —Joseph Ash, No. 12; Gladys Keene No. 5; Audrey Poste, No. 5; Ruth Fitzgerald, No. 5; Elliott Burris, No. 9.

Agricultural Scrap Book—Gladys Keene, No. 5; Jean Fenn, No. 2; Ruth Empey, No. 12; June Strebe, No. 7; Florence Walker, No. 7; Phyllis Strebe, No. 7.

MISCELLANEOUS

Girls' Public Speaking Contest — Audrey Post, No. 5; Florence Walker, No. 7; Myrtle West, No. 4.

First Aid Competition—No. 5; No. 7; No. .

DEADLY GASES SCIENCE AIDS

New Instrument and Chlorine Purifies Water Automatically.

HARNESSING THOR

(By Michael O'Mayo)

TORONTO, Sept. 26—Scientists are always on the alert in the struggle against disease, and from Switzerland comes news of a mechanical health department.

Typhoid fever, dysentery and many another disease can be caused by impure water. Let tiny germs get into a reservoir one hour ahead of the health department and there's more business for the morticians. It's a difficult job, this keeping of the water supply free from impurities.

That's why the Swiss inventor's discovery is being regarded with favorable eyes by doctors everywhere. It seems that the gentleman had devised a machine that's so sensitive to impurities in water that it automatically releases the proper dose of chlorine gas and writes a record of its good deeds on a revolving drum.

Peacetime Gas

That's just one instance of the use of deadly war time gases on peacetime jobs. Chlorine gas is now being employed to fight colds. The fearful hydrocyanic gas once used by the French in their cells is now being employed to rid bakeries of the dreaded flour weevil. Mustard gas, another lung-searing terror, is being used to rid fields of rabbits, gophers, mice and rats. Other deadly bases are employed to preserve woods immersed in water and some of them are induced to protect telephone poles from worms, and forest rangers have been delighted with the news that forest fires can be extinguished by smothering them with gas sprayed from low-flying airplanes.

Harnessing Thor

A few weeks ago three German scientists captured a thunderbolt of eighteen million volts, thus duplicating Benjamin Franklin's famous kite experiment on an unheard-of scale. On the slopes of Mount Generoso in Switzerland they conducted powerful lightning flashes to a lightning-proof cabin, and actually measured the force of the electricity.

"But what's the sense in doing that?" someone asked. And to tell the truth it's a little hard to answer. This much, at least, can be said: That enormous voltages, thus captured from the sky, may lead to great discoveries in medicine, or may solve the vexed question of unlocking the power of the atom.

Meanwhile the Germans are going to try to capture voltages up to thirty million and are building enormously powerful vacuum tubes with the end in view of harnessing the atom to the service of man. Someday a spoonful of water may drive ships across the Atlantic!

A Solar Engine

These many years scientists have tried to harness the sun to turbines. Now the dream is coming true—in Soviet Russia. On a half-acre plot in Samarkand, where the sun shines nearly every day in the year, engineers are constructing a monster sun-power plant. The solar rays will be used to turn water into steam that will be used to turn turbines—and there you are. Should this Russian experiment prove successful, we may expect sun-turbines in Alberta and deserts like the Sahara may well become thriving industrial centres. And these sun-engines, harnessed to the Arctic sun may materially assist in the exploitation of Canada's northern hinterland, for "up there" the sun works overtime in the summer.

And Now Seaweed

"Have you had your seaweed today?" may well be the most popular question of the future advertisers. Man, it seem, is turning to his original cupboard, the sea. Seaweeds, some men of science insist, are destined to become part of our daily diet.

At the University of Cornell some highly interesting experiments have been conducted during the past few months. Roosters, for instance, were fed identically the same diet with the single exception that some of the birds received an added ration of kelp. Presto! The kelp-fed birds grew wondrously and crowde vigorously, whilst their less fortunate brothers were still baby chicks.

In seaweed the scientists have found no less than thirty-two chemical elements and six of the vitamins. So that the kelp harvesters may be due for more prosperous days.

WOOD'S PHOSPHODINE

The Great English Preparation Tones and invigorates the whole nervous system makes new Blood in old Veins. Used for Anemia, Debility, Mental and Brain Worry, Hysteria, Loss of Energy, Palpitation of the Heart, Failing Memory. Price $2 per box 3 for $5. Sold by all druggists or mailed in plain pkg. on receipt of price. Free pamphlet sent free. THE WOOD MEDICINE CO. TORONTO, ONT.

HAVANA CIGARS

MOISTURE-PROOF WRAPPED

Cavan

The W.M.S. of Grace Presbyterian Church, Millbrook was entertained by Mrs. James Paul at her home, Eighth Line, Cavan on Wednesday afternoon. The pastor, the Rev. Mr. Williams and Mrs. Williams were present. Other visitors were Mrs. Graham, Sr. and Mrs. Graham, Jr., of Burk's Falls.

Mrs. T. Walters, Owen Sound, called on her cousin, Mrs. E. Syer on Monday afternoon.

Miss Norma Staples, Toronto spent the week-end at her home in Cavan.

Miss Gwen Hunter, Toronto spent the week-end with her parents, Mr. and Mrs. D. J. Hunter and was the guest at the Falls-Hancock wedding at Bailieboro on Saturday afternoon.

Mr. and Mrs. F. M. Staples and Miss Norma Staples attended the Falls-Hancock wedding at Bailieboro on Saturday.

Mr. T. Wilson, Buffalo who has been visiting his sister, Mrs. R. Matchett went to Manvers on Sunday to visit friends.

Mr. T. Wilson visited his cousin, Mr. F. Staples on Saturday.

Mr. and Mrs. D. J. Hunter, and Mrs. Robertson called on friends in Bailieboro on Saturday afternoon.

Mrs. F. M. Staples and her sister, Mrs. C. Perrin, Oakwood visited friends in South Monaghan for a few days last week.

Mrs. Perrin was the guest of Mrs. Staples for a week.

The September meeting of the Cavan Women's Institute has been withdrawn.

Miss Ruth Staples spent the week-end at her home.

Mrs. Graham of Burk's Falls has been visiting Mr. and Mrs. James Kennedy.

At a special meeting of the Cavan United Church W.A., it was decided to rescind the motion to hold their fowl dinner on Thanksgiving Day.

It has been their custom for many years, to hold a fowl dinner on Thanksgiving Day, followed by a good program. This year Thanksgiving Day comes so early in October, that it was decided to wait until a later date, when fowl would be in better condition for serving.

TREASURER'S SALE OF LANDS FOR TAXES

COUNTY OF PETERBOROUGH

To Wit:

BY VIRTUE OF A WARRANT made under the hand of the Warden and Seal of the County of Peterborough and to me directed, bearing date the 10th day of July, in the year of our Lord One Thousand Nine Hundred and Thirty One, I am commanded under the authority of the Statutes in that behalf, to levy on the lands hereinafter mentioned and described, for the arrears of taxes due thereon with the costs as hereinafter specified, as directed by the said Act. Therefore to give notice that unless the said arrears and costs are sooner paid I will proceed to sell by public auction at the Court House, in the City of Peterborough, on the 10th day of November, 1931, at the hour of ten o'clock in the forenoon, the said lands or so much thereof as may be necessary for the taxes, and all lawful charges incurred, in and about such sales, and the collection of the taxes.

CHRYSLER STYLE CHRYSLER ENGINEERING

—Reasons for De Soto's Remarkable Popularity

The prestige of Chrysler leadership in design, style and engineering—this is why hundreds of keen buyers are selecting De Soto Sixes and Eights as outstanding "buys" today. There's a smartness and chic about the De Soto which could come only from Chrysler styling. There's a snap and zip and zest of performance which could come only from Chrysler engineering. See the car for yourself. Drive it. You'll quickly see why De Soto Sixes and Eights are recognized as the premier values in their price-class.

DE SOTO SIX $965 and up, f. o. b. Windsor (Free Wheeling $37.50 extra)

DE SOTO EIGHT $1020 and up, f. o. b. Windsor

All prices f. o. b. Windsor, Ontario, including five wire wheels and standard factory equipment (freight and taxes extra).

For over half a century Dr. Chase's Kidney and Liver Pills have proven successful in promptly relieving torpid, sluggish action of the Liver, Kidneys and Bowels and the legion of ills that arises therefrom.

Dr. Chase's KIDNEY & LIVER PILLS

City Treasurer's Sale of Lands for Arrears of Taxes

Corporation of The City of Peterborough

TO WIT:

By virtue of a warrant issued under the hand of the Mayor and the seal of the Corporation of the City of Peterborough, bearing date the 27th day of July 1931 and to me directed, commanding me to levy upon the several parcels of land hereinafter described for arrears of taxes due thereon together with all lawful costs and charges in connection therewith I hereby give notice that unless the said arrears of taxes and costs be sooner paid, I shall, pursuant to the provisions of the Assessment Act, at the City Council Chamber, in the City of Peterborough, on Tuesday, the 10th day of November, 1931 at the hour of ten o'clock in the forenoon, proceed to sell, by public auction, the said lands or so much thereof as may be necessary to discharge such arrears of taxes and all lawful costs and charges in connection with such sale.

COLORS SOFTER IN MEN'S WEAR FOR THIS SEASON

College Men Take Lead in Adopting the Softer Weaves.

WORSTEDS LEADERS

A glance through Peterborough's clothing shops reveal that men's styles in clothing are this fall more repressive and restrained in styling. However, models are more naturally simple in details; patterns are more subdued and colors are in softer, richer tones than we have seen here for many seasons. We find instead of bold stripes and blatant overplaids, small checks, undertone plaids, modest stripes, and a great many solid color effects.

Formerly quiet effects were confined to the busines man, but nowadays we find the college man a leader in adopting the softer weaves, the quieter colors and the more simplified modeling in his apparel. This season the campus will reveal any worst and not a few of the soft, fleecy weaves both in suits and topcoats.

Another radical change in college styles is the leaning towards double-breasted suits which hitherto were almost taboo in college fashioning.

Little Revision in Models.

There has been very little revision of suit models from what was popular last spring. As stated above, the double-breasted is going to be stronger than ever.

Last spring the two-button single-breasted suit was an overtopping favorite, with much preference shown toward the peak lapel. This fall, Peterborough merchants say, the two-button model will still have the centre of the stage, but the notch lapel will be far more favored than the peak.

Worsteds Are Leaders.

There is nothing radically new in suit fabrics. Worsteds are leaders. Tweeds are retiring to make way for the trend toward flatter and softer weaves.

Suit models tend toward natural contours of the youngish figure. Shoulders concave and round over the sleeve head, the chest effect will be moderately broad, waistline a bit higher and pockets will be set higher. Sleeves will be finished with a plain shoulder effect; vests and pants show a decidedly higher waist effect.

As for colors there is no dominating shade, however blues and off-shades of green have been discussed. Greys are well placed and tans and browns are included in the recommendations. For the main choose the color that best appeals to your taste or best becomes your complexion.

Three Distinct Models.

There are three outstanding and distinct models advocated in topcoats for this fall. These models are the box coat type, with both single and double-breasted models: the fitted or "guard" effect and the polo coat.

Overcoats for this fall tend more toward dressiness than burliness. Fine fleeces, rich nub cloths and imported yarn effects, such as montagnacs, boucles, chinchillas and Shetlands render dressiness as well as warmth.

HOME TOWNERS

TIDBITS INTERESTING AND HUMOROUS FROM CAMPBELLFORD

The Wee Golf Course, which H. T. Scott has loaned to the Legion for the first night of the fair, September 30, is now in good condition and it is expected that the citizens of town will take advantage of this event to help the local branch in their charitable work. Chief G. C Bromley is looking after the music for this event.

Mr. and Mrs. C. J. Windrim were hosts on Thursday to the choir of the Port Hope United Church, when fifteen covers were laid for dinner. Mr. and Mrs. Stanley, Mrs. Windrim's parents, accompanied the guests.

Miss Grace A. Peacock of Golt, Maryland and Mrs. J. deBuss of Brandon, Manitoba, who have been the guests of Mr. and Mrs. E. H. Lewis for the past two weeks, returned to their respective homes on Friday. Mrs. Lewis accompanied them to Peterborough.

Mr. and Mrs. A. Tweedie were the recent guests of Mr. and Mrs. B. Sharp, Mount Pleasant.

Miss Dorothy Henson and Miss Ruby Townsend left this week for Toronto where they will enter upon an arts course at Victoria College, University of Toronto.

Mr. and Mrs. S. Diamond were the Sunday guests of Mr. and Mrs. Orville Jackson, Mount Pleasant.

Demands Withdrawal

C. T. Wang, China's foreign minister, has dispatched a note to Tokio demanding imedmiate cessation of hostilities in Mukden and withdrawal of Japanese troops.

NATIONAL GALLERY HIGHLY PRAISED

W. G. Constable Commends the Achievements and Policy of Canadian Institution.

TORONTO, September 26. — (C. P.) — While Wembley and Paris are still filled with enthusiastic memories of the 'vigorous and original art,' contributed by Canadian artists to the British Empire Exhibition in 1924 and 1925, and echoes seem to linger for ever on the comment aroused by the remarkable group of Canadian paintings sent over there, more emphasis is brought on the awakening of an art-consciousness in Canada by the generous reports and many words of praise by W. G. Constable, Assistant Director of the National Gallery in London, Eng., who was in Canada recently on a tour of Museums of the new world

Mr. Constable has been writing and speaking so much about the achievements of the National Gallery of Canada that we are brought to consider his statements with increased interest in our own art institution. We should all be familiar with the facts which he brings to the attention of the English public since his return abroad. And what he says is, that since its incorporation in 1913, the National Gallery of Canada has already built up a group of old master paintings which would be a credit to a in Europe. He remarks enthusiastically on how valuable is the collection of drawings and prints already formed and the collection of Canadian paintings and sculpture. He lauds the policy of the gallery which circulates freely throughout the Dominion, groups of pictures which serve as an education and an inspiration to people living in out-of-the-way communities. Canadians feel all the more proud of these remarks when they realize that all this has been accomplished in barely ten years—for during the years of the war all activities were dropped.

As a confirmation of the high praise of Mr. Constable, it may be said again that the Trustees of the National Gallery were asked to lend three paintings to the important Italian Exhibition, which was held at Burlington House in 1930. "Christ and St. John," by Boticelli, "Portrait of a Man," by Cariani, and "Portrait of His Servant," by Tintoretto. These paintings were given good positions in the exhibition and fully held their own with the wealth of masterpieces which Italy had sent to the exhibition.

Ald. Stocker Visits Parks In Montreal

Alderman Walter Stocker has returned to the city from an eight-day visit to Montreal. He reports that he visited the Montreal, Westmount and Montreal West parks and was highly pleased with them. On a trip to Ottawa he saw Ottawa's parks and drive, and had the pleasure of a visit to the Rideau Hall gardens.

During his trip, Mr. Stocker met the St. Hilda's Band again and heard them play in Montreal.

The Only Thing that Gave Relief

"Two years ago I had bad backache," writes Mr. J. G. Haffner, Aylesbury, Sask. "I tried different medicines but couldn't get any relief. I then tried a few boxes of Dodd's Kidney Pills and have never had any trouble since. Thanks to Dodd's Kidney Pills." Dodd's Kidney Pills stimulate and strengthen weak kidneys. You will be surprised how soon they begin to cleanse and purify, to soothe and heal the kidneys, at the same time, Backache, Rheumatism, Headaches and all ailments due to faulty Kidneys disappear.

Dodd's Kidney Pills

WOMEN'S INSTITUTE WEEKLY COLUMN

A goodly thing it is to meet
In Friendship's circle bright,
Where nothing stains the pleasure sweet
Or dims the radiant light.
No unkind word our lips shall pass.
No envy sour the mind.
But each shall seek the common weal,
The good of all mankind.

CAVAN.

Our Institute could not do better during the fall and winter months than to make a study of our Canadian writers and their works. Many of us are not aware of the great number of Canadian writers, or what a variety of topics their works cover.

Canadian literature has for Canadians certain values, certain messages, which can be conveyed by no other literature. We have an existing body of Canadian writers who have endeavored, and who are endeavoring to be the articulate voice of the nation. The work of these writers is distinctly Canadian, insofar as it depicts Canadian scenes, tone, sentiment, local conditions, and local atmosphere, insofar as it protrays the life, the work, the feelings, the thoughts, the aspirations, of the people of Canada.

One big thing that Cnadian writers can do is to promote knowledge and understanding between the various racial elements that must contribute to the making of a unified and solidified Canadian nation.

The value of the work of the late Dr. William Henry Drummond is in his sympathetic presentation of all phases of the life of the French-Canadian habitant. His many little studies of child life show the tender relation existing between parents and children in French-Canadian homes. Incidents of the lives of the older folk are sketched with tenderness and reverence. Character sketches of the cure, country doctor, and others, give an insight into the fortitude, tenderness, the devotion to duty, and the simple but lofty ideals of these people.

Since few of us know the language of our French-Canadian countrymen, and many of us come very little in contact with them, we must look to our writers to provide contact through literature.

In "Maria Chapdelaine," by Louis Hemon, we have a crystal - clear picture of the habitant of the hinterland of Quebec. "Canadian Folk Songs," translated by John Murray Gibbon, is another valuable work in this class.

In the "Songs of the Ukraina," Florence Randal Livesay brings us closer to the ideals and traditions of the immigrant races from South-Central Europe. Pauline Johnson herself a daughter of a Mohawk chief, and an English woman, presents the Indian's viewpoint of his relations with the whiteman, and his wrongs. Duncan Campbell Scott has many fine poems which show Indian life from the white man's point of view. Indian legends and traditions gathered from tribes from coast to coast are found in Mabel Burkholder's "Before the White Man Came." Tradition and history are combined in the "True Story of Hiawatha," by A. Leon Hatzan.

The special problems of the West are written down for us in the novels of Ralph Connor, Robert Stead, Nellie McClung, and others. Canadians, young and old, should be familiar with the life and work of such men as Sir John A. McDonald, Sir Wilfred Laurier, Lord Strathcona, Father Lacomb, Bishop Bompas, Dr. James Robertson and many others. Along with Canadian biography should go Canadian history. Our history is full of exploits that are more romantic than was ever the wanderings of Ulysses.

The author of "The Men of Kildonan," relates a story of courage and romance which any Canadian should be proud to read. Few know anything of the facts on which it was founded until the author pieced it together from dry records, and made it a living picture.

There are more interesting and fascinating Canadian tales than space will allow us to name, but don't forget Charles G. D. Roberts' novels of early Acadia, histories of the war of 1812, the rebellion of 1837, and other events in the development and growth of Canada.

Robert Stead is the poet of the prairies; Robert W. Service, of the Yukon; Helen M. Egerton and Ethelwyn Wetherald delight chiefly in singing of bird life, and Jean Blewett is the poet of the home.

These are only a few of the Canadian writers, whose works we might use in developing the educational side of our Institutes. The Department, on application, will supply help along these lines.

Worth-while programs, for the regular meetings of the Women's Institutes, may be provided during the coming winter, by making use of our own writers' works.

AT MILLBROOK.

An Institute that prides itself on always having practical programs from which members may go each month with new suggestions in their note books, recently planned a "Question Meeting," when in response to the roll call, each one present was urged to ask any question regarding household problems on which she needed help.

The innovation proved a decided success, and will be tried out again at some later date, as naturally not all the questions asked could be answered at the one gathering, indeed, not all could even be asked, owing to lack of time.

Some of the information given, which the president labelled "Handy Hints,' included a reply to one member who asked how to clean furs; another who had tried out successfully the following method cornmeal; rub it in gently over all the fur, whether light or dark, and then brush out thoroughly. It is far superior to gasoline, and not nearly so dangerous."

How to remove iodine stains was a mother's problem, the reply being to make a suds of any good soap flakes, using plenty of hot water, and the marks will come out at once. Again along the laundry line, an elderly member mentioned suffering from cold hands when hanging out clothes in wintry weather, the suggestion given as 'tried and true' being to heat the pegs in the oven before going out with the clothes. Loose cotton gloves were worn by the one making the query.

Laundry hints seemed to be specially in demand, the matter of keeping scrim curtains from sagging being cleared up by the advice to hang them on the line by both hems, preventing the centre from stretching, and to fold lengthwise for ironing to make the edges hang straight.

The removal of white marks from a walnut dining room table, the result of hot dishes brought the suggestion to use hot water and baking soda, though another declared that the application of wood alcohol was her method, and still another declared rubbing lightly with spirits of camphor had brought the obliteration of the marks with no injury to the polished wood.

How to keep a steel-top range looking its best was a problem to a member whose birthday gift from her "hubby" had been this much-desired piece of furniture for her kitchen, replacing an old-fashioned iron range. "They told me at the store to just rub it over with my pot cloth," she said, "but it doesn't look nice enough to me." She was helped by the information to use a good hand cleaner, first washing the top with soap and warm water, then apply the cleaner with a damp cloth, and rub well, finishing off with a polish with a dry cloth. Another said she used a few drops of three-in-one oil on a soft rag, polished well, and her stove looked "as nice as possible."

A recipe for baked peas being asked for, this one was given: Take one can of medium sized peas, and heat in their own liquor; then drain and pour into a shallow baking-dish. Add salt and pepper, and break over the peas four eggs, dot with bits of butter and bake in a hot oven ten minutes.

Making Over The Old—One Way To Be Economical

Who said Hollywood folk were extravagant; Here's Madge Evans, screen player, show how the modern maid is sometimes more economical than her mother. In (1) she is wearing a Floradora jacket, relic of the mauve 90's. And here in (2) is how she cuts the high cost of dressing. Scissors do it by snipping off a single sleeve which provides sugicient material for a rehearsal outfit. And if you don't believe it, there's the proof in (3).

Bethany

Miss Margaret Jackson spent Friday in Toronto.

Mrs. Goodwin and family of Fraserville were guests of Mrs. Charles Porteous on Wednesday afternoon.

Mr. Joe Medd was a business visitor to Peterborough on Monday.

Mrs. Foster of Glengarry Road spent Monday in Peterborough visiting friends.

Rev. Mr. Scott was a visitor to Lindsay on Monday.

Those who attended the Deanery meeting at Bobcaygeon on Tuesday from Bethany were Rev. Mr. and Mrs. Fierheller, Mrs. J. R. Sisson, Miss Hannah Sisson, Miss Annie Sisson, Mr. and Mrs. Alex Monk, Miss Mae Magill, Mrs. O. H. Magill, Mrs. Richard Vance and Mrs. George Foster.

Mr. William McCartney, who underwent a critical operation at Nicholls Hospital on Monday, is making favorable progress.

Friends of Mr. and Mrs. Roy Carlton tendered the newly-married couple a reception and dance on Wednesday evening in the town hall.

Mr. Thomas Thompson is contemplating coming to occupy his residence on the corner of Wilson and Queen streets, in the very near future, accompanied by his daughter, Miss M. Thompson, R.N., of Detroit.

Mr. and Mrs. A. Monk were business visitors to Lindsay on Wednesday afternoon.

Mrs. Grace Sisson of Cavan is a guest of Mrs. Flack and Miss A. Sisson for a few days.

Miss Ruth Hamilton has gone to Toronto, where she will enter the Toronto General Hospital as a nurse-in-training.

Golf Winner

IN LADIES' HANDICAP

Mrs. E. C. Forgie, winner of ladies' handicap against par, at the annual totem pole golf tournament at Jasper Park, Alberta.

Fenella

Mr. and Mrs. George Wragg, Port Hope, were week-end guests of their daughter, Mrs. Howard Macklin.

Mr. and Mrs. A. Marsh, Cobourg were Sunday guests of Mr. and Mrs. Carl McNaught.

Mrs. Edith Waite, Toronto was a week-end guest of her brother, Roy Smith, and Mrs. Smith.

The Misses Ruby Herrington and Louisa Clark attended Peterborough fair last week, competing in the household science judging contest.

Mr. and Mrs. Enock Merriam, Mrs. Elijah Merriam and Miss Norrine Osborne, Harwood, were recent guests of Mr. and Mrs. John Herrington.

Mr. and Mrs. Clarence Sherwin have returned from their wedding trip.

Miss Mildred Lean, Oshawa spent the week-end with her sister, Mrs. J. H. Mouncey.

Miss Donna Talling who is attending Peterboro Normal School, was home for the week-end.

Mr. and Mrs. Otto Curtis, Toronto attended the funeral on Friday of the late Clarence Brisbin.

Mr. S. Williamson, Hastings and sister Miss Clara Williamson, Oshawa were Sunday guests of Mr. and Mrs. J. H. Mouncey.

Rev. D. R. Clare, Norham, conducted divine service in Fenella United Church on Sunday, while the pastor, Rev. R. W. Paton, M.A., was conducting anniversary services on Mr. Clare's charge.

Divine service will be withdrawn in Fenella United Church on Sunday, September 27, owing to anniversary services being held in Centenary Church.

Lakes, 5500 feet above sea level, on Forbidden Plateau, Vancouver Island, have been planted with trout eggs by the Dominion Department of Fisheries.

To Visit Germany For International Competition

Miss Linda Leeds, who has a fortune as musical as her own name, returns from Europe with travel outfit that leaves no doubt about Paris having been on her itinerary. She is a first cousin of William B. Leeds, son of the late "tin plate king. (2) Miss Romaine Combe, fiancee of Lord Castlereach, wore this medieval costume at the garden fete given recently by Lord and Lady Londonderry. (3) Loretta Turnbull ,girl speedboat champion, is already planning a trip to Germany next year when, with her two brothers, she will form a three-boat team to try and carry off the "prize of nations" and the "national team prize" donated for international competition by the Vaterland's Minister of Foreign Affairs.

ARTISTIC LINES AND COLORS ABLY DEMONSTRATED IN STYLES

Beauty of Physique Suggested With Greek-like Designing of Fabric.

GLOVE PASTELS.

NEW YORK, Sept. 26—The fashion interest of the moment is focussed on the first national fashion revue held at the Ritz Carlton in Atlantic City.

The silhouette as shown at the Ritz defines the figure in an artful and artistic way. It is subtle beyond words. The outlines of the body appear beneath softness and drapery. In motion, the form is shown like the curves of the winged victory beneath wind blown drapery. There is neither boldness nor daring, and yet the beauty of the physique is suggested with Greek-like sculpturing of fabric. Perhaps never before in the history of fashion have artistic lines and colors been given such an opportunity for picturesque expression as they find in the styles of to-day.

Epaulettes? Certainly

Sleeves sound the most revolutionary note. Your sleeves may be anything but plain. Elaborately puffed sleeves are among the outstanding features. Jewelled epaulettes appear on evening and afternoon gowns. Soant puffs, full puffs, long tight cuffs with fullness above the elbows, bishop sleeves gathered at the wrists, wide bell sleeves, under sleeves of lace, gauntlet cuffs and those which may be metamorphosed into cuffs, and many other variations of trimmings on sleeves are vital factors both for street and formal wear.

Hats in the fashion revue all paid honors to the Empress Eugenie period and the renaissance. However, they are modified in lines of refinement and restraint. There is an absence of drooping, swooping feathers except with the most romantic velvet gowns. Cire ribbon, which is that waxed quality which resembles patent leather, coque, quills, buckles, velvet ribbon, crystal and prystal ornaments appear as trimming. A stunning black velvet afternoon dress paid tribute to the romantic mode. This consisted of a jacket of velvet. A lace overblouse of ivory Point Venice and a black velvet skirt attached to a slip bodice of white satin. Deep ermine cuffs that widened into puffs at the elbows and a tiny ermine muff completed this costume, with which a black velvet Eugenie hat appeared. The belt of the blouse was made of lace over white satin.

Sports ensembles were devastingly dashing. Brown, Spanish tiles, and hunter's green predominated in these costumes, which combined monotone of mottled tweeds and wools with biadere striped wool or jersey.

Some Glove Pastels

Short white or pastel tinted gloves are worn with short sleeved evenings gowns. These gloves have pinked or scalloped edges. Some have tiny flared cuffs. Bows of kid tie on the outer side of wrists. Others fasten with pearl buttons. Narrow ruffles of white lace appear on short, white kid gloves, which are tied around the wrists with black velvet ribbon. Fabric gauntlets, fitted at the wrist and flaring generously, are smart for sports. Three triagular tucks ornament the wrist. In black, brown, beige and white, these are chic.

Marabou is a smart trimming on fashionable hats. White marabou on black is especially good. It is used like plumes. Again it falls like white spray in delicate fronds. Sometimes these fronds are tipped with black. Exquisitely delicate as a light fall of snow, the immaculate whiteness of these feathers is lovely on black and other dark shades.

MILLBROOK C.G.I.T. WILL RE-ORGANIZE

Girls Arrange for Bacon Supper—New Prospects Attend.

MILLBROOK, Sept. 26 (Examiner Correspondence).—A gathering of some of the 'teen age girls of St. Andrew's church who are interested in the Canadian Girls in Training work met at the home of Mrs. (Dr.) E. L. Burnham on Wednesday evening, to discuss plans for the fall and winter, fourteen being present.

The matter of re-organising the Wide Awakes C.G.I.T. group was given full discussion, former members expressing themselves as desirous to continue the meetings having found the group helpful from many standpoints, and when a vote was taken these present were unanimous regarding carrying on for the current year.

At the next regular meeting on Wednesday, September 31, reports for the past year will be received, officers elected, and an entirely new enrollment list made out, the pledge, which is the purpose of all C.G.I.T. work, being emphasized when members are received. The matter of programs for the ensuing year will also be discussed and planned.

Following the custom of previous years, the group will hold its annual bacon supper on Monday, September 28, immediately after school, the out-of-doors gathering being on the grounds at W. A. O'Brian's home.

A "Star Hunt," with the aid of "sky sheets" purchased from the Extension Department of the University of Toronto, will feature the gathering after the supper hour.

Some new girls not previously connected with the C.G.I.T. movement were present on Wednesday evening and signified their intention of joining the re-organized group. The usual social hour was enjoyed at the close.

REBEKAHS HOLD 'GET TOGETHER'

Golden Sheaf Members at Millbrook Plan for New Season.

GAMES PLAYED.

MILLBROOK, Sept. 26.—(Examiner Correspondence).—A pleasant social evening was enjoyed at the I.O.O.F. Hall on Tuesday night, in connection with the regular session of Golden Sheaf Rebekah Lodge, the gathering being the initial occasion of meeting after the summer holiday months.

The Noble Grand, Sister Isabelle Thorndyke, presided over the Lodge session, the social part of the evening having been planned in the form of a 'get-together' in order to give things a good start for the new season's activities.

Cards, music, and a competition in connection with the game of carpet balls, filled out the evening happily, the service of refreshments being the concluding item on an ejoyable program.

The second Tuesday in the month is the regular time of meeting for the Golden Sheaf Lodge. The committee on Tuesday responsible for the social occasion included Sisters Irene Fallis, Mabel Fallis, Caroline Harkness and E. Larmer.

Obituary

MRS. THOMAS HOY.

OSHAWA, Sept. 26.—One of Oshawa's oldest citizens, Mrs. Thos. Hoy, passed away Thursday in her 96th year at the home of her daughter, Mrs. John Ogden, 92 Bruce Street. For the past four years Mrs. Hoy made her home in this city. She had previously resided at Kendall, Ont., and was a member of the United Church there. Surviving her are a brother, William Smart, 75, of Jackson's Point; a sister, Mrs. Pauline Woodcock of Brown Hill, Ont., 87 years of age; four daughters: Mrs. Ogden of Oshawa, Mrs. John Treble of Clarke Township, Mrs. Frank Symons, Bowmanville, and Mrs. William Treble of Orillia; four sons: Henry and Thomas of Kendal, Hugh of Oshawa and George of Peterborough.

The Alberta Provincial police use radio as an aid to law enforcement, their network extending from the International boundary to the Peace river.

cereal in soups? Yes!

JUST sprinkle in some Kellogg's Rice Krispies next time you have soup. Adds the flavor of toasted rice. Delicious!

Rice Krispies are the "different" cereal. So crisp they crackle in milk or cream. Wonderful for breakfast, lunch or supper. Order a red-and-green package. At grocers. Made by Kellogg in London, Ontario.

Kellogg's RICE KRISPIES

ENDORSE INVITATION

PARIS, Sept. 26 (A.P.) — The French Cabinet with President Doumer in the chair to-day approved Premier Laval's acceptance of an invitation to visit President Hoover in Washington.

Mrs. John Henry Armstrong, Millbrook, Ontario, announces the engagement of her younger daughter, Sara Isabel (Reg.N.), to Mr. Willan D. Hutchison, son of Mr. and Mrs. David Hutchison, of Otonabee—the marriage to take place the middle of October.

• • •

Mr. R. C. Rosborough, son of Mr. and Mrs. Wilbert Rosborough, of Smith township, returns to Guelph this year to resume his studies at the Ontario Agricultural College.

• • •

A very enjoyable evening was held on Thursday at the home of Mr. and Mrs. Roy Northey of Smith township, when young people of the neighborhood held a chicken roast. The evening was spent in playing games and singing. Among those present were the Misses Mildred Sage, Ferm Harrison, Mildred Northey, Genevieve Armstrong, Irene Northey, Fern Graham, Orethea Northey, Helen Woods, Bonnie Northey, and Messrs. Everett Graham, Harry Pluard, John Breckenridge, Rolly Graham, Cecil Northey, Jim Fulton, Robert Armstrong, Donald Sage, Elton Northey. A party of young Peterborough poeple were also present, including the Misses Frekla Pavy, Dorothy Cole, Alma Stenton, Madge McFarlane, Irene Sturgeon, Margaret Whitmore, and Messrs. Harold Pavy, Kenneth Masters, Wesley Pavy, Walter Miller, Fred Pavy and William Stevens.

• • •

Mr. Walter Outram, son of Mr. and Mrs. W. J. Outram, Edinburgh street, has returned to Guelph to pursue his studies at the Ontario Agricultural College.

• • •

Mr. and Mrs. John Young, Minesing, Ontario, announce the engagement of their daughter, Winnifred Fraser, to Mr. Charles Alexander Sollitt, son of Mrs. Adlet Sollitt, and the late Mr. F. T. Sollitt, of Peterborough, Ontario. The marriage to take place early in October.

• • •

Lt.-Col. W. Gordon Hall, V.D., Lt. George Melton and Lt. Fred Hart motored to Belleville to-day to attend the annual re-union of the 21st Battalion, which will be held there to-night.

• • •

Mr. Fred L. Roy has returned from Boston, Mass., where he gave a lecture on the subject of "Child Photography" before the Photographers' Association of New England, at their annual convention.

• • •

Young men of the city and district who have returned to Toronto to pursue their theological studies at St. Augustine's Seminary, include Mr. Harold Snider, son of Mr. and Mrs. C. J. Snider, Water street; Mr. Frank Deforge, son of Mr. T. Deforge, Stewart street; Mr. Gilmour Kay and Mr. Charles Kay, sons of Mr. and Mrs. A. Kay, Downie street; Mr. Leo Riches, son of Mr. and Mrs. H. Riches, Romaine street; Mr. Earl Grant, son of Mr. and Mrs. T. J. Grant, Rubidge street; Mr. Gregory Wolff, son of Mr. and Mrs. A. J. Wolff, Donegal street; Mr. Hilaire Archambault, son of Mr. and Mrs. H. Archambault, Murray street; Mr. Joseph Walsh, of Indian River; Mr. Herbert Fitzgerald of Otonabee, and Mr. J. Collins of Norwood. Mr. James Fleming, son of Mr. and Mrs. B. L. Fleming of Perry street, has commenced his first year of study at the Seminary, and Mr. Frank Grant, another son of Mr. and Mrs. Grant of Rubidge street, has gone to Quebec to the noviate of the White Fathers who minister to missions in Africa.

• • •

An interesting event of to-morrow at the morning services at St. John's Church will be the unveiling of a tablet erected to the memory of the late Captain Rubidge by his great grandson, Mr. John Rubidge, who, with his daughter, Mrs. Hayward of Connecticut, is visiting relatives in the city. The late Captain Rubidge, who was a member of the Royal Navy and fought in many of the memorable naval engagements under Admiral Nelson, was one of the first settlers of Peterborough and laid the cornerstone of St. John's Church, over a century ago. His great grandchildren in the city include the Misses Rubidge of Stewart street and Miss Mary Archer of Rubidge street. Relatives from out of the city who will attend the unveiling of the tablet will include Mr. and Mrs. Lamb and their daughter, of Ottawa, also Mr. and Mrs. Nigel Drayton of Gore's Landing.

• • •

Mr. and Mrs. Frank Fairen, Simcoe street, motored to Rochester N.Y., to visit relatives and friends.

• • •

Mrs. J. C. Loucks of 480 Donegal street celebrates a birthday anniversary to-morrow.

• • •

The editorial staff of The Examiner presented an electric coffee percolator to the city editor, Mr. Wilson Craw, whose marriage to Miss Gwen Donley takes place next week.

• • •

Mr. George Barns, son of Mr. and Mrs. B. L. Barns, Gilmour street, has gone to Kingston to commence his first year of study at the College of Science, Queen's University.

• • •

The friends of Mr. Patrick Sweeney of the American Hotel will regret to learn that he was removed to St. Joseph's Hospital again yesterday afternoon, after returning recently from hospital.

• • •

The first At Home of the season of the members of the congregation of the Immaculate Conception Church was held last night in the parish hall, with thirty tables of cards played. First prizes were won by Mrs. L. O. Riley and Mr. M. Tobin, second prizes by Mrs P. J. Devlin and Mr. P. E. Martindale, and the door prize by Miss Agnes Gainey.

• • •

Miss Gertrude Comstock, daughter of Mr. and Mrs. Manson Comstock, Sherbrooke street, has returned to New York state to pursue her studies at the University of Syracuse. Miss Comstock spent the summer as one of the counselors at Camp Miramichi, in the Adirondack Mountains.

• • •

Mrs. W. R. Watson and son Douglas, of Winnipeg, visited their cousin, Mrs. H. Bathgate, 96 Aylmer street, this week, en route by motor to Montreal.

• • •

Mrs T. LaPlante of 230 Rubidge street has returned home after a pleasant visit of two months with her son, Mr. Frank LaPlante, and family, of Rochester, N.Y.

• • •

Miss Mary Macdonald of London street has returned to Providence, R.I., to pursue her studies at Miss Mary Wheeler's School.

• • •

Mrs. Gus White, Gilmour street, is spending a week in Rochester, N.Y., visiting Mr. and Mrs. H. A. Johnston.

FASHION SERVICE

Here's a cute model with all the ear marks of French chic, yet is as simple and smart and is practical as any tiny girl would wish for.

A French blue linen with plains white linen made the original.

Isn't the inset yoke cunning? The pleated ruffing finishes the round neckline and deep flared back cuffs. The pleating may be replaced by bias contrasting binding, if desired.

The circular skirt gives smart emphasis to the brief bodice.

It is as simple as falling off a log to make it.

Style No. 3302 may be had in sizes 2, 4, 6 and 8 years.

Size 4 requires 1¾ yards 35-inch, with ¼ yard 35-inch contrasting.

A plaided gingham in yellow and brown with plain brown is fetching.

Then again in a navy blue wool challis with white pin dots and vivid red contrasting, it's adorable.

Don't envy the woman who dresses well and keeps her children well-dressed. Just send for your copy of our Fall and Winter Fashion Magazine.

It shows the best styles of the coming season. And you may obtain our Pattern at cost price of any style shown. The pattern is most economical in material requirements. It enables you to wear the new frocks at little expense—two frocks for the price of one.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of book 15 cents.

Price of pattern 15 cents.

Our large Fashion Book shows how to dress up to the minute at very little expense. It contains most attractive Paris designs for adults and children, embroidery, etc.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of book 15 cents.

DECORATING ROOMS to lengthen the period of Autumn and push winter back is something many homemakers would like to do who enjoy warm weather and dislike the cold days barren of foliage.

• • • • • • •

It is possible to do this very thing by bringing the beauty of the Fall into the house.

• • • • • • •

There are brilliant leaves that add cheer to any spot decorated with their gay colors. There is warmth in the very look of them.

• • • • • • •

The fiery red of maple leaves the yellow sunshine of beech, the radiant ember-glow of oak, and the varying hues of all the trees which the nip of frost brightens or mellows, these are what autumn supplies the homemaker for her purpose.

• • • • • • •

She should be sure to gather foliage from trees and bushes she knows, as there are occasional varieties such as poison ivy, which turns a vivid red. The ivy is lovely, indeed, but as its name implies, it is very poisonous.

• • • • • •

Autumn flowers are, for the most part, gorgeous in color, or have a richness of tone that is decidedly decorative. In this they differ from the soft and dainty colors of spring blossoms.

• • • • • •

The delicacy of awakening nature charms when spring is young. The vividness of fall flowers gives the necessary zest to the later and cooler days, and supplies a glow to interiors.

• • • • • •

Autumn leaves can be used during the entire winter for table decorations if the foliage is treated correctly. Press the leaves between layers of newspaper under heavy and even weights.

• • • • • •

Or use old sheets of blotting paper instead of the newspaper. The moisture should be absorbed while the leaves are smoothly pressed. When they are dry, iron with a well waxed and not too hot iron.

• • • • • •

This coats them with a shiny preservative which holds them straight and even. Or the leaves can be varnished.

• • • • • •

The brilliant colored leaves are decoratively scattered over a dining room table, or are made into a circlet about a fruit or flower centerpiece.

• • • • • •

Also they are used flat in shallow glass bowl for decorations in living rooms. If the bowl is green the foliage has the appearance of having fallen on grassy sward.

GIRL GUIDES MEET

Miss D. Kelly Appointed Captain of Company

On Monday, September 21, the 1st Peterborough Company of Girl Guides had their first meeting this fall. The time of opening is changed to 6.45 p.m. instead of 6.30 p.m. as before. The leadership of the company has also been changed; Miss D. Kelly taking Miss I. Connolly's place as captain, and the Misses B. Scott and L. McDougall as the new lieutenants.

The majority of Guides present were not in uniform and are asked to please wear them at meetings.

The meeting began with prayer and roll-call, after which the Guides were divided into three groups to learn their tests. An enjoyable game of knot-tying followed. Then the girls sat in a campfire circle, and Miss R. Sutton, our departing lieutenant, told an amusing story which was followed by a couple of jolly songs by the Guides. The gathering closed by singing "Taps," and the Guides departed to their homes.

NORWOOD MILL SOLD

NORWOOD, Sept. 26.—The Field Farm Milling Company's property here was recently sold by the official trustee, W. R. Morris, to Dr. F. R. Latta, of Roseneath. Dr. Latta is expected to take possession of the property next week, A. L. Bebner having been appointed manager.

Scotland has many labor disputes.

Believe Fire Caused By Train's Vibration

CORNWALL, Sept. 26.—Vibration caused by a passing freight train, it is thought, caused a lighted coal oil lamp to work off a table in the home of Mr. and Mrs. Jerry St. John, 334 Street west, bordering the railway tracks. The lamp exploded and the flames completely demolished a two-storey frame structure here early this morning.

Bitumen is now being commercially extracted from the extensive tar-sand deposits along the Athabaska river, near McMurray, Alberta.

Gandhi's Cell-Like Room

A London settlement worker is shown reading one of the books placed in the monastry-like cell in which Mahatma Gandhi of India is living as a guest of Muriel Lester, world famous welfare worker, while attending the second India round-table conference. This tiny room is atop a London settlement house and is in strict keeping with Gandhi's vows of poverty while coferring with the British leaders.

That Body of Yours

By James W. Barton, M.D

VALUE OF MASSAGE.

During and immediately after the war massage was greatly used in homes and hospitals for all manner of ailments. It would seem that massage is not used as much as it was just five or more years ago, and this is unfortunate as it can be of great help in certain cases.

One use is in preventing stiffness in the joints or in loosening up joints that are stiff.

Dr. Ralph Pemberton reminds us that in arthritis, inflammation of a joint, massage maintains and also actually improves the circulation about the joint. This means that more fresh blood is brought to the part and wastes carried away more quickly.

Further, owing to the fact that the joint has to be 'rested' the muscles about it get no work, and there would be considerable wasting of the tissue if it were not for massage. Massage helps preserve the bulk or size of the muscle, and also its tone.

Before massage is given heat should be applied to and about the joint as this opens up the blood vessels, softens the tissues, and permits the masseur to use a little more vigor than otherwise would be possible.

In inflammations about the joint there are usually changes which seem to close up the blood vessels, and you can thus see how heat and massage, by opening up the blood vessels, can stimulate the removal of products due to these changes.

It is not wise to massage a joint or move it much when it is swollen, as this may start fresh trouble in the joint. However, massaging the tissue near the joint is helpful and can be done safely.

Massage is also helpful in other conditions besides the joints. Where a patient is not acutely ill but has to lie in bed for weeks, massage can be of great help as it keeps the circulation good in all parts and partly makes up for the complete lack of exercise in a bed-ridden patient.

Remember, also, that massage is really a form of exercise, and it must be followed in all cases by a rest, a complete rest of the whole body, for about an hour.

Dartford

Master Clare McDougall has returned to his home in Peterborough after an extended visit at the home of Mr. A. C. Copperthwaite.

Mrs. Alec Petterson and daughter Doreen of Norham called on the former's mother, Mrs. R. Campbell, on Wednesday.

On Wednesday afternoon the ladies of the W.M.S. held a quilting at the home of Mrs. M. Atkinson. They quilted a comforter for the Mission Band.

Mrs. Harry Wilson and daughter Fern of Norham visited the former's mother, Mrs. W. T. Runnells on Wednesday.

Mr. and Mrs. W. T. Runnells attended a surprise party at the home of Mr. and Mrs. Albert Bonny in Campbellford in honor of their fortieth wedding anniversary.

Rev. Harry Frost, Cleveland, Ohio is visiting his mother, Mrs. Mary Frost.

The W.M.S. meeting was held at the home of Mrs. F. Wilson on Wednesday, September 16th.

The meeting was opened with the hymn, "Blest be the Tie that Binds." The scripture lesson was then read by Mrs. A. A. Atkinson; hymn 364 followed this. The business was then discussed. Hymn 346 was then sung followed by the chapter of the study book given by Mrs. W. Atkinson. Hymn 391 was sung and then a reading was given by Miss L. Copperthwaite. Miss Carrie Atkinson then led in prayer after which hymn 384 was sung and the meeting closed with the benediction. The hostess then served a very dainty luncheon.

Experiments conducted in Saskatchewan have proven certain local clays to be well suited for modelling purposes.

Favorite Recipes.

PERFECT GRAPE JUICE

For two quarts of grape juice, use one quart of grapes, after removing from the stems (do not crush) and one-half pound of sugar. Place a two-quart glass can in boiling water. Be sure that the water is boiling and that the can is thoroughly scalded inside and out. Have the water deep enough, so that when the can is emptied and set upright the boiling water will come nearly to the top of the can outside. Now into the empty can put the quart of grapes and the half pound of sugar, fill to the top with boiling water. Be sure that this is boiling hot, as well as the water outside of the cans, and screw on the top. Be sure the top and rubbers are as hot as the rest of the can. They should also be in boiling water and screwed on before any chance of cooling. Make grape juice this way, you have something worth while. The grapes are put into the hot cans cold. Do nothing to them, only wash them after picking off the stems. When one-quart jars are used, then a pint of grapes is used for each jar.

GRAPE MARMALADE

Take 2 pounds of grapes, remove the pulp, scald and rub through a sieve to remove the seeds. Boil the grape skins in water enough to just cover them; when tender, strain them. Mix the juice of the skins and the strained pulp together, then to every three quarts add two quarts of stewed and strained apples. Add the juice and pulp of three lemons, one-half ounce of stick cinnamon, broken up and tied in a muslin bag, and seven pounds of granulated sugar and add it to the marmalade, stirring till dissolved. Boil half an hour, stirring continuously until done. Put in jelly glasses.

GRAPE CONSERVE

One and one-half quarts grapes, after seeding, one pound raisins, one-half pound walnut meats, juice and grated rind of two oranges, seven cups sugar. Mix all ingredients together, except walnut meats, cook slowly ten minutes. Then add meats, can and seal.

GRAPE JUMBO

Four pounds of seeded grapes, one orange cut in very thin slices, three-fourths pound of seeded raisins, four cups of sugar. Cook until skins are tender and the mixture is of the consistency of marmalade. Pour into hot jars and seal.

Hall's Bridge

Miss Janet Vanderwell of St. John's Hospital, Toronto, has been spending a part of her vacation with Miss Iris Willis and returned to Toronto Wednesday.

During the severe electrical storm on Monday morning the Hydro pole outside Dr. Willis' residence was struck by lightning, disrupting the service in the whole of the section of Hall's Bridge in Smith Township.

Mr. Grattan of Lakefield, who has been conducting a mission here for the past week, held the concluding services at St. Andrew's Presbyterian church on Sunday last. He was accompanied by Mrs. Grattan.

The harvest festival service was held at St. Matthew's Anglican church last Sunday, conducted by the Rev. O'Connor-Fenton, of Norwodo.

Miss May McCaffrey of Toronto is the guest of her sister, Mrs. Hy Shearer.

The Rev. Walker and Miss Pearl Walker were visitors in the village this week and called on Mrs. Willis.

Miss Francis Mackenzie and Mr. Wright of the Grove school visited Dr. and Mrs. Willis on Sunday last.

Mrs. Dan Whetung of Curve Lake visited her mother, Mrs. John Jones, on Sunday.

Alberta is raising pheasants for game purposes and expects to release a number in 1932.

BACK-TO-ERIN TIDE IS FLOWING AMAZINGLY

Current of Migration Is Reversed and Free State Population Shows Increase

Dublin.—Throughout the last five months there has been a steady inpouring of emigrants from the United States to the Saorstat, while the contrary stream, which has flowed toward America for the last 70 years, has practically ceased during the last two years on account of the economic conditions in America.

During the first half of the current year less than 500 persons left the Free State to go to America and these went under special circumstances guaranteeing that they would not become charges on public charities. During the same period of last year the number of emigrants to the United States was approximately 9,000.

Since last January, it is definitely known, from official returns, that 1,080 persons of the emigrant class have returned to resume residence permanently in Ireland. It is now believed, as the stream continues to flow homewards, that the movement back to this country is really only beginning and that between this time and Christmas many thousands more will have arrived.

It is also a well known fact that hundreds of Irish in America are today and have been for some time in receipt of regular remittances from their families here. This is a very complete reversal of former conditions.

This extraordinary and wholly unlooked for turn-about will inevitably have certain effects. For one thing, the increasing trend of the population of the Free State, which has recently been recorded for the first time in nearly 90 years, will become emphasized.

Girls Travel 7,000 Miles

GIRLS RETURN TO HOME TOWN VIA LONG MOTOR TREK

It was all in the day's work for Ethel Jackson and Grace Hunter to drive their little car from Los Angeles, nearly 7,000 miles, to spend a few days with friends in Toronto they had left behind when they stepped aboard a train five years ago. They drove through the wheat belt of the Canadian west and saw the crops being burned to a crisp by sun. So far they have travelled 6,974 miles. Within a week they leave for New York, Washington and points south, turning to cross the desert, which brings them back to Los Angeles. Miss Jackson is keeping a diary and Miss Hunter is writing a log of the trip.

Velvet Is a Favorite For Evening Wear

SMART FORMAL COSTUMES FOR THE COMING SEASON

(1) White panne velvet fashions this flowing gown with original back treatment of shirring. The low decolletage is edged with pearl and diamete flowers. (2) The wrap and frock are both of chartreuse satin. Platinum fox is used lavishly to trim the formal evening cloak. (3) Velvet first favorite for the coming season, is used in this striking gown and wrap for formal evening wear. The color is a soft tangerine and silky black lynx fashions the short collar.

Fast Time Made in P.C.I. Field Day Track Events

COLLEGIATE STUDENTS' FIELD ATHETICS CLOSELY CONTESTED

Gord Young Wins Graham Eastman Cup for Third Time in Three Years.

HEAVY ENTRY LIST.

Thirty-one track and field events took place yesterday afternoon at the annual Collegiate and Vocational School Field Day held at the Exhibition Grounds. Several hundred attended the meet as participants or as spectators, and all were delighted at the close finishes that marked practically every sport.

Lowering skies and a decided chill in the air failed to deter the athletes and onlookers, most of the latter remaining until the final event. Track and field contests were staged at the same time, every sport attracting its own gallery of followers. It was a picturesque scene with the girl athletes wearing bloomers and blouses, and the boys in shorts, sweatshirts and vari-colored pullovers.

There was a heavy entry list, particularly in the girls' competitions, several of their races having to be run off in several heats. The different races for both boys and girls attracted the most attention, although a large crowd watched the jumping and the javelin-hurling also.

Make Fast Time.

Fast time was made in the senior boys' 100-yard dash, with Gord Young galloping in first in ten and four-fifths seconds. The intermediates and juniors at this distance didn't waste any time either, Armstrong doing it in eleven and one-fifth, while Dunkley of the junior class, was clocked at twelve even.

In the 220-yard run, Young went under the wire in twenty-four and three-fifths, and Dinesen, of the intermediates, did it in twenty-five. Twenty-seven and two-fifths was the junior, Dunkley's time.

In the 880-yard run, only two finished, Harton clicking it off in 2.38, with White second. Ward was first for the intermediates, doing it in 2.30 ahead of Kingston and Telford. The junior boys' bicycle race had a big entry list and they were bunched all the way around the half-mile track, except for the winner, Andrews, who took an early lead and won all by himself.

The senior running jump went to White, who reached five feet, one inch. Armstrong, of the intermediates, attracted considerable interest as he soared higher and higher, finally going five feet four. The junior jump went to Dunkley with a mark of four feet, three inches.

In the girls' open 75-yard race, A. Comstock reached the tape first, and in the 50-yard run for senior lasses, R. Drimmie was first. M. Harvey won the junior 50-yard event. The slow bicycle one drew some laughs as the girls politely stayed back to let the other finish first, Connie Legon being the last to come in and the victor.

Wins Interform Relay.

Special Commercial won the interform relay, and M. Snowden and R. Drimmie were on the winning team of the throwing-and-catching the ball sport. The latter maiden also took the distance ball-throwing event, while O. Gillespie won the basketball toss. D. Weese and G. Carvolth won the ball throws in their classes, and the bicycle races went to B. Price and A. Langley.

There was keen competition in the jumps, with J. Harvey winning the running high, O. Gillespie the running broad and A. Comstock the victor in the standing broad—all in the senior class. In the junior division, G. Carvolth took the running high event, as well as the running broad jump. The standing broad jump went to B. Rogers.

For the third time in three years, the Graham Eastwood Trophy goes to Gord Young for winning the 120-yard low hurdles.

Following are the field officers who handled the sports:

Honorary judge, H. R. H. Kenner; referee, Mr. Cummings; judges, Miss Craig, Miss McIntosh, Mr. Baker, Mr. Newman, Mr. Pettit, M. Rutherford; starter, D. Loomis; scorers and timers, Mr. Henry, Mr. D Brown, Mr C. S. Browne; announcer, J. Clayton; clerks of course, H. Cole and E. Armstrong.

Prize-Winners.

Winners of the events were:

Boys

100 yards senior: Young, first; White, second; Dinesen, third; time, 10.4.

100 yards, intermediate: Armstrong, first; Kingdon, second; Wilson, third; time 11.1.

100 yards junior: Dunkley, first; Thorburn, second; Fair, third; time, 12.

220 yards senior: Young, first; White, second; Dinesen, third; time 24.3.

220 yards, intermediate: Armstrong, first; Kingdon, second; Wilson, third; time, 25

220 yards, junior: Dunkley, first; Thorburn, second; Cruthers, third; time, 27.2.

880 yards, senior: Harton, first; White, second; time, 2.38.

880 yards, intermediate: Ward, first; Kingdon, second, and Telford, third; time, 2.30.

120-yard low hurdles, open: G. Young won in 17.2, with Armstrong second and Dinesen third.

Running high jump, senior: White 5 ft. 1; Young, 4 ft. 8; Dinesen, 4 ft. 2.

Running high jump, intermediate: Armstrong, 5 ft. 4; Wilson, 4 ft. 10; and Ward and Amys tied at 4 ft. 6.

Running high jump, junior Dunkley, 4 ft. 3; Cruthers, 4 ft. 2½, and Barry and Adams tied at 4 ft. 1.

8-pound shot put: V. Armstrong, first; Ward, second and Wilson, third.

Senior javelin throwing: Dinesen, first; White, second, and Young, third.

Intermediate javelin throwing: Kelly, first; Armstrong, second, and Wilson, third.

Girls

75 yards, open: A. Comstock, first; G. Gerard, second; R. Drimmie third.

50 yards, seniod: R. Drimmie, first; M. Wigg, second; A. Comstock, third.

50 yards junior: M. Harvey and A. Langley, tied for first; H. Babbs, second.

Interform relay: Special Commercial.

Running high jump, senior: J. Harvey, first; C. Patterson, second; D. Rogers and J. Howson, tied for third.

Running broad jump, senior: O. Gilespie, first; J. Harvey, second; A. Comstock, third.

Standing broad jump, senior: A. Comstock, first; O. Gillespie, second; J. Harvey, third.

Running high jump, senior: G. Carvolth, first; M. Harvey, second, and A. McDonald and D. Weese, tied for third.

Running broad jump, junior: G. Carvolth, first; D. Weese, second, and B. Rogers, third.

Standing broad jump, junior: B. Rogers, first; M. Harvey, second; D. Weese, third.

Bicycle race, senior: B. Price, first; F. Evans, second; C. Legon, third.

Bicycle race, junior: A. Langley, first; G. Carvolth, second; D. Leeson, third.

Slow bicycle race, open: Connie Legon.

Throwing and catching ball, open: M. Snowden and R. Drimmie.

Throwing baseball, senior: R. Drimmie, first; T. Millyard, second; G. Gerard, third.

Throwing basketball, senior: O. Gillespie, first; A. Comstock, second; M. Weir, third.

Throwing baseball, junior: G. Carvolth, first; D. Weese, second; B. Rogers, third.

Throwing basketball, junior: D. Weese, first; B. Rogers, second; M. Harvey, third.

RUTH BRINGS HOME RUN TOTAL TO 46

Stars of the Canadian Gridirons are swinging into training with the season's opening only two weeks away. With Mike Rodden away from the helm and Hamilton Tigers (and still looking for a job, which is curious since Mike is certainly one of Canada's greatest coaches) it is as yet too early to look for any handwriting on the wall to indicate 1931's champions. One thing is certain, there are mumblings in the west that this is another year, and nothing need be taken for granted in respect to a walk-over by eastern teams. "Watch Rough Riders," is the word from Regina. Eddie Emerson, the grand old man at Ottawa, has announced his annual retirement. Montreal M.A.A.A. looks like a strong aggregation. Frank Turvill and his educated toe, are back with Toronto Argonauts. The Intercollegiates with the University of Western Ontario again, is a toss-up. Balmy Beach, no respecter of persons or teams, is a threat. Perhaps Regina may do it.

YESTERDAY'S STARS

Babe Ruth, Yankees.—Took major league home run lead by hitting his 45th and 46th of season.

Lew Krausse, Athletics—Held Red Sox to four hits to win his first major league start.

FIGHTS LAST NIGHT

MINNEAPOLIS — Dick Daniels, Minneapolis, outpointed Con O'Kelly, Boston (10). Newspaper decision.

MILWAUKEE—Gary Leach, Gary, Ind., outpointed Johnny Burns, Oakland, Cal. (10); George Nicholls, Buffalo, N.Y., outpointed Snow Falkes Wright, Trenton, N.J., (10).

CHARLOTTE, N.C. — Frankie Wine, Montana, outpointed Dewey Kimrey, Norwood, N.C. (10).

BUD WENGER 1ST IN 2.16

While Patrick Direct of Calgry Captures First Money in 2.22 Class.

ON LINDSAY COURSE.

LINDSAY, Sept. 26.—Patrick Direct, a Calgary-owned horse, captured first money in the 2.22 class race at the fair grounds here yesterday, while Bud Wenger, after finishing fifth in the opening heat won the next three to take the big end of the purse in the 2.16 event. Vic Rountree's Grattan Scott was second in this race. The summaries:

2.22 Class—

Patrick Direct, R. Isnor, Calgary.... .. ..5 6 1 1 3
Grattan Peters, Dr. Pierce, Oil Springs 1 2 2 2 2
Black Mac, W. Fanning, ning, Lindsay.. .. .. ..7 1 5 7 1
Prince Grattan, B. Porter, Orillia 2 3 3 3
Amdexter, A. Johnston, Peterborough 8 7 6 4
Herman L., Dr. Stevens, Sutton.. .. ..9 8 8
Eater Mary, G. L. Bennett, Port Hope 3 5 4 6
Herman Grattan, H. Ingram, Lindsay.. .. .. ..6 9
Tillie, the Great, H. Dunford, Peterboro.. .. ..4 4 7 5
Time: 2.13, 2.12½, 2.13¾, 2.14, 2.14.

2.16 Class—

Bud Wenger, R. Welsh, Hastings 5 1 1 1 1
Grattan Scott, V. Rountree, Weston.. .. ..1 3 2 2
Siscoe, Dr. Walker, Newmarket.. .. ..3 4 4 4
Goldie Peter, N. Neeley, Sarnia 3 2 3 3
Lu Grattan, C. Schooley, Peterboro.. .. ..4 5 5
Time: 2.12, 2.11½, 2.12, 2.14.

RUTH TAKES HOMER LEAD FROM GEHRIG

Bambino Hits Two Circuits as Yanks Take 8-3 Win From Senators.

HOME RUN TOTAL IS 46.

Lew Krause Hurls Athletics to 7-1 Victory Over Boston Red Sox.

(By Hugh S. Fullerton, Jr., A. P. Sports Writer)

The belated rush of the New York Yankees, which has provided most of the thrills for American League campaign since Athletics clinched the pennant, has put the final decision as to whether the Yanks or Washington will finish in second place up to to-day's closing doubleheader between the teams. And as long as Babe Ruth is in there socking the ball, the Yanks are not conceding a thing to their rivals.

Things began to look a bit doubtful for the Yankees a couple of days ago when after getting into second place with ten straight victories, they dropped back by losing to Cleveland then dropped the series opener to the Senators to fall a game and a half behind. But yesterday Ruth led them back into the thick of the battle with an 8 to 3 triumph.

Battle of Home Runs

It was a battle of home runs most of the way with one costly error tossed in to complete Washington's downfall. And the Babe outdid them all by clouting his 45th and 46th homers of the year to regain the Major League lead from Lou Gehrig. First Joe Juhel socked one to give the Senators a 2-0 lead. Then Herb. Pennock, clever Yankee southpaw pitcher, surprised everyone in the stadium, including himself, by dropping a homer into the bleachers and Ruth brought the count up to 2-3 with his first of the game.

The Babe tied the count in the eighth with home 46 and started a rally that drove Alvin Crowder from the box and brought in five runs to decide the battle. Crowder retired with two on base and Fred Marberry got the second man out. With safety in sight, Sam Rice muffed Lazzeri's easy fly and let two runs in. Pennock singled to send home another and Earle Combes cleaned things up by hitting the fifth homer of the game.

If either the Yankees or Washington can win both games today, that team will clinch second place but an even break will put the thing up to Sunday's closing contest. New York against Philadelphia and Washington against Boston.

Another Good Pitcher

Only one other game was played in the Major Leagues yesterday and that revealed that Philadelphia's Athletics have another good pitcher who had not been counted on. Lew Krausse, an 18-year-old youngster who was graduated from the Media (Pa.) high school in 1930, made his debut as Major League starting pitcher by holding the Boston Red Sox to four hits and winning 7 to 1. A two-base error by Dykes and a passed ball gave the Sox their only run while the champions pounded Durham and Lisenbee for eleven hits, bunching them in two three-run innings.

The Chicago-St. Louis American League game was rained out, giving the two successive doubleheaders to wind up the season while no other Major League clubs had games scheduled.

TURPIN WINS TITLE IN COBOURG SPORTS

Cowie and Loucks Break Record in Running Events—C.C.I. Field Day.

COBOURG, Sept. 26.— The Cobourg Collegiate Institute Field Day sports were carried out most successfully at the school grounds here, and the track events at Victoria Park. Mr. T. H. McClelland, M.A., is physical director.

In the intermediate series for boys over 15 years, Jack Turpin was declared champion, with 45 points, and won the bronze figure. Robert Cooper was nearly a tie with 44 points and won the silver cup. J. Loucks with 32 points and H. Comrie with 26 points were awarded silver medals. L. Davidson with 17 points, G. Duffin with 14 and J. Bolster with 10 points were awarded bronze medals.

In the junior series for boys under 15, Charles Henderson won the silver cup with 36 points. Jim Turpin with 28 points and D. Young with 20 points were awarded silver medals.

L. O'Connor with 17 points, J. Dufton with 17 points, J. Tilford 15 and R. McLauchlan 14, won bronze medals.

In the junior series a new record was made in the baseball throw by J. Titford at 278 feet. A record was equalled also in the junior running high jump by Jim Turpin of 5¼ feet.

Inside Sportin' Dope--By A. Wise Cracker

Mister Sporting Editor:

Well, Mac, I suppose the big thing in the sport world right now is the world's serious, which begins next Thurs. in St. Louis. I've already called the Athaletics to cop the big money, Mac, and to-day them birds look more likely than ever to come through. In the 1st place, they got Mister Grove and Mister Earnshaw, and in a short serious 2 gunmen like them lads can do a woful lotta damage. Mister Gabby Street may be able to trot out 7 heavers better than any 7 Mister Mack can unblanke, but that don't mean a thing when only 4 games is needed to nick the serious. They's other signs that is not too healthy for Mister Street's chances. First, there's Mister Al. Simmons which, after being outa the game with a lame dog for some time, has been busting the old apple on the piccolo steady since he got back. And then the Card supporters has been getting a lotta comfort outa the fact that this has been sorta off year for that young dynamiter, Mister Jimmy Foxx. Mebbe, but Mister Foxx is apparently picking up his punch just when he can use it to the best advantage for the Mackmen. In 3 successive games this week the double X gent has kissed the old onion right outa the park, and he looks like he's going to ride into the big serious at the top of his form, and that ain't exactly good news for Card fans. The regulars of the A's is all back and rarin' to go, so I for 1 can't see nothing but a Philadelphia repeat.

We're in for another evening of the pull and pant stuff, Mac. Mister Alex. Kasaboski and Mister Frank Hart, champion of Holland or somewhere, is billed to toss each all over Brock st. ice palace Mon. nite. Whether you think they do it with mirrors or not, you oughta be able to get a lotta kick outa this Mon. nite clash, Mac. This Kasaboski person has plenty of courage and he's always ready to mix it, while the smooth looking Mister Hart is about as fast a moving 170 lbs. as has ever stripped off a bath robe in these parts. 1 thing is certain in a bout of that kind, there'll be plenty of action, and I don't mean probably.

The football season gets away this week, Mac. The P.C.I. kids should give us plenty to enthuse over for the next coupla months.

That'll be all for now.

Sportfully yours,
A. WISE CRACKER.

Preliminary Plans For 'Shoe Tourney

Preliminary arrangements were discussed at a recent meeting for the organization of a horseshoe pitching league in connection with contests which are to be staged at the forthcoming International Plowing Match and Farm Machinery Demonstration to be held here in October, and also at the Royal Winter Fair.

The meeting under the chairmanship of Art Moffatt was held at the Duffus Bowling Academy. Among those present were: J. J. Duffus, Fred Dougherty, W. Cole; E. A. Allen and N. S. Osborne of Lakefield, J. Crowe, Campbell, Nicholls, H. Cavell.

Mr. Pearson a member of the Royal Winter Fair horseshoe committee was also present.

Another meeting has been arranged for October 1 at 8 o'clock at which Mr. Pearson and M. Swanston will be present.

The contests at the Plowing Match will commence on Tuesday, October 13, with tournaments open only to residents of the four counties of Peterborough, Northumberland and Durham and Victoria. Special prizes have been arranged for singles and doubles tournaments. The contests of the remaining three days, October 14-16, will be Dominion wide in scope, open to all. These contests will be staged under the auspices of the Royal Winter Fair.

Keene

Mrs. Louis Bolin closed her camp on Rice Lake and left for New York on Friday.

Mr. Bobby Renwick returned to school at Brantford on Wednesday.

Miss Helen Gillespie, nurse-in-training at Hamilton General Hospital returned on Tuesday after a fortnight's vacation.

Mr. Fred Whalen entertained at a dance and supper Tuesday night in honor of the girls' softball team.

Mr. and Mrs. J. H. Cruickshank closed their cottage and returned to Toronto Friday with Mr. Arthur Cropley.

Major Macdonald of Toronto, principal of the Lester Street School had a very gay week-end party at Campbelltown on the Otonabee river when his whole staff, numbering about thirty-five, motored from the city on Friday night. A party of Keene boys joined them for an old-time dance, among the guests being Messrs. Arthur Renwick, Jimmy and Harry MacIntyre, Max and Clarence Robinson, Earl Doris, Arnold Nelson, and Sidney Miller.

ARGOS FAVORED TO WIN TO-DAY

Frank Turville and Armour Munro to Play Against Varsity Orphans.

BEACHES ALSO FAVORED.

TORONTO, Ont., Sept. 26. (CP) Toronto football patrons will get their first glimpse of material on local senior rugby squads this afternoon when they journey to Varsity stadium to witness the curtain-raising games of the Toronto district gridiron season. For the first time in local rugby history a pre-season city championship series has been arranged and the four local entries in the inter-collegiate inter-provincial and Ontario rugby football union, will clash to determine which team will hold the Degruchy trophy, emblematic of the city championship, for the forthcoming year.

After two weeks strenuous training the finishing touches were applied to the local squads last night when light signal drills were undertaken by all coaches.

In the first game of to-day's double-header to determine the finalists for the championship play-off, Argonauts of the Big four, meet Varsity Orphans of the O.R.F.U., while in the night cap, the champion Balmy Beaches tackle Harry Hobbs inter-collegiate squad.

With superior strength on the backfield, Argos are given the call to down the Varsity second team in the opening encounter while the Beaches, despite their 16-0 setback at the hands of Montreal A.A.A. last Saturday, are given the edge over the University first team.

According to advance notices, Argos will use Frank Turville, last season's kicking ace and Armour Munro on the backfield while the Orphan's coach has not yet intimated who will hold down the kicking duties. Following last night's workout, Coach Harry Hobbs, of the inter-collegiate squad announced he would not use Jack Sinclair and Harold Richardson in to-days' game and said Johnny Fitzpatrick, Don Wood and Johnny Copp would handle the kicking duties. The Beaches however, will send their strongest line-up against the college team. As Box and Alex Mackenzie, two regular backfields of last season's champions will hold down their respective positions in to-day's game.

Tennis Tournament Held Here Friday

Eighteen rinks participated in the Ladies' Invitation Lawn Bowling tournament at the club greens here, with rinks skipped by Mrs. Yeates, Peterborough; Mrs. Peacock, Port Hope; Mrs. Watson, Cobourg, and Mrs. H. Henry, Peterborough, winning.

Four rinks from Cobourg, four from Port Hope, one from Lindsay and one from Norwood attended the tourney, but the players were all mixed among the eighteen rinks in friendly fashion, with visiting and local players on every team.

Two ten-end games were played, and following afternoon team prizes were presented the victors by Mrs. Wright and Mr. F. Brown in the absence through illness of Mrs. H. W. Darcy, convenor, the welcome speech was made by Mrs. C. Wright. J. D. Fitzpatrick, the president, opened the tournament, and Fred Brown made the draw. The committee in charge included Mrs. Bredin, Mrs. Wright, Mrs. Hepburn, Mrs. Borland, Mrs. Martin, Mrs. Graham, Mrs. N. Henry and Mrs. Saunton.

The matches were close and provided considerable excitement, with low scores for the most part. The winning rinks were composed of: Mrs. Perry, Miss Hamley, Mrs. Wilson and Mrs. Yeates, skip; Mrs. Dr. Sutton, Mrs. Melville, Mrs. Welsh and Mrs. Peacock, skip; Mrs. Millward, Mrs. Zeihr, Mrs. Dr. Carlton and Mrs. Watson, skip; Mrs. Devey Mrs. Graham, Mrs. Pender and Mrs. N. Henry, skip.

Many favorable comments were made on the autumn decorations around the club house, the visitors admiring the flowers and the flags which lent a gala touch to the tournament.

Bowling Notes

Last night's rain interfered with a number of events planned to take place at the Peterborough Lawn Bowling Club. The contest between rinks of farmers from Smith and Douro townships had to be called off. An effort is being made to arrange it for Friday night of next week. The usual Friday tournament was also interfered with.

Won at Port Hope.

A mixed rink from the Peterborough Lawn Bowling Club won third prize in the tournament held at Port Hope last Wednesday in which some 36 rinks from all over the district competed. Five Peterborough rinks took part, but only the rink entered by E. Wall got in the prize money. It captured third place. The rink was composed of H. Woodo, skip, Miss M. Sedgewick ,vice, E. Wall, and Mrs. W. Wood, lead.

The usual Saturday night mixed tournament will be held at the Club House this evening.

SPORTS — Day by Day

SOCCER, BASEBALL, GOLFING AQUATIC, SOFTBALL, TRACK

CASUAL COMMENT

As usual the weather wasn't so good for the big field day put on by the P. C. I. at the Exhibition Grounds yesterday. That annual affair generally runs into cold or rain, and sometimes both. It didn't rain down there yesterday, but man oh man, was it cold!

• • • • • • •

Yet the sport events were run off okay, with big entry lists in almost every contest. The girls certainly turned out in force for the races, and some fast heats kept Doug Loomis, the starter, firing the gun as though it were a six-shooter.

• • • • • • •

We got a laugh out of the slow bicycle race. The idea is the last one to cross the line is declared the "winnah," and the cycling damsels did everything but back-pedal. Many of them fell by the way side and the last was first, if you get what we mean.

• • • • • • •

The question of records broken or remaining untouched will be learned next week when the statisticians—whew, that's a mean one!—check up and compare marks. They'll also announce the prize winners of the meet, as the boy or girl getting most points gets the velvet. The Board of Education puts up the prizes.

• • • • • • •

Gord Young seems to have a mortgage on the Graham Eastwood silverware for the low hurdles. He has copped it three years now handrunning, to say nothing of the jumping. It's a nice race to watch, the way the boys flatten out going over the boards.

• • • • • • •

Quite a few future track and field stars get their first real start in these Collegiate field days, and the boys and girls have a lot of fun competing in the different events. The teachers who coach them along deserve credit for their fine showing each year.

• • • • • • •

The All Saints' Athletic Club has a new boxing instructor, W. Barry, an old pro from England, who ought to be able to coach the scrappers in the finer points of the game. He will take charge at once and whip the boys into shape shortly. Some of the dozen or so already signed will appear on amateur cards here this winter.

• • • • • • •

They've got plenty of equipment, but may have to change clubrooms. Their gymnasium will be connected with the clubroom. At the meeting last night, it was also decided to erect a bandstand at the rink and to put new wire screening around. This work will be done shorly. The boys interested in running are working out regularly in case there is a road race. If not, they'll run one of their own next fall.

• • • • • • •

About three hours of action will make up the pro show at the Brock on Monday evening. There'll be four bouts, with Frank Hart and Alex Kasaboski headlining. Jerry Donovan of Rochester and the turbulent Turk, Ali Hassan, will mess each other up in the second preliminary, and Kid Thomas of Windsor, will meet Bob Neilson in the semi-final. The prelim will feature Frenchy LaBelle and Whitey Johnson, the latter grappler from Oshawa.

• • • • • • •

It looks like an interesting card all around, as nearly every one of the grunt and groan artists on it is noted for his dash and color. The old type of slow and cautious wrestler is unpopular with fans now, and the rough-and-tumble diving type steals all the thunder. Ali Hassan, with his strong man stuff, is still tumbling some of the youngsters out of the ring, although he has been at it since Hector was a pup.

• • • • • • •

The Hart-Kasaboski tussle, of course, will attract most of the fans, and deservedly, as it promises to be some scrap. Alex will have a job throwing the Flying Dutchman this time; in fact, we think some of those flying tackles of his are liable to end up against a post, and he'll take the count listening to the birdies. Anyway, it ought to be a memorable meeting, this return match between the two.

HASSAN SIGNED FOR 3RD MATCH

Terrible Turk and Jerry Donovan Will Meet Here Monday Night.

BUMPER CARD.

The program for Monday night's all-wrestling show at the Brock street rink was completed to-day with the signing of the curtain-raiser. This will bring back a wrestler who made himself deservedly popular here, none other than Ali Hassan, the Terrible Turk, who gave George Godfrey such a good scrap.

Hassan will meet the well-known Rochester heavyweight, Jerry Donovan in a one-fall match, with a half hour limit. Dovovan is a husky grappler, well calculated to make the strong man of the mat show his best. Both weigh in the neighborhood of 200 pounds apiece and the fans will be able to judge for themselves who gives the better action, the heavies or the light heavies.

Word has been received from the Ontario Athletic Commission that their premier wrestling referee, Jack Forbes will be on the job to handle the main bout between Alex Kasaboski and Frank Hart, the latter insisting on this as he was given a raw deal by Referee Osborne in his last bout here with the Canadian light heavyweight champion.

Kasaboski is working harder than ever to perfect his flying tackle and claims that Hart will have his troubles this time avoiding that murderous rush. However, the Dutchman is about the nimblest wrestler in the business to-day and he will probably have worked out some way of dodging the Canadian champion's tackle.

Neilson is also working hard for his match with Joe Thomas and the former intends to challenge the winner of the main bout. Taking it all round, it is a splendid program of wrestling and should provide thrills galore. And the public appreciate this, judging by the advance sale, which is unusually heavy.

NORWOOD RINKS WIN AT STIRLING

Also Cop First Honors in Trent Valley League Games With Brighton.

ON HOME GROUNDS.

NORWOOD, Sept. 26. (Examiner Correspondence).—A bright sunny afternoon and the bowling green in almost perfect condition added greatly to the Trent Valley League games that were played on the local green here on Thursday afternoon with the Brighton bowlers. Norwood won three out of four games.

First Games

Brighton	Norwood
R. H. Bird	W. Bitten
W. Taylor	R. Kirk
B. F. Maybee	J. R McKelvie
R. A. Riger	L. C Gunstone
Skip—9	Skip—10
Taylor	Bitten
Roblin	Kirk
Greenfield	McKelvie
Karley	Gunstone
Skip—7	Skip—11
Bird	Cronin
Taylor	P. M. Grover
Maybee	K. F. Kempt
Riger	Alex Kempt
Skip—8	Skip—10
Taylor	J. Cronin
Roblin	P. M. Grover
Greenfield	K. F. Kempt
Karley	Alex Kempt
Skip—8	Skip—6

Brighton went on to Havelock to play their teams in the evening.

Messrs D. B. Cutcliffe and K. F. Kempt carried off the first prize at the Scotch doubles bowling tournament at Stirling, bringing home as their trophies beautiful silver tea services. They defeated some of the best rinks from Belleville, Brighton, Madoc and Kingston. Two other local teams also attended the games and made a splendid showing, viz., Messrs. L. C Gunstone, Nelson Wellman, Richard and Hugh McDonald.

THEATRES

AT THE CAPITOL

"SPORTING BLOOD"

"Here's a talkie that has just about everything one could wish for—thrills human interest, heart appeal, a touch of scalawagery to make it like real life, a good title, a superb cast, and—a wonderful horse that nearly speaks. "The sport of kings" and the type of horse that everyone admires, the keen, shining-coated racer from the blue grass of Kentucky, form the theme of this story.

Around Tommy Boy, the foal that stood in the mud while his mother died beside him, the story revolves. In it Ernest Torrence has one of the very finest roles of his long career. He has often excelled as the bad man of the piece but here he comes into his own natural role as the friend of horses and men alike. Clark Gable may be the new Valentino and he certainly has a way with him, but the big, loose-jointed Torrence nearly takes the picture away from him.

Critics have, justly enough, critics of their own. Lately, a well-intentioned fellow member of the staff remarked that the writer often had the habit of telling too much of the story of a picture and thereby spoiling it for those who hadn't yet seen it. So after this, the story won't be told—just indicated.

In 'Sporting Blood' there are tears and laughs and thrills—all centering about a magnificent horse and the various people that own him. Madge Evans is the girl and Clark Gable the man. Both are gamblers and fairly bad eggs—at the outset. Through their love for a horse that falls into evil hands and then stages a superb comeback, they do an about-face of their own. That's the story, but you have to see the picture to appreciate the manner in which it is handled. It is a talkie that will keep you up on your toes for long minutes on end and bring a lump into your throat and a twinkle to your eye. It's a great picture.

The comedy that precedes it is a new-fashioned Mack Sennett effort into which the producer injects his own personality. The famous bulldog that yaps at its ending seems to be slightly puzzled as to what it's all about—just like the watchers.

—Jeanette.

GREATEST CANADIAN GRID STARS WERE CONACHER AND BATSTONE

Alone, Each Was a Tower of Strength, Together They Were Unbeatable.

MEN OF MIGHT.

TORONTO, Sept. 26 (Special to The Examiner)—If football experts were asked to choose the outstanding player in Canadian football in the last decade they would likely name Lionel Conacher.

If the same experts were asked to name the player who has had the greatest influence on the game during the same period they would likely award the palm to Harry "Red" Batstone.

It is remarkable the manner in which the careers of these two outstanding players have been interwoven.

To stage the first meeting of the two it is necessary to go back to the Junior O.R.F.U. final of 1917 when Central 'Y' and Excelsiors, both of Toronto, clashed. Conacher was the middle wing for Central Y and Batstone quarter for Excelsiors. It is not recorded how many times the Big Train brought down the general of the Excelsior forces that afternoon but it is safe to say that when Red was downed he knew he was down.

The following year the two did not meet but in 1920 Conacher came into prominence with a vengeance leading the forces of T.R. and A.A. who won the O.R.F.U. title. In the play-off, Conacher's team tackled Argos with which club Batstone had won his spurs and for the second time the two worthies met but this time they were the outstanding stars of their respective back divisions. The play-off necessitated two great battles before the decision went to Argos. Argos thn went on to be beaten by Varsity with which team were Joe Breen and Warny Snyder. In this game Batstone was inmured and did not get a chance to scintillate as was his usual wont.

The following year saw Batstone and Conacher together forming the rear guard of the Argos with the greatest team that has ever trod the Canadian gridiron since the war. Possibly never before and never since have two such outstanding players been united, although the Leadley-Batstone combination would run them a close second. The astute Cochrane made the plays and h. the time Conacher got the ball from Batstone, the Big Train was away for tremendous gains.

During the next season Batstone started his remarkable career with Queen's which has not yet terminated. The two famous players came together for the last time in the Dominion finals and this time it was Batstone who was on the victorious team. With the score in Argos favor Conacher chose to run the ball instead of kick. It was a costly play as Argos failed to make yards. Batstone made yards a couple of times for Queens in succession and brought the ball to a position where Leadley kicked over a drop that gave Queen's the Dominion championship by two points. Conache. was nervous at the start of the game but he played one of the greatest games of his career scoring two trys unassisted.

Conacher and Batstone were together in one other game beside football. This was when they both played for the Hillcrest Ball Club of Toronto. Batstone was possibly the best third baseman in Ontario while as left fielder Conacher was players that ever trod a Canadian a power at bat.

But it is as two of the greatest gridiron that they have won an imperishable niche in Canada's sporting hall of fame.

TOWNSEND AGAIN WINS

HOLLYWOOD, Cal., Sept. 26. —(AP)—Billy Townsend, Vancouver, B.C., welterweight, won a ten-round decision over Earl Whitehead of Santa Monica, Cal., here last night. The Canadian floored Whitehead twice in the ninth round for nine counts. Townsend weighed 143½, Whitehead 145.

BOWLERS PRESENT MASONIC RING TO GEO. COLEMAN AT CLUB HOUSE

Congratulations to Young Member on Winning Singing Honors.

ENJOYABLE EVENT.

There have been some very pleasant evenings this season at the Club House of the Peterborough Lawn Bowling and Tennis Club, but none more enjoyable than that spent by a large number of the members last evening when they gathered to do honor to one of their club mates in the person of George Coleman, Jr.

The President, J. F. Fitzpatrick, was in the chair and explained that a program arranged for the whole evening had been upset by the rain. He congratulated Mr. Coleman on the success he had achieved in the contest in which he entered at the Canadian National Exhibition National Competition in Voice Culture, and stated that he had brought honor not only to himself, his family, the city, but to the club where he has been an ardent member.

R. M. Glover was called upon and further congratulated Mr. Coleman as well as his tutor, Martin Chenhall, on Mr. Coleman's bringing to Peterboroug not only the gold medal but also the scholarship, the first occasion it has been won in Peterborough by a male singer.

Mr. Glover said he felt he was expressing the feelings of the citizens of Peterborough when he made the statement that George, with his wonderful voice, would achieve many further successes in the field of music he so much enjoyed.

Martin Chenhall, under whose care Mr. Coleman prepared to enter the contest, said it took three requisites to be winner in a contest such as George had entered and won. First, the contestant must have the voice, then personality and again nerve. He said it was a most nerve-racking ordeal and he believed that the games George had played on the greens had steadied him and made it possible to throw off a good deal of the strain of the contest and had a considerable part in his being so successful.

At this juncture Roy Disney read the following address and presented Mr. Coleman with a handsome Masonic ring.

George,—Your fellow-members all feel a very great pride in the high honors which have come to you. If I am correctly informed, your winning of the gold medal first prize at the Canadian National Exhibition musical contest was the first in male voices ever to come to Peterborough, and to further add to this by winning the scholarship also is, in our opinion, a rare tribute to your exceptional ability.

We admire you for the years of study and practice which you must have given in getting to the point of perfection you have attained, and the disappointments which you overcame, for there must have been some disappointments, but these things make the winning that much sweeter.

Honors, such as yours, do not come easily, but are the reward of hard work and often require great personal expense and sacrifice. We also admire the co-operation and mutual effort which must have existed between you and your instructor, Mr. Martin B. Chenhall, for without harmony and united effort, things really worth while are seldom accomplished.

It is the belief of your fellow club members that a great future lies before you. Certainly you have received honors at an early age that many older men would have given much to have had.

Feeling that this occasion demands somethhing, not for a day, or a week or a year, but something that will be with you for many years, I have been entrusted with the honor, and it is my special pleasure, in behalf of the members of this club, to present you with this ring, as a token of our high regard and admiration for the distinguished merit you have brought to yourself and to your city. We trust that as it encircles your finger, it will also encircle your heart, and ever remind you of your sincere friends in the Peterborough Lawn Bowling Club.

Mr. Coleman thanked the members for their kindness to him as well as the many citizens who had taken an interest in him and appeared so pleased when the scholarship came to Peterborough. He said he would rather sing than speak, and it is expected that another evening will be held shortly when he will sing his test piece as a number on the program.

The gathering closed with "God Save the King," after which a pleasant social evening was spent.

BURGESS BEDTIME STORIES

A LESSON IN SIGNALS

(By Thornton W. Burgess)

If you for knowledge really yearn;
There's something everywhere to learn.
—Old Mother Nature.

Farmer Brown's Boy is that kind. He considers that a day wherein he learns nothing is a day lost. It is, to, for any one who keeps eyes and ears open may learn something wherever he may be. It was so now. From a snug hiding-place on the rock slide far up on the mountain he was watching Whistler the Marmot and learning things about Whistler that would have surprised that little fellow had he known that Farmer Brown's Boy was anywhere about. But he didn't know, which was just as well, for Whistler is very shy and distrustful, and had he suspected that he was being watched the sum total of Farmer Brown's Boy knowledge of him would have been almost nothing.

He lived alone, for he had no mate, and his nearest Marmot neighbor lived a mile away on another rock slide. But Whistler wasn't lonesome, not the least bit. He preferred to be alone. In this he was just the opposite to his Cousin Yap Yap the Prairie Dog, who is a social body and not happy unless he has a lot of near neighbors to visit and gossip with.

So now, fully satisfied that he was quite alone, Whistler went about his affairs in a perfectly natural way. To begin with, he was hungry. He had been planning to get a bite to eat when Farmer Brown's Boy had appeared and frightened him down into his home. There he had waited so long that his stomach was quite empty by the time he came out. So as soon as he was sure that no one was about he ran over to a little patch of grass and other plants of which he was very fond. There he began to eat greedily, much as Johnny Chuck does, but despite his hunger he didn't forget to sit up between bites for a careful look in every direction. Then Farmer Brown's Boy chuckled.

He ran over to a little patch of grasses and other plants of which he was very fond

"You're a watchman all right," said he. "Most folks would think that in a lonely place like this there would be no need of keeping watch, but it is clear that you have learned the lesson that he lives longest who watches best. You certainly do remind me of Johnny Chuck."

Just then a faint but clear whistle sounded. It came from all of a mile away. Instantly Whistler scrambled up on the nearest rock from which he could get a clear view and gazed across at the rock slide where his nearest neighbor lived, for it was he who had whistled. Very straight and alert, he sat there. Farmer Brown's Boy looked, but he could see nothing. Again he heard that distant whistle. So did Whistler. He whistled in reply. But he didn't run. He was all ready to run, but continued to sit up on that rock gazing across a valley to towering cliffs on the other side.

By his expression and alertness it was plain that Whistler saw something. Now and then he would jerk his tail and grumble. But though he was so intent on something way off there in the distance, he didn't forget to take hasty looks in all other directions. Presently he jumped down from the rock and ran to a higher one, his favorite watch-tower. All the time he was in no apparent alarm. He was simply on guard.

"That fellow who whistled way over there saw something and sounded a warning that Whistler over here understood," thought Farmer Brown's Boy. "He knows there is no immediate danger, so he is simply on guard. Ha! There is a speck away off there in the sky. It must be Talons the Eagle. Yes, it is, and Whistler saw him long before I did. That other Marmot saw him first and signalled that he is out hunting. Whistler here got the signal and understood it."

Talons was headed that way, and as he drew nearer Whistler became more excited. He kept his eyes on the big bird and appeared angry rather than afraid. He was. He knew that he had only to dive among the rocks to be safe, so he wasn't afraid. But he was angry, because his meal had been interrupted. Whistler waited until the last minute, when Talons started to swoop down. Then with a piercing whistle, the danger signal, he disappeared among the rocks. From the distance came a whistled reply, but in it was no alarm. The other Marmot was simply signaling that he understood that Talons was over there.

"It is a great signal system. If I stay long enough I may learn it," chuckled Farmer Brown's Boy.

Bridgenorth

Mr. and Mrs. W. White and Mrs. Poole of Peterborough, spent the week-end in Mrs. Fowler's cottage on Lake Chemong.

Mr. and Mrs. B. Moore and daughter Barbara, who have spent the summer at their cottage at Long Point, Smith, have returned to their home in Peterborough.

Mr. Frank White is visiting Mr. Alex Tyres of Smith.

Miss Blanche Mann, Adirondack Mts., is spending a few days with her father, Mr. W. Mann of "The Hawthornes," Smith.

Mrs. Sidney Blewett, of Chemong, spent a few days with her daughter, Mrs. Harry Young, of Springville, recently.

Mrs. J. B. Calder, of Ancaster, is visiting her daughter, Mrs. A. B. Mann, of "The Hawthornes," Smith.

Mr. and Mrs. Harold Harrison, and son of East Emily, spent Sunday at the home of Mr. and Mrs. G. Telford, Chemong Road.

Quite a number from this district were exhibitors at Lakefield Fair on Tuesday, Messrs. Fred and Joe Mann carrying off the T. Eaton special, (silver tea service) for the best three dairy cows, any breed, exhibited.

Rev. and Mrs. Wright and son have returned home after spending their holidays in Toronto and other points.

Miss Bessie Young, of Smith, is visiting her neice, Mrs. Earl Mann, of Detroit.

Mr. and Mrs. Murray and son have returned home after spending a couple of weeks with friends at Quebec and other places.

Opera Singer

EXONERATED

Working on an anonymous tip, seven customs officers spent two hours examining the 17 pieces of luggage brought back from Europe by Clarence H. Mackay, telegraph magnate, and his bride, Anna Case, the former opera singer. They were unable to find a single thing not covered by the $2,600 of duty paid by the couple. Mrs. Mackay was photographed during the two-hour hold-up.

What To-day Means To You

"LIBRA"

If September 27th is your birthday, the best hours for you on this date are from 10.30 a.m. to 1 p.m., and from 5 p.m. to 7.50 p.m. The danger periods are from 2 p.m. to 4 p.m., and from 8.25 p.m. to 10.15 p.m.

September 27th is, according to the Signs, a day especially favorable for relaxation and recreation. No disturbing factors need be anticipated, and it should be an ideal Sunday, a day on which there will prevail an atmosphere of harmonious contentment, peculiarly favorable to family and friendly relations.

Children born on this September 27th will be inclined to overtax their strength and over-estimate their mental capabilities. They will always be biting off more than they can chew. Gifted with average intelligence and endowed with ambition, they can and will succeed if they are taught to realize their own limitations.

You, if born on September 27th, always show great patience in any work or plan in which you take an interest. You are serious, thoughtful, feel deeply and possess self-control in a marked degree. You are persevering and concentrate on the job in hand until it is completed to your satisfaction. You are specialistic, not versatile. You are a careful reasoner, and never leap before you know when and where you will eventually land. Your ability to provide for contingencies is almost uncanny.

When you are in sole charge is the time that you excel. When controlled by others, or restricted in your way of doing things, you lose interest. Nothing irks you more than being subject to the ideas and fancies of others. There is quite a religious streak in your make-up. You, however, do not parade this, and never try to force your views on others. All suffering makes a strong appeal to your nature, but you prefer to help out the many rather than the individual.

You are every sensitive and easily hurt by the words and actions of others. You, too, are suspicious of others and trust mighty few. Your married life, whilst free from unforgettable thrills, promises contentment and placidity, and your horoscope indicates a well-spent and successful — although rather monotonous—life.

"LIBRA"

If September 26th is your birthday, the best hours for you on this date are from 8.15 a.m. to 10.35 a.m., from 1.35 p.m. to 3.40 p.m., and from 9 p.m. to 11.30 p.m. The danger hours are from 11 a.m. to 12.50 p.m., and from 5 p.m. to 6.15 p.m.

The astrological signs of September 26th denote an unsettled condition during the morning, and financial matters are liable to be adversely affected. After noon, the influences undergo a marked betterment, especially in so far as social and individual activities are concerned. They will also favor the romantic side of life.

Children born on this September 26th will develop into normal citizens, neither spectacularly brilliant nor unutterably dull. Their passions will be deep-seated and their anger, although difficult to arouse, will blaze when it is called into action. They will be conventional and set a high value on duty and all that it implies.

You, if born on September 26th, are somewhat erratic, and not altogether dependable. Your disposition is kaleidoscopic while your nature is extremely variable. Without settled convictions, without a charted course, you "wobble" and flounder. No one knows where you are "heading." You do not even know yourself. Time after time you will change your occupation, and in the last found one you will always display transitory enthusiasm, which will endure only till such time as another calling is embraced.

This phase will continue until early middle age. At that time, something will induce you to take stock of yourself, and you will realize that the inventory value is much less than it should be. You will then take a tumble to yourself, and, benefitting by your versatile and varied experience, settle down and, at last, build a permanent future on a safe and sure foundation.

You are inclined to be reckless with your health. You are not adverse to risking, quite unnecessarily, your life. You will, undoubtedly, travel far and wide, and the advantages of this educational course, will not be apaprent until later in life. During such times as your nomadic cycle is in force, you should not marry, unless you can find one for whom you care, and who has similar tastes to your own.

Queensboro

Rev. J. F Everson took charge of services in Deseronto on account of Rev. Mr. Harrison preaching anniversary services in the United Church here.

Mr. and Mrs. Howard Broad, of Oshawa are spending a few days with his mother Mrs. Nancy Broad.

Mr. Russel Thomas, of Deseronto, spent Sunday with Mr. and Mrs. Bruce Leslie.

Mrs. Victoria Tumelty, who has been in the Belleville General Hospital for the past ten days is much improved.

Mr. James Barrie has been seriously ill for several days with pleural pneumonia.

Miss Mabel Burris, daughter of Mr. James Burris underwent an operation in Belleville General Hospital for appendicitis a few days ago and is doing nicely.

Mr. John Alexander, Jr., while threshing had the misfortune to get his left arm caught in a belt which wrenched the muscles badly in the forearm and cracked the bone.

Mr. and Mrs. Harcus Rollins spent Sunday with Mr. and Mrs. Fred Rollins.

French Army Conducts War Manoeuvres

BRING BACK MEMORIES OF DAYS OF WAR.

Two divisions lined up along historic lines around Rheims, France, and played war games with maneuvers conducted in the most modern sense of warfare and with the latest equipment, during the recent tests by the French Army to determine their effectiveness in the field. The scene was reminiscent of more terrible days during the World War except that the fields are cultivated, trees flourishing, and roads comparatively smooth, with the soldiers reflecting more of a stage setting instead of the grim reality years ago. The two divisions, the Red and Blue Armies, opposed each other and more than 50,000 men engaged in the maneuvers. Here is a view of some of the latest tanks during the "hostilities," which were viewed by high officers and military guests.

SUING AIMEE'S DAVIE

Miss M. H. St. Pierre, Pasadena nurse, posed for this picture, following filing of her $200,000 breach of promise suit against David L. Hutton—"Dimpled Davie"— the choir leader who married Aimee Semple McPherson, Canadian-born evangelist, after an aeroplane flight to Arizona.

In The Automotive World

WEEK-BY-WEEK

(By Roly Young)

"While Canada has felt the debusiness tone is good, according to R. S. Wiley, export manager for Auburn automobiles, who advises that sales for this popular car at the Canadian National Exhibition this year were almost double those of last year. Mr. Wiley also points out that on August 1, Auburn and Cord sales were almost 100 per cent greater than those for 1930.

• • •

IMPORTANT DON'TS

Don't pour cold water in radiator if engine is extremely hot.

Don't run engine in close garage.

Don't fail to have cooling system drained and thoroughly flushed every six months.

Don't run engine in closed garage. tire ignition system twice a year, preferably in the fall and spring.

Don't forget to check tires at least twice a month.

Don't forget to have battery check once a month.

Don't forget to grease car at least every thousand miles.

Don't forget that periodic attention to your car will save you time and money.

• • •

Iron as a base for highway construction has proved to officials of Sagamon County, Ill., that there is no loss of time after laying; that it will absorb moisture; that after the road sags it can be jacked up and under filled to its proper alignment. There are so many other advantages in the use of iron for highways that authorities are predicting its universal acceptance for this job. The new road in Sagamon County has for its base iron, a mastic sand cushion and wearing surface with asphalt as a binder.

• • •

The narrowness of streets and roads in Japan, built for the days of palanquin and rickshaw, has brought about the development of a small, light automobile suitable to the needs of the people and the peculiar operating condition in the country.

This, called a "rear-car" is a motor tricycle with top, converted from the ordinary two wheeled motorcycle into resemblance with the standard automobiles.

While at present used only for the transportation of merchandise, the "rear-car" is expected to be adapted also for carrying passengers. It has a single cylinder air cooled motor of the L-head type, said to develop thirty miles an hour with its five horsepower. It has three forward and one reverse speeds, but no differential gear. The complete machine weights about 660 pounds.

It is said to be capable of carrying load up to 1,000 lbs. and to be unusually inexpensive in operation. Due to its low horsepower, no license is required for its operation which enables owners to employ low paid boys as drivers. Another advantage is that, with garaging facilities meager and expensive, tricycles may be stored in an entrance to a shop, in a woodshed or under a low roof alongside a building.

According to a report of the Department of Commerce, these three wheeled vehicles are becoming popular in many sections of Japan, and their production has attained a total of about 400 machines a month.

• • •

Singing, shouting, swearing, also ukuleles and balloons are banned from motor coaches in England, Scotland, and Wales.

• • •

You can't get a summons for parking without lights in Muskogon, because the city commissioners believe that parking lights are unnecessary in the city.

• • •

A Detroit judge announces that not only will he revoke the license of drunken or reckless drivers who are frequent offenders but he will take away the car license plates for a year.

• • •

Son Dino, Nicuaraguan bandit, uses a Buick for his personal car when not in the hills.

• • •

Speaking of Buicks, they say that Shanghai is the most cosmopolitan automobile city in the world. A returning visitor reports that out of a total of 5,606 automobiles he found 164 different makes with 646 Buicks leading all others. Ford comes second and Chevrolet third.

Here are the figures for the most popular cars in Shanghai's foreign settlement: Buick 646, Ford 482, Chevrolet 375, Fiat 317, Studebeker 316, Morris-C 285, Austin 243, Dodge 215, Has 213, Essex 193, Whippet 161, Hupmobile 155, Chrysler 128, Rugby 92, Standard 91, Erskine 87, Overland 85, Renault 83, Oldsmobile 72, and Pontiac 56.

• • •

Those who have bought two door, five passenger models simply because they have been afraid of the prospect of children opening tonneau doors and falling out no longer will have to do so. A new device is just announced which enables the driver to lock the rear doors from his seat, and to keep them under full control. Youngsters may play with the door locks, then, to their heart's content without the slightest danger of them being able to get the doors open. The development is called the "life-lock."

• • •

Most of the rattling around the front of the auto can be stopped by slipping a piece of rubber hose between the hood and the four clamps by which it is held down.

Guess I'd better rattle along now. S'long.

Alleged Kidnapper

James Shortt, alias William Ford, arrested on a charge of participating in an armed robbery at Mitchell, Ont., July 26, and for the alleged kidnapping of Provincial Constable Marshall Hutton.

LONDON POLICEWOMEN JOIN FORCE IN CAIRO

They Will Assist in Training Women Recruits There

London, Eng.—Two London-trained women police have been appointed by T. W. Russell Pasha, the English commandant of the Cairo police, to go out to Cairo.

They are members of the women's auxiliary service, of which Commandant Mary Allen is the head.

Russell Pasha, who has been for some years waging war against drug traffickers in Egypt, is at present in England and chose the two candidates himself.

As well as doing the usual work of women police, they will assist in training local women recruits.

Two years ago two women police went out to Alexandria, and news has just reached London that their contracts have been renewed for another three years.

TINY IRISH HOSPITAL

Smallest in Country Is Also Most Successful Financially

The tiniest hospital in Ireland is also the most successful financially, for it pays its way without the aid of the Irish hospitals sweepstakes.

It is the hospital on Valencia island, which has room for eight patients.

Recently the hospital committee has ambitiously decided to add an operating theatre, and when it is completed this month the building will be 60 feet long.

The patients include farmers and fishermen and the crews of trawlers fishing in the neighborhood of the island.

Formerly patients had to be taken 40 miles to Tralee, but sometimes the winter storms made the passage to the mainland impossible.

JUSTY McKIEVOR'S RECOVERY ASSURED

Hit-and-Run Motorist Eludes Police Net.

Police search has so far failed to locate the motorist who late Thursday night struck and severely injured Justy McKievor, Warsaw youth, and without stopping continued its course towards Peterborough. McKievor was standing on the Lakefield road preparing to assist in repairing a faulty tire when he was struck by the car.

Reports from St. Joseph's Hospital indicate that McKievor's recovery is assured. He has regained consciousness and an X-ray failed to disclose any serious injuries.

TARZAN AND THE JEWELS OF OPAR NO. 90

By Edgar Rice Burroughs

(Metropolitan Newspaper Service)

Tarzan sighed. Why was it he could not recollect? At least he was sure that in some way the pile of gold, the place where it lay and the subtle aroma of the "she" he had been pursuing, the memory picture of the white woman, and he, himself, were inextricably connected by the tie of a forgotten past. If the woman belonged there, what better place to search or wait for her than the very spot which his broken recollections seemed to assign to her? It was worth trying. So he set out through the trees in the direction of the plain.

At the outskirts of the forest he met the Arabs returning in search of Achmet Zek. Hiding, he let them pass. Once he discovered a small herd of antelope and satisfied his hunger on a fat yearling. Then thirst lured him by the shortest path to a river's refreshing waters. To-day was gone. No matter; there were plenty more. The ape-man was tired and sought the shelter of a comfortable tree. Morning came and again he descended to the river's brink. There he found Numa, the lion, ahead of him. The big fellow was lapping the water greedily.

At the approach of Tarzan, he raised his head and with a low growl of warning glared at the intruder. But Tarzan, guessing that the beast had just fed, paid him little attention. Stopping a few yards above the tawny cat, he dropped upon his hands and knees and plunged his face into the cool water. For a moment the beast continued to eye the man; then he resumed his drinking and man and beast quenched their thirst side by side, each apparently oblivious of the other's presence. After a plunge in the river, Tarzan set off again toward the ruined bungalow.

And when he came upon the spot, great was his surprise and consternation for the yellow metal had disappeared. The earth trampled by the feet of horses and men gave no clew. It was as though the ingots had vanished into thin air. The ape-man was at a loss to know where to turn or what next to do. Everything seemed to elude him—the pretty pebbles, the yellow metal, the "she," his memory. Tarzan was disgusted. Well, he would go back into the jungle and look for Chulk. For two days he moved rapidly in a long, easy trot, then taking to the trees with the agility and speed of a small monkey.

Police Court

As the result of investigations by Provincial Police into the widely-circulated reports of wild drinking parties at the Stoney Lake summer colony during August two of the leading men of the colony's younger set pleaded guilty in police court here to-day to breaches of the L.C.A.

One is the son of a Toronto manufacturer and the other the son of a St. Catharines judge. The former was fined $100 and costs for having liquor in an illegal place and the latter was fined $10 for consuming.

The two young men had been drinking on the dock at McCracken's Landing on August 15 and during their gay party serenaded all ladies who passed the dock, police told Magistrate Langley.

"I want you to realize that we are not going to allow this kind of thing to continue to spoil this county's summer resorts" the magistrate said in lecturing them. "Henceforth if you want to drink do it in a lawful place and in a proper manner."

Barr of Thorold, Ontario, who also tenders his sincerest thanks for the sympathy and kindness shown, including the doctor and nurses of Nicholls Hospital.

J. Abrahams.

OPENING OF Y.M.C.A. MONDAY EVENING

Dr. E. M. Best and T. F. Matthews to Speak.

Dr. E. M. Best of Toronto, general secretary of the National Council of the Y.M.C.A., and T. F. Matthews, also of Toronto, will present addresses at the ceremonies of opening the new Y.M.C.A. Building on Monday evening.

Both were formerly residents of Peterborough and are well known in this city. Dr. Best was a director of the Y.M.C.A. here until his departure 23 years ago.

The opening ceremonies will be conducted at 7.30 o'clock and the building will be thrown open for public inspection. Visitors will be welcomed through the week. This morning the Y.M.C.A. staff issued a special invitation to the women of the city as well as the men to take part in the proceedings on Monday evening.

Winter Work Planned By Omemee Institute

OMEMEE, Sept. 25.—(Examiner Correspondence). — The Women's Institute met at the home of Mrs. E. McPherson on Wednesday evening with a good attendance. Mrs. Rea, the president, presided. Miss Mary Faulkner acted as secretary in the absence of Miss E. Robinson. Items of business were discussed and plans made for the fall work. Mrs. J. Eggleson gave a very interesting reading. At the conclusion of the meeting the hostesses, Mrs. A. Rutherford, Mrs. S. McConnell and Mrs. E. McPherson served lunch and a social time spent.

The Women's Association of Trinity United Church held their regular monthly meeting Thursday afternoon in the Sunday school room of the church, the president, Mrs. W. Henderson, presiding, and secretary, Mrs. Overholt. Mrs. Bushnell reading the scripture lesson. The treasurer, Mrs. R. Williamson, gave her report. After which it was decided to give the board of stewards and trustes a substantial cheque to assist them in their work. Ten dollars was also ordered paid for hymnery's for choir, and the tuning of the pipe organ. The annual thanksgiving supper on October 12th was next discussed. Committees were formed and plans were made for same, which was unanimous. The meeting was closed by the president pronouncing the benediction.

Obituary

MISS MARGARET A. WILLIAMS

The death occurred on Friday at Anson House, this city, of Miss Margaret Ann Williams at the age of 75 years. She was a native of Cobourg. The funeral will take place on Monday at 9.30 a.m. from Anson House, with the Rev. E. R. James, of St. John's Church, officiating. Interment at Wicklow cemetery.

NOT MOVING

C. H. Barringer, who conducts a barber shop on George Street, opposite the Opera House, is not moving his business but will remain at his present stand. It is only J. Kelbrick tobacconist with Mr. Barringer, who is going into other quarters.

ARTICLES REQUIRED

There is great need just now for warm clothing of all kinds for men. Knights of the road are coming in here every day needing boots, overcoats, shirts and sox. Often they come in without a hat or cap, and many are minus sox. Overalls of thin summer type clothed quite a few, under small coats.

For one special case, a suit, size 36, and shoes, size 6, is urgently needed.

Overcoats would be a great boon to many of these cold men.

After asking for a baby carriage recently, we received offers of four. Would those who have offered us the extra carriages please keep them in reserve, as these things are asked for constantly.

A graceful act of assistance to those in need was registered this week, when a woman rang up to ask that a school child be found who would come to her house every day, for dinner. It was very easy to find the child, whose parents, with little work, were grateful for the help.

SCOUTS PAY HONOR TO WARREN TURNER

Swastika Badge Presented Active Worker.

A. S. M. Warren Turner of 1st Peterborough (St. John's) Troop of Boy Scouts, who is shortly leaving the city to take up studies at Trinity College School, Port Hope, was last night honored by the presentation of a Scout Thanks Badge or Swastika.

The gift is an award instituted by Sir Robert Baden Powell, and is a token presented to outstanding scout workers who have willingly given of their time and knowledge to the cause of scouting.

Dr. Murray Fraser, chairman of the Troop committee, made the presentation in front of the assembled troop, and after he had given an address to the boys stressing the value of education.

The Rev. Dr. R. C. Blagrave in a few well chosen words spoke of the work that Warren Turner had done for the troop, and of the fact that it would be hard to replace him as A. S. M.

Similar sentiments were voiced by Scoutmaster G. Johnson, who referred to the great value that Warren had been to the troop not only as a leader but as an organizer.

Reg. Howden, former A. S. M., complimented Warren also, on the interest he had shown in the troop.

The camp fire meeting closed with the "King," after which the Rev. Dr. Blagrave pronounced the benediction.

Social Evening Is Held By Caledonians

Last evening the Caledonians and their friends met in the Woodmen of the World Hall for a social evening, and a pleasant time was spent in music and dancing. W. Petrie, president, presided over a fairly large gathering.

Those contributing vocal solos were: Miss Maisie Ralston, who charmed the audience with "That Wonderful Mother of Mine" and "The Road to Loch Lomond," and Mrs. R. Sugden, who sang sweetly, "In the Garden of To-Morrow."

A reading by Mrs. J. Donaldson in Aberdeenshire doric was much enjoyed.

Miss Pearl Smith acted as piano accompanist.

Music for dancing was played by R. Gilmour and G. Low.

At the conclusion of an enjoyable evening refreshments were served by the Executive.

IN MEMORIAM.

WILKINSON. — In loving memory of Pte. A. F. Wilkinson (928098), killed in action at Bourlon Wood, September 27, 1918.

His loving voice is silent,
His true heart ceased to beat;
We miss the well-known footsteps
And the face we used to greet.

—Ever remembered by Ernest and Mary.

WILKINSON. — In loving memory of Pte. Arthe Frank Wilkinson, killed in action on September 27, 1918.

One of the boys who forward went
With joy to the great advance;
One who for freedom died content
In the sunny land of France.
May the heavenly winds blow softly
O'er that sweet and hallowed spot.
Though the sea divides his grave,
He will never be forgot.

Two Prisoners Accidently Locked Out Have Request to Be Returned Granted

GODERICH, September 26. — The usual order of things was reversed at the County Jail yesterday. Two short-term prisoners, both trusties, found themselves locked out. They had been given a task in the garden, harvesting the vegetable crop. When mealtime came they found the doors closed against them, and they felt rather badly about it. After trying several doors, they walked to the turnkey's private quarters and demanded to be taken in. They were accommodated.

THE PUBLIC IS INVITED TO ATTEND THE OFFICIAL OPENING OF THE NEW ADDITION TO Y.M.C.A. BUILDING, Monday Evening Next, September 28th at 7.30 o'Clock.

After the Opening Ceremonies, the Building will be open for inspection. Ladies are cordially invited to attend.

LABOR AVOIDING POLITICA TIES

Trades Congress Adheres to Policy of Independent Action.

VANCOUVER MEETING.

VANCOUVER, Sept. 26.—After a bitter two-hour debate, during which personalities were exchanged with freedom across the floor of the convention, the Trades and Labor Congress of Canada Friday reiterated its 1923 stand for independent political action and maintained its policy that the central body should not become involved directly in organization or support of a political party.

It was decided by a substantial majority on a verbal vote that the congress reiterate its political stand of 1923 rather than adopt three resolutions from Winnipeg, Montreal and Vancouver which—in the words of their opponents —would have made it a "collection agency for a political party."

J. W. Buckley, Toronto, charged that President Tom Moore had been more critical of the Labor party in Ontario than he was of either of the old line parties.

The battling speech of the debate was made by the veteran secretary-treasurer, P. M. Draper — his first speech from the floor of the convention in the capacity of a private delegate. He took strong exception to the statement of E. H. Hoffmeir, Vancouver, that the congress "was on the doorstep of any political party."

Delegate Hoffman interrupted to explain that he had said "doorstep of financial interests behind the political parties."

"Absolute Falsehood"

"Well it amounts to the same thing and I want to say that it's an absolute falsehood," declared Mr. Draper.

"To hear some of you birds talk you would think you had all the independence there is in Canada. I think I know the policy of this congress——"

"But you don't own it," interrupted a delegate.

"No, and neither do you; but I have done something to build it up to where it is today and I don't know how much you have done in the same way," retorted the secretary-treasurer.

"I'll tell you the difference between the British and the Canadian trade unionists if you want to know it," continued Mr. Draper. "The difference is this: This British trade unionists dug down in their purses to support candidates and the Canadian trade unionists won't do it. We have had able and worthy men in Canadian labor and what happened time after time when they ran for office? They went down to defeat.

"Is there any delegate who thinks that he will better conditions by making this congress a collection agency for a political party?"

Mr. Draper concluded that he was just an anxious as any delegate to see more labor men in parliament, in legislature and city council, but it had to come by action independent of the congress. A Vancouver delegate denied they wanted to make the congress a collection agency.

Resolutions Introduced

The three resolutions which provoked the storm were introduced by Ernest Ingles, chairman of the resolutions committee, as the first business of the morning. His committee recommended non-concurrence at the congress had dealt with the subject matter before, and was not recorded as favoring independent political action.

There was a rush of delegates to support the resolutions, contending that the congress must take a more pronounced part in political action. It was charged that so far as conditions existed today the congress and the American Federation of Labor were obsolete. Canadian labor must do something to eliminate the "pseudo Labor candidate," it was argued

Congress Not Hindering

James Simpson, Toronto, vice-president, maintained that the congress had long ago outlined its policy on political action and there was nothing to hinder such action.

"We'd have had a good labor party in Canada today if the Communists had not broken it up by trying to wreck trade unionism," declared Mr Simpson. "We had to allow the wrecking of the Canadian labor party in order to rid it of the germ of destruction. Now we're trying to build it up again. The present stand of this congress allows every opportunity to build up a political party."

J. W. Bruce, Toronto, supported Mr. Simpson, saying that he was against making any direct attachment between the political and industrial parts of the labor movement. Pious resolutions were not going to get labor anywhere in politics; it took active support.

"We told the Communists when they usurped control of the Canadian labor party that they would hand back a dead baby in three years," said Mr. Bruce, "and they did. If you want to bring the child back to life, go and do it, but don't ask this congress to do it."

France is aiding its wheat growers.

SILVERWOOD'S MILK FED BABY

Wins First Prize

A proud mother, whose baby won a silver cup at the Peterborough Exhibition, attributes her little one's success to being raised on "Silverwood's" milk. She writes as follows:

99½% Health Rating!

"15 Maple Ave.,
"Sept. 21, 1931.

"Silverwood's Peterborough, Ltd.

"Dear Sirs.—Having been awarded a silver cup for my baby in the recent baby contest (being a first prize in its class) receiving 99½% health rating, I take this means of thanking your company for both the quality of milk and your service. She was raised solely, since one week old, on Silverwood's Pasteurized Milk.

"Mrs. H. Gelling.

Yes! Silverwood's Milk is always good and so is their service.

Phone 1900 and a driver will call.

SILVERWOOD'S

Peterborough Dairy Ltd.

377 AYLMER STREET.

IN MEMORIAM.

HAINS-HOWARD. — In loving memory of our darling son and brother, Beverley, who passed away September 27th, 1925.

He has gone across the river
To the shores of ever green;
How we long to see his dear face,
But the river flows between.
And our aching hearts are calling
To the shadows dark and grey,
For the one that has left us
Just six years ago to-day.

—Ever remembered by Mother, Dad and Vincent.

GOVERNMENT IS JUSTIFIED IN HELPING NORTH

50 Per Cent. Allotment of Jobs Made Necessary by Conditions Says Rev. Wm. McDonald.

A SERIOUS SITUATION.

Menace of the Unemployed is Discussed Before Local Rotary Club To-day.

That the Ontario Government was quite justified in dividing the work under its relief road construction scheme on a fifty-fifty basis between Northern Ontario and the older portions of the province was the declaration of Rev. Wm. McDonald, pastor of Knox church, in discussing what he termed the menace of the unemployed in a forcible address before the Peterborough Rotary Club, to-day.

Rev. Mr. McDonald who lived fifteen years in Northern Ontario before coming to Peterborough five years ago remarked that he could not speak with the same authority as to conditions in that part of the Province as he could when he first left there. His remarks were based however, on newspaper reports, letters from friends and information from occasional visitors from the North.

The unemployed situation in New Ontario was particularly acute he explained because of the utter collapse of the lumber industries, a lull in railway operations and curtailment of the mining industry. The menace of the unemployed there lay in the large percentage of non-Anglo-Saxon workers in the ranks of the jobless. One million people of non-Anglo-Saxon origin had come into Canada since the war and a very large proportion of them had located in Northern Ontario. These men with an ingrained hostility toward all forms of government found a ripe field for the Red agitators who sought to influence them. It is no snap being a Mayor or Alderman in one of those Northern Ontario cities," declared Rev. Wm. McDonald "and it is no snap to be a minister either for they are looked upon as being the friends of established government."

It was this condition that caused the government to allot fifty per pent of the jobs on its highway construction work to Northern Ontario, the speaker explained. The danger was recognized; in fact only the sound common sense of the heads of industry and of the municipal authorities in the North and the steady good-living of the Anglo-saxon resident had averted trouble.

The people of old Ontario, the speaker, felt should recognize the situation in the North and appreciate the fact that the Government was faced with a serious problem. There should be every sympathy for the people of Northern Ontario in the crisis that we're facing.

Rev. Wm. Mc Donald was introduced by Rotarian W. E. Ross and Rotarian C. H. Rogers moved a vote of thanks.

Visitors today included Ray Harding, of Nashua, N. H., former member of the Peterborough club; Jim Wallace, formerly of the Sun Life here; and Jim Phelps and his son Charle who were the guests of Rotarian Ross L. Dobbin. Mr. Phelps, sr., an old Peterborough boy well-known at the close of the last century as a bicycle rider is manager of the Hydro Commission in Sarnia.

Bob Abbot was the recipient of a somewhat mysterious presentation from Rotarian Fred L. Roy in recognition of his recent golfing exploits.

A delegation of Peterborough Rotarians will visit the school fair at the Bomanville Boys' School on Friday. Rotarian Jack Gillespie is in charge of the arrangements.

No Agreement Made On Armament Truce

GENEVA, Sept. 28 (C.P.). — The League of Nations Disarmament Committee argued in vain to-day trying to reach an agreement on an armaments truce and adjourned after referring the question to a sub-committee.

The adoption of some simple declaration in which the powers would agree not to increase the existing levels of their armaments for the duration of the proposed truce was urged by Hugh Wilson, United States representative. His suggestion was approved by Viscount Cecil of Chelwood, head of the British delegation, and by the representatives of Spain and Italy. The Japanese delegate, however, insisted the decision be postponed.

Licenses to operate radio receiving sets in Canada advanced in 1930 to a total of 559,116 or an increase of 43 per cent over the 390,130 issued during 1929.

Youth Hits Girl, Falls From Bicycle, Meets Death Beneath Speeding Auto

HAMILTON, Ont., September 28 (C.P.). — Grim tragedy brought a young life to a sudden conclusion on the Niagara Highway this morning when Walter Smith, R. R. No. 4, Glanford, Ont., was instantly killed. The accident occurred on the highway near Grey's Sideroad, Stoney Creek.

Smith was riding against the traffic on the wrong side of the road. He suddenly swerved out to avoid hitting a pedestrian, Miss Hawe of Fruitland, but one of the handle bars struck the young woman. The bicycle veered sharply and the rider was thrown against a car driven by C. H. Gossalin of Fenwick, Ont. The impact, despite Mr. Gossalin's efforts to stop, proved terrific, and blotted out the youth's life.

GIFT OF SILVER TO J. W. FRASER AS TRIBUTE FROM BUSINESS MEN TO BANKER WHO WON ESTEEM

Dinner at Empres Hotel Saturday Night Largely Attended.

GOING TO WESTON.

Warm Expressions of Friendship—Mr. Fraser's Successor Welcomed.

Remarkable tributes of goodwill and esteem were paid to J. Wells Fraser at a citizens' complimentary dinner tendered to him at the Empress Hotel on Saturday evening to mark the termination of fourteen years' service as manager of the local branch of the Bank of Nova Scotia.

Presided over by His Worship Mayor Roland Denne and attended by close to a hundred prominent citizens representative of the city's financial, legal, industrial and commercial life the affair constituted a uniquge event.

A feature of the proceedings was the presentation to Mr. Fraser of a massive Sheffield Silver Tray, by W. G. Morrow, vice-president and general manager of the Toronto Loan and Savings Company on behalf of the citizens of Peterborough. The tray was engraved with the names of the various organizations in which Mr. Fraser has been active, either in an executive capacity or otherwise and included the Trent Waterway Association, St. Andrew's Church, Peterborough Chamber of Commerce, Peterborough Golf Club, Kiwanis Club, Curling Club, Peterborough Club, and the Agricultural Society.

Other presentations included those from members of Peterborough Clearing House, made by R. T. E. Hicks-Lyne and a bouquet of flowers for Mrs. Fraser presented by F. D. Kerr, K.C. Mr. Fraser was also given a parchment containing the autographs of everyone present.

Mayor Denne remarked in the course of a brief address: "This banquet was arranged to do honor to our good friend Wells Fraser. Peterborough is losing a good citizen, a citizen who entered into the life of the city and who took an active interest in all public affairs. Our loss is Weston's gain," he said.

Sleepy Detectives Prefer Their Beds To Gandhi's Walks

LONDON, Sept. 28 (C.P.). — Mahatma Gandhi returned from the textile section of Lancashire at an early hour to-day and rudely interrupted the sleep of several of Scotland Yard's finest.

He insisted on arising from his third class compartment and setting out on a five-mile walk to Kingsley Hall. His bodyguards attempted to dissuade him, hoping to finish their rest, but he plodded on without a word, for it was his day of silence. They followed grumbling.

UNITED CHURCH SENDING RELIEF

Car of Supplies to be Loaded in Peterborough District.

FOOD FOR THE WEST.

The United Church Presbytery of Peterborough in conjunction with the Relief Commission of Saskatchewan is preparing to forward a carload of food supplies to the dried out area of that province. The car will be loaded at C.P.R. stations according to the following schedules: Havelock, forenoon of Monday October 5th; Norwood, afternoon of the same day; Peterborough, all day of October 6th.

All congregations in the Presbytery are asked to make contributions and it is hoped that there will be a generous response to the appeal. Potatoes will be acceptable, but there is a greater demand for good, sound vegetables such as onions, carrots and beans, and preserved fruit. Potatoes and vegetables should be in bags, and the fruit securely packed in suitable containers to prevent breakage in transit.

RAMSAY MACDONALD TO RETIRE IF GENERAL ELCTIONS ARE HELD

Premier's Decision Reported By Close Friends in London.

WILL NOT LEAD GROUP.

LONDON, Sept. 23 (C.P.).—Premier Ramsay MacDonald was represented by close friends to-day as having come to the decision that he would step aside in the event that a general election become necessary this fall.

He intends to carry on as head of the National Government, it was said, and if the non-partisan project does not draw support from all parties he will refuse to lend his leadership to any one section or party in an appeal to the people.

He was said to have demanded a free hand in striving for national unity to tide Great Britain through her financial difficulties or a "doctor's mandate" for maintaining the National Government. He does not propose to be dominated by any one political party, it was said, and again asserts his leadership of the nation.

His decision was interpreted as an answer to Conservative members who have been booming him as the man to carry the fight to the country on a protective tariff issue. It was apparent that party leaders had not reached an agreement as to the necessity of an early election, although Conservative ranks are strongly in favor.

Mr. MacDonald spent the week-end at Chequers conferring with friends in all parties on the election matter and other problems, but was back at his desk in Downing Street this morning with renewed vigor for his task.

Maniac Sets Fire Four Die, Seven Hurt

NEW YORK, Sept. 28.—A pyromaniac used gasoline yesterday to set fire to a Manhattan tenement house, causing a conflagration that cost four lives, sent seven persons to the hospital and rendered 26 families homeless.

West Lorne Loses Two Stores In Fire

ST. THOMAS, Ont., Sept. 28.—(C.P.)—Fire fighting units from Dutton and Rodney were called yesterday morning to the aid of the small village of West Lorne and succeeded in preventing the spread of a fire which had broken out in the back store of L. G. Brown.

The Brown store as well as that of F. B. Taylor, baker, was destroyed while a few others lost through smoke damage. Total loss is estimated at $15,000.

West Lorne ratepayers recently voted down a by-law to install a waterworks system.

GOVERNMENT TO ADJUST DUTIES TO MONEY RATE

Appraisal of Imports From U. S. on American Valuation.

PREVENT DUMPING.

British Pound to be Levelled Up to Dollar Mark.

OTTAWA, Ont., Sept. 28.— (By the Canadian Press.)—Regulations governing the action to be taken by officers of the customs department in connection with appraising the value for duty purposes of goods imported from countries whose monetary standing is higher than that of Canada will be issued to-day by the Department of National Revenue. While no official statement is yet forthcoming, it is understood that drastic measures will be taken to prevent the dumping of goods into Canada at prices lower than the fair market value.

As the present rate of exchange works out between Canada and the United States, the discount on Canadian funds is roughly 10 per cent. Some manufacturers and exporters in the United States have signified willingness to accede payment in Canadian funds. Disregarding the 10 per cent. difference. This has the effect of giving the Canadian importer a discount of that much while at the same time enabling the United States' exporter to get rid of surplus stock at a price lower than prevailing prices in that country.

To correct this condition, the Government proposes to insist upon a valuation for duty purposes fixed upon the standard of Canadian funds, plus the rate of exchange. While goods are invoiced in terms of Canadian currency, the government will exact the 10 per cent. difference in exchange as dumping duty and will assess valuation as indicated.

With regard to importations from Great Britain, the depreciation of the pound would enable British importers to secure an advantage in the Canadian market and in order to obviate this the Government, it is understood, proposes to write the pound up to par in Canadian currency, thus adding to import values the difference between the Canadian dollar and the pound.

French Statesmen Meet Von Hindenburg

BERLIN, Sept. 28.—(A. P.)—Premier Laval of France and his Foreign Minister, Aristide Briand, today shook hands with President Von Hindenburg and went into conference with German statesmen on measures of co-operation to restore confidence of Europe.

The conversation between President Von Hindenburg and his guests was purely formal After the customary exchange of greetings he expressed the hope that they would solve the economic problems involved by united efforts and they replied in a similar vein.

Their parley with Chancellor Bruening and Foreign Minister Curtius was understood to revolve around the question as to whether Franco-German economic co-operation was possible on a large scale by the flanncing of Germany's surplus labor with France's surplus capital.

Four Grapple Tilts On To-Night's Card

Following is the complete program and weights of contestants for the Peterborough Boxing and Wrestling Club show which is being staged in the Brock street arena to-night. Promoter Charles Hallet prepared an excellent card and the first match will get under way promptly at 8.30 o'clock.

CURTAIN RAISER.

"Whitey" Johnson of Oshawa, 173 pounds vs. Frenchy LaBelle, 176 pounds. One fall, half hour time limit.

SECOND CURTAIN RAISER.

Ali Hassan, Turkey, 209 pounds, vs. Jerry Donovan, Rochester, 218 pounds, one fall, time limit of half hour.

SEMI-FINAL.

Bob Neilson, Denmark, 168 pounds, vs. Joe Thomas, Windsor, 168 pounds, best two out of three falls, time limit of one hour.

MAIN EVENT.

Alex Kasaboski, Toronto, 171 pounds, versus Frank Hart, Holland, 169 pounds, best two out of thre falls, time limit of two hours.

Referee Jack Forbes appointed by Ontario Athletic Commission.

VETERAN LOSES $1400 GAMBLING ON MIDWAY AT THE LINDSAY FAIR SAYS SHEESLEY WHEELS TOOK IT

Milton Blair, of Newmarket, Heads the List of Victims.

PENSION MONEY GONE.

Police Fail to Locate Operators of Gaming Booths.

LINDSAY, September 28 (Special to The Examiner). — The Sheesley Shows, which held forth at Lindsay Central Fair for the past four days, have come and gone, leaving scores of sadder but wiser patrons in their wake.

Saturday's clean-up by the racketeers who operates concessions was said to have been heavy, and the police were kept busy all day listening to the stories of those who played and lost, and investigating the many complaints registered. The heaviest loser of the day was an ex-serviceman from Newmarket. Prior to taking in the Fair, he had drawn his back pension, amounting to $1,400. Together with his wife, he took in the midway, and after falling for the smooth suggestions of three slippery-tongued operators, was deprived of every cent of his pension money. He straight away sought the police, to whom he poured out his tale of woe. Several of the concessions were visited by the man, accompanied by Chief of Police Lawler and Provincial Constable Nelson. The face of the operator did not appear familiar to the man, and the services of his wife were called in. She led the police to one booth, but it had no occupant. The police then called upon Mr. Sheesley, who accompanied them on a tour of inspection, but the operators could not be located.

Strong public sentiment was registered during the week against such features at the annual Fair. It is argued that it would be much better and more patriotic if local service clubs would be allowed to utilize the midway on a pointage basis, the proceeds to be devoted to community welfare work.

Has Eight Children.

The ex-service man gave his name as Milton Blair. He is the father of eight children, and claimed to still have several hundred dollars in his possession after being flimflammed.

Thieves Toil Hard, Steal Empty Safe

SAULT ST. MARIE, Ont., Sept. 28.—Thieves got a lot of hardwork for nothing when they broke into the office of the Imperial Oil Co., Saturday night, and carried away the office safe weighing 300 pounds. C. S. Carrick, manager said this morning that the safe contained no money but mere office records. City police officers who investigated found that the safe had been taken to the St. Mary's river water front nearby and carried away in a small rowboat which was recovered by the officers. No trace of the safe has been found.

C.N.R. REVENUE DROPS SHARPLY

Figures Show Decrease in Eight Months of Present Years is $13,765,419.

$1,752,948 IN AUGUST.

MONTREAL, Sept. 23 (C.P.). — Net operating revenue of $514,034 for the month of August was shown in the monthly statement of gross revenues, operating expenses and net revenue of the Canadian National Railways, issued Saturday Operating expenses for August showed a decrease of $3,005,220 as compared with the figures for August, 1930.

Gross revenues in August, 1931, were $14,309,810, a decrease of $4,758,169, as compared with August, 1930. Operating expenses for the month were $13,795,775 as against $16,800,990 in the same month of last year. Net revenue for the month of August, 1931, was $514,034, a decrease of $1,752,948 from the end of August, 1930.

For the period from January 1 to the end of August, 1931, gross revenues were $117,392,910, a decrease of $30,736,310 as against the same period of 1930. Operating expenses for the 1931 period were $115,214,221, a decrease of $16,970,891 and net revenue $2,178,688, a decrease of $13,765,419 from the figure for the 1930 period.

PREMIER AVOIDS EXTRA TROUBLE

Claims Hindu and Moslems Must Settle Own Commercial Problems.

NO BRITISH ARBITRATION.

LONDON, Sept. 28 (A.P.)—India's Hindus and Moslems will have to settle their own communal problems, for the Government of Great Britain is not going to act as arbiter, Premier Ramsay MacDonald told members of the Round Table Conference minorities committee to-day.

"I have been the scapegoat too often in my life," he said, "and while I am willing to do it again if necessary, I think that in this respect you should be your own scapegoats and take the responsibility for solution of this very difficult problem."

At his suggestion the committee adjourned until Thursday, and in the meantime there will be unofficial negotiations between Mahatma Gandhi and the Agha Khan, representing the two factions, beginning to-night when Mr. Gandhi's period of silence ends.

Before the adjournment Dr. B. R. Ambedkar, an "Untouchable" asserted that too much emphasis is being placed on the Hindu-Moslem problem and that India's other minorities are not likely to accept any solution made at their expense. Mr. MacDonald advised that these factions also use the next two days for private conversations.

WINNERS AT LINDSAY.

District Breeders Share in Prize Money.

Among the winners in the cattle exhibits at the Lindsay Fair, were several from this district. Gordon Mann and Son, old exhibitors of Peterborough, with fourteen Ayrshires, won nine firsts, three seconds, one third and two fourths. John Drope of Hastings won two firsts, four seconds and two thirds with his eleven head of Jerseys. Alex. Hume and Son of Campbellford took five firsts, four seconds, five thirds and two fourths in the Ayrshire class.

AMAZING CURES AT LOCKE CLINIC

Town of Williamsburg Thrives on Talent of Doctor.

..HIS FEES ARE SMALL.

There is one town in Ontario that hasn't the slightest acquaintance with depression, according to several Peterborough residents who have just returned from visiting the place.

This happy town which smiles at depression and flaunts prosperity on all sides is Williamsburg, the home of Dr Locke. And all Williamsburg's prosperity and affluence is directly due to the fact that Dr. Locke is listed among its inhabitants. The whole town swings about him, its business all depends upon his presence and he made the town.

Office Beseiged.

Dr. Locke has startled the medical world with his amazing cures of arthritis, rheumatism and other diseases of the joints and has earned the title of "Miracle Man." His name and stories of his cures when all others had failed have spread throughout the continent and his clinic in Williamsburg is beseiged by eager sufferers who have travelled hundreds of miles to place themselves in his hands for treatment.

Williamsburg thrives on the big business of boarding these thousands of patients who week after week crowd into town. With few exceptions every residence is a boarding house and still the town is unable to house all who come. One Peterborough family who visited Williamsburg last week were unable to secure lodging in the town and were forced to take rooms at a farm house more than a mile distant.

Fee Only One Dollar.

Dr. Locke holds three clinics a day in the back yard of his home, and gives to each patient three treatments a day. His fee per day is one dollar. On fair days the lawn at the rear of the home is his hospital. The patients group themselves about him and he treats them, one after another in quick succession.

His treatment consists wholly of snapping the joints in the feet. His methods are unknown to other medical practitioneers. A pair of strong

(Turn to Page 5)

First Snow Falls; Moscow Heatless, Gov't Saving Coal

MOSCOW, September 28 (C. P.). — The first snow of the winter fell to-day and householders in overcoats and goloshes found in the morning paper a decree forbidding all citizens to heat their homes without special authorization by the municipal government.

The decree is part of a campaign for economy of fuel because coal production is lagging far behind the five-year plan schedule. Penalty for violation of the non-heating order is 100 rubles, fine, or thirty days' compulsory labor. The only exceptions are hospitals and similar institutions.

VICTOR DALLIN IN ROTAGRAVURE

His Aerial Survey of Philadelphia Shown in Public Ledger.

PETERBORO AIRMAN.

Victor Dallin, president of the Dallin Aerial Surveys, and son of Mr. and Mrs. John G. Dallin, of 694 Water streeta this city, has recently completed an aerial survey map of Philadelphia and suburbs for Philadelphia City Council.

Dr. Dallin was a member of the Royal Flying Corps of Canada during the World War and since that time has devoted his time exclusively to making aerial surveys. In the library at Philadelphia Airport are 7,000 aerial photographs taken by him.

The first section of the map of Philadelphia City and suburbs appeared in The Philadelphia Public Ledger, rotagravure section, on Sunday morning, Sept. 20. So clear is the map that rivers, lakes, public buildings, monuments and other landmarks can easily be found. An area of 400 square miles is included on the map, which required ten months' work to make, and the taking of 1,699 separate photographs from a height of 11,200 feet. Thirty-five hours of flying time were chalked up, most of them between the hours of 10 a.m. and 2 p.m., when visibility is at its best and shadows are smallest.

The camera which took pictures through the floor of the cabin plane, held seventy-five feet of roll film, enough to make 100 negatives 7 by 9 inches. While the pilot of the plane held it to a straight line marked upon a control map, the photographer snapped a succession of pictures which were numbered and indicated on the control map.

In the laboratory the painstaking work of matching the exposures was done under the direction of Edgar A. Stephan. They had to be corrected to scale, pasted together on a large board, and matched for color. Sections were then re-photographed and finally the complete map was assembled.

HARVEY CUTHBERT GIVEN 6 MONTHS

Convicted on Charge of Criminal Negligence in Lindsay Court.

LINDSAY, Ont., Sept. 28 (Special to The Examiner).—At the session of the County Judges' Criminal Court held on Saturday, His Honor Judge Ruddy, of Whitby, sentenced Harvey Cuthbert, a local traveller to six months' determinate and one year indeterminate in the Ontario Reformatory on the charge of criminal negligence. Cuthbert, it will be remembered, figured in an automobile accident in Lindsay early in August. While in an intoxicated condition he crashed his car into a buggy containing Leo Cunningham of South Ops. His little daughter, Lena, was so seriously injured that she was confined in the Ross Hospital for several weeks. Cuthbert made his disapearance following the accident and was later found by the Chief of Police at home, where he denied all knowledge of the affair.

His Honor Judge Ruddy, after listening to character evidence, pointed out that the condition of Cuthbert's liquor permit indicated the circumstances leading up to the accident. He might have given some consideration to the question of suspended sentence, had the accused not made certain denial to the authorities.

FOREIGN EXCHANGE.

NEW YORK, N. Y., Sept. 28. — Prime Mercantile Paper 2 per cent. Foreign exchange irregular demand rates Great Britain in dollars, others in cent Great Britain 3.84; France 3.94½; Italy 5.05; Germany 23.50; Canadian dollar at 10-3-8 per cent. discount.

QUIET RESTORED IN CITIES AFTER NIGHT'S RIOTING

Japanese Family of Six Persons Killed in Kowloon Suburb.

FOREIGN SHOPS CLOSED.

Chinese Factions Propose Union Against Common Enemy.

HONGKONG, China, Sept. 28.— (AP)—Policemen armed with riot guns and bearing orders to shoot without warning if necessary today patrolled the streets of Hongkong and Kowloon, on the mainland opposite this British port, as the result of anti-Japanese riots and demonstrations.

The known casualties stood at nine dead and dozens injured.

Six of the deaths were in one family, when a mob of infuriated Chinese stormed the residence of Shimizuro Yachishita, a Japanese, in a Kowloon suburb. Yachishita, his wife, mother, two sons and a nursemaid were killed. Only a three-year-old child was spared.

Mob Wrecked House

Police and soldiers arrived to find the mob wrecking the dwelling and charged with fixed bayonets, killing two Chinese. Ten were arrested. A Chinese child was killed in a riot at Hongkong.

Japanese residents of Hongkong and Kowloon were segregated in school buildings for protection and Chinese mobs turned their attention to Chinese shops selling Japanese goods. Many such stores were wrecked. Most Japanese stores and shops were boarded up several days ago. Those places that failed to lock up were in ruins to-day.

Authorities said they suspected Communist influences were behind the rioting.

The disturbances ceased abruptly last night and the city was quiet to-day.

Conference To-day

The Nanking government's peace delegation arrived to-day and met with leaders of the insurgent Canton government. Further conferences probably will be held in Canton.

It was the Sino-Japanese controversy that led to the move toward a unification of the Nanking and Canton factions.

Independent sources here said the Canton faction might suggest that Chiang Kai-Shek, head of the Nanking government take his army to Manchuria, scene of the trouble between China and Japan, and leave neutral troops to garrison the Nanking area.

THREE BROKERS FAIL IN APPEAL

Penitentiary Terms of Former Stimson Executives Are Upheld.

GUILTY OF FRAUDS.

TORONTO, Ont., Sept. 28 (C.P.) —Convictions standing against Col. F. G. Johnson, Lawrence E. Clark and Dr. H. H. Thomas, former executives of the G. A. Stimson Company, bond house, were upheld to-day in Appeal Court at Osgoode Hall, when judgment was announced in their appeal. The "Court of Five" stood four to one, with Justice Magee dissenting.

The three men were convicted on charges of issuing a false prospectus in connection with the Commerce and Transportation Building, Ltd., and Col. Johnston was sentenced by the trial judge, Mr. Justice Sedgewick to three years in Portsmouth Penitentiary, Clark to two and one-half years, and Thomas to two years less a day at the Jail Farm.

Can't Make Money, Bank Will Close Paying in Full

CHICAGO, Ills., Sept. 28—Depositors of the Mayfair State Savings Bank were asked to-day to call around and get their money, as the bank is going to stop accepting deposits on Sept. 30. T. B. McGrath, Jr., President of the bank, said there was more than enough cash on hand to pay every cent of the deposits, which total $600,000.

State Auditor Oscar Nelson said this was the first time he had ever heard of a bank voluntarily going out of business and paying 100 cents on the dollar.

President McGrath said "We are closing because we can't make money.

GERMANS CHEER FRENCHMAN IN BERLIN

BRIAND, LAVAL MAKE HEADWAY ON BERLIN VISIT

Agree in Principle With Germany on Commission to Iron Out Differences.

GET ROUSING WELCOME.

Session is First Attended by French Premier in Official Capacity Since 1878.

BERLIN, Sept. 28 (A.P.) — A Franco - German commission to smooth out economic relations between the two countries to-day occupied Premier Laval and Foreign Minister Briand in their conferences with German statesmen.

They have already reached an agreement in principle with Chancellor Bruening and Foreign Minister Curtius on a non-political, consultative committee, composed of state officials, industrial leaders and employees, which would seek to iron out salient differences in viewpoint on trade matters.

Tentative Plan

The plan as tentatively drawn up would embrace four key industries—chemicals, electricity, iron and coal—but whatever measure of collaboration are decided on will not be directed at any third power. Sir Walter Layton's report to the Bank for International Settlements in August, recommending renewal of German credits, touched on these aspects of Germany's economic life.

When M. Laval and M. Briand arrived last night they received a striking ovation from a crowd of well-wishers shouting "Hoch Deutschland" and "Vive le Paix." Nevertheless, they were protected by the strongest police guard in years to prevent possible unfriendly manifestations.

Chancellor Bruening said at a dinner for the visitors in the Chancellary that Germany and France must bury memories of the past and face the future in peace if Europe was to be saved from economic ruin.

"We know there is much in these memories that separates us," he said, "but that should be no reason for ignoring the inevitable consequence that Franco-German co-operation is essential to save the economic system of Europe and the world. We need not conceal the fact that we still have a long and difficult way to go and that much of the past needs clearing away, but this should not be allowed to hamper our efforts.

First Visit Since 1878

Responding in French, M. Laval called attention to the fact that the company was assembled in the hall where the Congress of Berlin met in 1878 to settle matters growing out of the Franco-Prussian War, since which no French Premier had visited Germany in an official capacity.

"In economic questions and on the basis outlined at Geneva," he said, "We will endeavor to bring about closer co-operation and trustful relationships. We hope our conferences will not only create a permanent organism but also a method capable of producing practical results."

M. Briand dedicated his first hours in Berlin to going to the tomb of the late Foreign Minister Gustav Stresemann and there laying a wreath on the gave of the man with whom he worked so vigorously for an end to antagonism between France and Germany.

Kingsford-Smith Behind Schedule

KARACHI, India, Sept. 28. (AP) Wing Commander Charles Kingsford-Smith, enroute to England in an attempt to lower the flight record from Australia, landed here before noon to-day and prepared to take off at once for Jask, Persia.

He was 18 hours behind his schedule for the journey of more than 9 000 miles and was showing the effects of four days of continuous flying since leaving Wyndham last Thursday.

MORE THAN 250,000 CHINESE DROWNED

FLOODS INUNDATE TOWNS AND VILLAGES IN CHINA

More than 250,000 persons were drowned in the floods of September 2 in China and the aid of other nations was needed for the relief of the helpless. This photograph illustrates the vastness of the flood waters showing a town near Kiukiang utterly desolated by floods. It was once a town of several thousand persons.

TABLET UNVEILED AT ST. JOHN'S IN MEMORY OF CHARLES RUBIDGE

Great Grandson of Peterborough Pioneer Assists at Dedication.

DESCENDANTS PRESENT.

The unveiling and dedication of a memorial tablet at St. John's Anglican Church Sunday morning established a link with the very foundation of that church and with the earliest history of this city.

Perpetuating the memory of the late Captain Charles Rubidge, R.N., the tablet was erected and unveiled by his great grandson John Rubidge of Connecticut. It was dedicated by the rector, the Rev. R. C. Blagrave, in the presence of members of the Rubidge family and of a large congregation "to the glory of God and in loving memory of Captain Charles Rubidge, R.N., and of his wife Margaret."

The late Captain Rubidge fought in many of the memorable naval engagements under Admiral Nelson. He was one of the first settlers in Peterborough, and one of the first subscribers to the building of St. John's Church, and the first church warden. It was his hands that laid the first cornerstone of the church in the year 1835, and it was due to his untiring efforts that the church was practically completed in the following year, and opened for divine service. Shortly afterwards he made a special voyage to England for the purpose of raising further funds.

The tablet is situated on the east wall of the nave, immediately underneath the placque to the memory of Margaret, widow of the Rev. Canon Beck, M.A., and near the vestry door. Pews were reserved for members of the Rubidge family convenient to the memorial. Besides John Rubidge there were present, his daughter Mrs. Hayward of Connecticut, also the following great grandchildren of the late Captain Rubidge, resident in this city: the Misses Rubidge of Stewart street and Miss Mary Archer of Rubidge street. Other relatives from out of the city present were Mr. and Mrs. Lamb and their daughter of Ottawa, also Mr. and Mrs. Nigel Drayton of Gore's Landing.

The rector approached the tablet for the service of dedication accompanied by the Rev. E. R. James and the lay reader R. N. Stuart and F. M. DelaFosse, rector's warden and W. R. Thompson, people's warden. A red ensign veiling the tablet was drawn aside by John Rubidge. The full inscription of the tablet reads as follows: "To the glory of God and in loving memory of Captain Charles Rubidge, R.N., 1787-1872 and of his wife Margaret 1788-1868. Captain Rubidge was one of the first subscribers to the building of this church, and the first churchwarden. The cornerstone was laid by him in 1835, and due largely to his untir-

CHURCH REOPENING

St. John's United Church, Campbellford, Will Hold Event on Oct. 4.

CAMPBELLFORD, September 28 (Examiner Staff Correspondence).—The re-opening services at St. John's United Church, Campbellford, are scheduled to be held on Sunday, October 4, when the special preacher for the day will be the Rev. Dr. Frank Langford, of Toronto, one of the outstanding ministers in the United Church of Canada.

On the afternoon of the same day a Rally service will be held in connection with the Sunday School, the speaker at this event being Ross Strike of Bowmanville, son of the Rev. and Mrs. A. J. H. Strike.

In connection with this event the ladies of the congregation will stage a fowl supper in the basement of the church on the evening of October 6. This will be featured by addresses and a musical program.

Advertise in The Examiner

Work Going Ahead Campbellford Cinema

CAMPBELLFORD, September 28—(By Examiner Staff Correspondent)—Work on the new movie theatre on Front Street, Campbellford, is going ahead fast and gives evidence that the town will be possessed of a fine "talkie" when it commences to operate. The front of the building has been faced with cement and the interior is now being constructed to the requirements of the government. Filling is complete and the wall are being treated for sound. P. C. Denyes, of Campbellford is in charge of the electrical wiring and fixtures. There will be side lights and six drop sprays. The front will be illuminted with a canopy of massed lights surmounted by Neon signs while the same type of advertising will also be displayed at the back of the building over looking the river. Mr. A. Rappaport of Toronto, is supervising the work.

KIWANIS TICKETS ARE SELLING FAST

Miss R. Cullen Wins First Week's Prize—Girls to be Entertained at Dinner.

The sixteen girls who are selling advance admission tickets to the coming Produced-in Canada Exhibition put on by the Kiwanis Club, will be entertained at a dinner in Hooper's Palm Garden on Monday evening when the prizes for the first week of the ticket selling contest will be awarded. The lucky winner of the first prize, ten dollars in cash is Miss Rhoda Cullen, the second prize, seven dollars and a half going to Miss E. Elmhurst, while the third prize of five dollars will be awarded to Miss Lillian Fouger.

These prizes were all won by narrow margins, several of the girls nearly tied for second and third positions. Three prizes will be awarded each week during the campaign, but it would certainly be hard to forecast the probable winners. Nearly three thousand admissions have been sold during this first week's effort.

Mr. John Allen, President of the Kiwanis Club has charge of the advance sale of tickets. If a certain number are sold Mr. Freel of Woolworth's store has agreed to wheel Mr. Allen in a wheel barrow from the market square to the Armouries on the first night of the Exhibition. This may be a case of where the Kiwanis President will be "taken for a ride." At the rate at which the tickets are going Mr. Freel is very apt to have to play the part of Old Dobbin.

It is reported that considerable more space has been allotted so far than last year, only a few good locations are still remaining. The proceeds of the Exhibition will be used to carry on the work of the children's camp at Jackson Park. Some weeks during last summer as many as seventy children were there at one time, all receiving nourishing food and all under the supervision of a trained nurse.

BONUS FOR TRAINMEN

ST. THOMAS, Sept. 28.—Railwaymen employed in this district by United States lines reaped a rich return from their pay cheques Saturday. When cashed at the bank the cheques paid seven and one-half per cent., or approximately $20 bonus on each cheque.

WON LINDSAY CARS

LINDSAY, Sept. 28. — The Lindsay Kiwanis Club prize car went to Mr. B. Hyland, of Nestleton and the Rotary prize car went to Dr. Hubbell, of Oshawa.

NORWAY SWEDEN BOTH SUSPEND GOLD STANDARD

Abandon Payments Because of the Affiliation of Their Currency With Pound Sterling.

RATES RAISED.

Financial Circles Interpret Move Act of Caution Rather Than Need.

LONDON, September 28.— (AP) —Sweden and Norway today followed Great Britain by seven days in suspending the gold standard and prohibiting the exportation of gold. The Danish cabinet is considering the same action.

Despatches from Stockholm and Oslo said the two governments had decided temporarily to abandon payments in gold because of the affiliation of the krona and the krone with the pound sterling and the close connection of their finances with those of Great Britain.

The Swedish State Council decided to drop the gold standard until Nov. 30 unless conditions should change before that date and to increase the national bank discount rate from six per cent to eight per cent. The exportation of gold was prohibited except by the Riksbank, or by foreign national banks.

Not Sign of Weakness.

Minister of Finance Felix Hamrin said Sweden would restore the gold standard as soon as financial affairs permitted and that the suspension should not be regarded as a sign of weakness in the treasury. The people must buy more Swedish goods in order to improve the balance of trade, he said, and the Government would immediately discuss measures to that end.

The commissioners of the Riksbank said there had been heavy demands on Sweden for gold after Great Britain's action and that foreign currency and the Riksbank's gold reserve had been reduced last week by 100,000,000 krona ($25,000,000) while hope of obtaining foreign credit sufficient to assure the supply of foreign currency had not been fulfilled.

Norway's withdrawal from the gold standard and placing of an embargo on gold exports were decreed for an indefinite period by the cabinet. The discount rate of the Bank of Norway was raised from five per cent to eight per cent.

At the same time the central banks of Norway, Sweden, Denmark and Finland announced they had decided on joint measures to maintain the parity of their respective currencies while suspension was in effect.

The two countries move was interpreted in financial circles as an act of caution rather than of need.

Sweden ended the first half of the fiscal year in July with a surplus of several million kronar, according to figures from the ministry of finance, and her trade balance showed exports and imports virtually unchanged. Norway showed a net deficit of 6,000,000 kroner (about $1,600,000) for the same period.

CHILDREN'S AID TAG DAY OCT. 3

Society Under Greater Expense This Year Owing to Depression.

KIDDIES HARD TO PLACE

The Children's Aid Society is holding their Tag Day on Saturday next, October 3rd.

The Society is under greater expense this year than for many years owing to the depression which exists to-day. It is more difficult to place children in homes than it was two or three years ago, most people feel that they have all they can do to manage without taking children. Adoptions have fallen off for the same reason.

The Society as a result has to keep the children a longer period of time, and there does not seem to be much hope in the near future. As a result the Society is under greater expense. To meet this expense a grant made by the city and county, but this does not meet the demands made upon the Society which is obliged to resort to Tag Day. Mrs. S. Newhall is convenor of Tag Day and has the ladies of the Board assisting her and it respectfully requested that every one who can will respond when they are approached and asked to buy a tag.

Remember this is for the children, many of whom do not know much of the comforts that you enjoy or know of the love that exists in your home. Please do not forget them.

The Fraser Valley Travelling Library, British Columbia, conducted as an experiment under a Carnegie grant, acquired nearly 11 000 members and a circulation of 200,000 in its first year's operations.

Nickel in the form of alloys used in the construction of the New Waldorf Hotel, New York, amounted to 141,500 pounds.

• • •

Mr. Ted Rigby, son of Mr. and Mrs. E. Rigby, Weller street, has gone to Toronto to study at Wycliffe College, University of Toronto, for the ministry of the Anglican church.

• • •

Mr. T. F. Matthews of Toronto, who will speak at the opening ceremonies for the new Y.M.C.A. here to-night, will be the guest of Mr. and Mrs. Gordon Matthews during his stay in the city.

• • •

Mrs. E. W. Borbridge and Miss Margaret Borbridge motored to Toronto to-day, accompanying Mr. Ted Borbridge, who is entering Trinity College, University of Toronto, for the Law course.

• • •

Dr. R. B. Boucher of Vancouver, B.C., is the guest of his brother and sister-in-law, Mr. and Mrs. George B. Boucher, Edinburgh street.

• • •

The Rev. Dr. and Mrs. R. C. Blagrave motored to Toronto to-day accompanying their son, Mr. Douglas Blagrave, who is entering Trinity College, University of Toronto, for the Forestry course.

• • •

Mr. and Mrs. James Rhodes of John street, who leave this week to take up fruit farming in Prince Edward county, were guests of honor at a jolly party held at the home of Mr. and Mrs. J. Miller, London street, when a number of their friends presented them with gifts in the form of a pipe for Mr. Rhodes and a crystal necklace for his wife. The accompanying address was read by Mrs. G. Gray. The evening was pleasantly spent in playing cards and games, followed by the service of dainty refreshments.

• • •

Mrs. G. S. Cameron has returned home after visiting her parents in St. John, N.B.

• • •

Mr. Reginald Howden has returned to Toronto to enter his second year of study at Trinity College, University of Toronto.

• • •

Miss Kathleen Jenkins of Toronto is the guest of her sister, Mrs. A. L. Amys, Gilmour street.

• • •

Miss Winifred Pammett of Toronto, candidate secretary of the Dominion Board of the United Church, who will be guest speaker to-night at the Y.W. Auxiliary and Circle Rally at George Street United Church, will be the guest of Mrs. Osborne Smith, 487 McDonnel street during her stay in the city.

• • •

Mr. William Comstock, Sherbrooke street, entertained at a men's bridge party last week in honor of Mr. J. W. Fraser, former manager of the Bank of Nova Scotia, who is leaving for the Head Office of the bank in Toronto, on Wednesday of this week. Mrs. Fraser and family will remain in Peterborough until the first of December, or later.

• • •

Miss Dorothy Worboy, who left by motor yesterday afternoon for Toronto, where she will take the three years' course at Wycliffe College and the Anglican Deaconess and Missionary Training House, was presented at the early service yesterday at All Saints Church with a teachers' prayer book the gift of Miss Lacheur's "Merry Hearts" Bible class, and was also the recipient of a choir hymnal from the teachers and officers of the Sunday School.

• • •

Mr. Keith Wightman, son of Mr. and Mrs. K. S. Wightman, Robinson street, has gone to Toronto to study medicine at Trinity College, University of Toronto.

• • •

Mr. F. J. Batten of Cyzicus Sanctorum No. 24, A.M.O.S., was appointed delegate to the Northern Division Session of the Ancient Mystic Order of Samaritans, to be held at Windsor, Ontario.

• • •

Mr. Leigh Glover, son of Mr. and Mrs. T. H. Glover, Mark street, has returned to Toronto to resume his studies in Chemical Engineering at the University of Toronto.

• • •

Mr. J. W. Fraser, who leaves for Toronto for his new post with the Bank of Nova Scotia, this week, was presented by the members of the Session of St. Andrew's Church with a handsome leather-bound and gold monogrammed hymnal, when the Session members entertained him at dinner in the parlors of St. Andrew's Church.

• • •

Mr. Reginald Chandler, son of Mr. and Mrs. George E. Chandler, Bolivar street, has gone to Toronto to study Law at Trinity College, University of Toronto.

• • •

Mr. Wilmot ('Pete') Gordon, son of the Hon. and Mrs. G. N. Gordon, left for Montreal last night to study Law at McGill University.

• • •

Mr. and Mrs. R. L. Hetherington of 631 George sreet have returned home after spending the past week in Montreal and Quebec city.

BLOOD-PRESSURE AND ITS CAUSES

A chief cause of blood pressure is acidosis from eating acid-forming foods. To counteract, use alkali-forming foods. The only alkali-forming foods are fruits, vegetables, milk, almonds, egg yolks and Roman Meal (the only alkaline grain food known). At fifty my pressure was 215, heart threatening to stop each beat. By exercising in bed, overcoming tension, eating alkaline Roman Meal, fruits, etc., my pressure at seventy-three is 130—heart—I can run five miles in forty-seven minutes, run up four flights of stairs two steps at a time, work ninety hours a week and never tire. Alkaline Roman Meal, fruits, etc., are remarkable vitalizers for sick or well, when used properly. Write for free booklet, "HOW TO KEEP WELL," and other literature, also sample of Roman Meal and Kofy-sub, the new alkaline beverage, to ROBT. G. JACKSON, M.D., 502 Vine Ave., Toronto 9, Ont.

FASHION SERVICE

Who wouldn't love to have the opportunity to wear this smart little woolen frock for classroom?

It has the new straight silhouette and skirt cut, so modish.

It features the flat neckline, in attractively shaped banded effect that offers such interesting theme for contrasting trim.

It is rayon pin dotted wool voile in dark brown so smartly appropriate for early fall. The applied collar and cuff bands are vivid red plain wool voile.

Style No. 3317 is designed for the sophisticated miss of 6, 8, 10, 12 and 14 years.

Size 8 requires 2⅞ yards 39-inch, with ⅜ yard 27-inch contrasting.

Wool jersey, printed sheer worsted, linen and tweed-like cottons are tremendously smart in this model.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of pattern 15 cents.

Our large Fashion Book shows how to dress up to the minute at very little expense. It contains most attractive Paris designs for adults and children embroidery, etc.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of book 15 cents.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

The person who embroiders should be careful to have the material worthy of the work put upon it.

• • • • • • •

This was brought forcibly to mind recently when shown a quilted spread which a local resident had just completed and which was on her guest-room bed.

• • • • • • •

The pattern was good, one of the oldtime favorites. The colors were well chosen and the material for the applique was fair, but the foundation was a cheap grade of ordinary cotton or muslin, as this textile is sometimes called.

• • • • • • •

This foundation cheapened the whole quilt. It was tawdry. And the woman could well afford to use better material, but somehow she either tried to skimp or was careless.

• • • • • • •

On another occasion I saw an elaborately embroidered pillow top which was sent in for a needlework contest. The stitchery was excellent indeed, and the medium was silk, but the background was simply impossible. It was pitiful that so much work should be put onto a textile that spelled failure, immediately.

• • • • • • •

It is said of hooked rugs that their wear is limited to that of the foundation. If that is poor, it matters not how fine the work put on it, the rug is doomed to a short life.

• • • • • • •

This can be said of other forms of needlecraft. Not only does a poor grade of material make an unworthy article, but it shortens the life of the thing.

• • • • • • •

There is a suitability which should exist between a foundation and the embroidery medium. A handsome background calls for a high grade of embroidery medium.

• • • • • • •

A simple but durable background implies a less handsome medium. A satin bedspread should be embroidered in silk. The strands may be heavy or fine, but silk should be used not cotton, even though it is mercerized.

• • • • • • •

On the other hand, gingham may be of sufficiently good grade to be embroidered, but cotton or linen is as well if not better suited to the purpose of a medium as is silk.

• • • • • • •

Cross-stitch canvas although completely covered with stitchery, should be stout and firm unless it is to be cut and pulled out from stitches taken through it, where the design is thus transferred to the foundation fabric. Initials on towels should not be in silk, but in linen or cotton.

Dear Anne:—

I have been so busy lately canning and pickling and yet I have quantities of tomatoes to look after. I have used them in so many ways that I am wondering if someone would suggest a recipe for catsup or sauce so that I would have a new variety; also for green tomato pickle. I have a recipe for a pickle we like very much. We make it at the end of the season and call it Rummage Pickle.

I would like to thank the neighbor very much who told us about sprinkling wood ashes on the cabbage plants to destroy the cabbage worm. I tried it and my cabbages are splendid.

Did you see the lightning the other evening? I never saw such a wonderful display before. It seemed to commence in the eastern sky and go around by the north and on to the west. Great flashes would illumine the sky and set out in relief clouds that were like mountains—glorious things, with great concerns. I stood fascinated for hours, calling to my family to come. They came, and said, "Yes, its wonderful" and then went back to their occupations. I stayed to watch and will not soon forget the weird beauty of it all. I hope you saw it for I know you would enjoy it.

My flowers are still very pretty—lovely asters and petunias and one exquisite pink rose in full bloom today, and oh, the perfume of it!

I must close, the hour is late.

As ever,
Vionnet.

Welcome back to the page, Vionnet, and many thanks for the recipe which will appear very soon. Perhaps some of the neighbors can respond to your request for the recipe of a sauce or catsup and I am printing a green tomato pickle for you. Yes, indeed, I did see the lightning, watching it for nearly an hour. Write again when you have time, Vionnet, we all appreciate your letters.

Anne Wilcox

APPLE TREES BLOOM.

PICTON, Sept. 28.—Apple blossoms and ripe apples on the same tree is reported by Walter Mitchell of Waupoos. The tree is of the McIntosh variety, and has several branches laden with blooms.

OUR MAIL

For Stomach Trouble

Goderich, Ont. —"I want to have Dr. Pierce's medicines in my house, handy for use, and if they haven't these medicines in Goderich I will send for them any time I need them," said Ward Allin, R.R. 4. Dr. Pierce's Golden Medical Discovery relieved me of stomach trouble and I feel like a new man. I have also used Dr. Pierce's Pleasant Pellets. I have nothing but words of praise for Dr. Pierce and his wonderful remedies."

As your druggist for
Dr. Pierce's
Golden Medical Discovery

That Body of Yours

By James W. Barton, M.D

TREATING AILMENTS WITH OR WITHOUT MEDICINE.

During an epidemic of influenza some years previous to the epidemic of 1918-19, a busy practitioner in a large city made 64 visits in one day.

He was asked what medicine or medicines he was using, and quietly answered that he wasn't using any in the families of his regular patients, but was prescribing some medicine for new patients. As the new patients did not know him, they would likely be wanting some medicine, so he felt that he should prescribe some, until the family knew him better. "However," he said, "I have put a nurse on in every case wherever possible, and, with proper care, they'll all pull through all right."

This is what Sir William Osler had in mind when he said, "The new school of medicine does not feel itself under obligation to give any medicine whatever, while a generation ago, not only could few physicians have held their practice unless they did, but few would have thought it safe or scientific. The modern treatment of disease relies very greatly on the so-called 'natural' methods—diet, exercise, bathing and massage; in other words, giving the natural forces the fullest scope by easy and thorough nutrition, increased flow of blood, and removal of obstructions to the removal of wastes from the body."

What does this mean?

That when we are not well we should help Nature in any and every way to get back to health and strength without medicine if necessary but with medicine when absolutely necessary.

The use of heat, massage, bathing, rest, careful dieting, exercise, can often do the complete job of restoring the health, and it is unwise therefore to use medicines that may upset the stomach, or overstimulate the heart, intestines or other organs.

However, there are times when medicines must be used if life is to be saved, and a prolonged illness rendered bearable.

Thus digitalis will steady a failing or irritable heart, and actually save life, there are degrees of pain that opium alone can relieve, malaria must be treated by quinine, strychnine used in opium poisoning, antitoxins must be used to prevent tetanus (lockjaw), diphtheria, rabies (dog-bite poisoning), vaccines for other diseases, and so forth.

The thought then is that if your doctor uses natural methods instead of medicine, or if he feels that you need medicine, remember that he knows you, and knows best what to do.

The Western Canada wheat crop for 1931 is expected to fall 100,000,000 bushels short of normal.

ENNISMORE

Mr. and Mrs. Herb Hennessy were guests of Mr. and Mrs. Thomas Sullivan of King's Wharf on last Sunday.

The many friends of Mrs. Fergus Crowley will be glad to know she is progressing favorably after her recent operation for appendicitis in St. Joseph's Hospital, Peterborough.

Mrs. B. Leahy of Douro spent last Sunday with her daughter, Mrs. V. Murphy.

Mr. and Mrs. D. Hayes of Otonabee visited friends here on Sunday.

Mr. and Mrs. William Killen visited friends in Peterborough on Sunday.

Mrs. Arnold Crough and little son Alvin spent a few days recently with friends here.

The many friends of Mr. Harold Killen will be pleased to learn he is convalescing favorably from his recent operation in St. Joseph's Hospital, Peterborough.

"Poise ATTRACTS MEN SAYS ELINOR GLYN MORE THAN Beauty"

ELINOR GLYN
world-famous writer on romance

Men are fascinated by the charming self-confidence that exquisite femininity gives a woman . . .

"GLADYS and HELEN write me that they're 'ugly ducklings.' How can they hope to win love?

"Girls, many of the most fascinating women of history have been plain. But they've had the charming self-confidence that utter femininity gives a woman. And men have been fascinated by it.

"Such POISE is far more potent than beauty. And it's a quality every girl can win.

"Clothes can help you. Clothes affect YOU even more than they affect those who see you. LINGERIE, especially, when it is colourful and exquisite, makes you feel utterly feminine and confident of charm. And self-confidence is contagious! That's why this little recipe is so helpful to poise—

1. Choose the daintiest lingerie you can.
2. Always keep it colour-fresh and lovely.

"Don't think your budget won't include colourful underthings. If you wash them in Lux they will stay NEW so long every girl can afford them.

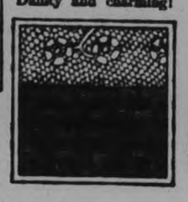
"Ordinary 'good' soaps often fade and wear out delicate fibres, but Lux is made to keep colours adorable, silks soft and new.

"AT HOME too:—Charming surroundings give you poise! You feel at ease when you know everything about you, from pretty draperies to colourful table linens, is fresh and new—as Lux alone keeps them."

ELINOR GLYN

The Secret of Daintiness that gives Poise

(Above) Lingerie washed 12 times in ordinary "good" soap—faded, silk and lace damaged. Disappointing!



(Below) Lingerie washed 12 times in Lux—colour fresh and unfaded, silk and lace like new. Dainty and charming!

If it's safe in water it's just as safe in LUX

MONDAY, SEPTEMBER 28, 1931

THE CHILDREN'S AID SOCIETY.

The annual tag day of the Peterborough branch of the Children's Aid Society is to be held on Saturday.

The society, which inaugurated locally this method of securing financial assistance for its work and which depends to a considerable degree upon the tag day campaign to balance its budget, is an organization that from the very nature of its activities and the manner in which it has carried on for many years deserves general support.

Like in the case of other social service organizations, the present economic depression has added appreciably to the demand upon the society's service and necessarily therefore to the expenditure, and an especially generous response to this year's appeal will be of great assistance.

It is hardly necessary to dilate upon the work of the Children's Aid Society; its local record throughout the year has been such as to speak for itself.

The public endorses the aims and objects of the organization and is satisfied that its affairs are administered efficiently and economically.

A mere mention of the fact that the need this year is unusually great should be sufficient to produce a noteworthy contribution on Saturday.

HONORING A GOOD CITIZEN.

The complimentary banquet tendered J. Wells Fraser on Saturday evening testified in no uncertain manner to the general appreciation in the city of the public services rendered by him during his fourteen years' residence in Peterborough.

Mr. Fraser came here, of course, a total stranger, but he soon demonstrated a flair for community work and an aptness in making friends that in a short time placed him in the leading ranks of local citizenship and marked him out as one of the most enthusiastic and zealous workers in the public interest.

He has given most valiant service to such organizations as the Chamber of Commerce, the Trent Waterway Development Association and the Peterborough Exhibition Board, has been a keen member of the Kiwanis Club, and in the realm of sport has been prominently identified with the Peterborough Curling Club and with the Golf and Country Club, besides actively supporting other deserving athletic endeavors.

As a community worker, a sportsman and a good citizen generally, Mr. Fraser has merited all the eulogies that were heaped upon him at Saturday evening's imposing function.

His departure from Peterborough is a community loss.

THE ACCIDENT RECORD.

The monthly report of automobile accidents in Ontario during August as issued by J. P. Bickell, registrar of motor vehicles, indicates that despite safety first campaigns and other efforts to arouse motorists to a realization of the need for careful driving accidents are on the increase.

During August there were 1,032 traffic mishaps in Ontario, involving the death of 67 people and injury of 675.

Once again the records show that the vast majority of these accidents occurred on dry roads, in good condition, in daylight and in clear weather, and involved drivers whose condition was reported as normal and cars in apparent good mechanical condition.

In other words, the chief factor in all these mishaps was carelessness on the part of somebody, and the report in dealing with that angle of the matter declares that 78 accidents were caused by excessive speed, 129 from cars being on the wrong side of the road, 29 through cutting in, 56 from ignoring the right-of-way and 13 from failure to signal.

These figures speak for themselves; they show unmistakably that ordinary care and courtesy would have averted at least 75 per cent. of the August accidents.

They also indicate that when general conditions are at their best accidents are most likely to occur, inasmuch as many motorists grow particularly careless under such circumstances; only that theory would account for the fact that there were more accidents on a straight road with a dry surface and in clear weather than under any other combination of conditions.

IN MEMORY OF CAPTAIN RUBIDGE.

The unveiling and dedicating of a memorial tablet in St. John's Church yesterday, honoring the memory of the late Captain Charles Rubidge, R.N., was an impressive event that should serve to remind Peterboroughians of the present generation of the debt of gratitude they owe to this gallant sailor.

Outside of Hon. Peter Robinson, no one played a more prominent part in the settling of this section of Ontario than did Captain Rubidge, who after a distinguished career under Admiral Nelson, during which he fought in many of the memorable naval engagements of the period, came to Canada and took up life anew here.

His services in the colonization of the township of Otonabee, the vision and enterprise he showed in the early days of Peterborough's history, and the untiring efforts he made in the establishment of St John's Church should cause his name to be perpetually revered in this community.

He was one of the first subscribers to the building of the beautiful old church and the first church warden, and had it not been for his unwavering enthusiasm which visualized the development of a large city out of the backwoods hamlet of his day, the erection of St. John's would undoubtedly have been considerably delayed.

It is well that there should be a memorial to the memory of a man to whom the community owes so much.

VALUING OUR DOLLAR.

What, precisely, takes place when one country starts measuring the value of the currency of another country? We are thinking of the Canadian dollar in New York. Some few years ago, we remember, Mr. Mackenzie King used to cite it as proof of his Heaven-sent genius that our dollar was quoted at par on Wall Street. The great trouble with that argument was that when things finally got bad, our dollar, instead of dropping below par, actually got better, and was quoted at a premium. It remained at a premium until a few months ago.

A few weeks ago, for some unexplained reason, the Canadian dollar was quoted in New York at 99 cents. Our bankers, who are always ready to explain anything connected with money, said that what we needed to do was to send the Americans some more gold, whereupon we shipped New York a million dollars' worth of lovely yellow gold. Somehow or other, the cure didn't work. The bankers then said that what was needed was another million dollars' worth of gold, so we promptly shipped over that. We shipped it last Saturday. Saturday, having brought no noticeable improvement, the bankers then said that the last shipment of gold hadn't had time to make itself felt, but that everything would be fine by Monday. Yet what happened on Monday? What happened was that the Canadian dollar dipped to 94 cents, which was four cents lower than before we started to ship any gold at all.

On the face of it, it begins to look as though the worst thing we could do for our dollar in New York would be to ship New York more gold. What we would really like to know is just what it is that is in the mind of whoever determines whether our dollar is worth a hundred cents or only 94, and why it should be worth 98 cents on Saturday and only worth 94 cents on Monday? But we venture to say that nobody will ever tell us.—Ottawa Journal.

THE WINDSOR SITUATION.

We have been reading the Rev. Ben. Spence's telegram of protest to Premier Henry. Mr. Spence, a well-known "dry" leader, came here to look over the situation. He found it not to his liking. He was quite unable, of course, to get the viewpoint of the people here. He found violations of the Liquor Control Act—no one is denying them—and he concluded that something dreadful was in progress. Local people for the most part saw the situation from an entirely different angle.

Mr. Spence thinks it is a shame that the Ontario Liquor Control Board found it possible for our Legionnaire guests to secure alcoholic drinks. He avers that Ontario has been "disgraced" by the way the Control Board is "putting the bottle to her neighbor's lips and making him drunk."

"Putting the bottle to her neighbor's lips" is good! One would almost think that the Control Board has laid a trap for the enmeshment of the Legionnaires. You can fairly picture Sir Henry Drayton stealing up behind some mild and unsophisticated visitor, pinioning his arms, throwing him to the ground and then forcing the spout of a bottle of deadly firewater into his protesting mouth. What a picture it is!

• • • •

What about law violation?

The law has been violated in Windsor this week. Men have done some drinking in places that are not designated as legal drinking spots. Some men have become intoxicated. When it is remembered, however that something like 50,000 visitors are estimated to have been here between Saturday and to-day it is quite easy to appreciate that the law could be broken. You can't have a crowd like that, in Toronto or any other community, and have the regulations observed 100 per cent.

To read Mr. Spence's telegram to Prime Minister Henry, one who did not know Mr. Spence might conclude that Windsor was in a state of virtual anarchy, that all law and order had been thrown aside, with the authorities either powerless or co-operating with the law-breakers, and that crime was flourishing here like a green bay tree. He is so enthusiastic for the extreme viewpoint he represents, that he quite misses the local viewpoint. And in so doing, of course, he does Windsor an injustice.

It would be folly to argue that Ontario's system of providing liquor had not a lot to do with the desire of many Legionnaires to come to this side of the river. Everybody knows it had. Indeed, Detroit's proximity to Canada was undoubtedly an important factor in securing the 1931 convention for the Michigan metropolis. Yet Mr. Spence talks of Ontario "putting the bottle to her neighbor's lips." "Nonsense!" is the only way we can describe this. Those of our visitors who came over here for a drink or drinks needed no urging. No one had to hold the bottle for them. They were anxious to hold it themselves!—Border Cities Star.

EDITORIAL NOTES AND COMMENT.

Automobiles are involved in four out of five criminal cases to be heard at the Assizes here this week. The motor car brings its troubles as well as its advantages.

Have you made your contribution to the Peterborough Health Association? This most worthy cause is in need of funds for its splendid community activities.

Those communities which are sitting around waiting for Governments to take care of their unemployed are likely to be out of luck. The local Council has shown the proper initiative and relief work is already under way.

Mahatma Gandhi couldn't expect to be received as a national hero in Lancashire.

The football season is under way, another hint that winter is just around the corner.

It is notable that in spite of Rev. Ben. Spence Windsor considers the American League convention a great success.

The international plowing matches next month will attract many thousands of visitors to Peterborough. It will be a huge event, surpassing anything of the nature ever staged here.

You aren't old until a parked car on a side road arouses your indignation instead of curiosity.—Los Angeles Times.

The bachelor remains unmarried by keeping out of arms' way.—Montreal Star.

Some bald-headed men seem to have hair on the brain.—Chicago News.

(Continued from Saturday)

Instalment 17.

"Forgive you for what?" said Fabia.

"Well, I don't know which of my offenses is the worst," was Dan Regan's reply.

For a moment they looked at each other straight in the eyes. There was an arc-light not very far away. Each was aware of the other's searching gaze. Fabia looked away first.

"Well, I must be going."

"Wait just a minute. Did you receive a puppy about two weeks ago?"

"Did you send him?"

"Yes. Did you keep him?"

"Yes."

"Then you have forgiven me! You'd have sent him back to the kennels if you hadn't."

"But I didn't know who sent him." Her voice was very kind.

"Look here," exclaimed Dan, "where can we go and talk a little while?"

"We can't go anywhere now. I'm on my way to a tea."

"How about after the tea?"

"I don't know of any place to meet you."

"Then I'll follow you in my car, and when you come out from your tea, I'll find a place."

"All right," said Fabia, and got into her car. She had a question she wanted to ask him. She would do so, and then never see him again.

When she came out from the tea, she found him waiting for her.

"Here I am," he smiled. "I've left my car around the corner. We can talk there best, I think."

Fabia followed him without a word of dissent. He slipped into the seat beside her, and closed the door. They were shut away in a sort of cocoon-like interior, sealed and hidden from the world.

"It's splendid of you to do this," said Dan, "to trust me like this after what I did last time."

"Well I had a question I wanted to ask you."

"What is it?"

"Well, I wanted to know—" She stopped. After all, it wasn't going to be so easy. "I've been thinking about" Again she stopped.

"So have I," said Dan. "I guess we've been thinking about the same thing, haven't we?"

"I don't know."

"Ask your question."

"Wellk, I want to know if the second time, you were just trying to be polite," she brought out.

"To be polite?"

"Yes—to make up for being professional."

"Good Lord, no! I was just being uncontrolled, instinctive—a brute, I suppose. I don't know what happened to me exactly. You made me mad about that money first, and then—and then—I thought at first you'd fainted. Do you despise me for it? Have you forgiven me?"

"I guess I must have."

"Have you thought of it much since?"

"I'm afraid so."

"So have I—constantly—constantly—over and over again—and longed to see you."

Fabia made no reply. They sat in silence a moment, then Dan reached out his hand and laid it palm up in Fabia's lap. She laid hers in it. She was in the grip of forces she had never even tried to restrain before. Dan grasped her hand tightly.

"You are the only girl I ever kissed like that," he said solemnly.

"You're the only man who ever kissed me like that," she replied as solemnly.

"Will you let me again?"

"Not to-night. Not now."

"Yes, to-night. Please. Here. Now," Dan urged. "Or it will never be. I don't belong in your world. Perhaps I'll never see you again—not alone, anyway—like this. Please."

He drew her hand to his lips. She did not resist. He held it there a long while. Never in her life had anything like this happened to Fabia before! She felt irresistibly drawn to this stranger. She turned and looked at him. There was a sort of phosphorescent light in her eyes. Dan put his arms around Fabia very gently and kissed her for the third time, as tenderly as exquisitely as he had roughly before. And a moment later, for the fourth time.

"What did that young fellow next door have to say to you when you left for your tea?" demanded Grandmother Fale of Fabia, when she returned. "I was looking out the window. Was he being impertinent?"

"I know him, grandmother."

"You know him? How did you come to know such a person?"

"I met him at a dance."

"Well, what are Boston hostesses coming to, any way? My granddaughter dances with Patrick Shehan?"

"His name is Regan — Daniel Regan."

"Same thing—Irish to the core."

"I like his name. It's rugged and strong. Surely everybody I dance with hasn't got to have an old Boston name, has he?"

"Don't be absurd, Fabia. I simply hoped your partners might come from families of breeding and culture."

"There are families of breeding and culture with Irish names. In Ireland there are lots of fine old aristocratic families."

"Oh, does he belong to one of the aristocratic families in Ireland? That's different, of course."

"I don't know that he does. But he's well educated, and he must have ability if he's Dr. Warburton's assistant."

"Where was he educated?"

"I don't know. But does it matter where you're educated, just so you are? I'm so sick of this attitude about colleges here in Boston. I suppose if I should fall in love with somebody who had gone to a public school and graduated from a State University out West, you'd want to disown me."

"Well, I certainly hope when it comes to marriage you'll select somebody who has a background we won't be ashamed of."

"I don't believe I shall marry at all," murmured Fabia.

"I didn't," said Charlotte briefly, poignantly.

"What do you mean by that, Charlotte?" demanded Grandmother Vale.

"Nothing, nothing. I simply wondered if Fabia wanted to be like me." She shrugged and smiled.

Until that moment Fabia had always thought Aunt Charlotte as devoid of interest as the vacated crabshells she used to find upon the beach when she was a child—inert and lifeless, and no fun to play with.

"Come up with me while I dress, Aunt Charlotte, won't you?" said Fabia, ten minutes later. Alone with her she asked, "What did you mean when you said you wondered if I wanted to be like you?"

"Unmarried, an old maid," said Aunt Charlotte, with a bitter laugh. "Aren't you happy, Aunt Charlotte?"

"Do I impress you as happy?"

"Would you be happier married?"

"I'd be doing what I was designed for. All unmarried women are just making the best of it. Some better than others, I confess. But it is a makeshift with every one of us."

"Why didn't you marry? Can you tell me, or would you rather not?"

"Because mother used to talk to me the way she was talking to you downstairs. She wouldn't let me be friends with any one who wasn't qualified to become a member of this family. When I came out, if any one began showing interest in me, she'd look him up, and if she didn't approve of him as a son-in-law, she'd criticize him and poison him for me. Don't be like me, Fabia. Don't let mother and the rest of the clan spoil all your friends for you, who don't belong to just the right family. You never can tell but that the only man you could ever love is among them."

"Would you advise me to marry somebody unwelcome to the family, Aunt Charlotte?"

"Oh, I don't know, I'm sure. Probably I ought not to put such ideas into your head at all. But I can't bear to hear mother possibly ruining your life, too. I had to speak. I'd have done so differently if I'd had a dull, half-alive, old maid aunt to warn me in time against her fate."

By the last of October the debutante season was in full swing. Fabia's engagement calendar was packed with luncheons, teas, dinners, and dances for three weeks in advance, each fitting nicely into the other. Fabia made no more attempts to evade her engagements. She gave herself as little time for idleness and undirected contemplation as possible.

Even her Sundays became filled. On Sunday morning, Morris Haverford fell into the habit of dropping in. His calls appeared casual at first. He was always just passing by. He usually asked for Mrs. Vale, and, if she was out, for Miss Fabia, as if it was an afterthought. Sometimes Lisa invited him for dinner. He would stay until three or four o'clock in the afternoon. But never late enough to run into Tuck. The two brothers never met at Fabia's. Tuck came to see Fabia late Sunday afternoons, and less casually. Tuck always telephoned first and made an appointment. Sometimes Lisa invited Tuck to stay for Sunday night supper. But he left soon after, for fear he might run into Thatcher Brookes. Tuck didn't like Thatcher Brookes, and told Fabia so.

Tuck didn't take Fabia to another dance until after the football season. He was back on the Squad again. But he engaged Fabia for whatever affair there was on the night before Thanksgiving.

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner

SEPTEMBER 28, 1921.

The Board of Works is considering extensive construction around the city to provide work for the unemployed this winter....Chief of Police Thompson and the Windsor Police Force are charged with having released liquor seized in raids... About 3,500,000 are out of work now in the States, according to the Department of Commerce.... The Bell Telephone Company asks permission of the Council to trim trees which interfere with their lines....An aged man in Kingston, thought to be dead, revived as he was being placed in the coffin.... With drier weather prevailing, threshing operations are resumed in the west.

SEPTEMBER 28, 1911.

James Halliday had his skull fractured and is in a serious condition as a result of a fall from a pole at the Auburn Power House yesterday....R. L. Borden, Premier-elect, received a great welcome in Ottawa this morning....Chambers street and part of Hunter will be paved this fall with asphalt blocks ....J. H. Briggs is suing for damages received when he was run over in a fire drill by the Fire Department a short time ago....The home of J. Levasseur, Monaghan Road, was totally destroyed by fire early this morning.

SEPTEMBER 28, 1901.

The murderer of President McKinley is sentenced to death in the electric chair the last of October.. Reports state there are still 15,000 Boers in the field against Lord Kitchener's forces....Gas and oil lamps will supply the only lighting in the city for a week until repairs at the power house are completed....A loaded cartridge in a bonfire on Cedar street yesterday exploded and wounded Fred Dunnett in the leg....A fine social evening for men was held last night at the Y.M.C.A.

Voice of the People

Letters to be printed in the Voice of the People column must be received at The Examiner Office on the day before it is desired to have them inserted.

GOLD AND TRADE

To the Editor of The Examiner.
Sir:

The question naturally arises: "If the change from a single standard is a good thing now, why wasn't it done before?"

Because the financial world could not monopolize money if it had not a commodity like gold and gold only to control business with. That's why.

The more things business can pay its debts with, the easier it is to pay and the more readily business and wages flow. But that's the other end of it.

J. H. BURNHAM

ONE A MINUTE.

To the Editor of The Examiner.

I have been reading with interest all about the midway at the fair. Just at the present time I am checking over some of my oil and copper certificates and in comparison I think the fellows who played the midway had just as good a chance as I had on some of my get-rich-quick opportunities. Most of us are suckers, but if we had won would we have put up a kick.

Yours truly,
WELL STUNG.

SWINDLING "RACKETS"

The Editor, The Examiner.
Dear sirs:

May I add a few words to those of a recent correspondent re the swindling "rackets" allowed full liberty at your recent fair and afterwards at our fair here in Lakefield. With a few exceptions the "games" were out-and-out swindles, and should not be tolerated by any self-respecting fair board. Incredible sums were handed over to these sharks by trusting people, without the players having the vestige of a chance of ultimately winning against the crooked machinations of the operators. I certainly do not deny anyone the right to gamble with his own money, but the "games" in question were handled in such a way as to remove them from the class of "fair gambling". What do the merchants of our hard-hit country think of these devices to swell the attendance of country fairs? Are they willing to lend their moral and financial support to the fair boards and then see thousands of dollars disappear into the pockets of these shysters, money sorely needed in the communities from which it comes?

Yours very truly,
A. B. BURROWS.

Do not confuse NU-ERB with other medicines

It does not "dose" the organ or deaden the pain. It gently and naturally helps your digestive organs and enables them to throw off the wastes that are poisoning your whole system.

In thousands of cases it has brought gratifying results and relief to those who use it for such ailments as indigestion, gastritis, dyspepsia, weak kidneys, liver and bowels, rheumatism, neuritis, nervousness, sleeplessness, general weakness and tired, worn out feelings.

Find out for yourself about NU-ERB

At BOND'S DRUG STORE in this city. There is no obligation.

Others may try to follow but the Leader still Leads!

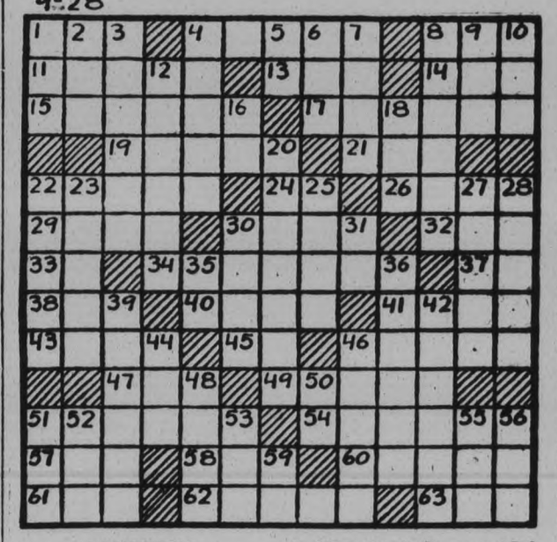
The reason is simply that "PEG TOP" has been first in quality in the 5c field for fifty years.

"PEG TOP" has always been the first to consider the pleasure of the smoker -- and first to protect its quality by sealing in moisture-proof CELLOPHANE.

Today's Cross-Word Puzzle

By EUGENE SHEFFER

9-28



HORIZONTAL.

1—Oar.
4—What celebrated English actress died in 1928: Dame Ellen ——?
8—Domestic feline.
11—Put out of countenance.
13—Who is the Greek goddess of dawn?
14—Malt liquor.
15—What poet, born Cincinnatus Heine, was called "The Poet of the Sierras": Joaquin ——?
17—Sanctuary.
19—What is the Sacred Scriptures of the Mohammedans?
21—Sharp knock.
22—To stow cargo (var.)
24—Alternative.
26—Shriek.
29—What maritime city of antiquity is associated with Sidon?
30—Book of the Bible written by Hebrew prophet.
32—College cheer.
33—Old Latin (abbr.)
34—Peoples.
37—Short for a parent.
38—Marry.
40—Tear.
41—Elapse.
43—Wanders.
45—Japanese measure.
46—In what Asiatic country did serious rioting recently break out between Chinese residents and natives?
47—Atmosphere.
49—What educator was president of Harvard University for 40 years, from 1869 to 1909?
51—What Irish sportsman was offered a consolation cup by the American people when his Shamrock VI failed to win?
54—Line, band or streak.
57—French metric measure.
58—Over (poetic).
60—In what city of Prussia are the famous Krupp Works located?
61—By or through.
62—American general (1816-92).
63—What was the pseudonym of the cartoonist who created "Indoor Sports"?

VERTICAL.

1—What is the representation of the first sign of the zodiac?
2—Japanese mah.
3—Who is the mayor of New York City?
4—In that place.
5—In law, action.
6—Decay.
7—What river in France and Belgium was the scene of heavy fighting between Allied and German troops in the World War?
8—What U. S. Senator from Kansas is actively associated with farm legislation?
9—As much as possible.
10—Sand cone.
12—Untidy.
16—Egyptian deity.
18—What English caricaturist was famous for his illustrations in Punch and Puck?
20—One who is named for an office or duty.
22—What woman novelist wrote "Uncle Tom's Cabin"?
23—Who was tenth president of the United States?
25—Who was Secretary of War in the first Roosevelt Cabinet and Secretary of State in the second?
27—Fall into error.
28—What is the name of "The Forbidden City" of Tibet?
30—Greek avenging spirits.
31—Chemical symbol for tin.
35—Suffix: resembling.
36—Follows the tracks of an animal.
39—What American actress is internationally famous for her pantomimic sketches: Ruth ——?
42—Worker showing marked creative power in his craft.
44—Meet in session.
46—Falconlike birds of prey.
48—Space.
50—Left side (abbr.)
51—Lick up.
52—Wrath.
53—Born.
55—Climbing herb of bean family.
56—Finish.
59—Which state (abbr.) was founded of a colony by Roger Williams?

Herewith is the solution to Saturday's puzzle.

Centreton

Messrs. F. Etchor, R. Honeywell, Jr., R. McBride and H. McAuley were visitors to Cobourg on Tuesday.

Among those attending the funeral of the late John Robinson, of Cobourg, on Monday, were Mrs. Lewis Hle, Miss Laura Baxter, Mrs. W. Richardson Messrs. James and George Baxter and A. Richardson.

Mrs. A. Coffey and baby were guests on Wednesday of Mr. and Mrs. S. Coffey.

Rev. Mr. Deering, of Grafton was a visitor in the community recently.

Mrs. Robert Rusk of Castleton spent Tuesday at the home of Mr. and Mrs. F. Etchor.

The members of the Y.P.S. held a social evening on Tuesday. Arthur Smith contributed a number of vocal solos, accompanied on the guitar.

Miss M. Fleming gave a reading, "Asking Father." The young people plan to have a weiner roast at the home of Mr. S. Coffey, on Tuesday evening.

Obituary

MRS. BOLTON CUNNINGHAM

The funeral of the late Mrs. Bolton Cunningham, formerly Margaret Fairbairn, of Windsor, who died Monday in the Metropolitan General Hospital in Windsor, will be held September 30th, at 2.30 p.m., from Comstocks' Funeral Home to Little Lake cemetery with the Reverend D. Wren officiating.

The deceased was born in Smith Township, and leaves to mourn two daughters, Mrs. George W. Pratten of Windsor Mrs. C. H. McElroy of Santa Barbara, California, and one son, Gerald B. Cunningham of Toronto; also two sisters, Mrs. L. Jory of Toronto and Florence Fairbairn of Lakefield, and three brothers, Sidney of Springville, Harry of Port Huron and George of Lakefield.

Market Closing On All Exchanges

NEW YORK, Sept. 28. —(C. P.).—The financial markets weakened as the day drew to a close. Shares rallied for a time in the middle of the day but selling developed in substantial volume in the last hour, and several popular shares closed 1 to 3 points lower. The turnover in stocks, however was only about one and a half million shares, the smallest in more than two weeks.

TORONTO EXCHANGE.

TORONTO, Ont., Sept. 28 (C.P.). —Toronto Stock Exchange market did not make headway in either direction to-day. Trading was at a very low volume and stocks moved individually with ¼ point the widest spread among the pivotal shares.

Dominion Stores, Nickel, Noranda and B. A. Oil were easier in the afternoon. Dominion Stores slipped under 18, Nickel sold under 10 in the last hour, Noranda at 15 and B.A. Oil down to 9.

Bell Telephone rose 1 point, then lost that gain. Brazilian closed with a small net gain and Imperial Oil and International Petroleum were both firm, Imperial at 10 5-8 and Int. Pete at 9¾.

Walkers sold under 4 again, off slightly from Saturday's close. Ford at 14 was down ¼ point.

STANDARD EXCHANGE

TORONTO, Ont., Sept. 28. (CP) With trading in the majority of issues still hampered by the minimum price restriction, the Standard Stock and mining exchange market gave a dull performance today. Interlisted stocks and the silver group, Saturday's strong spot, showed a reactionary tendency from the opening, with losses general among the comparatively few chances at the close.

Noranda sold down from the opening price showing a net decline for the day of 75 on end. International Nickel dipped 20. Dome lost 30 and McIntyre 25 while other higher-priced golds were in the discard.

Keeley managed to add slightly to Saturday's advance, but Nipissing dropped 20, Castle Trethewey a cent and Cobalt Contact a fraction. Oils were stationary throughout.

CLOSES AT 89½ CENTS

NEW YORK, N.Y., Sept. 28 (C.P.) —The Canadian dollar was quoted at 89½ cents on local foreign exchange markets as banks closed today.

Stirling

Mr. and Mrs. Ed. Baker have been recent visitors at Williamsburg.

Mrs. Thomlinson's mother was injured at Coe Hill fair when a race horse suddenly bolted into the crowd.

Mrs. Turner Sine has been visiting her daughter, Mrs. Will Wannamaker of Toronto.

St. Andrew's W.M.S. meeting was held at the home of Mrs. Roy Eggleton on Tuesday. Mrs. Louis Rogers gave a paper on "Formosa." The hostess served ice cream and candy.

Mr. Ray Post has been a visitor with Mr. and Mrs. B. Sharpe.

Gate receipts at Stirling Agricultural Fair were considerably over $1,000.

Mr. Lorne Redl, of Bancroft, was a recent Stirling visitor.

Miss Elen Shea spent the weekend at her home in Stirling.

Misses Muriel and Grace McKee, of Kingston are holidaying at their home here.

Mr. A. D. McIntosh has been a recent visitor at the home of Mr. Sheldon McIntosh.

Jerry Haslett, of Yarker has been visiting in Stirling recently.

Miss Irene Hulin is spending her vacation in Toronto.

Dr. F. Yurck of Waterloo has been visiting his father.

Mrs. Foster Wilson has been visiting her mother at Shannonville.

Mr. Cecil Baker is spending his holidays at Simcoe.

Messrs. Bill Whitty and Bob Bastedo also Dr. Carleton and Walter Wright attended the "doubles" tournament held in Deseronto on Wednesday.

Job Printing
REASONABLE PRICES

MONTREAL LIST MIXED TO-DAY

Changes Confined to Fractional Quantities During This Morning's Session.

BRAZILIAN UP ¼.

MONTREAL, Que., September 28 (C.P.). — Stocks moved in a mixed trend during the late trading on the Montreal Stock Exchange this morning. Changes were confined to fractional quantities.

Brazilian opened unchanged and at noon climbed ¼ point to 10½. Canadian Pacific Railway registered an advance of ½ at 17½. Nickel was off fractionally at 10.

B.C. Power A sagged to 26½, where it showed a loss of ½. General Steel Wares dropped ¼ at 1¼.

Other issues held steady at Saturday's final prices. Montreal Power was unchanged from the minimum price of 38.

Naming Of Justices To Be Investigated

NEW YORK, N.Y., September 28 (C.P.). — Newspapers said to-day that Samuel Seabury, counsel to the Legislative Committee investigating New York City, would investigate a pact whereby Democrats and Republicans nominated twelve new justices for the State Supreme Court.

Under the arrangement, seven of the new justices are to be Democrats, the other five Republicans. Because all candidates have both parties' endorsements they are sure to be elected. The salary is $25,000 a year, the term fourteen years.

SHOP LIFTING ALLEGED.

SARNIA, Ont., Sept. 28. — Mrs. Nellie Franks and Herbert Wittlaufer of Stratford, appeared before Judge A. E Taylor in county criminal court to-day and pleaded not guilty to charges of shop lifting preferred against them by two Forest druggists.

APPOINTED RECTOR

BELLEVILLE, Ont., Sept. 28 (CP) Rev. C. E. Clarke, rector of Christ church in this city for the past eight years, has been appointed rector of St. Michael's and All Angels church in Toronto and will assume his new pulpit on November 1st.

POLICE INVESTIGATE FIRE.

BELLEVILLE, Ont., Sept. 28. — The barn owned by Alex. Vanhorne near Picton, was destroyed by fire over the weekend. A bull, four horses and the season's crop were lost. The police are investigating a number of letters anonymously written to Mr. Vanhorne demanding money.

10 P.C. WAGE CUT

PITTSBURGH, Pa., Sept. 28. — (CP) A ten percent reduction in wages was announced to-day by the Aluminum Company of America.

A Record Turn

This pastime between Harold Turner, wireless operator, and Paul, blasphemous mascot parrot of the Canadian National liner, Lady Rodney, may seem easy to the novice, but it isn't every man who can balance on the rail of a liner sixty feet above water with a record on the edge of his nose and a real live parrot on top, whispering sweet words to the acrobat. Some day these two may break a record or else——.

Latest British Army Tank

TAKES PART IN SALISBURY MANOEUVRES

In the above picture is shown one of the latest light tanks in the British army taking part in the manoeuvres with the Royal Tank Corps on Salisbury Plain, England.

SUKLOFF TRIAL OPENED TO-DAY

Secret Disposal of Assets of Bankrupt Business Alleged.

TRUSTEES' REPORT.

After proceeding through a maze of evidence that included bookkeeping records, cheques, deposit slips and bank pass books the case against William Sukloff on charges of fraud and conspiracy which opened before His Honor Judge E. C. S. Huycke, in County Judge's Criminal Court this morning took an unexpected turn just previous to the noon adjournment.

Nathan Fine, George street merchant under cross-examination by W. F. Huycke solicitor for William Sukloff, said that police and detectives came to his store and took away sales slips and records. He was asked to go to the police office and was detained there for about two-and-a-half hours.

"I asked for a lawyer" he stated, "and they told me I could not have a lawyer." Witness did not know who it was that told him he could not have a lawyer.

He further alleged that the police took away five or six dresses from the store. He did not know where the dresses were now. The incident was alleged to have occurred on a Friday afternoon at about 4 o'clock. Witness thought that it was the day previous to an announcement that appeared in The Examiner stating that Norman and William Sukloff had been arrested.

Witness also said that some pants and various small articles had been taken from his home by the police, which he had not yet recovered.

The first witness for the prosecution called this afternoon was Detective Constable William Pearcy, who gave evidence that the police had a search warrant giving them authority to enter Fine's premises. Fine was not questioned by police until after he had seen a lawyer, witness said.

The Charge

The charge against William Sukloff to which he entered a plea of not guilty at the preliminary hearing before Magistrate O. A. Langley, K.C., is as follows: "That the said William Sukloff at the City of Peterborough in the County of Peterborough during the months of June, 1931 unlawfully did conspire with Norman Sukloff and one Atkins by secretly, fraudulently and unlawfully disposing of assets in contemplation of bankruptcy to defraud persons, to wit creditors of the said Norman Sukloff contrary to section 444 of the Criminal Code."

V. J. McElderry, K.C., is prosecuting for the Crown, assisted by the solicitor for the trustees in bankruptcy, B. Goodman of Toronto.

W. F. Huycke is appearing for William Sukloff and R. R. Hall, K.C., for Norman Sukloff.

G. F. Glatt, chartered accountant of Toronto, who was appointed trustee in bankruptcy of Norman Sukloff, stated in evidence that the total ordinary and preferred liabilities amounted to $8,997.86, as given to him by the Sukloffs. He did not find those figures correct, but he found that the total liabilities amounted to $10,090.25.

The assets as reported to him by the debtors amounted to $4,131.23. The assets that came into witness's hands were $3,141.55. The stock-in-trade sold for $1,448.94, which amounted to 38 cents on the dollar. There was also a bank credit balance reported to witness of $8.14 and a few outstanding debts.

In reply to the Crown Attorney, witness said that the ordinary creditors would receive nothing.

Witness stated that it was brought to his attention as a result of investigations that William and Norman Sukloff had an account with the Toronto Loan and Savings Company. The matter was not brought to his attention by either of the Sukloffs.

In June there was a sale of goods to Nathan Fine. Fine gave a cheque in payment for the goods for the amount of $367.28. The money from that sale did not come to witness as trustee in bankruptcy. The transaction did not appear on the books of the bankrupt as shown to witness.

In cross-examination witness stated that he prepared the statement of affairs. His assistant, Watson, was put in charge of the store for about eight days. During three days on which the store was open for business they took $75.00. Witness retained $20.00 of that sum for expenses and paid the remainder to the Sukloffs.

"What irregularities do you imply," asked Mr. Huycke of witness.

Witness—From information I received as a result of investigations there was an irregularity in the bank account. There was an account opened in the name of William Sukloff at the Toronto Loan and Savings Company, and afterwards transferred to Norman Sukloff.

Evidence as to the banking accounts of the defendants was given by the manager of the Dominion Bank, the manager of the Bank of Toronto and by the cashier of the Toronto Loan and Savings Company.

Robert Reid and his assistant, William Lywood, who are engaged in the cartage business in this city, gave evidence of having removed a partition, doors and cartons of goods from the rear of Sukloff's store on July 9. They took the goods to the premises of A. Atkin, second-hand dealer of Charlotte Street.

In cross-examination witnesses said the goods were taken from the store in broad daylight. They were removed from the rear of the store on Reid's suggestion because of parking regulations.

Warning Is Issued By The Chancellor

LONDON, Sept. 28.—(A.P.).—Persons who sell sterling "well below its intrinsic value incur serious risk," Rt. Hon. Philip Snowden, Chancellor of the Exchequer, said in the House of Commons to-day in answer to a question as to what the government was doing to prevent foreign speculation in sterling.

"The remedy will come quickly enough when they begin to make losses," he said.

"In the meantime it is essential that speculation should not be assisted by allowing foreigners or their nominees to obtain new sterling credits in this country. In this connection I welcome the decision of the stock exchange committee to limit transactions to cash dealings."

EXPORT OF EGGS NOT BE AFFECTED

Week Agricultural Report Shows Contracts Largely Completed.

OTTAWA, Ont., Sept. 28 (C.P.)— The present financial situation in Great Britain is not expected to have any immediate effect on the export of eggs from Canada.

The bulk of the contracts for exports of eggs to Britain are pretty well completed by this time of the year, states the weekly report of the Department of Agriculture, with practically all sales completed on a basis of Canadian currency.

Some efforts were made two or three weeks ago by Canadian exporters to secure further business from the Old Country, but a satisfactory price arrangement could not be made, and, now, the probable effect of the present financial situation turns largely around future trade.

In recent years exports of eggs to Britain have been declining steadily, due to increased consumption in Canada, but the current year has witnessed some revival which promises to be substantially above 1930. Already 250,980 dozen eggs have been inspected for export, with all but 1,000 cases from British Columbia, and it is estimated that another 300,000 dozen mainly from Ontario points, will be shipped by the end of the year.

ORCUTT LEADS IN FIRST 18

Qualifying Round in Canadian Ladies' Open Golf Championship Starts To-day.

FINISHES COURSE IN 90.

ROSEDALE GOLF CLUB, Toronto, Ont., Sept. 28.—(By the Canadian Press.)— Miss Maureen Orcutt, White Beaches, N.J., defending the title which she won last year at the expense of Helen Hicks, went into the lead as the better known players returned to the club house after completing eighteen holes play in the qualifying round for the Canadian ladies' open golf championship.

Miss Orcutt completed the difficult course with a card of 90, while Mrs. Alexa Stirling Fraser, of Ottawa, three times U. S. champion, was three over par. Margery Kirkham, Montreal, the Canadian closed champion, was third with 82, while Miss Virginia Van Wie, a semi-finalist in the United States' championship last week, was one stroke back of her. Miss Enid Wilson, the British champion, was well up with a 94.

Canadian entries as a whole are making a very fine showing against the heavy artillery from the United States and present indications are that the Dominion will have a very respectable proportion of players among the qualifiers.

LINDSAY FAIR GATE IS LOWER

Unfavorable Weather Conditions Has Its Effect on Attendance on Last Day.

STOCK PRIZE WINNERS.

LINDSAY, Ont., September 28 (Special to The Examiner). — Unfavorable weather conditions in the morning had its effect on the attendance at the last day of Lindsay Central Fair. The number passing through the turnstiles was lower than the record established last year. The track was very heavy, due to the rainfall, but the racing event proved interesting nevertheless. A feature of the afternoon was the grand parade of live stick before the grand stand and the judging of lady drivers, gentlemen's turnouts, etc.

The competition was keenest in years. Entries were never so large in the road and carriage horses and in hackneys. Winners in these classes were:

Road horses—1, J. W. Boyd, of Orono; 2, Allan B. Mann, Peterborough.

Two-year-old filly—L. Kennedy of Bethany.

Pair of horses, under 15½ hands—1. Donald Bell of Moonstone; 2, A W. Glenny, Newcastle; 3, Col. Earchman, Trenton.

Single horse, under 15½ hands—G. A. Davidson, Unionville.

Single driving horst, three years old—1,, Davidson, Unionville; 2, Earchman, Trenton.

Single horse, pacer—1, Davidson, Unionville; 2, Boyd, Orono.

Hackney mare and foal—1, C. K. Bottum, Bobcaygeon.

Single horse, under 15½ hands—1, J. A. Brown, Lindsay;; 2. L. Patterson, Orono; 3, Mrs. J. S. Chandler, Peterborough.

Lady drivers, amateur—1. R. R Byers, Beaverton; 2, A. W. Glenny, Newcastle.

Lady drivers, open—1, Mrs J. S. Chandler, Peterborough; 2. Col. Earchman, Trenton; 3, L. Patterson, Orono.

Best road turnout—1, Davidson, Unionville; 2, A. W. Glenny, Newcastle; 3, J. A. Brown, Lindsay.

Saddle class, open—1, Alexander Mann, Peterborough; 2, C. K. Bottum, Bobcaygeon.

Pony, in singnle harness—1, R. Vernon, Port Perry ;2. Col. Earchman, Trenton; 3, J. Reynolds, Lindsay.

Pony under saddle—1, Vernon; 2 Reynolds; 3, Earchman.

Best delivery horse—1 and 2, Stock's Bread, Peterborough.

AMAZING CURES

(Continued from Page One.)

hands are his only instruments.

Amazing, cures have been reported and are borne out by the testimony of recent Peterborough visitors. Persons who could not walk are able to step about after ten days of Dr Locke's treatment. Others who went to Williamsburg with canes and crutches came back without them, as did one Peterborough woman last week.

"If he can not cure you he will tell you so the first day," said one local man who had just returned from Williamsburg. "If he says he will cure you he will. There is no "hokum" in his cures; no magic and no faith healing, it is all his skill manipulating the joints of the feet."

Recent patients of Dr. Locke from Peterborough included Mrs. John Hill, Achilles Turner and H. W. Ballard. All reported great benefit from the treatment.

Williamsburg is north of Brockville.

You will find many things in the Classified Ads. of The Examiner.

GIFT OF SILVER TO J. W. FRASER

(Continued from Page 1)

"but we hope he will be back soon to spend the rest of his happy days with us on the retired list."

Called upon to make the presentation of the silver tray, Mr. Morrow remarked: "I am sure we are all sorry that Wells Fraser is leaving Peterborough. Personally he and I have been friends since he came to this city. We have curled, hunted, played golf and entered into other activities together and I have always found him to be a gentleman and a good citizen."

Mr. Morrow went on to enumerate the various organizations with which Mr. Fraser has been associated during his stay in this city, and believed he was voicing the sentiments of the Mayor and all those present when he said he hoped Mr. Fraser would come back to Peterborough again.

Addressing Mr. Fraser he said: "I have very much pleasure on behalf of the citizens of Peterborough in presenting you, Mr. Fraser, with this tray, and I wish you God speed, long life and prosperity." (Sustained applause).

The tray, a worthy example of the silversmith's craft, bore the following inscription in the centre: "Presented to J. Wells Fraser, Esqr at a Complimentary Banquet, Peterborough, Ontario, September 28, 1931." Around the edges of the tray were inscribed the names of the following organiastions with which Mr. Fraser has been closely associated: "The Trent Waterway Association; St. Andrew's Church; Chamber of Commerce; Golf Club; Kiwanis Club; Curling Club; Peterborough Club and Agricultural Society."

Mr. Kerr, in performing a similar duty, referred particularly to Mr. Fraser's work in connection with the Trent Waterway Association. After speaking in humorous vein, he said: "In a way we knew we needed you even before you came to Peterborough, and now that you are going we know you are going to leave a vacancy 'ahint' in the hearts of the community. The departure of Mrs. Fraser and your family will also be greatly felt."

Mr. Kerr then presented the bouquet with the request that, "these flowers be given to your good wife that she may know that in leaving this city not only do you carry the affection and good will of all citizens, but that she carries the highest esteem and respect not only from her intimate friends but from the citizens generally."

"I have been asked on behalf of the local clearing house representing the bankers of Peterborough to make a presentation to our good friend Wells Fraser," stated R. T. E. Hicks-Lyne. "In the ordinary way when a banker leaves, our procedure is to make a presentation in an informal way among ourselves," he said.

During the time he had been associated with Mr. Fraser the speaker stated that he had always found him to be "a square hitter."

"I do want you to take this gift on behalf of the Clearing House and to know that this is something more than a mere presentation—to know that it is a token of the goodwill and comradeship of the local bankers."

In reply Mr. Fraser said he did appreciate deeply the gathering to do him honor and the good feeling of fellowship displayed by every man present. I would be a pretty wooden man if I did not appreciate the many friends I have made here during the last fourteen years."

When he made his last change in the service of the bank he remarked that he was given the choice of either coming to this city or going to Victoria, B.C. He assured his hearers that he did not regret having come to Peterborough.

His activities in the Chamber of Commerce he said dated from the second year he was here. He enumerated the industries that had located in Peterborough during the last fourteen years and asked, "What is the drawing card that brings manufacturers and others to this city, to invest their money here and expect dividends?" The reason he believed was not the natural beauty of the district, nor the material advantages, but the intrinsic value and outstanding worth of her citizens. "My life here has been very pleasant indeed. I came here during the war period and was immediately accepted as a co-worker and have formed friendships and acquaintances that I feel can never be duplicated. I will feel always that Peterborough is my home." (hear, hear).

One of the disadvantages of being in the army or of working for a large corporation, he said, was that marching orders came and had to be obeyed.

He expressed his thanks for the gifts and on behalf of Mrs. Fraser and his family voiced their appreciation for the bouquet. "It will not be necessary for these presents to act as reminders of all the good things felt at your hands, for they can never be forgotten at any time. It is not good-bye but au revoir."

Heads of various organizations were then called upon for a few words. John R. Marshall, president of the Chamber of Commerce paid testimony to the sterling qualities of Mr. Fraser who he said had been a member of the Chamber since coming to this city. During his service with the Chamber he had served as president, and was a "tower of strength."

John I. Allen president of the Kiwanis Club paid a similar tribute mentioning Mr. Fraser's service to the club on the Board of Directors on different occasions.

W. C. Ackerman representing Peterborough Golf Club read a telegram from H. A. Morrow, president of the club conveying his regrets for unavoidable absence. "I have done business and known Mr. Fraser since he has been in Peterborough" said Mr. Ackerman. He has been here three or four times longer than any previous manager of the Bank of Nova Scotia, and that must mean something. I admire him for the fearless stand he takes on certain questions and am sure he carries the respect of all real men. We will miss him and his family."

Ross L. Dobbin, representing Peterborough Curling Club, and Manson Comstock, representing Peterborough Club also spoke with brief sincerity, while W. A. Richardson, representing St. Andrew's Church recalled the first time he ever met Mr. Fraser. It was when he volunteered for church work shortly after coming to this city fourteen years ago, and since that time remarked Mr. Richardson he has been most active and helpful. When there was any church meeting of importance' Mr. Fraser was not elsewhere, he was there." He predicted that Mr. Fraser would be approached by one of the churches in Weston district to assist the church in the trials that are her lot.

J. K. Fraser of Burleigh Falls, a member of the Trent Waterway Association spoke of the fact that Wells Fraser had been a director of the Association since it was first formed in the Empress Hotel in the year 1920.

His Honor Judge Huycke spoke feelingly of the great force of friendship. "Everything has been said from various standpoints" he remarked, but what I have to say shall be from an entirely personal standpoint. We all regret, he remarked that Mr. Fraser is going away. We regret also that his family is leaving, but we are glad to hear that there is a possibility that in the days that are to come he will get a ticket back to Peterborough." His Honor then quoted some poetry: "Fraser will ye no come back again. Better lo'ed ye ne'er could be. Will ye no come back again."

Till you do come back" he said, "you can rest assured that you have the highest esteem and affection of us all and I shall ever remember you as a kindly, courteous, christian gentleman."

Mayor Denne extended a welcome to B. F. Chilton, successor to the managership of the Bank of Nova Scotia, also to T. A. McKie, the newly appointed manager of the Water street branch of the Bank of Montreal and to R. J. Goring another recent-comer to this city.

The program of speech-making was interspersed with community singing accompanied at the piano by John Crane and led by Webber Turner.

Those present were: His Worship Mayor Roland M. Denne, His Honor Judge E. C. S. Huycke, E. A. Peck, M.P.; F. D. Kerr K.C.; J. F. Strickland, K.C., M.P.P.; M. Comsock, R. T. E. Hicks-Lyne, W. A. Richardson, Frank G. Stinson, W. C. Ackerman, Ross L. Dobbin, John I. Allen, John R. Marshall, W. G. Morrow, E. G. Patterson, W. G. Falkner, R. Grant, H. Sootheran, A. L. Killaly, Fred L. Roy, Chas. S. Cummer, Chas. Lacheur; G. W. Lundy, J. H. Vernor, Dr. E. H. Wood, W. D. Campbell, A. Weddell, J. W. Gravestock, W. F. Huycke, W. J. Kent, E. S. Martin, D. M. Bissell, Dr. W. T. Holloway, N. J. Wooten, James Hamilton, B. F. Chilton, R. F. Downey, S. R. Morton, L. W. Scott, E. W. Borbridge, W. H. Bradburn, A. H. Stratton, Morley W. Lyle, Dickson Davidson, C. P. Borland, W. J. Thompson, Hon G. N. Gordon, K.C.; J. E. Patte, J. C. McGiffin, W. F. Turner, P. P. Westbye, E. B. Fowler, G. A. Gillespie, J. K. Hughes, T. H. Gillespie, Alderman Walter Stocker, Carl S. Browne, Dr. C. B. Waite, J. A. McNabb, R. Abbott, Gordon S. Mathews, O. A. DeGraw, D. J. Lawrie, W. N. Cruthers, F. Hills, D. M. Brooks, J. Fanning, E. R. Wilson, James Juby, W. R. Morris, Fred J. Overend, Sheriff F. J. A. Hall, C. J. Seymour, Dr. J. Malcolm McCulloch, L. J. Pettit, Frank H. Dobbin, T. O. Donaldson, John Crane, C. J. Glaspel, Gordon K. Fraser, Burleigh Falls; T. A. McKie, G. H. Thompson, R. J. Kidd, Rev. Dr. C. V. McLean, J. J. Turner, R. Goring, George Robertson.

Numerous other citizens procured tickets for the banquet but were unavoidably absent.

City Churches

BETHANY TABERNACLE.

The services in the Bethany Tabernacle, Sunday, September 27th, were conducted by T. H. Ritchie, young Irish evangelist. Mr. Ritchie preached two stirring messages. In the morning service he preached on "Heaven and its Great Attraction," bringing out the thought that Heaven is a prepared place for a prepared people, and he went on to show how this preparation could be made. The evangelist also pointed out in his message that Heaven, with all its beauty and splendour, would not be the great attraction, but Jesus Christ, Who died for the world, would be the great attraction.

The subject in the evening was "Hell and what a lost soul takes there." This was a heart-searching message causing men and women to think of their soul-salvation. The evangelist said in his message that there are people to-day who deny the fact that there is such a place as "hell," but he proved from the word of God that there is a real hell. Mr. Ritchie pointed out many things a lost soul takes there, such as memory, understanding, desires, etc. At the close of his message he brought out plainly — how we may escape hell by accepting Jesus Christ as our personal Saviour. A very strong appeal was made by the evangelist.

The attendance and interest in Bethany Tabernacle was very good. To-night Evangelist Ritchie is giving the story of his conversion.

PRIZE WINNERS AT SCHOOLS FAIR; THREE TOWNSHIPS REPRESENTED

Eight Schools From Otonabee, North Monaghan and Douro Compete.

J. B. NELSON IN CHARGE

The children of the eight schools from three of the adjoining townships whose joint fair was held at the Exhibition Park, last Friday, made a fine display of their products and handicraft.

The schools were Nos. 8, 10, 12, 16, 17 of Otonabee; 1 and 3 of North Monaghan and No. 11 Douro. Their exhibits in every class were highly creditable. Although the season is far advanced the show of flowers was especially notable. Asters, Zinnias, Cosmos, Marigold, Verbenas and other varieties being of attractive quality.

Otonabee children carried off most of the prizes in the exhibition of flowers, and as a matter of coincidence three children from S S 12 Otonabee and of the same family name won three first prizes. They were Marguerita Heffernan whose asters were accredited first honors; Francis Heffernan first in Cosmos; Vincent Heffernan first for Marigolds. And Marie Heffernan of the same school won third in the living-room banquet class.

One of the bouquets that failed to attract the judges had drawn most of its beauty from the roadside, including the little starry, pale blue flowers that grace the autumn highways with their delicate colour. This bouquet trailed along after garden grown asters and other cultivated blooms that seemed somewhat commonplace, perhaps because they have been so familiar.

Another interesting section of the Fair was devoted to the handiwork of the children, sewing by the girls and the making of model gates, the splicing of fence wire, the making of bird houses and other products from the hands of the boys. A big display of potatoes and grain indicated that the children are not far behind the vegetable growers who win prizes at the Peterborough Exhibition.

Effie McGowan of S S No. 1 North Monaghan carried off all the first prizes in the potato classes, and had also other honours to her credit.

This joint Fair not only brought the children together for a day, but also their parents, affording an occasion that emphasizes the practical work of the rural schools. J. B. Nelson, representative of the Department of Agriculture, was in charge of the exhibition.

The Prize Winners

The winners of the first and second prizes in the various classes were as follows.—

Spring wheat, quart jar—Corona Hanbidge, S.S. 10; Max Spears, S.S. 16.

Oats, quart in jar—Cecil Neals, S.S. 3; Clare Driscoll, S.S. 10.

Barley, quart in jar—Neil Braithwaite, S.S. 10; Jack Quinn, S.S. 17.

Field Corn, sheaf—Earl Lowes, S.S. 8.

Sweet Corn—Jean Savigny, S.S. 10; Isabel Young, S.S. 1.

Mangels—Janie Sucee, S.S. 10; Elaine Savigny, S.S. 10.

Turnips—Doris Savigny, S.S. 10; Beth Stewart, S.S. 10.

Beets—John Collinson, S.S. 16; Wilda Sharpe, S.S. 17.

Carrots—Dorothy Frost, S.S. 16; Jean Cox, S.S. 16.

Parsnips—Mary Dunford, S.S. No. 3; Lulu Young, S.S. 1.

Onions—Marie Heffernan, S.S. 12; Marguerite Heffernan, S.S. 12.

Wheat, sheaf—Effie McGowan, S.S. 1, Jack McGowan, S.S. 1.

Oats, sheaf—Effie McGowan, S.S. 1; Jack McGowan, S.S. 1.

Barley, sheaf—Effie McGowan, S.S. 1; Margaret McMartin, S.S. 16.

Potatoes, Dooleys — Effie McGowan, 1; Jack McGowan, S.S. 1.

Potatoes, Irish Cobblers—Effie McGowan, S.S. 1; Clifton Westman, S.S. 1.

Potatoes, half bushel for market—Effie McGowan, S.S. 1; Corona Hanbidge, S.S. 10.

Collection Fruit—Keith Kidd, S.S. 16; Max Spiers, S.S. 16.

FLOWERS

Asters — Marguerite Heffernan, S.S. 12; Betty Sayer, S.S. 16.

Phlox—Clifton Westman, S.S. 1; Mildred Lush, S.S. 16.

Zinnias—Edna Butler, S.S. 17; Betty Stewart, S.S. 10.

Cosmos—Frances Heffernan, S.S. 12; Jack Quinn, S.S. 17.

Marigolds — Vincent Heffernan, S.S. 12; Bruce Harding, S.S. 11.

Verbenas—Marion Quinn, S.S. 17; Jean Savigny, S.S. 10.

Bouquet, for living room—Neil Braithwaite, S.S. 10; Mary Dunford, S.S. 3.

POULTRY

Barred Rock Cockrel—Effie McGowan, S.S. 1; Kenneth Cox, S.S. 16.

Barred Rock Pullet—Keith Kidd, S.S. 16; Effie McGowan, S.S. 1.

White Leghorn Cockerel—Evelyn Young, S.S. 1; Milton Dunford, S.S. 3.

White Leghorn Pullet—Williard Westman, S.S. 1; Corona Hanbidge, S.S. 10.

LIVESTOCK

Colt—Milton Dunford, S.S. 3.

Calf, dairy breeds — Margaret Staples, S.S. 3; Elmer Staples, S.S. 3.

Market Lamb—Billie Robson, S.S. 1; Milton Dunford, S.S. 3.

Exhibiting Colt—Milton Dunford, S.S. 3.

Exhibiting Calf—Elmer Staples, S.S. 3; Margaret Staples, S.S. 3.

Exhibiting Lamb—Milton Dunford, S.S. 3; Billie Robson, S.S. 1.

WRITING

Primer—Lulu Young, S.S. 1; Billie Robson, S.S. 1.

1st Book, "Secret".—Joseph Corkery, S.S. 17; Clarabel Kelly, S.S. 17.

2nd Book, "September"—Isabel Young, S.S. 1; Irene Emery, S.S. 17.

Third, "Red Winged Blackbird".—Gordon Farthing S.S. 11 Douro; Audrey Timlin, S.S. 11, Douro.

Fourth, "To a Dandelion"—Winnie Sharpe, 17, Otonabee; Ruth Driscoll, S.S. 10 Otonabee.

ART

Primer, Drawing of a Grass—Frances Heffernan, S.S. 12; Vincent Heffernan, S.S. 12.

1st Book, "Game".—Joseph Casey, S.S. 12; Velma MacDonald, S.S. 8.

2nd, "Tulip"—Ross Lowes, S.S. 3; Earl Westman, S.S. 1.

3rd, Collection 2 pieces of Art — Hazel Bonner, S.S. 10; Myrtle Dwyer, S.S. 10.

4th. 2 pieces of Art—Ruth Driscoll, S.S. 10; Beth Stewart, S.S. 10.

Open Class, cover Nature Study Book—Janet McIntosh, S.S. 3; Irvine McIntosh, S.S. 3.

2nd and under, Scrap Book—Jean Moncrief, S.S. 1; Ross Lowes, S.S. 8.

Third Book, collection Nuts—John Collison, S.S. 16.

Fourth Book, 8 Noxious Weeds—Marguerite Heffernan, S.S. 12; Corona Hanbidge, S.S. 10.

Open Class, mounted specimen—Corona Hanbidge, S.S. 10.

Open Class, Agricultural Note Book—Corona Hanbidge, S.S. 10; Jean Savigny, S.S. 10.

Second Book, Book-mark—Max Spears, S.S. 16; Ken Cox, S.S. 16.

Third Book, Wooden Pointer — Keith Kidd, S.S. 16.

Fourth Book, Article made from Twigs—Jack McGowan, S.S. 1; Don Hendren, S.S. 1.

Bird House—Walter Hanbidge, S.S. No. 10; Fred Braithwaite, S.S. 10.

Wire splice—Neil Braithwaite, S.S. 10; Harold Davis, S.S. 13.

Model Farm Gate—Ken Cox, S.S. 16; Jack Belfry, S.S. 16.

Second Class, sewing-Bag, hand made—Isabel Young, S.S. 1; Jean Moncrief, S.S. 1.

Third Class, Padded Holder—Mary Robson, S.S. 1; Elizabeth Lillico, S.S. 1.

Fourth Class, Hen patch in check gingham—Corona Hanbidge, S.S. 10; Constance Baker, S.S. 11.

Open Class, Apron—Corona Hanbidge; Helen Lewes, S.S. 1.

Second Class, Bran Muffins—Lorraine Quinn, S.S. 17; Jean Cox, S.S. 16.

Third Class, Maple Cream Candy—Gweneth McFadden, S.S. 11; Mary Robson, S.S. 1.

Fourth Class, Cookies—Margaret Heffernan, S.S. 12; Corona Hanbidge, S.S. 10.

Open Class, School Lunch—Corona Hanbidge, S.S. 10; Jean Monchief, S.S. 1.

Weed-naming Contest—Irvin McIntosh, S.S. 3; Duncan Seymour, S.S. 3.

Potato Judging—James Dunlop, S.S. 1; Duncan Seymour, S.S. 3.

Grain Judging—Cecil Neals, S.S. 3; Jack Quinn, S.S. 17.

School Lunch, Junior composition—Olive Parrington, S.S. 1; Winnie Sharp, S.S. 17.

Recitation, First and Second—Addie Johnston, S.S. 10; Annie Manley, S.S. 8.

Reading Third—Mary Robson, S.S. 1; Myrtle Dwyer, S.S. 10.

Speaking, Fourth—Helen Lawes, S.S. 8; Marie Heffernan, S.S. 12.

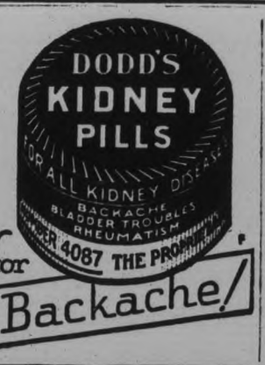
Solos—Mary Robson, S.S. 1; Duncan Seymour, S.S. 3.

Spelling Match—Helen Stewart, S.S. 1; Beth Stewart, S.S. 10.

Stomach Troubles That Are Dangerous
(CUT THIS OUT)

Some forms of stomach trouble if neglected, often lead to dangerous conditions—ulcers or cancers—then, a surgical operation is about the only hope.

For this reason, even the most simple stomach ailments should be given prompt and careful attention So, don't neglect acid stomach sourness, gas, or bloating! And don't waste time with unknown or unreliable treatments. At the very first signs of distress, go to any good drug store and get some pure Bisurated Magnesia (powder or tablets) This special Magnesia Compound is safe and pleasant to take—quickly, almost instantly, effective and does not act as a laxative. Be sure and ask for BISURATED Magnesia for stomach troubles only.



Bilious?

Two teaspoonfuls of Kkovah Salts in a glass of water quickly relieves biliousness. Kkovah Salts clears away the poisons without distress. Makes you fit and keeps you fit. 20c and 50c a tin at grocers and druggists.

HOME TOWNERS

TIDBITS INTERESTING AND HUMOROUS FROM CAMPBELLFORD

CAMPBELLFORD, Sept. 28. —Mr. and Mrs. R Ramsden will vacate their residence on Grand Road and will in future reside in the Newsome house on Queen Street.

Mrs. Dr. F de F. Free, Miss Emma Meiklejohn and Miss Margaret Dickson weer in Toronto, last week, with the Peterborough Madrigal singers, where they broadcast over C. K. G. W.-C. P. R. hour of music.

Mr. Richard Cook has purchased the Dan Black property on Inkerman Street

TABLET UNVEILED

(Continued from Page 1)

ing effort; the church was practically completed in 1836, and opened for divine service in that year. Shortly afterwards Captain Rubidge made a special voyage to England for the purpose of raising further funds.—"The Place where Thine Honor Dwelleth."

"It is most fitting and appropriate that a tablet should be placed in this church and unveiled this morning by a grandson of Captain Rubidge," said the Rev. R. C. Blagrave during the course of a sermon from the pulpit.

The preacher spoke of the personal influence, quality and means of the late Captain which had made so great a contribution to early settlement in this part of the world. "In these days," he remarked, "people would think it deplorable if they had to go through what these gentlefolk went through."

"We think of him also as a churchman who brought the love of his church with him as did so many of the early settlers. I think as I look at the nave of this church erected a century ago what a wonderful vision these men had. They erected a perfectly majestic building on this hill when the settlement was just a hamlet," said Dr. Blagrave, adding, "we do well to honor the name of Captain Rubidge, and his grandson does well to erect a tablet that shall always keep alive the memory of a real man and a great pioneer of this country."

The speaker also dwelt at some length on the contribution which England had made to the Anglican Church in the Dominions. He liked to think of St. John's Church as reflecting a little of English ecclesiastical life and he appealed to the congregation to give themselves with fresh consecration and service that "this particular church as one of the units of the great Christian church might go forward in the glory of God."

THREE FACE HOLD-UP CHARGES

VANCOUVER, B.C., Sept. 28—Two men who gave their names as Glen Flemmings of Vancouver, and Gordon Fawcett, of Victoria and Seattle, were charged to-day by city police with being implicated in the attempted hold-up of a branch of the Bank of Montreal here Sept. 19. The accused were arrested Saturday, Fawcett in Kamloops, and Flemming in Vancouver.

PRESENTATIONS TO YOUNG ANGLICANS

Also Silver Tray to Edgar Sorby, Superintnedent.

Edgar Sorby, who relinquished the position as Sunday school superintendent at St. John's church in June last, after eight years' continuous service was yetserday afternoon the recipient of a silver tray from the Rev. Dr. R. C. Blagrave who made the presentation on behalf of the Sunday school teachers.

Further presentations of religious books were also made to seven young men church workers who had already left or who are leaving here to-day to enter upon University life. The young men in question are: Reginald Howden, who enters upon his second year at Trinity College, Toronto; Warren Turner, James Turner, Ted Borbridge, Keith Wightman and Douglas Blagrave who are about to enter Trinity College, Toronto and Ted Rigby, who is now at Wycliffe College.

In his preliminary remarks to the gathering of teachers and pupils in the Sunday school the Rev. Dr. Blagrave stated that it was the first time in the history of the church that so many young men were leaving for university at the same time, the majority of them to take up residence in the same college. He described it as a unique event.

Dr. Blagrave was assisted in the presentations by Bert Graham, superintendent of the Sunday school, and by Harold Lang.

Mr. Sorby in expressing his appreciation of the gift of the tray said that although he had given up the superintendentship of the school he had not relinquished his membership. He would always be ready to come and lend a helping hand when called upon to do so.

All Editors Agree *on this* One Big Need

SCORES of leading Canadian newspapers have stressed the vital necessity of Life Insurance as a protection for loved ones and a guaranteed income for old age. Read these brief extracts from a few of the press editorials:

Halifax Herald—Life insurance encourages saving, provides for old age, and protects the helpless.

Montreal Gazette—The advantages of a life insurance policy are so great as to render life insurance one of the recognized necessities in the life of the citizen.

Toronto Star—The reasons for putting on life insurance become more imperative in hard times. . . . These are the days when no one needs to be persuaded that life insurance is a good investment.

London Advertiser—The good husband, the good father, naturally thinks of life insurance as his first line of defence against the hazards of the future.

Winnipeg Evening Tribune—Life insurance is the great dispenser of family protection and peace of mind.

Regina Daily Star—Hard times only make life insurance the more necessary.

Calgary Herald—By maintaining life insurance one can be assured of independence in later years.

Vancouver Star—Life insurance companies are securing the future welfare and comfort of many thousands of homes.

IF you have not made adequate provision for yourself and dependants, consult a Life Insurance representative today.

Life Insurance Service

Cheese Board

CAMPBELLFORD, Sept. 28 (By Examiner Staff Correspondent). — Cheese graded at the Campbellford grading station last week, amounted to 15 lots, 531 boxes as against the corresponding week last year which totaled 19 lots, 745 boxes.

The following information is gleaned from factory reports for August:

Kimberley.—Pounds of milk per pound of cheese, 12.31; average price per pound cheese, 11.55c; paid patrons per pound butter fat, 26c.

Empire.—Pounds milk per pound cheese, 12.31; average price per pound cheese, 11.09c; paid patrons per pound butter fat, 25,32.

Prince of Wales—Pounds of milk per pound cheese, 12.09; average pirce per pound cheese, 11.60c; paid patrons per pound butter fat, 26.82c.

It would seem that the practice of keep a fire in the curing room will have to be restored for the fall months.

A dairy letter report states that cheese graded from Dec. 1, 1930, to Aug. 29, 1931, amounted to 730,925 boxes. The previous period, from Dec. 2, 1929, to Aug. 30, 1930, totalled 846,273 boxes.

The condition of Mr. George H. Barr, director of dairying, who recently underwent an operation in Toronto, is much improved and it is expected that he will resume his office duties shortly.

The 320 whales, taken by British Columbia whalers in 1930, yielded over 525,000 gallons of oil and about 1200 tons of meal and fertilizer.

Obituary

SAMUEL S. SPENCE.

LAKEFIELD, September 28.—(Examiner Correspondence).— Samuel S. Spence died at his home here yesterday following a lengthy illness in his 81st year. The deceased was Lakefield's oldest business man being senior member of the firm of S. S. Spence and Sons. He was a member of Regent Street United church and ardent Conservative in politics.

He leaves to mourn the loss, his widow, two sons Percy and George of Lakefield, three daughters, Mrs Lord Webster of town, Mrs. Allan B. English of Peterborough, Mrs. Harry Dunsford of Douro, one brothre Brydon of Fort Francis and one sister Miss Christine Spence of Peterborough.

The funeral services will be held on Tuesday afternoon at 2 p.m. from his former home on Queen Street with internment in Lakefield cemetery, Rev. W. R. Archer will officiate.

MRS. H. FALKNER

HAVELOCK, Sept. 28 (Examiner Correspondence). — The funeral of the late Mrs. H. Falkner whose death occurred on Wednesday afternoon at 3.30 was held on Saturday afternoon at 1.30 from the family residence on Concession street to the United Church, where services were conducted by Rev. Mr. Kemp, pastor.

In Mr. Kemp's funeral oration he stressed the fact that the life of man is not to be accounted in length of years, but rather in opportunities for service. Life is not merely a time to accumulate worldly goods, but rather an opportunity to prepare for the larger life that is to come. He likened death to the arrival of a train on which we must all sooner or later depart, leaving everything behind. We should be prepard to enter into the fuller life. Life here should be one continuous preparation, for the life that begins only after death has called. He spoke of the wonderful influence for good that is given a mother. It has often happened that the memory of a saintly mother, who has made a practise of gathering her family around her at the close of the day, has been the means of bringing back a son or daughter who had wandered far from the path of righteousness, and forgotten they duty to their God. Death was a time of sorrow, but in that sorrow there was a drawing together in a closer fellowship with God, Who has promised that He will sustain us, if we ask, and will enfold us in His everlasting arms. Most of us cherish a grave where we have laid a loved one, but we must not think that the departed remains in that spot among the weeds. He has like Abraham, been gathered unto his fathers, and reposes in the bosom of his Father.

He expressed his sympathy with the bereaved husband and young son, the sorrowing parents, brothers and sisters and close friends, who would miss her for whom they mourned; but he bade them not weep, as those that are without hope, but rather as those who hope to one day be reunited in the bosom of their Father.

The choir and congregation sang hymns most suitable to the occasion. After the service the funeral procession proceeded to Peterborough, where interment was made in Little Lake cemetery.

There are left to mourn her loss besides her husband, Hector Falkner, and son Philip, both of town, her parents, Mr. and Mrs. Philip Woodcock; three sisters, Mrs. P. Bosley, Mrs. Viner and Mrs. R. Windover; one brother Philip, all of Peterborough; and a brother James of Toronto; also a large circle of friends.

FRUIT ORCHARDS SUFFER HEAVILY

Wind in Annapolis Valley Does Over $50,000 Damage.

FISHERMAN HIT.

HALIFAX, N.S., September 2 (C.P.) — No trace of Friday's windstorm was evident in Nova Scotia's weather as to-day dawned clear and fine, but apple orchards in exposed portions of the Annapolis Valley were carpeted with fruit brought down in Friday's gale. Estimates of loss ran from $50,000 to $100,000.

Early shipments from the Valley had been heavy, or the loss would probably have been greater. The Valley crop, as a whole, is about fifteen per cent. greater than last year's pack.

Some damage to fishermen's gear was estimated that 100.00 people at Digby an unidentified bell buoy came ashore in the surf.

Body Of Chinaman Is Found In Lake

ST. CATHARINES, Ont., Sept. 26—The body of Chin Han Nein, an elderly Chinese restaurant employee was found floating in Lake Ontario at the mouth of Port Dalhousie harbor early this morning by a young man who was about to cast in his fishing line.

Chin, who had been in ill health, had been cared for by fellow countrymen residing in St. Catharines for the past few weeks. He had been billeted at the Chinese Masonic Temple and money had been raised to send him back to China. How he got into the water is not known. Coroner A. R. MacDonald of Port Dalhousie will hold an inquest.

LANTERN EXPLODES DESTROYING BARN

Stanley James' Loss in Ops Township Estimated at $5,000.

LINDSAY, Sept. 28 (Special to The Examiner)—The explosion of a lantern started a fire that totally destroyed the barn and contents on the farm of Stanley James in Ops Township three miles west of here, Sunday night at 8 o'clock.

Mr. James went out to the barn to feed his hogs. One of them brushed by him trying to get out, and knocked the lantern from his hand. It exploded as it fell on the floor, set fire to a quantity of straw, and quicky spread throughout the building. The barn was a complete loss together with the season's crops and a number of small pigs. It is understood that Mr. James carried very little insurance against his estimated loss of $5,000.

Aylmer Pork and Beans, No. 2 Squat Tins, 2 tins 15c

Solos

"O Canada", 3rd and 4th class—1, Doris Gill; 2, Margaret Brethen; 3, Kitty Edwards; 4, Helen Baskin; 5, Stella Davis; 6 Verle Clarke.

2nd class down to Primer—1st, Lester Bongard; 2nd, Edith Kelly; 3, Jimmy Buck; 4, Lois Rogers; 5, Lockie Longhurst; 6, Kitty Ridd and Joan Ridd equal.

Judges

Music—Mr Chas. Renaud.

Art and writing—Mr. L. W Copp, I.P.S.

Cooking—Mrs. (Dr.) Carleton, Mrs. Walker.

Fruits, vegetables and flowers—Mr J. B. Nelson agricultural representative.

P.C.I. Seniors Take 25-11 Victory From Cobourg

GARNET AND GREY OPENS SENIOR SCHEDULE HERE WITH WIN OVER COBOURG

Although Outweighed, Local Gridders Experience Little Difficulty in Copping Decision.

MANY FUMBLES.

P. C. I. Displays Strength Enough to Make Them Threat in Any League.

Making their 1931 debut at James Stevenson Park on Saturday afternoon, Coach Ernie Legon's Peterborough Collegiate twelve showed considerable class in romping to a 25 to 11 victory over the Cobourg Collegiate squad in the opening game of the Central Ontario interscholastic rugby season.

Although apparently outweighed along the line the Garnet and Grey encountered little difficulty in disposing of their heavier opponents, their speed and dash making up for their deficiency in weight.

Neither squad displayed anything like the form they will attain a few weeks hence. It was mainly straight rugby with plunges through the line, but now and then the halves got away for spectacular runs and both teams executed several forward passes for big gains. There were the usual number of fumbles associated with opening games and the humid weather relieved the players of much of their customary pep.

However, the P.C.I. squad displayed more than enough to make them a real threat for any twelve in the league. Hopes that they will repeat their championship victories of the past several seasons appear well founded.

Young and Richardson shape up as a strong pair of halves, both being capable open field runners. Richardson was continually in the spotlight on Saturday with the masterly manner in which he reeled off yards in running back kicks and swinging around the ends. He teamed well with Young and slipped his mate several passes that allowed big gains.

Gardner Stars.

One of the stars of the game was Gardner, who certainly displayed the best tackling ability of anyone on the gridiron Others seemed to hesitate before taking a dive at the ballcarriers' shoestrings—this was particularly true of Cobourg—but not Gardner. He was ever in the fore. Having raced up to successfully capture a Cobourg fumble in the fourth quarter he was injured when tackled and he had to retire from the field.

Armstrong was again prominent offensively. The big fellow was good for five or six yards every time he was handed the ball for a plunge. Fraser fitted in nicely at quarter and displayed skill in his choice of plays. The whole squad showed well-knit firmness on the defensive and with a little more practice should be as strong on the attack as last year's championship team.

Cobourg fielded a well-drilled heavy team of youngsters, but against the tenacious defensive play of P.C.I. they could make little consistent headway. Mitchell and R. Cooper were their half-line stars and gave the team most of its gains. K. Cooper showed considerable generalship at quarter.

Young Scores.

The first score came toward the end of the first quarter when Richardson swept around the end for a thirty-yard gain and then passed neatly to Young on being tackled, allowing Young to run unhindered the remaining twenty yards for a touchdown.

At the start of the second quarter some determined bucks by Cobourg placed P.C.I. on the defensive and Mitchell was able to kick to P.C.I.'s three-yard line. P.C.I. was forced to kick and when Mitchell planted a long boot behind the P.C.I. touchline it looked like a score, but Young caught the ball neatly and passed to Richardson who carried it twenty yards before being grassed.

Armstrong plunged for fifteen yards, and Young tossed a forward pass to Gardner for a twenty-yard gain. An extend failed and Armstrong kicked to the Cobourg five-yard line.

After the Cobourg kick, Armstrong again plunged for a big gain. The attackers tried for a field goal, but the ball went wide.

The ball exchanged hands three times in the shadow of the Cobourg goal posts on fumbles, but finally Armstrong bucked for a touchdown. Richardson added a point to the score by kicking from placement in scrimmage.

Both teams failed on attempted forwards at the start of the third quarter. Richardson again put P.C.I. out of danger when he ran a kick back thirty yards. However, Cobourg was not to be denied. Mitchell hurling a forward pass to R. Cooper who romped from mid-field for a touchdown. Cobourg also earned the extra point by kicking through the posts in scrimmage.

Cobourg gained the ball on a fumble, but a bad snap gave the homesters the ball again on Cobourg's eight-yard line. The Cobourg line held and the attackers failed to plunge for the score, losing possession of the ball for failure to make yards. Cobourg's kick was taken on the run by Richardson who eluded tacklers to race twenty yards for a touchdown.

Cobourg kicked off to Young, who fumbled giving Cobourg possession on P.C.I.'s 20-yard line. On a fake kick Mitchell ran to P.C.I.'s two-yard line and K. Cooper skirted the short-end for a touchdown.

On the kick-off Cobourg fumbled and Gardner racing up fast grabbed possession of the ball. He was tackled heavily and was injured in the fall, being unable to return to the game.

Continue Victory March.

Starting the fourth quarter, Dinesen kicked for a rouge, giving P.C.I. another point. Cobourg fumbled and P.C.I. gained possession. Fraser passed to Richardson for a fifteen-yard gain. Armstrong and Breckenbridge made gains and Young was able to kick a field goal for three points.

Richardson again shook off tacklers for a long forty-yard run, being brought down on Cobourg's eight-yard line. Dinesen went over for the touchdown, and the last score of the game.

P.C.I. was again threatening a score when the final whistle blew.

The teams:

Cobourg Collegiate—Halves, Mitchel, R. Cooper, McCaig; flying wing, Downs; quarter, K. Cooper; snap, Wicks; insides, Benson and Davidson; middles, Barton and Spooner; outsides, Willoughby and Dufton; subs, Stuart, Henderson, Platt, Lucas, Hayden and Turpin.

Peterborough Collegiate—Halves, Young and Richardson; flying wings, Dinesen and Kirkwood; quarter, Fraser; snap, Marsh; insides, Waddell and Clayton; middles, Armstrong and Breckenbridge; outsides, Reynolds and Thirnbeck; subs, Clark, Gardner, Jopling, Sloan, Hamilton and Lord.

Referee — Wallace of Toronto; umpire, Schrum of Cobourg.

Summary:

First Quarter.

P.C.I., 6—Armstrong's try and for a touchdown.

Second Quarter.

P.CI, 6—Armstrong's try and Richardson's placement kick

Third Quarter.

Cobourg C.I., 5—R. Cooper's try and Mitchell's placement kick.

P.C.I., 5—Richardson's try

Cobourg C.I., 5—K. Cooper's try.

Fourth Quarter.

P.C.I., 1—Dinesen's rouge.

P.C.I., 3—Young's field goal.

P.C.I., 5—Dinesen's try.

Final score—Cobourg C.I. 11, P.C.I. 25.

YESTERDAY'S STARS

Dan Taylor, Cubs—Hit homer in each game in double victory over Pirates.

George Blaeholder, Browns—Pitched Browns to 2-1 victory over White Sox in second game to take fifth place.

Buzz Arlett, Phillies — Hit pinch double, driving in runs that beat Boston 5-3 in first game and clinched sixth place.

Joe Vosmik, Indians—Clouted triple and two singles against Tigers.

Paul Derringer and Sylvester Johnson Cardinals — Their steady pitching enabled Cards to take two games from Reds.

Tony Lazzeri, Yankees—Made four straight hits and batted in four runs against Athletics.

Watson Clark, Robins—Held Giants to seven hits for 12-2 victory.

Earl Webb, Red Sox—Hit 67th double of season against Washington.

OSHAWA BLANKS LINDSAY 25-0

Heavy Well Drilled Squad of Motor City Too Much for Scugogs.

HERE NEXT SATURDAY

The Oshawa Collegiate Seniors opened the C.O.S.S.A. rugby season in an auspicious manner Saturday at Alexander Park, when they handed the Lindsay Collegiate entry a 25-0 setback.

From the start it was evident that the Scugogville team did not have the class of the home team and at no time throughout the entire fray did they make a serious threat. The Motor City aggregation fielded a heavy well drilled squad, which was too much for the visitors. In Kashul and Hicks they have two hard hitting middles who ripped open the Lindsay line but it was Shelenkoff, Henley and Graboski who did the big ground gaining with their speedy gallops around the ends. In Corant, their kicking half, they have a big fellow who rivals Armour of last year's outfit and who boots them low and far.

The Lindsay boys tried in vain to make gains through the Oshawa line and Reid, Dunlop, Lamb and Tripp showed to advantage on several fine attempts but they found it impossible to make consistent gains.

Hicks went over for a try in the first quarter and Corant booted a single, but in the second, they added twelve more points on two touches, a convert and a rouge.

Both teams appeared considerably slower in the last half and the final scoring was done in the third quarter. Kashul was sent over for the last touch of the day and for their convert the Motor City boys tossed a beautiful forward pass for the single point. The last tally of the contest was registered when Corant kicked a low, long ball that went past Smith for a single marker.

The Oshawa boys will bear watching in their future games and expect to toss the present cup holders, Peterborough Collegiate, for a loss when they invade the Lift Lock city next Saturday.

The teams:

Lindsay C.I.—Snap, Thilcock; inside, McKee, D. Campbell; middle, McIlmoyle, Beatie; outside, Dunlop, Reid; flying wing, Lamb; halfs, Tripp, Smith, Campbell; quarter, D. Lamb; spares, Sloane, Williams, Abbott, Ringland, Horner.

Oshawa C.I.—Snap, Guiltinan; inside, Myers, Weldon; middle, Kashul, Hicks; outside, Henley, Law; flying wing, Graboski; halfs, Corant, Stroud; quarter, Shelenkoff; spares, Brown, Young, Gibb, Jollife, Grothers, Henderson, Bulmer.

Umpire—Johnson, Lindsay.

Referee—Jamieson, Oshawa.

TWO TOUCHES IN THE FOURTH GIVES OSHAWA 16-11 VICTORY

Motor City Squad Plays Superior Game to Break up 11-11 Deadlock.

PLAY OPENS RAGGED

After leading their opponents practically throughout the entire fray, the P.C.I. Intermediates ran into a disastrous fourth quarter in their game at Oshawa on Saturday and the homesters ran up two touches to take their first game of the season by a 16-11 score.

It was a tough blow to the visiting Petes, who were taking everything the Oshawa boys had to give and still seemed to have considerable punch left themselves. The home team, however, were just a shade too much for them, and with the win in their favor, managed to tie the count up at 11-11 early in the session and then go over for the winning try, when it looked as if the score would remain deadlocked.

The Petes were plainly nervous at the start, and their playing was a bit ragged at times, but notwithstanding this fact, they chalked up the only marker of the quarter when Tranter kicked over for a single.

During the sesond quarter the P.C.I. boys were playing against the wind, and line plunge after line plunge was tried in succession, but the Oshawa line couldn't be moved. However, a big gain was made around the end to bring the ball within plunging distance of the homsters' line and Cec. Wainman, on a fake play, sifted through for the first touch of the game to give the P.C.I. the lead 6-0. An attempted drop kick for the convert was missed.

Stimulated by this setback, the Mctor City team showed a marked superiority over their previous playing and made lengthy gains around the ends and Trewin and Bakageorge did some nice plunging. Then on a nice play through left Bradd went over for a touch which was not converted. After the kick-off, Marks, O.C.I. halfman, made a beautiful run around the right end and just before the whistle for the half, Trewin booted a long one with the wind, for a point, tying the score.

Opening the final half with a rush, the Garnet and Grey team showed renewed vigor and had the play pretty much their own way for several minutes. The boys were showing up extremely well in this quarter and the session was only a few minutes old when Dearborn picked up a loose ball from an Oshawa play, evaded a couple of tacklers and ran forty yards for a touch, putting his team in the lead again. After that, the visiting squad couldn't be stopped, and though there was no further scoring that period, he homesers were hard pressed. Harold Wilson, Pud Braund, and Gord Dearborn were making a fine job of line plunging, and Roy Tranter at half was kicking some lofty spirals.

P.C.I. Errors Costly.

The final quarter was a different story, however, and the Oshawa Collegiate squad profited greatly by P.C.I. errors. The Garnet and Grey boys started in a steady manner but before the period was well under way, they seemed to tire badly. Every boy on the team was playing hard, but Trewin, Marks, Bradd, and Hern were going for lengthy trips around the ends and occasional barges through the centre. About half-way through the session, Trewin, who was playing wonderful rugby, went around the left end for an unconverted touch.

That tied the game up again, but Oshawa got a break when one of their men fumbled badly, only to have a comrade pick it up and run for a twenty-five yard gain.

The Petes fought back strongly at this point and with everything pointing to a tie game, Marks, O. C.I. half, was given the ball and made a spectacular solo rush around the right end for what proved to be the winning touchdown. The final whistle found P.C.I. with the ball about centre field, but not making much progress goalward.

Trewin, Marks, Bakageorge, and Collis worked nicely for the winners, and Braund, Wilson, Dearborn, and Tranter showed particularly nice form for Peterborough, although the entire outfit worked hard to stem off the defeat.

Summary.

First quarter — C.C.I. 1 rouge (Tranter).

Second quarter—P.C.I. 5 try (Wainman). O.C.I. 5 try (Bradd). O.C... 1 rouge (Trewin).

Third quarter — P.C.I. 5 try (Dearborn).

Fourth quarter — O.C.I. 5 try (Trewin). O.C.I. 5 try (Marks).

The Teams.

Peterborough C.I. — Duncan, centre; Wilson, Parnall, inside; Mackay, Braund, middle; Budd, Dearborn, outside; glover, Waddell, flying wing; Tranter, Hewett, halves; Wainman, quarter; Darcy, Weddell, McKone, Sedgewick, Yeotes, Johnson, Yeotes, spares.

Oshawa C.I.—Bell, centre; Storie, Hern, inside; Bakageorge, Allan, middle; Collis, P. Bakageorge, outside. Maindrill, Bradd, flying wing; Marks, Trewin, halves; Andison, quarter; Cornish, Chappell, Johnson, McKenzie, Hodgson, Pollard, spares.

Referee—Jamieson (Oshawa).

Umpire—Wagar (Peterborough).

MAROONS COP SECOND WIN

Norwood Combines Fall Before Campbellford Squad for 10-3 Count.

BOX LACROSSE LEAGUE.

CAMPBELLFORD, September 28 (Examiner Staff Correspondence).—The Campbellford Maroons registered another win in the Inter-County Box Lacrosse League when they trimmed the Norwood Combines in a scheduled game on Saturday evening in the Davidson Arena, in Campbellford, with a 10-3 count. The game, which was a tryout for a Saturday evening did not draw a large crowd of fans, but was a good exhibition of box lacrosse despite the fact that the Combines did not feature some of their regular players.

Featuring some nice stick handling on both sides, the Maroons had the strongest outfit, carrying their regular line-up, but Norwood fought hard and did some excellent work with severe checking and fine forward passing. Rogers in their net did splendidly and was one of the big stumbling blocks to the entertainers.

Pete Garrison of Campbellford handled the game and made a good job of it, there being only two penalties registered, both of which were for minor offences. The first period was Norwood's who managed to finish with a one-goal lead. Taking the offensive from the face-off they bored into the Campbellford net with Jacks and Rusaw in the forefront of the play. Ingram and Whitton broke the rush, however, staging play in centre field. With a lone rush Whitton drew first blood counting in the first four minutes. From the face-off Rusaw came back one half minute later with Norwood's first tally, which was followed a minute later by another count by Jacks. Whitton counted again after severe scrums in the Campbellford house and at the end of the period Jacks made the third tally for Norwood.

Maroons Take Lead.

The second session was all Campbellford's with a tally for each of the first three minutes of play and three more in the laatter part of he period. Norwood made no count, but did some fine defensive tactics. The last frame of the game was also the entertainers', with Whitton and McArthur counting most of the play being in the Norwood house, where their goaltender was kept more than busy.

The teams:

Norwood—Goal, Rogers; first defence, Webb; second defence, Hayes; centre, Rusaw; second home Jacks; first home, Baker; subs., Fenton, Woods, and Barrie.

Campbellford — Goal, Sanders; first defence, Maybee; second defence, McArthur; centre, Ed. Bush; second home, Whitton; first home, Ingram; subs., Free, Nicholas, L. Garrison.

Referee — Pete Garrison, Campbellford.

Summary of Game.

First period—

Norwood—Rusaw 4½ mts., Jacks 5½ mts., Jacks 12 mts.

Campbellford — Whitton 4 mts., Whitton (McArthur) 7 mts.

Second period—

Campbellford — Ingram 1 mt., Whitton 2 mts., Ingram 3 mts., Whitton 4½ mts., Garrison (Ingram) 8 mts., Ingram Sanders) 11 mts.

Third period—

Campbellford — McArthur 10 mts., McArthur 13 mts.

CARDINALS AND PHILADELPHIA WIN 101 AND 107 GAMES IN YEAR

But Macks Lose Final Game of the Schedule to Yankees 13 to 1.

CARDS COP DOUBLE.

(By Hugh S. Fullerton, Jr., Associated Press Sports Writer.)

Finishing the 1931 major league season with margins of 13 and 13½ games, respectively, over the two New York teams which wound up in second place, the St. Louis Cardinals and Philadelphia Athletics have given promise through their year's performances of an exciting struggle in the world's series.

Both American and National League champions not only wound up with better records than they did in winning the same pennants last year, but turned in more victories than any Athletic or Cardinal teams that ever captured a championship. Although they took a sever trouncing from the New York Yankees in their closing game yesterday, losing by a 13 to 1 count when their pitching aces, Grove, Earnshaw and Walberg, all were walloped freely, the A's wound up with 107 victories and 45 defeats for a .704 average. This gave them three more victories than the great Athletics of 1929 and made them the second American League club to gain a .700 average for the season.

101 Wins For Cards.

The Cardinals finished strongly yesterday, winning from Cincinnati, 6 to 2 and 5 to 3 behind the pitching of Paul Derringer and Sylvester Johnson, and checked in with 101 victories and 53 defeats. The best previous Cardinal mark was 95 won and 59 lost in 1928.

With several places in the standings still undecided until all the games were over. There was little dullness in the closing day's program for the big leagues. The three-cornered battle in the American league's second division wound up with St. Louis, Boston and Detroit in that order. The Browns took two games from the Chicago White sox, 10 to 8 and 2 to 1 to capture fifth place by the margin of a single point over Boston's Red Sox. The Sox gained a virtual tie for the place when they doomed the Washington Senators, holders of second place up to Saturday, 4 to 2. Two more games played gave St. Louis the higher average.

Detroit lost out in the struggle when Cleveland pounded out an 8 to 5 victory in the last game.

Philadelphia settled the matter of the one doubtful place in the National league season by beating Boston 3 to 3 in the first game of a double-header, clinching sixth place. Boston easily pounded out a 12-2 victory in the second game.

Brooklyn and New York finished all square for the year when the Robins pounded out a 12 to 3 victory behind Watson Clark in the first game of a twin bill and darkness halted the second before four innings were completed. Timely home runs enabled the Chicago Cubs to take two games from Pittsburgh, 3 to 1 and 8 to 4, with Vince Barton's homer with the bases full as the climax of the last encounter.

P.R.R.A. Results

Through the courtesy of the Lakefield Rifle Club, the Peterborough Association was to fire the final match for a silver spoon on the Lakefiel range. But on account of the inclement weather which reduced the number of participants, it was decided to hold a series of matches in the miniture mange in the Armouries at a later date when the indoo shooting starts.

Considering the very bad light conditions some good scores were made, including two possibles. Only one practice was fired at 200 yards when the rain brought the firing to a conclusion. This completes the outdoor shooting for this season.

CARDS EXCEL IN FAST TIME ON THE BASES

Street Regards Al Simmons as Greatest Menace to St. Louis Club Cause.

A's LEAD IN BATTING.

Bottomley, Hafey and Gelbert Supply Batting Punch for the Cardinals.

(By Alan Gould, Associated Press Sports Editor)

NEW YORK, N.Y., Sept. 28.—The world's champion Athletics have a decided edge over the Cardinals in offensive strength, measured by the power of their long-range guns and the ability to strike swiftly in the pinches. The Cards excel in speed on the bases.

There are weak spots in th A's batting order, but the dynamite is likely to explode any time Al Simmons, Mickey Cochrane or Jimmy Foxx steps into a fast ball. The champions have a habit of blasting opposition pitching all over the premises just when they look to be well under control. The Cubs as well as the Cardinals have had bitter experience with the ability of Mack's young men to emerge suddenly with a cluster of runs.

Simmons Greatest Menace

Gabby Street regards Simmons as the greatest menace, thereby being in complete accord with seven American League managers. Gabby also recalls Cochrane's slugging a year ago as well as Foxx' home run that broke up the crucial fifth game. This trio, along with such timely batsmen as Bishop, Haas and Miller, comprise the principal attacking weapons that Grimes, Hallahan, Derringer and other Cardinals sharpshooters must worry about.

The Athletics, in the season's unofficial averages show a club batting mark of .288 to the Cardinals' .285. The slugging records showed a more conspicuous difference in favor of the A's, who collected 118 home runs against only 58 for the Cards.

The last World Series told much the same story as these figures. The club marks were nothing to brag about, only .200 for the Cards and .197 for the A's. The world champions, however, made 18 of their 35 hits good for extra bases including six home runs, whereas the Cardinals registered only 13 extra base drives in their total of 38 hits.

Batting Leader

Charley Gelbert, sensational young shortstop, was the batting leader of the Cards a year ago in the championship fray with .316. Sunny Jim Bottomley, bothered by a hand injury, hit only .045 and was a "bust." Chick Hafey hit a mere .273. These two sluggers have been hitting harder than ever this year, and are counted upon to redeem themselves.

If Bottomley and Hafey can hold their own with Simmons and Cochrane or Foxx in the long-range work when the booming drives are needed, it will be anybody's series. The difference is that the Cardinal pair were comparatively easy meat for Earnshaw last October, whereas Simmons, Cochrane and Foxx manifested their ability to shellack the best pitching the Cards could offer. Simmons hit .364 to lead both clubs a year ago and has just finished winning his second straight American League batting title.

Frank Frisch hit poorly in the last series but his all-round record as a "money player" is superlative. The Cardinal second-sacker has pounded his way well above the .300 mark this season after a slow start. Pepper Martin, George Watkins, Jimmy Wilson and Gelbert all pack a dangerous punch.

CASUAL COMMENT

To-night, the main sport attraction is the wrestling show at the Brock, with Frank Hart and Alex Kasaboski headlining it in a return match. They have a good supporting cast and the whole card ought to be packed full of action from start to finish.

• • • • • • •

The battling Alex will likely be the butt of a lot of booing this evening, and it's a question of who enjoys it most, Alex or the crowd. He doesn't give a hoot whether they like his rough tactics or not just so long as he keeps on winning. Hart, on the other hand, is temperamental and likes to have the fans with him.

• • • • • • •

It's a cinch he won't take any chances of being counted out with one shoulder off the mat to-night, although there is no danger of that with Forbes third man in the ring. These two grapplers are not likely to meet again here. Followers of the rasslin' racket are sure of seeing a fast, tough session of championship calibre.

• • • • • • •

We like this modern version of the mat game with its speed, trickery and spectacular diving. The old game was slow and uninteresting with the beefy exponents down on the floor all the time, puffing and growling at each other, but each afraid to move for fear of letting himself open. Nowadays, there is seldom a quiet minute all the way.

• • • • • • •

A number of fair fans are taking in these shows at the Brock, and they are finding out what thousands of American girls did, that there is no more thrilling indoor sport than a lively wrestling match. When the ex-football hero, Gus Sonnenburg, goes into one of his famous tackles, the damsels are up on their seats shouting as loudly as their brothers.

• • • • • • •

All baseball organizations in Western Ontario are called to send representatives to London on Armistice Day for the purpose of forming a Western Ontario Amateur Baseball Association to rule the game in defiance of the O.B.A.A. George S. Martin, past president of the O.B.A.A., and now a member of the Board of Governors of that body, is strong in his condemnation of the sub-committee which rules all play-offs, and he says it must go.

• • • • • • •

The Provincial official does not knock the O.B.A.A. in every respect, but he claims the central power, which has shown partiality to certain teams, will have to be broken. If nothing more than this can be done at the coming meeting, he will consider it a success.

• • • • • • •

Wet grounds forced the calling off of the Battle of the Sexes, the boys-girls softball game, over at the Bowl on Saturday afternoon, and a bunch of fans were disappointed. The game will likely be played in the near future if the Big Bens don't get bashful.

• • • • • • •

The uncertain weather kept down the crowd at the rugby game at Stevenson Park, but those who attended made plenty of noise. And they had something to cheer about, too, as the P.C.I. boys had it all over the Cobourg huskies on speed, with Richardson tearing off half a dozen twenty and thirty yard gains that were pretty to watch.

• • • • • • •

As it was the first game of the season, both teams were content to play straight rugby with nothing novel being attempted. Coach Legon had his players fit and working hard, and their superior speed gave them the win. Well, that evens it up, as the second Collegiate team lost out in Oshawa the same afternoon.

KASABOSKI AND HART WILL FIGHT TO A FINISH TO-NIGHT

Canadian and Dutch Champions Will Provide Thrills A-plenty for the Crowd.

THREE FAST PRELIMS

The burning question as to who is the better wrestler, Alex Kasaboski or Frank Hart should be finally settled to-night when these two bitter mat rivals clash in the main bout of the all-wrestling program being presented at the Brock street rink by the Peterborough Boxing and Wrestling Club. And judging by the unusually heavy demand for pasteboards it will be a record crowd that will turn out to see these two grapplers settle their feud.

Not in a long time has there been as much interest evinced in a sports event as in this return meeting between the Canadian and Dutch champions. And well there should be so much interest, for not since the wrestling game got under way here were there so many thrills and as much action packed into a contest as in that between the aggressive Canuck and the agile Hollander.

That last match was a series of thrills and spills and it was too bad that the inefficiency of the referee marred such a splendid bout but it has only made these two even more bitter towards each other. All of which will be reflected in to-night's return tilt which should just about be as exciting as it is possible for any wrestling match to be.

Kasaboski, while he does not admit it, has had some trouble in making the stipulated weight of 172 pounds and this has not helped him feel any kindlier towards the Dutchman. However, the latter figures he scored quite a point in making Alex come in at the reduced weight as it will weaken the Canadian somewhat.

Finish Match.

And in a finish match, as to-night's affair will be, every little bit counts and these few pounds Kasaboski was forced to lose in a Turkish bath will do him no good after the bout has been under way some time.

However, Alex feels supremely confident of winning and he points out that even though he was not entitled to the second fall allowed him by Referee Osborne, he was fully entitled to the first and only other fall scored in that match. This is something that Hart cannot deny but the Dutchman points out that he fully expects Kasaboski to have the better of matters in the early part as the Canadian is stronger.

Hart does believe that he possesses the better staying powers, however, and this added to the fact that Alex weakened himself somewhat by making the weight, should stand the Hollander in good stead.

Which ever way the match is regarded it looms up as a "natural", one of those affairs that should be remembered for many a day. It will be a case of ask no mercy, give no mercy and should result in one of the most thrilling matches ever staged on a local mat, or any other for that matter.

Good Preliminaries.

Nor is this all, for there are three other highly attractive bouts on the card. The semi-final will see that old favorite, Bob Neilson, the Danish champion, meeting a rugged performer in Joe Thomas of Windsor, one who would just as soon scrap as grapple.

Then in the second curtain-raiser, Ali Hassan, the Terrible Turk, who gave George Godfrey such a good bout here, meets Jerry Donovan, a rough and ready performer from Rochester, N.Y.

The best news of all, however, is the fact that Jack Forbes, premier wrestling referee in the country, is being sent up here to handle the main affair and the other two matches. This assures that there will be no unsatisfactory ending, as there was to the last main bout.

Instead of three wrestling bouts for to-night's show at the Brock street rink, Promoter Charles Hallat of the Peterborough Boxing and Wrestling Club to-day announced that there would be four matches on the program. The extra bout has been added because the club figures that the fans at the show suffered through the mistake made by the referee when he gave Kasaboski a fall over Hart that the former was not entitled to.

The extra bout will bring together French LaBelle, a favorite here and "Whitey" Johnston of Oshawa, a grappler somewhat after the same style as the rough and ready Frenchman. These two should provide a great scrap, replete with action all the way. It will be for the one fall with a time limit of half an hour and will start off the evening's proceedings in fitting style.

BURGESS BEDTIME STORIES

FARMER BROWN'S BOY GETS A THRILL

(By Thornton W. Burgess)

So long as there results no ill
There's stimulation in a thrill.
—Farmer Brown's Boy

Whistler the Marmot had waited until the last minute before diving to safety under the rocks as Talons the Eagle swooped down at him. He was sputtering angrily as he disappeared, yet he was enjoying the experience to a certain extent. It was a sort of game, the game of life. He was angry because he had been disturbed in the midst of a meal, and because he felt it the right and proper thing to be angry with anyone who tried to catch him. At the same time he always got a thrill from seeing how long he could wait yet escape, for Talons came that way frequently and had tried many times to catch him. He is very fond of Marmot.

Not always before when Talons had missed Whistler he had at once checked his swoop and kept on his way to look for some other less wary Marmot, but this time he didn't do this. "This fellow thinks he is very smart and needs a lesson," said Talons to himself. "I'll try giving him a surprise. It won't cost me anything and I may get a dinner out of it. Anyway it will be some satisfaction to give him a real scare. He needs it.'

So instead of continuing on his way he dropped down on a rock just back of the place where Whistler had disappeared. In order to see him there Whistler would have to come well out of his hole. There was another rock which would prevent his seeing Talons by just poking his head out.

"I won't have to wait long," thought Talons. "I've watched him many times from high up in the sky. He always expects me to go on and he always pops out before I am out of sight and the first thing he does is to look up in the sky to see which way I have gone. Well, I hope he'll do the same thing this time."

Now all the time Farmer Brown's Boy was watching with excited interest from a hiding place he had

He dropped down on a rock just back of the place where Whistler had disappeared.

built among the rocks close by. He had had something of a thrill when Talons had swooped and Whistler had waited until the last minute, but now when he saw Talons alight on that rocks he got more of a thrill, for he guessed just what Talons was planning.

Was he about to see the smartest watchman of the heights outwitted? Was he to see the end of Whistler the Marmot? The very thought made him uncomfortable. In the first place he had become so much interested in this little fellow whose whistle had so fooled him the first time he had heard it that he wanted to know him and his ways better. Then, too, he reminded him of his cousin, Johnny Chuck, back home on the Green Meadows, and Johnny Chuck and Farmer Brown's Boy are old friends. Johnny is a favorite of his and he didn't like to think of Johnny's cousin being caught by that great bird with the hooked bill and great curved claws.

"Of course," thought he, "I can scare Talons away. I wonder if I ought to. It don't seem right to allow Whistler to be killed. At the same time Talons isn't doing anything wrong. He has to eat to live and I suppose he has just as much right to live as Whistler has. He is simply obeying the laws of Old Mother Nature. If he is smart enough to catch Whistler I suppose I ought not to interfere. Well, I'll wait and see what happens. I can interfere at the last minute if I have to."

So in the growing excitement and suspense, Farmer Brown's Boy waited. He didn't have to wait long. Talons had guessed right. Whistler was impatient. He wanted to finish his dinner. Besides he knew, or thought he knew, that Talons had simply kept on his way. So that it was only a few minutes before Farmer Brown's Boy saw his nose appear, then his whole head, Farmer Brown's Boy wanted to cry out and warn him, but he held his tongue. He fairly shook with excitement. It was a thrilling moment.

Whistler waited an instant, then came wholly out and the first thing that he did was to look up in the sky for Talons. Not seeing him he sat up for a general look around. This was Talon's chance. He pitched down from that rock with big claws spread. But the instant he moved Whistler saw him, leaped to one side and darted under a convenient rock. Farmer Brown's Boy stiffled the yell he had been about to utter and sighed with thankfulness.

What To-day Means To You

"LIBRA"

If September 28th is your birthday, the best hours for you on this date are from 9.15 a.m. to 11.10 a.m., from 3 p.m. to 5 p.m. and from 8.45 p.m. to 11 p.m. The danger hours are from noon to 2.05 p.m., and from 5.25 p.m. to 7.10 p.m.

The planetary aspects of September 28th are excellent, commercially, professionaly and socially. All the signs point to steady advancement and success. Not only will effort be stimulated, but vision will be clarified. What yesterday seemed an impasse will to-day be free from obstacles. Much harmonious contentment is promised in the family circle.

A child born on this September 28th will, unfortunately, possess a disposition that will antagonize rather than attract. It will be impatient, impulsive and argumentative. The Stars predict for it a large measure of success, won, however, at the expense of those sentiments that give a joy to living.

You, if born on September 28th, are clever, but too willful to get the utmost out of your ability. Self-opinionated and bull-headed, you are rather ruthless in your methods, and care little or nothing for others' feelings or interests, provided you achieve your own ends. This, of course, when, as in your case, it is tallied with perseverance and tenacity, must ensure a certain degree of success. Could your achievements not be sweetened and made more outstanding if you injected into your actions more tolerance and a little sympathy?

You are not adaptable to environment, and can only do justice to yourself when surroundings are "just-so." You can, and very often do, make yourself attractive in social circles, and are bright, congenial and magnetic, especially when there is none other to compete with you. Glittering, rather than sincere, is your characterization, and this often blinds those who do not know you well to the glaring defects in your "make-up."

Your horoscope says that, if you mate sucessfully, your temperament will change for the better. The ideal mate for you will be born under the influence of Aries (March 22 to April 20) or Leo (July 23rd to August 23rd).

TORTURED WITH SCIATICA

After taking two boxes of Dr. Williams' Pink Pills (tonic) he felt he was better.

"For about ten years," writes Edwin Collins, R. R. No. 1, New Lowell, Ont., "I was tortured with sciatica. I was beginning to give up hope of ever being well, when I saw where a Grand Trunk employee had been relieved of sciatica by Dr. Williams' Pink Pills. After taking one box I thought I was a little better, and after taking two boxes I knew I was better, and after I had taken seven boxes I felt I had gotten rid of sciatica. I am now a man near my 77th birthday, and I am never bothered with sciatica now."

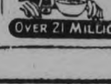
Has not been bothered with Sciatica since

The iron and other elements in Dr. Williams' Pink Pills (tonic) increase the amount of haemoglobin or oxygen-carrying agent in the blood. This has been proven by official hospital tests.

The increased supply of oxygen reacts just as you would expect—it kindles all the vital forces in the body—quickens the appetite, imparts a feeling of well-being, and induces restful sleep.

Now that you know the benefits of Dr. Williams' Pink Pills (tonic) why not do the wise thing? If you have sciatica, rheumatism, lumbago or neuritis, give these tonic pills an opportunity to work their benefits upon you. Consult your neighbors if you wish. More than likely some of them will have been benefitted by Dr. Williams' Pink Pills. But don't, we beg of you, for your own sake, put the matter off! Be sure to say "Dr. Williams'" so that your druggist will know exactly what you want. 50 cents a package 21

Canada supplies about one-third of the world's annual wheat requirements.



CATTLE, GRAIN AND PRODUCE

MONTREAL PRODUCE

MONTREAL, Sept. 28. — Butter, cheese and potato prices were lower and egg quotations advanced on the produce and dairy market here last week. On Saturday, prices were mainly unchangd.

Eastern Townships No. 1 pasteurled butter in carlots was quoted at 19¼c to 19c a pound. To retailers solids were 22c and prints 23c a pound. Receipts last week were 16,176 boxes.

Quebec cheese was unchanged at 11¼c to 11½c, and Ontario cheese was quoted at 11½c to 11¾c a pound. Last week's receipts were 26,717 boxes.

Carlot prices of fresh Ontario or Prairie eggs were unchanged, extras being quoted at 31c to 32c, firsts at 26c and seconds at 18c a dozen. British Columbia extras, in carlots, lost a cent at 33c and firsts were unchanged at 28c a doen. Quotations to retailers were unchanged and receipts for the week were 9,141 cases.

Montreal potatoes were quoted at 40c to 50c and New Brunswick cobblers were 50c to 60c per 80-pound bag.

CHICAGO GRAIN

CHICAGO, Sept. 28—Balked by dearth of export demand for United States wheat, prices of all grades showed a general downward trend Saturday. The fact that Canada found an overseas outlet for 750,000 bushels of wheat accentuated bearish sentiment, and led to sales by spreaders here against purchases at Winnipeg. Bulls failed to make headway toward rallies which had as chief support a belief that deflation in money would bring about inflation of commodity prices, and that this in turn would result in better general business.

Wheat closed nervous, unchanged to ¼c lower; corn, ⅝c to 1¼c down; oats at ¼c to ⅝ decline to ⅛c advance, and provisions varying from 5c setback to 10c gain.

WINNIPEG GRAIN.

WINNIPEG, September 28. — Increased hedging pressure in the final hour of trading wiped out early fractional gains on the wheat market here on Saturday. Prices at the close were ⅝c to ¼c lower than Friday's final figures. October closed at 54¼c, November at 65c, December at 55½c to 55¼c while May ended at 59⅛c.

Buying was on a fairly liberal scale throughout the session, with an indication of a general broadening trade. Shortly before the close hedging pressure increased, which wiped out gains established early in the session.

Broomhall reported Russia chartering additional space to Great Britain and, with better weather, completing her harvest under favorable conditions. He also reported liberal offerings of Plato wheat. Canadian shippers were holding off on account of difficulty in selling exchange.

Cash wheat and coarse grains were more active, with spreads from unchanged to slightly improved figures.

NORTH AMERICAN LIFE

PILES GO QUICK

Without Salves or Cutting.

Itching, bleeding, protruding piles are caused by bad circulation of the blood in the affected parts. The parts become weak, flabby, almost dead. Only an internal remedy can remove the cause—that's why salves, suppositories, and cutting fail. Dr. Leonhardt's prescription HEM-ROID succeeds because it removes congestion, restores circulation, heals and strengthens the diseased parts. HEM-ROID has such a wonderful record of quickly ending even piles of long standing that McDermid & Jury and Boud's Drug Store say one bottle of HEM-ROID Tablets must end your pile agony or money back.

FOREIGN MINISTER WANG MOBBED BY CROWD OF ANGRY STUDENTS

Blame Victim for Failing to Induce League Intervention in Manchurian Affair.

LIES NEAR DEATH.

NANKING, Sept. 28.— (A.P.).—Foreign Minister C. T. Wang was attacked and seriously injured today by a mob of students who blame him for failing to induce the League of Nations to intervene in the Manchurian controversy between China and Japan.

But for the intervention of a group of servants, Dr. Wang probably would not have escaped alive. The mob using clubs and inkpots, rained blows on his head, smashed windows and furniture and reduced Wang's office to wreckage.

The Foreign Minister's clothing was torn to shreds. His servants, breaking into the office through a rear window, finally carried him away. At first he was reported probably fatally injured, but a later examination disclosed that he probably would live.

Dr. Wang was found to have three wounds in the chest and lesser ones on the arms and legs. President Chaing Kai-Shek sent a detachment of his personal bodyguard to Dr. Wang's home to protect it against any attack. The guard was instructed to shoot to kill if Dr. Wang was threatened again.

Will Continue Policy.

The government announced that despite the agitation against Dr. Wang's foreign policy with which Nanking was seething, that course would be continued.

The Chinese government appealed to the League of Nations shortly after the occupation by Japanese troops last week of several cities in Southern Manchuria. Japan announced that the occupation had been necessitated by attempts of the Chinese military to destroy a bridge of the Japanese operated South Manchurian Railway, near Mukden, and by threats against the life and property of its nationals elsewhere in Manchuria.

The Tokyo government disclaimed any territorial designs upon Manchuria and announced that occupation troops would be withdrawn when the situation permitted. Japan opposed intervention by the League of Nations and suggested direct negotiations between Nanking and Tokyo for settlement of the problem.

China pinned its hoped on League intervention, which was denied in a note reaching Nanking Saturday.

Dr. Wang is 49 years old and a graduate of Yale University.

THREE S. M. COMRIE COWS QUALIFY AS PRODUCERS

Three Holstein cows, all bred and owned by S. M. Comrie, Peterborough, Ont., have just been qualified in the 365-day division of the R.O.P. with a production on twice a day milking averaging 14,779 lbs. milk containing 670 lbs. butter. The leader of the group, Nancy Echo Alcartra, five years old, produced in her lactation period 16,080 lbs. milk containing 721.25 lbs. butter, giving her an average test of 3.59 per cent. fat. One of the other two cows, Retta Sylvia Hengerveld, give in her year 13,821 lbs. milk containing 698.75 lbs. butter, giving her an average test of 4.04 per cent. fat.

MARK ST. CHURCH SUNDAY SERVICES

Members of Y. P. S. Took Charge in Evening.

Services at Mark Street United Church on Sunday, under the direction of the pastor, the Rev. E. R. Daniel, held particular appeal for the children and younger members of the congregation. In the morning flower services were held, the Sunday School childden coming into the church in their classes followed by their teachers. Each pupil carried a bouquet of flowers, which they deposited with a committee. Afterwards two wooden crosses placed on either side of the front of the church were converted into two very beautiful floral crosses.

The evening service was in charge of the Mark Street Y.P.S. Charles English, president of the society, led in prayer, and Clive Robb, vice-president, read the Scripture lesson.

John Hunter, a member of the Boys' Parliament, spoke on the work of the boys' camp at Jackson's Point, and its benefits. He thought that such training tended to bring out the best in the boys and to alter their outlook on life for the better.

During the course of the service Mrs. J. A. McKone and her C.G.I.T. Girls put on a pageant Miss Eleanor Stacey introduced the girls and spoke of the objects of the organization and the pageant. "Building the castle of life four-square" was the lesson contained in the tableaux.

Helen Heffernan took the part of Experience; Doris Skinner, Health; Margaret Weir, Knowledge; Margaret Patoine, Fellowship. Muriel Donaldson, Religion; and Margaret Emmerson, Youth.

Muriel Stacey and Francis Clark responded stating they were going out to be carpenters of life.

Beatrice Gash, soloist, sang "The Old-Time Religion," and the chorus was taken up by the choir. The service came to a close with the sounding of "taps" by Harold Wilson, bugler.

ADDITIONAL SPORT NEWS

TORONTO TEAM BEATS LOCALS

Rogers-Majestic Scores Twice in Second Half—Brooks' Goal Disallowed.

FINAL COUNT 2-1.

Peterborough's soccer eleven made a creditable reputation in Toronto on Saturday afternoon when they played the Toronto Rogers-Majestic in a return game, at Withrow Park, before a good attendance of spectators, to the score of two to one.

As a whole, the local boys were credited with playing a superior team than had been selected in Peterborough. Hakin, at left full back, being the outstanding man in both aggregations. His spectacular dash created disorder in the attacking forces which was backed up by anticipating clearances to out-general the Toronto attack. Cousins Deloro, played right full back in place of David Green. Brintons The partnership proved a success. The rest of the boys completing a perfect machine to carry the honors to the highest pinacle.

After the game, the visitors were entertained by the Toronto club to a splendid banquet. Well over forty fans travelled to the city along with the team and President V. Stewart, S. Gillespie, secretary and Jack Adams, trainer, representing the P. and D.F.A.

Special preparations were made to accommodate the Petes at the flood-night battle between the Toronto Ulster and the Montreal Ulster at the Ulster Stadium as the guests of the Rogers-Majestic Club.

In the early stages the Toronto team were more aggressive to keep the Petes in a quandry until they found their feet in the new quarters which was very heavy. Joe Daynes, Petes goalie, demonstrating his versatility in saving the barrage of shots ranged upon him and to grasp the ball in the melees in front of goal or punch clear out of danger. Eventually the Petes settled down to carry the play into the Toronto area for a long period. On one occasion, Blowers being knocked out from a kicked ball in front of him but he recovered after receiving the trainer's attention. After twenty minutes' play, Newt Downer and Jack McMaster combination proved the downfall of the Toronto defense. From a perfect pass on the right, Brown connected at the opportune moment to make the local boys one goal ahead at the interval.

On resuming after the half time interval, the Toronto boys carried the attack right close in on the defense but they found Hakin, the stalwart defender, along with Cousins, holding them to the unscorable position in front of goal. Fifteen minutes play gained the equaliser for Toronto when a miskick allowed the opening to the pivot man. Near the finish the Petes were caught napping when a triangle play brought Toronto the deciding count. The Petes went right back to put the score back on the even tally again but the referee adjudged Brooks offside from the outside position which was one of the best goals of the tussle. The concluding spurt of the Petes confined the play to the Toronto end but they failed to negotiate the goal area with any success. Toronto 2, Peterborough 1.

Peterborough—J. Daynes, goal; J. Cousins and E. Hakin, full backs; J. Buchan, W. Robb and G. Blowers halves; N. Downer, J. McMaster, B. McMaster, W. Brown and G. Brooks, forwards.

Toronto Rogers-Majestic—J. Vennard, goal; J. Watt and H. Wood, full backs; A. Pipe, A. Mair and A. Graham, halves; E. Wilson, J. Paxton, J. Hendry, C. Brewer and J. Waddington, forwards.

Referee—W. Wilson, Toronto.

BOWLING NOTES

Three games in the doubles schedule and six in the singles are to be played this evening on the greens of the Peterborough Lawn Bowling Club. This will bring the doubles games down to the finals and the singles down to the quarter finals. Play in both series will start at seven o'clock in order to permit an extra game in the doubles and to enable any of the singles players to play the next game in their schedule, should they so desire.

The games for to-night are as follows:

In the doubles, the rink of H. Coleman will play that of G. Sorensen and the rink of G. Coleman will play the rink of J. McDonald. These two games will start at 7 o'clock. At half past eight the rink of J. Sedgewick will play the winning rink in the game between Geo. Coleman and J. McDonald. The winner of this game will then play the winner of the H. Coleman—G. Sorensen game for first and second places.

Singles Games.

At seven o'clock the following singles games will be played:

J. Harrison vs. F. H. Dearborn.
J. McDonald vs. P. Nichols.
J. T. Braund vs. G. East.
J. D. Fitzpatrick vs. Dr. Allen.
A. Gillies vs. W. Oke.
H. Freeman vs. G. Hutchinson.

WINS WYE MAIDEN RACE.

WYE, Eng., Sept. 28.—(A.P.) — Mrs. Victor Emanuel's Friar Bacon to-day won the Wye Maiden Optional Hurdle Race at one mile and a half by one and a half lengths from F. Winter's Kilbeg and ten others. Friar Bacon was an even money favorite.

World Series Dates

NEW YORK, N. Y.—Sept. 28.—The World's Series baseball schedule is as follows:

Oct. 1 and 2, St. Louis; Oct. 5, 6 and 7, Philadelphia; Oct. 9 and 1., St. Louis, if necessary.

Postponed games will be played off on the grounds for which they were scheduled. All games scheduled at 1.30 p.m. (Central Standard Time), in St. Louis (Eastern Standard Time in Philadelphia).

SENATORS OUT NATIONAL LOOP

Detroit Falcons Fare Well When Players Are Distributed.

PHILADELPHIA ALSO OUT.

MONTREAL, Sept. 28.—The franchises of Ottawa Senators and Philadelphia Quakers were suspended for one year at least, and their players distributed among the remaining eight teams of the league in accordance with the strength of these clubs as indicated by last year's campaign, at a meeting of the Governors of the National Hockey League, which lasted all day on Saturday and ended early on Sunday morning.

A 48-game schedule during the coming season was adopted, and several rules were clarified and altered.

The clubs which showed themselves to be weak last year were given first choice of the Ottawa and Philadelphia players, who were distributed as follows:

New York Americans—Joe Lamb, Len Grosvenor, "Wally" Kilrea and Allan Shields.

Detroit Falcons — Alex. Connell, Hec Kilrea Danny Cox and Alex. Smith.

Toronto Maple Leafs—Frank Finnigan, "Sid" Howe.

Montreal Maroons—Harold Starr, D'arcy Coulson.

New York Rangers—Cliff Barton, "Hib" Milks, "Bud" Jarvis.

Boston Bruins—Bill Touhey.

Chicago Black Hawks — Jerry Lowrey.

Canadians—None.

MISS HICKS WINS U.S. GOLF TITLE

Long Island Girl is Victor Over Mrs. Vare in Open Tournament.

BUFFALO, Sept. 28—Mrs. Glenna Collett Vare's reign as national women's golf champion was ended on Saturday by Helen Hicks, 20-year-old golfing wonder from Long Island who defeated the five-time champion on the thirty-fifth green of final round of the thirty-fifth annual tournament 2 up and 1 to play.

It was the closest final in fifteen years of championship play and marked the first time Mrs. Vare had been beaten in the six times she had gained to the final round of the national.

Rodney Team Wins Intermediate Title

ST. THOMAS, Sept. 28.— Playing errorless ball before an attendance in excess of two thousand, Rodney won the O. B. A. A. intermediate "B" championship Saturday afternoon by defeating the Napanee team—7—0 in the second game of the finals played at Rodney. Celebration of the victory continued until the midnight hour.

The playing of the Rodney team was particularly brilliant in view of the fact that the grounds were very wet and part of the game was played in a light rain. "Tip" Miller, pitching for the winners, held the Napanee team to five scattered hits. The only Napanee player to make more than one hit was Bentley, centre-fielder, who hit safely twice in four times at bat.

TARZAN AND THE JEWELS OF OPAR NO. 91

(Metropolitan Newspaper Service)

By Edgar Rice Burroughs

It was on the morning of the third day that the scent of horse and man was wafted faintly to the ape-man's nostrils. Instantly he altered his course and it was not long before he came upon a solitary horseman. Now his eyes confirmed what his nose had previously suspected—the rider was he who had stolen his pretty pebbles. The light of rage flared suddenly in the gray eyes as Tarzan dropped lower among the branches until he moved directly above the unsuspecting Werper.

The Belgian had contrived to make his escape from the raiders' village during the commotion attending the discovery of Mohammed Beyd's body. The ape-man made a quick leap and the Belgian felt a heavy body hurtle upon his snorting, leaping horse. Giant arms encircled the rider, and in the twinkling of an eye he was dragged from his saddle to find himself lying in the trail with a naked white giant kneeling upon his breast. Recognition came to Werper with the first glance at his captor's face.

A pallor of fear overspread his features. Strong fingers, fingers of steel, were at his throat. He tried to cry out, to plead for his life, but the cruel fingers denied him speech. "My pretty pebbles," cried the man above him. "What have you done with them Tell me where they are or I will kill you," and the brown fingers of the ape-man closed a little tighter. Werper struggled to free himself. "My God, Lord Greystoke," he managed to cry out, "would you commit murder for a handful of stones?" The steel fingers relaxed, a puzzled, far-away expression softened the gray eyes.

"Lord Greystoke!" repeated the ape-man. "Who is he?" Where have I heard that name before?" "Why, man, you are Lord Greystoke," cried Werper. "You were injured by a falling rock when the earthquake shattered the passage to the underground chamber where you and your Waziri had come for the golden ingots of Opar. You are John Clayton, Lord Greystoke—don't you remember?" "John Clayton, Lord Greystoke!" repeated Tarzan. Then for a moment he was silent. Presently his hand went falteringly to his forehead—wonder filled his eyes—then understanding!

ANNOUNCE PLAN TO AID FARMERS

Dominion Will Assume Half Freight Cost Shipping Cattle East.

FEEDERS FOR ONTARIO.

CALGARY, Alta., Sept. 28.—(Canadian Press). — A three-fold plan to aid Western live-stock breeders was announced here early to-day by Hon. Robert Weir, Dominion Minister of Agriculture, prior to his departure for Regina, Sask., along with Senator Gideon Robertosn, Minister of Labor in the Dominion cabinet.

The announcement came at the conclusion of a series of conferences between Senator Robertson, Mr. Weir, Hon. T. L. Kennedy, minister of Agriculture in the Ontario Government, and three Alberta cabinet members—Premier J. E. Brownlee, Hon. O. L. McPherson, Minister of Highways and Public Works, and Hon George Hoadley, Minister of Agriculture.

Intimation was also given that the date for completion of unemployment relief projects, set as May 1, would be extended by the Federal Government.

Three Proposals.

Mr. Weir detailed the live-stock proposals. The first phase of the plan was to help farmers and ranchers in dried-out districts to send their cattle to farms in the East. Fifty per cent. of the freight cost will be assumed by the Dominion Government in shipping of the finished cattle, from the feeder farms in the East to the seaboard. Thirdly, the Ontario Government was conducting negotiations whereby it would be secure from Western Canada a shipment of 2,500 feeder steers for distribution among the junior farm clubs of Ontario, cattle to be handled by the Western Council of Beef Producers.

Mr. Kennedy said considerable support was expected from ranchers of Alberta and other Western Provinces in having the unfinished cattle shipped to Ontario for finishing before being sent to overseas markets. He added that Western farmers would derive a greater profit than under existing arrangements.

BIRTH.

COLLINS — At Cottage Hospital, Pembroke, Ont., on Saturday, Sept. 26th, to Mr. and Mrs. Chas. W. Collins—a daughter (Faith Stenton).

When Gastric Juices Fail to Flow

You know how badly an engine runs when its gets clogged up. It's the same with your body when your gastric—or digestive—juices fail to flow. Your food, instead of being assimilated by your system, simply collects and stagnates inside you, producing harmful acid poisons. What you need then is a tonic—Nature's own tonic—Nature's six mineral salts.

You get all these six salts in Kruschen Salts, and each one of them has an action of its own. Together, they stimulate and tune up the bodily functions from a number of different angles. The first effect of these salts is to promote the flow of the saliva and so awaken the appetite. The next action occurs in the stomach, where the digestive juices are encouraged to pour out and act upon the food. Again in the intestinal tract certain of these salts promote a further flow of these vital juices which deal with partly digested food and prepare it finally for absorption into the system.

So you see there is no mystery about Kruschen. It works on purely scientific and well-known principles. Prove it for yourself.

12 KILLED IN CLASH

ASUNCION, Paraguay, Sept. 28.—(AP)—The killing of twelve Paraguayan and Bolivian soldiers in a clash in the Gran Chao region further strained the relations of the two countries to-day.

The Ministry of War issued a communique saying four Bolivian casualties had occured Saturday when a Paraguayan patrol discovered Bolivian troops occupying Fort Zamaclay in the disputed territory and drove them out.

Diamond Engagement Rings

In the near future you may be buying a Diamond Ring. If you are, we are showing some of the newest designs in White or Green Gold.

Come in and let us show you these Diamond Engagement Rings of very fine quality.

Every Diamond we sell is guaranteed.

These Diamond Engagement Rings are moderately priced from $15.00 up to $150.00.

Our favorite Solitaires are very fine at $35.00, $50.00, and $75.00.

If you are interested in Diamond Engagement Rings we are only too pleased to show you these in our Private Diamond Room.

CONTESTS NARROW AT COUNTRY CLUB

Finals Reached in Several of Trophy Tourn...—Club Championship in Third Round.

The men's competitions at the Peterborough Golf and Country Club have reached, or are approaching, the final stages after many close finishes and hard-fought games.

In the Stratton Trophy, handicap medal play, Claud Rogers and J. Percy Bond meet in the finals, while in the R. R. Trophy, handicap match play, Ross Thornton, J. P. Bond and A. Barton are left to battle it out.

The George A. Macdonald Trophy, a popular annual competition open to all players who do not qualify in the club championship, has narrowed down gradually to the semi-finals, Dr. E. H. Wood, S. G. Payne, A. H. Stratton, Carl Browne and Terry Hall being left to eliminate each other.

The club championship has reached the third round, the following players still being left: R. Abbott, George Macdonald, Dr. McPherson, Ross Thornton, V. J. McElderry, C. H. Ackerman, W. F. Huycke, D. J. Lawrie, J. P. Bond and D. B. Falkner.

The Peterborough Golf and Country Club, under the able guidance of its president, H. A. Morrow, and directorate composed of W. C. Ackerman, J. P. Bond, William Sangster, O. A. DeGraw, Ross Dobbin and Secretary-Treasurer F. L. Bradburn, will soon be closing one of the most successful seasons in its long history, this club being one of the oldest in Canada, west of Montreal. With its new 18-hole course, it affords a fine test of golf and with another year of grooming by the efficient greenskeeper, Mr. Fairweather, this course should rank of real championship calibre, one of the finest in the province.

Gets Heavy Sentence For Cheque Raising

BELLEVILLE, Ontario, Sept. 28 — William Deline, who has been working around Trenton, Belleville, Stirling and other points, was arraigned before Magistrate T. A. O'Rourke in police court Wednesday morning to answer to a charge of making a false document, i. e., a cheque on the Bank of Toronto for $1.50 by adding the figure "1" to make $11.50. Deline elected to be tried before the magistrate and was sentenced to serve two years less one day in the Reformatory at Guelph. It appears that Deline appeared on a similar charge a year ago this month, which he had partly served. "Why did you do it?" asked the magistrate, Deline answering this by saying, "I needed the money" "We all do," replied Crown Attorney Donnan, "but we don't use those methods of obtaining it."

You will find many things in the Classified Ads. of The Examiner.

FAIR PATRON DIES SUDDENLY

Clifford MacFarland Passes Away While Attending Lindsay Exhibition.

DISTRICT NEWS.

LINDSAY, Sept. 28 (Special to The Examiner).—A tragedy occurred at Lindsay Central Fair Saturday evening, when Clifford McFarland a well-known Fenelon Falls merchant, passed away after an attack of heart failure while visiting the cattle barns. The deceased was born in Fenelon Falls, and conducted a general store. He is survived by his wife, five children, and two sisters.

William Lyons, of Toronto took a jail term here Saturday in lieu of paying a fine for driving a motor car without registering it at the Motor Vehicles Department. Constable Nelson started an investigation; it covered three weeks, as the car had changed hands so many times.

William McDonald, from Victoria Road, was given thirty days in the county jail for stealing license plates and a car top from an automobile in Digby Township on September 1.

Harvey McEachern, of Hartley, Eldon Township, had his arm broken on Friday. He was riding on his bicycle when he crashed into a car which was on the side of the road.

CAMPER FINED $25

Deseronto Man Left His Fire Burning.

TWEED Sept. 28.—Recently Edward Uens, of Deseronto, appeared before Magistrate J. L. Lloyd of Northbrook and pleaded guilty to a charge of neglecting to extinguish a camp fire which he had placed near the shore of Mississagagon Lake in Barrie Township. A fine of $25.00 and costs or one month in jail was imposed. The fine and costs was paid. This charge was laid by officers of the Ontario Forestry Branch. The forest fire which was caused by this neglected camp fire was extinguished by fire rangers and fortunately only a small area of timberland was destroyed. Ontario Provincial Police assisted in securing evidence for this conviction.

Annual Meeting Held United Church W.M.S

WOOLER, Sept. 28 (Examiner Correspondence)—On Thursday the Eastern Section of the Women's Missionary Society of the United Church held its annual meeting at Hilton, Mrs. S. L. Terrill being in the chair for the opening morning session.

Mrs. Mears, president of Cobourg Presbytery, was in charge of the morning devotions. Mrs. Harry Hodge, of Hilton, extended a welcome to the delegates, in her address.

Mrs. D. R Clare, of Norham, secretary of the meeting, gave a synopsis of the minutes of last year's meeting held at Warkworth. An interesting feature was the roll call of the work in the Auxiliaries, Circles and Bands, given by the presidents, Mrs. Duffin, of Cobourg, secretary of the Band work in the Cobourg Presbyterial, gave an inspiring address on the "Value of Work Among our Children."

Miss Stuart, of Carmen, contributed a pleasing solo followed by the discussion of many problems in group conference. The Quiet Half Hour was conducted by Mrs. Ashton, of Campbellford.

A delightful luncheon was served by the Hilton ladies and those in attendance enjoyed a social hour together.

The afternoon session opened at 1.30 p.m. with Mrs. Maitland, of Brighton in charge.

Miss Rorke, returned missionary from Japan was introduced and gave a wonderful address on her work, in that country. After the offering was taken, dedicatory prayer was given by Mrs. Harper, of Warkworth followed by a pleasing solo by Mrs. Poulter, of Wooler.

A questionnaire was conducted by Mrs. Ross Maitland, of Brighton, when many questions were discussed. The report of the Courtesy Committee was given by Mrs. Kingston, of Campbellford, and Mrs. D. R. Clare, in her address, encouraged the reading of the Missionary Monthly Magazine.

An invitation was accepted from Norham Auxiliary to meet there next year.

IN MEMORIAM

LANGTON.—In loving memory of Phyllis G. Langton, who went to be with Jesus one year ago to-day (Sept. 28, 1930).

Just one year ago, dear Phyllis,
You left this world of care
And went to be with Jesus
In yon world so bright and fair.

I love, Oh, how I loved you
Jesus loved you best,
He gave us the little flower
Which now is laid to rest.

She's gone across the river
And the shore of evergreen;
How I long to see her dear face,
But the river flows between.

—Sadly missed and always remembered by her mother and family.

Rally Day Is Held In Sunday Schools

Rally Day in Sunday Schools was a special feature in the city yesterday. The event was observed in St. Paul's Presbyterian Church, with an attendance of over 200. Superintendents O. M. Steer and T. H. Taylor had charge of the program arranged by the S.S. Headquarters, and in general use throughout the Church. Responsive readings and well-known hymns, with Martin B. Chenhall at the organ, comprised an interesting period. An address by Rev. A. H. Going was listened to with enjoyment, a splendid collection being also received for the work of Sabbath Schools in the West.

TWO OFFICERS ARE PROMOTED

Official Recognition Given Badges Worn by 3rd Prince of Wales Dragoons

RIDERS QUALIFY

Promotion of F. G. Stinsons, 3rd Prince of Wales Dragoons from the rank of captain to major, and A. F. Johnson of the same unit from the rank of second lieutenant to full lieutenant is announced in current district orders for Military District No. 3.

Five other members of local militia units are named as having earned qualifications for proficiency in riding. They are as follows: Lt G. R. Clegg, Peterborough Rangers; Capt. H. J. Devey, Capt J. Turnbull, Second-Lieut. R. C. Honey and Second-Lieut. L. C. Gilders, all of the 4th Machine Gun Battalion.

A matter of interest locally was concerned recently when in general orders official recognition was given the badges that have been used by the 3rd Prince of Wales Dragoons.

In the general orders the officers' cap badge of the unit is described as follows:

"The plume of feathers and scroll with motto in silver, remainder of badge in gilt. The badge of His Royal Highness the Prince of Wales viz: a plume of three ostrich feathers enfiled by a coronet composed of fleurs-de-lis and crosses—pattee alternately, with motto 'Ich Dien'; below a scroll inscribed 'The 3rd Prince of Wales Canadian Dragoons'."

The officers' collar badge is described: "Coronet in gilt, remainder of bade in silver same as for cap badge but without the lower scroll." Badges of the ranks are of the same design as those for officers, cap and collar badges in brass and white metal and shoulder badge in brass.

The Prince of Wales, Colonel H. R. H. Edward A.C.G.A.P.D., is honorary colonel of the 3rd Prince of Wales Dragoons. The regiment was organized on April 30, 1875. Colonel Bolton, an Englishman residing in Cobourg who served with distinction in the Crimean War made the organization of the unit his life work. Original strength was 40 to 50 men, all ranks.

Through Colonel Bolton permission to use the plumes and crest of the Prince of Wales was first granted. Colonel Bolton had commanded for 20 years Five commanding officers followed between the time of his retirement and the Great War. They were Col. H. H. Rogers, Col. D. Sulton, Col. W. W. Brown, Col. G. H. Sayer and Col. C. H. Rogers.

During the war the regiment was disbanded temporarily but later reorganized.

An edible berry larger in size than the raspberry, but yellow in color is found on the shores of Hudson Bay.

CHAPTER HEARS GOOD REPORTS

Several Items of Business Discussed at I.O.D.E. September Meeting.

CEMETERY FLAG POLE.

The September meeting of the 57th Regiment Chapter I.O.D.E. was held in the Armouries Friday afternoon with a large attendance. The Regent, Mrs. T. W. H. Young, presiding.

After the usual routine business, letters were read expressing thanks for flowers, and a letter from the secretary of Little Lake Cemetery Company giving the Chapter permission to erect a stone base for the flag and a flag-pole on the Soldiers' Plot. Other correspondence consisted of literature from the Provincial head office regarding recent questions which each chapter is asked to consider this year; viz., Communism, Work in India, Royal North West Mounted Police Veterans' Institute, League of Nations Committee, War Memorial, Immigration, Unemployment, and a request from the Health Association for a donation; a resolution was passed that $10 be given to this worthy cause.

Mrs. Sharp reported for the Sick and Visiting Committee that 171 visits had been made since the last meeting and Mrs. W. Gordon Hall reported for the Relief Committee.

Mrs. C. Newman gave a report of the picnic held at Mrs. Hall's summer home at Crawford's Grove, which was attended by a large number of members. A very enjoyable afternoon was spent in boating, fishing and cards, concluding with a delicious lunch. Mrs. Hall was heartily thanked for her hospitality.

Mr. Kinnear of Oshawa, representing the Canadian National Institute for the Blind, gave an address on the work, asking the chapter to co-operate with the other local chapters in sponsoring a tag day.

It was decided to leave this matter over until next spring.

Cemetery Flag Pole

Mrs. R. G. Cottrell gave the report of committee regarding the base for the flag pole at Little Lake Cemetery and submitted drawing of the base. She was instructed to go on with the work and if possible have it finished by Armistic Day.

Arrangements were made for the monthly afternoon, Bridge parties to be held in the Armouries. The first of the season to be held on Wednesday afternoon, September 30, when the following ladies will act as hostesses: Mesdames Sharpe, Skinner, Touchbourn, Walker, Wallace, Wiggins, Welch, Young, Yelland and Miss Wesley to act as hostesses.

Mrs. Young reported on the meeting of the Women's Council, and referred feelingly to the loss of the council in the death of their president, the late Mrs. C. Edwards.

Mrs. R. E. Birdsall gave a very comprehensive report of the thirty-first annual meeting of the National Chapter of Canada of the Imperial Order Daughters of the Empire held in Halifax on May 25th to 30th. She described the beauty of the city and its historic setting, mentioning that a service of intercession for the Order was held in St. Paul's Church, the oldest Protestant church in Canada. She also referred to the splendid welcome and hospitality of the citizens. The opening ceremonies were very beautiful and impressive. She gave a brief synopsis of the National Regent's (Mrs. M. Burelius) address, and stressed some of the work being done by the I.O.D.E.—navy work, Indian child-welfare work, pre-natal and maternal education.

A hearty vote of thanks was given Mrs. Birdsall by the unanimous voice of the Chapter.

Afternoon tea was served and a social half hour enjoyed.

An economical wall finish

WALPAMUR the famous flat finish for walls and ceilings is economical, because it is so easy to apply that a little goes a long way. You have a choice of the most delightful shades, that dry with an eggshell bloom. It has a soft light-diffusing effect, and makes a lovely background for your household treasures.

It is permanent, washable and fire-resisting, and looks equally well on a wide variety of surfaces.

Consult your decorator or dealer. Ask him for a shade card, or write to us direct

Weddings

FRANCIS—McINTYRE.

The marriage was solemnized on Saturday afternoon at 5 o'clock, at the manse of the United Church, Keene by Rev. J. Verner McNeely, of Jane Elizabeth McIntyre and Roy Nelson Francis.

The attendants were Marjorie Francis, sister of the groom, and Archie McIntyre, brother of the bride.

The young couple will reside in Otonabee.

Obituary

MRS. W. J. JIBB.

COBOURG, Sept. 28. — The funeral took place Saturday afternoon at Fenella of Mrs. Jibb, wife of Mr. W. J. Jibb, agriculturist and auctioneer, of Haldimand Township. Mrs. Jibb had been ill for some months. Mrs. Jibb's maiden name was Sarah Davidson, and she was 68 years of age. She is survived by her husband, but leaves no family.

MRS. JOHN TIGHE

Mrs. John Tighe passed away at the residence of her son, Howard Tighe, 687 Water street, at one o'clock this afternoon following a short illness. Mrs. Tighe was 82 years old and was born in Otonabee township the daughter of the late Mr. and Mrs. John Clifford. She had resided in the city during the past three years, having come here from Smith township.

The surviving members of the family are three daughters, Mrs Whatley of Oregon, U.S.A., Mrs C. W. Bullock of Smith; and Miss Susie Tighe of Bethany, and also one son, Howard Tighe of this city one brother, Walter Clifford of Otonabee, and one sister, Mrs. W Darling of Wolsley street. Her husband predeceased her five years ago.

Mrs. Tighe was a member of Gilmour Memorial Baptist church. The funeral will take place Wednesday afternoon at 2 o'clock from the residence of her son, 887 Water street, to Lakefield.

MADRIGAL SINGERS

Costumes Add to Audiences's Delight in Fine Program

When the Madrigal Singers of Peterborough sang in the Eaton Auditorium on Saturday evening they created a series of very charming pictures, as well as presenting a program of vocal music of great excellence and fine quality. When this choir of 26 women's voices is heard over the air, the result of wise selection, careful training and able direction is apparent, but much of the particular appeal of this group of singers is lost. Saturday evening the fortunate members of the audience in the auditorium delighted both in the fine music and in the attractive pictures made by the singers in white wigs and quaint costumes in pastel shades, as they grouped themselves on the stage. Even the assisting artists, Maurice Solway and Philip Spivak, wore colored coats, in seventeenth century manner.

In the early part of the evening the highlight was the "Song of the Shepherd Lehl" by Rimsky Korsakow, and "Spring, Lovely Spring," by Greig. "Tyrle, Tyrions," by Healey Willan, delighted the audience, and in response to a request the director included another of Dr. Willan's carols. Leo Smith's "We Are the Music Makers" was warmly applauded, and the closing number, "Twenty Eighteen," was repeated by the choir following a tremendous ovation.

Dorothy Allan Park contributed a fine group of solos, with Weldon Kilburn as accompanist. Maurice Solway, violinist, played Schubert's "Ave Maria" exquisitely, and, with Philip Spivak, 'cellist, accompanied one of the choir's numbers, "The Snow," by Elgar. Gwen Donley and Madge Williamson also acted as accompanists. The concert was under the diretcion of Bernard Willion.

HOARDING CASH HURTS INDUSTRY

Public Aggravates Unemployment by Holding Money.

U. S. RADIO ADDRESS.

WASHINGTON, D. C., Sept. 28—(A.P.)— The public, by failure to spend its money, is blamed by Walter S. Gifford for much of the unemployment distress.

Consumer buying, the man entrusted by President Hoover with caring for the suffering of the jobless believes must precede solution of the problem.

"If the public buys neither work nor goods it is the public that is indirectly discharging men," he said, last night, in a radio address over both national networks.

He enumerated a four-point programme for coping with unemployment distress, it included:

1. Appointment of a state-wide committee of leading citizens by the Governor.

2. Organization of an emergency committee in needy communities.

3. Determination by this committee of the probable unemployment load and the development of ways to meet it by providing employment or relief.

4 Reports to the state committees on plans of the local groups. He said 6,000,000 was the estimate "most generally mentioned" for the number of unemployed, and added:

"Employers have already to an extraordinary degree spread employment available in their own plants among their workers. Many have gone the limit."

Describing the employment situation as temporary, he said similar emergencies in this country occur so seldom "there is not and probably ought not to be permanent organization to cope with it."

DEATH.

DRUMMOND.—On Sunday, Sept. 27th, 1931, Mary McFarlane, widow of the late Alexander Drummond of Otonabee, age 92 years.

Funeral service will be held from the home of her son, D. F. Drummond, 759 George Street, on Tuesday, Sept. 29th, 1931, at 2 p.m.

Interment in Keene Cemetery.

"REDS" CLASH WITH POLICE IN WINNIPEG

FORMAL RE-OPENING OF Y.M.C.A. PRESENTS MANY IMPROVEMENTS WITH SWIMMING POOL FEATURE

Capacity Crowd Attends Ceremonies When $120,000 Addition is Completed and Dedicated to the Purposes of the Y.M.C.A.

HOST OF VISITORS DEEPLY IMPRESSED

T. F. Matthews and Dr. E. M. Best Return to Peterborough for This Event—Were Main Speakers Last Night.

Complete in every detail and hailed as one of the finest and best equipped institutions of its kind in the Dominion, the new $120,000 addition and improvements to the city's Young Men's Christian Association building was formally opened last evening.

Glistening in its newness and impressive in its interior architecture and furnishings the large building was thronged for hours by admiring citizens who were keen to view the many increased facilities that the association now offers the men, young men and youths of the city. All were unrestrained in expressing their wonder and approval at the great changes that have been wrought and the excellent appointment of its recreation equipment.

To W. A Richardson, chairman of the local Association's board, fell the honor of declaring the building formally open. Two well known former residents of the city, T. F. Matthews and Dr. E. M. Best, general secretary of the Y.M.C.A. for Canada, made brief addresses bringing optimistic messages of the Y.M.C.A.'s increased service in guiding young men to higher goals.

Pride in the city's achievement in uniting to erect such a beautiful and useful structure and thanks to the citizens who had so generously contributed funds for the cost were expressed by Mr. Richardson. More than 1,900 residents of Peterborough had contributed to the building fund, he stated.

His deep and unbroken interest in the steady progress of this city was the undertone of Mr. Matthews' address in which he stated that Peterborough had never lacked for capable, high-minded men who give their time untiringly to the management and furtherance of civic governments and public institutions. Speaking along this vein, he declared, "Peterborough has been blest in that it has been particularly free of scandals, graft and other things that sometime besmirch public office. No city is showing greater consistency than is Peterborough."

Mr. Matthews, who during his residence here was active in his service to the city's interests, recalled that on several occasions criticism had been levelled at the City Council, School Board and Utilities Com-

TIP ON HORSE COSTS $20,000

Retired Policeman Takes Up Chase After Clever Flimflam

TRAIL LEADS TO QUEBEC

LOS ANGELES, Cal., Sept. 29.—For twenty-two years Anthony Connelly was a Nemesis of crooks. A year ago he retired from the local police department as a lieutenant, put his life savings of $20,000 in a bank and departed for Ireland to visit his aged mother.

To-day Connelly was without his $20,000—but he was on the trail of 'his man' in Montreal, Quebec, and he had taken a vow not to give up until he had brought to justice the man who duped him out of his savings.

The story of Connellys misfortune was told by his former superior officers here to-day. Connelly met a man on a trans-Atlantic liner. Together they found a pocketbook containing several telegrams giving tips on horses. The purse belonged to a "betting commissioner" whom they later were able to locate aboard ship. The so-called commissioner supplied them with tips on horse races which netted them money.

Then the three of them—Connelly, his companion and the "commissioner"—at the suggestion of the latter, decided they would make a killing by each placing $20,000 on a certain horse. Connelly returned to Los Angeles, withdrew his savings and placed them with the "commissioner." He's still looking for him.

KING, PREMIER BACK IN LONDON HOLD SESSION

National Cabinet Meets Following Talk in Buckingham Palace

DECISION WEDNESDAY

Gap Between Tories and Liberal Free-Trade Wings is Narrowing

By George Hambleton, C. P. Staff Writer

LONDON, Sept. 29—The King returned to Buckingham Palace from Balmoral, Scotland, today, and this afternoon he received Prime Minister Ramsay Macdonald.

Afterwards there was another meeting of the National Cabinet. Formal announcement of the Prime Minister's decision—whether or not there is to be dissolution and an early general election—is not expected before tomorrow.

Obviously, despite his brief holiday still feeling the effects of the enormous strain of the past few weeks, Prime Minister Macdonald is makin gevery effort to preserve unity in the National Government.

Deny Cabinet Vote

In official circles it is denied the cabinet divided yesterday six to four in favor of an election. At the same time it is clear that a division exists both on the advisability of an election and the nature of the appeal to be made—if it should be made at all.

The gap between the Conservative and the Liberal free-trade wings of the cabinet is narrowing, but it is still there. Many Conservatives who ten days ago were pressing for tariffs as the spearhead o their campaign now argue that tariffs would not be the all and end all of national policy.

FARMER MEETS DEATH CARRYING POTATOES

Lost His Balance—Dropped to Concrete Floor

CHATHAM, Ont., Sept. 29. — Carrying a sack of potatoes on his shoulde, from the first floor of his barn, Dawson Ophee, aged 60, well-known farmer of Harwich was almost instantly killed when he lost his balance, and alighted on his head on the concrete floor. His skull was fractured and his neck broken and he died before a doctor could be summoned. Oscar Bewens, a neighbor had called at Ophee's to get some potatoes, and curious over the delay, went to the barn to investigate. He found the farmer at the foot of the steps with the sack of potatoes at his head. Coroner Hanks decided not to hold an inquest. Ophee lived alone on the farm.

Briand Returns Ready For Fish Or a Tea Party

BERLIN, Sept. 29 (C.P.). — Aristide Briand was equipped either for a quiet fishing expedition or a tea for two as he travelled back toward Paris to-day.

His German admirers loaded him down with a complete angler's outfit, to which he is no stranger, and several china plates filled with dainty cakes—"to sweeten Franco-German relations.

WANT 500 MEN IN FIRST QUOTA FOR ROAD WORK

Premier States Work Will Commence Next Week

LISTS OUT TO-DAY

As Camps Grow in Number More Workers Will Be Added

TORONTO, Ont., Sept. 29 (C.P.). —Premier Henry announced to-day that unemployed to be given work on the trans-Canada highway will commence work next week, the quota allotments to municipalities being announced later to-day by the Advisory Committee of the Cabinet. Camps are already established between North Bay and Chalk River, in the eastern section to be constructed, and between Schrieber and the Manitoba boundary in the western section, said Premier Henry. The men will be taken by train to the nearest point to the camps, which are about five miles apart. As the camps grow in number, men will be taken into them. The first quota to be taken to the first camps is likely to be about 500, to be followed daily by other quotas as they are accommodated in the camps. Engineers from the Department of Highways and Northern Development have been laying out the camps for some weeks, while the actual equipment has been installed together with food supplies by the contractors, Crowley and McCracken of Sudbury.

NO WAGE CUT YET FOR RAILWAY MEN

Delegates of Unions to Consult Employees

MONTREAL, Que., Sept. 29. (CP) No ten per cent. wage cut will be imposed upon the running trades of the Canadian Pacific and Canadian National Railways until further conferences have been held between railway officials and delegates of the railway brotherhoods, according to a statement issued by delegates from the brotherhoods in session here.

After a prolonged discussion with railway officials it was agreed to allow the matter to stand in abeyance sufficiently long to give the respective organizations time to confer with their members the statement said.

Represented in the conference here were the railway trainmen, engineers, conductors, firemen, engineers, conductors, firemen, enginemen and railroad telegraphers

On Sept. 15 the railroads asked the men to meet and consider a ten per cent. wage cut in view of difficult times experienced by both systems.

STOCKHOLM UNCHANGED.

STOCKHOLM, Sept. 29 (C.P.). — The Stockholm stock exchange did not open to-day, and will remain closed until further orders, it was officially announced.

Manhole Cover Shoots 20 Feet In Air On Pillar Of Fire—2 Have Close Call

TORONTO, Ont., Sept. 29.—(CP)—With a roar that could be heard for blocks, a hydro-electric manhole blew up on St. Alban's street near Yonge this morning, shattering the cover over the roadway and breaking several windows on the north side of the street. No one was injured and two people who were standing nearby, Bud Spellman, 16-year-old newsboy, and Constable Robert Burney, bear no other marks o. their experience than singed hair and mud spatters on their clothes, hands and faces.

So violent was the explosion that besides blowing to fragments a three-quarter inch cover, it threw the manhole lid twenty feet in the air on top of a pillar of flame, while metal pieces, bolts and mud flew in every direction.

The accident is attributed to a short circuit in one of the fuse boxes of the Toronto Hydro-Electric Commission.

FOUR WOUNDED IN GUN BATTLE WITH ROBBERS

Pair Have 12 Men Lined Up Against Wall as Police Enter

FIRE THROUGH DOORS

One Bandit Breaks Hip in Fall and is Captured—Second Escapes

NEW YORK N.Y., Sept. 29 (CP) A detective and three victims of an unsuccessful holdup were seriously wounded last night in a gun fight with two robbers in the Bronx.

The shooting took place in the offices of the Crontona Trading Corporation, a Loan Association, which shares its building with a synagogue.

The two robbers entered shortly before midnight, lined 12 men against the wall and were searching them when three policemen dashed up the stairs in response to a neighbor's phone call.

The robbers locked themselves in and tried to get out of the window, meanwhile exchanging shots with the police through the locked door. Three of the intended victims dropped from the gun fire and Detective James Foley was hit in the face.

One of the robbers, identified as Louis Katoff, 27, of The Bronx, broke his hip falling out of a window. The other escaped with $2,000.

THREE FIRES HIT WEST ONTARIO

Two Farmers Lose Barns, Stock—Creamery is Destroyed

$18,000 DAMAGE

STRATFORD, Ont., Sept. 29. — (C.P.)—Three fires in Western Ontario today resulted in damage approximating $18,600.

Gilbert Bechtel, a farmer living near New Dundee, was burned about the hands when fire destroyed the barn on his farm with an estimated loss of $7,000. Between $8,000 and $9,000 was the estimated loss caused by fire which destroyed the large bank barn of the farm of Donald Innis, West Zorra township. Both barns contained the season's crops as well as nearly 50 pigs and agricultural implements.

A large creamery operated by Trendell Brothers of Milverton was gutted early this morning with loss of about $2,000. Between 400 and 500 pounds of butter were destroyed.

FIVE CANUCKS IN 2ND ROUND

Invading Forces Have Best of Play in First Round for Canadian Title

ENID WILSON ALSO IN

ROSEDALE GOLF CLUB, Toronto, Sept. 29 (C.P.). — Invading stars of the golfing world had by far the best of matters in the first round of match play for the Canadian ladies' open golf championship which was played to-day over the difficult course of the Rosedale Golf Club under ideal weather conditions.

Led by Miss Maureen Orcutt of White Beaches Club, Englewood, N.J., nine United States competitors, including all the leading players entered from the south, were successful in to-day's play and will go into the second round to-morrow, together with five Canadian women and Miss Enid Wilson, the British champion, and her compatriot, Miss Marjorie Kerr.

Miss Orcutt, the titleholders, who won qualifying honors yesterday, obtained an easy victory over Mrs. L. G. Riley of Pittsburg. Other United States women who won their matches were: Miss Marion Hollins, Santa Cruz, Calif.; Mrs. O. S. Hill, Kansas City, Mo.; Mrs. J. Arends, Detroit; Miss Virginia Van Wie, Chicago; Miss Bernice Wall, Oshkosh, Wis.; Miss Mary K. Browne, Cleveland; Mrs. Arthur Harrison, Buffalo; and Mrs. Harley Higbie, Detroit.

BULGARIAN RATE RAISED.

SOFIA, Bulgaria, Sept. 29 (C.P.). —The Bulgarian National Bank rate was raised to-day from eight and one-half per cent. to nine and one-half per cent.

Bank Wishes To Close Its Portals But People Refuse To Take Money

CHICAGO, Ill., Sept. 29.—Imagine a bank run and everybody being happy.

Such was the case yesterday when the Mayfair State Savings Bank invited its customers to come and get their money—100 cents on the dollar—because the board of directors decided that it was not possible to pay operating expenses and make a reasonable return on the capital invested.

By closing time, however, only about one-third of the $690,000 on deposit had been withdrawn.

A group of depositors surrounded T. B. McGrath, Jr., and told him they did not wish to withdraw their money. Others argued with the paying tellers, urging them to keep it. Many left without bothering to take their money.

Dozens of stock and bond salesmen waited outside the bank to solicit customers.

"If someone were to tell these people they could not get their money they would be tearing the doors down," an observer said. "But now that they are told to come and get it, they don't want it. Other banks could profit by this lesson in the psychology of depositors."

LOUIS SUKLOFF AS STAR WITNESS TRACES COLLAPSE OF BUSINESS DEVOLVING FROM FATHER TO SON

Lawyer Member of Peterborough Family Assumes Histrionic Role

EVIDENCE CONCLUDED

Son's Ignorance of Business Main Factor in Failure, Is Alleged

That Norman Sukloff as a result of ill-health was unable to conduct his store; that the business was handed over to William Sukloff and brought about into bankruptcy as a result of his ignorance of merchandising methods, was the substance of evidence given by Louis Sukloff a Toronto barrister and star witness for the defence in the hearing of the charge of fraud and conspiracy against William Sukloff which opened before His Honor Judge E. C. S. Huycke in County Judge's Criminal Court yesterday morning.

Explaining the existence of a banking account owned in the name of William Sukloff and transferred to Norman Sukloff at the Toronto Loan and Savings Company, which fact witness admitted had been withheld from the trustee in bankruptcy, he stated the plan was that William should gradually absorb the business from his father. In order to do so the bank acount in the Toronto Loan and Savings Company was established, and first of all a loan obtained from witness's step-mother was paid off. Witness denied that he or his brother William knew that the business was isolvent at the time deposits were made to the account.

All the evidnce was in when the court adjourned at six o'clock last evening, until 10 o'clock this morning.

V. J. McElderry, K.C., conducted the case for the Crown assisted by E. B. Goodman, solicitor for the trustees in bankrupcty.

W. F. Huycke appeared for William Sukloff, while R. R. Hall, K.C., is solicitor for Norman Sukloff.

Constable Piercy

Detective Constable William R. Piercy the first witness for the prosecution when the court assembled following the noon hour adjournment yesterday, was cross-examined by Mr. Huycke as to his authority for visiting the premises of Nathan Fine and Abraham Cherney. Witness said he had a warrant which was sent by G. F. Glatt of Toronto trustee in bankruptcy in the affairs of Norman Sukloff, to A. E. Moss, special investigator. Witness took that warrant to the Sheriff and got it stamped and endorsed.

Mr. Huycke—Where did you go when you got the warrant.

"I don't have to answer that question."

His Honor interposing: Yes you do.

"Fine's was the first place I went to," replied witness.

Asked what reason he had for

DRIVER LOST CONTROL; CAR OCCUPANTS HURT

Serious Accident Near Cannington Narrowly Averted

LINDSAY, Sept. 29.—Harold W. Archer of St. Davids and Miss Myrtle M. Stevens, of St. Catharines luckily escaped serious injury this morning when, near Cannington, Mr. Archer lost control of their car and it nose dived into a four foot ditch, turned a somersault and came to rest on its side.

They were taken back to the home of Dr. B. Cramer of Woodville, with whom they had been visiting and at noon today it was reported that their injuries were not serious.

Meeting Is Held Woodmen Of World

The regular meeting of the above organization was held in their hall last night, following which a nice old time dance was thoroughly enjoyed until the midnight hour.

A delegation from Toronto District Camp paid a fraternal visit led by District Manager Harvey S. Lloyd and Consul Commander C. V. Shea.

Peterborough Camp is making full preparations for Wednesday, October 14th, when the local members visit Toronto to take part in the "Peterborough Night," to be held in the Woomen's Hall, corner Spadina and College streets.

WIGGINS SEES REVIVAL AHEAD

Claims Normal Will Return When There is Purchasing Power in Europe

SOUND PLANS LAID

NEW YORK, N.Y., Sept. 29.—Albert H. Wiggins, chairman of the governing board of the Chase National Bank and United States representative at the conference at Basel, Switzerland, to report on the German credit situation, said today on his return from Europe, he believed an adequate program for reviving confidence and for establishing a sound basis for credit is contained in the committee's report.

In effect, Mr. Wiggin said the report of the Basel committee, of which he was the head, says the restoration of Europe's credit depends upon lower reparations, lower inter-Allied debts, lower tariffs and the rapproachment between France and Germany.

'Normal business conditions will not prevail in the United States," he said, "until there is purchasing power in Europe. South America and Asia, and until Europe, and particularly Germany, can function normally.

"The business depression is world wide Great Britain and Germany already have taken vigorous action, but they need the help of the rest of the world.

"The gold of the world is concentrated in few hands. The extension of credit is necessary, but credit alone is not enough, nor can adequate credit be given under existing conditions."

Seven Men Arrested On Rioting Charges At City Hall Doors

BESSBORO' GETS WARM GREETING IN FREDERICTON

Occasion is His Excellency's First Official Tour of Maritimes

19-GUN SALUTE FIRED

Civic Welcome Given at City Hall—Public Buildings Visited

FREDERICTON, N.B., Sept. 29 — (CP)—Thousands of citizens, headed by civic, provincial and military officials, extended a greeting this morning to the Earl of Bessborough Governor General of Canada on the occasion of His Excellency's first official tour of the Maritime Provinces. Fredericton was the first provincial capital to be visited in the course of the tour of the vice-regal train arrived here at ten o'clock after spending the night on a siding at Taymouth.

Hon. C. D. Richards, Premier of New Brunswick and Mayor W. Cr. Clark of Fredericton, headed welcoming committee and assisted by Hon. L. P. D. Tilley, Minister of Lands, Hon. J. A. Stewart, Minister of Public Works and Hon. Dr. H. I. Taylor, Minister of Health and Labor, the Lieutenant Governor of New Brunswick, Major General Hugh McLean, was represented by his secretary and A. D. C., Captain F. C. Barker.

Inspects Guard of Honor

Fine autumn weather prevailed as His Excellency alighted from his train and entered into the program of entertainment that will engage him throughout the day. After inspecting the guard of honor while a nineteen gun salute was fired from the riverside battery, the Governor General was driven to City Hall where a civic welcome was extended. Hundreds of school children lined the route of the drive, having been given a half day holiday for the occasion.

The vice-regal party was taken for a drive about the city and several public buildings and institutions were visited, including the Victoria Public Hospital, where many of the nurses were presented to His Excellency and the Dominion Experimental Farm.

Following a luncheon tendered by the city, His Excellency resumed his sight-seeing tour.

Damage Of $400,000 By Workers Alleged

Nine Former Employees of Power Company Arrested

MONTREAL, Que., Sept. 29. (CP) Nine men, former employees of the Montreal Light, Heat and Power Company were arrested here to-day on warrants charging them with dynamiting the company's property during a recent strike.

They will be arraigned later in the day.

In addition to the men arrested to-day fourteen others have been taken into custody on similar charges.

The sabotage began during the strike and lasted after the dispute was settled. The company estimated that $400,000 damage was caused to its equipment.

Spaniard Will Sail Columbus' Route In Duplicate Of Discoverer's Flagship

MADRID, Sept. 29.—Seafarers alon, ocean routes this Winter will rub their eyes when they see a tiny sailing vessel from another age gliding slowly past them to vanish in the mist.

What they will see will be a recreation of the Santa Maria, Columbus's famous flagship of 220 tons, with two mainsails, a dark hole for the crew below decks, and the captain's cabin under the raised stern just where the ship gets a sickening roll from the impact of huge combers against the tiny cockleshell sides.

Twenty-five Spanish sailor youths, not half the number of Columbus's crew of fifty-two, will man the vessel under the command of Captain Julio Guillen, who is forty-five years old.

With hardtack to last for three months and water for five months, no instruments or comforts constituting 1492, not even a radio in case of emergency, this exact replica of Columbus's flagship will slip away some time in February from Palos, where Columbus set sail, and will follow the great explorer's route.

Council Refused to Hear a Deputation From Unemployed Men

MOB EXCEEDED 2,000

Rock Hurled at Alderman's Car Exploded Crowd's Passion

WINNIPEG, Man., September 28 (C.P.). — Rioting charges stood on the police books to-day against seven men arrested during the height of a hand-to-hand battle last night between police and Communists at the front and back doors of the City Hall. When three policemen, injured in the clash, are released from hospital, other charges will be laid.

More than 2,000 Red followers milled and yelled in a mob that jeered and threw stones, rushed the police in an attempt to get into the City Hall, and ran away down side streets and back lanes when baton-wielding constables got the upper hand. The disturbance started when a meeting of City Council refused to hear a delegation of the Unemployed Workers' Association.

"Thrown Out" of Chamber.

The leader of the deputation, T. O. Woods, was escorted from the Council Chamber by police as Communists, crowding the galleries, protested the Council's decision noisily.

Woods emerged from the back doorway of the building. He jumped on an improvised platform and addressed his followers, claiming he had been "thrown out" of the chamber.

"What are you going to do about it?" he shouted.

He made a second unsuccessful attempt to gain a hearing. News of his rejection was announced to the crowd, and with cries of "Let's back our delegation," the workless mob rushed the police who guarded the back entrance. Official blackjacks beat them back and another attempt to break through the police cordon at the front door also failed.

Council Is Booed.

When Mayor Ralph H. Webb and several aldermen came out the front door following Council session the crowd booed. When one alderman got into his car and started to drive away, a jagged rock was hurled against the machine. Police rushed into the mob to find the offender, and a general melee followed.

Scores of men were knocked down by police batons. Blood spurted from bruised heads and Communists retaliated by throwing stones, bricks and pieces of broken concrete at passing automobiles and constables. Seven arrests were made before the riot was quelled.

Constable Carl Tangstad, motorcycle policeman, was taken to the hospital unconscious from a blow on the back of the head by a rock. Two other constables were less seriously hurt, but also were rushed to the hospital.

SON IS ARRESTED ON ARSON COUNT

Police Action Follows Sending of Note and Barn Burning Near Picton

REMANDED WEEK

BELLEVILLE, Ont., Sept. 29 — (C.P.)—Quick action by the police followed the fire on the farm of Alex. Van Horne, about six miles from Picton, which occurred last Friday night, destroying barn, four horses, a bull and the season's crop. Anonymous letters had been received by the Van Hornes, demanding that money be placed in a specified spot and that in the event of failure to do so, the barn would be burned. Suspicious circumstances led the police to the scene of the fire and there they arrested Leonard Van Horne, the son of Alex., who is said to be a part owner with his father. The arrest was made late Monday afternoon by Ontario Provincial Constable Durnford of Picton, and County Constable James Lovelace of Bloomfield. Leonard Van Horne was placed in jail at Picton, charged with arson.

He is a married man and is 33 years of age. District Inspector Lougheed of the Ontario Provincial Police, Belleville, was in Picton on Monday afternoon in connection with the probe into the fire and the arrest of Van Horne.

The accused was arraigned before Magistrate A. E. Calman, Picton, today and remanded one week.

Nearly 300,000 pounds of grapefruit will be exported from Porto Rico this year.

WORK PROGRAM APPROVED AT CAMPBELLFORD

Council Passes By-law Calling for Water and Sewer Extensions

UNDER RELIEF PLAN

Construction Will Amount to Approximate Sum of $9,515 —Meet October 23

CAMPBELLFORD, Sept. 29. (By Examiner Staff Correspondent). By a unanimous vote of the Campbellford town council the procedure by-law calling for water and sewer extensions in the town under the Local Improvement Act was passed at a special meeting held last night. Calling as it does for work amounting approximately to $9.515 it will be proceeded with under the government relief plan to aid the unemployed of the town this winter. In accordance with the act the notice of intention to proceed with this work will be published for three consecutive times in the press and a special meeting of the council will be held on October 23, to proceed with the passing of the construction by-law providing no objections are raised by property owners.

Engineer W. Scott gave his report on the work to be done, explaining details relative to the six locations. On Portage street the extension of a six inch water main will be constructed with 30 years as the life time of the improvement. The total cost of this work will be $1,860, the corporations share $912 and the property owners share $948. The rate per foot frontage will be 40 cents.

On Margaret and Naseby streets an extension of a six inch water main will be run at a total cost of $2,540, corporations share to be $1,227.50 and owners share $1,312.50. Estimated frontage rate per foot 45 cents with an annual frontage rate per foot covering a period of fifteen years of 4.33 cents.

On the Havelock road to the limit of the corporation a six inch water main extension at a total cost of $2,520, owners share, $1,317 and corporations share $1,203. Rate per foot frontage 50 cents with an annual rate frontage per foot of 4.82 cents.

On Raglan street the construction of a sewer and a 1½ inch water pipe at a total cost of $520, owners share $231.60. Corporations share $288.40 life of improvement 16 years. Special rate per foot frontage, 44 cents and the annual rate per foot frontage covering a fifteen year period 4.82 cents.

On Front street the construction of a six ich water main with a 16 year life of improvement at a total cost of $1,750, owners share $738, corporations share $1012. Special rate per foot frontage $1.32 and a special annual rate per foot frontage of 12.72 cents covering a period of fifteen years. All this work is being done on a sixty-forty basis. The distances of the construction by locations are: Portage street, 1,100 feet; Raglan street, 270 feet; Margaret and Naseby streets, 1,530 feet; Havelock road, 1,400 feet; Front street, 400 feet and the work on Kent street 300 feet. This report on motion of Councillors E C. McKeel and F. Long, was received and filed

The procedure of by-law was presented by Deputy Reeve N. A MacColl and seconded by Reeve J N. Stone. All members of the council were present, Mayor J. M. Bygott presiding.

If You Whistle Your Are Moron, So Says Savant

NEW YORK, N. Y., Sept. 29. 29 — Dr Charles Gray Shaw, professor of philosophy at New York University, believes persons who whistle are morons, devoi' o moral stamina and possessed of an inferiority complex. "No great or successful man ever whistles," he asserts. "Can you think of Einstein, or Edison or Mussolini tuning up to "Just One More Chance"? Can you think of President Hoover as whistling?"

FIFTY CHILDREN HAVE NEAR CALL DURING BOMBING

Club Members Dash From Church in Panic as Building Rocks

DENVER IN UPROAR

Police Reserves and Fire Brigade Held in Readiness— Six Blasts Occur

DENVER, Colo., Sept. 29 (C.P.).—The explosion of a group of bombs, one of which endangered the lives of fifty children in a church school, occupied the attention of police here to-day.

Six bombs in all were fired within a few hours of each other last night, resulting in the destruction of one home and a general panic in North Denver and two suburbs. The first three did no damage.

Police originally ascribed the first reported explosion in Valverde to small boys, but abandoned this theory after a terrific blast rocked the Holy Family Church in North Denver.

Fifty members of a church school club dashed terrified from the building. The blast stopped the motion picture machine in the Oriental Theatre across the street and hundreds of theatre patrons rushed for exits.

Mrs. Mary Jackson, who lives near the church, told police she saw a "stout man" leave a car, walk up an alley behind the church school and run out later, a second before the explosion.

Blasts Spread.

A few minutes later a bomb blast rocked a neighborhood a few blocks distant, shattering windows and knocking goods from store shelves for several blocks around.

Police were investigating these explosions when a fourth blast wrecked and set fire to a house owned by Custer Rand in Barnum, another suburb. Rand, who lived next door, could not be found last night.

After the bombing of Rand's house, police and firemen learned of two other explosions in the sparsely settled suburb earlier in the evening, which made a great noise but did no damage.

Thousands of persons stayed in the streets until daylight to-day, afraid to return to their homes. Police reserves were held in all stations and firemen on leave were recalled to duty as the city hunted vainly for the bomb throwers.

Trolley Hits Taxi Two Men Injured

TORONTO, Ont., Sept. 29 (C.P.).—Two men were injured, one seriously, shortly before midnight last night when the taxi in which they were riding was struck by a street car on Bloor Street.

Hugh McLean of Durham, Ont., was the most seriously injured, suffering a deep laceration above the right eye, which severed an artery, causing him to lose a quantity of blood.

Ernest Taylor, former police chief of Thorold, Ont., driver of the taxi, suffered fracture of four ribs.

Canada has a system of improved roads embracing over 7,500 miles.

CANADIAN DELEGATE TO LEAGUE OF NATIONS

ARRIVES FOR ASSEMBLY AFTER STORMY VOYAGE

The Canadian delegation to the Assembly of the League of Nations arrived in London after being delayed for twenty-four hours by gales. Photo shows, LEFT to RIGHT, the Hon. E. B. Ryckman, Canadian minister of national revenue; Mrs. Burrell an the Hon. Martin Burrell, P.C., L.L.D., parliamentary librarian, on arrival at Waterloo by the boat train.

SCIENCE AND RELIGION DO NOT CONFLICT, STATES REV. DR. BOYLE

Cobourg Divine Says All Men Unadmittedly Incurably Religious

PROGRESSIVE GROWTH

CAMPBELLFORD, September 29 (Examiner Staff Correspondence).—"In the world of religion to-day students of religious thought all believe in some form of evolution," stated the Rev .Dr. T. S. Boyle, M.A., D.C.L., of Cobourg, in an address to the Campbellford Rotary Club yesterday, of which he was the guest speaker, outlining some of the thoughts consistent with his classification which he defined as "religion," and making a comprehensive comparison of it with the much-talked-of science of evolution.

Dr. Boyle stated that he was engaged in the greatest business of the day, religion, a business which none other can compare with for power and importance, producing as it does one of the greatest products, righteousness.

There was a state of chaos existing in the material world to-day, he said, and had been for some time, but in the world of religion this had existed for many years. Speaking of his return to pastoral work after many years' absence, he stated that many changes could be noticed and especially was this the case with the congregations which to-day are materially depleted to what they were some years ago.

The causes of this were many, the speaker said, but he wished to deal with only one, the supposed antagonism between science and religion, relative to that branch of science known as evolution. He thought that the court test case regarding the teaching of evolution in the public schools which had been fought in Dayton, Tenn., U. S.A., some years ago, and at which William Jennings Bryan had figured prominently and given to the subject much undue publicity for the science of evolution was known to all, and if there is any antagonism existing between it and religion it was as old as Christianity itself, for in the beginning there had always been some who had materially opposed the faith.

It was supposed, said Dr. Boyle, that evolution was solely connected with Charles Darwin, but this was not the case, for as much as ten years before, A. R. Wallace had reached the same conclusions as Darwin, and long before that even men such as Larmark had thought along these lines, but had not made their findings public because of the opposition they would meet, especially from the church leaders.

Not Evolution.

The general theory that man came from monkey was not the theory of evolution, the speaker said. Evolution taught that there were two branches of life, that to which man belongs and the other which is responsible for the monkey life. "Evolution," he declared, "is the theory (or dogma of science) that there was no special creation, but that everything came to its present state through gradual development and growth." The old idea was, said Dr. Boyle, that man was created as he was, in the shape he now has, but evolution declared that man, through long generations of use had grown to what he is with the use of his limbs and faculties through adaptation to environment. The storm of controversy over the subject came mainly from the churches who seemed to see in it the denial to the first chapters of Genesis.

Evolution, said the speaker, had become the popular theory because it combines the idea of eternal progress and shows that the world is growing and getting better and that we to-day are still on that stage of the journey. Only with a very few members of the church those who are one-minded, does the theory of evolution disturb their religious mind and upset their religious convictions. "In the world of religion to-day the great majority of the people believe in evolution," declared Dr. Boyle, who emphasized the fact that "the intellectual leaders of the religious world to-day all believe in some form of evolution." Such men as Bishop Barnes of Birmingham, who is one of the leaders of the Church of England, was also one of the leading scientists of the world, and yet could be both, in all good faith. The average layman was mistaken when he thought that science was against religion; it was not, but was lined up on the side of it.

The foundations of religion are still unmoved, the speaker pointed out, and although men did and would not admit it they were still incurably religious, and from this fact he took a great deal of comfort.

"The more we study mankind at the basis of his being the more religious we find him," Dr. Boyle asserted, saying that he still possessed a sense of reverence for his origin and a sense of reverence for the Creator and Maker. Evolution has not and should not upset the faith of men and women to-day he said for it does not explain the mysteries of human life or satisfy human longings. Even Col. Ingersoll had to admit this fact. "There is no real antagonism between religion properly understood and science properly understood," he declared.

Dr. Boyle also stressed the fact that to many people to-day the dictums of the church was not the final word of authority, pointing out that we must bow the knee to the personality of man and the desire of his heart for the truth, declaring that the sphere of religious fundamentals were still sound and immovable.

A vote of thanks to the speaker was moved by N. Alexander MacColl and conveyed to him by Vice-President H. N Carr, who presided over the luncheon.

Expert Breaks Down After Murder Probe

NEW YORK, N.Y., Sept. 29. —(CP)—Dr. Otto H. Schultze, medical autopsy expert, who refused to give certain requested information at the coroner's inquest into the murder of Benjamin P. Collings, was reported resting at his home to-day after a breakdown.

Dr. Schultze, who is medical adviser to several district attorneys, refused to answer what he thought were foolish questions at the inquest.

Felix di Martini, special investigator for Blue, was in Bridgeport, Conn., to-day checking the ownership of a pair of gymnasium shoes which the two men who killed Collings gave his wife when they abducted her.

LAVAL PLEASED WITH RESULTS OF CONFERENCE

Sees Economic Commission as First Step to Restore World Prosperity

PERSONNEL UNANNOUNCED

Franco-German Plan Not Directed at Any Other Nation's Interests

BERLIN, Sept. 29. —(AP)— Premier Laval returned to France with Foreign Minister Briand today, firmly of the opinion that the new Franco-German economic commission was the first step toward world collaboration to restore prosperity.

The same precautions marked the departure of the guests as did their arrival, with heavy squads of armed police hovering in the background to guard against demonstrations. The streets leading from the hotel to the station were clogged with people shouting "vive la paix." Chancellor Bruening and Foreign Minister Curtius were on hand to wish them farewell.

"The commission will work in harmony with the universal efforts to combat the economic crisis," Laval said in a statement. Co-operation with all other nations will be sought wherever necessary.

Step to Co-operation

"This action will be the first step to co-operation which has become the need of the hour and in which all are called to participate."

He made it clear that the plan was not directed against the interests of any other nation and that "the solution of problems put to the commission in no wise will be effected by the mutual raising of customs tariffs."

While the personnel of the commission was not announced, it was reported that Hans Von Raumer, former Minister of Finance and commerce and an industrial leader, would be a German member and that Paul Boulsson, President of the Paris Chamber of Commerce, would be on the French delegation.

The French statesmen's visit was officially ended with a dinner at the French embassy last night.

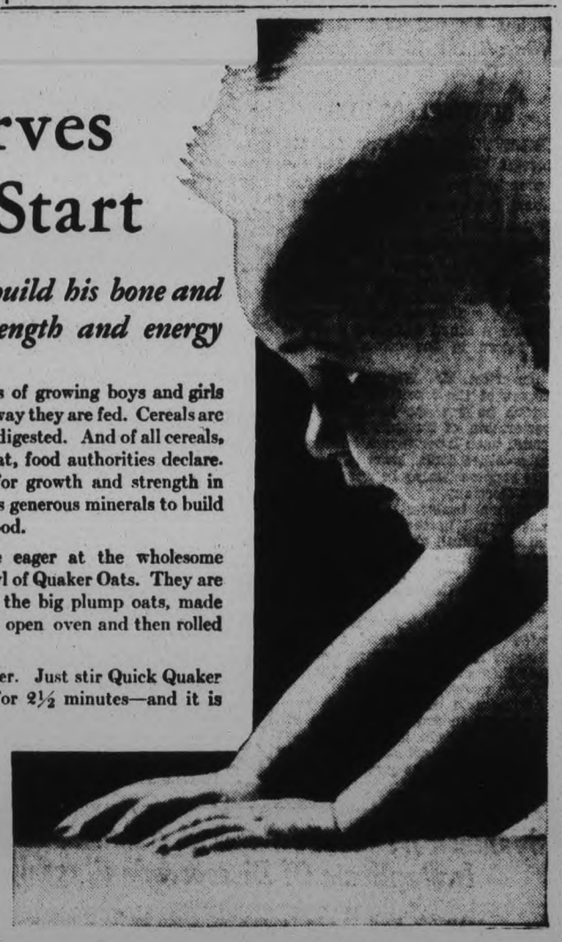
Some newspapers said there was a possibility that the French money market would be enlisted to help stimulate German exports to Russia by discounting Russian bills but responsible spokesmen of both nations said such a plan had not been discussed so far.

SIAM UNCHANGED.

BANGKOK, Siam, Sept. 29 (C.P.).—The currency of Siam will remain on the gold standard, but quotations of gold exchange will be taken from New York instead of London, it was officially announced to-day.

He deserves a Good Start

QUAKER OATS *will build his bone and muscle; give him strength and energy*



HEALTH and happiness of growing boys and girls depend greatly on the way they are fed. Cereals are most nourishing and easily digested. And of all cereals, the best balanced is the oat, food authorities declare. It contains the elements for growth and strength in right proportions, as well as generous minerals to build bone and to cleanse the blood.

Little appetites become eager at the wholesome aroma from a steaming bowl of Quaker Oats. They are satisfied by the flavour of the big plump oats, made nutlike by roasting in an open oven and then rolled into delicious flakes.

And no trouble for mother. Just stir Quick Quaker into boiling water—cook for 2½ minutes—and it is ready to serve.

Finest breakfast food for older children, and grown ups, too. Remember, whether young or old, we use up more strength and energy between breakfast and noon than during all the other 24 hours. This is why physicians advise a hot sustaining breakfast like Quaker Oats.

In large household packages, with or without chinaware. Also 10c. size. *Never in bulk.* To be sure of the Quaker flavour and food value, see that your packages bear the Quaker name and the Quaker figure.

Chinaware in *Quick* Quaker Packages

In every package of Quick Quaker marked "chinaware" is a piece of genuine English chinaware of distinctive pattern and lovely colours. Useful articles like plates, cereal bowls, cups and saucers (both in one package)... the largest and best assortment found in any oatmeal package.

1915

QUICK QUAKER OATS

Milled at Peterborough, Ont., and Saskatoon, Sask., by The Quaker Oats Company, largest cereal millers in the world. Makers also of Quaker Corn Flakes, Muffets, Crackels, Quaker Natural Bran, and other Highest Quality cereals.

Designs suitable for bedrooms, dining room and kitchen, also in 27 width with border for halls and passages. Yard 59c

Miss Gertrude Pulscher of Jamestown, N.Y., who was recently arrested by an Italian frontier station while with a party of young American tourists and thrown into a Bardonecchia jail. Liberated after 24 hours, it was explained she had been arrested in error for an American woman resembling her, who was suspected of aiding enemies of Fascism.

Settles In Canada

Donald McKenzie, V.C., formerly of the Royal Scottish Fusiliers, who has just arrived from London, England, in London, Ont., where he will take up residence. His finances follows him from England shortly.

LEGION DENIES SPONSOR SHOW

Arlie Marks Had No Authority to Use Names on Advertising Posters

STREET FAIR PLANS

(By Examiner Staff Correspondent)

CAMPBELLFORD, Sept. 29.—The Campbellford Branch, No. 103, Canadian Legion went on record last evening as their regular meeting as being opposed to the statement placed on posters in the town advertising the Arlie Marks 1931 Players as filling an engagement in the Regent Theater on the evening of October 1, 2 and 3 under the auspices of the Canadian Legion.

It appeared after discussion that officer of the branch knew nothing about the matter and had not given this company authority to use their name or entered into any contract with them to play under their auspices. It was felt that in any even this could not be done as the first evening the show was billed to run in town was the night scheduled for the annual street fair of the local branch and a collision of dates would not be advisable. A committee consisting of Comrades E. H. Armstrong, N. A. MacColl and G. C. Bromley was appointed to investigate the matter.

Arrangements were made at this meeting for the street fair and appointment of men to the different booths carried out under the fair committee's chairman, G. H. Free. The secretary reported that service ribbon could now be purchased from him as he had received a supply. The president, G. A. Ironside occupied the chair.

WOULD SUSPEND ARMS BUILDING

Proposal is Submitted to Govt's Taking Part in 1932 Disarmament Parley

FOR YEAR FROM NOV. 1

GENEVA Sept. 29. (AP)—A proposal to suspend the construction of armaments for one year from Nov. 1 was submitted to-day to the governments participating in the 1932 disarmament conference.

The disarmament committee of the League of Nations has adopted a resolution calling on the council to urge these governments "to give proof of their earnest desire for a successful issue of efforts to insure and organize peace and to refrain from any measure involving an increase in armaments."

The council was requested to have the members of the forthcoming conference reply before Nov. 1 whether or not they were prepared to declare such a truce for a period of one year.

The proposal was in the nature of a compromise between the Italian project for an immediate truce to last until after the disarmament conference in Geneva in February, and objections interposed by the Japanese delegation.

It was more nearly identical with the second suggestion made by the Italian delegates that a "gentleman's agreement" be invoked to spend virtually all arms building on land, on sea and in the air for one year. It was described as an "extension" of the original Italian plan.

Great Britain and the United States have approved a one-year armament holiday, but Japan is opposed and the attitude of France is not known.

Farm Bodies Prepare For Annual Sessions

WINNIPEG, Man., Sept. 29. —(CP)—Two of the three Provincial farm bodies today are preparing for annual conventions in mid-November. Newest western entry into the political field, United Farmers of Canada (Saskatchewan section) have not definitely set the place or the dates for their meet, but United Farmers of Manitoba have decided their three-day session will be held in Brandon, November 17 to 19.

NEIGHBORLY NOTES

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

Most school children take some sort of lunch to school.

• • • • • •

The lunch may be a simple one to satisfy hunger before the noonday meal at home, or it may be a light luncheon that must suffice until the evening repast or at least until the child can get home and have a mid-afternoon meal.

• • • • • •

Therefore in homes where there are children of school age it becomes something of a problem to prepare the five-days-a-week-luncheons.

• • • • • •

It is well to have a plan for these little meals, when they must take the form of the noonday repast.

• • • • • •

There should be a hearty food, a relish and a dessert, or what corresponds to it. A little fruit is welcome, and every child delights in at least one piece of candy.

• • • • • •

Just what shall make up the hearty item, depends somewhat upon the age of the child as well as upon his or her preferences. Some children delight in sandwiches while others do not care much for them.

• • • • • •

Fortunately most of them are satisfied with the sandwiches provided they are hearty and plentiful.

• • • • • •

Substitutes for sandwiches are welcome at times and form variety. For example, a meat pie will tempt, or an individual remekin of meat and rice or rice, cheese, sweet pepper and a bit of pimento.

• • • • • •

Occasionally a crouquette, or a baked white potato stuffed with the mashed white mixed with cooked chopped meat, or bacon. Hard boiled eggs will pall, if put in the lunch box often, unless the yellow is dressed.

• • • • • •

Mix melted butter, a few drops of lemon juice, salt and pepper with the mashed yolks and press back into the halved white. When sliced meat forms the filling for sandwiches a relish is particularly welcome.

• • • • • •

Children's appetites for relishes vary decidedly so this has to be taken into consideration when putting relishes with lunches. For example, few little folks like olives; some do, however.

• • • • • •

When there is chicken to put in the box, do not take it from the bone, but put a leg, a wing or some other portion in, as it is, and let the child have the fun of picking the bone.

• • • • • •

Fruit and a bit of candy makes a dessert that most children like, also cookies and cake. Even jelly sandwiches can form this sweet portion of the meal, especially if a piece of fruit supplements it.

• • • • • •

Dates and figs are wholesome fruits not always in luncheon plans. A slice of pineapple between two sponge cookies is delicious.

• • • • • •

It is very important to have luncheon vary from day to day as much as possible, because the mixed diet is now agreed upon as the one on which persons thrive best. It certainly tempts the appetite most.

FASHION HINT

"How to make my old short skirts conform to the new length was a problem to me until I hit on this plan. I dropped the hems; and as the part that had been turned under was darker than the rest, I re-dyed the entire dress, after having bleached the goods, following directions in the Diamond Dyes package.

"I used Diamond Dyes for the re-dyeing, of course. I have dyed many things with these wonderful colors. They have saved me many dollars and have never failed to give perfect results—smooth, even colors, —fast to wear and washing. Friends think my things are new when I re-dye or tint them with Diamond Dyes. They do give the most gorgeous colors!"

Mrs. G. C., Levis, Quebec

Favorite Recipes.

TOMATO MARMALADE.

(Contributed by Marge)

Take one quart of ripe tomatoes, skinned and sliced. Put on the stove with half a cup of cider vinegar, one-third cup sugar, one teaspoon salt and one teaspoon mixed spices.

Cook slowly and stir often with a wooden spoon. When reduced to one-half, it is done. Put in sealers and seal.

RAW TOMATO RELISH.

(Contributed by M.F.H.)

1 Peck ripe tomatoes.
6 Onions.
3 Heads celery.
5 Red or green peppers.

Chop all fine and add one cup salt. Let stand one night and drain very dry. Add two pounds white sugar, 2 ounces white mustard seed, five cups vinegar. Put in a jar seal.

INDIAN RELISH

(Contributed by Nancy)

3 quarts green tomatoes (chopped).

Cook in salt water until clear, then drain, add one large onion, chopped, two cups vinegar, one cup brown sugar, and one cup of white sugar; one heaping teaspoon of celery seed; one teaspoon curry powder; one teaspoon mustard seed, six red peppers, chopped. Let all come to a boil, then bottle and seal.

FASHION SERVICE

3311

Ready for school! Well I guess! It's so thoroughly smart and typically French. The front panel extends into the circular skirt at the front and makes it very easy to fashion.

Isn't the neckline smart with turnover collar and bow tie.

A fine striped woolen tweed effect in rich brown made the original. The pockets, belt and sleeve cuffs were vivid red woolen. The tie in crepe de chine matched the plain red woollen. The collar of white pique was made detachable so as to be readily laundered.

Style No 3311 may be had in sizes 6, 8, 10, 12 and 14 years.

Size 8 requires 1¼ yards 54-inch with ¾ yard 27-inch for collar and ⅛yard 35-inch for contrasting.

Wool jersey, rayon flecked wool voile, wool challis, linen, cotton broadcloth prints and tweed-like cotton are smart.

Don't envy the woman who dresses well and keeps her children well-dressed. Just send for your copy of our Fall and Winter Fashion Magazine.

It shows the best styles of the coming season. And you may obtain our Pattern at cost price of any style shown. The pattern is most economical in material requirements. It enables you to wear the new frocks at little expense—two frocks for the price of one.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of book 15 cents.
Price of pattern 15 cents.

LIFE OF DANIEL HELD AS MODEL

Purity, Prayer and Perseverance Mentioned by Rev. Mr. Millyard.

GEORGE ST. SERVICES.

Rev. J. E. J. Millyard preached two impressive Rally Day sermons at George Street United Church on Sunday. At the morning service he took his text from II. Kings, 4 2: "What hast thou in the house?"

These words were spoken by the prophet Elisha to a poor widow who was heavily in debt and her two sons were to be sold into slavery if she could not pay her creditors. She was in great distress and came to the prophet. Mr. Millyard said. Elisha did not pay the debt, but had the widow and her sons scurry around, collect the vessels in the house, pour in the oil until all the vessels were full, and sell the oil. The prophet could as easily have said "Let there be money" instead of "Let there be oil," but he was acting on a principle that God helps those who help themselves. He uses things that are already ours. Many instances of this principle were shown in the miracles Jesus performed. The exhausted store of wine he turned the water into wine; feeding the multitude on five loaves and two small fishes. All through the Bible and New Testament this principle is observed. God helps those who help themselves. Nature does the same thing; nature and the farmer work together—one furnishes seed horses, machinery, strength and intelligence, and nature supplies the rest. This principle is seen in cases of sickness, in the world's business, and particularly in religious life. Do we use the talent God has put at our disposal? Let us think of some of the things we as Christians have in the house which we can put at God's disposal: Power of talking or teaching; a bit of money. We will be asked to give an account of our stewardship and God will say: You have been faithful over a few things, I will make you master of many.

The Sunday School Rally in the afternoon was attended by a large number and took the form of an open session, with Superintendent C. S. Thompson in charge. Readings were given by Misses Joy Walker Gwen Parnell, and Margaret Vance. Jack Mark and Cecil Wasson. Miss Jean Paget rendered a solo and Rev. J. E. J. Millyard gave a brief talk.

At the evening service Rev. Mr. Millyard took as his subject "The Light That Wins," speaking especially to the young people of the congregation. He took as his text the fifth verse of the sixth chapter of the Book of Daniel: "Then said these men, we shall not find any occasion against this Daniel except we find it against him concerning the law of his God." The speaker said: We do not hear much about Daniel's life in early childhood, but at the age of from fifteen to eighteen the city of Jerusalem was beseiged by Babylonians and Daniel was carried into exile along with some of the other brightest and cleverest youths of Judah. His part in life was therefore not auspicious and he did not succeed because of outside influence. Daniel succeeded because of his excellent merit. He was a man of very definite purpose. Decide on what you are going to be and have a model. It's the man with a purpose who succeeds not the man who drifts with the tide. The Apostle Paul had a definite purpose when he said "One thing I do." Daniel was a man characterized by purity. He would not eat the king's meat or drink his wine. He was the sort of man who would be true to himself. He proposed in his heart that he would keep himself clean. Thank God there are young men like that to-day. This man Daniel was a man of perseverance. He stood by what he thought was just and right. There are men to-day of this type who have backbone and will stand up for right and justice. Daniel was a man of prayer. He prayed three times a day and worshipped the Lord.

"Young people, I want to call your attention again to his many excellent qualities—a man with a purpose, a man characterized by purity, a man of perseverance and prayer. I ask you, young men and young women, to follow his example." The choir rendered fine music, under the direction of D. R. Howat, G. D. Carlisle singing a solo at the morning service and Miss Dorothy Sager at the evening service.

GREEN TOMATO PICKLES

Cut into slices four quarts of green tomatoes, but do not peel them. Add to them six large onions that have been peeled and sliced. Put into the preserving kettle and stir in a cupful of brown sugar, one tablespoon each of mustard seed, pepper and cloves, half teaspoonful of allspice and one quart of vinegar.

Stew until tender, then bottle. (If desired sweeter, more sugar and less vinegar might be used).

Here is a New Pudding for Tomorrow's Dinner!

CREAM RICE PUDDING

4 tablespoons rice
½ cup sugar
½ teaspoon salt
2½ cups St. Charles Milk
1¾ cups water
Nutmeg

Wash the rice thoroughly, then add with the sugar and salt to the milk diluted with water. Pour into a buttered baking dish and add a sprinkling of nutmeg. Set the dish in a pan of hot water and bake three hours in a slow oven (300° F.) stirring several times the first hour to prevent the rice from settling to the bottom.

JACK HOLT tells you how
"The years can bring you Added Charm!"

"Learn the complexion secret Hollywood's lovely actresses know!" famous screen idol says

"SOME women seem to grow more alluring every year," says Jack Holt, popular Columbia star. "Birthdays only add to their charm!

"Here in Hollywood you see them every day—actresses still every bit as youthful as they were years ago, more irresistible than ever. Still the idols of an adoring public!

"No matter what her age, a woman who has the fresh, glowing charm of *youth* is always attractive. I should think every woman would learn the complexion secret the screen and stage stars know!"

You will want to know how the lovely stars keep youthful charm right through the years! "Guard complexion beauty as we do," they will tell you, "with Lux Toilet Soap!"

Important actresses all over the world—in Hollywood (605 of the 613 there!)—on Broadway—in Europe—depend on this fragrant, amazingly white soap for *every* type of skin.

TUESDAY, SEPTEMBER 29, 1931

THE NEW Y.M.C.A. BUILDING.

The Y.M.C.A. is to be congratulated upon the successful opening of its enlarged and greatly improved building last night.

Hundreds of citizens who were privileged for the first time to view the interior of the building and inspect the new swimming pool, the bowling alleys, new dormitories and other improvements, were delighted with what has been accomplished.

These splendid new facilities and the additional accommodation that has been provided bring the local Y.M.C.A. into the forefront of similar institutions throughout the country, and provide a greatly enlarged opportunity for service in the interest of the boys and young men of the community.

The very many subscribers to the building fund must feel that they have made a decidedly worthwhile investment, and that the money secured through the generosity of the public has been spent to splendid advantage and in such a manner to bring the best possible returns.

Certainly the Y.M.C.A. should more than ever prove to be the rallying point for the city's young manhood and play an even more useful part in the all-round development of the citizens of to-morrow.

The new building is a most useful contribution to the assets of the community.

THE PRESS NOT "SUBSIDIZED."

In assailing conditions at Windsor during the recent convention of the American Legion, Rev. Dr. A. E. Runnells, pastor of the Central United Church, made an attack on the newspapers in the course of a Sunday night sermon, remarking that it seemed the press of Canada was allied with the liquor interests.

"I wonder if the press had been subsidized?" he is quoted as asking.

If Mr. Runnels' general criticism was not more accurate than his complaint in regard to the newspapers, Sunday night's effort could not be described truthfully as a success.

He should know that many of the newspapers of Ontario, The Examiner included, voluntarily refused liquor advertising back in the days when it was legal, and that the first suggestion of making such advertising illegal in Ontario when the Liquor Control Act was being drafted came from the press of the Province.

Instead of being "subsidized" as this Windsor pulpiteer insinuated in his sermon, Ontario newspapers have gone out of their way to deprive themselves of revenue that elsewhere is accepted as a matter of course.

The trouble, of course, with Mr. Runnells is that the press refuses to get hysterical in the matter of prohibition legislation, that it looks conditions in the face and realizes that temperance cannot be brought about by legislation.

If men could be made "dry" by law those American Legionnaires would not have been customers of Windsor's liquor stores—a point that Mr. Spence and others quite willingly overlook.

MIDWAYS AND EXHIBITIONS.

Without seeking to defend in any way the practices of midway concessionaires at the Peterborough and Lindsay Exhibitions that have given rise to so many complaints, The Examiner suggests to the public generally that it cannot escape some of the responsibility for the conditions that have caused so much criticism.

A very large percentage of people apparently judge an exhibition by the size and extent of its midway.

If there is a large and bright looking carnival array on the grounds the fair is a success; if the midway is minus the glare and gilt of such attractions the fair is a "flop."

There is no sense in such a theory, but it exists with the result that fair boards, although convinced in their own minds that their annual fair would be better without the doubtful shows and more than doubtful games of chance of the travelling carnival, feel compelled to book one of those wandering midways in order to meet the popular idea that the exhibition without that type of attraction is not an exhibition at all.

For several years the Peterborough Exhibition tried the other policy and earned from the large section of the public already referred to strong criticism that the Exhibition was without color.

The Examiner's own view is, these professional midway outfits might well be scrapped so far as fall fairs are concerned, but until the public generally accepts that viewpoint and quits judging exhibitions only by their midway, fair managements will doubtless feel that their patrons' wishes must be met.

SOME FAIR QUESTIONS.

Rome C. Stephenson, president of the American Bankers' Association, in a recent address before the Advertising Club of New York, dealt in an impressive manner with the subject, "Our Stake in the Railroads."

Much of what he said was in line with what The Examiner and other Canadian newspapers have touched upon in regard to the apparently unfair competition the steam railways are called upon to face from motor truck and motor bus companies in carrying freight and passengers.

Here are a series of questions propounded by the head of the Bankers' Association:

Are the motor buses and trucks paying for their rights-of-way or meeting any portion of such a capital expenditure? Or do they get their rights-of-way free?

Do they contribute their full share of the creation and upkeep of the public highways proportionate to the room they consume on them and the wear and tear and damage they do to them?

Do they make any rate concessions to the Government or the public for any direct or indirect, and that may be extended to their commercial success and profit as a result of their being given free rights-of-way, as did the railroads in return for land grants?

And finally, do they regard the convenience, rights, safety and lives of others, of individual motorists particularly, in using the public highways as rights-of-way?

These are indeed fair questions

The Examiner leaves them with its readers, fully appreciating the fact that they will have no difficulty in arriving at answers that will indicate that the railways have a great deal in the way of unfair competition to complain about.

CAN WE AID BRITAIN?

A family in this city suffered considerable loss when fire swept through their home. It was very shortly afterward that neighbors and friends started to help. They all desired to do something and they did it. Even those who did not participate in the effort felt better for having heard of it. There is nothing unusual about this; it is merely seeing to it that good wholesome emotions are allowed to find access to channels of helpful effort.

Then we read in a despatch from London where Indian princes attending the round table conference there had written a letter to Premier Ramsay MacDonald. It had nothing whatever to do with any of the matters under discussion at the conference, but dealt with the expenses of the trip from India to London and return. The Indian princes said they desired to pay their own costs, realizing that in Britain the people were heavily taxed. The amount involved was not large, as the princes put it, only a drop in the ocean, but they wanted to pay their own way as a token of friendship and a desire to help the British taxpayer.

Once again, we see in operation that good, wholesome motive of desiring to help. It makes us think kindly and well of those princes from India. We knew very little of them before; we have seen very little in print of what they have been saying at the conference, and yet by this one little act of desiring to pay their own expenses rather than accept payment from the British Government they have placed themselves in a position where it is easy to feel that we'd like to know them better.

* * * *

We can't help believing that there are greater fields to be explored by this same plan. It seems to work well and produce very happy results wherever it is tried. Perhaps there is something in it which can be applied to Canada's attitude toward increasing the volume of business which we do with Britain.

We have been for weeks watching the struggle in Britain to set her house in order. First there came that sudden movement to organize a National Government almost over night in order to meet a financial crisis by balancing the budget. It was necessary to cut deeply into expenses and also to add definitely to the burden of taxation in order to balance the books of the nation.

That initial step, gigantic though it was, did not suffice. Within recent days Britain has served notice on the world that it has abandoned the gold standard in her banking system. That can be regarded only as evidence of the seriousness of the situation in Britain.

These moves have done nothing to put Britain in a better position regarding the volume of her trade. They have been accomplished by reason of the driving motive of absolute necessity. The rebuilding of British trade is something for the future.

* * * *

It is here that Canada might come to the front in an earnest desire to help, just the same as neighbors in Stratford aided a family in distress, and just the same as the native princes from India tried to ease the burden of the British taxpayer.

Britain needs to do more business; she needs to sell more of her goods; she needs more customers in Canada and every part of the Empire and in any other corner of the world where she can find them.

It is here that Canada might seriously consider if the time is not opportune to put into practical operation this wholesome sentiment—the desire to help.

If it is at all possible to so arrange our tariffs that we can buy from Britain goods which we are at present securing elsewhere, we should do so.

If we can use the tariff to rid our markets of goods from other countries so that we can make certain there will be room here for more British goods then we should do that also.

We are quite aware that this country has moved, through its preferences, to increase British trade, but under the extraordinary chain of events which have crowded themselves in to further burden the British taxpayer, the time seems very opportune for Canada to consider if this country could not so shape its policies, and perhaps alter them, to the end that we could in a practical way tell the Mother Country that we desire to help in a way that will be felt.

This paper believes the people of the country generally would subscribe to such an attitude. It would be one way of giving definite characterization to that rather loose phase "the bonds of Empire." And right now is the time when such action would perform the greatest amount of Empire service.—Stratford Beacon-Herald.

EDITORIAL NOTES AND COMMENT.

Remember the Children's Aid Society work will be unusually heavy during the coming winter. Give liberally on Saturday.

There may be six million unemployed in the United States, but in spite of that fact, the world's series opener at St. Louis on Thursday will fill the Cardinals' park.

Hon. Duncan Marshall predicts a bumper western crop next year. That sort of talk reveals the real spirit of the West.

If every one were as optimistic as the fellow who estimates the attendance at the Lindsay Fair, Old Man Depression wouldn't have a chance to linger in this country.

Ottawa is out of the National Hockey League, a development that will be regretted by Canadian sport fans generally.

(Continued from yesterday.)

But even without Tuck's obvious attentions, it soon was clear that it would not be necessary for Fabia to omit the dances because of a dearth of partners. She didn't become a knock-out (he told his mother, who often asked him how Fabia was getting along) on good looks and good dancing alone. A girl to be a knock-out has got to have more "sex-appeal," or "it" or whatever you want to call it, than he had discovered in Fabia. But she had a following, and among the right crowd, too.

He couldn't quite understand it. Why, once she had refused to let Thatcher Brooks drive her home after a dance. Because he was feeling a little jovial, she had stood outside the car and told him to let her take the wheel, or else she'd hire a taxi. Thatcher wasn't drunk by any manner of means. He told her to go ahead and hire a taxi if she felt that way about him. And, by Jove, she had! The result is Thatcher is cutting out the liquor, and simply eating out of her hand.

Fabia was as surprised as Nichols at her success. Of course, she knew she wasn't in the same class with such girls as Rachel Witherow and Theresa Chase, and many others she might mention, but partners did seem to keep cutting in.

INSTALMENT 18

Fabia and Dan didn't meet again for a month. Fabia was often at her grandmother's house, and frequently observed the fatal car parked in front of Dr. Warburton's. For the first two weeks she never entered her own car in front of her grandmother's but that she listened for quick steps behind her—waited for them, longed for them finally. The fifteen minutes Fabia had spent in the curtained automobile, instead of fading with time, became clearer and more poignant.

She considered taking the initiative. She still had his handkerchief to offer as an excuse for waylaying him, but her feminine instinct cried out against any such obvious act of pursuit.

Then she and the doctor met. She wasn't expecting it. She wasn't, for once, even thinking about him. It happened at about one o'clock in the morning at a ball at the Somerset. Somebody touched her partner on the shoulder, and she looked straight into the eyes of the doctor!

She didn't say a word at first, and neither did he. They danced halfway down the ballroom in silence and then somebody else cut in. Their eyes met again as he relinquished her to the newcomer.

"Cut in again," said Fabia.

Three minutes later, she was again in his arms.

"How does this happen?" she said in a low, censuring tone, resentment at his long neglect of her keener at first than her relief that at last he had made the first move.

"I had a patient in the hotel, and I saw you walking through the hall out there, and all of a sudden I made one of those crazy dares I do sometimes."

"Oh, I see—a dare!"

"A dare I made myself."

"That's probably what it was in the automobile, too."

He caught the reproach in her tone, and felt her pulling away slightly.

"What do you mean by that?" he demanded, and held her closer.

But somebody was cutting in. He watched her disappear, then skirted the swarm of stags in the center of the ballroom floor, and headed her off as she came drifting around the next curve in the stream of dancers.

"Are you angry with me?" he inquired.

"Why, no! Why should I be?"

"You implied a moment ago that what happened in the automobile between us was just a dare—a sort of stunt on my part, I suppose you mean."

"Well, perhaps it was just a sort of stunt on my part, too."

"Have you been feeling that way about it all this time?"

"All this time! Oh, I guess it hasn't seemed like 'all this time' to you.

"What do you mean?"

"If I had you'd have done something about it."

Before he could answer, another hand fell upon his shoulder. This time he didn't wait until Fabia had reached a curve. He dove into the stream midway, and recaptured her.

"You don't think I haven't been wanting to see you, do you?" instantly he resumed.

"Oh," he stated briefly, "just terribly."

"How wonderful to be a man and overcome difficulties the way you have these last four weeks!"

"Look here, I want to talk to you."

"Just terribly?" she taunted. "Hello, Thatcher! I haven't laid eyes on you for the last hour." And without dropping her arms she floated from Dan Regan's shoulders to Thatcher Brookes'.

"Who is the handsome Adonis giving you such a rush all of a sudden?" inquired Thatcher. "I've asked several and nobody seems to know him."

"He's all through college. I don't believe you'd know him."

"What's his name?"

Before Fabia could answer, Dan was claiming her again. It was the fourth time in the last twenty minutes. Fabia's cheeks, usually pale as anemones in April, were tinged with scarlet.

"Can't we get out of this place?" said Dan. "I want to talk with you, and put a few things straight."

"Oh, hello, Tuck!" exclaimed Fabia. "I'm awfully sorry. Will you ask me again a little later? I've just this minute decided to sit out a little while."

Tuck hesitated. He had dropped in simply for a dance with Fabia. He was still in training and ought not to have broken his strict regime. But "All right," he smiled, with good sportsmanship.

"Let's go out this door," said Fabia to Dan, and, once off the ballroom floor in the palm-lined corridor, she said: "I've had enough of this dance. I'm spending the night at my grandmother's. I'll go and get my coat and meet you at the door."

In the dressing-room Fabia wrote: "Dear Thatcher: I've decided to go home early. It's a great party, and I won't drag you away at this hour. I'll give this to an usher, so you'll know. FABIA."

She found Dan waiting for her at the door. He called a taxi and they drove in silence to her grandmother's door. Fabia flashed on the lights in the drawing-room.

"Now, please explain," Dan said, without preamble.

"Explain what?"

"Who you are so flippant and sarcastic about the last time we were together." He had become the accused. His very manner reproached.

"Because I thought it couldn't have meant much to you."

"You thought wrong." His tone was gruff, but there was a sort of fierce tenderness about it that struck through all Fabia's defenses.

"But you haven't seen me once!" she cried out; "you haven't even tried to see me!"

"I know I haven't."

"And it's been a whole month. I don't understand it. If I were a man, I ——"

"No, you wouldn't, either," he interrupted. "The reason I haven't seen you is because ——" he stopped and stood up. "Good Lord," he broke off, "why beat around the bush? The reason I haven't seen you," he brought out bluntly, "is that I was afraid we might fall in love with each other."

It didn't seem blunt to Fabia. It seemed the most natural thing in the world for him to say.

"I've thought of that, too," she replied.

"Have you?" Their gazes met. Dan looked away first. "Well," he said brusquely, "we mustn't. That's all. We simply mustn't! That is why I haven't spoken to you. I ought not to have danced with you to-night. It was a mistke."

"Why?"

"Because it just starts things up. We don't belong to other individuals but we belong to other worlds. You've seen my home and family, and I've seen yours. We can't desert them, and they'd never mix."

"Please sit down," said Fabia.

"No. I'd better be going."

"Please."

He obeyed her abruptly.

"I think exactly as you do," she said.

"Of course you do. I'm not the kind of man you want to get to care for, and you're not the kind of a girl I want to get to care for. I've thought it all over. I've talked it all over, too, with Dr. Warburton."

"Yes. I wanted his advice. I'm sorry if you don't like it, but he'll never mention it to any one."

"Oh, I do like it!" exclaimed Fabia. "It proves to me you took it seriously, after all."

"I never took anything more seriously in my life," he said grimly, "except my work."

"Oh, your work! Tell me about it. I want to know all about it, and all about you. I agree with you and Dr. Warburton entirely about our not being suited to—to care for each other. But we can be friends. I've just dozens of questions to ask you. First, where did you go to college?"

"That's easy," and he named a college almost as near the Back Bay as Harvard, but as far removed from debutantes as if located on the opposite coast.

"What did you do after college?"

"Medical School, but not the Harvard Medical School," he added, with a shrug and smile, and he named an institution equally far removed from debutantes. "I got a scholarship there," he explained.

"And after Medical School—what happens, if you're going to be a doctor?"

"If you're going to be a doctor in Boston, you're usually appointed to be an interne in a Boston hospital."

"I see, and to what hospital were you appointed?"

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner

SEPT. 29, 1921

An increase of from four to forty-five cents is scheduled for here by the Bell Telephone Company....A local youth, charged with the theft of $107 from a Charlotte street service station, was arrested this morning in Cobourg....The Sanitary Inspector ran out of quarantine cards yesterday as scarlet fever and diphtheria spread rapidly in the city.. . No local inspector of street lights will be appointed for the time being .... The beautiful steam yacht "Laurion," owned by a New York millionaire, docked at the government wharf here this morning on its way up the lakes.

SEPT. 29, 1911

The dental practice of Dr. Manning has been sold to Dr. J. E. Middleton, 374½ George street....The six-year-old daughter of Mr. and Mrs. George Panter, 125 Stewart street, fell and broke her leg while playing yesterday....With the tremendous crops moving in the west, all the banks have their currency out to the limit, and as an emergency currency are using old government four dollar bills....The 29th annual Congress of the Salvation Army starts in Toronto, October 11th... The Union Jack will be flown from the flag pole at the Armouries here on Sundays after this.

SEPT. 29, 1901

Despite good weather and fine exhibits, the Peterborough Central Exhibition was poorly attended this year....A meeting of the Board of Works was held last night for the purpose of discussing the leasing of water power here from the government for municipal purposes.... The Duke and the Duchess of York are amazed at seeing the prairies around Regina covered with snow ....Contractor Hartley is rushing work on the erection of the Canadian Cordage Company plant here ....The new Chemong bridge is practically completed and will be open to the public within a week.

CATTLE, GRAIN AND PRODUCE

TORONTO PRODUCE

TORONTO, Sept. 29—The supplies of fresh eggs arriving on the local market during the week-end and yesterday were small and with a good, steady demand holding, prices were advanced, on the better grades, to both country shipper and retailer. At the week-end brokers were making sales of graded lots at levels somewhat higher than previously, but the grades "extras" and "firsts" were the only ones to pay the shipper more. Yesterday extras were steady and firsts advanced another cent per dozen, while seconds were quoted steady with the former low figure.

Country shippers were offered 26c for extras, 23c for firsts and 14c for seconds, delivered, ungraded, cases returned. Retailers were quoted extras in cartons at 33c, extras loose at 31c, firsts loose at 28c and seconds loose at 18c per dozen. Brokers traded on a basis of 29c for extras, 25c for firsts and 16c for seconds, graded and in free used cases.

The butter market was quiet, with brokers offering No. 1 creamery solids at 20½c and No. 2 at 19¼c, and buyers taking only high scoring large lots. Otherwise trading was poor and dealers in general were casting anxious eyes on all reports pertaining to the British market.

The price for new, large cheese was nominally 11½c.

MONTREAL PRODUCE

MONTREAL, Sept. 29—Prices of eggs and cheese were higher and butter quotations were mainly unchanged, while prices held steady on the produce and dairy markets here yesterday.

Carlot prices of eggs gained from one cent to two cents a dozen. Ontario or Prairie fresh extras advanced one to two cents at 33 cents and firsts were up a cent at 27 cents, while seconds were unchanged at 18 cents a dozen. B.C. extras and firsts both gained one to two cents at 34 to 35 cents and 29 to 30 cents a dozen, respectively. To retailers, eggs, in carton, were also higher. Fresh specials at 39 to 40 cents, fresh extras at 36 to 37 cents, and fresh firsts at 31 to 32 cents, all advanced one to two cents, while fresh seconds were up a cent at 24 cents. Storage extras at 33 cents and firsts at 28 cents were both unchanged and seconds gained a cent at 24 cents a dozen. Receipts were 752 cases.

Ontario cheese advanced half a cent at 12 to 12¼ cents, as did Quebec cheese at 11¾c to 12c a pound. Receipts were 5,937 boxes.

Eastern Townships No. 1 pasteurized butter, in carlots, was unchanged at 19¼ to 19½ cents a pound. To retailers solids and prints were shaded a cent at 21 to 22 cents, and 22 to 23 cents a pound, respectively. Receipts were 792 boxes.

Montreal potatoes were unchanged at 40 to 50 cents per 80-pound bag, while New Brunswick Cobblers held steady at 50 to 60 cents per 80-pound bag.

TORONTO LIVESTOCK.

TORONTO, Ont., Sept. 28.—(By the Canadian Press.)— Cattle receipts 3,439. Trade opened slowly with no definite price trend up to 11 o'clock. Choice fed calves steady at $8.25 to $9. Common to medium butcher brought $3 to $5.50. One load of good steers sold at $6.10. No butcher cows sold. Store cattle trade was also dull with best feeders selling $4.50 to $4.75.

Steers up to 1,050 lbs. good and choice $5.75 to $6; medium $5 to $5.25; common $3 to $4.75; steers over 1,050 lbs. good and choice, $6 to $6.25; medium $5.25 to $5.75; common, $4 to $4.75; heifers good and choice $5.75 to $6; medium $4.75 to $5.50; common $3 to $4.50; fed calves, good and choice, $8.25 to $9; medium, $6.50 to $8; cows good $3.50 to $4; medium $3 to $3.50; common $2.25 to $2.75; canners and cutters $1 to $2; bulls good $3.25 to $3.75; common $1.75 to $2. Stocker and feeder steers good $4.50 to $4.75; common $3 to $4; milkers and springers $30 to $70.

Calf receipts 828. Calves opened steady at $8.50 to $9.50 for choice vealers. Grass calves sold at $2.75 to $3.50.

Good and choice veal $8 to $9.50; common and medium $5 to $7.50; grassers $2.75 to $3.50.

Hog receipts 804. Hogs unsettled with packers bidding $4.75 f.o.b. for bacon and $5.35 weighed off car.

Sheep receipts 2,376. Lambs unsettled with no sales up to 11 o'clock. Bids were $6.50 to $6.75 for best ewes and wethers. No sheep were sold.

BUFFALO LIVESTOCK.

EAST BUFFALO, N.Y., Sept. 29 (C.P.)—Hogs, 6,500; active to all interests; generally steady with Friday's average; desirable 205-230 lbs. $6; bulk, 180-190 lbs. $5.85; 160-170 lbs. $5.60-$5.75; weights below 150 lbs. $5.25-$5.50; few $5.

Cattle, 1,300; grass steers predominating; quality plain; general trade steady to 25c higher; near choice, 1,350 lb. steers, $9; good steers and mixed yearlings, $8.50-$9.10; shortfeds, $7-$8; fleshy grassers, $6-$6.90; common $4.75-$5.75; fat cows, $4.50-$5.25; cutter grades, $1.75-$2.

Calves, 725; vealers steady, $11.50 down.

Sheep, 6,600; lambs active; 25-50c higher; medium and lower grades at maximum advance; good to choice, $7.75-$8; medium kinds and fat bucks, $6.75-$7; wornouts, $5.75-$6; fat ewes, $2-$2.50.

CHICAGO GRAIN.

CHICAGO, Sept. 29.—Readjustments from a gold basis in various European countries put further weight on grain prices yesterday, despite enlarged purchases of North American wheat for overseas. Sweden and Norway's abandonment of the gold standard was construed as bearish. Late weakness of Wall Street securities was also a disturbing factor.

Wheat closed unsettled, 3-8c to ¾c lower; corn, 3-8c to 5-8c down; oats, ¼c to ¾c off, and provisions varying from 5c decline to a rise of 15c.

Instability of foreign exchange had an early bearish effect on wheat prices and there was also notice taken that the official estimate of the Hungarian wheat crop was now 73,600,000 bushels, compared with previous estimates of 65,036,000. An additional handicap to bulls was a detailed report indicating that the average price of wheat last week at 500 shipping points in the United States was 37.1c a bushel, against 68c a year ago, and that in this exhibit the prices of hard winter wheat had been cut more than those of spring wheat or hard winter.

WINNIPEG GRAIN.

WINNIPEG, September 28.—Lacking outside support and highly nervous, the wheat market closed here yesterday ⅝c to ¾c under Saturday's final figures. Export business over the week-end was disappointing. October closed at 53⅝c, November at 54⅝c, December at 55⅝c, and May at 55⅝c.

Pit trade was light in the aggregate. Offerings did not press, but fair quantities of wheat were hedged during the early hours of trading. Deliveries at country elevators over the week-end indicated a resumption of threshing operations in the West.

Demand for cash wheat was fairly good. Coarse grain trading was indifferent.

Futures:

TORONTO PRODUCE

TORONTO, Ont., Sept. 29. (CP) The United Farmers Co-operative company to-day supplied the Canadian Press with the following quotations on produce delivered at Toronto:

Eggs, extras, doz. 26c; eggs, firsts doz. 22c. Cream, churning, No. 1, lb. 19-20c. Creamery butter, No. 1, solids, 21c. Potatoes, No. 1, in bags, 35c. Export beef cattle, 1,000 lbs. and over, $6 to $6.75.

FRUITS AND VEGETABLES

TORONTO, Ont., Sept. 29. (CP) Wholesale prices on Canadian fruits and vegetables as reported to the Canadian Press by White and Co., are as follows:

Pears, 6 qt. bask., 20c to 35c. Plums, 6 qt. bask., 12½c to 20c. Peaches, 6 qt. bask., 25c to 50c. Cucumbers, 11 qt. bask., 20c. Tomatoes 11 qt. bask., 15c to 25c. Beets, 11 qt. bask., 15c. Carrots, 11 qt. basket 15c to 20c. Wax beans 11 qt. bask., 25c to 30c. Apples, 6 qt. bask, 10c to 15c. Canteloupe, 16 qt. bask., 25c to 50c. Blueberries, per bask., $1.75 to $2.00. Cabbages, per doz., 40c. Apples, per bu., 50c to 75c.

NORHAM

Mr. Leroy Newman, of Peterborough is spending thhe week-end at the parsonage.

Mesdames Knight, Newman Palmateer and Clare and Miss Mildred Palmateer attended the eastern sectional meeting of the Cobourg Presbyterial of the Women's Missionary Society held at Hilton, on Thursday.

Mr. and Mrs. Carl Wilson and Rev. W. L. Wright of Tweed were guests at the parsonage.

Rev. D. R. Clare motored to Kingston on Wednesday.

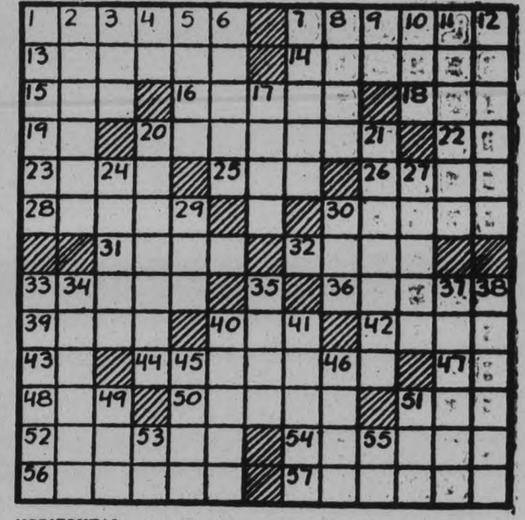
Mrs. Maidens, of Sweet's Mills, visited Mrs. Mary Windover this week.

The supply committee of the Women's Missionary Society packed a substantial bale at the home of Mrs. Norman Gummer this week.

Today's Cross-Word Puzzle

By EUGENE SHEFFER

9-29



HORIZONTAL.

1—Bohemian dance resembling waltz
7—one of the simplest forms of animal life
13—one who elides
14—eddy or whirlpool
15—convert into leather
16—Roman military rampart
18—Mohammedan nam:
19—nearby
20—knocked down
22—toward
23—elevate
25—infant
26—newspaper paragraph
28—priest of ancient Celtic religion
30—turns aside, averts
31—pace
32—festive
33—smears
36—cheeks
39—title of nobility
40—sap, of certain trees
42—thicken to a mass, as blood
43—cubic centimeter (abbr.)
44—descriptive title
47—negative
48—unit of measurement for electrical resistance
50—tardier
51—equality
52—merchant
54—anger
56—group of nine
57—stripped off

VERTICAL.

1—reduce, delay
2—one who elates
3—bustle
4—hypothetical force
5—prosperity
6—slang
7—turn or ward off
8—additional
9—alternative
10—Greek letter
11—marked with a band or circle
12—self-evident truths
17—virtuous
20—readily crumbled
21—professional idiom
24—southmayer
27—trace of zinc
29—Roman god of the underworld
30—combat
32—solve
34—Ais-la-Chapelle
35—unit of power
37—first twenty years of life
38—stowed away
40—half a farthing
41—peep or chirp
45—entreaty
46—sea eagle
49—adult male
51—commands
53—French definite article
55—in law, an action

Herewith is the solution to yesterday's puzzle.

Market Closing On All Exchanges

TORONTO EXCHANGE.

TORONTO, Ont., Sept. 29 (C.P.).—Toronto Stock Exchange was weak from start to finish to-day and closed with prices still on the down trend and fractions under the finals of last night. At times attempts were made to steady the market but invariably fresh selling overwhelmed support. The oils and such other internationally listed issues as Walkers, Nickel, Ford of Canada, Bazilian, were heaviest traders. Their action was a direct reflection of the trend in Wall Street.

Brazilian Traction sold under 10 again, showing a net loss of ½ point. Ford of Canada made a new all-time low for the present shares when it went down to 13. Dominion Stores at 17 was down ¾ of a point. Walkers was off ¼ at 3¾, and Nickel off ½ point at 9½. Noranda dipped below 15. C.P.R. held up well during the forenoon, but eased later to show a small fractional loss.

In the oil group, B.A. Oil sold down to 8¾. International Petroleum closed at 9 and Imperial Oil at 10; both these latter stocks off ¾ from last night. The turnover was heavier in the oil group than for some time past.

STANDARD EXCHANGE

TORONTO, Ont., Sept. 29. (CP) Unrestricted interlisted stocks moved lower in to-day's session of the Standard Stock and Mining Exchange market, several issues showing substantial losses from last night' finals at the close. Lower-priced stocks on which the minimum price ban was lifted were firm and the restricted section inactive and unchanged.

McIntyre suffered the most severe set-back, heavy New York selling carrying the price down $1.25 from the preceding close. Dome lost 75 while higher-priced golds failed to put in an appearance at the minimum levels. Kirkland Hudson Bay, one of the seventeen issues added to the free list to-day, firmed a cent.

Noranda was under pressure and down 60 on end. International Nickel lost 50 and Hudson Bay, adjusting itself to New York levels, dropped 30 cents. Silvers were quiet with Nipissing off 20. In the oil section International Pete lost 75, B. A. Oil 60 and Imperial 35.

H. Crooks, who served 60 years with a cracker factory at Carlisle, England, has just retired.

CHANGES FEW AT MONTREAL

International Nickel and Brazilian Among Issues to Show Softness

B. C. POWER GAINS

MONTREAL, Que., Sept. 29. (CP) There was little interest in trading on the Montreal stock exchange this morning and changes were few and of small dimensions.

International Nickel sold off to 9¾ for a loss of ½ point.

Brazilian eased ⅛ to 10. B.C. Power advanced ¼ to 26¼. Canadian Pacific held firm at 17½. Shawinigan was unchanged at 33 and Montreal Power was steady at its minimum price of 38. Other issues showed no change.

Livestock-Produce Quotations

FRUITS AND VEGETABLES.

TORONTO, Ont., September 29 (C.P.). — Wholesale prices on Canadian fruits and vegetables as supplied to the Canadian Press by White & Company are as follows:

Pears, 6 qt. basket, 15c to 25c.
Plums, 6 qt. basket, 12½c to 15c.
Peaches, 6 qt. basket, 25c to 50c.
Cucumbers, 11 qt. basket, 15c-20c.
Tomatoes, 11 qt. basket, 20c-25c.
Beets, 11 qt. basket, 15c.
Carrots, 11 qt. basket, 15c-20c.
Wax beans, 11 qt. basket, 25c-30c.
Apples, 6 qt. basket, 12½c-15c.
Cantaloupe, 16 qt. basket, 35c-50c.
Blueberries, per basket, $1.50-$2.
Cabbages, per dozen, 40c.
Cooking apples, per bus., 50c-75c.
Eating apples, per bus., $1.50-$2.

TORONTO LIVESTOCK

TORONTO, Ont., Sept. 29.—(CP)—Cattle receipts 830—left-overs totalled 1200 head. A few butcher cows and calves were the only sales made up to 11 o'clock. Medium quality cows sold from $3.25 to $3.75 and choice fed calves sold from $8.25 to $9. Butcher quality cattle were plain and bids were 25 to 50c lower for the week. Store cattle trade is dull.

Quotations—Steers up to 1,050 lbs. good and choice $5.75 to $6; medium $5 to $5.75; common $3 to $4.25; steers over 1,050 lbs. good and choice $6 to $6.25; medium $5 to $5.75; common $3 to $4.25; heifers, good and choice $5.75 to $6; medium $4.75 to $5.50; common $3 to $4.50; fed calves, good and choice $8.25 to $9; medium $6.50 to $8; cows, good $3.50 to $4; medium $3 to $3.50; common $2.25 to $2.75; canners and cutters $1 to $2; bulls, good $3 to $3.50; common $1.75 to $2.50; stocker and feeder steers, good $4.25 to $4.50; common $3 to $4; stock cows and heifers, good; milkers and springers $30 to $70.

Calf receipts 215—Calves opened steady at $8 to $9.50; for good and choice vealers. Heavy calves sold from $4.50 to $6 with grassers mostly $2.75.

Quotations — Good and choice veal $8 to $9.50; common and medium $4.50 to $5.50; grassers $2.75 to $3.50.

Hog receipts 840—Hogs were unsettled with salesmen holding for $5 f.o.b. for bacon and $5.50 off car.

Sheep receipts 1381—Bids were $3.75 for best lambs with salesmen holding at $7 to $7.25. There were no sales made up to 11 a.m.

BUFFALO LIVE STOCK.

EAST BUFFALO, September 29 (C.P.). — Hogs, 1,100; active to all interests, steady to 10 lower; mostly steady to a shade under Monday's average; desirable 180-190 lbs., 5.75 to 5.85; few 200-250 lbs., 5.90 to 6.00; 160-170 lbs., $.50 to $5.70; 150 lbs. down 5.25 to 5.50.

Cattle, 25; market nominally steady.

Calves, 100; vealers steady to weak; good to choice 11.00 to mostly 11.50; common and medium, 7.50 to 9.50.

Sheep, 50; lambs steady; few good to choice, $8.00.

RICH PEER'S SON IS COMMUNIST CASHIER

Helping Fund to Buy Tractor as Birthday Gift to Soviet

London.—Hon. Ivor Montagu, the Communist son of the late Lord Swaythling, is acting as treasurer for a fund to present a tractor to Soviet Russia.

The tractor is to be a "birthday gift" from British Reds to their Russian comrades when the fourteenth anniversary of the revolution is celebrated in Moscow next November.

A delegation of British working people will join in the Red Square festivities, and they hope to take the tractor along with them.

Appeals for cash to buy the tractor are now being made in Communist journals, with directions to send donations to Mr. Montagu, at the offices of the friends of the Soviet Union.

Mr. Montagu, though born into a very wealthy family of Jewish bankers has been a Communist for some time.

He has had a varied and unusual career.

In 1927 a sensation was caused by the revelation that he had secretly married a typist, Miss Eileen Hellstern. His parents were unaware of the wedding until some days after the ceremony.

Among his activities have been:

Collecting rare rats and mice, for which he has searched the Balkans, the Hebrides, and the Caucasus.

Founding the Film Society, which has exhibited, among many unusual films, several Russian "banned" ones.

Playing ping-pong, at which he is an expert, having captained an international table-tennis team.

Translating French plays.

Producing films, including a spell at Hollywood, with Eisenstein, the famous Soviet film director.

He is a Fellow of the Zoological Society, has studied law, and dabbled in journalism.

Lord Swaythling, his brother, is one of the wealthiest men in England.

COW UPSETS RAILWAY TRAFFIC FOR A DAY

Swam Canal and River to Return to Its Fun

Oxford, Eng.—Traffic on the London, Midland and Scottish railway at Oxford was dislocated all afternoon and early evening because of the adventures of a cow, which escaped while being unloaded at the station dock and charged spectators along the station platform. They jumped into a stationary train, and the animal afterwards escaped into the street. It swam the canal and a river—to return to the station.

An attempt was made to shoot it, but the animal, uninjured, walked along the line towards Wolvercote. The Bletchley-Oxford train was brought to a halt, and the cow entered Wolvercote tunnel, emerging safely on the other side. Several trains to and from Oxford were held up.

STRIKE AT STUDIO

One hundred electricians employed at the British International Pictures Studios at Elstree called a strike, and four films were held up, including "Money for Nothing," in which Seymour Hicks is to star; "The Love Race," Many "Waters" and a submarine film.

For some time the Electrical Trades Union has been negotiating with British International Pictures for an agreement as to working conditions, pay and holidays.

THE BUFFS RELIEVE GUARDS IN LONDON

Attract Much Attention Changing Guard at Palace

The presence of the 2nd Battalion of The Buffs attracted considerable attention to the ceremony of changing the guard at St. James' Palace, London, where they have been acting as a relief unit while three London battalions of Guards are under canvas on the Berkshire Downs.

The East Kent regiment has been notable for the good physique of its men, and their height and bearing impressed the spectators especially.

The marching of a line battalion, in khaki, with band and King's color, between Chelsea Barracks and St. James' Palace provided a striking change from the customary sight of bearskins and scarlet tunics.

Diamonds shipped from Cape Town, South Africa, last year were valued at $5,766,000.

LOWER MARKS AT NEW YORK

But Several Stocks Regain Losses in Last Hour Rally

RAILS SUPPORTED

NEW YORK, N.Y., Sept. 29 (CP) Stocks rallied in the last hour today after many leading issues had made new bear market lows on declines of 1 to 3 points. The upturn, accelerated by declaration of the usual yearly extra dividend by American Can reduced or cancelled the earlier losses. Can turned a 2 point drop into a net gain. General Motors was weak, off a couple of points. American Telephone was also heavy. Rails were supported. Atchison, New York Central, Baltimore & Ohio and New Haven rallied a point or so. Sales approximated 3,000,000 shares.

DIETITIAN FAILS IF FOOD RETURNED

Duties in Hospital so Complicated Four Years in College Not Enough

TORONTO, Ont., Sept. 29. (CP) When feed comes back on the tray untouched, a dietitian has not fulfilled her duty Dr. Malcolm T. MacEachren, director of hospital services, American College of Surgeons, yesterday told the dietetic section of the American Hospital Association in convention here.

Meals in a hospital should be appetizing and there should be no waste, Dr. MacEachren said. He described the hospital dietitian as a "super woman."

So complicated are the duties of a hospital dietitian that four years' college training are insufficient to prepare her to take charge of a hospital, Miss Ruth Park, Montreal General Hospital, told the meeting. She regretted the fact that some Canadian hospitals admitted students with only two years' college training.

FOUR FLYING WOMEN IN ENGLISH FAMILY

Lady Howard de Walden and Daughters Becoming Pilots

Lady Howard de Walden and three of her daughters are taking up flying and all four will soon be proficient to take pilot's certificates.

They have been flying daily at Heston airport. Four flying women members of one family is a record in England.

Lady Howard de Walden and her family spend much time at Chirk castle in North Wales and they contemplate flying regularly from London to North Wales.

Miss Bronwen, the eldest daughter, did her first solo flight last week and is a particularly apt pupil. Lady Howard de Walden and the other daughters are making good progress. They have each had six lessons and will soon be ready for solo flights.

Countess Haddington is another enthusiast who has just made her first solo flight.

Lady Kathleen Rollo, known as one of the finest horsewomen in England, has turned her attention seriously to flying.

She obtained her pilot's certificate a few days ago and intends to use her aeroplane between Heston and her country house.

RESCUED BY A GIRL

Drowning Seaman Pulled Out in Darkness at Aberdeen Dock

Aberdeen, Scotland. — While a crowd of men were vainly trying, by means of lifebuoys and other appliances, to rescue a Dutch seaman who had in the darkness fallen off the Regent Quay at Aberdeen, a young woman plunged into the water, found and held up the man until both were rescued.

The heroine of this exciting drama was Miss Mary Simpson, who resides at 25 Regent Quay, opposite the spot where the accident happened.

REOPENING OF 'Y,

(Continued from Page 1)

mission because their plans seemed too ambitious, but in each case the city had grown until schools and waterwork systems which a few years previously had seemed too large or misplaced were taxed to capacity to meet the increased need and demand, proving the clear vision of the builders.

A clear call to the citizens of Peterborough to stand shoulder to shoulder as in the days of war to aid alleviating the burdens and misery of those less fortunate than themselves in these days of depression was sounded by Dr. Best in an inspiring address.

Dr. Best was a resident of this city for seven years during his early manhood and was for many years professor of Religious Education at McGill University.

Principles Of Y.M.C.A.

He briefly traced the underlying principles of the Young Men's Christian Association movement as ennunciated at the recently held World Congress of Y.M.C.A.'s held in Toronto. In the Association's wide inter-nationalism it was the greatest agent outside of the League of Nations that was working for sustained peace and the brotherhood of nations, Dr. Best declared.

Dealing with its second field of endeavor, "Social Justice," he stated that the Y.M.C.A. appreciated the fact that if a young man is to set upon the road to the best things in life he must be given the proper associations. The "Y" is completely engaged in building for better manhood, he said.

"Re-affirmation of the will of Jesus Christ" was stated by Dr. Best to be the third great work recognized among the duties of the Y.M.C.A. In this he stressed that young men must be taught to know Him and recognize His manliness and so pattern their lives upon Him.

Following the addresses the citizens who had thronged the rotunda were guided through the building, the many facilities being pointed out to them.

The first impression gained of the building by the visitor is the wide, comfortable, warmly-furnished rotunda with its soft yet clear amber-colored lights.

The addition has a frontage on George street of 45 feet and a lateral depth of 102 feet. It is three stories with a basement.

W. R. L. Blackwell was the architect and the building is another local monument to his outstanding ability. Thomas Ephgrave was the contractor and the building bespeaks the skill of this city's artisans. In but a few particulars, mainly the swimming pool, local labor was used on the whole job and many were given needed employment.

Not a little of the most skilful work was given to the difficult task of remodelling the old building and completely redecorating it.

The Pool Attracts.

The swimming pool with its white tile and clear inviting water proved, perhaps, the most interesting feature of the building to the visitors last night. There are larger pools in Canada but certainly none better equipped. It is 25 feet wide and 60 feet long with a depth descending from 3½ feet to 8 feet and a capacity of 50,000 gallons.

It is interesting to know that the water visitors saw in last evening is the same water that has been in the pool for the past two months. This is made possible by the most modern purifying system which operates automatically, filtering the water, circulating it through heaters and chlorinating it. A suction cleaning equipment cleans the sides of the pool and the pool heater is capable of heating 4,300 gallons of water per hour. The spectators' gallery is another big feature of the pool.

The water storage for heating the water used in the showers has a capacity of 1750 gallons and can raise 1500 gallons of water 130 degrees in temperature each hour.

The new bowling alleys, four in number, can be listed as another great advance in the facilities of the "Y". The alleys are the last word in construction, splendidly equipped with lights and ventilation.

To enumerate a few of the changes on the basement floor which include showers, separate for men and boys and business men; locker rooms, also separate; tote box rooms, sun ray room and sweating machine, clothes drying room, boys' hobby room, boys' club room, men's game room.

On the ground floor are the following, the men's lobby, bowling alley, with spectators' gallery, tuck shop, special exercise room off the gymnasium, offices for secretary, boys' secretary, physical director, etc.

On the second floor is the hand ball court, 16 feet by 36 feet and 20 feet high, the only regulation size squash court in Canada; dining room 35 feet by 40 feet, men's club room, kitchen 16 feet by 18 feet and ladies' room.

Eight new dormitories have been added to the upper floors and all the dormitories have been improved and fully redecorated.

MINING ARMY TOILS UNDER MANCHESTER

New Report Shows 20,000,000 Tons of Coal Below City

Interesting researches by Messrs. L. H. Tonks, R. C. B. Jones, W. Lloyd, and R. L. Sherlock into the coalfields of Manchester and southwest Lancashire, just published, show at least 10,000,000 tons of Roger mine coal within the boundaries of the Bradford coalfield, Manchester, on the rise side of the present colliery, and a further 10,000,000 tons to the deep as far as the 4,000-foot level. That is, there are 20,000,000 tons within the limits of working defined by the Royal Commission in 1904. Although the surface is mostly built over, it is unlikely that damage due to subsidence will be a serious factor as the whole surface settles gradually.

"An explored area of considerable potential value lies south of Besseso'-th'-Barn, and on the west of Prestwich. Besides 1,500,000 tons of Worsley Four-foot Mine, greater tonnages of the deeper mines are available. North of the Outward Fault there are 4,000,000 tons of the Crumbouke Mine and 7,000,000 tons of the Rams Mine, lying for the most part at depths less than 1,000 feet below Ordnance datum. A further total of, say 15,000,000 tons, is available from the three deeper seams, the Doe, the Trencherbone, and the Cannel mines, and most of it at less than 2,000 feet below Ordnance datum.

That Body of Yours

By James W. Barton, M.D.

TWO FORMS OF APPENDICITIS.

I write very often about appendicitis because, notwithstanding all that has been learned about it during the past twenty years, the danger of delay and of taking castor oil or other purgative, the death rate from acute appendicitis is as high to-day as it was twenty years ago.

Now why is it, with all this knowledge about the symptoms and the fact that early operation is now done so often, that the death rate remains so high?

Dr. D. P. D. Wilkie, Professor of Surgery, University of Edinburgh, says that acute appendicitis occurs in two forms, one of which if not operated on early is responsible for the high death rate. The first form is where there is an inflammation of the lining wall of the appendix, but the products from this inflammation can pass out of the appendix into the intestine. This is the simple or catarrhal form.

The second form is that in which there is the usual inflammation of the lining wall of the appendix but the products from the inflammation get blocked so that they can't get out into the intestine. This is called the obstructive form.

It is this obstructive form that is dangerous to life.

In the first or simple catarrhal form of appendicitis the pain comes on gradually and usually occurs about the region of the appendix, there is a slight increase in pulse and temperature with nausea, dirty tongue, usually constipation, but occasionally diarrhoea. It is seldom a fatal disease.

With the second or obstructive form of appendicitis, the pain at first is usually in the pit of the stomach; there is colic, nausea, and vomiting, but not much increase in pulse or temperature; in fact, pulse or temperature may be normal. The symptoms in this form of appendicitis are really like an obstruction of the intestine, and, as you know, obstruction is a dangerous condition.

It is this obstruction form that, as Dr. Wilkie points out, is the dangerous type of appendicitis, and if operation is not done early, the chances of saving the patient become much less owing to the peritonitis which follows.

If you have a pain in the pit of the stomach with nausea and vomiting, don't take a dose of castor oil or other purgative, until you see your doctor.

CHICAGO GRAIN.

CHICAGO, Ill., September 29 (C.P.) — Grain prices turned downward early to-day, influenced by Liverpool reports of increased pressure to sell Canadian wheat abroad and by cheaper Russian offerings. Further declines in Wall Street securities were also a bearish factor. Opening ¼ to ⅝ cent lower, wheat afterward sagged further. Corn started at ⅝ to ¾ cent decline to ¼ cent advance, with new crop deliveries outdoing the season's low price record, but later kept near the initial range.

MISSOURI IS KEY TO PARTY CONTROL

Democrats and Republicans Watch Casting of Ballots With Anxious Eye

WASHINGTON, D.C., Sept. 29. — (C.P.).—Missouri was the crystal ball into which Republican and Democratic chieftains looked to-day for an indication of which party will control the next House of Congress.

As ballots were cast in the seventh district of that state for a successor to the late Representative Samuel C. Major, Democrat, both National Congressional committees awaited the outcome vividly. It was expected to indicate the trend of six other special elections to fill House vacancies.

At present the Republicans have 214 seats, the Democrats 213 and the Farmer-Labor party one.

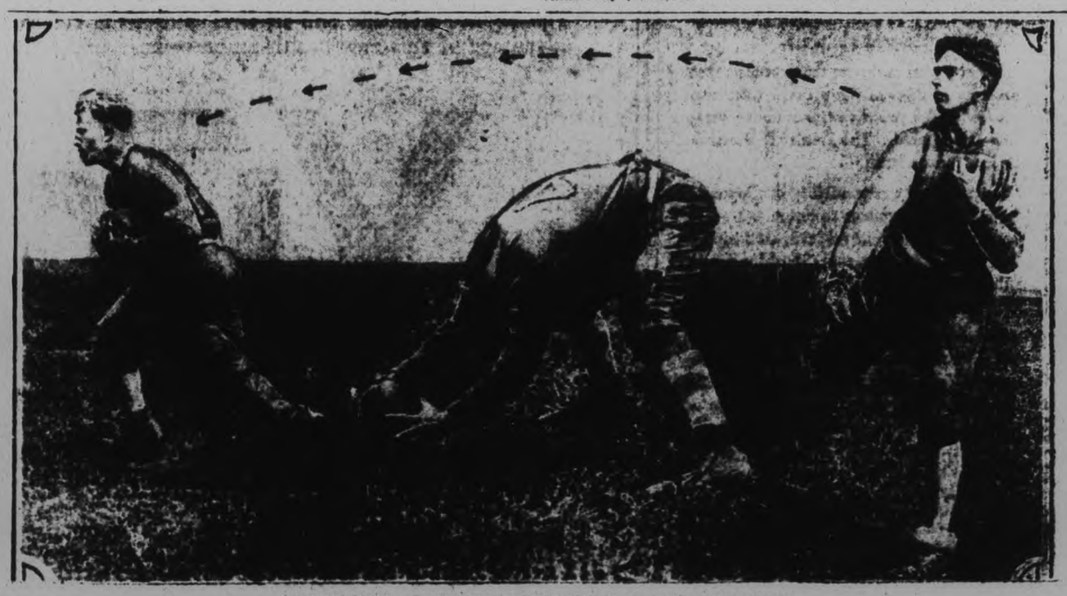
DOLLAR DISCOUNTED 11⅛

NEW YORK, N.Y., Sept. 29 (C.P.)—Despite the steady upward trend of the pound sterling the Canadian dollar again displayed marked weakness on local foreign exchanges. At the close of regular trading hours to-day the dollar was quoted at a rate of from 11 to 11⅛ per cent. discount.

Sterling remained stead at $3.86.

ON RELIEF SURVEY

NANKING, China, Sept. 29.—(AP)—Col. and Mrs. Charles A. Lindbergh, accompanied by Dr. Borcic, health expert of the League of Nations, were en route to Hankow today on their third aerial survey of flooded regions in China.



CANADIAN TEAMS STUDYING THE NEW FORWARD PASS.

The coaches in senior rugby are spending a large proportion of their time in the study of the forward pass which has just been introduced into the senior section of the Canadian game. The layout (ABOVE) shows members of the University of Toronto team in action with the arrows showing the line of delivery of the forward pass to the receiver. On the right is shown Don Wood, the blue and white quarter, just after tossing the pigskin. Don is a good enough basketball player to play for senior cage teams, as he has done for several years, and this knowledge is standing him in good stead with the new pass. In the CENTRE is shown the snap just about to let go the ball. The completed pass is shown on the LEFT, with Heintzman, a young intermediate, just having received the ball, turned to run for a gain.

SPEND . . . AND SAVE MONEY

NOT so long ago a famous personage advised the American public "to spend." Another equally noted man retorted with the advice "save." Perhaps both were right, but the better policy would seem to be "spend wisely in order to save."

Spending wisely simply means to use your money for those things that you need, as the condition of your purse may warrant—and at the same time, to buy only those articles that have actually proved their quality and worth. By purchasing merchandise that gives the greatest value for the money, you secure the longest service and so save the price of a repurchase.

Thrift is a virtue, but so is wise investment. The advertising in this paper is a reliable guide as to where and when to get the utmost value for your money.

Advertising is a safe and trustworthy guide to sound investment. It has proved its reliability. You buy advertised wares every day—consciously or unconsciously. You buy by name, because you know that the advertised article has served you well in the past, and will continue to do so in the future.

Read the advertisements, that you may spend wisely—and save.

The pages of this newspaper carry the advertisements of reliable merchants and reliable manufacturers. Read them. Take advantage of the opportunities they offer.

NORTH MANVERS SCHOOLS FAIR

North Janetville S. S. No. 16 Won School Parade Prize.

HELD AT JANETVILLE

JANETVVILLE, Sept. 29 — The weather was ideal for the annual gathering of the schools of North Manvers at their school fair held this year in the Janetville community park, hence a large crowd of interested spectators thronged the beautiful grounds shortly after the noon hour.

Mr. E. A. Summers, agricultural representative for Durham, under whose supervision the various school fairs are held was highly pleased with the manner in which the various school acquitted themselves noticing improvements in various departments of the work.

The school parade aroused unusual interest the gay costumes of the pupils as they marched with almost perfect regularity presenting an attractive picture. The prizes awarded were 1st prize, North Janetville, S.S. No. 16; 2nd prize, Yelverton, S.S. No. 1; 3rd prize, Janetville village, No. 7.

The prizes for singing went to S. S. No. 10. S.S. No. 1 and S.S. No. 7 respectively.

The livestock exhibits were not so large in number as in former years it being considerable distance for a number of pupils to bring them. It was suggested that the school fairs be held at a more central point for this reason.

Jack Wilson of S.S. No. 1 won 1st prize in the beef class of cattle, while Connie Earl won out in the dairy class. John Leslie won a prize for his colt.

The Ebenezer Women's Institute donated a prize of $5 while the Janetville Women's Institute award a special prize of $3.

The exhibits in the poultry class were numerous and of a very high quality, over sixty rock birds being on display.

The physical culture exercises were conducted in a most efficient manner, the winning schools being S.S. No. 10, No. 7 and 11 respectively.

Quality was well maintained in the tent exhibits. A number of excellent nature collections were shown as well as manual training displays of bird houses, etc. for the housing of nature's children.

In the vegetable collection beets were very prominent some of the many collections resembling turnips in size. The home made muffins, cookies, candy, etc., presented a most appetizing appearance much of it disappearing before hungry eyes before leaving the tent.

The shield donated to the school with the largest average number of points was carried home by the Lifford school pupils.

Weddings

COONEY—REID.

IVANHOE, Sept. 29.—(Examiner Correspondence). — A very pretty but quiet wedding took place at the Tabernacle parsonage, Thursday afternoon, when Rev. A. E. McCutcheon united in marriage Catherine, only daughter of Mrs. Miles Reid, of Ivanhoe, and Charles Russell Cooney, also of Ivanhoe.

The bride looked charming in a gown of brown georgette with cream trimmings and carried a shower bouquet of American beauty roses, fern and baby's breath. The bride and groom were unattended.

After the ceremony a buffet lunch was served at the home of the bride's cousin, Mrs. Fred. Jarrell. Later the bride and groom left amid showers of rice and confetti for a wedding trip to eastern points. The bride travelled in a smart ensemble of navy blue, with hat to match.

On their return they will reside in Ivanhoe where the groom is engaged in farming.

McARTHUR—HOOTAN

A very pretty autumn wedding took place on Saturday, September 26, at three o'clock, when Alma Rosemond, elder daughter of Mrs. Ethel Hootan, and the late Mr. Mark Hootan, of Cavan, was united in marriage to Robert Henry McArthur, son of the late Mr. and Mrs. McArthur of Regina, Saskatchewan, and nephew of Mr. and Mrs. Robert Hootan, Fairmount, the Reverend E. H. Moyer, pastor of the Springville United Church, performing the ceremony in the presence of over thirty guests.

The bride, who was given away by her brother, Mr. Lloyd Hootan, looked lovely in her wedding gown of ivory georgette over a white silk slip with insets of rose point lace, the jacket being also of the rose point,tiny pin tucks adding to the daintiness of the design, and a buckle set with brilliants clasping the narrow girdle. The long veil of finest Brussels net, with coronet of orange blossoms, had been worn by the bride's mother on her wedding-day, long white kid gloves, white silk hose, and ivory silk crepe slippers, with an arm bouquet of Talisman roses and a rope of well-matched pearls, the gift of the groom, completing the costume.

The bride was attended by her sister, Miss Myrtle Hootan, who wore a charming dress of orchid georgette over a silk slip of the same shade, the floral design bringing out deeper tints of the prevailing color her only ornament being a rope of pearls, and her bouquet of Ophelia roses. There was a touch of green in the narrow satin ribbon girdle, and the satin band in Grecian style worn on the hair was in the orchid hue; white kid slippers, silk hose, and long silk gloves, in a matching shade were the final details in a most attractive whole. The groomsman was Mr. Clifford Fee, of Omemee.

The bridal party entered the living-room of the homestead to the strains of Lohengrin's wedding march played by Mrs. (Rev.) Moyer taking their places before a corner space banked with foliage plants and wicker baskets of beautiful fall flowers, the soft white background and lacy overhead arch, centred with twin wedding-bells, having pink roses, large pink tulle bows, and streamers of white satin ribbon holding clusters of pink gladioli, as decorative features.

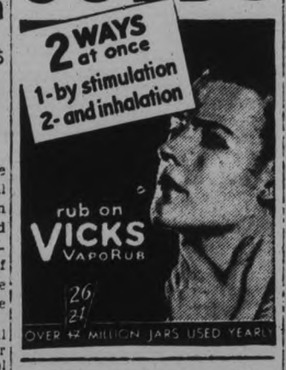
During the signing of the register Miss Ethel Morris, of Toronto, sang very effectively "Because", Mrs. Moyer being the accompanist, and afterward a reception was held, adjournment being then made to the dining-room where the color scheme of pink and white was beautifully carried out in the pink and white streamers coming from the large white bell, surmounted by a crown, which centred the tables overhead, the pink candles in silver holders, the alternate pink and white serviettes, lace doyleys, and satin baby ribbon with which the rolls were tied, the pink and white asters of the bride's table, and in other details.

The bride inserted the silver cake knife in the handsome three-story wedding cake before it was cut for serving, and the toast to the bride and groom was proposed by Rev. Mr. Moyer, Mr. McArthur replying briefly on behalf of his wife and himself. Mr. Robert Hootan, the groom's uncle, also made a short address.

Following the wedding repast a number of snap shots were taken on the lawn, and later the bride and groom motored to Peterborough for the keeping of an appointment at the Roy Studio. On their return they were showered with confetti as they left by motor, for a trip to the Thousand Islands and other points, the bride travelling in a becoming suit of Oxford grey, black hat with white ostrich plume, matching accessories, and Isabella fox fur. Mr. and Mrs. McArthur will reside at Fairmount.

The young couple were the recipients of many beautiful gifts including a solid silver waiter in old Sheffield design from the Toronto firm with which the bride had been employed previous to her marriage, also a walnut mantel clock from the office staff of the same firm; a tea-set in the English Coalport china from the bride's mother, and a substantial sum in gold from the uncle and aunt of the groom. A number of showers had been held in honor of the bride by friends and organizations in Toronto before her return home for her marriage, and the many lovely gifts received in this happy manner were displayed on a separate table, and were much admired.

Among the guests from outside points who were present for the wedding on Saturday were the bride's grandmother, Mrs Haygarth of Toronto, with her daughter, Miss Meta and her son Percy; the groom's brother-in-law and sister, Mr. and Mrs. Murray, of Toronto; Mr. and Mrs. George Haygarth, of Omemee; Mr. and Mrs. Robert Hootan, Fairmount; Mr. and Mrs. Fred Alton and two sons, Bruce and Victor, of Toronto; Mr. Wallace Haygarth, of Toronto; Miss E. J. Clarke, of Toronto; Miss Margaret Sinclair, and Miss Lillian Belfry of Toronto; Mr. Donald Morrison of Toronto and Mr. and Mrs. James Douglas, an aunt and uncle of the groom, of Cavan.

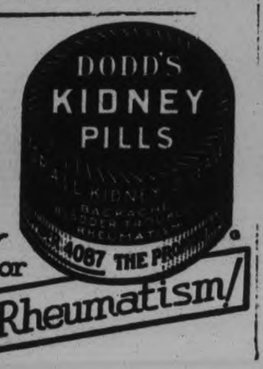


DINNER FOR PREMIER

London Scots Will Honor Ramsay MacDonald on Oct 12

Arrangements have been made for a complimentary dinner to be given to Premier Ramsay MacDonald by Scots in London and south of the border on Oct. 12, the prime minister's birthday, at the Connaught Rooms. Lord Elgin will preside.

The dinner will be non-political, and support has been promised from all parties in both Houses of Parliament, as well as from Scots eminent in literature, art, law and commerce.



LOUIS SUKLOFF STAR WITNESS

(Continued from Page One)

seizing a portion of Fine's merchandise, witness stated it was because he could not give a reasonable account of where he got the articles.

Witness had obtained information from one of Sukloff's employees whereby he could identify the goods as having come from Sukloff's store by the price tags. He did not know the name of his informant.

Fine accompanied police to the police office on his initiative and in response to a request from Fine witness phoned for a lawyer. He could not get the lawyer that Fine had requested but was able to obtain the service of Mr. Elliott of the law firm of Gordon and Elliott.

His Honor—Who did you obtain instructions from to go to the premises of Fine and Cherney

Witness's reply that he was acting on his own instructions led the judge to remark that the procedure was the most disgraceful he had heard of in many days.

Constable Silvester

Constable David Silvester of the Provincial Police stated that he accompanied Constable Piercy in his investigations at the Fine store. Fine was at the police office, he said, for about fifteen minutes before his lawyer, Mr Elliott arrived. Police had previously tried to obtain the services of two other lawyers who were out. Mr. Elliott had an opportunity to advise Fine. They spoke alone.

Cross-examined by Mr. Huycke witness said he did not think any invoices were taken away from Fine's store because they were all on files.

"Were the files taken away," asked his examiner.

"I cannot say. I did not see them at the police office," witness replied. He was not at the premises of Cherney with Piercy, Moss and Warren.

Constable W. Warren of the Provincial Police was present at the police office when Fine was there. Fine came to the office at his own request, witness said, and when he asked for a lawyer Piercy called for one right away. It was ten to fifteen minutes before Mr. Elliott arrived. Fine was not questioned at the police office before his lawyer came, and before being questioned was closeted with his lawyer for about fifteen minutes. He was not at the police office for more than an hour altogether.

Under cross-examination witness stated that Moss was appointed as investigator by the trustees in bankruptcy.

Witness did not entirely agree to Mr. Huycke's suggestion that the local police were acting under orders of Moss in the case, but stated that Moss gave the police the names of certain parties. It seemed as if fraud had been committed and Moss asked us to do the investigating from a criminal angle.

Constable Warren proceeded to relate a visit he paid to the home of a Mr. and Mrs. Watson who live at the rear of the Sukloff store on Chambers street. He was at the house for about ten minutes and heard certain things of a very suspicious nature.

Asked by Mr. Huycke whether the goods seized at Fine's premises had been returned, witness said he did not know. Neither did he know whether Fine had paid for the goods which had been seized. It was probable that he had.

Mrs. W. J. Watson, 425 Chambers Street, whose house faces the rear of Sukloff's store said she had been engaged on and off by Sukloff's for a period of three years. She did alteration work and previous to the 10-day sale commencing May 2 she assisted in marking price tags. William Sukloff would tell her the price of the goods and she would mark them up.

During the sale she testified she was saleslady and floor manager. With reference to the price of goods at the sale, witness stated there were many bargains selling at reasonable prices.

She was of the opinion that $1,300 was taken in on the first day of the sale. She would imagine that the following Saturday's business must have been almost as good.

Crown Attorney—Did you notice anything unusual ever take place at the back of the Sukloff store.

"Yes. I saw goods taken out time and time again, in boxes, cartons and bundles. They were taken out by Frank and Norman Sukloff on one occasion and witness had also seen Fine with parcels in his hands. The incident referred to took place some time after the ten-day sale. "There was as much taken out after the assignment as before," remarked witness.

Cross-examined witness stated she did not know where Watson (a man appointed by the trustees to look after the store) was at the time goods were being taken from the store.

Questioned later as to who looked after the banking for the Sukloff store, witness said she did not know. After being pressed further, she said, "I remember seeing William Sukloff taking a roll of bills out of his pocket one night. He had to get both hands around the roll to pull it from his pocket."

The Sukloff's had no regular form of delivery for goods, but she had known William or Norman Sukloff to deliver goods themselves and on some occasions they had delivered late at night.

"I was too good and too cheap for the Sukloff's to discharge me," said witness when it was suggested by Mr. Huycke that she had been discharged from the Sukloff's service.

This concluded the case for the prosecution.

Frank Sukloff, a brother of William Sukloff, and son of Norman Sukloff was employed part time in the store during the ten-day sale. A Mr. Watson who was put in by the trustees, came on Wednesday and closed the store on Saturday night. The money in the till on that Saturday night was close to $100. "Mr. Watson retained $20 of that money and paid over money for help and I do not know what he did with the rest of it," said witness.

At the time of the sale his father was at witness's brother Louis house at Toronto. When in Peterborough he lived in an apartment over the store.

Witness was present when some cartons were removed from the rear of the store. They contained bedding and his mother's wearing apparel," he said. The cartons were taken to Atkin's store where his mother had moved. "The cartons were later removed to our house in Toronto, where they now are."

He said he was in the store on the first day of the ten-day sale on which day they took in $480 odd.

Louis Sukloff, son of Norman Sukloff, and a brother of the defendant William, upon being called to the witness box entered upon a lengthy and detailed statement of the family affairs. A dapper figure in a blue suit, he stood inclined towards the judge and at times spoke so rapidly that he was continually reminded by the Crown Attorney that he was talking too fast for the court stenographer to follow him.

He explained that in February of this year his father took a heart attack and was confined to hospital as a result for eight weeks. His father was in business on George street at that time, and business conditions were not very good. When his father was in hospital the business was in sole charge of his stepmother, who did not speak much English. His brother Frank was brought from high school to help carry on the business.

At this time witness's brother William was in Toronto and witness saw an opportunity for his brother to take over the business. "I told Will he could have complete charge of the business and all I required that was he render an account to me.

On his father's release from hospital witness stated he took him to his own home in Toronto.

William conducted the business like a schoolboy. He had nothing but sales and was really running the business at a loss. William failed to send witness any statements of business, but always maintained that everything was all right.

It was witness's plan that William should gradually absorb the business from his father and in order to do so the bank account at the Toronto Loan and Savings Company was established. First a loan that witness's stepmother had given his father was paid off. "That's where the money went."

Witness denied that he kept anything from Glatt or Goodman who occupied offices in the same building as he did in Toronto. "I was always available to them," he remarked.

He later stated that at the time his father put his signature to the assignment he did not know what he was signing. "They did not wish to alarm him in view of his condition."

"Bill was just like an infant in business," was another remark made by witness. He explained that the bank account with the Toronto Savings and Loan Company was transferred from William to his father in order to reimburse his stepmother.

Cross-examined witness said there was never any occasion to refer to the trustees about the account in the Toronto Loan and Savings Company. He denied that the condition of the business was realized at the tipe the deposits were made to his father's account.

Mr. McElderry produced a letter dated June 19 and also a letter dated July 7 both signed by William Sukloff and asking Coffield, Burns and Gibson of Toronto for an extension of credit.

As to an automobile being assigned to his stepmother, witness explained that his father bought the car and could not keep up the payments. His stepmother took up the payments on the car on condition that it was assigned to her. The car had since been seized by the Sheriff of Toronto.

A. Atkin of Charlotte street said he did not see the stuff that came to his place in the cartons. The goods were in his summer kitchen for about two weeks. He remembered a truck load of beaver board partitions and doors being brought to his premises by Reid's cartage. "He would not give ten dollars for the whole load," he said.

Frank Buchanan, the final witness for the defence, a former employee of the Sukloff's, had charge of the men's wear for a short period. In the course of three or four weeks witness sold about five overcoats.

IN MEMORIAM

FLETCHER—In memory of Mrs. Esther Fletcher, who died at Kellwood, Manitoba, on Sunday September 28, 1924.

Scarce were the shadows lengthening cast
By life's declining sun
When suddenly the Master said,
Thy earthly toil is done.

One tie less now binds us here,
And when time for us is o'er
Where no shade of sorrow comes
May we meet to part no more.

—Inserted by her daughter, Mrs A. E Deck.

HOME TOWNERS

TIDBITS INTERESTING AND HUMOROUS FROM CAMPBELLFORD

Mr. Lionel Mills of London, Ont. was a visitor to town over the week end, returning on Monday to his home.

The Rev. M. L. Hinton of Castleton was a Monday visitor to town.

Mr. and Mrs. William Runnells and family left on Sunday for Toronto, where they will pay an extended visit.

Mr. Roy Connor was a visitor to Peterborough on Monday, returning the same day.

Mr. A. J Armour was a week-end visitor to Toronto.

Wooler

Mr. Longdon of Canton, is the guest of his daughter, Mr. and Mrs. William Montgomery.

Mr. and Mrs. L. E. Dorland served dinner on Sunday to Mr. and Mrs. Clinton Terrill and sons Mrs J. McColl, Mr. and Mrs. F. A. Dorland in honor of L. E. Dorland's birthday anniversary.

Mrs. William Gillings and little daughter, Lillian returned home after spending a week in Toronto.

Mr. and Mrs. Gow of Ottawa are the guests of Mr. and Mrs. C. R. Terrill.

Mr. and Mrs. Earl Goodfellow are stopping with Mr. Roberts of Mt. Zion.

Mr. and Mrs. A. G. Austin, Edith and Karl are spending a week in Toronto.

Rema Austin is spending the week-end in Frankford with Mr. and Mrs. J. Carr.

Esli Terrill and James Fox are showing their horses at the fairs this week.

"CHILDREN— for strong bones, sound teeth and proper growth - -

A SUGGESTION TO PARENTS
If you are having difficulty in getting John and Mary to eat enough bread, we suggest that you show them this advertisement.

Eat *one to two* slices of Vitos Bread at every meal"

VITOS THE BREAD WITH THE EXTRA SUNSHINE VITAMIN-D REQUIRED PAEDIATRIC RESEARCH FOUNDATION

Made under license from and guaranteed by the PAEDIATRIC RESEARCH FOUNDATION

The Paediatric Research Foundation of Toronto has conferred upon the bakers of Vitos Bread the right to make Sunshine Vitamin-D available to the public in bread.

These scientists authorize the statement that one to two slices of Vitos Bread with each meal will give you the *extra* Sunshine Vitamin-D you need. The Paediatric Research Foundation declares:

"We assume the responsibility continuously to analyze the product to insure and guarantee that all such loaves made shall supply said vital food element (Sunshine Vitamin-D) to the degree that our research has proved to be adequate and efficacious."

In buying bread purporting to contain Sunshine Vitamin-D, make sure that it is made under license from and guaranteed by the Paediatric Research Foundation of Toronto.

VITAMIN-D, known as the "Sunshine Vitamin", is a vital food element. Good health, proper growth, sound teeth and strong bones depend upon *plenty* of this food essential. But modern science has proved that the body cannot store this vital health-source for long. Therefore, you should renew your supply constantly.

Until recently, you could not get *enough* Sunshine Vitamin-D in any food. Now Vitos Bread brings you a *plentiful* supply regularly—every day. School children—older people—office workers, who cannot get out in the sunshine—especially need the *extra* Sunshine Vitamin-D which Vitos Bread supplies.

Naturally you cannot see or taste the Vitamin-D it contains, but its presence in every loaf is attested by the Paediatric Research Foundation. (See panel at left.) Moreover, toasting for breakfast has no effect on the Vitamin-D in Vitos Bread.

The highest scientific and medical authorities endorse Vitamin-D Bread. Take advantage of this new health-source—start using Vitos Bread *today*.

COUPLE MARRIED HALF A CENTURY HONORED AT IDA

Mr. and Mrs. William Dickens Guests at Community Dinner.

RECEIVED GIFTS

Have Lived in Cavan Township Twenty-One Years.

MILLBROOK, Sept. 29 (Examiner Correspondence)—Mr. and Mrs. William Dickens, of Ida, who have been for twenty-one years residents of this part of Canada, coming out from Rasdeon, Northamptonshire, England, in December 1910, celebrated the golden anniversary of their wedding day in the Ida Community Hall on Friday, September 25, the large gathering on a night when weather conditions were most unfavorable, and the many kind expressions of appreciation by the various speakers, testifying in an unmistakable manner to the general esteem in which these worthy citizens are held.

The guests of honor were the recipient of a number of personal gifts, and were also warmly congratulated on having reached the fiftieth milestone in their journey of life together, the repeated good wishes for 'many happy returns of the day' being sincerely expressed.

The lovely flowers that banked the front of the stage were from the well-cared for flower garden of Mrs. Dickens' home, and most of the floral decorations for the supper tables downstairs came from the same source, keen delight which this quaint couple take in the raising of both vegetables and flowers, their skill in cultivation, and their generosity with the fruits of their labor, being widely known.

Many From District

The guests on Friday evening, besides being representative of the entire community, came also from Peterborough, Omemee, Lintlsay, Millbrook, and other points. L. H. Winslow acted as chairman for the gathering and in his opening remarks "extending a hearty welcome to our good friends on this very joyous occasion. They have been wonderfully good citizens, always willing to help at the church, the hall, or any other place where they could give assistance; indeed they have hearts as big as all out of doors."

Warm applause endorsed the chairman's congratulatory remarks, the spontaneous singing of "For They are Jolly Good Fellows" giving evidence of the heart of the audience in the matter.

A Musical Program

Mrs. Winslow was the accompanist of the evening, playing for the community singing, while the audience was gathering, and for the songs of Tom McCamus and Clare Winslow, well known and popular entertainers, whose appropriate selections included, besides the opening salute: "How do you do, Mrs. Dickens, how are you?" Mr. Dickens having his turn for special mention in the next verse, "Put on Your Old Gray Bonnet"; in the chorus of which everyone joined; "If Ever I Marry Again" and "When Your Hair Has Turned to Silver."

Among those who spoke were Mr. Isaac Fee, of Omemee, who stated he had been "the first in Canada to give a welcoming hand to our young guests," adding his warmest congratulations, and best wishes that "the bride and groom might have many days yet to live together."

Good Qualities Attested

Others who briefly addressed the gathering were Councillor Robert McCamus Bruce Sharpe and H. Baptis, of Peterborough, on whose farm at Springville Mr. and Mrs. Dickens had lived for five years the speaker emphasizing their faithfulness and absolute trustworthiness.

On motion of Mrs. L. H. Winslow and Mrs. R. M. Howden, a resolution was unanimously passed expressing sorrow at the inability of the rector, Rev. William Simpson, B.A., to be present, and extending warmest sympathy because of the serious illness in the home.

Following a saxaphone solo by Arnold Roach, of Port Perry, adjournment was made to the dining hall downstairs, where a special table was assigned to the 'bridal party, white streamers white wedding-bell, to the four corners spread board which with a handsome wed delicious confection b of Mr. James Seney, ning the two-storey been left in the cap Mrs R McCamus.

Seated at the guest tion to the bride and a century were Mr Arthur Vance, of M some year ago while family homestead n personally experience ness and capability of Dicken as helpers; Mrs. Isaac Fee, of Ome farm home those wh honored by the eveni had first gone to wor after their arrival in

Toast to Gu

When the toast to been duly honored, th Guests was proposed who spoke of their t and faithfulness, relat humorous incidents c the acquaintance bet Mrs. Dickens and him cluded with a very that they might long enjoy the evening of

The toastmaster, M slow, by request of t plied on their behalf, posed the final toast Miss Vivian Lough able reply.

The remainder of th happily spent in mu tion, and dancing, mu ter being supplied by from Bethany.

CHURCHES IN ANNIV RY

Lakefield Baptist rate 68th Anniver Community

LARGE CONGR N

LAKEFIELD, Sept e anniversary services of efield Baptist Church were Sunday, September 27th. g the custom established fo many years, the evening in the Presbyterian and United Churches were waive der to allow pastors and o join the Baptists in wor their church, this being anniversary of the found e Baptist Church in the ne original church, now u school room and attached newer building still being ent repair.

The church was d with flowers and a profu potted plants and well fille an attentive congregation

Rev. W. B. Walk ched an excellent sermon on ianity—What Is It?"

At first thought t a simple question, but on sec oughts it is deep and hard wer. To some it merely me hat only church goers are ns and those who do not Christianity have no place During the Great War the much talk about the Chri and non-Christian nations. T aker said that there was no ore loyal to the British Empi n he and while he ackenowle that its laws were founded d's Word and the Ten Comm nts, it is not a Christian na In India there are large nu of Moslems, Hindus and o and until the large majority ritish subjects are Christian annot be called a Christian n

In God's Word are three places where the w hristian is use: (1) in Act 1 —"And the disciples were called stians first in Antioch." And the 26th Chapter of the Acts e Apostles, verse 28, King Ag says, "Almost thou persuad e to be a Christian,' after h St. Paul's vigorous defence o teachings. Again we have the instance in the 1st Epistle gen of St. Peter, chapter 4, verse 16. if any man suffer as a Christi let him not be ashamed but let glorify God in this behalf."

More than two sand years ago there was a gre unrest in the East, the people ha heard any prophets for a long e and there came to them a m called John preaching a doctri f repentance for sin; he wore fine raiment but proclaimed hi the forerunner of the Sav who was coming— e new te er who spoke new words never h before. The foundation of Chr anity is conversion—regenerati a new birth, and from that tim we grow in grace.

"Many signs did Jesus, not written in the book b these are written that ye mig have life"; meaning that eterna life given by God. Out part is to catch the vision of the Heaven Father and His Eternal Son and o serve Him every day, and when at last He calls us we shall resp d. 'Here am I, Lord," and we wi enter His presence and will abi there for evermore.

Rev. W. R. Arche of Regent Street United Church; Rev. R. J. Burton of St. Andrew's Presbyterian Church, and Rev. T. M. Wesley of Knox United Church, assisted with the service and a union choir rendered suitable music. Mrs. Hull, who sang "Open the Gates of the Temple,' with splendid effect, and Miss Winnie Rayne, who sang "The Holy City' in excellent voice, were guest soloists

FOR CANCER RESEARCH

Sir William R. Morris has given £25,000 to the British Empire cancer campaign for the establishment of a research fellowship in radiology at the Mount Vernon hospital, near Northwood, Middlesex. This brings Sir William Morris' donations to medical charities in recent years to over half a million pounds.

BETTER BRAN FLAKES

better for health

KEEP ALIVE and peppy by helping yourself to health with Kellogg's PEP Bran Flakes.

Marvelous flavor. Wholewheat nourishment—and just enough extra bran to be mildly laxative.

You'll vote them the best bran flakes you ever ate. Made by Kellogg in London, Ontario.

Kellogg's PEP BRAN FLAKES

SMALL BEAR SEEN ON BURLEIGH ROAD

Cub Wandering Mile North of Young's Point.

YOUNG'S POINT, Sept. 29 (Examiner Correspondence) — On Thursday morning early as the milk drawers were bringing their milk to the cheese factory a bear cub was seen on the Burleigh road about a mile from the village. It is thought that the mother bear was not very far away.

Also on Thursday morning as Mr Ben Heard opened his house door on arising he saw a red fox right in his door-yard. He hastened and got his gun and shot it. Mr. Heard lives right in the village, so hunters will not have to go for game this fall.

District Notes

Rev. O Connor-Fenton and Miss Fenton of Norwood were the guests of Mrs. E C. Moore on Sunday.

Miss Mary McNaughton of Peterborough spent the week-end at her home in the village.

Mr and Mrs. Aubrey Wilson and little daughter Aileen spent Sunday with friends in Smith township

Messrs. Wm. Batten and Henry Moore of Dummer were in the village on Monday.

The many friends of Mr. Ed Young will be sorry to hear of his illness, this past week. He is again confined to his bed.

Mr. Pitman of Toronto and Mr. "Bud" Miller of Peterborough were in the village Thursday on business.

Mr. F. F Downey of Peterborough visited the local school on Friday.

Mr. W. J. Moore of Peterborough spent Friday at the local cheese factory.

Mr. John Wilson of Toronto spent a few days in the village the guest of Mr. and Mrs. Andrew Wilson.

Mr. Percy Darling and Miss Lulu Darling of Lakefield were the guests of Mr. and Mrs. Dave Darling for a few days this week.

Rev. E. C. and Mrs. Moore were the guests of Rev. and Mrs. Creighton of Lakefield on Thursday evening.

Mr. and Mrs. J. R. Darling of McCracken's Landing visited their son and daughter, Mr. and Mrs. Dave Darling on Friday.

CANADIAN DEPARTMENT STORES LIMITED

COUPLE MARRIED HALF A CENTURY HONORED AT IDA

Mr. and Mrs. William Dickens Guests at Community Dinner.

RECEIVED GIFTS

Have Lived in Cavan Township Twenty-One Years.

MILLBROOK, Sept. 29 (Examiner Correspondence)—Mr. and Mrs. William Dickens, of Ida, who have been for twenty-one years residents of this part of Canada, coming out from Rasdeon, Northamptonshire, England, in December 1910, celebrated the golden anniversary of their wedding day in the Ida Community Hall on Friday, September 25, the large gathering on a night when weather conditions were most unfavorable, and the many kind expressions of appreciation by the various speekers, testifying in an unmistakable manner to the general esteem in which these worthy citizens are held.

The guests of honor were the recipients of a number of personal gifts, and were also warmly congratulated on having reached the fiftieth milestone in their journey of life together, the repeated good wishes for 'many happy returns of the day' being sincerely expressed.

The lovely flowers that banked the front of the stage were from the well-cared for flower garden of Mrs. Dickens' home, and most of the floral decorations for the supper tables downstairs came from the same source, keen delight which this quaint couple take in the raising of both vegetables and flowers, their skill in cultivation, and their generosity with the fruits of their labor, being widely known.

Many From District

The guests on Friday evening, besides being representative of the entire community, came also from Peterborough, Omemee, Lindsay, Millbrook, and other points. L. H. Winslow acted as chairman for the gathering and in his opening remarks "extending a hearty welcome to our good friends on this very joyous occasion. They have been wonderfully good citizens, always willing to help at the church, the hall, or any other place where they could give assistance; indeed they have hearts as big as all out of doors."

Warm applause endorsed the chairman's congratulatory remarks, the spontaneous singing of "For They are Jolly Good Fellows" giving evidence of the heart of the audience in the matter.

A Musical Program

Mrs. Winslow was the accompanist of the evening, playing for the community singing, while the audience was gathering, and for the songs of Tom McCamus and Clare Winslow, well known and popular entertainers, whose appropriate selections included, besides the opening salute: "How do you do, Mrs. Dickens, how are you?" Mr. Dickens having his turn for special mention in the next verse, "Put on Your Old Gray Bonnet"; in the chorus of which everyone joined; "If Ever I Marry Again" and "When Your Hair Has Turned to Silver."

Among those who spoke were Mr. Isaac Fee, of Omemee, who stated he had been "the first in Canada to give a welcoming hand to our young guests," adding his warmest congratulations, and best wishes that "the bride and groom might have many days yet to live together."

Good Qualities Attested

Others who briefly addressed the gathering were Councillor Robert McCamus Bruce Sharpe and H. Baptis, of Peterborough, on whose farm at Springville Mr. and Mrs. Dickens had lived for five years the speaker emphasizing their faithfulness and absolute trustworthiness.

On motion of Mrs. L. H. Winslow and Mrs. R. M. Howden, a resolution was unanimously passed expressing sorrow at the inability of the rector, Rev. William Simpson, B.A., to be present, and extending warmest sympathy because of the serious illness in the home.

Following a saxaphone solo by Arnold Roach, of Port Perry, adjournment was made to the dining hall downstairs, where a special table was assigned to the 'bridal party,' white streamers from a large white wedding-bell overhead going to the four corners of the well spread board which was centred with a handsome wedding-cake, the delicious confection being the work of Mr. James Seney, the task of icing the two-storey cake having been left in the capable hands of Mrs. R McCamus.

Seated at the guest table, in addition to the bride and groom of half a century were Mr. and Mrs. J. Arthur Vance, of Millbrook, who some years ago while living on the family homestead near Ida had personally experienced the willingness and capability of Mr. and Mrs. Dicken as helpers; also Mr. and Mrs. Isaac Fee, of Omemee, to whose farm home they who were being honored by the evening's gathering had first gone to work immediately after their arrival in Canada.

Toast to Guests

When the toast to The King had been duly honored, the toast to Our Guests was proposed by Mr. Vance, who spoke of their trustworthiness and faithfulness, relating one or two humorous incidents connected with the acquaintance between Mr. and Mrs. Dickens and himself, and concluded with a very earnest wish that they might long be spared to enjoy the evening of life together.

The toastmaster, Mr. L. H. Winslow, by request of the guests, replied on their behalf, and also proposed the final toast to The Ladies, Miss Vivian Lough making suitable reply.

The remainder of the evening was happily spent in music, conversation, and dancing, music for the latter being supplied by an orchestra from Bethany.

CHURCHES JOIN IN ANNIVERSARY

Lakefield Baptists Celebrate 68th Anniversary—A Community Event.

LARGE CONGREGATION

LAKEFIELD, Sept. 28—The anniversary services of the Lakefield Baptist Church were held on Sunday, September 27th. Following the custom established for a great many years, the evening services in the Presbyterian and both United Churches were waived in order to allow pastors and people to join the Baptists in worship in their church, this being the 68th anniversary of the founding of the Baptist Church in the village, the original church, now used as a school room and attached to the newer building still being in excellent repair.

The church was decorated with flowers and a profusion of potted plants and well filled with an attentive congregation

Rev. W. B. Walker preached an excellent sermon on 'Christianity—What Is It?"

At first thought this is a simple question, but on second thoughts it is deep and hard to answer. To some it merely means that only church goers are Christians and those who do not profess Christianity have no place there. During the Great War there was much talk about the Christian and non-Christian nations. The speaker said that there was no one more loyal to the British Empire than he and while he ackenowledged that its laws were founded on God's Word and the Ten Commandments, it is not a Christian nation. In India there are large numbers of Moslems, Hindus and all types and until the large majority of British subjects are Christian we cannot be called a Christian nation.

In God's Word there are three places where the word Christian is use: (1) in Act 11, 26—"And the disciples were called Christians first in Antioch." And in the 26th Chapter of the Acts of the Apostles, verse 28, King Agrippa says, "Almost thou persuadest me to be a Christian,' after hearing St. Paul's vigorous defence of his teachings. Again we have the third instance in the 1st Epistle general of St. Peter, chapter 4, verse 16. Yet if any man suffer as a Christian, let him not be ashamed but let him glorify God in this behalf."

More than two thousand years ago there was a great unrest in the East, the people had not heard any prophets for a long time and there came to them a man called John preaching a doctrine of repentance for sin; he wore no fine raiment but proclaimed himself the forerunner of the Saviour who was coming— a new teacher who spoke new words never heard before. The foundation of Christianity is conversion—regeneration, a new birth, and from that time we grow in grace.

"Many signs did Jesus, not written in the book but these are written that ye might have life"; meaning that eternal life given by God. Out part is to catch the vision of the Heavenly Father and His Eternal Son and to serve Him every day, and when at last He calls us we shall respond. "Here am I, Lord," and we will enter His presence and will abide there for evermore.

Rev. W. R. Archer of Regent Street United Church; Rev. R. J. Burton of St. Andrew's Presbyterian Church, and Rev. T. M. Wesley of Knox United Church, assisted with the service and a union choir rendered suitable music. Mrs. Hull, who sang "Open the Gates of the Temple,' with splendid effect, and Miss Winnie Payne, who sang "The Holy City" in excellent voice, were guest soloists.

FOR CANCER RESEARCH

Sir William R. Morris has given £25,000 to the British Empire cancer campaign for the establishment of a research fellowship in radiology at the Mount Vernon hospital, near Northwood, Middlesex. This brings Sir William Morris' donations to medical charities in recent years to over half a million pounds.

SMALL BEAR SEEN ON BURLEIGH ROAD

Cub Wandering Mile North of Young's Point.

YOUNG'S POINT, Sept. 29 (Examiner Correspondence) — On Thursday morning early as the milk drawers were bringing their milk to the cheese factory a bear cub was seen on the Burleigh road about a mile from the village. It is thought that the mother bear was not very far away.

Also on Thursday morning as Mr Ben Heard opened his house door on arising he saw a red fox right in his door-yard. He hastened and got his gun and shot it. Mr. Heard lives right in the village, so hunters will not have to go for game this fall.

District Notes

Rev. O'Connor-Fenton and Miss Fenton of Norwood were the guests of Mrs. E. C. Moore on Sunday.

Miss Mary McNaughton of Peterborough spent the week-end at her home in the village.

Mr and Mrs. Aubrey Wilson and little daughter Aileen spent Sunday with friends in Smith township.

Messrs. Wm. Batten and Henry Moore of Dummer were in the village on Monday.

The many friends of Mr. Ed. Young will be sorry to hear of his illness, this past week. He is again confined to his bed.

Mr. Pitman of Toronto and Mr. "Bud" Miller of Peterborough were in the village Thursday on business.

Mr. E. F Downey of Peterborough visited the local school on Friday.

Mr. W. J. Moore of Peterborough spent Friday at the local cheese factory.

Mr. John Wilson of Toronto spent a few days in the village the guest of Mr. and Mrs. Andrew Wilson.

Mr. Percy Darling and Miss Lulu Darling of Lakefield were the guests of Mr. and Mrs. Dave Darling for a few days this week.

Rev. E. C. and Mrs. Moore were the guests of Rev. and Mrs. Creighton of Lakefield on Thursday evening.

Mr. and Mrs. J. R. Darling of McCracken's Landing visited their son and daughter, Mr. and Mrs. Dave Darling on Friday.

Kasaboski is Defeated on Technical Fall

FRANK HART'S VICTORY THRILLS THOUSAND NOISY FANS IN FINE WRESTLING PROGRAM AT BROCK

Kasoboski Counted Out by Jack Forbes Following Strenuous Grappling

After Eleven Minutes of Plunge Through Ropes Donovan Pins Hassan to Floor

EASY WIN FOR NEILSON

The defeat of Alex Kasaboski in the main event of the evening featured the wrestling card staged before something like a thousand noisy fans at the Brock last night. Frank Hart's victory over the tough Alex, who had previously thrown him here, marked the finish of a fine grappling entertainment of four matches, and sent the crowd away satisfied.

Jerry Donovan, the Rochester Irishman, pinned Ali Hassan down in eleven minutes in the curtain-raiser. In the second bout, "Whitey" Johnson, of Oshawa, was eliminated in short order by "Frenchy" LaBelle. The semi-final went just sixteen minutes with Joe Thomas, erstwhile Detroit pug, now calling Windsor his home, taking a bad licking from Bob Neilson. The final match, a return go between Hart and Kasaboski, had the crowd yelling through. It was packed full of action, terminating finally with Alex missing a tackle and going out of the ring with force enough to daze himself. He was counted out before he could climb back.

The two mastodons, Hassan and Donovan, made the boards creak as they started it off. Ali scaled 220 while Jerry went 215. They sparred around without doing any damage for a space and then began tangling each other up, showing considerable speed for their sizes. Ali was warned four times for rough tactics, twice for pulling hair, once for carrying his knee high and again for kicking Jerry through the ropes. He was booed as he got a tough toehold, and then Donovan grabbed the same hold. They panted around the ring again, and Jerry suddenly clasped him around the middle and floored him hard with a body slam, bringing the Turk right over his head. He tried vainly to squirm out, but it was all over. Jerry got a hand as he left the ring.

Johnson Is Easy.

"Whitey" Johnson weighing 165 pounds, proved fairly easy for the 170-pound LaBelle who showed his experience by letting the Oshawa boy look good the first while. At that, with another year or so in the game, Johnson should prove good, as he has the physique and is fast. "Whitey" threw the Montrealer twice with neckholds, but LaBelle got him twice in return with tackles winding him. He then pulled off a neat flying scissors that hurt plenty, but Johnson crawled under the ropes.

"Frenchy" began to warm up and slipped in fast to catch the boy from Oshawa around the body, rough him up, and then throw him hard with a body slam that knocked him right out. "Whitey" was moaning and had to be assisted out of the ring by Referee Jack Forbes.

Bob Neilson, the Ottawa 168-pounder, made the 164-pound Joe Thomas wish he were back in Windsor, or is it Detroit? He started like a streak and drew loud cheers from the crowd. Thomas was not altogether green at the game, being somewhat adept at the toehold. But Bob was faster and had little trouble breaking his holds, while the clutches he put on Joe made the latter grimace. In fact the faces he pulled at the other had the fans laughing. Bob early punished him with a wicked headscissors, and they came out of that to do some open-hand boxing. Joe butted Bob on the forehead twice, and Bob got peeved. He stepped in and grabbed a crotch hold to swing Joe around and slam him to the mat for the first fall in ten minutes.

Easy Win For Neilson.

They came back and Bob started off with a wristlock, finally twisting the other down and using Joe's own arm to cut off his wind. Thomas came up fighting mad, chasing his opponent around the ring with wild swings, and then Bob slipped inside to toss him quickly with a headlock and body slam combine in just six minutes. Joe started at it again, but the referee pulled him off, explaining that it was all over, and they shook hands, while Bob, the favorite, drew plenty of applause.

The tidbit of the whole card was the return go between Hart and Kasaboski, and it was one swell battle, with each one getting a fall, and Alex finally beating himself. They started fast, Alex getting a head-scissors that hurt like billy-o for a full two minutes. He was warned and booed for hitting with his fist. Frank then threw him twice with body slams, finishing off with a headscissors, and Alex was booed heartily for crawling under the ropes to break it. Frank got a tough headlock on him and changed hands on it twice, torturing the other plenty. Alex was warned for pulling hair, and Frank varied the headlock. Alex eventually got loose by pure strength, picking him up and bouncing him on the mat.

Plenty Of Punishment.

Both were using the heel of their hands and their elbows for punishing clips on the chin, and Referee Jack Forbes repeatedly warned Alex for everything the latter could think of that was not allowed. He missed three flying tackles in a row, the "Flying Dutchman" fading away in time. Frank was warned for tackling while the other was on the ropes, which he made for whenever the going got too tough. Forbes had to throw Kasaboski to get him off Hart whom he was roughing up against the hemp, and Frankie caught him with a flying leglock, following it with a painful toehold. Twice, the referee asked him if he had enough, but the tough Toronto grappler shook his head. He finally got working on Hart's spine and broke loose.

Alex eased a neckhold onto the Dutchman, but the latter retaliated with a Jap jacknife that threatened to split Kasaboski in two. He turned Hart over and tried to jump him as he lay on the floor, but Hart caught him in the pantry with his feet, and Alex gave up that idea. Frankie tried the other's stunt and hit him with four tackles, with Alex scrambling out of the ring to escape. They speeded up again and the going got real rough, with the Toronto boy clicking with one tackle and missing another. Then it was over, with Hart catching Alex with a beautiful flying reverse leg nelson to pin him down after twenty-eight minutes. They had a ten-minute intermission.

The next fall came in seventeen minutes, after a rough-tough session in which Forbes was punished nearly as much as the wrestlers. They both boxed and tackled and roughed each other plenty while the crowd came to its feet repeatedly at the speed and action displayed. Finally, Alex dazed Frank with a wicked headlock, following up with four tackles, every one connecting, to flatten the other. Hart was winded and had to be carried out.

They shook hands for the last go, and Hart got a neckhold. For the umpteenth Time, Alex was warned for kicking with the knee. Then Hart was warned for a similar offense, and he threw Alex with two body slams, following fast with a couple of tackles. Alex tried to daze Frank with another tight headlock, letting go to spring two flying tackles in a hurry. He missed both by inches, the second time being carried clean through the ropes by the force of his drive. He seemed partly stunned as he picked himself up while the referee began counting. He could have been back in time, but was just coming in through the ropes as Forbes said "ten". Alex, not knowing it was all over, sprang on Hart and had to be pulled off. He looked angry but shook hands with Frank and the crowd gave the victor a mighty hand as they left their seats.

Wrestling Last Night.

New York — Sammy Stein, 200, Newark, threw Paul Jones, 208, of Houston, Texas, 10.23; Dick Shikat, 218, Philadelphia, threw Steve Znosky, 215, Poland, 22.58; Sandor Szapo, 213, Hungary, threw Mike Romano, 202, Italy, 21.21; George Calza, 218, Italy, threw Floyd Marshall, 217, Arizona, 14.33; Hans Steinke, 240, Germany, drew with Kola Kwariani, 218, Russia, 30.00.

Montreal—Henri Deglane, France, 220 defeated Joe Malcewicz, Utica, N.Y., 205, two falls; Malcewicz first in 5 minutes 10 seconds, Deglane second in 24.00, and third in 2.30; Charlie Strack, 200, Stillwater, Okla., defeated Al Mercier, 205.

MARMORA SCHOOL WINS 10-4 COUNT

Exhibition Softball Game Called in 5th Owing to Weather Conditions

MARMORA, Sept. 29. (Examiner Correspondencee). — Marmora and Warkworth Continuation Schools did well to get in five innings in their exhibition softball fixture on Saturday afternoon when the former won by 10-4. What would otherwise have been an interesting game was marred by rain and mud.

At the conclusion of the game, tea was served to both teams in Deloro Hall by the girls of Marmora Continuation School. The return game will be played in Warkworth next Saturday afternoon when it is hoped that better weather will prevail.

The teams:

Warkworth—C. Ewing, c; Massey, p; Clare, 1b; H. Ewing 2b; O. Hawkey, 3b; A. Greenley, ss; Partridge, lf; N. Buchanan, cf; R. Greenley, rf.

Marmora—Gray, c; Collery, p; Hewitt 1b; Shannon, 2b; Smith, 3b; O'Neill, ss; Simmons, lf; Woodhouse, cf; Hickery, rf.

Umpires—G. O'Neill at plate; C. E. Smith on bases.

Score by innings:

Warkworth	000 40— 4
Marmora	010 45—10

BOWLING NOTES

MARMORA, Sept. 29. (Examiner Correspondence). — At the jitney bowling tournament held at the Deloro green on Wednesday evening the results were as follows:

1, W. A. Sanderson; 2, T. W. Rhind; 3, S. B. Cheeseman; 4, J. H. English. Don Robertson received the consolation prize.

SEVERAL MAJOR BALL RECORDS SET BY AMERICN LOOP PLAYERS

Lou Gehrig and Earl Webb Are Mark Smashers in Batting Averages.

GROVE ON HURLING LIST.

NEW YORK, N.Y., Sept. 28.—(C.P.)—In contrast to the record-breaking spree staged in the major leagues last year, only a few marks of any importance fell during the 1931 campaign. And to make the contrast more sharp, all of the three big individual records which were broken up smashed by American League player while the National Leaguers, who sent one mark after another tumbling in 1930 failed to connect with the less lively ball this year for a single new record.

In the batting end, Lou Gehrig of the New York Yankees and Earl Webb of the Boston Red Sox were the leading record smashers. Gehrig, according to the final unofficial records, batted in 182 runs during the season which closed yesterday, seven more than his 1927 total which set an American League mark. Webb broke the major league record for two-base hits set by George Burns in 1920, when he clouted 47 doubles. Burns' record was 47.

Bob Grove, ace of the Philadelphia Athletics, had no difficulty finishing the season with the highest percentage in games won and lost made by a major league pitcher since 1900. Although the Athletics' southpaw lost his last game of the year to the New York Yankees yesterday, he finished the season with 31 victories and four defeats for an average of 886. The former record was .872, set in 1912 when Smoky Joe Wood won 34 games and lost five for the Boston Red Sox.

Tie in National.

The close battle for the National League batting championship wound up in something like a triple tie according to the unofficial averages and the winner probably will not be known until the official figures are released next winter. As they appear now, Chick Hafey of the St. Louis Cardinals has a fractional margin over Bill Terry of the New York Giants, with Jim Bottomley of the Cardinals.

Al Simmons scored a clean-cut victory in the American League batting race with an unofficial average of .390, seventeen points ahead of Babe Ruth.

Ruth regained a half share in the role of home run king, tying with Lou Gehrig with a total of 46 for the year when Gehrig clouted one in the last game yesterday. It was the tenth season in which the Babe has hit 40 or more homers.

JESS HAINES OUT OF GAME

Muscle Injury Will Not Allow Cardinal Right-Hander to Take Part in Series

SPARKY ADAMS BACK

ST. LOUIS, Mo., Sept. 29.—(CP)—Except for pitcher Jess Haines, who probably will see no action becauseof an arm injury, Manager Gabby Street expects the St. Louis Cardinals to be at their full strength for the world series.

Gabby said today he believes both (Pepper) Martin, center-fielder, and "Sparky" Adams, third baseman, will be ready for action in the first game against the Philadelphia Athletics here Thursday.

Martin, who suffered a wrenched left knee in Cincinnati Sunday, worked out with his teammates yesterday, handling himself without favoring the injured knee to any noticeable degree. Adams, who sprained an ankle Sept. 20, also worked out.

Haines, Street said, probably will not pitch during the series. The big right-hander pulled a muscle three weeks ago, and has not pitched since. Until he was injured, Haines was regarded as the probable Cardinals starting pitcher in the first game of the series. The veteran, in three world series, has won three games while losing only one.

SOCCER TITLE WON BY SCOTTISH TEAM

Draw With Carsteel Gives Queen City Eleven Round by 4 to 3

TORONTO, Sept. 29.—Toronto Scottish won the soccer championship of the National League when they held Montreal Carsteel to a 2-to-2 draw in the second game of the final series at Ulster Stadium last evening. Having beaten the Easterners on Saturday by 2 to 1, the Scottish won the round by 4 to 3. The game was well contested, both teams flashing brilliant soccer at times, with play being close throughout.

During the auction sale of the plant of a well-known distillery at Achtermuchty, Scotland, recently, a comparatively new brick chimney, nearly 80 feet high, brought $1.25.

Trent River

Mrs. Thos. Brown returned Thursday night from Toronto where she was the guest of Mrs. Wellington Wylde and Miss Mona for a few days.

Mr. B. B. Clark and Miss Ruth Longmuir motored from Detroit and spent the week-end with Mr. and Mrs. Jas. Longmuir leaving again for home accompanied by Mrs. Clark (formerly Gertie Longmuir) who spent the past two weeks at the parental home.

Mr. Fred Linton's cottage "Idle View" was broken into one night recently. Mr. Linton of Campbellford made investigation and discovered that a flash light and a few other articles were missing.

Schedule Announced For School Gridders

TRENTON, Sept. 29. A schedule has been arranged as follows for the senior group for this district of the Interscholastic Football League:

Oct. 3—Napanee at Picton; Belleville C.I. at Trenton.

Oct. 8—Belleville C.I. at Napanee; Trenton at Picton.

Oct. 17—Trenton at Napanee; Belleville C.I. at Picton.

Oct. 24—Picton at Napanee; Trenton at Belleville C.I.

Oct. 31—Napanee at Belleville C.I.; Picton at Trenton.

Junior Schedule

Sept. 30—Napanee at Albert College.

Oct. 3—Belleville C.I. at Napanee.

Oct. 8—Belleville C.I. at Napanee.

Oct. 16—Trenton at Albert College.

Oct. 17—Trenton at Napanee.

Oct. 21—Belleville C.I. at Albert College.

Oct. 24—Albert College at Napanee; Trenton at Belleville C.I.

Oct. 31—Albert College at Trenton; Napanee at Belleville C.I.

"Bashful" Art Shires Likely To Remain In Minor Baseball For Another Season

MILWAUKEE, Wis., Sept. 29.—(CP)—Art Shires, the colorful first baseman of the Milwaukee Brewers is resigned to a fate which seems to decree that he must languish another year in the minors. No one in the majors is clamoring for him in a very loud tone of voice and Art fears that, this season at least, he has been overlooked.

Shires, probably the original "what-a-man," was eased out of the Chicago White Sox for assorted misbehaviour, and a year's penance in the American Association was supposed to be good for his cocky spirit. And now, indications are, there will be two years of penance around first base in Milwaukee.

Determined to regain the good will of major league moguls Shires did behave in Milwaukee—pretty well.

"I admit," he said, "that I lifted a stein or two on occasion, but I was always out there the next day to play and produce I thought I was entitled to another shot in the big show and I was disappointed when no one put in a bid for me."

"All that is past and forgotten," he observed. "If I'm not drafted, and I don't expect to be, I'll come back here and play just as hard as I did this year. I'll show 'em. I'm young, only 24, and I'll be up there yet."

BUT MACKS ARE MUCH STRONGER ON THE MOUND

Hopes of American League Victory Based on Grove and Earnshaw

STRONGER OUTFIELD

While Cardinal Twirling Defense is Gamble with Dedringer and Hallahan

(By Alan Gould Associated Press Sports Writer)

NEW YORK, N.Y., Sept. 29. — Measured by the calibre of pitching or the yard stick of fielding skill and experience, the world's champion Athletics possess a margin of superiority over the Cardinals in defensive strength for the baseball championship battle.

The National League champions have a faster infield, featuring the Frisch-Gelbert combination around second base. The A's, otherwise, have an edge on the mound, behind the bat and in the outfield, especially if the sensational ballhawk, Mule Haas, is back in top form.

Lefty Grove and George Earnshaw, the two aces upon whom the hopes of another quick American League victory, are based, always have had the benefit of sterling support from their teammates. Inspiration works both ways when either of these fast-ball flingers is on the mound.

It's an old baseballaxiom that "you can't hit what you can't see" and at times last October, it appeared some of the Cardinal batsmen were not properly visualising the smoke of Grove and Earnshaw, let alone penetrating it with any substantial success. Walberg and Hoyt will form the second line of pitching defense for the A's.

The Cardinal twirling defense will be distinctly a gamble, if Gabby Street is forced to rely on Paul Derringer and Bill Hallahan instead of Burleigh Grimes and Jess Haines, veterans of the Red Bird flock. Derringer is a newcomer to series fire. With Hallahan, it's either a shutout or a knockout. He planked the A's the first time he faced them last year and was routed in two innings the next time.

The A's infield has never been the club's strongest point. Foxx, for instance, does not compare with Bottomley as a defensive worker, although Big Jimmy is steady. Bishop is not so spectacular as Frisch. One of the great defensive second basemen of all time. Boley, an old reliable, cannot cover the ground, nor has he the arm that Gelbert owns. The Mack substitute, Williams, is more on Gelbert's style. Dykes is about on a par with either Adams or High at third.

Stronger Outfield.

On the outer patrol, the A's have two of the finest fly-chasers in Al Simmons and Mule Haas. Both cover acres of ground and have great arms. Hafey in left and either Pepper Martin or Orsatti in centre, for the Cardinals, do not quite measure up to the exceptional standard of their rivals. Watkins or Roettger, in right field for the National Leaguers, lack the experience of the veteran Bing Miller.

Mickey Cochrane may have one or two mechanical faults behind the bat. His arm is good, though not the best in the backstopping business, but the Great Mack receiver's all-around ability surpasses that of the clever Jimmy Wilson. No. 1 catcher for the Cards. Mickey's biggest advantage is at bat. He is one of the greatest "money players" in baseball and has starred in each of the last two World Series.

Connie Mack's famous scoreboard must be ranked as a defensive weapon. The 68-year-old manager has studied the batting habits of every Cardinal, personally or through his trusted agents, and will have his men into position accordingly. If any cracks develop in the champion's defence, Mack has a flock of capable reserves primed to gallop into action.

CASUAL COMMENT

"Oh, How I Missed You To-night" might have been Alex Kasaboski's song of lament right after the main rasslin' bout last night. He certainly did miss him badly when he went through the ropes, but at that he was fortunate, as it might have been a post and not the floor that stopped his fall.

• • • • • • •

It was a battle worth seeing all right, and once again the "Flying Dutchman" proved that he is greased lightning on wheels when he really gets going. Why, Alex, who is no truck-horse himself, looked slow at times. But the tough Alex gave a fine performance before that fatal misjudged tackle. He couldn't beat Hart who was looking better as the bout went on, but he made a great try just the same.

• • • • • • •

That flying reverse leg nelson hold that gave Frank the first fall was something to write home about. The victim couldn't do a thing about it. They're a fine looking pair of grapplers all around, those boys and they are sure be's to please the action-loving fans.

• • • • • • •

We don't know how much Jack Forbes gets to handle these bouts but he earned plenty last night. He had to combine wrestling, hurdling and running, along with his regular job which called for plenty of warnings with Alex on the receiving end of most of the threats. He should have showed more speed climbing in after he went through the hemp in the last fall, as he was counted out just as he climbed back.

• • • • • • •

The other bouts didn't last so long, every one being finished in a decisive manner. Jerry Donovan was the most promising of the newcomers, and he had a tough old egg to crack in Ali Hassan. But he did it in workmanlike fashion. Johnson, of Oshawa, shows promise of a coming wrestler, but he was not in LaBelle's class. Neilson was too good, also, for Thomas who looked better as a grappler than he did against Dane in the boxing bout here some time ago.

• • • • • • •

Bob is a game fellow, and the crowd likes him. He is always ready to rough it if his opponent feels that way about it, or he will just wrestle straight, it matters not to Robert. He fooled Thomas when the latter came up fighting. Neilson turned out ran to a corner and Joe tore right in after him, right into Bob's arms, and then it was all over for friend Joseph. But the faces that man makes.

• • • • • • •

It's seldom a return match of any kind lives up to the past performance, and we were sort of wondering beforehand if the main event on this card would turn out to be a frost. Nothing like it! Far from being a frost, it was a red hot number and when the fans are yelling names at one of the wrestlers and such things as "Kill the hound," you know it's going over big.

• • • • • • •

There was a good house for Monday night, and the crowd got their money's worth, so everybody was happy. It's quite surprising how the mat game has taken on here so quickly, as the big majority of local fans had never seen a professional match before this summer. Now, they know what it's all about and do not hesitate to hurry the athletes up when they're stalling for time.

• • • • • • •

But to get away from such rough stuff as wrestling. A girls' softball game may be staged at the Bowl this Saturday afternoon between the Brintons and Bailieboro. Leo Martyn, manager of the Carpetmakers, is trying to arrange one between the teams, but has yet to locate the Bailieboro maidens' manager. It would draw a crowd if the weather is right.

SPECIAL CHILDREN'S MATINEE — WEDNESDAY 4:30

Bowling Notes

Some of the most keenly contested games of the season were played last evening on the greens of The Peterborough Lawn Bowling Club in the semi-finals of the doubles schedule and in the singles finals in the doubles will be played this evening and that the finals in the singles will be played Thursday evening. Friday night there will be the last tournament of the season as it is intended to close the greens this week in order that the greens committee may get them in the best possible shape while there is still opportunity to work on them this fall.

Doubles Schedule

Three games in the doubles schedule were played. H. Coleman and S. Lowe won from G. Sorensen and G. Rutherford. J. McDonald and P. Nichols won from G. Coleman and S. Brown. The first part of this game was closely contested, the score at the end of the 12th end being 10 to 8 in favor of Coleman. McDonald and Nichols then struck their stride and dominated the play until the end of the game, winning out by 18 to 10.

The outstanding game of the evening, and one of the best of the entire season was played between McDonald and Nichols and J. Sedgewick and P. Hooper. Play did not start until about 10 o'clock and so evenly were the ends contested, the game lasted until after midnight. Both rinks bowled excellently. End after end there were 5 and 6 bowls within a foot and a half of the kitty. In the first part the McDonald rink had the edge, with the result that the score at the end of the 8th end was 10 to 3 for McDonald. Hooper and Nicholls from then on did some exceptional bowling and there was a battle royal between them to the finish. They both did as nice bowling as was seen on the greens at any time all season. Again and again they laid their bowls right to the kitty with the result that the rival skips found it necessary to kill the ends as there was no hope of drawing them. Four ends in succession were killed for this reason.

McDonald and Nichols held a slight lead throughout, but were in danger of losing it on any end. The score was 14 to 13 on the 16th end and 16 to 13 on the 17th end in favor of McDonald. At one point in the final end Sedgewick was lying shot three. McDonald, who played a magnificent game throughout, drew into second with this third bowl. Sedgewick, who also bowled nicely and was was particularly successful in killing ends, took out McDonald's bowl with his third, again leaving his side shot three. McDonald then took the kitty back with his bowl, leaving Sedgewick still shot two, but in an almost impossible position to score. The final score was 16 to 15 in favor of McDonald and Nichols.

Singles Schedule

Interest in the singles events has been growing as play has advanced. There were a number of decided upsets last evening; several of the players apparently being off their games while their opponents were on. The scores, therefore, in several cases were rather surprising. Results were as follows:

Primary and First Round

F. H. Dearborn won from J. Harrison, 21 to 17. This was a great battle, Harrison leading several times.

Dr. Allan won from J. D. Fitzpatrick 23 to 5. H. Freeman won from G. Hutchison, 21 to 12. B. Bolam won from R. Dyer, 21 to 11. This was a splendid game in spite of the apparently one-sided score. Dyer played well enough to beat the great majority of bowlers, but Bolam played just a little better. For 8 ends in succession Bolam scored about one point an end.

J. T. Braund won from G. East 22 to 17. This was a game that showed the uncertainties of lawn bowling. On the 14th end East led by 16 to 8. From then on Braund played a great game, scoring 14 points to one by East.

B. Bolam won from H. Coleman 22 to 12. Bolam, although this is only his second year in bowling, plays an exceptional game of singles. Last year, his first year, he bowled through into the semi-finals where he lost out to Reg. Fox by only one shot. In that game Fox led by nearly 8 points at the beginning of the game. It was Bolam's first experience with a big gallery watching his play. During the latter part of the game he outplayed Fox. This season he appears to be playing equally well, and his future progress will be wached with interest.

W. J. Oke won from A. Gillies 21 to 12.

Second Round.

E. Wall won from G. Gimblett 21 to 5. In this game Wall showed that his right to the title of club and district champion has been well deserved. H. P. Moyer won from H. B. Cowan 21 to 5. Moyer has been playing a nice game and has two wins to his credit, his first one being from Norman Routley.

J. T. Braund won from Nelson Routley 21 to 17. At the end of the 12th end the score was 17 to 5 in favor of Braund. Routley then began to pick up, getting 7 out of the next ten ends and bringing the score up to 17 to 20, with good prospects of winning. Braund then managed to get in the point he needed to enable him to win.

To-night's Games.

The following games in the singles events will be played at 7 o'clock this evening:

James McDonald vs. P. Nichols.
Dr. Allen vs. J. Penrose.
W. J. Oke vs. H. Bennewith.
H. Freeman vs. K. Sloane.
B. Bolam vs. F. H. Dearborn.

On the conclusion of the foregoing games, a number of the bowlers will be ready to play their next opponents. At 8.30 the finals in the doubles schedule will be played between the rinks of James McDonald and P. Nichols vs. H. Coleman and S. Lowe, unless it should be decided that the winner of the McDonald-Nichols game in the singles should play J. Bennett in the singles in order to advance the singles schedule.

FAMOUS RACE HORSE ENDS ERRATIC LIFE

Panther Backed for $5,000,000 in Derby and Lost

The Panther, one of the most noted of racehorses, has died at the stables of Mr. J. Baird, near Newmarket, England.

Every racegoer who was at the Victory Derby of 1919 will remember The Panther, the sure thing that lost badly.

He was owned by Sir Alexander Black, king of the trawling industry at Grimsby, and while in a backward condition had won the Two Thousand Guineas. Everybody fancied him for the Derby. A million pounds was wagered by the public on him. He finished nowhere.

Sir Alexander decided not to continue racing him, and asked £40,000 for him. He was sold to the Argentine, but returned to England two years ago.

If The Panther lost money for his backers his progeny have won a bit—more than £100,000.

WORKERS HELP UNEMPLOYED

Two hundred shoe operatives of Wellingborough, England, are making a self-sacrificing effort to help their unemployed fellow-workers. They are working overtime on a large order from London, and have agreed to pool their overtime pay and give it to the families of unemployed operatives.

O.R.F.U. TEAMS PREPARE FOR AUTUMN GRIND

Coaches Putting Gridiron Hopefuls Through Heavy Training Schedule

OPENS ON SATURDAY

Inter-Provincial and Inter-Collegiate Unions Will Start Schedules Following Week

TORONTO, Ont., Sept. 29 (C.P.). —Rugby coaches throughout the province are making use of the favorable football weather which had visited Southern Ontario during the past few days and are sending their players through a heavy training schedule in an effort to round them into shape for the opening of the Canadian Rugby season on Saturday, when the Ontario Rugby Football Union play their first league games. Although the O.R.F.U. officially opens their League schedule on October 3, the other senior leagues, the Inter-Provincial Union and the Inter-Collegiate Union, will not start their league fixtures until the next week-end.

Following last night's workout, Coach Buck McKenna of Argonauts announced he would send his proteges through another stiff drill tonight, as he hoped to field a perfectly conditioned team against Balmy Beach, Dominion champions, in the coming game Saturday between the Scullers and Beaches for the city championship. More than 40 signed players attended the Scullers' practice last night and it was obvious that only the best conditioned players would get into Saturday's fixture.

Ponton Satisfied

Coach Alex Ponton, of the champion Balmy Beach team sent his squad through a 90 minute workout under the floodlights last night and after the drill announced he was well satisfied with the way in which his plays were working. The Beaches, however will have another stiff workout on to-night's program in an effort to get into condition for Saturday's game with Argos. Only one injury is reported on the squad at present the casualty being Ray Taylor, who had his arm injured in Saturday's game with Varsity.

Dissatisfied with the showing of his team in last Saturday's game with the Cubs, Coach Billy Hughes of the "Big Four" champion Hamilton Tigers, sent his players through a gruelling workout last night in preparation for their first important fixture with Western University here Saturday. Practically a full squad was on hand when the practice whistle was sounded, the only absentees being Boadway who is nursing an injured ankle and "Beano" Wright.

THEATRES

AT THE CAPITOL

"AN AMERICAN TRAGEDY"

This talkie has very rightly been "Not recommended for children," although, in a way, it might do a growing child a lot less harm than some of the talkies they digest with such eager curiosity.

The title might have been changed to suggest the nationality of any country under the sun. It is an age-old problem that the picture deals with, just as the lawyer for the prosecution remarks as he rises to commence the case of the State against Clyde Griffiths, charged with the murder of the girl he had first seduced and then cast off to make way for a richer sweetheart.

It is the story of a youth who was a mental and moral coward. He fled always from the consequences of his evil desires. There is a curious quality of weakness suggested throughout the whole picture, and yet the theme has to carry the moral throughout. Josef von Sternberg has not done anything remarkable in his dramatization of the story of Clyde Griffiths. He has tried hard enough, almost to the point of wearisomeness, to suggest how the spring of the year inflames the young man's fancy, walking along the street and turning to watch a passing brief skirt, or taking sly glances at the free, swinging legs of the girls in the factory. And then he carries the same quality of overdone direction in the delineation of the weak, pretty girl with her Oriental cast of countenance. It is only when the story progresses to the courtroom and into the hands of that real person who is the District Attorney, dramatic though he may be, that the talkie gathers an aspect of good direction. The picture, however, with its strong and overwhelming theme, takes the watchers along with it in a sad and alarming tale of weak and foolish youth, and it never makes the mistake of trying to arouse any sympathy for the boy who is the central, vicious figure. Phillips Holmes takes the role of Clyde Griffiths with splendid ability. Sylvia Sidney and Frances Dee have the feminine parts.

—Jeanette.

NEW HOCKEY LEAGUE

OTTAWA, Ont., Sept. 29 (CP)—Plans for a proposed four-team professional hockey circuit to include Montreal, Quebec, Hull and Ottawa are under consideration by a group of Hull and Ottawa sportsmen following negotiations with Louis Letourneau, prominent Montreal sportsman, it was reported here to-day.

PRINCE OF WALES IS DEFEATED 2-0

Queen Mary Wins Out in Opening School League Soccer Game

The local school soccer league got off to a good start, yesterday afternoon, when the Queen Mary boys defeated the Prince of Wales eleven by two goals to nil, in the opening encounter of the fall season. The losers were unacquainted to their respective positions; while the winner's forwards introduced the combination to be effective whenever near the goal. Prince of Wales failed to convert a penalty kick.

Choice of goals fell in favor of the Prince of Wales who had to defend their citadel, in the early stages, against the keen forwards of Queen Mary. Twice did the custodian repulse them at the critical moment to send his forwards away to the other end, where Sid Nieman frustrated their movements with close tackling and long punts upfield. Exchanges continued even for a while until Chesher, at inside left, lifted the ball in below the bar out of the reach of E. Doughty, in goal. Prince of Wales, thereafter, put up a desperate effort to gain the equalizer before the intervale but it didn't materialize. Queen Mary 1, Prince of Wales 0.

On resuming, the boys confined their attempts to gain their objective by heavy body checking which proved disastrous to them, also failing to play their positions to advantage. After fifteen minutes end-to-end play, the Queen Mary boys' combination carried them to success when Clark, at centre, drew the defense away from their goal to slip the ball over to Harding who passed it back to Chesher who banged a low grounder inside the post, to make the count two to nil in their favour. Prince of Wales went back again to pepper shot after shot upon Smith, in goal who picked up clever attempts. In a scrimmage in front of the winner's goal, Whiteside gave away a spot kick which failed to be converted through the sky-ward shot of H. Wells past the upright. Play was in mid-field when the whistle sounded the end, Queen Mary 2, Prince of Wales 0.

Queen Mary—V. Smith, goal; D. White and Sid Nieman, full backs; S. Eaton, A. Millard and G. Whitehouse, halves; A. LeClair, Doug Mortimer, G. Clark, M. Chesher and R. Harding, forwards.

Prince of Wales—E. Doughty, goal; J. McIlmoyle and H. Wells, full backs; J. Johnson, E. Williams and J. Platt, halves; C. Moore, R. McDougall, G. Whatman, W. Lucas and R. Sutherland, forwards.

LITTLE SERIES OPENS WEDNESDAY

Rochester Red Wings Arrive in St. Paul for Initial Practices

ST. PAUL, Minn., Sept. 29 (C.P.). —Members of the Rochester baseball club, champions of the International League, got the "lay of the land" here to-day in their initial practice for the little world's series with St. Paul, pennant winners of the American Association.

Twenty-two players from Rochester who arrived last night, planned to work out at Lexington Park, home of the Saints, to familiarize themselves with its lights and shadows prior to the opening game of the series Wednesday.

Walter (Huck) Betts has been announced as the starting pitcher for St. Paul in Wednesday's contest, and while Manager Billy Southworth of the Red Wings would not definitely commit himself on his hurling selection, it was expected to be given to Roy Starr, brilliant right hander.

Mrs. J. Dewart Wins In Ladies' Singles

The open tournament for tennis players of the city, which has been in progress at the courts of the Tennis and Lawn Bowling Club, has produced some close matches, as the contestants battled for city supremacy.

The final in the Ladies' Singles was won by Mrs. J. A. Dewart over Miss Freda MacKenzie. The Ladies' Doubles event went to Mrs. J. A. Dewart and Miss Isobel Davidson who defeated Mrs. C. D. Hewitt and Mrs. H. A. Cranfield in the final match.

Some fine sets were seen in the different men's matches, with Gordon Cathcart and Max Cotton teaming up to win over G. R. Langley and Walter Jackson in the doubles' final. The victors then fought it out between themselves for singles' supremacy, and Cathcart emerged the winner after some hard play.

APSLEY NIPPED BY FIRST FROST

Thermometer Dropped to 28 Degrees Last Friday Night

A.Y.P.A. AID HOSPITAL

APSLEY, Sept. 29. — (Examiner Correspondence). — The St. Luke's A.Y.P.A., Peterborough, very kindly presented their play, "The Eyes of Love," in the Parish Hall, Apsley, on Friday evening to a delighted audience on behalf of the local Red Cross Society. This is the second time they have brought this play here, and the presentation was very heartily enjoyed. During the evening the Rev. C. A. G. Spence, president of the branch, made an earnest appeal for increased membership, pointing out that divisional headquarters has provided nearly $12,000 in maintaining the hospital since it came into existence nearly four years ago. The annual meeting will be held on the 14th of October, when the election of officers for the ensuing year will take place.

The harvest thanksgiving will be held in St. George's Church on Friday, October 2, at 8 o'clock. The choir of St. Luke's Church, Peterborough, will attend and provide the music for the service, and it is hoped that the Rev. E. R. James will preach.

Peter Rusaw, an old pioneer of this district, passed away at the home of his son, Charles, at Glenalda, on Friday, and was buried in the cemetery there on Sunday afternoon. Mr. Rusaw was considerably over eighty years of age. He leaves two sons, Charles of Glenalda and Wilbert in the States, and one daughter, Mrs. Aaron Post, residing also in Glenalda. Mr. Rusaw was engaged for many years in threshing operations throughout the district and was well known and highly respected.

Ice nearly a quarter of an inch thick on Friday morning was a visible token of the approach of winter, and played havoc with the flower gardens. The thermometer registered 28 degrees, four below freezing point.

What To-day Means To You

"LIBRA"

If September 29th is your birthday, the best hours for you on this date are from 11 a.m. to 1.15 p.m., and from 4 p.m. to 6.10 p.m., and from 9 p.m. to 10.45 p.m. The danger hours are from 8 a.m. to 10.10 a.m., and from 1.35 p.m. to 3.15 p.m.

Quietly beneficial influences rule on September 29th, according to astrological indications. Nothing of outstanding import is scheduled to happen, but affairs will run along well and smoothly without any disturbing or conflicting elements. After sunset, there will be a mellowing atmosphere liable to provoke thoughts of romance.

Children born on this September 29th will be irresponsible and happy-go-lucky until attaining adulthood. At this stage in their existence, they will "settle down" to a vocation, on which they will concentrate and in which they will attain success. By no means demonstrative or gushing, they will have deeply rooted affections.

You, if born on September 29th, are very emphatic, and voice your views and opintons in a manner that cannot be misunderstood. Even as a child, no one was ever in doubt as to you what you wanted, and when you wanted it. You are not argumentative; once you have pronounced your "dictum," that's all there is to it. On the whole, your character is both strong and lovable. You have ideals and try to live up to them. You are full of sympathy and kindness of heart. Even though your words may be, at times, gruff, your actions advertise your sterling qualities of mind and your generous spirit.

You are not only an omnivorous reader, but a deep thinker. Be you man or woman, you often find yourself in a brown study, and your silent meditation does not always induce hilarity. You never shirk responsibility. As a matter of fact, you invite it.

Way down deep in your nature, is the capacity for a great love and an enduring one. When this touches you, and you will sense it immediately, all your efforts will be bent towards the consumation of your supreme desire. If this be accomplished, the future has in store for you not only a happy, but a useful life.

Joseph Tarbar, composer of "Daddy Wouldn't Buy Me a Bow-Wow" and other comic songs, has died in Kennington, England, aged 74.

BEDTIME STORY

A NEW THRILL FOR FARMER BROWN'S BOY

(By Thornton W. Burgess)

There's nothing harde rthan suspense
In moments that are strained and tense.
—Farmer Brown's Boy.

Farmer Brown's Boy sighed with relief when Whistler the Marmot darted under a rock just in time to escape Talons the Eagle. It was a narrow escape and only the quick wit of Whistler had made it possible. Had he attempted to get back in the hole from which he had come Talons would have caught him. Talons awkwardly hopped over to the rock under which Whistler had found refuge, saw that there was no chance of getting him out, and with a scream of disappointment flew away.

Farmer Brown's Boy could hear Whistler scolding angrily. Presently he poked his head out, saw that the way was clear, and scrambled up to his favorite rock where he sat up and looked carefully in all directions. Talons was flying off and already was a mere speck in the sky. Satisfied that all was well at last Whistler jumped down and went to finish his interrupted dinner.

He had just finished when once more the alarm signal from his nearest neighbor on the distant rock slide sounded. Whistler scrambled to his lookout and gazed across. At once he become tremendously excited. Shuffling along there in a leisurely manner was a big Brown Bear. For the second time that morning he felt a thrill run all over him. He quite forgot Whistler until a shrill whistle from the latter drew attention to him again.

Whistler was so excited that he couldn't sit still. He watched every move that Bear made and talked to himself in an angry undertone. It was plain that he was anxious as well as excited. The air was so clear that the distant rock slide seemed much nearer than it was. Of course this was equally true of the big Brown Bear. His every move could be seen plainly.

Presently Whistler became more excited than ever. He could scarcely contain himself. The Bear had stopped and begun to pull stones and rocks aside. He did it in an

Talons was flying off and already was a mere speck in the sky

unhurried manner but with a purpose that even at that distance was quite evident. His great strength enabled him to pull aside rocks that Farmer Brown's Boy couldn't have moved. Some of these rolled down the slide and smaller stones flew out in all directions.

Whistler knew what it meant, but for a time Farmer Brown's Boy didn't understand what that Bear was doing all that hard work for. Then it came to him.

"He is after that other Marmot!" He is trying to dig him out!" he exclaimed under his breath.

This was even more thrilling than the attempt of Talons the Eagle to catch Whistler. The stones flew and rocks rattled down the slide. Farmer Brown's Boy could picture to himself that frightened Marmot trapped in his home among the rocks and waiting helplessly as it was torn open.

In a short time a big hole had been dug. Then the Bear stopped digging and reached in with a big paw. He was back to Farmer Brown's Boy and the latter couldn't see just what the Bear was doing. Presently he backed away and sat down, swaying a bit from side to side and finally disappeared down the slope.

"I suspect he got the Marmot," muttered Farmer Brown's Bay a bit sadly. "I suppose it was all right, but somehow I hate to think that anyone can't be safe right in his own home."

Just then Whistler from his rock whistled sharply. From the distant slide came a faint response. Whistler heard it and there was a look of satisfaction on his face. Farmer Brown's Boy heard it, too. His face brightened.

"That Bear didn't get him after all!" he exclaimed, forgetting Whistler. And then he wondered what could have sent Whistler scurrying for his home so fast.

Six forges were kept busy all day during the annual horseshoe making contest at Banff, Scotland, recently.

Obituary

EVERETT BUCHANAN

NORWOOD, Sept. 29 (Examiner Correspondence).—The funeral of Everett Buchanan, only son of Mr. and Mrs. George Buchanan, who met his death by drowning in Norwood mill pond on Friday, September 18, took place on Sunday and was very largely attended. The funeral service was conducted by Rev. A. C. Reeves of St. Andrew's Presbyterian church. His words were most comforting to the bereaved parents referring to the text, "Suffer little children to come unto Me" and the welcome that Jesus gave to the children. What would heaven be if it were made up wholly of old people? "Around the throne of God in heaven thousands of children stand." He closed with reading that beautiful hymn, "When the Roll is Called Up Yonder."

The pall-bearers were six boy friends, Keith Ross, Stanley Parker, Cameron Ford, Ralph Buchanan, Garnet Wheatley and Learl Humphries.

Many beautiful floral tributes were laid on the casket among which were a wreath from the 9th Line Union Sunday School of which he was a member and a sheaf from the Norwood Public School teachers and pupils.

Interment was in the Norwood cemetery.

GEORGE WHITE

LAKEFIELD, Sept. 29 (Examiner Correspondence)—The following refers to the demise of George White of Bobcaygeon, a brother of Richard White of Lakefield. There passed away at his residence on Thursday, September 10, a highly respected resident of Bobcaygeon in the person of George White at the age of 83 years after an illness of only a few weeks.

The late Mr. White was in comparatively good health until three weeks ago when he was taken ill, growing gradually worse. The deceased lived in Smith township until his marriage to Miss Margaret White who predeceased him six years ago. The late Mr. and Mrs. White lived in Douro for ten years, in Fenelon Falls for six years, then settling in South Verulam, on the farm now occupied by their son George.

Fifteen years ago they retired, moving to Bobcaygeon. In politics Mr. White was a staunch Liberal and a Presbyterian in religion.

The funeral, from his late residence on Saturday, September 12, was largely attended, Rev. E. Lee, of Knox Church officiated assisted by Rev. M. R. Gillin, of the Baptist Church, and Rev. R. J. Burton, Lakefield, and the Orange Order, Rev. Carpenter being chaplain.

Left to mourn his loss are one brother, Richard of Lakefield; three daughters, Bessie (Mrs. Max Cleeland), Medicine Hat; Bertha (Mrs. White), South Verulam, and two sons Fred and George, of South Verulam.

The pall bearers were Messrs. R. A. Kennedy, H. Nicholls, G. Forrest, J. Pearson, R. Henderson and Dr. McKinnon.

Those from a distance attending the funeral were Mr. and Mrs. Argue and Mrs. Brice, Midland; Mr. and Mrs. Flickers, Mr. and Mrs. Harry White and Miss Stewart, Orillia; Mr. Jim White and Mrs. Gowan, Otonabee; Mr. and Mrs. Sam White, Mr. and Mrs. R. White, Miss Abbot and Mr. Preston, Lakefield.

Centreton

Mr. and Mrs. Hugh Gillespie, of Parry Sound were visiting Mr. and Mrs. John Gillespie.

Mr. and Mrs. W. Sherwin, Mr. and Mrs. F. MacIntosh, of Cobourg, were guests of their parents, Mr. and Mrs. William Score, on Thursday.

Miss M. Bethel, who is teaching near Kingston is visiting Mrs. S. Coffey and friends in the village.

Here's another attractive

MAGIC MENU

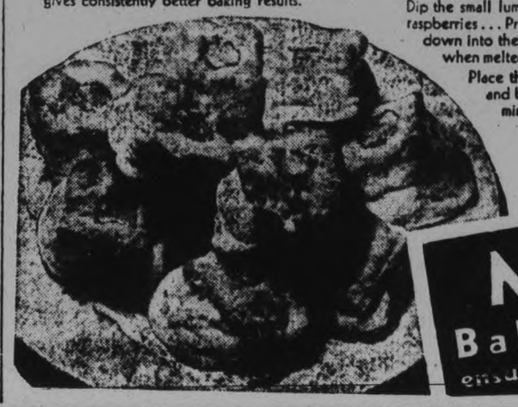
Look for this mark on every tin. It is a guarantee that Magic does not contain alum or any harmful ingredient.

Most women find it difficult to think up new ideas for attractive menus . . . This one, suggested by Miss Katherine M. Caldwell, cookery authority of Canadian Home Journal, Toronto, is therefore sure to please.

LUNCHEON MENU
Cheese and Vegetable Soufflé with Cream Sauce
Buttered Whole Wheat Toast
Sweet Pickles
Hot Raspberry Biscuits*
Chase & Sanborn's Tea

For afternoon tea, there is nothing nicer than these same Raspberry Biscuits, shaped daintily with a tiny cutter—split, buttered and served piping hot, with a cup of perfect tea!

Miss Caldwell says: "Magic Baking Powder is easy to use because its uniform, high quality never varies. I use and recommend Magic because my experience has proven that it always gives consistently better baking results."



Try Miss Caldwell's Recipe for *RASPBERRY BISCUITS

2 cups flour
4 teaspoons Magic Baking Powder
½ teaspoon salt
2 tablespoons sugar
4 tablespoons shortening
½ cup milk
Tea-cubes of sugar
Raspberry juice or syrup

Mix and sift the dry ingredients. Cut the hard, cold shortening into them with a knife, using a quick, short, chopping motion; or reduce the hard cold fat to tiny particles with a pastry blender or a steel-pronged fork. When the mixture resembles a very coarse meal, add the liquid, mixing quickly and lightly. Turn out the dough on a slightly floured board; pat it down lightly or roll it to a thickness of about one inch. Shape with a small cutter or cut in squares with a floured knife.

Dip the small lumps of sugar into syrup from canned or fresh raspberries . . . Press a lump into each biscuit . . . forcing it well down into the dough so that it will not run down the sides when melted.

Place the biscuits on a greased pan or baking sheet and bake in a very hot oven, 450° F., 12 to 15 minutes.

F. V. CLEMENTI RETIRES G.N.R. AFTER 53 YEARS WITH RAILWAYS

Was Chief Clerk With Old Midland Railway Company

SAW MANY CHANGES

Frederick V. Clementi, whose retirement as chief clerk of the Canadian National Railway Company's local freight office takes effect on the last day of this month, severs an honored connection of fifty-three years of which have been spent as chief clerk of the old Midland Railway Company, the Grand Trunk Railway Company and the Canadian National Railway respectively.

Mr. Clementi's railroad career commenced when he joined the Midland Railway Company's staff in Peterborough as a junior clerk at the age of sixteen years. The office was then situated in the passenger station, which has been altered structurally since that faraway period. Mr. Clementi recalled to an Examiner reporter that in those days electric light and telephones had not yet been invented, or were at least not in common use.

The locomotives consumed wood fuel and it took a train four hours to complete the journey from Peterborough to Port Hope. The through line from Port Hope to Lindsay had not been built, but trains used to run from Port Hope to Lindsay via Millbrook, missing Peterborough altogether.

"I have worked under about seven different agents here," Mr. Clementi said, "the first being the late Thomas Gladman and the present agent, Alpine McNabb.

He produced a bunch of keys from his pocket along with an identification disc which he still keeps as a souvenir of his early railroading days. The disc is inscribed with his name and the title of the Midland Railway Company.

The chief freight handled as early as Mr. Clementi can remember here was lumber and grain.

It may be said that Mr. Clementi is a born railwayman, for his father before him was station agent here on the Midland Railway, and was for a number of years secretary of the Port Hope, Lindsay and Bewdley Railway Company, and at one time Provincial Surveyor.

His father came from Hampstead Road, London, England, and was married in this city. Mr. Clementi was born in the house at 335 Stewart street in which he still resides on April 1, 1862. His wife died thirteen years ago, and his daughters Emma and Georgie keep house for him. He has two other daughters, Mrs. Charles Gifford and Helen of Clifton Springs and one son, Mutius Vincent Clementi of Gananoque.

Mr. Clementi has been a life-long member of St. John's Anglican Church, and it is interesting to note that his grandfather the Reverend Vincent Clementi was at one time Rector of Lakefield and was largely responsible for the building of the Anglican church in that village.

It is also an interesting fact that Mr. Clementi's great grandfather Mundo Clementi is buried at Westminster Abbey a burial which was given him in honor of the fact that he was one of the outstanding musicians of his day. He died in the year 1832 at the age of 81 years, at Elm Lodge, Worcestershire.

Unemployed Married Men In Calgary Charge Favors Shown In Giving Jobs

CALGARY, Alta., September 29 (C.P.). — Charges of discrimination in rotation of unemployed married men on relief jobs and discounting of grocery orders were made at last night's meeting of the City Council. Investigation will be undertaken by the City Commissioners, with the possibility of a wider probe later...

Albert Larsen, representing the Unemployed Married Men's Association, declared that a thorough check of civic records would show discrimination in awarding relief jobs.

He declared light and gas bills were deducted from the face value of relief tickets, leaving a sum on which a family could not live. "In other words," he said, "we are given the choice of starving or freezing, and clothes are so scarce that our children will have to be kept from school this winter."

BRITISH RAILROADS PUT RADIO IN TRAINS

Passengers Will Be Charged a Shilling to Rent Headphones

The Flying Scotsman and ten other London and North Western expresses are shortly to be fitted with radio receiving installation.

All first-class passengers, with passengers in the dining saloon, will be able to hire a pair of headphones for a shilling and listen to the B.B.C. programs throughout the journey.

The equipment will be similar to that which has been in use for five months on the King's Cross to Leeds express. This pays for itself.

The trains are being fitted with a three-valve all-mains receiver, together with wires leading to sockets in each compartment. There will be a loud speaker for the kitchen staff.

TARZAN AND THE JEWELS OF OPAR NO. 92

By Edgar Rice Burroughs

(Metropolitan Newspaper Service)

The forgotten name had awakened the memory that in Tarzan had been struggling to reassert itself. The ape-man relinquished the Belgian and leaped to his feet. Suddenly he cried, "My wife! What has become of her?" Savagely he turned toward Werper. "You know," he cried. "The farm is in ruins. You followed me to Opar. YOU stole the jewels which I thought but pretty pebbles. Scoundrel that you are, tell me or—" Before he could finish, a voice close behind them said, "He is all of that and worse." Tarzan turned in astonishment.

There in the trail stood a tall man in uniform. Back of him were a number of soldiers in the uniform of the Congo Free State. "He is a murderer, monsieur. We have followed him long. Now he is my prisoner." "Only when I am through with him," said Tarzan sternly, and reaching out a strong hand grasped Werper by the shoulder. The Belgian officer eyed the almost naked white giant with curiosity. He noted the strange contrast between the primitive weapons and apparel and the easy fluent French which the man spoke.

"Whoever he is," thought the Belgian officer, "he shall not presume to dictate to me." He beckoned to the soldiers who quickly surrounded the ape-man and his captive. Still Tarzan held Werper. "He goes with me first," he said quietly. The officer lost his temper. "Unless you wish to be hurt, you will not interfere with me," he said. "Take the prisoner, Sergeant." Werper raised his lips close to Tarzan's ear. "Keep me from them and I can show you the very spot where I saw your wife last night," he whispered.

The soldiers closed in to seize Werper. Tarzan grabbed him about the waist, lifted him and leaped forward in an attempt to break through the cordon. His right fist shot out felling the nearest soldier. Clubbed rifles were torn from the hands of those who barred his way. The blacks did not dare to fire for fear of hitting their own men. Tarzan was already through them on the point of dodging into the jungle when one, who had sneaked up from behind, struck him a heavy blow upon the head with a rifle.

NO CONSPIRACY BY W. SUKLOFF, JUDGE DECIDES

Alleged Fraud in Bankruptcy Not Substantiated, is Finding

SUKLOFF ACQUITTED

Search of N. Fine's Premises by Police Was Not Justified

Finding no supporting evidence, His Honor Judge E. C. S. Huycke this morning acquitted William Sukloff of a charge of conspiracy to defraud his creditors.

The case against Norman Sukloff on a similar count was adjourned to Tuesday, October 6.

In delivering judgment, His Honor made strong comment about the evidence of Nathan Fine, in which accusations were made against the police. He was very glad that the grave charges against the police were not substantiated. He thought they had done no more than their duty.

His Honor did, however, offer mild censure of the manner in which E. A. Moss, special investigator for the trustees in bankruptcy, had acted, and had involved Detective Constable W. R. Piercy in those operations.

"Moss has succeeded in putting Piercy, a promising young man, in a derogatory position," said the Judge, but he added that he did not blame Piercy for acting as he did, except that he took his orders from Moss. He acted, the Judge believed, in good faith and with all honesty.

"He acted on this search warrant I have here," said His Honor. "It is directed to the Sheriff of the County of Peterborough and his assistant. Piercy acted quite honestly in thinking he came within the purview of this warrant." The Judge contended, however, that by the warrant neither Piercy nor Moss were authorized as assistants of the Sheriff.

"The action of the police was not justified in going to Fine's place of business or to Fine's home."

After having delivered judgment, His Honor called upon William Sukloff to stand up, after which he admonished him to be more accurate in his business transactions in the future.

Crown Attorney V. J. McElderry, K.C., given permission by His Honor to make a statement, said that he was closely associated with Constable Piercy and with other constables in the Police Court. Knowing the difficulties under which they had to contend and the splendid spirit and ability of the men administrating the duties of the police in this city, he was jealous of their position and regretted to hear from the bench remarks which, to those who had not heard all the case, would appear to be derogatory to the police force.

"Constable Piercy, in evidence, said he had been appointed a special officer by the Sheriff, began Mr. McElderry.

His Honor — What I have said about the police has been favorable to them. You do not think anything better of them than I do.

MAIN STREET TOPICS

Jabs and Jottings as Picked Up by an Examiner Reporter

SOME ADDER

"A small venomous serpent", is the way the dictionary describes an adder, but there was nothing small about the one that made for William Miller of Mount Julian yesterday. It measured just four feet in length and was three inches in diameter with a mottled brown back and a wicked looking head that might well have frightened anyone not accustomed to seeing the reptiles. He was walking along the road when the serpent, thought to be a blow adder, appeared over a knoll to one side, and when Miller approached closer with a club in his hand, the reptile drew up to attack. But William was quicker, finishing Mr Snake with one sharp blow just back of the head. It was the longest adder seen around that district in years.

POSITIONS OPEN.

There is an opening for a woman who can do housekeeping work and take over the management of a small household.

A good, reliable girl is also required to do the work in a good home with a small family.

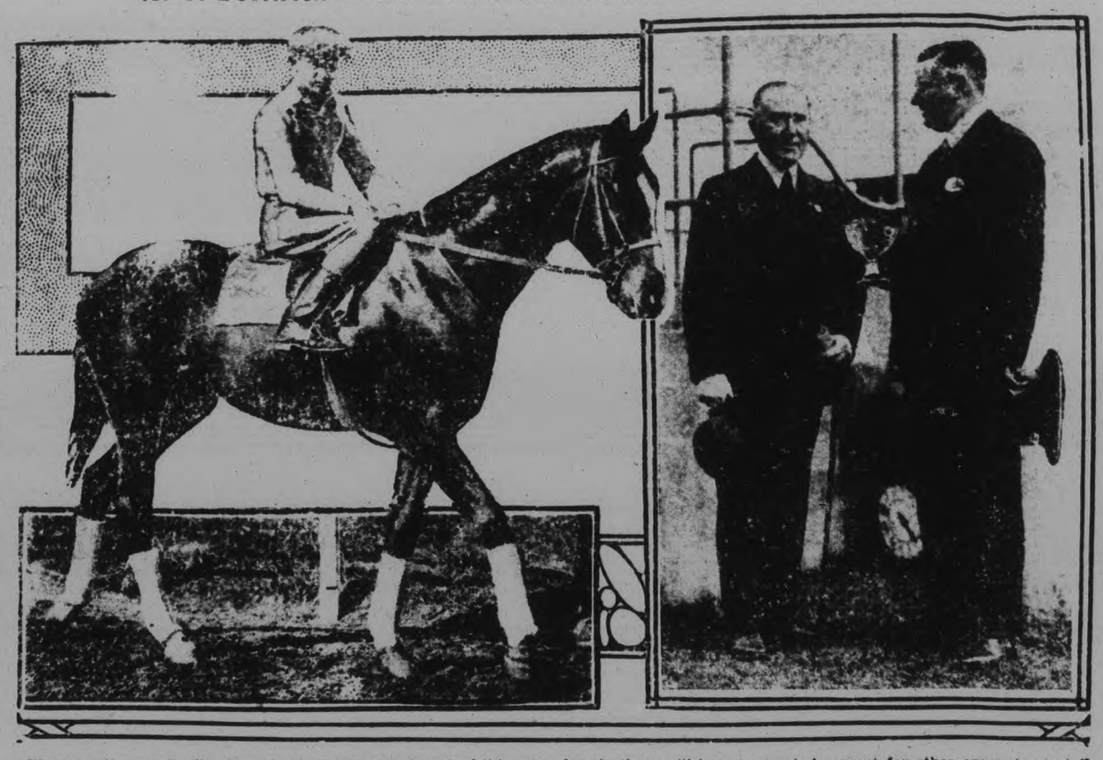
A. C. Bostwick's Famous Three-Year-Old Mate To Race In Canada



There are two outstanding 3-year-olds on the American turf this year, Mrs. Payne Whitney's Twenty Grad and A. C. Bostwick's Mate. The latter is an eligible for the Stanley Produce Stakes for 3-year-olds, foals of 1928, $10,000 added, at one mile and a quarter, which is to be run at the Ontario Jockey Club meeting today, Tuesday, September 29 at Woodbine Track, Toronto. Mr. Bostwick has notified the O.J.C. that the famous colt will be sent here to fill his engagement. As the added money provides $1,500 to the second horse, $500 to third and $250 to fourth, there will be an extra inducement for other owners to start their horses with an outside chance for first money. Mate has defeated Twenty Grand on two occasions and his appearance in Toronto will create tremendous interest. This is his only stake engagement at Woodbine and he will be shipped to Chicago after the running of the race. A. Hullcoat, is the new trainer of the Bostwick stable, and will bring Mate to Toronto. On the right are A. E. Dyment, president of the Ontario Jockey Club, and Kenneth Dawes of Montreal, chairman of Canadian Racing Association.

Obituary

WILLIAM D. McBEAN.

COBOURG, Sept. 29 (Special).—William D. McBean, who was born at Millbrook, 70 years ago, and who was widely known in Central Ontario, died suddenly at Winnipeg, where he was a member of the Winnipeg Grain Exchange, and manager of McBean Bros., grain commission merchants. Mr. McBean's father, the late Archibald McBean, was a grain merchant in Port Hope.

EUGENE TORPEY.

Eugene Torpey, 197 Perth Avenue, Toronto, died at his home yesterday in his 82nd year. Born at Douro, Peterborough County, he had been a resident of Toronto for more than half a century, coming here with the C.P.R. construction department when the Toronto-Montreal line was built. Later he joined the Bell Telephone Company staff and was one of its first Toronto employees, retiring about 15 years ago. He was a member in turn of St. Helen's and Joan of Arc R. C. Churches, and of the Holy Name Society. Surviving are his wife, formerly Miss Mary O'Brien; four sons: John F. (Bud) Torpey, Toronto; Vincent J., of Grand Rapids, Mich.; Joseph L., of the civic welfare department, and Eugene, Jr., of the Toronto fire department; two daughters: Mrs. Chas. Burcher and Mrs. J. Frank Barry, Toronto; a brother, Patrick Torpey, St. Louis, Mo., and three sisters: Mrs. J. Mahoney, Detroit; Mrs. M. Foley, Toronto, and Mrs. John O'Brien, Edmonton, Alberta.

Thomasburg

Mr. and Mrs. F. C. McMasters spent Sunday in Picton.

Mr. and Mrs. Ray Oliver and family were recent guests of relatives at Campbellford.

Mr. and Mrs. Silas I. Prindle and family motored to Belleville on Sunday.

Miss Winnifred Taverner was the week-end guest at the home of her parents, in Napanee.

Mr. and Mrs. Harold Morton and family and Mr. and Mrs. William Vance and family spent Sunday with Mr. and Mrs. William A. Holbert and family.

Mr. and Mrs. F. C. McMaster and M. and Mrs. Ray Oliver and family motored to Belleville on Wednesday evening.

Mr. and Mrs. Gerald Reid, of Ivanhoe, were recent visitors at the home of Mr. and Mrs. J. H. Blakely.

Mr. and Mrs. H. Fluke had the misfortune to lose their residence by fire on Thursday afternoon, the cause of the fire being unknown.

Mr. Will Geen seriously lacerated his finger recently, when four stitches were required to close the wound.

Trent River

Rev. Mr. Paton of Roseneath preached at the afternoon service at the United Church Sunday afternoon.

Rev. J. E. Glover, B.A., of Smithfield will take charge of the anniversary services Sunday, October 11. The choir of the United Church are preparing special numbers for the occasion.

Mr. and Mrs. Hoffman arrived Friday from Cleveland, Ohio, to spend a week at "Maple Inn," Cook cottage.

Mr. and Mrs. Fred Lane arrived Saturday from Toronto to spend three weeks at "Maple Inn," Cook cottage.

Mr. D. Walterhouse has had the verandah of his summer home "Riverview" enclosed.

Charlies McNichol has had considerable improvements made in and around his summer cottage, the interior of the cottage has been lined throughout with beaver board while the grounds surrounding the cottage have been cleared up and prepared for seeding.

Rev. R. W. Paton, of Roseneath conducted the afternoon service at the United Church Sunday.

An appeal is made to the United Church of Havelock and Trent River to contribute provisions, vegetables and potatoes principally to be sent to the needy in Saskatchewan. On Monday, October 5, there will be a car provided by the C.P.R. at the Havelock station, for half a day which will be used to ship produce to the West. Fifty bags is the allotted amount expected from Havelock and Trent River and any one wishing to contribute must have their donation at the C.P.R. station at Havelock on the morning of Monday, October 5th.

Recent visitors with Mr. and Mrs. Wm. Preston: Mr. and Mrs. Tate, Rev. Mr. and Mrs. Bell, Hastings; Rev. Mr. Hinton and son Earl of Castleton; Mr. and Mrs. Bert Beavis, Campbellford.

Mr. Stanley Carnrite has been confined to bed through illness.

Mrs. Ike Merson arrived Friday from Rochester, N.Y., to spend a few holidays with her sister, Mrs. T. F. Ward.

Canada's national wealth, estimated at $30,840,000,000 in 1929, is increasing at the rate of approximately one billion dollars a year.

Canada's Atlantic coast is the world's greatest lobster fishery. Last year the Dominion catch amounted to over 40,726,000 pounds, half of which came from Nova Scotia.

Australia's Wonder

Don Bradman, Australia's wonder cricketer, who took England by storm when he played for his country in the Test matches against England two years ago, has decided to return and play for an English cricket team. His decision follows the action of the Australian Test Committee which fined him $200 for infringing one of the "36 clauses."

Fraserville

Rally day was observed in Fraserville Sunday school on Sunday. Those taking part in the service were scripture reading, "Jesus Blessing Little Children," by Melville Wood; reading, "Jesus' Love for the Out-of-Doors," by Jean Holden; reading, "The Courage of Jesus," by Earl Hanbidge; reading, "How Jesus Came to the City," by Mary Wood; reading, "The Betrayal Crucifixion and Resurrection of Jesus," by Mrs. S. Hogg; a short address was then given by the pastor, Rev. E. F. Swayne.

Mr. Bert McBrien, of Deloraine, Manitoba, called at the homes of Mrs. Richard Moncrief, Mr. George Trotter and Mr. James Clarke on Thursday. Mr. McBrien had been attending a convention in Toronto previous to coming here. He was accompanied by Mr. N. Lamb of Cavan.

Miss Mona Holden of Toronto was the guest of her parents, Mr. and Mrs. Robert Holden on Thursday.

Mr. Walter Moncrief attended Lindsay Central Exhibition, winning 5 firsts, 1 second and 1 third prize with his percheron horses.

Mrs. McIlmoyle of Toronto is visiting at the home of Mr. and Mrs. Bernie Seabrook.

IN MEMORIAM.

DOUGLAS — In loving memory of our dear husband and father, Captain Harry Douglas, who entered into rest on September 29, 1930.

Beside your grave we often stand,
With hearts both crushed and sore.
But in the gloom the sweet words come,
Not lost, but gone before.
And only those who have lost can tell
The pain of parting with no farewell.
Days of sadness still come o'er us,
Tears in silence often flow.
For memory keeps you ever near us
Although you died one year ago.
God knows how much we miss you.
He counts the tears we shed.
And whispers, Hush, he only sleeps,
Your loved one is not dead.
So we will be brave, dear father,
And pray to God each day.
And when He calls us home to heaven,
Your loving smile will light the way.

—Sadly missed by Wife and Family.

Hard-fighting tuna and swordfish are plentiful off the east coast of Canada and provide thrilling sport for the deep-sea fisherman.

The partridge is the most widely distributed of upland birds in Canada.

VISITING CHOIR AT KNOX CHURCH

Fifty Members of Bowmanville United Church

The choir of Trinity United Church Bowmanville, provided the service of sacred music in Knox Church this city last Sunday evening. They brought a well-balanced and carefully trained combination of nearly fifty choristers and their leadership of the congregational singing was most hearty and inspiring.

Their special contribution consisted of four different anthems splendidly rendered, solo parts being taken in fine form by as many voices, and a male voice chorus singing with excellent spirit the familiar sacred song, "Speed Away."

The congregation which comfortably filled the church auditorium was augmented by many visitors, especially some friends of Mr. Francis Sutton, the capable choirmaster, who is still well remembered for his connection with the Murray Street choir in former years.

Before the service ended the minister, Rev. Mr McDonald, in brief form expressed the thanks and full appreciation of his people for the splendid service rendered and for the value that is to be derived from the friendly exchange of church choirs.

Later on the Women's Association with their President Mrs. John Londerville, furnished light refreshments to the visitors before their return trip when a short time of social fellowship and interchange of thanks was enjoyed.

A round trip flight, entirely within the Arctic Circle, from Coppermine on Coronation gulf to Walker bay, Victoria island, was made on September 7, and is claimed to be the farthest north flight in the history of commercial aviation.

Now is the Time for PURGO

LET US FLUSH YOUR RADIATOR WITH PURGO.

It removes all the oil, slime, rust, lime, sludge and magnesia from your cooling system with one application, leaving your cooling system as clean and free flowing as when it was new.

VOL. LXVII., No. 76 — PETERBOROUGH, ONTARIO, CANADA, WEDNESDAY, SEPTEMBER 30, 1931 — PRICE THREE CENTS

FEDERAL INQUIRY INTO ESTEVAN STRIKE

PARLIAMENT ADJJOURNS IN WEEK NO DEFINITE SIGN OF ELECTION LONDON FOOD PRICES ADVANCE

British Government's Emergency Measures Completed By Oct. 7.

CURB PROFITEERS.

Question of Dissolution May Be Decided by Wednesday.

LONDON, Sept. 30 (C.P.)—Premier Ramsay MacDonald informed the House of Commons to-day that Parliament will adjourn next Wednesday.

He did not reply to a question by Rt. Hon. Arthur Henderson, new Leader of the Labor Party, as to whether it would be an adjournment or dissolution.

By Wednesday, Mr. MacDonald said, Parliament will have completed the emergency program laid out by the National Government when it took office. Both the Economy Bill, carrying out retrenchments all along the line of Government expenditure, and the supplementary budget of Rt. Hon Philip Snowden, Chancellor of the Exchequer, will be enacted in the next seven days.

Prices Ascending

The Premier said also that a short measure will be enacted to deal with food profiteers in view of the fact that prices already are beginning to soar in London.

If the Government decides to go to the voters the adjournment will be accompanied by dissolution of Parliament and a call for an immediate election with the polling late in October.

If the House is merely adjourned the Government's plan will be to let the country settle down and give the people time to see the effects of the work it has done.

No Election Plans

Mr. MacDonald's announcement, while it seemed to increase the belief that a general election is impending, also showed that the Government has not yet made any definite election plans.

When Mr. Henderson asked when the House would meet again, the Prime Minister suggested that he repeat the question next week. Another Labor member then asked him to relieve the feelings of the House by saying whether there would be an election.

Mr. MacDonald replied that he thought his answer to Mr. Henderson had greatly relieved the Commons.

Both sides of the House however loudly cheered the announcement the food profiteer is to be curbed. There was a bombardment from Labor members who were anxious to secure details of the bill. Prime Minister MacDonald contented himself with the reply that it would probably be distributed tomorrow.

May Control Rents

"Will it cover rent as well as food," asked Campbell Stephen, Labor member for Camlachie, Glasgow.

"This bill covers food," the Prime Minister replied, "but we have rents under observation."

In the House yesterday Sir Philip Cunliffe-Lister, President of the Board of Trade, had revealed that prices of imported wheat have risen 20 per cent., butter 5 per cent., and imported canned goods increased by various proportions between yesterday and Sept. 19, the day before suspension of the gold standard was announced. Flour quotations and bacon prices were unchanged.

Retail prices, however, had not shown any changes, except in butter, so far as he was aware, Sir Philip told the House.

PREMIER LAVAL PLANS U.S. TRIP

Receives Cabinet's Congratulation on Visit to Berlin.

SAILS FOR U.S. OCT. 14.

PARIS, Sept. 30 (C.P.).—Premier Laval and Foreign Minister Briand to-day reported to the French Cabinet, presided over by President Doumer, the results of their trip to Berlin, and received congratulations on their work in the form of a resolution unanimously passed.

M. Laval's visit to the United States was brought up and he indicated that he would shortly set the date of departure. The United States Embassy has suggested that he sail October 16, thereby arriving October 22, so as not to conflict with President Hoover's engagement at Yorktown, and it is considered likely that he will accept this date rather than October 16, as previously suggested.

Kirkwood Predicts No Election Coming

LONDON, Sept. 30.—(Canadian Press Cable.)—"It means no election," said David Kirkwood, Labor member of the House of Commons for Dunbarton, speaking to the Canadian Press concerning Prime Minister MacDonald's announcement to-day the House would "adjourn" next Wednesday. This was the interpretation he placed on the Prime Minister's brief statement, said Mr Kirkwood.

LONDON CROWD RUSHES POLICE

Demonstration by Unemployed Near House of Commons.

TWELVE ARRESTED.

LONDON, Sept. 30 (C.P.).—British unemployed clashed with police again to-day as cases arising from a demonstration near the House of Commons last night were heard in the Bow Street Police Court.

While the court was sitting, a section of a crowd outside tried to break through a police cordon. Mounted police reinforced the guards, the crowd was pushed back and order restored.

Twelve of the persons arrested last night were remanded for trial.

Several persons were knocked down, and one man was injured by a horse's hoofs in to-day's clash.

The unemployed then dispersed to Hyde Park, where they surrounded a man riding horseback. The rider, clad in green coat, fawn breeches and gaiters, dismounted and attempted to escape, but was unable to get away until mounted police charged into the crowd.

For some time afterward the police rode up and down the sidewalks of Oxford Street while shoppers and others scurried out of their way.

The demonstration last night was terminated in general laughter on both sides when a score of runners in track costumes jogged by at the end of a practice jaunt.

Premier Opposes Plan For New State

CANBERRA, Australia, Sept. 30.—(C. P. Cable via Reuters)—Campaigners for the formation of a "loyalist" conclave within the commonwealth have received a rebuff from Prime Minister James Scullin, head of the Australian Labor Government

Replying to a petition which sought approval for making the Riverina district of New South Wales a separate state—the seventh in the commonwealth—Prime Minister Scullin stated that constitutional reform must proceed on the lines of unification, not by the creation of more states.

Issue New Stamp To Honor Cartier

OTTAWA, Ont., Sept. 30. —(CP) —The confederation and historical series of postage stamps issued some time ago by the Post Office Department has just been rounded out by the issue of a stamp commemorating the memory of Sir Georges Etienne Cartier.

The new stamp is greyish green in colour and has a postage value of 10 cents.

Scented furniture polish, such as roses for the drawing room, violets for the dining room and lavender for the bedrooms, has just been introduced in England.

WANG RESIGNS FOREIGN OFFICE UNDER PRESSURE

Alfred Sze, Chinese Minister to Britain, Named as Successor.

NEW TROUBLE BREWS.

Nanking Blames Japanese for Independence Moves in North.

NANKING, Sept. 30. (AP)—Dr. C. T. Wang, mobbed and seriously injured Monday by students who blamed him for failure to obtain the intervention of the League of Nations in the Sino-Japanese controversy in Manchuria, resigned today as Foreign Minister of the Nanking Government.

Alfred Sze, Chinese Minister to Great Britain and China's representative in the League of Nations, was named to succeed him.

Events of the last ten days which witnessed the occupation of Southern Manchurian cities by Japanese troops and the subsequent rejection by the League council of the Chinese appeal for intervention so weakened Dr. Wang's standard with leaders of the Kuomintang, dominant Chinese political party that he found retention of office impossible.

Lee Fills Gap

Pending the arrival of Sze from Geneva, Frank W. Lee who was born in New York City, has been serving as vice-Minister of Foreign Affairs.

Shortly after the change was announced a foreign office spokesman stated that the alleged independence movements in Manchuria following Japanese occupation must be regarded as having been investigated by Japanese since the areas affected were those occupied.

Despite Japan's formal declaration that she had no territorial designs upon Manchuria, the Nanking authorities refused to believe that spontaneous Chinese independence movements could evolve under conditions of occupation.

The Foreign Office spokesman asserted the evidence supported the belief that "the Japanese intend to put the occupied area under a Japanese protectorate, thereby placing serious obstacles in the way of a peaceful and lasting settlement of the Manchurian question between China and Japan."

Japanese Reports.

Nanking considered it noteworthy that virtually all information about alleged separatist movements in Manchuria had reached Shanghai and Nanking through Japanese channels. These statements said Chinese leaders were establishing their own regimes in Mukden, Kirin, Harbin, Hailar, Tsitsihar and Inner Mongolia, declaring independence from Nanking.

Although a few Chinese professed to consider the separatist reports sheer Japanese propaganda, the Foreign Office spokesman's statement was taken to indicate fear in official quarters that the Japanese were planning to establish in power certain Chinese amenable to dictation preparatory to an annexation campaign.

Recent statements from Tokyo said Japanese authorities had frowned upon separatist and independence movements in Manchuria.

PEACE NEGOTIATIONS.

HONG KONG, Sept. 30.—(A.P.) —Conferees negotiating for peace between North and South China moved to Canton to-day after holding a preliminary session here.

It was understood the Canton faction still was insisting upon the resignation of Chiang Kai-Shek as head of the Nationalist regime in Nanking and that the Canton government be dissolved simultaneously with the resignation, leaving the way open for a National People's Convention in which both sides would be represented.

These proposals were understood to have been communicated to Nanking for consideration.

The recent dispute between China and Japan over the latter's occupation of Southern Manchuria precipitated a widespread move toward unification of the Chinese factions in order that the country might present a united front to its island neighbor in negotiating a settlement of the trouble.

No Need For Local Unemployed Men To Rush In Packing For Highway Work

There is no need for local unemployed single men to hurry their packing in the hope of finding a job with the Government camps in the north. The allotment of Peterborough men for the road camps has not been fixed as yet.

"We have no information on the matter," was the reply The Examiner received today at the Government Employment Office here as to how many men would be sent from this city.

Some detachments of unemployed have gone from Toronto and northern mining towns where conditions were considered critical, but the smaller cities in Southern Ontario have yet to receive definite word on the number to be sent to the camps.

Pepin Is Acquitted Manslaughter Count

Maurice Pepin was acquitted this afternoon by a jury on a charge of manslaughter, arising out of the death of Eva Arnott in an automobile accident.

Justice Wright directed the jury to acquit Pepin immediately following the evidence of little Lila Ennis, and the jury did not even retire from the court room before giving a verdict of not guilty.

FIVE CRIMINAL CASES RECEIVE JURY'S CONSENT

True Bills Returned in Supreme Court—Duties Ended.

PROMPTNESS COMMENDED.

Inspection of Public Buildings Omitted—First Action Opens.

A true bill was returned this morning by the grand jury at the sessions of the Supreme Court presided over by Mr. Justice Wright, in each of the five criminal indictments placed before them yesterday afternoon.

In their report to the judge, delivered to the Court Clerk by J. T. Braund, foreman of the grand jury, it was stated that the grand jury did not inspect the public buildings in the city, knowing that these buildings had been inspected and reported on previously this year. The grand jury found the court house building to be in good order and cleanly kept, and they drew attention to the bad acoustics in the court room.

Before discharging the grand jury from service His Lordship complimented them upon the prompt and efficient manner in which they had discharged their duties.

Save Public Money

It was very important, the judge observed, that grand juries should not take unnecessary time in the carrying out of their duties, and thus place unnecessary expense upon the country.

"It is gratifying that you found the conditions at the Court House so favorable," he said, "and convenient for the business for which it is intended. I appreciate, and the County of Peterborough should appreciate the fact, that as the public buildings have been previously visited by a grand jury this year, and will probably be visited again in December, you did not entail unnecessary expense by duplication of that work. It is small things in the aggregate that go to make up the mass of unnecessary expense."

His Lordship hoped that the cloud of depression which hovers over the land would soon disappear, and he expressed the view that in view of such conditions it was more than ever important that people should remain steady, cool and resolute. "One branch of our duty," he said, "is to see that the law in these troublous times is fairly and impartially administered."

M. Pepin Arraigned

Following the discharge of the grand jury, Maurice Pepin was arraigned on a charge of manslaughter to which he pleaded not guilty.

The following jury was empanelled in connection with the trial: G. W. Chiles, W. J. Robertson, Robert Brookes, Andrew Brotherstone, John J. Douglas, Albert Clydesdale, Charles McIntyre, Harry Short, F. W. Bates, Harry Dummitt, Frank Trude, Hiram Woodbeck.

Crown Prosecuotr Major D. G. McIntosh, K.C., of Kitchener, outlined the case to the jury. Hon. G. N. Gordon, K.C., is defending the accused.

The charge of manslaughter on which the accused is now on trial, is a sequel to the death of 6-year-old Eva Arnott, who was struck down by a car driven by the accused while walking to school with a playmate named Lila Ennis, shortly before 1 o'clock on the afternoon of Tuesday, June 9.

Evidence for the prosecution was given this morning by Richard Jones and by Howard Cherrill, passengers in the car driven by the accused on the day of the accident. Other witnesses for the prosecution called before the noon adjournment included Robert Arnott, cousin of the deceased child, Eva Arnott, Eva Levasseur and Glendina Marsden, two school girls who attend Sacred Heart School; Constable David Silvester, and Traffic Officer E. A. Hornick, and Mrs. Leith, housekeeper at the Turner home to which the deceased child was carried after the accident.

Canada supplied three-tenths of one per cent of the total imports of Japan and China in 1918, and now supplies about 3 per cent of the whole.

SERIOUS DUTY RESTS ON JURY IN AUTO CASES

Mr. Justice Wright Advises Jurors to Weigh Evidence

NEW TRAFFIC MENACE

Careless Drivers Should Be Punished, Judge Says

"In these days when automobiles are taking heavy toll of the lives of citizens of this country on the highways it is important that courts and jurors should examine carefully into the evidence in such cases," stated Mr. Justice Wright during the course of his charge to the grand jury at the opening of the sessions of the Supreme Court of Ontario yesterday afternoon.

His Lordship after acquainting the grand jury with their duties and after having traced the procedure to be followed by them in criminal charges, outlined the five criminal cases that were listed for hearing. Four of the cases were charges of manslaughter arising from the operation of motor vehicles, he said.

"In these days when automobiles are taking haevy toll of the lives of citizens of this country on the highways, it is important that courts and jurors should examine carefully the evidence in such cases. If the evidence points to the parties being guilty they are to be punished so that it will be a warning for other people that the lives of pedestrians and other people on the highways shall not be exposed to the reckless and negligent conduct of other parties."

"It is appalling," his Lordship remarked, "the number of lives taken on the highways of this province, not only this year but for some years past. Unless courts and jurors impress upon drivers of cars that they must take care, there will be no restraint upon persons driving automobiles."

"I speak thus to impress upon you the serious situation that now concerns the courts and juries in connection with deaths caused by automobiles on highways. I wish to impress upon you that in your consideration of these cases, if you find any reasonable evidence that the deaths of the persons named in the indictments were caused by negligence on the part of the accused persons, you will return a true bill and let the cases be heard in open court."

His Lordship further pointed out to the members of the grand jury that their duties gave them the privilege of inspecting the Court House, the County Gaol and other publicly maintained buildings in this city if they so desired. He thought it was imposing unnecessary expense on the community, however, for the work of inspection to be duplicated four times each year by grand juries summoned for service at the assizes and sessions of the Supreme Court.

The panel of grand jurors is as follows: J. T. Braund, 148 Park Hill road, city foreman; Albert Armstrong, Havelock; Archibald Campbell, 107 McDonnell street, city; George Ireland, Harvey Township; Albert E. Juby, 269 Charlotte street, city; Theodore McWilliams, 542 Gilmour street, City; Percy Price and Jno. H. Stark, Otonabee; George Simpsor, Sherman Sweeting and Bert Tuley, Smith; W. G. Waterman, N. Monaghan; J. W. Watson, 446 George street, city.

Manson Comstock, 219 Sherbrooke street, city was absent on account of illness and was replaced by Archibald Campbell.

Market Closing On All Exchanges

NEW YORK MARKET

NEW YORK, N.Y., Sept. 30 — Stocks closed heavy to-day after an erratic and active session marked by several quick reversals of trading. Rails, however, held. Utilities were heavily sold in the afternoon when many prominent shares made new lows. American Telephone's loss was about 3 points and there were declines of around 2 in North American, Consolidated Gas, Allied Chemical and U. S. Steel Preferred. Steel Common, after rallying more than 2, sagged about a point net. New York Central, Atchison, Chesapeake, Ohio and Baltimore, Ohio gained a point or so. Sales exceeded 3,000,000 shares.

TORONTO EXCHANGE

TORONTO, Ont., Sept. 30 (C.P.) —Activity was all on the side of selling on Toronto Stock Exchange to-day and the market went into new low ground. Depressed prices in New York influenced the local market and internationally listed issues, in which free trading is permitted, showed losses for the day ranging to as much as more than 2 points. The outstanding exception

(Turn to Page 5, please)

185,000 Pistol Permits To Be Cut Off In New York State Drive At Gangsters

ALBANY, N.Y., September 30. — New York State was preparing to-day to deal with the nullification on Thursday of all of the 185,000 pistol permits now in force within the Commonwealth.

The renewals will be under stringent rules. Persons wishing to carry firearms will be required to leave their photographs and fingerprints on record. There will be no all-time permits, even in cases where pistols are kept in homes for protection. The renewals must be made annually.

The new rules governing pistol possession and carrying are part of the anti-crime legislation enacted during the recent special session of the Legislature.

MOTHER AND TWO DAUGHTERS BURN TO DEATH AT GLENDOWER

John McNicholos and Four Sons Barely Escape—Flames Foil Rescue.

MOTHER WAS BLIND.

KINGSTON, Ont., Sept. 30.—(By the Canadian Press.) —Wandering back into the flaming room from the window where she had been taken by her husband, Mrs. John McNicholas, who has been blind for years, perished with her two small daughters this morning at their home at Glendower, about thirty miles north of Kingston.

Aroused By Flames.

Mr. McNicholas had been sleeping downstairs and his wife, two daughters, Mary, aged eight, and Margaret, aged 6, and four sons, were sleeping upstairs. During the night Mr. McNicholas was awakened by intense heat and by the crackling of fire. His clothing, hanging on the wall of the room, was aflame, so rapid had been the advance of the fire.

Rushing upstairs, he lost no time in getting to where his wife was asleep, and after rousing her, got her to a window. On the window was a screen, and while her husband was struggling to smash it out, his blind wife wandered back into the burning room in an apparent effort to reach the little girls. In the meantime the boys had jumped from the window to safety. McNicholas made desperate efforts to get back into the room to save his wife and daughters, but the flames were fast devouring everything in sight, and he was driven from the house by the fire.

Vain Effort By Son.

Realizing that his mother and sisters were burning to death, Joseph, aged nineteen years, the oldest boy, tied a rope to his body and smashed through a downstairs window, but he could make little progress, as the entire top floor was a mass of flames, and he, too, was forced to leave the building. Mr. McNicholas was badly burned about the face and hands, and was attended by Dr. Selliwell, coroner, of Sydenham.

The remains of the mother and one daughter, badly burned and charred, were found after the fire had burned the house to the foundations, but the remains of the second daughter were not located up to noon.

3 YOUTHS LOOT COBOURG CAFE

Police Suspect Trio Were From This City, Using Car Stolen Here.

TAKE TILL WITH $50.

Three young men held up a Chinese cafe in Cobourg late last night and stole over fifty dollars. Having backed the Chinese waiters up to the back of the restaurant, the three youths calmly lifted the cash register from the counter. Carrying the cash register they ran to their car and escaped.

Police suspect that the youths were from Peterborough and that the car in which they made their getaway is one owned by Harold Dunford, which was reported stolen here at 10.15 last night.

Telephone calls went up and down the highway from Cobourg following the robbers to Highway Patrol Officers stationed east and west. The traffic officers immediately began patrolling the highway on the lookout for the robbers, but at 3 o'clock this afternoon no arrests had been reported and the stolen car had not been located.

The car was stolen from the parking grounds of the Peterborough Lawn Bowling Club and is a black Nash sedan.

The Chinese furnished police with only meagre description of the robbers. One was tall and wore a raincoat. All endeavored to conceal their faces as much as possible.

Costa Rica has just passed a law providing means for attracting tourists to the country.

Veteran City Clerk Returns To His Post

City Clerk S. R. Armstrong returned to his job yesterday morning after an absence of three months on account of sickness. The city's veteran administrator was welcomed back to his post by the City Hall staff and civic officials.

A long rest was considered necessary for Mr. Armstrong by his physician. He expressed his pleasure at being again in his office, and he looked as though his rest had benefited him greatly.

HEAVY DAMAGE IN CLARKSBURG

Early Morning Blaze Wipes Out 3 Stores, Printing Office, Masonic Hall.

OUTSIDE HELP CALLED.

OWEN SOUND Sept. 30 (CP)— Fire threatened to wipe out the village of Clarksburg thirty miles east of here, early this morning but the flames were checked by the Collingwood fire brigade, which was called on the scene. Damage estimated at $50,000 was done by the blaze, which destroyed three stores, the Masonic Hall and a printing office. The fire started at the rear of W. J. Chalkin's general store at 1:45 a.m. and it was two and a half hours before the flames could be brought under control.

The Meaford fire brigade was also called but by the time they reached the scene of the blaze the Collingwood firemen had the flames under control. However, no sooner had they reached the scene of the fire, than an alarm was turned in from the adjoining village of Thornbury, the Orange Hall being the building in which fire had started. The Meaford brigade saved the hall, although about $300 damage was done. A barn in Thornbury was also on fire when the Clarksburg first was firfist noticed.

Nogaret Acquitted In Child's Murder

MONTREAL, Sept. 30.—A verdict of "not guilty" last night ended the second trial of Albert Nogaret, also known as Brother Dosithee, who was charged with the murder of 7-year-old Simone Caron.

The acquittal verdict was rendered by a jury of the Court of King's Bench, after trial which lasted one week. In the first trial Nogaret was found guilty and sentenced to be hanged. The Appeal Court of the Province subsequently ordered a new trial.

Fire Follows Blast Barn Is Destroyed

GALT Ont., Sept. 30—The fifth barn fire in this district within three weeks occurred this morning when the building on Harry Horton's farm, on the 9th concession of Berverly was completely destroyed with a loss of $6,000. The seasons crop was destroyed. Paul Andreseez, who is working the farm, was in a corn field, one hundred yards from the barn, was startled by a loud explosion and looking up saw the barn in flames.

DOLLAR CLOSES FIRMER

NEW YORK, N.Y., Sept. 30 (CP) —A firmer tendency was shown by the Canadian dollar during the afternoon session on local foreign exchanges. The dollar was quoted at a discount rate of 13⅛ per cent compared to 14⅛ per cent discount at noon. The dollar opened to-day at 12⅛ per cent discount, a full point lower than yesterday's close.

TWO MEN KILLED SCORE INJURED IN MINING TOWN

Police Fired Into Ranks of Coal Miners in Saskatchewan

MOUNTED POLICE HURT

Miners Allege Bad Working Conditions Caused Walkout

ESTEVA Sask., Sept. 30.—(CP)— Violated yesterday by invading mobs of coal-mine strikers from idle fields to the east, sanctity of law and order in Estevan is guarded today by more than 100 broad-shouldered mounted police as Judge E. P. Wylie, of the district court, prepared to start an investigation into all aspects of the strike for the Saskatchewan and dominion governments.

Strikers, bruised and beaten after their clash with police in Estevan yesterday, two of their number dead and five seriously wounded, were quiet in the mining area near Bienfait and Taylorton, a few miles east of here. Police fired into an advancing crowd of the miners after tear bombs and baton attacks had failed to rout the 600 strikers. Fourteen rioters, including three women, were arrested.

The miners had attempted to parade Estevan streets in defiance of an order by Mayor D. M. Bannatyne. Casualties among the small body of police, who were outnumbered six to one, included one seriously injured and 12 hurt less seriously. Five bystanders were injured, one gravely.

Strike Started September 7.

Recently appointed a commission to investigate all aspects of the strike, which started September 7, Judge Wylie announced he intends to open his probe in the coal sector to-day. W. J. Perkins, Crown Prosecutor of Estevan, will act as counsel for the Commissioner.

Charges that working conditions in the Southern Saskatchewan mines are the worst in Canada and that miners had been victimized by the operators were laid by James Sloan of Calgary, president of the Miners' Union, which called the walkout. An investigator for the United Farmers of Canada (Saskatchewan Section) reported recently that the housing conditions and the water supply were bad.

The dead following yesterday's pitched battle between police and miners are Nick Narwan and Ulian Ryshke, strikers. Both were killed by bullets when police opened fire, Narwan being shot through the heart and his companion in the abdomen. Ryshke died as he was being carried into the waiting-room of Estevan Hospital.

Lasted 45 Minutes.

Miners attacked police with knives, rocks and clubs. Officers were severely hurt during the melee, which lasted 45 minutes. Royal Canadian Mounted Police Constable Sutherland was seriously injured, but his fellow-defenders were able to keep in the fight till the end for the most part, coming back to the scuffle after receiving medical treatment.

Miss L. King, a visitor here from Nelson, England, was the most seriously hurt of the spectators. A stray bullet pierced her left shoulder and her condition was reported serious last night. Clive Butterworth of Estevan was shot through the hip.

Monarchy Is Urged For Northern China

MANILA, P.I., Sept. 30.—(A.P.)— A Shun Pao News Agency despatch from Shanghai to the Fooklen Times here states reports from Tientsin say Japanese agents are attempting to interest Henry Puyi, the "Boy Emperor" and other Monarchists and militarists to go to Manchuria to participate in a movement to restore a monarchy in the Northern China province.

FARMER SENT TO JAIL FOR BEATING CATTLE

LONDON, Ont., September 30. — Although neighbors of the prisoner spoke favorably of his conduct at such times as he did not give way to bad temper, John Borthwick, a farmer of West Nissouri, was sentenced on Tuesday by County Magistrate C. W. Hawkshaw to serve two monthh in jail for beating his herd of dairy cows with a hickory club. The evidence showed several of the animals had been maimed, and the London Humane Society and Chief of Police A. J. Wharton of Middlesex were praised by the Court for bringing Borthwick to justice. Crown Attorney A. M. Judd declared that the lash should be applied to Borthwick, but the Criminal Code does not as yet provide this punishment for cruelty.

RECORD LIST of ENTRIES at NORWOOD FAIR

More Exhibitors Make Competition Keener This Year

Advanced Date of Norwood Fair Made Slight Difference at Gates

ANOTHER SUCCESS

Sparkling Weather Brought Out Big Crowd—Races a Feature

(By a Staff Reporter)

NORWOOD, September 30.—Two weeks earlier than usual, the Norwood Fair yesterday continued the even tenor of its successful way with a big crowd and a new record list of exhibitors.

The directors of the East Peterough Agricultural Society advanced the date of their exhibition to avoid conflicting with the International Plowing Match which is to be held near Peterborough during the second week of October. This spirit of loyalty to their county and desire to co-operate with the officials of the Ontario Plowmen's Association deserved the Arcadian weather that was an essential factor in the Fair's thoroughly gratifying results. The directors changed their calendar time, but not the swinging tempo at the turnstiles and along their midway, and especially in numerous classes of exhibits.

Incidentally it may be observed that two modern developments are combining their influence upon all the fairs this year. They are motor vehicles, trucks and cars and good roads. For example in the classes for horses, cattle, sheep and swine, the entries from a distance were particularly numerous and noticeable Tuesday. Many breeders from Peterborough, Victoria, Durham, Ontario and Northumberland counties made their first appearance in local show rings yesteday. It has become a simple matter to load a truck with livestock and cover comparatively long distances without inconvenience, and this experience and the newer facilities of transportation have made the Norwood Fair more accessible than ever to breeders who had never shown here before. Their presence is altering the local aspect that has so long predominated, and makes competition sharper. The Norwood Fair is open to the province, and this year that invitation was more generally accepted than ever. Probably a new and broader stage of the exhibition has been reached, bringing to the show ring a quality of livestock that will no doubt react on East Peterborough breeders with fruitful results which should be reflected in better stock and more alert showmanship.

This feature of the enlarged entry list, longer than ever, according to J. G. Keefer, assistant secretary, was the outstanding mark of progress in Tuesday's show. The attendance may not have equalled last year's but from the throng of people on the grounds it seemed their could not have been an appreciable decline in that department. More local exhibitors in the various classes were also reported

J. B. Nelson of Peterborough, representative of the Ontario Department of Agriculture was busy all day with the county school fairs championships, an adjunct that attracted a large number of children. Attractions included a fine card of horse races, band concert, ferris wheel and the familiar booths and games along the midway, catch-penny devices that were unobjectionable, and finally the ubiquitous "hot dogs" with their onion redolence of the restaurant or the more homely kitchen. The familiar setting and atmosphere was there, except that the background of an expansive woods lacked the fulness of its October glory, and the deeper haze that floats about the regular Norwood Fair afternoon had not yet woven its mid-October texture and its smoky blue mist, distilled of the sky itself, that trails the autumn hills and dissolves the horizon with the last loveliness of summer.

And in the secretary's office visitors missed the gentle spirit, the smiling eyes and the friendly voice of Jack Roxburgh, whose unforgetting friends recalled him in their conversations yesterday, mentioning the absence they expected, and the untimely accident that caused his death last winter. He has been succeeded by his daughter, Jean F Roxburgh as secretary-treasurer, and J. G. Keefer continues at his old post as assistant.

Officers For 1931

E. Hawthorne, Esq., Hon. President.

W. Thompson, Esq., President.

G. Elmhirst, Esq., 1st Vice-President.

BOARD WILL BUY BOOKS

Text Books Will Be Supplied Children of Indigent Parents

CAMPBELLFORD MEETING

CAMPBELLFORD, September 30 (Examiner Staff Correspondence).—The Campbellford Public School will provide books for the children of indigent parents attending the institution, it was decided at their regular meeting held last evening, with the chairman, T. E. Hall, presiding. The decision came after discussion arising out of a bill for books approved by the Truant Officer, Chief G. C. Bromley, for text books for poor children. Principal Haig pointed out that if the books were purchased by the Board they would be school property, and the teachers could see that they were not wantonly damaged. The Board therefore decided that the purchase of books be left to the teachers.

Reporting for the Property Committee, W. Henson stated that the roof of the Public School badly needed a coat of tar. A price for this work had been given by a Peterborough firm. This matter was left with the committee to handle, with power to act.

Another matter left with this committee was the surface levelling of the school grounds on the east side, this having been brought to the attention of the Board by Inspector Martin.

On motion, the Town Council will be approached regarding the condition of the sidewalk at the south end of the school grounds. The walk here is very high, and at times children have been injured by falling off it.

Principal Haig's requests for the purchase of a volley ball net was granted, the same to be paid out of the Cadet funds. Principal E. H. Greig, of the Campbellford High School, and Mr. Massie were appointed to provide benches for the boys' lunch room in that building.

On motion, the secretary was requested to send a letter of sympathy to Mr. and Mrs. G. O'Sullivan and family in their recent bereavement.

Eczema Hemorrhoids Irritations

Because it does positively relieve the itching almost as soon as applied and effects a healthful healing of the skin, Dr. Chase's Ointment is a most satisfactory treatment for Eczema, Hemorrhoids or Piles and all Irritations of the skin. Fifty years of success.

In box or tube.

Dr. Chase's OINTMENT

THRIFT TOURS

$174

To Europe, with hotels and sightseeing, back to Montreal—24 days.

Prices are down. You can see London, Paris, Brussels, etc., on an inclusive tour—from Montreal—lasting 24 days—and back. Ask for folder on how to travel so amazingly, widely, and well, from $174.—all expenses paid.

For $129. you can sail from Montreal to Belfast, Glasgow, Liverpool, Plymouth or London and back. See your relatives and friends, or travel at will.

Good going till Oct. 15th Third Class—*A unique opportunity with jolly companions.*

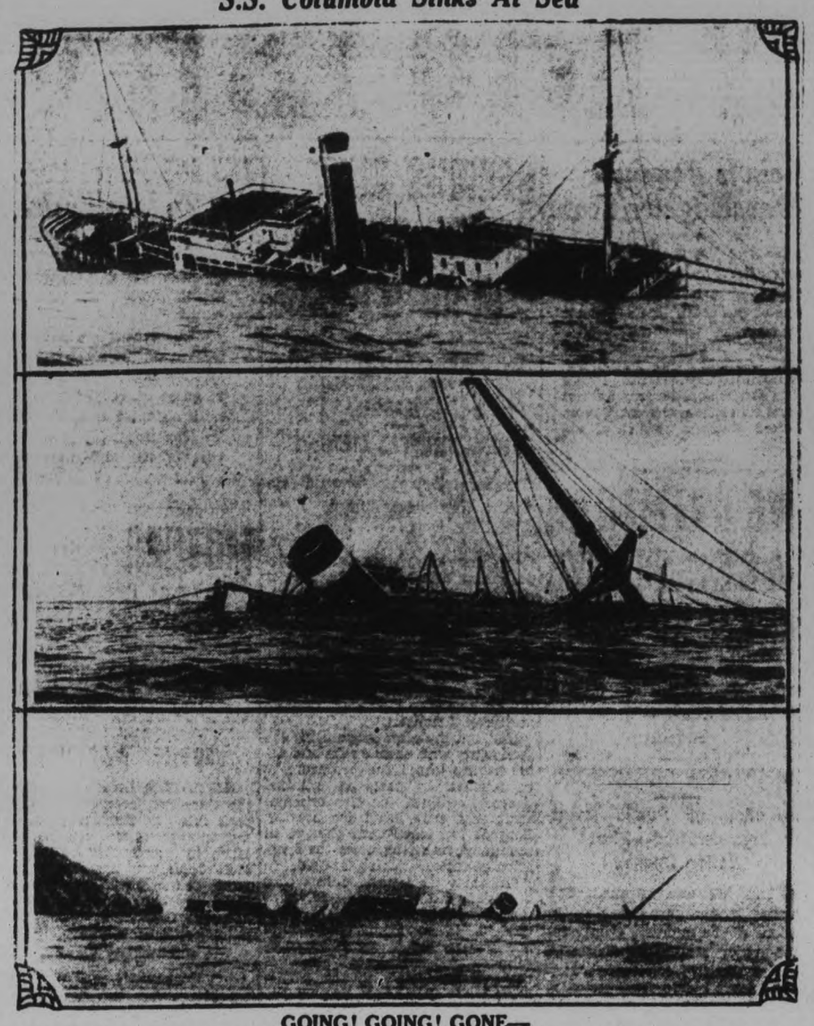
S.S. Columbia Sinks At Sea



GOING! GOING! GONE—

The three photographs reproduced here tell a graphic story of the last few moments of the ill-fated S.S. Columbia as she settled into the sea at the southwestern tip of Marguerita Island, off the coast of Lower California. TOP shows her settling down. MIDDLE, lurching over into the sea. BOTTOM, the last gasp. The Columbia carried a crew of 100 and 13 passengers, all of whom were rescued.

BRITISH FLIER DOES 415 M.P.H. WORLD'S MARK

Flight-Lieut. Stainforth Excels Own Speed in Schneider Cup Race

AVERAGES 408.8 MILES

Seaplane is Driven by Rolls-Royce Motor, Most Powerful Ever Built

LONDON, Sept. 30—(AP)—A new world's speed record of 415 miles an hou. today stamped Flight Lieutenan. G. H. Stainforth as the fastest man on wings.

He topped his previous mark of 388.67 miles an hour on the second of four laps over a three-kilometer (one and seven - eighths miles) course at Calshot yesterday. His average was 408.8 miles an hour as compared with the figure of 379.05 made during the Schneider Cup races.

The judges officially announced his time for the four laps as calculated by an electric camera as 415.2, 405.1 409.5 and 405.4. His machine was an S6B seaplane, driven by an especially built Rolls-Royce engine described as the most powerful ever built.

Although the weather was considered only barely safe, Lt. Stainforth took off over the Solent easily and was soon buried in the mist. He made the turns with dexterity and continued around the course with the outlines of his plane hardly visible. He landed at 100 miles an hour while the spectators gasped.

"I believe I have broken the record," he said quietly as he joined his wife.

First Fall Meeting Of St. James' Band

A fine attendance of boys and girls was on hand for the St. James' Mission Band meeting, held on Saturday afternoon This was the initial meeting of the fall season and much enthusiasm was evidenced over the plans for the coming work.

Hazel Reesor, the President, was in the chair, opening the meeting with the singing of "Jesus Bids Us Shine."

The Scripture lesson was chosen from Psalm 103, 1-10, and was read by the president, following which was a very pleasing piano solo by Freda McMahon.

"The Japanese Pied Piper" was the title of a very interesting missionary story read by Winnie Cunningham; and little Joey McMahon delighted the band members with his vocal solo.

Lorne Casey, convenor of "World Friends" presented his report, while Marion McAdams' report on mite boxes was most encouraging. Kenneth Gillespie gave the secretary's report while Bessie Reesors' financial statement showed good progress.

A delightful piano solo by Hazel Palmer preceded the talk on the study chapter from "Young Japan."

The hymn chosen for closing was the Band song, 'Jesus Loves the Little Children of the World,' and was followed by prayer offered by the leader.

Police Backward In Trailing Skunks

LOS ANGELES, Sept. 30.—A stout-hearted thief who climbed R. N. Bowman's back fence during the night and stole nine imported skunks was sought by a none-too-eager Sheriff's squad yesterday. Bowman told authorities he recently imported the animals from Europe to start a fur farm.

NOTED SPEAKRS FOR C.G.I.T. MEET

Tuxis Squares Also in Session at Oshawa on October 23-25.

OSHAWA, Sept. 30—From Canada's New North and from the farthest Mission Fields abroad are coming the missionaries who are to address the Bay of Quinte Young People's Senior C.G.I.T. and the Tuxis Squares at their Fifth Biennial Convention in St. Andrew's Church here, October 23rd, 24th and 25th. "Leadership and Christian Service" is the theme of the convention and the challenge of this theme will be presented to the Young People by the Moderator of the United Church of Canada, Dr. E. H. Oliver of Saskatoon, Saskatchewan, while Rev. Alfred R. Stone of Nagano, Japan, will tell of developments in foreign missions,—and Rev. J. G. Stephens of The Pas, Manitoba, will speak on "North of 53."

Mr. J. Carroll Anderson, B.A., LL.B., of Oshawa, is the chairman and Miss Evelyn Gay of 217 Arthur street, Oshawa, is the Registrar of the Convention.

Champion Plowmen Will Attend Match

BROCKVILLE, Sept. 30.—Eldon Blanchard of Greenbush, Bruce Smith of Lansdowne and William Healey of Toledo were the winners of the Leeds County Plowing Association match for participants under 20 years of age, held on the Ontario Hospital farm here, and will represent the county in the international events at Peterborough on Oct. 14, 15 and 16.

Diplomatic relations between Colombia and Ecuador have just been renewed.

Tanker Breaks Down Drifts Toward Beach

SAN FRANCISCO, Cal., Sept. 30 (C.P.).—The Mackay radio reported early to-day it had intercepted a general distress call from the Canadian tanker Albertolite, saying the vessel had broken down and was drifting close to the beach, two miles north of Swanson Bay, B.C.

The Mackay radio later reported the steamer Catala had replied to the distress signals, and announced it would proceed to the aid of the Albertolite.

The position of the Catala or the vessel's distance from the Albertolite were not carried in its reply to the Albertolite's call for aid.

LINDBERGHS OFF TO HANKOW.

NANKING, China, September 30 (C.P.). — The Lindberghs took off for Hankow at 11.30 a.m. to-day (9.30 p.m. Tuesday, Eastern Standard Time) after spending the night at Wuhu, 75 miles south-west of this city.

COURT ADJOURNS FIRST DIVORCE ON LOCAL LIST

Evidence as to Plaintiff's Husband Not Sufficient, Judge Says

GRAND JURY OUT

Five Criminal Indictments on Docket—Mr. Justice Wright Presides

After Mr. Justice Wright had delivered his charge to the grand jury empanelled for duty at the sessions of the Supreme Court of Ontario which opened at the Court House here yesterday afternoon some of the cases on the civil list were disposed of.

Meanwhile the grand jury retired to consider the evidence in five criminal indictments which were before them. They had the assistance of the crown prosecutor, Major D. G. McIntosh, K.C., of Kitchener, and Crown Attorney V. J. McElderry, K.C.

His Lordship adjourned the court at 2.40 p.m. until 9.30 o'clock this morning.

His Honor Judge E. C. S. Huycke occupied a seat on the bench with Mr. Justice Wright for a short time after the court opened.

Members of the bar present in court included Magistrate O. A. Langley, K.C., Hon. G. N. Gordon, K.C., Crown Attorney V. J. McElderry, K.C., Crown Attorney Major D. G. McIntosh, K.C., of Kitchener; J. F. Strickland, K.C., M.P.P., J. A. O'Brien, F. D. Kerr, K.C., W. F. Huycke, John R. Cornery, W. F. Johnston, and Thos. F. Hall, K.C., and J. B. McColl, K.C., both of Cobourg.

The grand jury was sworn by Geo. J. Sherry, clerk of the court.

Mr. Gordon informed His Lordship that the suit in the case of Laetitia M. Roxburgh, executrix of the last will and testament of John E. Roxburgh, late of the village of Norwood, grain merchant, deceased, and Samuel Buck and Wilfred Buck had been settled.

He announced also that the action against the Canadian National Railway Company in which Doris O'Neill, a minor, was suing the company through her father, had been settled.

On the non-jury list an action brought by the Alfred McDonald Lumber Company against Fred. Field, of Alnwick Township, was referred by His Lordship to Judge Huycke as referee.

A further action in which James Tucker Lang is suing Frank Hooey and George Huston, washing machine salesmen for the sum of $20,000 and costs, was adjourned to the next court.

Judgment was entered in favor of John Armstrong, farmer and keeper of a summer hotel in Smith Township, for $1,000 in full of claim and costs against the Laurentian Insurance Company.

An action between the Union Trust Company, Limited, as executor of the estate of Norman M. McLeod, plaintiff, and Charles H. Ackerman, defendant, was settled out of court.

First Divorce Case

A divorce action, the first to come for trial in this city, in which Ethel Watkins is named as plaintiff and Frederick Ernest Watkins and Agnes Horton (otherwise known as Agnes Watkins), both of Alfrenda, New York, are the defendants, was adjourned by the judge on the ground that plaintiff had failed to produce evidence of identification of her husband, Frederick Ernest Watkins.

His Lordship stated he would retain the action for hearing so that plaintiff might have an opportunity of producing a material witness before the court adjourned. Failing the production of that witness, he would adjourn the hearing to the next court.

W. F. Johnston, solicitor for plaintiff, called J. A. O'Brien as the first witness. Mr. O'Brien said he knew the defendant, Frederick E. Watkins, in the case. The writ

LOSING SPIRIT OF ADVENTURE

LONDON, Sept. 30.—(C. P. Cable)—Fears that British boys have lost the spirit of adventure were contained in a report to the education section of the British Association for the Advancement of Science, by a committee on overseas openings headed by Sir John Russell.

KINGSFORD SMITH LEAVES ALEPPO

ALEPPO, Syria, Sept. 30.—(AP)—Wing Commander Charles Kingsford-Smith left here early today for Athens after a night's rest, continuing his efforts to lower the flight record between Australia and England. He came from Bag-

Railway authorities in South Africa applying the motor carrier transportation law to eliminate all possible competition in the movement of goods.

If you buy out of town, and I buy out of town, and all our neighbors buy out of town, what in thunder will become of our town? Ever think about it?

Give a pretzeleering party

O-SO-GUD Butter Pretzels, baked by Christie's, are crispy and salty and crunchy. Good biting and good eating.

Serve plenty at parties. Be sure there's a bowlful alongside the pitcher of lemonade or what have you. Take plenty on picnics. At home, serve them with soups, salads, cheese, dessert.

Christie's O-SO-GUD Butter Pretzels are easy to digest and very good for children.

It's New... It's *Different*... It's Delightful...

This Three-Grain Cereal Success

HAVE you tasted Crackels yet? It's the new cereal discovery which took food scientists 17 years to perfect. A blend of the body building protein of wheat, the quick energy of oatmeal, the rich nourishment of corn.

Like nothing else you've ever seen or tasted. Tiny pillows of golden brown, so light they float on milk or cream. With a crispness that lasts to the very last spoonful, and a flavour that lingers on.

Serve to children in handfuls right from the box; or with milk or cream or fruit, honey or syrup. As croutons in soup, Crackels are novel, and preferred to nuts in homemade candy.

All grocers have Crackels in packages with air tight inner seals to insure freshness. Get this fascinating cereal today.

QUAKER CRACKELS

Product of The Quaker Oats Company, world's largest cereal millers, Peterborough, Ont. and Saskatoon, Sask.

WEDNESDAY, SEPTEMBER 30, 19

GIVE A MAN A JOB.

The attention of Examiner readers is directed to the full page appeal from the Give-a-Man-a-Job Committee launched by the City Council in the hope of aiding the local unemployment situation.

The committee, of which Ald. McNabb is chairman, and which includes representatives of service clubs and other organizations, suggest a large number of jobs that might easily be made available to local people at present out of work.

The Examiner urges every citizen who is enjoying the advantage of a regular income and who is, therefore, escaping all the suffering of the present situation to take stock of his home, and his place of business if he has one, and endeavor to provide a measure of work for someone as a contribution to the general welfare.

Every dollar earned by the workless means the path is not quite so rough for the family whose breadwinner has been out of work, and it means a dollar less that will have to be raised in the form of relief.

From all viewpoints, it is infinitely better to give a job than to donate the same amount in the form of relief, and there must be hundreds of opportunities for such jobs if they are made available by those in a position to offer them.

If you can help, don't delay—let the committee bring your job and some man out of work together.

TOO MUCH FAST DRIVING.

A letter from an Examiner reader calls attention to speeding by motorists over the Parkhill road bridge, declaring that many drivers have the habit of driving along this section at an excessive and dangerous speed.

What she says about conditions at this particular point might with entire truthfulness be said about other city streets.

There is entirely too much fast driving, and unless this step-on-the-gas propensity is not checked it is difficult to see how accidents can be averted.

It is obvious that it is impossible for the police to be always on the job when this speeding is being done, for the practice is becoming all too general.

At the same time, however, it should be practicable to round up some of the worst offenders and give the court an opportunity to impress upon them and other drivers of the same type that the laws against speeding are not a mere joke.

We spend money in the purchase of motorized fire apparatus for the purpose of enabling the fire department to reach the scene of a fire as quickly as possible, and then we pass regulations forbidding fire apparatus to be driven at an excessive rate.

Meanwhile other motor vehicles are apparently at liberty to dash through the streets at any speed their fancy dictates.

There is no sense in such a policy, and sooner or later it will bring tragedy.

NO PROBE NEEDED.

The Ministerial Association of Hamilton has decided to petition the Attorney-General to order an investigation into conditions at Windsor during the recent convention of the American Legion.

If the Attorney-General does anything of the kind it will be a surprise to most people, who refuse to share in the opinion of the Hamilton association that the name of Windsor has been seriously damaged by the visit of the United States veterans of the World War.

It is a mystery to the majority of Canadians why so much excitement should be caused by the fact that a body of men who chose Detroit as their meeting place largely because of its proximity to the Canadian border crossed that border and bought alcoholic refreshment while here.

It is true that the hours of sale in Government stores were extended, but that policy was adopted to prevent overcrowding and the spectacle of long lines of thirsty men; it might have been a mistake in judgment, but surely not of such a serious nature that the expense of a judicial investigation should be incurred.

The visiting veterans may have bought too much liquor and been careless as to where they drank it, but it is a fair assumption that they would have done so no matter where their convention was held, and there does not seem to be the slightest excuse for a probe of the nature asked for by the Hamilton ministers.

There are enough real problems to be battled with under present-day conditions without getting hysterical over what at its worst was a passing incident that would already be forgotten were it not for just such hasty resolutions as this Hamilton motion.

AN IMPORTANT DECISION.

Of great interest, especially to motorists, was a case decided by a Montreal jury last week which established the principle that a motorist who injuries a pedestrian is not relieved from liability by reason of the fact that he was obeying a signal from a traffic officer.

A Montreal woman was partly across a street intersection when the officer on duty changed the stream of traffic, and a taxi-cab driver, responding to the signal ran into the pedestrian and inflicted serious injuries upon her.

The woman took action against the taxi-cab company, and the jury awarded her damages amounting to $5,572.

The defence offered was to the effect that the signal of the traffic officer relieved their driver from any responsibility for what happened.

Mr. Justice Wilson, however, in stating the law for the benefit of the jury, declared that the motorist's responsibility did not and could not cease merely because he had crossed the street on a traffic signal to go.

To most people that ruling will appear as common sense.

It would be a most tragic thing indeed if drivers of motor vehicles should feel that once they get the signal to go they were entitled to run over pedestrians careless enough to get in their path.

The person on foot may himself be guilty of neglect in attempting to cross, but that does not absolve the motorist from blame.

As the Ottawa Journal puts it, "The right to live must always remain greater than the motorist's right-of-way, and more and more in the future the tendency of the law must and will be to safeguard the people from the motor car menace and to impose a greater responsibility upon those who are given the privilege to drive automobiles."

THE CANADIAN DOLLAR.

It is bad enough to realize that at the moment, throughout the United States, the Canadian dollar is at a discount of 9½ per cent., but it is infinitely worse to read that yesterday in Niagara Falls, N. Y., storekeepers in that city refused absolutely to accept Canadian silver or copper coins and asked 40 per cent. discount on Canadian bills. That is to say, a Canadian dollar bill in the view of the storekeepers of Niagara Falls was worth only 60 cents—that and nothing more.

The unfairness of such arbitrary marking down of the dollar value as this reported from Niagara Falls is accentuated by the fact that the Falls is a border city, receiving a great deal of Canadian trade and always glad to get it. And yet we now see the shopkeepers there willing to give only 60 cents worth of goods in return for a Canadian dollar bill, while they on their part could take this same dollar bill into Canada and with it get a full dollar's worth of Canadian goods.

Manifestly under all the circumstances there is but one thing for Canadians to do, so long as this discount holds against the Canadian dollar—and this whether it be 9½ per cent. or 40 per cent.—and that is to buy as little as possible in the American market, but, instead, to buy at home where our dollar is worth a dollar. That, indeed, would be a good policy to follow at any time, no matter how the dollar value may fluctuate, namely, for Canadians to buy Canadian products whenever and wherever possible. Loyalty, like charity, begins at home.—Kingston Whig-Standard.

AVERAGE WESTERN FARMER ISN'T BROKE.

When, some weeks ago, one of the Journal editors returned from a trip through Western Canada and wrote in these columns that the prairies were far from being bankrupt, the statement was received with some skepticism. From one-quarter, indeed, the cynical comment came that it was a mistake to confuse the well-watered greens of a golf course with growth on the average prairie, and that views of the West from the comfortable chairs of a parlor car were a little different from what was seen and felt from the seat of a binder.

Well, Senator W. A. Buchanan, who lives in Lethbridge, and who is a Western man who knows the West, having observed it from all angles, cannot be open to the criticism which has been directed toward our observer. Yet in his Lethbridge Herald, which, incidentally, is one of the sanest papers published in this country, Senator Buchanan writes:

"It's easy to generalize these days and say that all the farmers of the West are 'broke' and that the situation is hopeless.

"But it's not true. The situation is far from being so hopeless as that. The farmer's income is greatly curtailed, it is true, because of low prices prevailing for the commodities he produces, but his ability to produce is, if anything, better than ever, and that is what counts.

"The question of the Western farmer's financial condition has been debated so much of late that recently Oliver W. Macdonald, an inspector of the Farm Board at Regina, declared that, while there are all kinds and conditions of farmers in the Province, 25 per cent. of them have their farms and their chattels all paid for, and have money in the bank or income-producing investments.

"Mr. Macdonald should be in a position to know the facts, and what he says about Saskatchewan applies, we believe, to Southern Alberta. Generally speaking, the farmer who has his land and chattels paid for, and who is making a decent living for himself and family doesn't do much agitating. He is working at his job, satisfied with it because it is producing a competence for his family, and he doesn't go about telling the world about all the ills of agriculture. These cases are not in the majority, we will admit, but we believe the figure set by Mr. Macdonald for Saskatchewan will apply here. Just look about you and see if we are not right."

One of the greatest assets any country can have is the citizen who, in bad weather and good, maintains a sense of proportion. It would be a good thing for the West and for all Canada had we more observers of the clear-sightedness and fairness and sanity of Senator W. A. Buchanan.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

The Children's Aid Society deserves community support. Give liberally on Saturday.

Another angle of the world's serious clash is whether or not Graham McNamee will be able to out-talk Ted Husing.

The Canadian dollar is still 100 per cent. strong at home. Keep it there where it will do the most good.

This would be a happier world if Mahatma Gandhi could be persuaded to extend his weekly day of silence to cover the whole week.

The Ontario Government's unemployment relief scheme has begun to function. It will soon be taking care of some thousands of the workless and to that extent will relieve the situation.

The story of a beer-by-the-glass policy to be shortly introduced by the Ontario Government is characterized by Premier Henry as "bunk." The Government is not of the mind to commit political suicide.

If this is fall, perhaps summer can not be far behind.—Buffalo Courier-Express.

(Continued from yesterday.)

He shrugged and smiled again. "Not to the right one—according to the legends of the medical profession here in Boston."

"Oh, I didn't know there were legends in the medical profession, too."

"Oh, Lord, yes."

"I knew there were lots of social legends. But I supposed if you were a good lawyer or a good doctor, it wouldn't matter how you got to be one."

Dan's face suddenly lighted up. "Why, that's exactly what I'm going to prove. That's the kick I'm going to get about succeeding in Boston. I want to prove that sheer ability and determination can be recognized even in places as steeped in traditions as this."

"Oh, how thrilling! How did you ever happen to be a doctor?"

"I had a younger brother who was sick for years."

"I know—Jimmie. Your mother told me."

"Did she? That day? Well—Jimmie—poor kid—had one thing after another all his life. For years the medical profession fought to keep him alive. I got to look on doctors the way some kids do on firemen, I guess, and policemen, and soldiers in uniform."

"I know," said Fabia, "sort of heroes. They must have been nice doctors."

"They were. We had the best doctors in Boston for Jimmie. The best doctors in Boston are really an awfully good lot," conceded Dan Regan, "for all their cliques and castes. None of the ones we had put on any side or high-hatted us. Every time the doctor was expected, I used to hang around home. I was as fascinated watching a doctor in action as some kids who love to see the wheels of a machine go round."

"Was Dr. Warburton one of Jimmie's doctors?"

"Finally. Jimmie had to have an operation. It was the first operation I ever saw."

"Did they let you see it?"

"Yes. They sort of had to. Jimmie had to be helped out a bit with his blood supply."

"You mean blood transfusion? How wonderful of you!" She was leaning forward with her hands clasped about her knees, her eyes fastened on him. They were shining very brightly.

He frowned. "Nothing wonderful about it," he said. "You can hire it done for fifty dollars. The truth was I was glad of any excuse to be present at the operation."

"Could you see it?"

"Not all I wanted to. But I could hear Dr. Warburton's remarks and watch his face. I knew, from that time on, I wanted to be a surgeon—and a surgeon as near Dr. Warburton as possible."

"Did you tell him so?"

"Not then."

"When?"

Her questions had the effect of repeated swallows of wine on Dan. They loosened his tongue more and more, and about a subject that intensely interested him for years and years—himself.

INSTALMENT 19

The little gold hammer inside the French clock on the mantel had been tied years ago, because Grandmother Vale didn't like striking clocks. Unheard and unobserved the minutes flew by.

"I was nearly through Medical School before I saw Dr. Warburton again," Dan went on. "I went to him and asked his advice about what hospital appointment I'd better take. I had a chance to go out West. I told him about my ambition to win out here in Boston, in spite of a good deal not in my favor, and he became interested. He's been my best friend ever since."

"He must think you have ability."

"Well," acknowledged Dan, with no apology, "he thinks I have a steady hand and don't lose my head."

"Does he give you much responsibility?"

"Yes; he's the most generous man in the world to me. Of course he is older—sixty-five now. His hands aren't as steady as they used to be. We operate together a good deal. He is the brains, I am the mechanician. This morning we had a situation—— But you wouldn't be interested in a case——"

"Yes, I would, too. Tell me, please."

Half an hour later she inquired, "Will you take Dr. Warburton's place here in Boston some day, as a surgeon?"

"That's a pretty big order. But it's up to what sort of stuff is in me, I guess."

"Oh, wouldn't it be thrilling if you did?"

"Wouldn't it?"

"I think it's terribly interesting! I want to go back to the beginnnig. Where were you born?"

"In one of the houses in the Square at the bottom of Bunker Hill Monument."

"How wonderful that would sound in a biography—I mean, in case you are a famous surgeon some day," she laughed. "Where did you go to school when you were a child?"

"That's good material for a biography, too," grinned Dan. "Public schools all my life, till I went to college. Paper-routes when I was a kid to help out the family income."

Dan Regan told the story of his life to Fabia, as willingly as the pages of a book unfold its tale to an eager reader.

His mother, she learned, had been born in Haverhill, Massachusetts, and had met his father in a factory where she had been working. His father had been a foreman in one of the stitching-rooms in the factory. Bossing other men seemed to run in the Regan blood. His father had two brothers. One bossed lumber-jacks in a camp in Maine, the other bossed traffic on a motor-cycle in the Metropolitan Park District. All three brothers had been born in Lowell, Massachusetts. Their father, Dan's grandfather, had been born in Ireland, and had worked his way over on a returning cattle-boat.

"I suppose you're Catholics, of course," remarked Fabia, with exquisite casualness.

"No; the old man came from the North of Ireland and wasn't much of anything. My dad takes after him that way, I'm afraid. Mother looks out for the religion end. She's a Methodist, or Baptist, or Episcopalian, or any old thing that has a church handy. Mother gets a lot of comfort out of her religion. She's absolutely sure she's going to see Jimmie again and thinks all her prayers get immediate personal attention."

"I see."

Suddenly, without any warning, there was a dull thud above.

"What was that?" asked Dan.

"I don't know. Nothing in particular, I guess. Don't you believe you're going to see Jimmie again?"

Five minutes later the thud was repeated.

"I'd better go and see what that was," said Fabia. "I'll be right back."

She ran up several steps of the stairway, and looked up. Aunt Charlotte was leaning over the balustrade. She had on a dark red kimono, which she was holding together at her throat.

"What is it?" whispered Fabia.

"Mother is nearly crazy. She made me come and get you. Who is down there?"

"Somebody she wouldn't approve of."

"Well, tell him to go."

"Why? We're just talking. We——"

"Don't discuss it. Mother says she'll come right down into the drawing room herself if he doesn't go immediately."

Fabia went back to Dan.

"You must go."

"I know it." He was staring at the French clock now. Its hands pointed to half-past four. "We lost track of the time."

"Yes, we did."

"I've got you into trouble again. What can I do?"

"Nothing now. Just go."

"But——"

Again there was a thud above. Two thuds this time. "Please—oh, please, go!"

"I'll call you up in the morning," were his last words as finally she closed the door on him.

"Come right up to grandmother's room," called down Aunt Charlotte.

Grandmother Vale was sitting bolt upright in the center of a very large black walnut bed, her hands upon her knees, her legs evidently crossed underneath the bedclothes.

"Come in," she said. Her voice was commanding. Her eyes were as bright and fierce as an angry animal's. Fabia advanced to the foot of the bed.

"Let me have a look at you," the virile voice went on. "Let me have a good look at you," and the bright eyes traveled from Fabia's forehead, slowly down the length of her body to her knees, and then slowly traveled back again. "Aren't you ashamed of yourself?"

Fabia flushed deep crimson. Nobody had ever looked at her like that before. It seemed to imply something indecent.

"I should think you would blush," her grandmother nodded.

"What do you mean?"

"Oh, don't pretend innocence. I heard you when you came in at around half-past one, and then dropped off to sleep, supposing of course you'd gone to bed. When I woke up an hour ago, I called Charlotte, and found you were still downstairs—allowing liberties to be taken with you, I suppose. 'Necking' I am told it is now called."

"I wasn't! That isn't true!"

"What were you doing then for two hours and a half in the middle of the night?"

"We were discussing immortality when Aunt Charlotte interrupted."

"Immortality nonsense! Who was the young man?"

Before Fabia could answer Charlotte, standing on the other side of the bed, interrupted.

"It was Nichols' room-mate, mother—Thatcher Brookes. He took Fabia to the dance."

What a brick Aunt Charlotte was! "Thatcher Brookes — Thatcher Brookes' son — Hamilton Brookes' grandson? Well, at least, Charlotte she attracts good stock." Then, turning to Fabia, "Has he proposed to you?"

"Of course not. You're talking like some old dead novel, grandmother."

"Well, you'll find the old dead novel has got to be reckoned with, young lady."

"I don't intend to reckon with it. Everybody is afraid of you in this family. They all let you govern them by rules that have gone out years ago But I'm not afraid of you, and I'm not going to let a lot of old dead rules and conventions spoil my life. I wasn't doing anything I shouldn't downstairs, and it wasn't Thatcher Brookes downstairs with me either."

"Who was it?"

"I don't have to tell you if I don't want to, and you couldn't make me, but I think I will just to show I'm not afraid of you."

"Well, come, come. Who was it? Who was it?"

"It was Dr. Warburton's assistant—Daniel Regan."

"Daniel Regan! Daniel Regan! Him! That Irish nobody! Picked up in the slums! Daniel Regan! My granddaughter! Get me a drink of water, Charlotte." She took several gulps.

Fabia, head high, moved towards the door.

"Hold on," gurgled the old lady. "Did you ever hear of vulgarity cropping out in an old and aristocratic family? Don't ever let him cross this threshold again. Daniel Regan, indeed! Now go to bed. I'm through with you."

Dan called up Fabia the next day at twelve. She had hovered near the instrument ever since nine. When finally the promised call came, Grandmother Vale was out for her morning hour of air. Aunt Charlotte was with her. Fabia had seen neither one since the interview in Grandmother Vale's bedroom.

Dan's voice over the telephone was impersonal. He inquired how Fabia was in the professional manner he might have used with a patient. Fabia, also impersonal, replied she would be glad to tell him whenever he was at liberty. It was arranged that she would meet him in her car in fifteen minutes at the corner of Beacon and Exeter Streets.

It was a cold raw morning. Although flakes of fine snow had begun to fall, the top of Fabia's car was tightly fastened down. She rode exposed to all the elements.

"Let's get into my car. It's warmer," said Dan. He had been standing beside his car when Fabia drew up, and was at her side before she stopped her engine.

"What happened after I left last night?" he asked, once inside his car.

"Nothing very serious."

"I hated to skulk off like that, and leave you to face the music alone."

"There was nothing else to do."

"Did they pitch into you?"

"My grandmother did, a little. I didn't mind it. She's old and cranky and awfully strict."

"Well, I did stay too long." Then, quickly, before she could ask him to explain, "Did you tell them who your late caller was?"

"Yes, I did, and what we were talking about when Aunt Charlotte dropped that book over our heads."

"Look here—I've got a patient out in one of the Newtons whom I must see before one o'clock."

"Oh, I'm sorry." Fabia started to open the door at her side.

"You wouldn't consider running out to Newton with me, would you? I haven't got to make a long call."

"Why, I'd love to!"

Once upon their way, the conversation resumed the same course and nature as the night before, as if there had been no interruption. Dan was as unaware of the flattery of Fabia's interest in his career as she was obvious that she was feeding his vanity. They talked about Dr. Warburton's successor, his past, his present, and future, his hopes, his ambitions, as impersonally as if he were a third person.

"You told me last night," said Fabia, as the city disappeared behind them, "the kind of a girl you don't want to fall in love with. What kind do you?"

"Well," Dan replied judiciously, "some one who has no social ambitions, and no social standing in the Back Bay. I've no wish to break into Boston society. It doesn't interest me. I simply want to be a successful surgeon. The Back Bay is to be my office and operating-room, not my home. I don't want to mix the two. I want to marry a girl of my own kind, who feels just as I do about it. I want to be the provider myself."

"Would you object if she had brains?"

"What do you mean by that?"

"Well, it sounds just a little as if you wanted to be the whole show yourself."

"Oh, you think I'm conceited."

"No, not exactly conceited, but just a little egotistical, perhaps. But most interesting people are."

This was all on the way out to Newton. On the way back, a different atmosphere pervaded the inside of the automobile. When Dan returned to Fabia, after making his call, he found she had turned up her coat-collar and was sitting on her hands. He procured from the back of the car a worn plush robe and wrapped it round both their knees. It was necessary to sit rather close.

(Continued Tomorrow)

Marmora

Mrs. G. Mantle and son George visited Mr. and Mrs. Allan Diamond at Hazzard's Corners on Sunday.

Messrs. P. Gray, J. Laird, H. P. Nayler, H. Osborne, T. McQuiggin, W. Bedore, J. McFarlane and F. Leal attended the 21st Battalion reunion at Belleville on Saturday.

Mrs. W. H. Kewl is visiting relatives and friends here.

Mrs. (Dr.) H. Crawford is visiting relatives at Colborne.

A number of the congregation of the Sacred Heart Church attended the large Holy Name Society gathering at Kingston on Sunday.

Mr. and Mrs. C. Nobles visited relatives in North Marmora on Sunday.

Mr. and Mrs. E. Hewitt spent Saturday in Belleville.

Mrs. U. Pinner returned home on Saturday after spending three weeks with relatives in Belleville.

Rev. and Mrs. A. B. Caldwell and daughter Dorothy spent Monday afternoon in Peterborough.

On her 101st birthday, Mrs. Ann Stanstall of Mansfield, England, spent the day at the washtub.

Voice of the People

Letters to be printed in the Voice of the People column must be received at The Examiner Office the day before it is desired to have them inserted.

DANGEROUS SPEED

To the Editor of The Examiner:

Dear Sir: — It is time the police took action against motorists who cross the Smith street bridge at the high rate of speed they have been going all summer, before there is a loss of life.

Many motorists cross at a rate of 60 to 70 miles per hour, especially those going up the hill. It is only a miracle that there hasn't been serious loss of life, and during the summer months, while so many children visited the bathing beach at Inverlea Park, there are still many children in the vicinity who have to cross the bridge to school.

Only on Saturday night, while crossing the bridge about the clock two cars passed going at a rate of less than 60 miles an hour or more. If two cars should ever meet, anyone standing or walking on the bridge would have little chance for their life.

A short time after ten o'clock a very valuable hound was struck and killed by a hit and run motorist, going at a terrific rate of speed. Luckily the driver was followed, and his number taken. Immediate action will be taken. It might have been a human life instead.

If a few are caught and given a good stiff penalty, the rest will take warning. Hoping that the police will take some action before any human life is sacrificed.

One Who Lives in the Vicinity of the Bridge.

Nova Scotia's L.C.A. Bitterly Attacked

TRURO, N.S., Sept. 29 (C.P.)—Nova Scotia is drinking herself drunk, Rev. H. R. Grant told the Nova Scotia Social Service Council and Temperance Alliance this morning in delivering his annual report as secretary of that organization.

Dr. Grant characterized the Nova Scotia Liquor Control Act as "a covenant with death and an agreement with hell."

Scout News and Notices

1ST ST. JOHN'S TROOP PETERBOROUGH

Last Friday evening, the weekly Scout meeting was opened with flag-break and Scout prayers. The patrols were then inspected and after inspection they were dismissed to their Patrol Corners for Scout Instruction. A few lively games were played and then campfire was opened by the Scoutmaster. The troop had visitors during the evening in Rev. Dr. Blagrave, Rev. E. R. James, Dr. Murray Fraser and the former Assistant Scoutmaster, Reg. Howden.

During the campfire, after a few Scout songs were sung, Dr. Murray Fraser gave a wonderful talk on education. When he had finished his speech, he presented the Assistant Scoutmaster, Warren Turner, on behalf of the troop, a Thanks Badge which he appreciated very much and he gave a few words of thanks. The Scouts of the troop are sorry to have A.S.M. Warren Turner leave them for he will be missed dearly. He hoped that the Scouts would stand by the Scoutmaster and their new Assistant Scoutmaster, Fred Ford and carry on the good work.

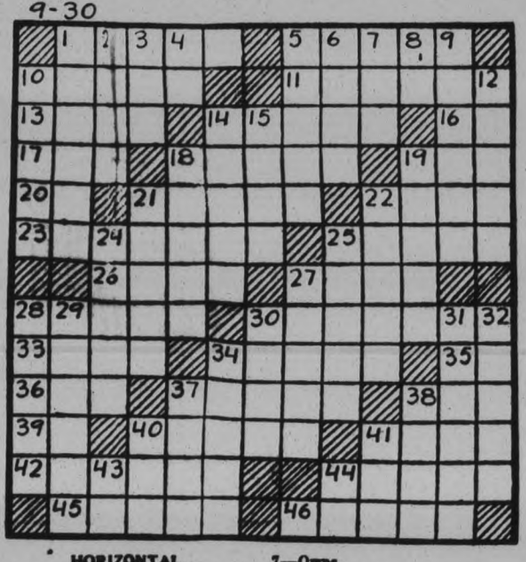
The former A.S.M. Reg. Howden and Rev. Dr. Blagrave gave brief talks which the Scouts enjoyed exceedingly. The campfire came to a close by singing the National Anthem and The End of a Scout Day.

KILLED BY SHOCK

Overcome at the sight of flames from his factory, to the development of which he had devoted many years of his life, William Smith, of Florence Rd., Strond Green, London, collapsed and died in the street.

Today's Cross-Word Puzzle

By EUGENE SHEFFER



HORIZONTAL.

1—What character in "Oliver Twist" trains young boys to be sneak thieves?
5—What American comedian and playwright wrote "Seven Keys to Baldpate" and "Little Johnny Jones"?
10—Who was the Babylonian god of the earth?
11—What was the name of the love feasts of the primitive Christians connected with the Communion?
13—Members of an Indian tribe.
14—Makes smooth.
16—By what initials was the President known who originated the phrases "square deal" and "muckraking"?
17—Having a central position.
18—What noted French chemist made important experiments in radio-activity with his wife?
19—Exclamation.
20—Part of "to be."
21—Genus of edible fungi.
22—Periods of time.
23—What island of ancient Greece was the scene of a famous decisive naval victory of the Greeks over the Persians?
25—Backbone.
26—Sulphate of potassium and aluminum.
27—Who wrote "Gentlemen Prefer Blondes"?
28—What legendary king had the golden touch?
29—Depresses.
33—Head a command.
34—Threads introduced beneath the skin.
35—Pronoun.
36—Number.
37—Goods.
38—Mineral spring.
39—Correlative of either.
40—Body of water.
41—Sleeveless garment.
42—Full of fissures.
44—Who is the king of Rumania?
45—Military assistants.
46—From what language are the Romanic languages derived?

VERTICAL.

1—Who was the wife of Bluebeard?
2—Ancient.
3—Aeriform fluid.
4—Preposition.
5—Make captious criticism.
6—Molding with S-shaped profile.
7—Owns.
8—Apostle (abbr.)
9—What Hebrew prophet in the time of David was counselor and reprover of the king?
10—What French dramatic author and novelist wrote "La Dame Aux Camelias"?
12—Eradicate.
14—What Jewish festival is called the "Feast of Lots"?
15—Who is the Greek god of war?
18—What is the title of the masque by Milton about the son of Circe and Bacchus who tries to entrap the innocent?
19—Ascend.
21—What extensive group of islands lying south and southeast of Asia includes Sumatra, Java and Borneo?
22—A species of lyric poem.
24—Burdened.
25—Warm weather drinks.
27—More recent.
28—That which imparts motion.
29—In ancient geography, what was the peninsula of southwestern Europe comprising the modern Spain and Portugal?
30—Dry.
31—What is the native name of the island empire of Japan?
32—What celebrated French woman wrote "Dolphine"?
34—Rescues.
37—Clever.
38—Principal garment of a Hindu woman.
40—Measure of length.
41—Domestic animal.
43—Note of the musical scale.
44—Symbol for calcium.

Herewith is the solution to yesterday's puzzle.

EASIER TONE IN BRAZILIAN

Interlisted Stocks Show Small Changes on Montreal Exchange To-day.

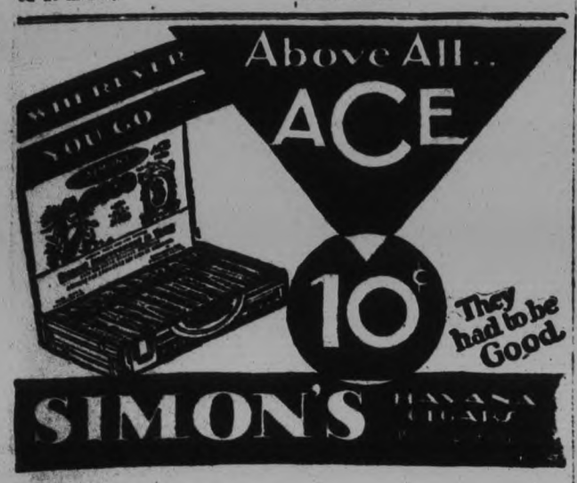
TRADING SLUGGISH.

MONTREAL, Que., Sept. 30. — (C.P.).—Stocks moved sluggishly in quiet trading on the Montreal Stock Exchange this morning. Inter-listed stocks showed small changes, while the majority of pegged issues held unchanged around their minimum prices.

Brazilian eased off 1-8 at noon to 9 7-8. Nickel was also off 1-8 at 9 3-8 and Cement Common dropped a similar fraction at 5 5-8.

Canadian Pacific Railway stock sold up in the first half-hour to 17¾, and then settled back to 17½ for a net gain of ¼ over yesterday's closing price.

Montreal Power, Steel of Canada, Winnipeg Electric, Gurd, Canadian Car Common and Preferred, Canada Wire and Cable "B," were unchanged at midday.



OSHAWA MAN IS ACQUITTED

Judge Raney Criticizes Disposal of Case in Oshawa Court

WHIPPING DESERVED

WHITBY, Sept. 30.—While Volney Trick of Oshawa, charged with attempted murder, was found not guilty by the jury in the Fall Assize Court early last evening, Mr. Justice Raney severely criticized the disposal made of the case in Oshawa Police Court.

Charged with assaulting his wife with an axe handle at their home on Beverly Street, Oshawa, Trick appeared in Oshawa Police Court before Magistrate Creighton and pleading guilty, was sentenced to 30 days' hard labor.

On the same day on which he was released from prison, a second charge of attempted murder was laid by order of the Attorney-General.

"The magistrate had power to commit you for three years. He didn't do that, and apparently without hearing the evidence" Mr. Justice Raney said in part when discharging the prisoner. "You could also have been charged with wife-beating. In that event you could have been sentenced to two years' imprisonment and whipped. If there are any cases in which a man deserved to be whipped this would be one of them. It is most unfortunate that such an example of administration of justice should have been made in this community."

Story Plays Part

In his own defence, Trick claimed that strained relationship had sprung up between his wife and himself because of attention allegedly paid her by his younger brother. A story written by Mrs. Trick for a "True Story" magazine, and entered by the defence counsel as evidence, was discredited by Justice Raney. It referred to a young lover in whom she realized "true love." Mrs. Trick swore the character was purely imaginary.

In addressing the jury, A. W. Beament, K. C., of Ottawa, declared that Trick had evidently intended murdering his wife with the axe handle, while Alex Hall, for the defence, claimed there was no evidence of intent. He further charged the jury to consider the old British tradition in law that a man cannot be twice tried for the same offence.

"It is an extremely extraordinary occurrence that Mrs. Trick was not summoned to police court as a witness. There is no evidence the magistrate knew anything of the offence." Mr Justice Raney said in addressing the jury. "You may ignore entirely the proceedings before the magistrate."

WOULD CLOSE LIQUOR STORES

Saskatchewan Prohibition League Wants Vote on Re-Opening by People

TERMED OPEN SORE

SASKATOON, Sask., Sept. 30. — Asking that liquor and beer stores in Saskatchewan be closed because of the present depression and kept closed until the people of the province had a chance to vote on their reopening, a resolution was passed by the Saskatoon Prohibition League last night for transmission to the coming prohibition conference in Regina, and later, if favored, to the Provincial Government.

Liquor store sales in the province during 1930 amounted to $12,450,365, according to figures produced at the meeting. Of this, the provincial treasury received $3,060,256. The total sales decreased 12 per cent from 1929 There are 29 liquor stores in Saskatchewan and 144 beer stores Fifty beer stores have been closed since January, but 12 have been opened since March, 1930.

The present liquor control system was termed "an open sore in the province," by Rev. W. J. McIvor, general secretary of the Saskatchewan prohibition league."

DOMINION WOOLLENS OPERATIONS SHOW SMALL PROFIT FOR 1931

President A. O. Dawson Expresses Optimism for Future, at Annual Meeting.

RAW MATERIALS ADVANCE.

TORONTO, Ont., Sept. 30 (C.P.). —Although operations of Dominion Woollens and Worsteds, Ltd., resulted in only a small profit for the fiscal period ending June 30, 1931, President A. O. Dawson, in addressing the annual meeting here to-day, was more optimistic of the future.

Mr. Dawson told shareholders that inventories had been written down to replacement or cost, whichever was lower, and that since the financial statement was prepared there had been an appreciable advance in raw materials.

The financial statement presented showed net profit from operations of $112,276, compared with net profit of $57,750 in the previous year. This failed to meet bond interest of $130,000 and provision for bad debts of $68,000, leaving a deficit of $86,-178. Inventory adjustment due to depreciation in values during the year of $491,637 increased the total deficit to $577,851. No provision was made for depreciation from profit and loss account.

Net working capital shows a contraction. Current assets of $1,817,-926 as of June 30, 1931, compare with $2,484,236, as of June 30, 1930, and current liabilities of $904,790 with $851,008, net working capital has been reduced from $1,635,228. The ratio of current assets to liabilities at the end of the fiscal year was slightly better than 2 to 1.

PUBLC SCHOOL ATHLETIC DAY AT LAKEFIELD

Events in Senior, Intermediate and Junior Events Are Closely Contested

PRIZE WINNERS

LAKEFIELD, Sept. 30 (Examiner Correspondence).—The annual field day of the Lakefield Public School was the premier event of Friday afternoon and the attendance of citizens was fair, considering the strong winds which swept the athletic field, growing colder as the afternoon wore on. The events were all good and were well contested in every class, senior, intermediate and junior. The events in the latter class were not completed and will be continued some afternoon in the near future.

T. W. Chaplin, principal of the school, was in charge, and was ably assisted by the other teachers of the staff, each filling her assigned post efficiently. C. C. Stenner also assisted and spent a busy afternoon, being invaluable in his co-operation with other members of the school staff. J. W. Ridpath, chairman of the School Board, was present in his role of Santa Claus, and the cold weather did not at all detract from his popularity as he resembled the Pied Piper as he went about the field, followed by an expectant train of children, who were not disappointed in the generous distribution of "sweeties" and the scramble.

The following are the results of the various events:

Pole vault (senior): V. Payne, 8 ft.; Ted Hunter, 7 ft.; John Brown.

Running broad jump (intermediate): Allan Mason, 13 ft. 4 ins.; Charlie Birch, 12 ft. 6 ins.; Jim Crowe, 11 ft. 9 ins.

Senior girls' 100 yard dash: Audrey Emery, Bella Hamblin, Colleen Junkin.

Intermediate girls' 75 yard dash: Patricia Wannamaker, Eleanor Edwards, Edna Emery.

Junior girls' 50 yard dash: Doris Chittick, Margaret Mason and Alta Graham (tie), Margaret Hunter.

Senior boys' 100 yard dash: Vivian Payne, Wilfrid Morin, Harry Jewell.

Intermediate boys' 100 yard dash: Donald Yale, Allan Mason, Kenneth Briant.

Junior boys' 75 yard dash: Marquis Bullock, Donald Smith, Billie Clark and Cameron Johnston (tie).

Senior girls' bicycle race: Audrey Emery, Mary Webdale, Madeline Abrams.

Intermediate girls' bicycle race: Nora Webster, Phyllis Webster, Patricia Earnshaw.

Senior and intermediate boys' relay race: Donald Yale, John Brown, Tom Moore, Harry Jewell; Charlie Jenkinson, Tom Junkin, Ted Hunter, Wilfrid Morin; Kenneth Patterson, Kenneth Briant, Imrie Charlton, Vivian Payne.

Senior and intermediate girls' relay race: Ellen Patterson, Madeline Charlton, Mildred Garbutt, Bella Hamblin; Phyllis Bolton, Loretta Coughlin, Madeline Abrams, Audrey Emery; Dorothy Pearson, Mildred Miles, Colleen Junkin, Mary Webdale.

Junior girls' relay race: Ruth Johnston, Isabel Brown, Pat Wannamaker; Vivian Riel, Thelma Binnington, Patricia Earnshaw, Frances Nolan; Nora Webster, Alice Hunter, Isabel Millage, Edna Emery.

Senior boys' bicycle race: Wilfrid Morin, Vivian Payne, John Brown.

Senior girls' three-legged race: Audrey Emery and Madeline Abrams; Ethel Luke and Ellen Patterson; Bella Hamblin and Colleen Junkin.

Intermediate girls' three-legged race: Veronica McFadden and Eleanor Edwards; Patricia Earnshaw and Frances Nolan.

Junior girls' three-legged race: Margaret Mason and Verna Hurl; Nellie Stenner and Margaret Hunter.

Intermediate boys' relay race: Allan Mason, Harry Hunter, Charlie Birch, Pat McFadden; George Tanner, Francis Loyst, Kenneth Briant, Gerald Stabler, Jack Birch, Jim Crowe, Aldon Jewell, Donald Yale.

Senior boys' 220 yard dash: Vivian Payne, Wilfrid Morin, Harry Jewell and Ted Hunter (tie).

Intermediate boys' 220 yard dash: Donald Yale, Allan Mason, Kenneth Briant.

Nail driving (girls): Madeline Charlton, Audrey Emery, Bella Hamblin.

Boys' half mile (senior) race: Ted Hunter, W. Morin, T. Moore.

Intermediate boys' half mile race: Donald Yale, Allan Mason, George Tanner.

Senior running broad jump: Vivian Payne, 15 ft. 2 ins.; Wilfred Morris, 13 ft. 5 ins.; Harry Jewell and Ted Hunter, 13 ft. 4 ins.

Intermediate minute race: Madeline Charlton and Dorothy Pearson; Patricia Earnshaw and Frances Nolan; Alice Hunter and Vivian Riel.

Putting the shot: Vivian Payne, 40 ft. 11 ins.; Harry Jewell, 36 ft. 3 ins.; Irwin Charlton, 29 ft. 5 ins.

Snowshoe race, girls: Audrey Emery, Madeline Abrams, Colleen Junkin.

Boys' sack race (intermediate): Donald Yale, Allan Mason, Marquis Bullock.

Girls' race (intermediate): Patricia Wannamaker, Vivian Riel, M. Brown.

Boys' sack race (junior): Donald Smith, Marquis Bullock, Billie Clark.

Intermediate tug-of-war: Donald Yale, Gerald Northey, Donald Hurl, Jack Birch, Jim Crowe; Pat McFadden; Victor Brown, Jack Bell, George Tanner, Charlie Birch.

Senior running high jump: Vivian Payne, 4 ft. 2 ins.; John Brown, 4 ft.; Harry Jewell, 3 ft. 8 ins.

Intermediate girls' clothes-pin race: Madeline Charlton, Patricia Wannamaker and Frances Nolan (tie).

Senior girls' running broad jump: Audrey Emery, 11 ft. 11 ins.; Bella Hamblin, 10 ft. 8 ins.; Loretta Coughlin, 10 ft. 5 ins.

Intermediate girls' running broad jump: Eleanor Edwards, 9 ft. 11 ins.; Ruth Johnston, 9 ft. 7 ins.; Patricia Wannamaker, 9 ft. 5 ins.

As all the intermediate and junior events are not yet run off the winners of the highest number of points are not yet certain. Vivian Payne with 21 points, and Donald Yale with 19 are the leaders to date, while Audrey Emery with 19 and Madeline Charlton and Patricia Wannamaker each with twelve lead the girls' list.

To Hold Field Day.

The annual field day of the Lakefield High School will be held on Friday afternoon, October 2, at the athletic field.

To Give Lecture.

An illustrated lecture will be given by Rev. Robert Scott of the Marine Mission of the United Church on his work in British Columbia on Tuesday evening at 8 o'clock in the Regent Street Church.

Miss Menchik, the English chess player, whose opponents included two well-known European experts, won the major open tournament at the Worcester, England, 1931 chess tournament without the loss of a game.

GANGWAY FOR THE TANKS

(1) Whippet tanks clatter into action during mimic war in Richmond district of Yorkshire. (2) Flower-pot stepping-stone race for girls was amusing event during Deal carnival. (3) Major C. C. Tryon is Britain's new minister of pensions. (4) Striped pylons have been placed on Westminster bridge to speed up travel by dividing traffic lanes. In background is Big Ben and Mother of Parliaments where national government is now trying to do a little traffic regulation on Britain's jostling throng of financial and economic troubles.

MARKET CLOSING

(Continued from Page 1)

to the drift downward was C.P.R which rose a point in the morning and held part of that gain throughout the remainder of the trading session. C.P.R. strength could be directly traced to the action of the rails in New York.

Noranda was pressed for sale from start to finish and found a new low only slightly above 12, which compared with Tuesday's final price of 14¾. International Nickel, while down about ¼ of a point, did not violate its old low of 9. Brazilian lost approximately ½ point, Dominion Stores eased and Ford broke to a new low at 12. Walkers rested on its former low of 3½.

Selling was also noticeable in the oil group. Imperial Oil sank to a new low at 9½, and B.A. Oil and International Petroleum each lost approximately ½ point, though still holding slightly above their record lows.

At times the liquidation fell off but there was never real support behind the market and the close was weak, prices still falling.

STANDARD EXCHANGE.

TORONTO, Ont., Sept. 30.— (C.P.)—Heavy declines culminating in several new lows for the year marked interlisted stocks on the Standard Stock and Mining Exchange market to-day. Balance of the unrestricted stocks showed an easier tendency, while sections still under the minimum price ban were inactive and unchanged.

Noranda was the leader on the down side, dropping into new low territory for a loss of $2.25. International Nickel fell 25 and Hudson Bay was off another 35 to $2.40.

Teck-Hughes and Hollinger, today's additions to the free list, provided the bulk of activity, both dropping below $5 to show net declines of $1.25 and $1 respectively, on end. McIntyre also was at a new low of $14.75, off $1.25, and Dome fell 40 cents.

In the lower-priced golds Kirkland Townsite closed off a couple and San Antonio lost a cent. Silvers were under light selling pressure, with Castle down 5 and Premier off another 2 cents.

Oils were practically stationary with interlisted issues reflecting softness on other boards.

MARMORA

Mrs. Robert Neal returned to London on Monday, after a week's visit with Mr. and Mrs. T. E. Neal.

Mr. and Mrs. S. W. Narrie and Mr. and Mrs. Lloyd Williams spent Sunday at Millbridge.

Mrs. J. Ethier and young son William are spending a few days in Belleville.

Messrs Fred Gray, Lorne Gray and Henry Wright visited Clyde on Sunday.

Mr. and Mrs T. E. Neal, Mr. Tom Neal, Mrs. A. Neil and Mrs. R. Neal visited relatives at Kingston on Sunday.

Mr. S. W. Narrie and Mr. and Mrs. L. Williams visited Peterborough on Monday evening.

Mr. and Mrs. F. L. Downey of Toronto spent Monday in the village. Mr. Downey was formerly a teller in the Dominion Bank.

North Sea Waters Grave For Nautilus

WASHINGTON, September 30. — Permission to sink the submarine Nautilus in the North Sea, off the coast of Norway, was granted yesterday to Sir Hubert Wilkins by the United States Shipping Board. The Board consented that Sir Hubert take the vessel, that carried him to the Arctic for an under-ice expedition, out to the deep water and scrap it, instead of returning it to a North Atlantic port. The old submarine was transfered from the Navy Department to the Shipping Board in order that the latter agency might charter it to Lake Danenhower, Inc., New London, Conn., backers of the Wilkins expedition. It was doomed to be scrapped at that time.

Students In China Take Military Drill

PEIPING, China, Sept. 30 (A.P.) —Students of Tsinghua University will undergo three weeks of military training beginning to-day in preparation, the university announcement said, "for the day when the youth of China will be called upon to defend their country against Japan."

The students have been given three weeks' leave and have promised to forego the winter vacations to make up arrears in classroom work. They will receive instruction in infantry drill, tactics and military engineering. Women students will take courses in nursing.

Sales of electric current for power in the San Juan district of Porto Rico are breaking all previous records.

MAKE IT A REAL THANKSGIVING GIVE A PETERBOROUGH MAN A JOB

Men in Peterborough are walking the streets—and possibly hundreds of citizens who have work to do are holding back. Why are they holding back odd jobs if in their power to provide the odd job—if they only would? That is a bold statement of facts, and yet those who are able to provide casual employment for men or women who are desperate for work are holding back. Why are they holding back? Only they can tell. Perhaps they do not realize the great need for work. Perhaps they are not interested. Perhaps they have not yet had time to look around their premises to find the odd jobs that men are wanting to do. Let us hope that the latter reason is the true one—for we would not like to think that the more fortunate people in Peterborough do not care what happens to the others.

The solution of the problem lies in the hands of every citizen who can afford to pay for having the odd jobs around his home, store, office or factory done for him.

Below is published a coupon which can be used to-day to help solve Peterborough's unemployment problem. All that is necessary is to look around and see what odd jobs are available to provide casual work for an unemployed man—then fill in the Coupon and send it to the Employment Service Office, Charlotte street, or if that is not convenient, telephone No. 571, and a man or woman will be sent at once to do the work required. That is surely not asking very much. Won't you do it at once?

MAKE IT A REAL THANKSGIVING

Monday, October 12th, will be set aside by proclamation from the seat of government as a day for general rejoicing and thanksgiving. To make it possible for every man who calls Peterborough "Home" to give thanks on that day, whether employed or unemployed, and to perpetuate the Peterborough spirit of team-work and good-will—

I'LL GIVE AN UNEMPLOYED PETERBOROUGH MAN A JOB

Fill out Coupon below and mail at once to Employment Service, Charlotte street.

I Need a Man to .....
Woman

The Horse Races

A field numbering more than a few of the best trotting horses in Ontario gave to race followers attending the Norwood Fair yesterday afternoon a big card worth enthusing over.

Close finishes as the horses streamed neck-and-neck or in a close pack under the wire featured almost every heat, and the time, considering the sharp turns on the Norwood track, was exceptionally fast. The races were far-and-away ahead of anything seen on the same track in years.

A veteran horseman and experienced starter, George O. Tice, of Belleville, who officiated at the races, declared that they were the best of more than twelve meets he had viewed throughout the season.

Bud Wenger, Dick Welshs fast gelding, spurted to the front in Class A to win three successive heats, after R. Scott's Princess Audry, a Toronto mare with a reputation, had taken first in the initial go. But Wenger was forced to do the second heat in 2.13 to nose out the fast-stepping mare in the second heat, which proved the best time of the day

Eddie Jones' Lu Grattan paced his way to first money in Class B but it took five heats before he disposed of Lou Entricken, H. Diments horse. Lou Entricken took the first two starts and Lu Grattan the following two. In the final between the two for the big pot, the horses appeared tied going under the wire, but the judges called Lu Grattan the winner.

Another Peterborough horse, Armdexter, was a strong conender in Class C, winning second money for his owner, F. S. Johnson. Peter Greatworth, owned by F. Lowe, Port Hope, was the winner, pushing his way to the front in three heats, after Armdexter had copped the first go.

Bud Wenger, R. Welsh,

RESULTS

Class A

Hastings 2 1 1 1
Princess Audrey, R. Scott, Toronto 1 4 3 2
Alayne, H. C. Morrison, Toronto 3 3 2 3
Louis Botha, H. S. Hunter, Smiths Falls 4 2 4 4
Time—2.15½, 2.13, 2.14½, 2.15.

Class B

Lu Grattan, E. W. Jones, Peterborough 2 2 1 1 1
Lou Entricken, H. Diment, Belleville.. 1 1 3 4 2
Black Mack, W. A. Fanning, Lindsay.. 3 3 2 2
Christie Mack, H. S. Hunter, Smith Falls 5 5 4 3
Cactus Star, A. Elmhirst, Indian River 4 4 dr.
Times—2.15½, 216¼, 2.16¼, 2.17½, 2.16¼.

Class C

Starter—Alderman George O. Tice, Belleville.

Judges—C. Armstrong, Havelock; James Snider, Brighton; Dr. D. Munro, Warsaw.

Timers—V. Weir, Mouncie, Indiana; R. Nattress, Millbrook.

Horse Shoe Pitching

Hurlers of equine footgear — in other words horse shoe throwers—of near and far and roundabout are going to have a task on their hands when they assemble for the horseshow heaving classic at the International Plowing Match here some weeks hence in disposing of the Norwood pair of Harry Clements and Frank Bedore.

The Norwood artists of the ancient barnyard diversion showed their class to a fine field at the big Norwood fair yesterday afternoon, disposing of all comers without a single loss.

W. Nichols and H. Gravelle, representing Bridgenorth's best, were there as also were N. S. Osborne and D. A. Allan, the cream of Lakefield's exponents, and a host of others, none of whom can be said to be clumsy at slipping them in and around the pegs.

RESULTS

	Won	Lost
Harry Clements and Frank Bedore of Norwood.....	6	0
W. Nichol s and H. Gravelle of Bridgenorth	5	1
N. S. Osborne and D. A. Allan of Lakefield	4	2
W. Crowe and S. Andrews.	3	3
E. Crowe and Marsden....	3	3
Osborne and Drum	3	3
B. Crowe and Simpson	3	3
Poole and McIntyre	2	4
F. Doughty and Padgett...	1	5
Spinks and Davidson	1	5

The main attraction for the children proved to be the ferris wheel, and the giant play-thing was kept busy all afternoon taking up eager young sightseers seeking a thrill. Several sleight-of-hand artists and a "medicine man," with a ruddy face, Vandyke beard and long white locks, bally-hooed his painkiller, adding greatly to the entertainment of the good-natured throng.

At the far end of the midway the county school championship exhibits were on show and attracted many visitors, who were impressed by the quality of the results of the children's efforts.

Some of the prize-winners in live stock classes were as follow's:

Shorthorn Cattle.

Senior bull—W. J. Bragg, Bowmanville.

Yearling bull—W. H. Elmhirst & Sons, Indian River.

Bull calf, senior—1, W. H. Elmhirst; 2, W. S. Bragg.

Bull calf, junior — 1, C. Grigg, Roseneath; 2, W. Elmhirst; 3, M. H. Pimmett, Indian River.

Senior cow—1 and 3, W. H. Elmhirst;; 2, W. S. Bragg.

Heifer, 2 years—1, W. H. Elmhirst; 2, M. H. Pimmett; 3, C. Grigg.

Heifer, 1 year—1, W. S. Bragg; 2, W. H. Elmhirst; 3, C. Grigg.

Heifer calf, senior—1 and 2, W. S. Bragg.

Heifer calf, junior—W. S. Bragg.

Heifer calf, junior—1, W. S. Bragg 2, C. Grigg; 3, W. H. Elmhirst.

W. Lech & Sons' special for best Shorthorn bull calf—W. H. Elmhirst & Sons.

Wm. Elmhirst's special for champion Shorthorn bull—won by Wm. Elmhirst & Sons.

Asphodel Township's specials — Champion male—W. H. Elmhirst & Sons; Champion female—W. S. Bragg.

Herd of one bull and three feales—W. S. Bragg.

Hereford Cattle.

In this class nine first prizes and one second were won by the Birdsall herd shown by Col. R. E. Birdsall & Son; and A. R. Linton of Cobourg took one first and two seconds. His single first was for the junior heifer calf.

Aberdeen-Angus Cattle.

Bertram Blackburn of Uxbridge was the only exhibitor in this class of beef cattle. He was awarded eleven first prizes and six seconds.

Fat Cattle.

Fat animal, 2 years and over — M. H. Pimmett.

Fat animal, under two years—M. H Pimmett.

Baby beef, from 600 to 900 pounds —1, Col. R. E. Bisdsall & Son; 2, W. S. Bragg; 3, B. Blackburn.

Veal calf—C. Grigg.

DAIRY CATTLE.

Jerseys.

Senior bull—1, J. T Drope; 2, Garnet Kerr, Campbellford.

Bull, 2 years — 1, A. E. Hubble, Havelock, R.R. 3; 2, G. Kerr; 3, G. Chaplin, Trent River.

Bull, 1 year—1, J. T. Drope; 2, G. Chaplin.

Bull calf, senior—1, J. T. Drope; 2, A. E. Hubble; 3, G. Kerr.

Bull calf, junior—1, Allan B. Mann; 2, G. Chaplin; 3, A. E. Hubble.

Cow, 3 years and over—1 and 2, J. T. Drope; 3, G. Kerr.

Heifer, 2 years—1, J. T. Drope; 2, A. E. Hubble; ;3, G. Kerr.

Heifer, 1 year—1, J. T. Drope; 2, A. E. Hubble; 3, G. Kerr.

Heifer calf, senior—1 and 2, G. Kerr.

Heife calf, junior—1 and 2, J. T. Drope; 3, A. E. Hubble.

Herd—J. T. Drope.

Bank of Commerce special, best 3 females—J. T. Drope.

Asphodel Township specials — Best male and best female, both won by John T. Drope.

Drummond & Hall, Peterborough, special—Best 2 year heifer—J. T. Drope.

G. Manley, Westwood, special—Best dairy cow—J. T. Drope.

Roland Denne, Peterborough, special—Best dairy cow—J. T. Drope

J. Abercrombie, Hastings, special —Best dairy yearling heifer—J. T. Drope.

T. P. Lancaster, M.P.P., special —Best herd of dairy cattle — J. T. Drope.

T. Eaton Company special—Best heifer calf, dairy type — G. A. Brethen, Norwood.

Ayrshires.

Bull, 3 years and over—1, Gordon Mann & Son, Smith Township; 2, T. R. Kerr, Norwood.

Bull, 2 years—2, T. R. Kerr.

Bull, 1 year—2, T. R. Kerr.

Bull calf, Senior—1, J. Gordon Mann & Son; 2, Peoples Brothers, Havelock, R.R. 3.

Bull calf, junior—1, J. Gordon Mann; 2, Peoples Bros.; 3, T. R. Kerr.

Cow, 3 years and over—1 and 2, J. Gordon Mann; 3, Peoples Bros.

Heifer, 2 years—1, Tom Kerr; 2, Peoples Bros.

Heifer, 1 year—1, 2, and 3, Peoples Bros.

Heifer calf, senior—1, J. Gordon Mann; 2, T. R. Kerr.

Heifer calf, junior—1, J. Gordon Mann; 2 and 3, Peoples Bros.

Herd—J. Gordon Mann & Son.

Townhip of Asphodel specials — Champion male and female—Both won by J. Gordon Mann & Sons.

Robert Tedford, Norwood, special —Best three Ayrshire females—1, J. Gordon Mann; 2, Peoples Bros.

International Stock Food special —Best senior bull calf—J. Gordon Mann.

Holsteins.

Bull, 3 years and over—Sam McGee, Norwood, R.R 2.

Bull, 2 years — G. A. Brethen, Norwood.

Bull, 1 year—1, C. E. Moore & Sons, Peterborough, RR. 2; 2, H. Wildman & Son, Norwood.

Bull calf, senior—1, R. Honey & Sons, Dartford; 2, C. E. Moore; 3, G. A Brethen.

Bull calf, junior—1, R. Honey & Sons; ., J. C. Nelson, Campbellford, R.R. 3; 3, Arthur Brethen.

Cow, 3 years and over—1 and 3, G. A. Brethen; 2, C. E. Moore & Sons.

Heifer, 2 years—1, Honey & Sons; 2, J. C. Nelson; 3, C. E Moore.

Heifer, 1 year—1 and 2, J. C. Nelson; 3, C. E. Moore & Sons.

Heifer calf, senior—1, R. Honey & Sons; 2, G. A. Brethen; 3, C. E. Moore.

Heifer calf, junior—1, J. C. Nelson; 2, G. A. Brethen; 3, C. E. Moore.

Herd—R. Honey & Sons.

International Stock Food Company special—Best senior bull calf —R. Honey & Sons.

J. W. Rork & Son, Norwood, special—Best three Holstein females—1, R. Honey & Sons; 2, J. C. Nelson.

HORSES.

Roadsters.

Brood mare and foal—1, Gordon Manley, Westwood; 2, D. Cameron, Birdsall's.

Foal of 1930—1, G. Manley; 2, D. Cameron.

Gelding or filly, 1 year—1, G. Manley; 2, D. Cameron.

Gelding or filly, 2 years—1, Jos. Sargent, Westwood; 2, Roy Down, Roseneath.

Gelding or filly, 3 years—1, W. J. Cowan, Codrington.

Single horse in harness, 15½ hands and over—Merrill Bros., Dartford.

Single horse in harness, under 15½ hands — 1, H. George, Roseneath; 2, W. McGee & Sons, Hastings, R.R. 2.

Matched team in harness 15¼ hands and over—George Gummow, Warkworth.

Matched team in harness, under 15½ hands—1, M. Davey, Roseneath ;2, G. Gummow.

Cavalry horse, under saddle—1, Mrs. T. N. D. Kelly, Peterborough; 2, Merrill Bos., Dartford; W. J. Cowan.

Green hunter—1, G. Elmhirst, of Birdsall's; 2, Merrill Bros.

John Drope special—Best roadster foal of 1931—Gordon Manley.

Col. F. E. Birdsall special—Best matched team, roadsters—M. Davey.

Dr. Munro, Warsaw, special — Best road horse in harness — M. Davey.

Carriages Horses.

Brood mare and foal—2, A. B. Mann, Bridgenorth; 3, W. J. Cowan.

Foal of 1930—1, A .B. Mann; 2, W. J. Cowan.

Gelding or filly, 1 year—1, Roy Down; 2, W. J. Cowan.

Gelding or filly, 2 years—1, A. B. Mann; 2, G. Gummow; 3, McCleary Bros., Dartford.

Single horse in harness, 15¼ hands and over—1, Merrill Bros.; 2, A. B. Mann; 3, Roy Down.

Matched team in harness, 15½ hands and over—Merrill Bros.

General Purpose Horses.

Brood mare and foal—1 and 2, W. Herriott, Campbellford; 3, J. H. Carter, Indian River.

Foal of 1930—1, J. H. Carter; 2, W Herriott; 3,, Joseph English, of Norwood.

Gelding or filly, 1 year—1, John M. Hope; 2, Fred Faux, Birdsall's.

Gelding or filly, 2 years—1, McCleary Bros.; 2, W. McGee & Sons; 3, Boland Bros., Norwood.

Matched team in harness and wagon—1, Fred Faux; 2, George Herr, Indian River; 3, W. J. Cowan.

Warden C .A. Tanner's special for matched team—1, Fred Faux; 2, George Herr.

O. B McIlvena, Warsaw, special—Best general purpose team and outfit—Won by Fred Faux.

Agricultural Horses.

Brood mare and foal—1, John M. Hope; 2, M. Preston, Norwood; 3, W. J. Cowan.

Foal of 1930—1, J. M. Hope; 2, W. J. Cowan; 3, M. Preston.

Gelding or filly, 1 year—1, Frank Walsh, Keene; 2, J. Sargent, Westwood; 3, W. J. Cowan.

Gelding or filly, 2 years—1 and 3, W. J. Cowan; 2, Boland Bros.

Matched team in harness and wagon—1, John M. Hope; 2, Sam Adams, Hastings.

CATTLE, GRAIN, PRODUCE

MONTREAL PRODUCE

MONTREAL, Sept. 30. — Butter prices were higher and quotations slightly lower, while cheese and potato prices were unchanged on the produce and dairy market here yesterday.

Eastern Townships No. 1 pasteurized butter, in carlots gained ¼c at 19¾c to 19½c a pound. To retailers solids and prints were unchanged at 21c to 22c and 23c to 23c a pound respectively. Receipts were 154 boxes.

Carlot prices of fresh Ontario or Prairie eggs were mainly lower, extras losing 1c ao 32c to 33c, and firsts dropping ½c at 26½c to 27c, while seconds were unchanged at 18c a dozen. British Columbia fresh extras and firsts, in carlots, were unchanged at 34c to 35c and 29c a dozen, respectivly. Quotations to retailers were unchanged, and receipts were 1,188 cases.

Ontario cheese held steady at 12c to 12¼c, and Quebec cheese was also unchanged at 11c to 12c a pound. Receipts were 4,513 boxes.

Montreal potatoes were unchanged at 40c to 50c per 80-pound bag, and New Brunswick Cobblers were firm at 50c to 60c per 80-pound bag.

CHICAGO GRAIN

CHICAGO, Sept. 30. — Carried down by untoward actions of the stock market, grains yesterday equalled or outdid the season's lowest prices. Adding to unsteadiness of wheat were reports that Russia had cheapened her export quotations 2¾ cents a bushel, and that pressure to sell Canadian wheat abroad had intensified. European purchases of wheat from North America dwindled to a meagre total, 250,000 bushels, exclusively Canadian.

Wheat closed fidgetty, ⅝ to 2¼ cents down, corn ⅜ to 1 cent off, oats at ⅝ to ¾ cent decline, and provisions unchanged to 12 cents up.

TORONTO PRODUCE.

TORONTO, Sept. 30.—Few new-laid eggs arrived yesterday on the local market, and prices were stronger for graded lots. Retailers were being offered storage stocks on a basis of 27c to 28c for extras, 25c to 26c for firsts, and were buying considerable quantities. Wholesalers quoted the trade fresh supplies at 33c for extras in cartons, 31c for extras loose, 28c for firsts loose, and 18c for seconds loose. Country shippers were quoted generally 26c for extras, 23c for firsts, and 14c for seconds, ungraded, delivered, cases returned, with some of the smaller buyers offering 1c to 2c more per dozen, which will probably be general before the end of the week. Brokers were selling graded eggs in free used cases at 29c to 30c for extras, 25c to 26c for firsts, and 16c for seconds.

Butter was quoted steady at 20½c for No. 1 creamery solids, but there was very little trade on that basis. Second grade was offered at 19½c, but appealed to few buyers. The market generally was quiet.

New cheese was nominally 11½c for large.

WINNIPEG GRAIN.

WINNIPEG, September 30. — A limited export demand and continped hedging operations combined to depress values in the wheat market here yesterday. Final quotations recorded net losses of from ⅞c to ½c.

October closed at 52⅞c, November at 53¾c December eased to 54½c, while May ended at 58⅝c. Weakness in Liverpool market was reflected in the decline.

The bulk of operations in the pit appeared to be local in character; prices showed a tendency to ease from the opening, and at mid-session a decline of ¾c was recorded. Support of an undetermined nature, however, entered the market at this stage, and proved sufficient to stem the decline. The approach of delivery date for October occasioned considerable switching of hedges.

Liverpool's weakness was due in part to larger offerings from exporting countries and lower prices for Russian wheat. A net drop of 1½d to 1⅞d per cwt. was recorded at the close of the futures market. Argentina's bullish ogicial estimate of the remaining wheat surplus had little market effect.

In the cash wheat section, demand was keen for Manitobas and durums. Spreads on No. 1 and No. 3 durums were 1c to 3c higher.

The coarse grains section was dull, with prices lower in sympathy with wheat.

Futures:

COURT ADJOURNS

(Continued from Page 1)

and statement of claim and the order allowing service out of the jurisdiction of the Ontario courts were served on defendant by witness.

A photostat copy, which was claimed to be a copy of the marriage license of Frederick Ernest Watkins and Agnes Horton, his co-defendant, was produced in court by Mr. Johnston.

The judge refused to accept the photostat copy of the marriage license as evidence of identification.

Witness, in answer to the judge, said he had never seen Watkins until the day of service of the writ.

"How do you know he was Watkins?" asked His Lordship.

"He told me he was," replied witness.

"That will not do There must be evidence of identification," the judge ruled.

Ethel Watkins was then called to the witness box. She had lived in Ontario all her life, she stated. Her marriage to the defendant was her second marriage. Defendant was at the time of their marriage living in South Monaghan. Witness lived with defendant as his wife for 12 years. In March, 1925, she was forced to leave him. "He threatened to kill me," she said. "I then came to Peterborough to work as a domestic and my husband went away with another woman in September, 1925, to New York State."

From March, 1925, to this date witness had received no communication from her husband.

Asked by the judge how she knew that her husband was in New York State, plaintiff said she had a communication from the police, and had also procured a copy of the marriage certificate of defendant and his co-defendant from New York State by mail.

Childbirth Left Her Thin, Worn, Nervous

"After the birth of my baby, I was thin, nervous and run-down. From the first bottle of Vinol, I improved. It gave me new strength and I gained weight."—Mrs. M. Gunstone.

Vinol supplies just the elements of iron, lime and cod liver peptone needed by thin, weak, nervous women and men. Even the FIRST bottle builds up strength, makes new red blood, peps up appetite and brings sound sleep. Get a bottle of Vinol today! McDermd & Jury, Druggists, McDermid Drug Store, and E. L. Payne, Druggist.

Mount Irwin Couple Observe Anniversary

MOUNT IRWIN, Sept. 30—An event of great interest took place at Mount Irwin on Friday, when Mr. and Mrs. Maurice J. Hickey celebrated their silver wedding anniversary.

The family attended divine service in the parish hall where the Holy Sacrifice was offered up at 7.30, by Father Butler, the family receiving Holy Communion, following which a dainty breakfast was served in their home, only immediate friends being present.

In the evening, more than one hundred guests gathered in the parish hall where an enjoyable evening was spent in cards and dancing.

Mr. and Mrs. Hickey were the recipients of many lovely gifts, among them a beautiful cabinet of silver from their children.

An economic conference of leading industrialists, agriculturalists and merchants is to be held in La Paz, Bolivia.

RALLY DAY HELD WARSAW CHURCH

David Miller Reads Splendid Address — Evangelist Services Well Attended

WARSAW, Sept. 30 (Examiner Correspondence)—Rally Day service for the Presbyterian Sunday School was held on Sunday morning, when Dr. Munro, superintendent, led the service.

The orchestra, consisting of Ellen Douglas, organist, Gerald Crowe and Della Tucker, Tom Davis and Dr. Munro, made the musical part of the service a decided success.

Mary Rose and Russel Greystock read the selections while the latter and Harold Clifford took the collection.

David Miller gave an address on "Enthusiasm in His Service" the substance of which was that if one wishes to be a follower of Jesus, one must put something into life, not merely try to get something out.

Services Well Attended

The evangelistic services in St. Mark's Church during the week have been well attended. There was a good attendance on Saturday night when the subject discussed was "The Prodigal Son."

W.A. Meets

The regular meeting of the Women's Association of the United Church was held in the Sunday school room on Thursday afternoon when final arrangements for the fowl supper to be held on Tuesday, Oct. 6, were made. The choir is practicing special music for the anniversary services to be held on Sunday, Oct. 4.

Relief for home needs was brought up. Rev. Mr. Wilkinson warned the ladies there might be need for relief for a half dozen families before winter is over. The allotment of vegetables from Warsaw charge is forty bags which must be in Norwood in the forenoon of Monday, October 5.

Mr. Wilkinson will receive donations at the parsonage on Saturday, Oct. 3. He advised mixing vegetables in the bags. If people have no other vegetables, give potatoes. It was also suggested to send canned fruit.

Farm Notes

A good deal of buckwheat is still out. Nearly all the silos in the district have been filled. Harry Morgan has an excellent crop of corn, the stalks being exceptionally heavy, while D. Miller's corn seemed rather a thin stand, a large number of cobs are noticed. Several farmers in the district have selected corn from their own crops to have for seed next year.

While hanging out clothes at Carrickmacross, Irish Free State, a housewife heard a rustling behind her, and found an elephant a few feet away enjoying breakfast in her cabbage patch before leisurely joining its circus, which had just come to town.

ANNUAL SUNDAY SCHOOL RALLY IS HELD IN ST. JAMES' CHURCH

Special Messages to Young People and Parents Delivered by Rev. Moorhouse

LARGELY ATTENDED

Youth held sway throughout all the services in St. James United Church on Sunday on the occasion of their annual fall Sunday school rally.

Special messages, with a stirring appeal for present-day problems, were delivered at the three services by the pastor, Rev. A. E. Moorhouse.

"How the Impossible Becomes Possible" was the impelling theme of the morning discourse, which was founded upon the story of Jesus and the man with the withered hand. With Jesus, then, as to-day, the impossible became possible.

Afternoon Session

At the afternoon session there was a mass meeting of Sunday school workers and scholars, ranging from tiny tots in the primary, to the adult classes and members of the home department, with a total attendance of 463.

This vast assembly filled the auditorium of the church while the brotherhood to the number of 35 occupied seats in the gallery.

The enthusiastic and efficient superintendent, A. E. Prest, presided at this session, which opened with the hymn, "All Hail the Power of Jesus' Name," followed by prayer by the pastor. "The coming of Jesus to the world," as told by Luke, was read in unison by the whole school. Exceptionally fine and appropriate was the music rendered by the junior choir in their chorus, "Stories of Jesus," while the primary scholars contributed the hymn, "Away In a Manger," and the junior department sang "When Mothers of Salem."

In a brief review, the superintendent recalled the pastor's illustrated talk at last year's rally, dealing with "The Message of the Candles." This was further emphasized by the Scripture messages read by Marion McAdams and Kenneth Gillespie.

Annual Sunday.

In his happy manner and splendid faculty of holding the children's attention, Rev. Mr. Moorhouse directed their thoughts along the line of "The Sting of Sin." With simple, homely stories, readily understood by his youthful hearers, the speaker not only pointed out the way to avoid these stings, but told them of the only sure remedy, in taking them to Jesus.

Presentations Made.

A special feature of the service was the presentation of a Bible to Master Roy Hobson, the youngest child in the school. Honor was also shown to the eldest scholar, Mrs. Dafoe, of the home department, in the gift of a lovely bouquet of mixed gladioli.

"Crown Him With Many Crowns" was a fitting conclusion to one of the most successful rallies in the history of the school.

Evening Service.

The spirit of rally continued in the evening service at which the pastor was supported by his son, Hugh Moorhouse, and Charlie Kitney, students at Victoria College, who assisted in the devotional exercises.

The evening message was also pertinent to the needs of the day, and was based upon the words of the Hebrew poet, Habakkuk, who paints a very dark picture of poverty, but concludes, "Yet I will rejoice in the Lord, I will joy in the God of my salvation."

Mr. Frank Stevens, the organist of St. James, with his two splendid choirs, provided the following musical program:

Morning, senior choir — Anthem, "Head of Thy Church Triumphant" (Lightwood); junior choir — "Grace Greater Than Our Sins" (Towner).

Evening, senior choir — Anthem, "Arise, Shine" (Maker); soloist, H. Turner. Junior choir—"Pray, Pray" (Gabriel); duett, "The Lord is Near" (Fuller), Messrs. George Cuff and Gerald Cuff.

The music rendered as preludes and accompaniments at the afternoon and evening services by St. James Sunday school orchestra added greatly to the spirit of the day and was a decided element of its great success.

Clifford Russeau acted as conductor and Miss Olive Prest as pianist.

The spirit of worship was further exemplified with the evidences of the Father's bounty in flowers, fruit and vegetables, which beautifully decorated the entire front of the church, as well as the entrance hall.

The tasteful arrangement of these decorations was capably carred out by members of the King's Own Bible Class.

HOME TOWNERS

TIDBITS INTERESTING AND HUMOROUS FROM CAMPBELLFORD

The Campbellford Hockey Club will be represented at many of the fall fairs of the district this year by staging a booth at these events for the purpose of raising club funds.

Mr. Wm. Smith, who had the misfortune recently to meet with a car accident and has been in Peterborough indisposed, returned to his home on Monday.

Mr. A H. McLean, former old Campbellford resident and now living in Trenton was in town on Monday looking up friends and acquaintances.

Mr. and Mrs. Linton Shillinglaw have moved from their home at Healey Falls and will locate for a time in Campbellford.

Mr. and Mrs. H. B. Mason were visitors to Madoc on Sunday the guests of Mr. and Mrs. Carswell.

Mr. and Mrs. T. J. Craighead were Toronto visitors on Tuesday.

Mrs. F. Carruthers has returned from Toronto and will take up residence at her house on Concession road.

Mr. J. L. Hoover is a visitor to Hamilton this week.

Mr. Robert Ingram is now employed in Nadoo's cigar store on Front street.

Hunting up old school mates and reviving incidences of the past, two old timers of the district were in town this week, Mr. Richard VanBlaricon of California and Mr. Peter VanBlaricon of Vancouver, B.C. These two 'boys' have not visited the district for many years but dispite this fact many happy reunions were staged and many yarns spun with former school chums which added to the pleasure of their visit.

Mrs. T. J. Clark of Vancouver, B.C., is spending a few months' visit with her sister, Mrs. N. Southern, Queen street.

Mr. and Mrs. Sam Diamond announce the engagement of their only daughter, Edna Berdette, to Mr. Walter Wesley Bibby of Toronto, son of Mr. and Mrs. R. J. Bibby of Campbellford. Marriage to take place early in October.

ST. JOHN'S CHOIR TO GIVE CONCERT

Program Consists of Fine Selection of Sacred and Secular Numbers.

One of the interesting musical events of late October will be the concert to be presetned by the members of the choir of St. John's Church, in the hall of the Collegiate institute.

It will be held on October 30, and the program will consist of sacred and secular numbers by the whole choir, two part numbers by the choir boys only and also by the boys and lady altos, also duets by choir boys and adults, trios by choir boys only, also by the boys and the adult members, quartets by choir boys and men, and solos by the choir boys, of whose personnel two are gold medallists. A portion of the program will be sung "a capella," (in unaccompanied fashion.)

The net proceeds will be divided equally between the choir fund of the church and The Examiner's Re-

Crooks Hold Up Service Station and Get Away

But Finger Print Convicted One of Them

On a November eveningtwo masked men walked into a Servis Station in Phoenix, Arizona. One covered the proprietor with a revolve while the other rifled the till.

A confederate then drove up in a big sedan and the robbers, rushing out, leaped into the car which sped away. The proprietor, taking a revolver from his desk just had time to rush to the curb and empty it after the fleeing car, puncturing a tire as the car disappeared in the rain. Three miles outside of the town the crooks abandoned the car, boarded a radial and apparently got clean away.

Not quite, however! Keen-eyed detectives found finger prints on the left front door of the car which, when developed, were found to be those of a well-known bad man, convicted of many crimes. His picture was circulated and within two days he was caught, tried and convicted. His finger print was dangerous—for him.

Danger in Your Prints—on Foods

Some prints bring encounters with the police. Your prints will not do this but they do bring you into contact with disease germs. Everything you touch—money, a door-handle, a street car strap—has been touched by many other hands. These hands may have been exposed to disease germs—if they had checked a cough or sneeze they certainly would have been. Such germs would be on the things you touched.

Through your prints the germs are placed on food you eat and so reach your mouth where they multiply to many millions very quickly—then they penetrate your whole system, causing illness. Life Extension Institute lists 27 diseases which may be spread by the hands in this way.

To be Safe—do this

Germs are everywhere! They are hard to kill. You must wash your hands often during the day and always before meals to be sure of removing all germs. Ordinary good soap, of course, will not do. There is only one soap that has been shown by laboratory tests to be certain to kill germs. This is Lifebuoy. It contains a germicide. Lifebuoy will also keep you free from body odour. A bath in the morning or before going out in the evening keeps one safe for many hours.

A Luxurious Soap Too

Yet there is nothing harsh about Lifebuoy. Its rich, gentle lather comes from two fine palm oils, blended to form a beauty soap which is kind to even the most delicate skin. You will find it wonderful for your complexion. There is no perfume to Lifebuoy—just the extra-clean scent of the germicide which soon disappears but tells you that you are safe.

Get a supply of Lifebuoy today from your dealer.

STEAMER RUNS WILD IN ENGLISH HARBOR

Passengers Have Exciting Time When Mooring Rope Breaks

Ramsgate, Eng.—Passengers in the paddle steamer Crested Eagle had a thrilling experience when the vessel, after a rough voyage from London, came into collision with a number of small boats lying in Ramsgate harbor, and ran into the stone wall of the pier.

The harbor was strewn with the wreckage of smashed row boats, and the Crested Eagle suffered considerable damage to her bows.

The mooring rope parted while attempts were being made to land passengers at the pier-head stage.

When the steamer finally crashed into the wall, boatmen made her fast and the passengers were able to land unharmed.

MAPLE SYRUP; SOME HSTORY OF ITS MAKING

Indians Used to Slash Trees With Tomahawk—Use Birch Bark Pails.

QUEBEC HEADS PRODUCERS

Department Estimates 50,000 Growers Tap 8,000,000 Trees.

From the "Agricultural and Industrial Progress in Canada" we glean some interesting figures in relation to this nice sweet business, in connection with our maples.

The making of sugar and syrup from the maple, which is confined to this continent, goes back to the days when America was roamed by the Indian It is from the Indian that the art of extracting sugar from the maple is derived, though the methods used have been greatly improved. The Indian was accustomed to gash the tree with a tomahawk in a slanting direction, and beneath the opening made was inserted a wooden chip or spout, to direct the fluid drop by drop into the receptacle resting on the ground. The sap was caught in a birch bark dish and boiled in earthen kettles. The small quantity of dark, thick syrup thus made was the only sugar available to the Indians, and is stated by early writers to have been highly prized. Until about fifty years ago there was little improvement made in the methods of sugar makers; but since that time the advance has been similar to that in other branches of agriculture, until it has become a more or less highly organized commercial industry.

A report on maple sugar production during the present year is contained in the last issue of the official monthly Dominion Government bulletin on agricultural statistics. According to this report the production of maple sugar in Canada this spring was 5,484,100 pounds valued at $930,000. The production of maple syrup is placed at 1,314,700 gallons with a value of $2,606,900. The total value of both sugar and syrup is given in the report as $3,537,000. This figure was the lowest for some years. The highest point reached in the last six years was in 1929 when the total value of the output was $6,118,656.

8,000,000 Trees Tapped

Quebec is the leading province in the production of both maple sugar and maple syrup. Ontario comes second, and the only other two provinces in which the industry is carried on commercially are New Brunswick and Nova Scotia. In the present year of the production of maple sugar, Quebec supplied 4,726,000 pounds, Ontario 636,000 pounds, Nova Scotia 63,000 pounds and New Brunswick 58,500 pounds. Quebec's primacy is not so marked in the maple syrup branch. Of maple syrup Quebec produced 737,000 gallons, Ontario 572,400 gallons and Nova Scotia and New Brunswick approximately three and two thousand gallons respectively.

It is estimated by officials of the Department of Agriculture that the maple sugar and syrup industry is carried on by about fifty thousand growers. The number of trees tapped annually approximate eight million. The best remaining opportunities are no doubt to be found within the extensive Crown lands of Eastern Canada and in 1929 some eighty permits were issued for the operation of "sugaries" on Crown lands. The Forest Service of the Department of the Interior estimates that the total stand of sugar maples is approximately 60,000,000 trees. The chief export market for Canadian maple products is the United States. In the calendar year 1930, out of 116,705 gallons of syrup exported 114,202 gallons went to the United States while of exports of maple sugar totalling 5,997,436 pounds, all but about 40,000 pounds went to the same market.

Need Early Snow Badly On Prairies

There probably never was a time in the history of agriculture in the Prairies when early snow was so much needed as at the present time. The extent to which snow contributes moisture to the fields depends directly on the time at which it falls, according to W. D. Albright, Superintendent of the Dominion Experimental sub-station at Beaverlodge, Alta. When a thick coat of snow falls on unfrozen ground a great deal of it melts and becomes established as soil moisture. The extent to which soil can be kept unfrozen and permeable depends entirely upon natural developments. If the snow falls early to a good depth it will ensure a considerable supply of moisture in the soil, while if rains or sleet permeate the surface soil and freeze they are likely to form a solid coating which will leave the ground almost as dry in the spring next year as it now is.

SEE THAT BEES ARE WELL FED

Colonies Need Extra Supplies in Fall and Spring for Brood Rearing

SUGAR SYRUP GOOD

(Experimental Farms Note)

The honey harvest of 1931 has been gathered, good or bad the bees have done their best, for it is only nature and the beekeeper that are likely to get the honey crop, and more often than not it is the beekeeper. One of the most important phases of beekeeping in which the beekeeper is apt to ruin his prospects of a honey crop is that of feeding his bees for the winter, and in spite of repeated warnings from Dominion and Provincial Departments, year and through personal experience also, thousands of colonies perish or are seriously weakened every winter through starvation.

Giving the bees food to carry them through the winter is not done in the spirit of fair play of for humanitarian reasons, it is a straight business proposition, to keep living and at the height of efficiency those insects that alone can gather future crops of honey. Heavy brood production is necessary in the colonies during the fall and spring, as brood cannot be produced without food. During the fall the honey may or may not be sufficient nectar available to stimulate the bees to greatest brood production, and should the latter be true then feeding must be resorted to.

So long as brood rearing is in progress and the bees can fly, they may be given low grade honey, provided it is not allowed to accumulate in the hives, but for winter months the food provided must be the best grade of honey or honey or syrup made of white granulated sugar. Enough honey should be saved from the clover flow to provide each colony with at least forty pounds, while it is true that the average colony does not consume this amount the writer has known of colonies that have starved to death at that amount. It is far better to find strong colonies with a surplus of stores in the spring than colonies depleted through starvation.

Instead of giving the bees honey the same amount of white granulated sugar made into syrup, two parts sugar to one part of water is just as satisfactory. The Bee Division of the Central Experimental Farm, Ottawa, has tested many kinds of honey and syrup as winter food for bees, but none has given the same results as clover honey and sugar syrup. For further particulars regarding the feeding of bees, write for Bulletin No. 7, "Wintering Bees in Canada."

NEED 10 ACRES FOR BIG MATCH

Tents Will be Laid Out in Streets With Most City Conveniences.

HORSESHOE PITCHING

Ten acres of land will be required to contain the miniature tented city that will spring up on the site of the International Plowing Match here during the week of October 12.

The scores of large tents will be laid out in streets, and the grounds will be brilliantly illuminated by electric lights. Other features to the services of this "city" will be a daily mail delivery and collection. A Bell Telephone System will be operated on the grounds, with local and long-distance telephones, and private booths. Telegraph wires will carry news despatches of the big events of the match direct to Canadian Press, and the newspapers of the continent.

A hospital in charge of doctors and nurses is another service. Dining rooms, lunch counters and refreshment booths will also have their place in the big job of feeding the thousands who will attend the match. Most modern sanitary conveniences will be installed, and there will be a daily garbage collection.

Manufacturers and sales representatives of all kinds will be on hand to show their wares in actual demonstration. These displays will cover a large portion of the area, and should prove an education to local residents in showing the advance that science has made in agriculture and kindred pursuits.

The DeLaval Company will have a tent housing cattle, and will give a thorough demonstration of milking machines and dairy equipment. the Hydro-Electric Power Commission will also have a large exhibit, in which the latest labor-saving devices for the home will be demonstrated.

Others established on the grounds will be newspaper offices, Dominion Agricultural Farm Display, and Royal Winter Fair Show. A moving picture show will be set up on the grounds.

The great horsehoe pitching tournament should prove a big feature, being open to all exponents of the ancient game. Medals and prizes will be awarded.

Too, the match will assemble here perhaps the finest group of horses ever seen in the county. The keenest plowmen in Canada will be here competing for high honors.

PROPER FINISH FOR MARKETING HOGS IS URGED

Govt. Official Claims Farmers Much to Blame for Present Prices.

LIGHT WEIGHTS SHIPPED

Canadian Prices Adjusted to Conform With Present Economic Conditions.

Farmers have themselves to blame largely for much of the present unsatisfactory prices in the hog market, according to A. A. MacMilain Chief of the Sheep and Swine Division of the Federal Department of Agriculture. Many farmers were apparently stampeded by the falling market into rushing young, unfinished, lightweight hogs to the yards with the result of forcing prices to still lower levels. The common sense practice to follow at present, he urges, is to finish hogs to a proper market weight, around 200 pounds.

In this connection Mr. MacMillan has prepared the following statement:

"The present year has witnessed several unfortunate practices which have affected market values in hogs. At the beginning of the year hogs were being carried up to the maximum for bacon weights, and a considerable volume were too fat or overfinished. As the season advanced and prices moved into lower levels, farmers apparently became somewhat uneasy regarding the hog price outlook, and within two or three months the tendency developed to market at light weights and, more unfortunate still, in many cases, unfinished. In July, the percentage of light and unfinished hogs moved to market was such as to be an active factor in the price decline down to lower levels which exist at the present time."

Revolution in Prices.

"During the past summer, we have witnessed what might be called a revolution in hog price relations at home and abroad. For a long time, prices in Canada were much above world values as represented by the price of bacon in Great Britain. Also, values for bacon and pork in Canada were very much out of line with values for other meats. While the quality of Canadian bacon and pork products was outstanding and a great selling factor in the domestic market, economic conditions resulting from the depression eventually brought about a slowing up in consumption and a lowering of values such as reflected itself in a marked drop in live hog prices.

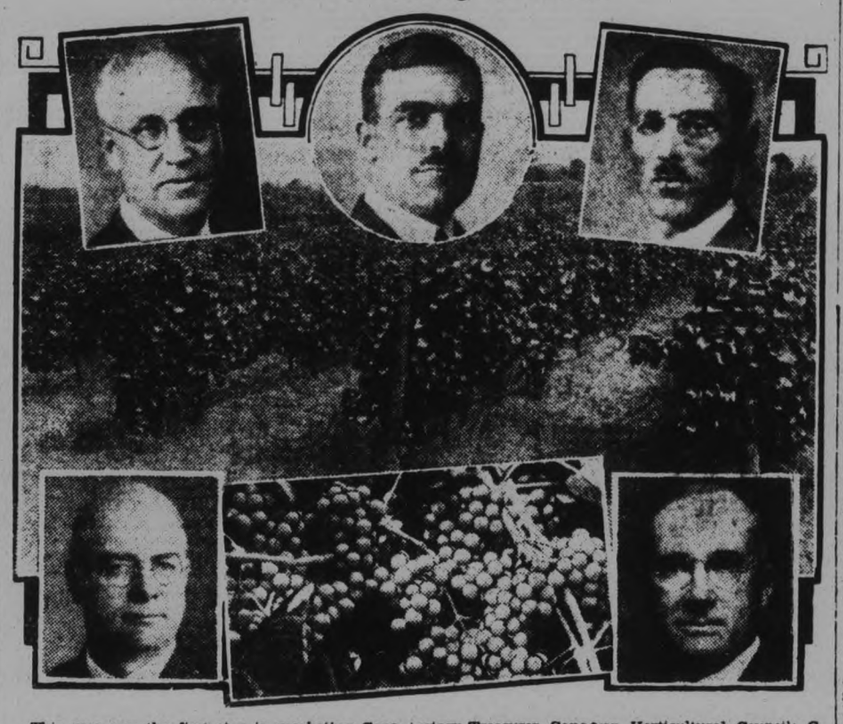
"At the moment is would seem safe to conclude that Canadian hog prices have now been adjusted to conform to present economic conditions throughout the Dominion. There will undoubtedly be fluctuations in prices, upwards and downward, from present levels, brought about by the usual seasonal demand, by excessive or light supplies of hogs, and in part, perhaps, by poor quality of hogs. During the past summer, there may have been some justification for farmers to market over-early in seeking to avoid, if possible, the lower prices. Today there is no justification for such a practice, but absolutely the reverse.

"The common sense practice to follow from now on is to adopt a policy of finishing hogs up to the proper market weight, which is in the vicinity of 200 pounds. Such practice consistently followed by the rank and file of farmers will do more to steady hog markets, regularize marketings and further improve the quality of Canadian hogs, than anything else that might be suggested."

Byng Spends Last Day At Scotland Yard

LONDON, Sept. 29.— (CP) —Viscount Byng of Vimy says "goodbye" to Scotland Yard tomorrow. He is retiring from the chief commissionership of the Metropolitan Police which he took over in 1928, two years after the conclusion of his term as Governor-General of Canada. Lord Byng was at his desk in the "Yard" early today, and spent some time examining reports submitted him from various departments regarding the reforms he had instituted during his term.

Behind The Marketing Movement



This year sees the first step in marketing Canadian grapes under a definite trade mark—Big "O" Brand. Among the men actively taking part in this movement are:—Top row, W. B. Somerset, Chairman Ontario Marketing Board; Major L. F. Burrows, Secretary-Treasurer Canadian Horticultural Council; C. W. Bauer, Secretary Ontario Growers' Markets Council. Bottom row:—H. L. Craise, President Ontario Growers' markets Council; A. W. Smith, prominent grower.

RETAIL.

Fruits.

Oranges, 25-50c doz.; grapefruit, 5 for 25c. 2 for 25c; pineapples 10-20 cents each, $1.50-$2.05 dozen; bananas. 25-40c dozen; lemons, 19-25 cents a dozen; cocoanuts, 5c and 10c each; pears. 50 and 60c doz.; cooking figs. 2 lbs 25c; apricots, 25c lb.; peaches, 6-qt. bkt. 45c; 11-quart basket, 60-85c; canteloupes, twenty-quart basket, 39-45c; cherries, 11-qt. red, 85-99c; 6-qt. black, 1.19; watermelons, 15-25c each; plums, 11-qt. Lombards, 50c; damsons, 50 cents 11-quart basket; pears, 35c doz.; huckleberries, $1.35-$1.50 basket; cooking apples, 20c pk.; eating apples, —c pk.; crabapples, 25c pk.; black currants, 25c qt.; grapes, 15c lb.; 6-qt. basket, 30c.

Vegetables.

Potatoes, 3 pecks for 25c, 90-pound bag for 50c; sweet potatoes, 9 pounds for 25c; carrots, 5c bunch; green onions, 5c bunch; cabbages, 5-10c each; red cabbage, 5c each; Canadian cabbage 5c each; leaf lettuce, 5-10c bunch; spinach, 2 lbs. 15c; cucumbers, 11-qt. bkt. 25c; cauliflower, 15-25c; parsnips, 30c peck; asparagus. 3 bu 25c; sweet potatoes, 2 lbs. 25c; cooking onions, 10 lbs. 19c; Spanish onions, 4 lbs. 25c; head lettuce 10-15c; parsley, 5c bunch; tomatoes, 11-quart baskets, 25 cents; celery, 10-35c; green peppers, 10c; mushrooms, 70c lb.; sage-savory 5c bunch; turnips, 20c peck; radishes, 5c bunch; new beets, 5c bunch; wax beans, two pounds for 25c; green peas, 4 qts. 25c; beans, 3 lbs 25c; squash, 15c each.

Nuts.

Mixed, 25c lb.; shelled walnuts. 35-60c pound; broken, 39 cents a pound; shelled almonds, 45 cents lb.; walnuts, 25c lb.; peanuts. 15-25c lb.; filberts, 25c lb.; almonds. 25c lb.; new Brazil nuts, 25c lb.; shelled, 50c lb.

Creamery butter, 21-25c lb.; dairy butter, 18-21c lb.; lard, 17-20c lb.; eggs 15-21c doz.; new cheese 13-25c lb.; clover honey, 5-lb pail 43c; comb honey (clover), 20-25c; comb honey (amber), 10-15c; sections, 19c each; shortening, 15c lb.

Fish.

Salmon, 28c lb.; finnan haddie. 15-25c lb.; whitefish, 15c lb.; fillet haddie, 19c lb.; fresh and smoked fillets, 15-20c lb.; fresh lake herring, 11c lb.; smoked kippers, 2 pairs 21c; flounders, 12c lb.; codfish, 12c lb.

Meats.

Beef, 10-25c lb.; veal, 15-35c lb.; bacon, 25-45c lb.; chicken, 30-35c lb.; turkey, 35c lb.; lamb, 12-25c lb; pork, 15-25c lb.; sausage, 20c lb.

WHOLESALE

Flour

Bread flour, 24-lb. bag, 67-75c; pastry flour, 24-lb. bag, 47-65c; 98-lb. sack bread flour, $2.39-2.65.

Grain

Fall wheat, 40c bushel; spring wheat, 35c; oats, 20-25c; barley, 35c; peas, 75c; rye, 35c; buckwheat, 50c; alsike, $4.

Hogs

Live hogs, bacon, $4.75 cwt. f.o.b.; select graded, $1 over per cwt.; dressed hogs, head on, $9; head off, $10.

Hay, Bran, etc.

Hay, baled, $12 per ton; straw, $7-$8; bran, $18-$20; shorts $20 ton.

Hides and Wool.

Cow hides, 2-3c a lb.; horsehides. $1.25-$1.50 each; veal skins, 5-6c lb.; lamb skins, 10-15c each.

Wool, fine, coarse, and medium. 7c lb.; rejects, 4c lb.

HIGH-QUALITY EXHIBITS SHOWN ROSENEATH SCHOOL EXHIBITION

Number and Variety of Exhibits Far Beyond Expectations of Society

7 SCHOOLS IN PARADE

ROSENEATH, Sept. 30 (Examiner Correspondence)—The annual school fair held on the Agricultural grounds on Wednesday, September 23 was an outstanding event and showed a year of activity, faith, vision and perseverance, among the children and their teachers.

It was most encouraging to those taking part in the big event to see so many present.

Competition was very keen in the various exhibits, so that the judges had no easy task in making awards in many classes. This year surpassed even the highest expectations of the society. The exhibits in the field root classes contained some fine specimens of turnips, mangolds, beets, carrots, parsnips etc. The potatoes were of an exceptionally high grade while the apples and tomatoes were plentiful and of excellent quality.

The needlework and other domestic science exhibits were numerous and very attractive. Deserving of special mention are the home cooking exhibits. Spectators commented upon the wholesome and appetizing appearance of the various foods.

The judges and officials for the day were. Walter H. Smith, B.S.A.; Walter Reynolds, B.A.; R. J. Armstrong, B. J Philp, Mrs. Vera Gooderich, Mrs W. H. Smith and Miss Tinson.

Col. J. W. O'Dell and A. A. Martin school inspectors acted as instructors during the exercises by pupils.

Seven schools were in the parade and many times it seemed as though the judges were almost puzzled and hesitated before giving the final decision.

The school fair is no longer an experiment; it is an established organization and each year it is growing stronger.

The schools with their teachers were 1 and 25, "Woodvale," Miss Mary Bell; S.S. No. No. 2 junior Roseneath, Miss Helen Barrie; S.S. No. 2 senior. Roseneath, Miss Kathleen Barrie; S.S. 3, North Alnwick. Miss Frances Buck; S.S. No. 9, Cobourg road, Miss Mary Torpey; S.S. No. 17 Bowmanton, Mr. Harlan Slade; S.S No. 21 Burnley, Miss Ireland; S.S 22 Miss Elva Bowen. Burnley did not take part in any of the exercises and only a few exhibits.

Walter Smith, B.S.A. took charge of the livestock naming contest, judging animals from pictures and this proved very interesting. A class with four boys and two girls entered, namely Ben Gibson and Pat Fitzpatrick S.S. 9 Percy; Cecil Robins and John Nixon, S.S. 2, Alnwick and Berenice Murphy and Ruby Warner, S.S. 22, Haldimand. The girl scored the most points and awarded first prize.

The darning and buttonhole making competition, under the supervision of Miss Tinson was very interesting. The fifteen girls worked carefully and diligently in this open contest which resulted as follows, for darning Veronica Kelleher and Cathaline Kelleher S.S. 9; buttonhole, Ruby Blodgett, Azetta Blodgett, S.S. 2; Vera Sherwin 1 and 25; Berenice Murphy, S.S. 22; Frances Simpson S.S. 21.

The manual training exhibits done by the boys showed skill and cleverness but when it comes to flowers, the children surely benefit. The love of the beautiful in nature is inculcated largely through the eye of youth, and not through the exhortations of older folk, and what more beautiful sight is there than the massed blooms which were on display and filled a portion of the tables in the large hall last Wednesday.

In the group competition seven schools took part; it was hard to cypher out which group was best. Roseneath junior room looked very pretty in its colors of green and white, while the senior room was in yellow and black. Cobourg road in red, white and blue; North school in green and gold; Bowmanton and Woodvale in red and white; No. 22 Haldimand wore red peaked caps and ties. Each school carried its beautiful "made-at-home" banner, and marched to the centre field where singing and physical training demonstrations were given. S.S. 22 received first in the Strathcona exercises, S.S. No. 17 was awarded second, and S.S. No. 3 third.

The school chorus was decided upon in favor of S.S. No. 22 in first place, S.S. 1 and 25 second; S.S. 9 third.

The special prizes donated by The T. Eaton Co. Ltd., were awarded to number of points at the fair. The silver trophy went to Ruby Blodgett. "Seigneur D'Huberville" and "Wacousta" two books and the second prize, was won by Azetta Blodgett S.S. 2 Sr., and third prize consisted of two books "The Silver Maple" and "The End of the Rainbow" was awarded to Elva Curtis S.S. 17.

LATE RAINFALLS HELPED ROOTS

Corn Crop of Ontario Exceptionally Heavy—Apples Above Average.

THRESHING IN WEST

Outside the Prairie Provinces the harvesting of satisfactory cereal crops is approaching completion and heavy crops of later staples are expected. In the Prairie Provinces grain cutting has been completed, with the exception of 10 per cent. of the wheat and 25 per cent of the coarse grains in Northern Alberta, where frost has caused slight damage to standing crops. Threshing has been completed in the southern areas of the three Provinces, with the exception of Southern Alberta, where 25 per cent of the grain remains to be threshed. A large percentage of the crop in the Northern areas of Alberta and Saskatchewan is unthreshed. Heavy rains are delaying operations and will cause damage to the unthreshed crops. In Quebec harvesting has been completed of good average cereal crops, and good crops are promised of roots, corn and tobacco. In Ontario there are heavy crops of corn, tomatoes, grapes, apples and tobacco. In the Maritime Provinces average crops are anticipated. In British Columbia heavy rains have delayed threshing and in some districts have seriously damaged grain, a large proportion of which can be used only for feed.

Province of Ontario.

Heavy rains throughout the Province have materially helped root crops and have improved conditions for ploughing and fall wheat seeding. Cutting of an exceptionally heavy corn crop is under way. Tomatoes are plentiful and above canners' requirements. The harvesting of a very heavy grape crop is progressing satisfactorily. Late apples are sizing and colouring well, and promise better than an average crop. Over 75 per cent. of a heavy tobacco crop is safely housed, with the leaf heavy and of good quality.

Growing, Selection, Preparation Of Grain, Seed For Exhibition.

By HERMAN TRELLE
(Copyright 1931)

HOW TO SHRINK AND HARDEN A SHOW SAMPLE

When the exhibition seed is completely threshed and separated into one mass, bulk sample and when we begin the further processing of the select seed, we shall have rounded the corner, passed the middle mark and are away for a good start down the home stretch to a completed World Show exhibit.

For best results and conservation of time and labor, this last, man controlled stage should be systematically divided and executed into four progressive steps, in the following order: first, the further shrinking, hardening, moisture reducing and unifying step; second, reducing the volume of the sample by uniforming the size and shape of the seeds by the use of screens and other simple methods and appliances; third, selecting the best time when the sample is ready for hand-picking; and fourth, the final "setting" and finishing of a beautiful sample.

By this systematic procession which adapts itself harmoniously to nature, the writer has done away with most of the drudgery of useless hand-picking, etc., etc. In a few words this system resolves itself into reducing the exhibition sample from a carefully constructed larger volume of quality seed, and NOT the illusive idea that it is posible to hand-pick, for example, the 900,000 individual kernels to be found in a fifty pound World Show sample of wheat from an unknown mixture. This foolhardy stunt just can't be done! A little simple arithmetic (at the rate of 20 kernels to the minute) coupled with ordinary rules of health and human error should dispel the illusive idea of attempting such a practice, not to mention the reaction of nature's elements on the seeds as they are being so slowly and openly handled and dangerously exposed.

Tendency to Shrink.

It is the natural tendency of all seeds to shrink when once they become dead ripe, and the more nearly perfect a seed it, when it is dead ripe, the less the outline shape or contour will change, as the natural process of shrinking (mostly a reduction in size due to loss of moisture) and hardening takes place. For example: when a beautiful sample of wheat continues to show a smooth, plump outline as it hardens, one can be assured that the same symmetry will be retained in the kernel as it gradually dispels its excessive moisture, reduces in size and becomes very hard; but, on the other hand, if a wrinkle, or a dent, or an open or twisted crease develops early, and before the kernel shows hardness, one can be assured of a more and more distorted shape developing as the wheat kernel becomes harder and harder. Rye seed or the barley hull, however, shows a wrinkle from the very beginning of ripeness, but the finer and more silky the wrinkle appears the plumper and more attractive will be the development of the seed. Oats continue to show a broad, straight, smooth and well opened vest or bosom held snugly against the inside seed by a tight fitting shiny hull of fine texture. It has every promise of turning out to be an attractive sample. A top sample of peas (other than canners) should have a bright skin capable of taking on a high polish without showing a trace of wrinkle or blotch. Therefore, should a raising or loosening of the skin be apparent, one may safely conclude that perfect maturity was interrupted by nature or by man. These few examples will stress the paramount importance of hardness, coupled with maturity. In more detail further indications of quality and attractive appearance will be discussed by the writer in a later article.

This shrinking and consequent hardening will continue providing the sample is kept in a favorable, cool to warm temperature and dry atmosphere until a natural balance (point of equilibrium) is reached between the seed and the surrounding atmosphere. And, right here, it is important to know that the natural air in Western Canada's grain growing areas is always dry and agreeable to the processing of grain as long as the weather is clear, but, with a drop in temperature below what feels cool, or a damp moisture condition, one must resort to artificial protection, for exhibition seed, to compensate this harmful change. This can always be found in one building or another on any farm. Therefore, at this time, it is at once apparent that the prize bulk seed must be placed in contact with healthful air in order to attain the best natural balance which will not mar the seed's attractiveness or germinating properties (vitality) immediately after it has been separated from the mother plant.

Man Is Artificial.

If mother nature had her choice however, she would not process the seeds any further, but hold her seed fair right now at this time, in the natural open air, when the seeds are in their natural state and not interfered with by man. But man is artificial and decides to show nature's products in artistically, unnaturally reduced masses, assembled togethed for comparative judgment, in an unnatural "hot house" show room. So, in order to meet this artificial condition in the healthiest and best possible way, man must resort to further artificial means, in order to further reduce the moisture content, and further shrink and harden the prize bulk seed to a point of equilibrium that will harmoniously adapt itself to this unnatural show room condition.

After years of experimenting, and testing, and making mistakes, the writer has found that there is no dry atmospheric condition to be found economically better adapted than that of the normal, healthful home, or any building in which the temperature can be controlled around 70 degrees F. in which to complete the processing of show samples, and in which to "fix" them so that they will stand up to the best advantage under these artificial show room demands. Remember, World's Show samples will be exposed under observation and out of the exhibitor's control for 8 months before the final awards are made, and Regina's normal atmospheric condition can safely be considered dry, and really warm during this period.

Proceed as follows, and considering the information in the previous articles, the following methods can safely be applied to every seed listed in the World's Show prize list. Take the bulk, wind separated seed and divde it into clean, strong, common grain sacks. Securely tie each sack after filling them about half full of the larger, coarser seeded varieties (wheat, barley and peas) and no more than half the quantity of the smaller seeded varieties (timothy, clover and alfalfa). Stand all the sacks side by side in the coolest place in the house. A good, dry cellar is o.k. Do not pile the sacks one upon the other.

Spread a cover over the whole assembly so that there will not be a too rapid rise in temperature. Next day move the sacks into a normal temperature where you intend to work on them. Reverse the sacks by turning them upside down, and again cover them for a day. After this the cover may be left off, but at least twice a day, and at regular intervals shake the sacks and reverse them. As this regular reversing process continues the seed is slowly, safely, surely and gradually shrinking and hardening more and more, while the moisture content is becoming less and less, and approaching nearer and nearer to that of the dry surrounding at mosphere—a comparative condition to that of Regina's massive World's Grain Show room.

Break Must Be Made

There is absolutely no danger of damaging the exhibition sample if this somewhat monotonous, rythmic, reversing process were to go on indefinitely, but a break must be made to reduce the volume of the sample and begin building up the finished show product. So, in about a week the kernel will have safely reached a hardness when one can plan reducing the volume to at least half, but no less than twice the volume of the final sample, by a quick screening process that will scalp the larger kernels off the top and most of the smaller and thinner kernels from the bottom of the mass sample. The usual wire and zinc screen found on the average farm may be used for this rough, first screening.

In a later article the writer will give more detailed and exacting sizes and methods to use for the various important kinds of show seeds.

This 'airing" of the sample has a tendency to help quicken the hardening of the kernels, after which no time should be lost in getting the reduced volume of seed back into sacks where the reversing process can AGAIN be safely resorted to, at least twice a day in order to further harden the skin and shrink the kernel.

Caution Judging from observation at any major seed show, most exhibitors are inclined to be over anxious. The processing and manipulating of beautiful seeds before the skin is in a condition to stand it has irreparably damaged what would otherwise have been a winning sample. Do not be too impatient in waiting until the seeds have reached a hard, 'set" and uniform state when they may be safely manipulateid in a more exacting and finished way.

This will be described in more detail in the next article.

FAMILY RE-UNION HELD IN OTONABEE

Descendants of Late William Chamberlain Gather at Old Chamberlain Farm

The annual gathering of the descendants of the late William Chamberlain was held recently on the old Chamberlain farm in Otonabee, the former being one of the pioneer settlers of that township.

All the living sons and daughters were present, being Mrs. Annie Fife and Evans Chamberlain, of Peterborough; Mrs. Margaret Reynolds and Mrs. Mary Kelly of Otonabee and Thomas Chamberlain, on the homestead. Mrs. Elizabeth Winch, of Peterborough, was also present.

Early in the forenoon the guests began to arrive and tables were arranged on the lawn where dinner and supper was served to about one hundred and twenty guests. During the afternoon the older members enjoyed social intercourse while the younger folks enjoyed a game of ball and other amusements; a program of sports for the children being enjoyed.

At the conclusion a hearty vote of thanks was tendered Mr. Chamberlain and his family for their hospitality, the former replying in a few well chosen words, and assuring the friends present that it gave him much pleasure to have so many of his friends and relatives present and hoped they would all be present next year.

Featuring Hall's 3 Big Days

Values that will be good News for Thrifty Women, Oct. 1-2-3

Presenting the Newest

'CHONGA'

Richly Fur Trimmed

COATS

$19.95

JUST ARRIVED AND NEVER HAVE STYLES BEEN MORE ATTRACTIVE—THE LAST WORD IN STYLE, VALUE AND QUALITY—SEE THESE

Styles and materials of the higher priced garments in these new "Chonga" weaves. Colourings of black, brown, green, Malaga, etc. Liberally trimmed with heavy fur—French seal Jeanette, Vicuna Fox, Arabian Lynx and Hare. Styles particularly suited for older misses and matrons. Sizes 16 to 44. Be among the first to see these Coats at our Store during THREE BIG DAYS. You will recognize these as very superior garments, in a much higher class than indicated by our Sale price.

Women's Flannelette Gowns

Made of extra good weight white flannelette, in pullover, short sleeve and V neck styles. The high neck styles with long sleeves. Trimmed with contrasting colours and fine tucking. Women's regular and extra large sizes. A usual $1.00 value. DURING THREE BIG DAYS, each **79c**

Women's Double Woven Fabric Gloves

Simplex Double-woven Fabric Gloves in the correct Fall and Winter weight. A wonderful variety—pull-ons, fancy cuffs, saddle-stitched and two-dome styles. Colours of mode, beaver, toast, grey and sand. Sizes 6 to 8. Regular 98c quality. DURING THREE BIG DAYS, pair **59c**

Linen Crash Cloths

Real Linen Crash Lunch Cloths, 52 x 67 inches, with multi-colored wide stripe borders. Colours of green and gold, with lighter tints in mauve and pink. Hemmed ends. Usual $1.35 value. DURING THREE BIG DAYS, each ... **98c**

White Bath Towels, pair

Thoroughly napped, very absorbent Pure White Towels with hemmed ends, with coloured striped borders of pink, blue, gold, mauve or green. Would be exceptionally good value at $1.00 per pair. Secure a supply. DURING THREE BIG DAYS **69c**

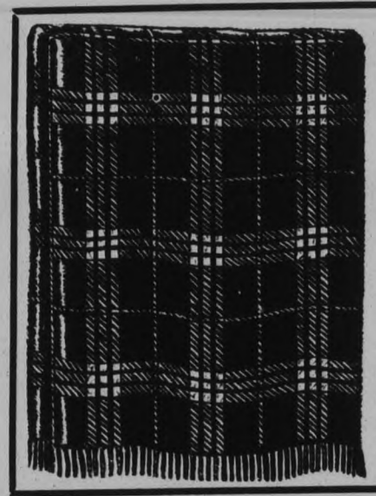
Walker's Big Beauty Soap

A cake of high quality Bath Soap, containing full four ounces. A highly satisfactory Soap for you to use. Regular 10c cake. Always DURING THREE BIG DAYS, cake..... **5c**

Face Cloths

SUBSTANDARDS

Heavily napped, 12 x 12-inch Face Cloths. A large variety of jacquard patterns and combination colourings, coloured stitched edges DURING THREE BIG DAYS.... **4 for 25c**



Comfortable, Well Napped

Real Wool Travel Rugs

$2.89 ea.

A Pure Wool Rug with heavily fringed ends. Measures 58 x 72 inches, weighing about 3¼ pounds. Suitable for auto, bed cover, etc. In several attractive plaid designs in predominating colors of blue, fawn, green, grey and black with coloured mixtures. Come early and take advantage of this rare opportunity to save on a durable, warm and inexpensive Rug. DURING THREE BIG DAYS..... **$2.89**

Rare Value in Cushion Tops

Metal Embossed Velvet Cushion Tops, size about 18 x 18 inches. Five choice patterns in green, rose, gold, blue and brown. Floral and scroll design. DURING THREE BIG DAYS, each..... **49c**

Cocoa Door Mats--Special

A well made Mat, size about 13 x 22 inches, bound on edges. A quality usually sold at about 60c. Come early for these. DURING THREE BIG DAYS, each..... **39c**

MEN'S ALL WOOL WORK SOCKS

Wide ribbed Work Socks in a serviceable weight for Fall and Winter. Grey and random knit mixtures; white top, heel and toe. Usually 35c. DURING THREE BIG DAYS, per pair..... **26c**

Or 4 Pairs $1.00

Sturdy Police Braces

Reliable, heavy service Police Braces, made of wide fancy striped webbing, with cushion back, solid leather fittings throughout, with brass slides. An extraordinary special value. DURING THREE BIG DAYS, pair..... **33c**

Cosy Fleeced Sleepers For Kiddies

Fine knit, plain colored (pink, blue or white) cloth with soft fleeced lining. Buttoned at back, made with drop seat, all seams outsewn. Sizes for children from 1 to 6 years. Would be good value at 95c DURING THREE BIG DAYS, pair.. **69c**

EXCELLENT YARNS OF RELIABLE QUALITY VERY LOW PRICED

INTRODUCING DIADEM SPORTS WOOL

Remember this name for future purchases. A satisfactory Knitting Wool for all kinds of sports wear, sweaters, babies' wear, scarves, etc. One-ounce full weight. 16 of the season's wanted colours, including black and white. DURING THREE BIG DAYS, per ball..... **9c**

OR 3 BALLS FOR 25c

SCOTCH 4-PLY FINGERING YARN, LOW PRICED

A bright finished Scotch 4-Ply Fingering Yarn. Full weight, soft, long staple Yarn, suitable for all general purposes. Put up in ¼-pound skeins, in colours of black, white, grey, buff brown, heather, cardinal and brown. Note the quality of this Yarn and ur price. An unusual opportunity—take advantage of it. DURING THREE BIG DAYS, per lb..... **98c**

ALL PURPOSE WHEELING YARN FOR SOCKS, MITTS, ETC.

A splendid all-purpose Yarn in both 2 and 3-ply. Made from long, strong staple wool, in colors of black, white, light grey, mid grey, grey and white mixture, scarlet, buff and heather. Particularly good for socks and mitts. Come early for this. DURING THREE BIG DAYS, per lb..... **75c**

RICHARD HALL LIMITED

NORHAM.

Miss Maud Isaac of Toronto is visiting her brother, Mr. B. Isaac.

Mr. Percy Windover visited Mr. and Mrs. Charles Dunn of Seymour on Sunday.

Mr. and Mrs. Marshall Wilson were the guests of Mr. and Mrs. Robert Wilson of Campbellford on Sunday.

Mr. and Mrs. Vernon Marks and Miss Crealock visited Mr. William Crealock on Sunday.

Rev. and Mrs. Clare attended the funeral of the late Mrs. (Rev.) Sterling of Colborne on Saturday.

Mr. and Mrs. Bruce Gummer and family visited Mr. and Mrs. Marshall Wilson on Saturday.

Mr. and Mrs. Oscar Campbell and family spent Sunday with his mother, Mrs. Ella Campbell.

Mr. and Mrs. S. Quackenbush and son, and Mr. and Mrs. Ernest Quackenbush, of Havelock, were the guests of Mr. and Mrs. Fred Weatherup on Sunday.

Mr Fred Weatherup was called home from Peterborough on Saturday, on account of the death of his little son.

Miss Jean Clysdale of Hastings visited her cousin, Miss Edna Evans, over the week-end.

Mr. and Mrs. Harry Wilson and Fern, and Mr. and Mrs. D. Turvey and children, were at Campbellford on Saturday.

Mr. and Mrs. Sam Gummer of Stirling spent Saturday in the village when he had a sale of his household effects. While the rain in the afternoon affected the attendance, the sale was very successful.

Wesley Clare and Everett Newman were in Marmora on Saturday, when the softball team of Warkworth High School played the Marmora High School team. On account of the rain the game was not completed.

The rally service of the Norham Sunday school was held on Sunday morning, September 27.

The church was beautifully decorated with flowers and fruit. A large choir composed of members of the Sunday school led the singing.

The program was the one prepared for the day by the Religious Educational Council, "The Stories of Jesus," which were given by Howard Evans, Margaret Nelson, Edith Brenton and Mrs. David Evans.

Mr. Gordon Mitchell, the superintendant, had charge of the service.

BORN — To Mr. and Mrs. Gordon Carr of Norham, on Tuesday, September 22, a daughter.

The death occurred on Saturday, September 26, of Charles, the son of Mr. and Mrs. Fred Weatherup, at the age of 5 months.

IMPORT DUTY SET.

OTTAWA, Ont., September 29.—(C.P.). — The duty on importations of goods from Great Britain will be based on the value of the goods in British currency at the rate of exchange prevailing on the date of shipmen. This was the statemnt t-day of officials of the Department of National Revenue.

Cupid is neglecting the widows in England, according to government figures, which show that in 1920 one of every eight brides was a widow, while today the proportion is one of every 13.

DISTRICT NOTES

From Villages and Towns in District

BY CORRESPONDENTS OF THE EXAMINER

CENTRETON

Among those from Centreton who visited Cobourg on Saturday were, Mr. and Mrs. J. A. McAuley, Miss M. Bethel, Mr. and Mrs. John Gillespie, Mr. and Mrs. Hugh Gillespie, of Parry Sound, Mrs. F. Etchor, Mrs. John Merriam and Mr. A. Hope.

Mr. R. Honeywell is spending a few days with friends in Guelph.

Mr. and Mrs. A. Coffey and family were guests of Mr. and Mrs. Nichols, of Castleton on Saturday.

Miss Maggie Newton, of Cobourg, is spending her holidays with her parents, Mr. and Mrs. George Newton.

Mrs. F. Chapple is spending a few days with relatives at Frankford.

Rev. M. F. Hawley preached the afternoon service at Mount Carmel on Sunday.

Rally Day service was held in Centreton United Church on Sunday, when the altar was beautifully decorated with white, mauve and pink asters. Readings, "Jesus' Love for the Out of Doors," "The Courage of Jesus," "How Jesus Came to the City" and "The Betrayal, Crucifixion and Resurrection of Jesus" were given by Misses Edith Webb, Marion Nichol, Mary Bethel and Mrs. James McKenzie, respectively.

Miss Edith Webb, of Grafton, and Master Joe Webb, called on their sister, Mrs. H. McAuley on Sunday.

The thanksgiving harvest home service was held in St. John's Church on Sunday, when the church was tastefully decorated with leaves, flowers and vegetables and fruit. Rev. Mr. Jackson, M.A. of St. Peter's Church, Cobourg, had charge of the service. Members of St. Peter's Church choir and the organist assisted with the singing. Mrs. Ravendale, of Cobourg, contributed a solo.

Miss M. Bethel, of Kingston returned home on Sunday after spending the week-end with Mr. and Mrs. S. Coffey

Mr. and Mrs. Johnson McKenzie and family spent Sunday with Mr. and Mrs. James Honeywell of Castleton.

Miss Laura Baxter spent Sunday with her aunt, Mrs. F. Etchor.

Stirling

Mr. and Mrs. Murray McGee also of S Oliver of Toronto were week-end guests here.

Mrs. Flo Blakely, of Toronto is visiting Mrs. S. Rosebush.

A very successful barn dance was held at the Rose Bush pavilion on Wednesday evening. The place was appropriately decorated with corn stalks, wisps of straw, pumpkins and lanterns. New numbers were heralded by the tinkle of the old-time cow bell.

Mr. Allen Meiklejohn spent the week-end in Campbellford the guest of Alex Little.

K. Harkness and Betty Burch spent the week-end in Kingston.

Miss Aggie Anderson and Mrs. and Mr. A. Hay, of Campbellford were Stirling visitors on Wednesday.

Mr. Alex Little and Allen Meiklejohn spent Friday at Crowe Lake.

Mr. Stanley Wilmer, who has been assisting in the Superior Store, has returned to Belleville.

Messrs. Clinton McGee and Donald Ross motored to Kingston to register at Queen's University on Wednesday.

Mr. and Mrs. R. W. Meiklejohn and Allen also Emma and Charley Allen spent Sunday visiting Mr. and Mrs. Norman Rosebush, River Valley.

A number of tourists from Buffalo are camping at Rosebush's, River Valley.

Mr. and Mrs. Joe Whitehead and Glen spent Sunday visiting Mr. and Andrew Hay, Campbellford.

Mrs. B. Belshaw and Miss Harkness spent Wednesday in Kingston.

A delightful time was spent at Mr. J. D. McGees recently, the occasion being a shower held on the eve of Miss Myrtle McGee's marriage. Rev. A. N. Reid, M.A., was the chairman of the evening. Many useful and beautiful gifts were in evidence. Lunch was served at the close.

Mr. T. Ward spent the week-end in Toronto.

Norwood

Mr. Howard Lobb, Miss Bessie Moon and Mrs. L. Tufnail of Detroit attended the funeral of the late Wm. Lobb on Sunday.

Mr. Wm. F. Jones of Ottawa is visiting his uncle and aunt, Mr. and Henry Squire, King street.

Mrs. S. McGee is visiting her sons George in Detroit and Dr. A. R. McGee of Green Bay, Wisc.

D. Annis, G. Pike, F. Wildman and G. Campbell of Toronto have been holidaying at "River View" cottage, Stewart's Landing, Trent River.

Mr. Wm. Puffer of Toronto was a visitor in town this week.

Mr. and Mrs. Joseph Dicken, Mr. and Mrs. J Rogers and daughters were visitors to Stirling recently.

Miss E. Henderson, Reg.N., of Philadelphia, Pa. is a visitor at the home of Mr and Mrs. W. A. Richardson.

Mr. and Mrs. A. J. Martin of Thornburg visited at the home of Mr. and Mrs. R. Dean recently.

Miss Annie Edwards was in Peterborough on Thursday.

Mr. and Mrs. G. H. Walker of Toronto visited recently at the home of Mr. and Mrs. Edward Slater.

Mrs. J. E. Roxburgh has returned from Starkweather, North Dakota where she attended the funeral of her brother, Mr. Fletcher Meharry.

Miss Lottie Slater of Colborne spent the week-end at her home here.

The Field Farm Milling Company's property at Norwood has been sold by the official trustee Mr. W. R. Morris and Dr. F. R. Latta of Roseneath was successful tender. Mr A. L. [illegible] will act as manager.

Mr. Arthur Wigmore of Swift Current, Sask. formerly of Norwood visited friends here en route to Montreal on a busi[illegible] trip.

Word was received in town by Miss C. Calder of the sudden death of her brother, Mr. [illegible] A. Calder at Torrington, Conn. Miss Calder left immediately for [illegible]rington and with her uncle, Mr. [illegible] Calder of Watertown, N.Y., att[illegible] the funeral. Deceased was [illegible] elder son of the late James Calder and was born and educated in Norwood.

Bonarlaw

Rev. A. Smith, of Roslin, was the preacher at St. [illegible]'s Church on Sunday evening last Rural Dean Levason took the ser[illegible] at Roslin on this date.

Mr. and Mrs. J. R[illegible]rown spent the week-end at Ard[illegible] with their daughter, Mrs. G. K[illegible]eld.

Mrs. J. F. Baker and sons, Cecil, Chester and Kennard spent the week-end in Toronto. They were accompanied by Mr. Gald Bristol.

Mr. B. A. Quinn, Belleville, who is now relieving Mr. John Brown of the C.P.R., ent Sunday last at his home.

Mr. George Quackenbush, who came to Benarlaw so[illegible] days ago to attend his mother funeral, is extending his stay fo[illegible]some days. Mr. Quackenbush resi[illegible]s at Waubamick, near Parry Sn[illegible], where he has resided since 1[illegible].

The Rawdon Rifle Association team, composed of [illegible]d. Mack, Walter Foley, Robert [illegible]aylor, Jas. Gordenier, John Wellm[illegible] and W. A. Bateman, who shot recently in competition with the Lakefield team, won out by 21 [illegible]nts. This was the second shoot of the series and was held at Lakefield. The Lakefield team did excent shooting, but the visitors gained the lead on the first range and held it throughout the shoot. As this is the second victory for the Rawdon team, the cup goes to them. It is hoped that next year another competition will be arranged. The personnel of the Rawdon tm is decided by the aggregate made on the Bonarlaw ranges during the summer.

Bridgenorth

Mrs. J. C. McConkey visiting her sister, Mrs. R. Nichol, at her summer cottage.

Mrs. Marcus Fowler and daughter, Jean, Mrs. Wallace Nicolls and baby, of Bridgenorth, and Mrs. W. McConke[illegible], of Peterborough, spent a few days with their [illegible]ster and mother, Mrs. Stevens at Mrs. Black, of Lindsay.

Mr. and Mrs. Earl Mar[illegible] of Detroit, spent a few days [illegible]t their home [illegible] Smith.

The Ladies' Aid of Fairview United Church are having lantern slides in their church on Friday night under the direction of Mr. John.

Mrs. [illegible]. Stevens, of Lindsay, and her mother, Mrs. Black, are recent guests at the home of Mrs. Marcus Fowler, of Smith.

Fenella

Congratulations are in order to Mr. Anthony Sherwin, a pioneer of Haldimand Township, who on Saturday, September 26, passed the eighty-sixth milestone of his birth. Considering his advanced years, Mr. Sherwin enjoys a good measure of health. Although for some time Mr. and Mrs. Sherwin have not been engaged in active farming, they still enjoy driving out behind their favorite pony, and their many friends will hope to see them spared to enjoy many more years together.

Mr. and Mrs. Albert Macklin, of Sarnia, were week-end guests of their cousins, Mr. and Mrs. W. A. Macklin. Mr. Macklin was born in this community and when quite young moved with his parents to Western Ontario.

Mrs. John Twigg, of Toronto, was called here during the past week owing to the death of her friend, the late Mrs. W. J. Jibb.

Mr. and Mrs. B. Billings, of Ottawa, called on old friends in this community during the past week.

Mrs. John Mason, Peterborough, attended the funeral on Saturday of the late Mrs. W. J. Jibb.

Mr. and Mrs. Archie Smith and family, Vernonville, were Sunday guests of Mr. and Mrs. Roy Smith.

Many from this community attended anniversary services at Centenary on Sunday.

Messrs. Thomas Davidson, Camborne; John Davidson, Cobourg, and Whitney Davidson, Bethesda South, attended the funeral on Saturday of their cousin, the late Mrs. W. J. Jibb.

Mrs. M. Richardson, Cobourg, is visiting E. P. Macklin.

Mr. and Mrs. Samuel Ash, Toronto, attended the funeral on Saturday of the late Mrs. W. J. Jibb.

Mr. and Mrs. Cleverton and family, Port Hope, were Sunday guests of the latter's mother, Mrs. Annie Smith.

Mr. and Mrs. Frank Shearer and children, Harwood, were Sunday guests of Mrs. Shearer's sister, Mrs Hugh Sherwin, and Mr. Sherwin.

CHURCH MEMBERS HONOR MINISTER

Rev. J. and Mrs. Lennox Are Presented Tea Wagon on Departure from Havelock

HAVELOCK, Sept. 29 (Examiner Correspondence)—The members and adherents of Knox Presbyterian Church, assembled in the school room of the church on Friday night of last week, to spend a social evening with their minister and his wife, Rev. Dr. J. and Mrs. Lennox, and to wish them Godspeed prior to their departure for Huntsville, where Dr. Lennox has been called as minister of St. Andrew's Presbyterian Church.

The program was opened by singing, "Come let us sing of a wonderful love" and prayer by Dr. Lennox. A vocal solo was then sung by Miss M. Sexsmith, followed by community singing. Dr. Lennox next favored the gathering with a vocal solo by request. This solo was followed by community singing and a solo by Miss Vaughan Rorke.

At this time in the evening's proceedings Dr. and Mrs. Lennox were called to the platform and presented with a beautiful walnut tea wagon as a token of esteem and appreciation of the services which they have rendered to Knox Church during the time they have resided in Havelock. Rev. Hugh Brown, a former minister of the church read an appropriate address.

Dr. and Mrs. Lennox made fitting replies thanking the congregation for the gift and the kind words which accompanied it, and also expressing regret at leaving the many friends they had in the community.

"For they are jolly fellows" was then sung, followed by addresses from Rev. Hugh Brown and Mr. F. J. Squires, expressing personal loss they felt and also the loss to the church in the departure of Dr. and Mrs. Lennox to another sphere of work in the Master's vineyard.

Mrs. C. Jamieson followed with a solo and another solo was sung by Dr. Lennox, by special request. "Auld Lang Syne" was then sung, after which the ladies of the congregation served refreshments. A pleasing feature of the occasion was the presence of Mr. and Mrs. H. F. McNichol of Milton former members of the church, Mr. McNichol acting as chairman for the evening.

Obituary

MRS. W. J. JIBB.

(Examiner Correspondence.)

FENELLA, September 30.—The funeral service of the late Sarah Davidson, wife of W. J. Jibb, Fenella, was held on Saturday afternoon, September 26, from the family residence.

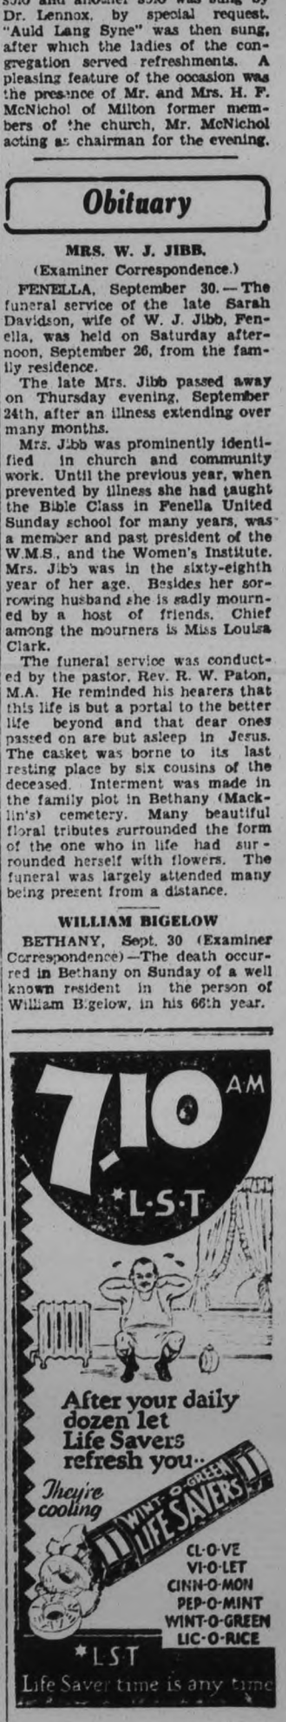
The late Mrs. Jibb passed away on Thursday evening, September 24th, after an illness extending over many months.

Mrs. Jibb was prominently identified in church and community work. Until the previous year, when prevented by illness she had taught the Bible Class in Fenella United Sunday school for many years, was a member and past president of the W.M.S., and the Women's Institute. Mrs. Jibb was in the sixty-eighth year of her age. Besides her sorrowing husband she is sadly mourned by a host of friends. Chief among the mourners is Miss Louisa Clark.

The funeral service was conducted by the pastor, Rev. R. W. Paton, M.A. He reminded his hearers that this life is but a portal to the better life beyond and that dear ones passed on are but asleep in Jesus. The casket was borne to its last resting place by six cousins of the deceased. Interment was made in the family plot in Bethany (Macklin's) cemetery. Many beautiful floral tributes surrounded the form of the one who in life had surrounded herself with flowers. The funeral was largely attended many being present from a distance.

WILLIAM BIGELOW

BETHANY, Sept. 30 (Examiner Correspondence)—The death occurred in Bethany on Sunday of a well known resident in the person of William Bigelow, in his 66th year.



You will find many things in the Classified Ads. of The Examiner.

RALLY DAY HELD IN ZION CHURCH

Special Message Delivered to Congregation by Rev. Mr. MacTavish

PETHERICK'S CORNERS, Sept. 30 (Examiner Correspondence) — Rally day was fittingly observed during the regular church service hour at Zion on Sunday afternoon. The theme "Stories of Jesus" was closely followed.

Those taking part in the stories and scripture were Pearl Kerr, Donald Barnum, David Walker, Myrtle Miller, Ernest Irwin. A duet by Misses Cora and Gladys Petherick was much enjoyed. Special music was rendered by the junior choir, one hymn by the juniors and another by five junior girls Isobel Irwin, Doris Barnum, Laura Miller, Helen Barnum and Irene Miller. A special rally message was given by Rev. Mr. MacTavish. The whole program was under the leadership of the Sabbath school superintendent, Fred Barnum, and great credit is due to his energetic efforts.

Service Withdrawn

Service at Zion is withdrawn next Sunday on account of Hoard's anniversary. On Thanksgiving Sunday Oct. 11, the local anniversary services are to be held with Rev. Fred Lane of Canton as the special minister.

The anniversary entertainment to be held on the Tuesday following promises to be a splendid one.

League Meets

Nearly fifty attended league on Thursday evening with Mrs. Lorne Barnum in charge and the Hustlers having a good lead in attendance. After a short business and devotional session with a reading by Mrs. Barnum, Mr. MacTavish gave a wonderful travel talk on his trip to Siberia. This is the first time that Mr. MacTavish has ever spoken in public of any of his experiences during the World War and the league members certainly appreciated his description of the ocean trip and the interesting features of Vladivostok, the Siberian port where he spent a good deal of time.

Snapshots which he had with him showed vividly many of the things he told about and everyone present secured a knowledge of a far away land which few if any will ever visit.

On account of Campbellford fair the next league meeting will be held on Tuesday evening.

Rural School Fair Held At Centreton

CENTRETON, Sept. 30 (Examiner Correspondence) — The Rural School Fair was held in Centreton on Thursday, when eleven schools took part in the parade, the first prize being awarded to S.S. 11 with S.S. 6 and 7 and S.S. 12 also receiving prizes.

There was a fine display of exhibits, the fancy work and sewing shown by the girls being especially good. The home cooking exhibits were good as were those of vegetables and fruits, poultry and manual training articles.

The T. Eaton silver cup was awarded to Freida Richardson, of S.S. 1., while the second prize of two books went to Betty McLauchlin, of S.S. No. 2. Third prize of two books went to Helen Ingram of S.S. No. 12 and the shield was won by S.S. No. 1, teacher, Miss A. Carruthers.

The weather being chilly, the warm fire and excellent dinner and lunch provided by the Ladies' Aid, were much enjoyed.

Mother's Friend

No other food is so good for Mother at this critical time as "OVALTINE."

OVALTINE quickly replaces precious vitality and maintains Mother's health and strength throughout the nursing period.

The list of Nature's tonic foods, fresh milk, eggs, and ripe barley malt, are concentrated in OVALTINE.

We wish to congratulate the Mother of the First Baby of October with a large size of OVALTIME.

Just have Dad drop a card to "Ovaltine," Peterborough, or 'Phone, and we will heartly send our gift with Congratulations.

OVALTINE

Tonic Food Beverage

A. Wander, Ltd., London, Eng. and Peterboro, Can.

Our Gift to the First Baby of Oct.

Is a Strip of Milk Tickets. . . We heartily make this little presentation because we firmly believe

Clean, Pure, Pasteurized Milk

is essential to Mother's and Baby's health. Just 'Phone the name and address to

1900

and our driver will call.

Congratulations

SILVERWOODS Peterboro Dairy

Silverwood's Dairies Limited is a Canadian organization, owned and operated by four thousand Canadian shareholders, including producers, consumers, and employees.

TO-MORROW

SIMPSON'S

ORDER OFFICE

PETERBOROUGH

382½ GEORGE STREET

For the convenience of customers in the City of Peterborough and district, Simpsons have opened an order office at 382½ George Street. This innovation will make it simple for customers to purchase merchandise advertised on Simpson Pages in the Toronto daily newspapers, or in "Simpson's Canada Wide."

Free Delivery in Peterborough district zone.

TELEPHONE No. 3800

CANADA WIDE

ABOUT CANADA WIDE

Under Simpson's new Canada Wide service the facilities of the whole organization will be made even more available than before to customers in every part of Canada wherever you may live. And you will not have to wait six months for a new book to see what Simpsons have to offer, for every two months "Simpson's CANADA WIDE" will come to you, bring its offerings, its new merchandise, its money-saving opportunities, its new lower prices.

The Robert SIMPSON Company Limited

YOUNG WOMEN'S S AUXILIARIES' RALLY IS HELD SUNDAY LAST

Miss Winnifred Thomas as Guest Speaker, Delivers Interesting Address

INTERESTING PROGRAM

The second annual rally of young women's auxiliaries and mission circles of Peterborough Presbyterial held in George Street United Church, Monday evening, was an unqualified success from every viewpoint.

About six o'clock the girls of the various organizations began to gather in the auditorium of the church, whence they proceeded to the Sunday school hall and partook of the splendid banquet provided.

Mrs. W. H. Morton, secretary of Y.W.A.'s and circles, presided both during the supper hour and throughout the evening session. Not only can the inception of this rally be accredited to Mrs. Morton, but also a large measure of its success is due to her untiring efforts. After welcoming the girls to this rally and banquet, Mrs. Morton introduced the chorus, "The More We Get Together," which was accompanied by Miss Aileen Rose. The Rev. Mr. Millyard, pastor of the rally church, welcomed the young people to his church.

Concluding this part of the program, the members of the X.L. Mission Circle of St. James United Church presented their missionary pageant, "The Gift Everlasting," composed by Miss Connie Wagar, one of their members.

The guests retired to the church auditorium where a program of high inspirational value was given. The choir, composed of girls from the city circles and auxiliaries, was led by the organist, D. H. Howat. A delightful number was the solo, "The Stranger of Galilee," by Miss Dorothy Sager, a former circle worker in Tweed.

The opening devotional exercises were taken by Helen Roger, Y.W.A. of Knox Church, with Miss Colin and Mesdames Clegg and Anderson officiating.

Mrs. Morton was supported on the platform by the guest speaker, Miss Winnifred Thomas, candidate secretary of the W.M.S. Dominion Board, and Mrs. (Rev.) A. I. Brown, president of Peterborough Presbyterial.

Interesting Report.

Another interesting and worth-while development of the Y.W.A. and circle department of this Presbyterial is also due its energetic and capable leader, who has established as an annual affair the sending of a delegate to Whitby Summer School. The report of this year's delegate, Miss Eva Elliott, of the Y.W.A. of George Street Church, speaks for itself of the inspiration and knowledge of our mission fields which this training gives.

Members of Trinity circle and Knox Volunteer Y.W.A. were in charge of the reception of the offerings.

A pleasing feature of the evening was the presentation of the attendance banner to the society with the highest membership percentage present. This was received by Mrs. Smith, the president, on behalf of Trinity Y.W.A., who reported 100 per cent. attendance.

St. James circle came second with 94.7 per cent., and George Street Y.W.A., third, with 75 per cent. Special mention may be made of Norwood circle, who, in spite of the handicap of distance, equalled George Street's record.

Guest Speaker.

Miss Vera Squire, in a few warm words of appreciation, introduced the guest speaker, Miss Thomas.

Autumn rally, said Miss Thomas, is a time of great hopefulness, and we should share our ideals and enthusiasm. Her hope for the girls as they start the fall work was that they should do some real study. At least the majority of meetings should be the result of personal study, with few, if any, outside speakers. Enthusiasm is a direct offspring of knowledge gained through study.

In closing, the speaker made a strong appeal for a deeper Christian life on the part of the girls, that they might add strength to the great fellowship the whole world ever built up by the missionary enterprise.

Mrs. Ford Turner, of St. Andrew's Y.W.A., expressed appreciation of the co-operative assistance given by all, especially mentioning Miss Thomas, the crown and centre of the evening; the soloist, Miss Sager; Mrs. Morton, Mr. Howat, Miss Eva Elliott, the Board of George Street United Church; Mrs. Wagar, press secretary; Misses Helen Burns, Jean Hammond and Jessie Martin, and to St. James circle for their pageant.

This was seconded by Miss Edwards of Trinity Y.W.A.

After the closing hymn, Rev. Dr. A. I. Brown dismissed the gathering with prayer.

Y.W.C.A. PLANS ACTIVE SEASON

Fall Rally and Tea Opening Event on Friday Next

The various committees of the Y.W.C.A. have met during the last few weeks to plan association activities for the fall and winter.

The first event of the season will be the high tea and fall rally, Friday, October 2nd. Arrangements for the tea are in charge of the swimming pool and social committees. This tea will take the place of the postponed garden party. Mrs. L. J. LeClair, Mrs. J. Harkness and Mrs. N. Buchanan are joint convenors, with Mrs. H. Beal in charge of the tables. The tea will be served in the large green room and library from 5:30 to 7:00 p.m.

The rally program, in charge of the program committee, will consist of an exhibition of gymnasium work, archery, badminton tournament, basketball game and games in which all may join, as well as a program of swimming in the pool, between 7 and 8 p.m.

At eight o'clock in the large gymnasium all will assemble and the meeting will be addressed by Miss Estelle Amaron, a Y.W.C.A. secretary on furlough from Rangoon, Burma. Miss Amaron comes highly recommended by the Y.W.C.A. National Council and members of the Peterborough staff. Since her arrival back in Canada this summer she has given leadership at the Y.M.C.A. and Y.W.C.A. Summer Training School at Couchiching, and at the physical directors' conference this past week at St. Catharines. Miss Amaron also spoke at the Toronto Exhibition on the physical work in Burma, and everyone was enthusiastic about the story she told. Peterborough "Y" is indeed pleased to have Miss Amaron as guest speaker for the rally program. The program will also include musical numbers and an outline of gymnasium classes, clubs, educational classes, religious work and social and service programs, followed by a social hour.

On Saturday morning at 10 o'clock the rally for all juniors of the city will be held.

Monday, October 5th, will mark the opening of gymnasium classes. The physical director and committee have arranged a full schedule of classes of all ages and all interests. There will be gymnasium classes with Swedish and Danish exercises, club, wand and reed drills, archery, folk, clog, interpretive and æsthetic dancing, as well as badminton clubs and basketball tournaments for various teams of the city.

The educational committee have planned a busy season. It is hoped during October or early November to bring Dr. George Locke, on Russia. Classes in this department will include handcraft in leather, basket weaving, and wood carving; correct English; conversational French, reading circle, home nursing and first aid, elocution, junior cooking class and junior story hour.

Canadiens Qualify For Lacrosse Play-Off

MONTREAL TEAM BEATS MAROONS

Losers Overwhelmed by 12-2 Count in Final Game of Schedule

PLAY-OFF ON FRIDAY

MONTREAL, Sept. 30.—The last obstacle in the path of Montreal Canadiens to clinch a play-off berth in the International Professional Lacrosse League was cleared last night when the "Flying Frenchmen" defeated their intra-city rivals Montreal Maroons, by 12 to 2 in the last game of the scheduled season.

Canadiens, now assured of second place, will meet the Maple Leafs at Toronto on Friday night in the first of a best-two-out-of-three-game series for the league title. The second game will be played here on October 6 and the third, if necessary, at Toronto on Oct. 9.

The summary:

First Period

Canadiens—McAvoy 8.32
Canadiens—Bouliane 8.45
Canadiens—Dussault (Davidson) 10.55
Penalties—Smithson 2, Lounsbury, Reeve, Stewart, Clarke.

Second Period

Maroons—Lounsbury 15
Canadiens—N. Langevin 8.58
Canadiens—Degray 9.07
Maroons—Lounsbury 11.25
Canadiens—Lafrance 12.19
Canadiens—Bouliane 17.25
Canadiens—Bouliane 17.45
Penalties—Clark, Leighton, Reeve, O'Regan, Bouliane, Lafrance, P Langevin. Minors, Smithson, 5 minutes; Conacher, Degray, 10 minutes

Third Period

Canadiens—Dussault 6.09
Canadiens—Lafrance 16.30
Canadiens—McAvoy 19.15
Penalties — Coutie, Stephenson, Brossard, Conacher.

STANDING OF CLUBS (FINAL)

MAROONS WIN 3RD STRAIGHT

Campbellford Cops 11-9 Victory in Box Lacrosse League Fixture

VETERANS IN GAME

CAMPBELLFORD, Sept. 30 (By Examiner Staff Correspondent). — The Campbellford Maroons pocketed another victory in the Inter-County Box Lacrosse League by the small margins of two counters when they won a 11-9 score from Madoc last evening in a scheduled game at the Davidson Arena, Campbellford.

Striking the league leaders for the first time this year the Madoc aggregation put up a good fight to keep the Campbellford outfit from driving home a heavy victory. Playing many old lacrosse stick handlers who have been out of the game for some years the visitors staged a real come-back with a good clean game and plenty of pep Falling down a little on their condition, they are shaping up for a good line-up, however, and show signs that they will be heard from in the league this season.

The play was clean and some pretty stick handling featured with the Maroons' fast forward line in action clashing against Watson and McRae with play centering around Phillips, Madoc's pivot man. Edwards in the nets played a good game and faced up to the ball in good style. Watson was the counter for the visitors registering, the majority of goals and staged a fast game on the wing.

Whitton for the Maroons played his usual brand of lacrosse with Ingram, Buch and McArthur working in some nice combination, and Maybee showing a strong defence, Pete Garrison was also very much in action and did some counting working into the Madoc defence and staging some real play in their house.

Play Opens Slow

In the first session play was a little slow with the majority of goals being registered; Campbellford had the edge on the game counting seven counters to Mado's two, the visitors taking some time to warm up to the play They came back in the second period, however, by holding a one-goal lead and in the last frame did the majority of scoring, finishing only two behind the Maroons.

Three fifteen minute periods were played with A. Constable of Campbellford handling the game. Only one penalty was registered, this going to Maybee of Campbellford for a minor offence, one minute only being given.

The teams:

Madoc—Goal, Edwards; 1st defence, A. Barton; 2nd defence McRae centre, Phillips; 2nd home, Hayworth; 1st home, Barton; subs, Railstone, Watson.

Campbellford—Goal, Sanders; 1st defence, Maybee; 2nd defence, McArthur; centre, Bush; 2nd home, Ingrame; 1st home, Whitton; subs, Garrison, Runnions, Lambert.

Referee—Albert Constable; umpires, time, L. Stover; penalty, A. Hatfield.

Summery of Game

First Period

Madoc—Watson, 10 min.; Phillips (Watson) 13 mins.

Campbellford—Ingram, 2 min.; Garrison, 4½ min.; Whitton (McArthur) 8 min.; Garrison, 14 min.; Bush, 14½ min.

Second Period

Madoc—Watson 4 min.; Runnions, 5 min.; Lambert, 7 min.

Third Period

Madoc—Watson, 2 min; McRae, 8 min.; Watson, 12 min.; Watson, 13 min.

Campbellford—Sanders, 7 min.; Garrison, 9 min., Whitton, 11 min.

READY FOR ANOTHER SERIES

In this group we have three men known to the baseball world as the board of strategy of the Philadelphia Athletics, who are out for their third World Series championship. They are, from LEFT to RIGHT: Kid Gleason, Connie Mack, famous manager of the team, and Eddie Collins.

Prize-Winners

STIRLING SCHOOL FAIR

STIRLING, Sept. 30 (Examiner Correspondence)—The following are additional prize winners in connection with the championship fair held at Stirling:—

Apple collection—Clara Shannon, Jack Wallace, Jean Aiken, Isabelle Beckett, Harold Elliot, Mary Brawler.

Northern spy apples—Jean Aikens, Irene Tucker, Mary Shannon, Helen Shannon, Jack Levesey, Hilda Elliott.

Mackintosh apples—Jean Aikens, Isabelle Beckett, Vera McAdams, C. Shannon, Madeline Elliott, Jack Levesey.

Yellow leviathan turnip—Dorian McAvoy, Gordon DeMill, G. Burnett, Jean Parks, Jean Lamlin, Gerald McAvoy.

Seed oats—Harold Carleton, Carmen Mitchell, Albest Hulsema, Harold Morroco, D. McMullen, Ross Tait.

Seed wheat—Frank Hulsen, Fred Stewart, Albert Vardy, Fred Keene, Jack Howe, Clare Mullett.

Onions—Gordon Ray, Hilda Elliott, M. Hulsmen, Willie Nell, Dell Landon, Roy Gordenere.

Beets—Frank Clemens, Stanley Grey, D. Whilema, Hanet Froats, Alma Goodkey, May Clements.

Oat sheaves—Bob Hoard, Everett Geen, Stanley Geen, Millon Thompson.

Mangels—Douglas Mitchell, Hettie McMullen, Margaret Bateman, Gerald Gunneny, K. Kingston, Willie Brough.

Corn—Georgia Taugher, Evelyn Johnson, D. Donnan, Russell Boldrick, Billy Emerson, W. Bateman.

Barley sheaf—Clinton Brown, Donald Heath, L. Mullett, Jack Wallace, Albert Vardy, Blake Keller.

Parsnips—Betty Johnston, Robert Elliott, B. Buskard, Phyllis Vance, Lottie Radner, Emma Wickens.

Tomatoes—Madeline Bush, Harold Elliott.

Carrots—Evelyn Badgley, Frank Brough, G. Davis, Vernon Green, Laurena Gaffin.

Irish cobble potatoes — Willie Doyle., Alma Davidson, Nellie Hagerman, Evelyn Bush, Rex. Adams, Roy Thompson.

Three cyclists from the Irish Free State competed this year in the race at Copenhagen, Denmark, and may take part in the Olympic Games at Los Angeles, next summer.

ST. LOUIS CARDINALS CONFIDENT OF BEATING MACKS THIS SERIES

"Red Birds Must Show Fighting Spirit From the Start," Says Street

PROBABLE HURLERS

(By Alan Gould, Associated Press Sports Editor)

ST. LOUIS, Mo., Sept. 30—It is an old baseball axiom that no strategy is quite so effective as a wallop out of the park.

Babe Ruth demonstratetd this well-known fact in the celebrated victory of 'brute force" over the "master mind" of John McGraw a number of years ago.

The theory and practice of the home run is still good strategy. It is relied upon by the world champion Ahletics just as much as they depend upon the sagacity of their 68-year-old pilot, Connie Mack, and his able lieutenants, Eddied Collins and Williaim (Kid) Gleason, in the struggle that starts to-morrow with the St. Louis Cardinals.

'The best strategy we can employ,' Gabby Street says, "is to go out there and fight the A's off their feet from the drop of the hat. I don't know whether we can outsmart em, but I feel confident we can outplay 'em this time."

The spirit of the National League champions is one of their strong points, in Street's opinion. But he knows this will not suffice without the proper strategy in handling his pitchers or without reverberations from the big bats of Jim Bottomley and Chick Hafey.

In the 1930 battle of wits and base hits, the Athletics had much the better of it. They upset the Cards and Burleigh Grimes in the very first game when Joe Boley pulled the 'squeeze play' with the speedy Haas on third base. They accomplished Burleigh's second downfall with a potent wallop from Jimmy Foxx' bat into the bleachers.

Clever Pair

No manager in baseball has a smarter pair of advisers than Collins and Gleason. They have been through the wars. They are quick thinkers in an emergency where one seemingly insignificant move may determine the whole tide of battle. Nothing on the field escaped them, even if it slips the notice of Mack himself. They outnumber, at least, the Cardinal combination of Street and Frisch, whether or not they cast a deciding influence.

Pitching strategy was at least 60 per cent of the 1930 battle. Here, too, the A's have an advantage with Grove and Earnshaw apparently in the best of health, whereas Jesse Haines, veteran Cardinal mainstay, is out of the picture with a lame shoulder.

If the Cardinals should gamble with their powerful youngster, Paul Derringer, and whip Lefty Grove in the opening game, the rebound to their spirits might prove decisive. There again, it is a case where base hits may destroy the best - laid plan of pitching tactics. Grove was no puzzle to the Yanks his last time out.

Mack crossed up the experts and opposition by starting Howard Ehmke in 1929 against the Cubs. He accomplished as much surprise by orthodox reliance on Grove and Earnshaw in 1930. He has a seasoned twirler this time in Waite Hoyt, as well as the rejuvenated Rube Walberg, for emergency work. He has a strong young right-hander in Roy Mahaffey.

Street, if he cannot use Haines and does not rely again on the aging Grimes, will be forced to rotate Derringer, Bill Hallahan and either Flint Rhem or Sylvester Johnson. But Gabby knows his pitchers. He has shown rare judgment in handling them and will concede nothing to Mack when it comes to getting the maximum in results.

Hastings Leading Trent Valley Loop

HASTINGS, September 30 (Examiner Correspondence). — Hastings took the lead in the Trent Valley Bowling League race here last evening by defeating Warkworth in three out of four games.

Results:

First—

Warkworth	3	Hastings	14
Warkworth	6	Hastings	8

Second—

Warkworth	13	Hastings	5
Warkworth	10	Hastings	11

Wrestling Last Night.

BOSTON—Jack Smith 197, Chicago, threw Bill Nelson 208, St. Louis 11:45; Joe (Toots) Mondt 218, Colorado, threw Tiny Roepurk, 247 Tulsa, Okla. 20.05.

CLEVELAND—Joe Stecher, Nebraska, threw Al Baffert, Canada 37.52.

BUFFALO, N. Y. — Ed Don George 226, Buffalo, threw Karol Nowina 190, Chicago 56:01; Leonard Macaluso 205, New York, threw Rudy Laditai 216, 15:46.

Because of the high prices at which new automobiles must sell with the decrease in the value of silver in China, more used cars than new machines are being sold in Shanghai.

PEARLS IN GARBAGE

London. — Somewhere in the Westminster city refuse dump at Rainham, Essex, is a £3,000 pearl necklace. It got there in a remarkable manner. A woman staying at her club in St. James's Place sent to her jeweller's for a pair of earrings which they had been remounting.

As they also had in their possession the same woman's pearl necklace, they included it in the packet with the earrings. The woman was not expecting it, and after extracting the earrings she threw the packet away.

It was not until several days later, when she called at the jeweller's for the necklace, that the loss was discovered. A reward of £300 for its return is offered.

MATE SCORES EASY VICTORY

Bostwick's Entry Outscores All Opposition in Winning Stanley Stakes

12 LENGTHS IN LEAD

TORONTO, Sept. 30—Making the balance of the field look ridiculous, A. C. Bostwick's Mate, twice conqueror of the redoubtable Twenty Grand, romped to a trio of ordinary selling platers in the Stanley Produce Stakes, $10,000 added feature, but by no means the best, race on the card at Woodbine Park yesterday.

The three-year-old son of Prince Pal and Kilashandra, ridden by G Ellis, made it a walkover, crossing the finish line twelve lengths in front of G. M. Hendrie's Chokoloskee, while the latter was six lengths ahead of W. L. Wynston Jr's Zambar, which took third place. Hayloft, in fourth and last position, trailed Zambar by another fifteen lengths. At only one time during the journey were the other contenders even close to Mate, this being during the first half-mile, when Zambar raced down in front of the grandstand on even terms with the Bostwick colt. Thereafter Mate steadily pulled away and his margin of victory could have been far more decisive had Jockey Ellis chosen to extend him.

31 Victories World Record

Lefty Grove, pitcher, of the Philadelphia Athletics, who will undoubtedly be called by Connie Mack in the forthcoming world series with the St. Louis Cardinals. Grove has won 31 games this year for a new southpaw record.

OFFICERS ELECTED FOR SCHOOL "LITS"

Three Groups Organized in Havelock School—Softball Teams Formed

HAVELOCK, Sept. 30 (Examiner Correspondence)—Students in the Continuation have been busy in the after school hours electing their officers in the three Literary groups, number one, two and three. In Lit number one the following are the officers: President, Gray Kemp; vice-president, Dorothy Davidson; secretary-treasurer, W. Rose; editor, Campbell Rowatt; associate editors, Helen Bedford and Eric Anderson; pianist, Katherine Patton.

Lit number two: president, Gordon Vance; vice-president, Nelson Chiles; secretary-treaurer, Essie McQuigge; editor, Gwendolyne Rutherford; associate editors, Marjorie Leng, Bruce Jones; pianist, Allie Johnson.

Lit number three: president, Evelyn Leng; vice president, Marie Bedford; secretary-treasurer, Lorraine McQuigge; editor, Jimmie Covert; associate editors, Gerald Whitney and Jack Mathison; pianist, Marguerite Roche.

A Literary program will be given at the end of each month, beginning in October. Each Lit will furnish three programs. If there are enough good numbers on the various programs a program will be given in the Town Hall in February or March. The programs are to be as varied as possible and should include as many members as possible.

Following are the names of the various softball teams: Ramblers, captain Ronald Kemp; Lions, captain Gerald Whitney; Pirates, captain Nelson Chiles; Stars, captain Gordon Vance; Tornadoes, captain Will Rose; La Bonne Chance, captain Evelyn Leng.

The schedule calls for games Monday, Wednesday and Friday of each week, and includes a game against each team When the round has been completed, the first two teams will play and the best two out of three wins the championship. The results so far as as follows: Ramblers have played two games, won two; Pirates have played two games, won and lost one; Stars have played two, lost and won one; Tornadoes played two, won and lost one; La Bonne Chance, played two, won and lost one; Lions played two, lost both.

BOWLING CLUB HOLDS BANQUET

Ladies of All Saints' B.C. Conclude Successful Season on Greens

PRIZE WINNERS

The ladies of All Saints' Bowling Club concluded their season's schedule games by a very enjoyable banquet held at the Downey-Flake Tea Room Monday evening, when about thirty-five, including Rev. J. D. Paterson, C. Wiggins and H. Lucas enjoyed a very sumptuous meal.

C. Wiggins acted as toast master, and before eating Rev. Mr. Paterson offered the prayer. Mrs. E. W. Fisher, president of the Ladies' Club, proposed the toast to the King which was responded to by singing God Save the King.

Community singing of old favorites was entered into with zest by all, Mrs. W. A. Greenslade presiding at the organ.

A toast to the Men's Bowling Club was voiced by Mrs. White and responded to by Rev. Mr. Paterson, who gave a splendid address on social activities and congratulated the club on their success. He also presented the prizes to the winning rinks, the following being the fortunate ones to receive prizes:

First prize in the first schedule. Mrs. Burnham's rink—Mrs. Burnham, Mrs. Greyson, vice., Mrs. Barry, sec., Mrs. C. Wiley, lead.

II—Mrs. G. Foster, Mrs. W. Hughes, Mrs. Allston, sec., Mrs. C. Lloyd, lead.

III—Mrs. Wosincroft, Mrs. Wiggins, Mrs. R. Price, Mrs. Lackie.

Second Schedule.

1 Prize—Mrs. W. Hughes, Miss Elliston, Mrs. Harvie, Mrs. J. Young.

II Prize—Mrs. Millard, Mrs. Wiggins, Mrs. Greenslade, Mrs. G. Groombridge.

III Prize — Mrs. Foster, Mrs. Leether, Mrs. Barry, Mrs. Wiley.

At the conclusion of the banquet bridge and euchre was played, Mrs. Curtis and Mrs. Wiggins winning the bridge prizes and Mrs. White and Mrs. Foster the euchre prizes.

O.B.A.A. FINAL TODAY

TORONTO, Ont., Sept. 30.—(CP) — The battle of the season for amateur baseball fans is carded for this afternoon at the Maple Leaf stadium when the champion Galt Terriers meet Toronto, St. Georges, city league champions, in the first of a two out of three games series for the southern section title of the O. B. A. A.

Because of a scarcity of merchandise, buyers in Lima, Peru, are compelled to pay cash.

COLEMAN AND LOWE RINKS WIN OUT IN THE DOUBLES SCHEDULE

J. McDonald and P. Nichols Are Losers in Hard Fought Battle on Local Grounds.

BOWLING NOTES.

Victory in the play-offs in the doubles schedule of the Peterborough Lawn Bowling Club rested last evening on the rink of H. Coleman and S. Lowe who in a hard fought battle won out from the rink of J. McDonald and P. Nichols. The score was 17 to 13. It was a battle all the way and almost any end the tide might have swung the other way. S. Lowe has played a very strong game as lead throughout the doubles schedule and has been well supported by H. Coleman who played a nice game last evening. The fact that McDonald and Nichols won their way into the finals proves the consistency of their play. McDonald last evening found it necessary to kill a number of ends that were against him and did so with marked success. Nichols in the last end when there was still some hope that they might win out, put down three bowls to within a foot of the kitty. A good many men would blow up under such a test. Had it not been that S. Lowe also put down some good ones, the result might have been different.

Singles Schedule

The games played last evening in the singles schedule have left only 9 players of the original 48 who started. This means that the winner should be determined by tomorrow night. The greatest battle last evening was fought between Dr. Allen and J. Penrose with the victory going to Penrose on a score of 23 to 20. It required 24 ends to settle this game. In the early stages Penrose secured a decided lead, the score at the end of the 12th end being 13 to 6 in his favor. Dr. Allen then took three ends in succession, leaving the score 14 to 12 in favour of Penrose. On the 20th end Penrose was leading 19 to 14. Dr. Allen then scored with all four bowls bringing the score up to 18 to 19. Dr. Allen then won two points putting him ahead 20 to 19. Penrose won the next end leaving the score tied 20 to 20. On the final end Penrose came through with a nice 3 winning cut 23 to 20. A good sized gallery watched this game.

Considerable interest was taken also in the game between B. Bolam and F. H. Dearborn which Dearborn won 21 to 13. Both Dearborn and Bolam are comparatively new bowlers, having started bowling only last year, but they are both proving they are consistent players. Dearborn won the horseshoe pitching contest at the Peterborough Industrial Exhibition two years ago, which means that he is not a stranger to keen competition. Last evening Dearborn played a consistent game while Bolam was scarcely up to his usual game.

Two of the best bowlers in the Club met when H. Freeman won from E. Wall by 22 to 13. Freeman got ahead at the start and was never headed. On the 11th end he was leading 14 to 4. From then on Wall slightly more than held his own Freeman finally winning out on the 23rd end. It was a long, hard-fought struggle. On the 17th end Wall had caught up until the score stood 15 to 11 in Freeman's favour.

W. J. Oke won from H. Bennewith by 21 to 12.

Two of the Club's best bowlers met when Will Wood won out from P. Bennett by 21 to 15. In the club championships, held a few weeks ago, Bennett defeated Wood. The score between these two players, therefore, stands even.

To-night's Games

The following games are scheduled to be played this evening: F. H. Dearborn will play W. Wood. As Wood has to play in a tournament at Cobourg this afternoon and evening, arrangements have been made for J. Bennett whom he defeated in the singles last evening, to substitute for him. J. F. Braund will play J. Penrose and H. R. Moyer will play W. J. Oke. This gives Freeman a bye. At 8.30 Freeman will play the winner of the Moyer-Oke game while the winner of the Dearborn-Wood struggle will play the winner of the Braund-Penrose event. These games will clear the way for the play-off in the finals to-morrow evening.

World Series Facts

ST. LOUIS Mo., Sept. 30 (CP) Salient facts concerning the World Series games starting to-morrow:

Contesting teams—St. Louis Cardinals, champions of the National League, Philadelphia Athletics, American League champions.

Probable attendance—39,000.

Probable receipts—$169 000.

Probable batteries—Philadelphia, Grove and Cochrane; St. Louis, Derringer and Wilson.

Umpires—Richard F. Nallin and William McGowan American League; William Klem and Albert Stark, National League.

Time — 1.30 p.m., Central Standard Time.

Betting—Athletics 7 to 5.

Weather forecast — Partly cloudy with moderate temperature.

Series schedule—St. Louis: Tomorrow and Friday; Philadelphia: Monday, Tuesday and Wednesday. Returning to St. Louis for the sixth and seventh games, if necessary.

Broadcasting — National Broadcasting Company chain and Columbia network.

"PREPS" LOSE CLOSE BATTLE

Lakestore Squad Resorts to Continual Aerial Attack to Win Exhibition.

HEAVK TACKLING.

Cobourg seniors, minus two of their regulars, defeated Grove High School 12-11 in a close and hard-fought rugby game in Cobourg yesterday. The Lakefield squad's tackling was a revelation to the homesters who had to keep up a continuous aerial attack to win out.

In the first quarter, Cobourg scored two deadlines, having the wind to help, and they kept Grove scoreless. But in the second period, Grove unloosed a kicking offensive, and finally with a fake kick, resulting in a forward pass, put the ball into the receiver's hands right in the goal. The home team ran riot in the third, getting two touchdowns, one on a thirty-yard run, while they had the visitors on the defensive throughout. The third quarter was featured by a run of 108 yards by Macrae, Grove's fast quarterback, who intercepted a pass on his two-yard line and raced to a touchdown. He failed to convert, and a deadline by Grove finished the scoring with Cobourg just one point up.

The home team's kicking was good, and they completed four forward passes to total 95 yards. Both back divisions were sure on their catches, while Grove excelled on deadly tackling. Disney, Stewart, Burgess and Macrae all went exceptionally good for Lakefield, with the others also sharing in the fine exhibition. The team was composed of: Burgess and Macdonald, outsides; Bagg and Gunn, middles; Harris, snap; Wright and Wood, insides; Carson, Disney Atwood and Stewart, halves; Macrae, quarter; Magill, sub.

ARL. COMSTOCK LEADS SENIORS

Has Total of Fifteen Points in Girls' Side of P.C.I. Field Day.

EIGHTEEN EVENTS.

In the summary of points for the winners of the girls' events at the P.C.I. Field Day at the Exhibition Grounds last Friday, A. Comstock leads the seniors with fifteen, while G. Carvolth with eighteen tops the junior girls.

Eighteen events, for juniors and seniors, were run off, and five points were given for firsts, three for seconds, and one for thirds. Miss Comstock had two firsts, one second and two thirds to top the upper class maidens; and Miss Carvolth led the parade in fine style over the junior course with three firsts and one second.

Point winners in the boys' events are not yet complete as two more competitions and the annual road race will be staged first. These should be finished the end of this week.

Following is the summary of points for the girls:—

Seniors

A. Comstock	15
O. Gillespie	13
R. Drimmie	11
M. Wigg	8
J. Harvey	7
B. Price	5
G. Gerard	4
F. Evans	3
J. Howson	3
T. Millyard	3
C. Patterson	3
D. Rogers	3
C. Legon	1
M. Weir	1

Juniors

G. Garvolth	18
D. Weese	13
M. Harvey	12
A. Langley	10
B. Rogers	10
H. Babbs	3
D. Leason	1
A. Macdonald	1

THEATRES

AT THE REGENT

"DIRIGIBLE."

This is one of the extremely dramatic yet very real pictures that the moving picture sheet is able to produce. It is the type of talkie that demonstrates admirably just how far the picture-makers can go. The big productions of twenty years ago, when "The Birth of a Nation" and "Intolerance" were considered the last word in silver sheet triumphs, pale into insignificance beside these master films that show just how men have conquered the elements.

For four days the Regent Theatre's patrons will have the opportunity of seeing "Dirigible," which shows how the South Pole was conquered by air. At least, it is almost a replica of that famous feat of Admiral Byrd, who conquered those frozen wastes in his trusty plane. Those who did not see the pictures of that breath-taking flight will be able to glimpse a bit of the triumph of the commander, in this picture, although a lighter than air craft, a big gas-filled balloon, is the victor in this instance.

It is a picture with the interest centering about the conquest of the Pole. Jack Holt is the commander, Jack Bradon, of the dirigible which takes the eye of Louis Rondelle (Hobart Bosworth), a man fired with the thought of flying over the South Pole. The attempt is made in the dirigible which crashes to pieces in a mighty and terrible storm. Then Rondelle makes the attempt once more, after reaching the Pole in a ship, by airplane with "Frisky" Pierce (Ralph Graves) as the daredevil pilot. After reaching the Pole, they take a chance in landing on the ice field, and the plane overturns and burns to pieces. It is from this perilous pass that Frisky's former chum and later enemy, as he imagines, rescues him in a thrilling piece of work that may or may not be propaganda for the lighter than air craft. At any rate, it is a marvellous film, and has to be seen to be appreciated, in all its superb filming of scenic and elemental terrors.

The love interest is well sustained by Fay Wray, wife of Pierce, and former sweetheart of Bradon.

Rounding out a fine program is the short film entitled "Old Lace," with Ruth Etting singing and acting, first as a modern girl, then as a maiden of the gay and naughty nineties. —Jeanette.

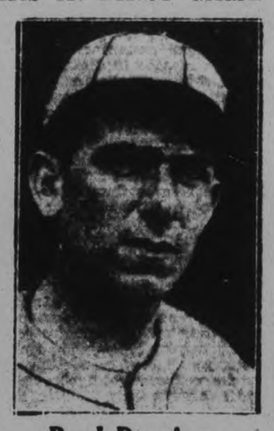
CHICAGO BALL BATTLE

CHICAGO, Ill., Sept. 30 (C.P.)—Chicago's annual baseball civil war between the Northside Cubs and the Southside White Sox was on to-day with the Cubs again the heavy favorites.

Through air service from London to Cape Town, South Africa, will be inaugurated on January 1.

PROBABLE HURLERS IN FIRST GAME

Robert Moses Grove



Paul Derringer

ST. LOUIS, Mo., September 30 (C.P.). — The probable pitchers for the opening game of the World Series to-morrow — Robert Moses Grove, ace of the Athletics' staff, 31 years old, 6 feet 2½ inches tall, weight 175 pounds, born in Lonaconing, Md. Grove participated in 41 games this season, won 31 and lost 4. He possesses blinding speed, with a sharp braking curve, plus seven years of experience with the Athletics, including two World Series.

Paul Derringer, playing his first year with the Cardinals, 25 years old, born in Springfield, Ky. Derringer was in 35 games this season, won 18, and lost 8. He is a right-hander, with a long sweeping delivery. Good change of pace with an excellent curve and good speed. He is a rangy youngster, 6 feet 3½ inches tall, and weighing 215 pounds.

SPORTS — Day by Day

SOCCER, BASEBALL, GOLFING
AQUATIC, SOFTBALL, TRACK

CASUAL COMMENT

The baseball spotlight will be turned on St. Louis to-morrow afternoon when the opening game of the World Series will be played. The second game will be played there too, the following day. The teams jump back to Philadelphia to resume the argument Monday. Three games will be run off there, and if necessary, the final tussle will again take place in the Cardinal's backyard.

• • • • • • •

Postponed games will be played on the grounds which they were scheduled for, and all contests will start at 1.30, central standard in St. Louis, and eastern standard in Connie Mack's town. Different radio stations will run off a play by play version so those who can't wait for the evening paper will get it hot off the diamond.

• • • • • • •

Tom Goodman is back at his training quarters in Keene again, and expects to keep his stable of boxers working out there for some time yet. This is the best time of year for outdoor workouts, and with a busy winter ahead, the boxers take their training seriously.

• • • • • • •

Tom says there should be plenty of promising ring material in Peterborough, and they should be seen soon in an amateur show. And some of them might gradually work up into the moneyed class before long. Well, there's something in that, all right. We know of two or three boys who could put up a fair showing in pro company with just a little more experience.

• • • • • • •

A big card of the simon pure mitt artists will likely be staged here some time in October, with rival stables meeting. We understand arrangements are being made now, and the boxers have been at it for some time, and should be in the pink in a couple more weeks.

• • • • • • •

These are times of depression in professional hockey ranks as in everything else, and the first shot in the threatened holdout war between owners and players in the National Hockey League was fired by Frank Boucher who refused to sign at a salary 25 per cent less than he received last year.

• • • • • • •

Chicago, Detroit, and other Yank teams have been clipping the boys' pay for over a year now, but the New York Rangers have a fight on their hands the first cut they attempt, and Boucher is too valuable a player to lose, being one of the best centres in the business since he left Boston.

• • • • • • •

Since Ottawa and Philadelphia have withdrawn from the loop for one year at least, there will be plenty of stars for the rest of the teams, decreasing their values in proportion. This winter and next, many of the puck-chasers will have to do with just one limousine, which will be plenty tough after the golden decade just finished.

• • • • • • •

It's twenty-one years ago since the hockey world was astounded to hear the Patrick brothers, Frank and Les, were getting the enormous salary of $3,000 each for the season. The next pioneer in heavy dough was Nels Stewart, who signed with Montreal Maroons at $16,500 for three years.

• • • • • • •

When the Toronto St. Pats went gunning for material, they unloosened the purse strings to obtain two ice stars, Bill Carson leading with $22,500 for three seasons. The other fellow they went after was Irvin Bailey, the Petes senior star. He signed for a similar period at $17,500, which is real money in any town.

• • • • • • •

And speaking of Bailey, we heave a sigh in passing for the days when our seniors were the big noise in the O. H. A., walloping such outfits as Parkdale, the Soo and London. It's hard to believe those days are gone forever, and we may be treated once again some of these years to the sight of a long line of spectators trying to fight their way into the Brock for a senior hockey game, who knows?

NORTH ENDERS WIN OUT 1-0

Down Town Eleven Drops First Game of Series in Section "A."

GOALIES GOOD.

In Section A of the local Public School Soccer League, Queen Alexandra took the first game of the schedule from Central, yesterday afternoon, at Nicholls Oval, by the score of one to nil. They received their counter in the first half through good combination. An official referee of the Ontario Association who was visiting in the city, handled the game.

First Half

Central faced the sun when the choice of the toss fell against them. Time and again Queen Alexandra would penetrate the opposing defense to fail in front of goal, but kept up the pressure to have the better of the play in mid-field, playing their positions, until they gained the only counter through the centre forward who slipped a smart grounder inside the post. Wright, at centre-forward for Central, being the star artist while in possession of the ball and missed by inches on many a visit. Queen Alexandra 1, Central 0.

Half Time

On resuming, the Central boys were more progressive on mid-field tactics and kept the winners on the move to prevent the downfall of their citadel. Dainton, the Queen's custodian, making some spectacular clearances when hard pressed and running out to beat the attacking forces when his defense was beat to the limit. At this period, Central was more effective through positional play. The Queen Alex. halves checking very closely when the Central forward instituted an attack. Play was called when Wright was through with the ball at his foot, but was deprived of the equalizer. Queen Alex. 1; Central 0.

OSHAWA HERE ON SATURDAY

Legon Will Have Stalwarts in Tip-top Shape for Crucial Struggle.

LAKESIDE TEAM STRONG.

Fresh from their victory over Cobourg on Saturday, the P.C.I. Senior rugby squad started in on another week's grind on Monday afternoon and scrimmage practices have been called for eevry afternoon this week except Friday, when the boys will brush up with a light signal drill.

Coach Legan is leaving no stone unturned in an effort to have his athletes in tip-top shape for their crucial struggle with Oshawa here this week-end. The Motor City boys handed the Lindsay Collegiate team a 25—0 lacing last week in Oshawa and will be raring to go when they meet the Garnet and Grey squad. It is no secret that Coach Legon is not entirely satisfied with the manner the boys went through Saturday's contest but with four heavy practices this week, most of the wrinkles will be ironed out and the outfit will more nearly resembled the championship teams of the past few years. While the team showed excellent form, considering it was their first test of the year, fumbles were numerous and several scoring chances were tossed away on account of misplays in handling the ball.

The forward pass was not used to any extent in Saturday's struggle, but Cobourg showed it to good advantage when they tossed a short one just over the line of scrimmage and the receiver outran the entire field for a well-earned try.

The "Petes" have always had high class dope regarding the pass and no doubt the fans will be treated to some fancy tossing once the outfit hits their usual stride. Oshawa, on the other hand, seem to stick to straight-forward rugby and only use the pass when they are hopelessly lost or away out in front. It is rather a risky play to pull at any time, and it also keeps the defending line on their toes to spot one coming.

Local fans can rest assured that the Collegiate lads will be in the high class condition for Saturday, and the big Oshawa team will probably find the going much harder than against Lindsay. Every member of the local team, with the exception of Doug Fraser who is nursing an injured foot, came through the first game without serious injury and with a hard week's practice behind them, hope to hold the Oshawa boys well in check.

Prince of Wales' Home and School Association Holds Successful Meeting

GOOD PROGRAM

The Home and School Association of the Prince of Wales school had one of the largest gatherings in their history, Monday evening, when over three hundred assembled for the meeting in the kindergarten room and overflowed into the large hall.

The president, Mrs G. A. Spicer, occupied the chair, and the meeting opened by singing "O Canada," after which the roll was called by the secretary, Mrs. Parnell, and it was found the banner went to Mr. Kerr's room for the next month.

Mrs. Kate Morris, of the Board of Education, then took the chair, expressing her pleasure to be so honored.

The following program was then rendered: Piano solo, Edna Ashbury; instrumental music by Mr. Clark (banjo), Mr. Hodson (piano), Mr McCannon and Mr Arnott (harmonicas).

The valedictory speeches were given by the two pupils in the entrance classes having the highest marks, Margaret Parker from Mr. Mattice's room, and Francis Clarke from Mr Kerr's room.

Piano solo, Ada Long.

Mr. Dutton was the speaker of the evening. He referred to the value of an education and the wonderful opportunities the girls and boys of to-day have in choosing a course best suited to their ability.

Mrs. Morris presented the entrance certificates to forty-nine pupils.

The following from Mr Mattice's room: Julius Abramson, Lillian Collins, Elois Darling, Jean Hair, Marjorie Kennedy, Harold Land, Lucile Milburn, Delma Rusaw, Marjorie Sproat, Margaret Waller, Harold Charlton, Harry Cherney, Jean Gillespie, Marion Harvey, Keith Hughes, Harold James, Douglas James, Nancy Lane, Margaret Parker, Doris Parsons, Kenneth Riches, Edith Roberts, Doris Routley, Margaret Selkirk, Eleanor Shadgett, Irene Sharp, Violet Taylor, Christina Whatman.

From Mr. Kerr's room Edna Ashbury, Hilda Babbs, Frances Clarke, Mabel Clarke, Hilda Foy, Annabelle Heard, Earl Hope, Cecil Hully, Elmer Kelly, Muriel Killingbeck, Harry Kingdon, Edith Long, Kenneth Mackay, Leonard Martin, Ruby Milburn, Catherine Prout, Arthur Roberts, Grant Smedmor, Earl Spencley Tom Townsend, Myrtle Wagar.

Mr. A. Mowat, I.P.S., gave a brief talk, congratulating the successful pupils.

A vote of thanks to all those taking part in the program was moved by Mr. Mattice and seconded by Mr. Kerr.

Refreshments were served by Mrs. G. Davis, convenor of the social committee, and her energetic assistants, and a social hour enjoyed.

NOT ST. CATHARINES MAN.

The Examiner regrets a mistake which appeared in the Police Court news in the edition of Saturday, September 26. One young man who was fined for drinking liquor in an illegal place was referred to as "the son of a St. Catharines judge." This is an error the young man is not the son of a St. Catharines judge, but the son of a judge in Welland.

RING BRIEFS

(By Herbert B. Barker, Associated Press Sports Writer)

NEW YORK, Sept. 30—In effect, it seems, the New York State Athletic Commission has told Benny Leonard, one of the greatest fighters in boxing history to go out and get himself a reputation.

In a pronunciamento that left sports writers stunned, the Commission declined to sanction a bout between the retired undefeated lightweight champion and Paul Walker, hard-hitting young middleweight from Trenton, N.J., and informed Leonard that he would have to prove his ability in the smaller fight clubs before appearing again in Madison Square Garden. The Garden had booked the Leonard-Walker battle for October 16, with every indication of a sell-out.

BURGESS BEDTIME STORIES

THE BARKING STONES

(By Thornton W. Burgess)

When sound seems here and then seems there
'Tis hard to place them anywhere.
—Farmer Brown's Boy

Farmer Brown's Boy had found a little valley high up in the mountains, a beautiful little valley above timber line. On one side was a rock slide and around it the cliffs of the mountain towered toward the sky. It was more of a basin than a valley and in the middle of it was a little meadow and grasses and flowers and low plants of various kinds. It was one of the prettiest spots Farmer Brown's Boy had found. Far above the top of the mountain was covered with snow and in the distance there were other snow-capped peaks. They glistened in the sun.

He gathered some of the flowers with which he was not familiar, carefully placing them between the leaves of a notebook to be pressed and taken home to remind him of this beautiful spot and to be identified.

"Imagine picking flowers in midsummer and at the same time seeing snow," said he, talking to himself for lack of anyone else to talk to. "It does seem as if in such a beautiful place someone ought to be living, but I haven't seen or heard a living creature."

As if in reply there came a sound from a rock slide which, while unlike any sound he ever had heard before, he knew must have been made by some small person in a fur coat. It wasn't exactly a bark and it wasn't exactly a bleat, but was a little like both. It reminded him of a rubber dog which he had when a little fellow and which made a noise when squeezed. He chuckled at the thought.

"Now I wonder what sort of an animal can make a noise like that," thought he. "Whoever it is he is over that rock slide. I'll go over and look for him."

So he made his way across to the rock slide, but when he got there he could see nothing but rocks. There were big rocks and little rocks of all shapes and sizes, affording hiding places for an army of little people if they were small like a Mouse and even for bigger people like Whistler the Marmot. To try to find anyone hidden there would be like trying to find a needle hidden in a stack of hay. He realized this at once. "It is another case of watchful waiting, I guess," said he, and finding a comfortable seat on a flat rock sat down for a period of the unmoving patience he had long ago learned is the only way to get acquainted with shy and timid little people.

He didn't wait long before he heard that funny little bark again and it appeared to come from just to one side of where he sat. Very, very slowly so that the movement would not be noticed, he turned his head, but though he looked and

"Imagine picking flowers in midsummer and at the same time seeing snow," said he

looked he saw only a jumble of gray rocks. Then he heard that bark again, this time on the other side. Once more he turned his head with the greatest care, but it was only half way around when that funny little bark sounded from right in front of him, or seemed to. With the greatest care he studied the place from which that sound had seemed to come, but the gray rocks were all he saw.

After this the funny little bleating barks seemed to come from all around him, and the provoking thing was that they seemed to come from very near him. It was tantalizing to feel that that barker was close by yet not be able to see him. With his eyes, and as you know they were eyes trained to see, he went over those rocks inch by inch, yet saw no living thing. All the time he kept hearing those queer little barks. Sometimes they seemed to come from close at hand and sometimes from a distance, and never did they seem to come twice from exactly the same place.

"If I didn't know better I would say that the stones themselves are barking," muttered Farmer Brown's Boy under his breath, "and that a lot of them are doing it. There! If that bark didn't come from that little roundish stone on top of that rock over yonder where did it come from? Of course it didn't, because it couldn't, but if I didn't know that it couldn't, I would be willing to swear that it did."

Farmer Brown's Boy stopped muttering right then and there and his eyes opened wide in surprise. That little roundish stone had jumped down from the top of that rock and scampered over to another.

"WHEN I was twelve years old my mother wanted me to take Lydia E. Pinkham's Vegetable Compound, but I wouldn't. If I had I might have been a well girl now. I have suffered terribly every month.

"The girls where I work used the Vegetable Compound and urged me to try it. It helped my nerves. I intend to keep on until I am well and strong." Miss Rose Lama, 6 Brighton Avenue, Toronto, Ontario.

Lydia E. Pinkham's VEGETABLE COMPOUND

750,000 JOBLESS IN NEW YORK

NEW YORK, N.Y., Sept. 29—Of an estimated 750,000 unemployed persons in Greater New York, at least 160,000 have reached the limit of their resources and need help, the Emergency Unemployment Relief Committee announced to-day.

The committee, which will shortly open a campaign to raise a $12,000,000 fund for emergency relief work, said in its statement that of the 160,000 in distress about 80,000 are heads of families.

What To-day Means To You

"LIBRA"

If September 30th is your birthday, the best hours for you on this date are from 7.30 a.m. to 10 a.m., from 1 p.m. to 3.10 p.m., and from 7.15 p.m. to 9 p.m. The danger hours are from 10.20 a.m. to 12.45 p.m., and from 4 p.m. to 5.50 p.m.

Troubles and unsatisfactory influences overshadow September 30th—so the Stars say. Not only will complications arise in business, but troubles will arise in the family. Everything will seem to be at cross-purposes. Careful navigation will be needed to avoid major difficulties, and impulse should be curbed.

Children born on this September 30th will be free from the taint of deception. They will always be outspoken and truthful, even though the consequences to them may be anything but pleasant. They will, whilst actively interested in sports, study hard, be quick to learn, and excel. Their natures will be affectionate; their loyalty unquestioned.

Strong in your beliefs and convictions, you, if born on September 30th, are neither bigoted nor pig-headed. Always ready to listen to others and capable of judicial appraisal, you are not so cock-sure of yourself as to hold to an opinion, just because you expressed it. This same spirit of adaptability to reason is also evident in the work you undertake. No matter how addicted you may be to certain ways of your own, you are always willing to junk them if a better method is shown you. This is not vacillation, but it is wisdom, and largely responsible for the success that generally crowns your efforts.

You are interested in a wide range of topics, and can talk instructively and entertainingly. In small talk, you do not shine. In matters of interest, however, you display exceptional knowledge, a retentive memory, and a lucidity of expression that comes very near to carrying conviction.

Your highly-developed sense of toleration will help you out in family life, and ensure you more happiness than that enjoyed by those who are custom and convention bound. Not expecting one hundred per cent. perfection in either mate or children, not banking on permanent conformity with your individual tastes and desires, you will be easily satisfied, and contentment will be your portion.

CURIOUS WAR RELICS ALONG IRISH COAST

Many Mine Floats of Unbreakable Glass Still Being Picked Up

A party of young people sailing in Belfast Lough the other day came on an odd-looking object floating between the lighthouse and Carrickfergus. It proved to be a globe of greenish glass about the size of a bowl used on the bowling green. An old sailor explained that it was a float for a mine to which it would be attached by means of a net bag. He had, he said, seen thousands of them during the war. They are almost unbreakable. They are common on the Antrim coast and elsewhere. After a storm some were recently found at Runkerry Bay, between Portballintrae and the Giant's Causeway.

Hundreds of the glass floats may be seen at Portrush. Almost every garden has a few scattered about for ornament.

PARROT SAVES FAMILY

Cries of "Polly Wants You" Warned Them House Was Burning

Liverpool, Eng.—A parrot trapped in a burning house called for help and imitated a baby crying before it was suffocated in its cage.

The tenant of the house, Mr. James McDougall, and his wife and niece were warned and escaped.

Cries of "Polly Wants You!" came from the bird as the fire spread toward its cage in the kitchen. Mr. McDougall tried to enter the room but was forced back by flames.

TO REBUILD PALACE

Government Proceeds With Extensive Work on London Exhibition Bldg.

In spite of the change of government, preliminary work on the £250,000 scheme for the reconstruction of Alexandra palace, London, is proceeding, and the scheme is to be officially inaugurated on October 14, simultaneously with the opening of the North London exhibition.

The work is to take two years to complete and will be organized so as not to interfere with exhibitions and other activities at the palace.

A QUEEN'S HOLIDAY

Three royal personages entered the little village of Gullane in East Lothian, Scotland, unknown to the inhabitants.

They were Queen Helen of Roumania, her sister Princess Irene of Greece, and her brother, Prince Paul of Greece.

They were joined by their brother, King George of Greece.

They travelled the 380 miles from London to Gullane in a third-class railway car.

The trip was a holiday for Queen Helen.

"Why shouldn't I travel third-class?" she asked. "It is quite comfortable."

Names inadvertently omitted from the list of guests at the banquet held in Austin's Dining-Rooms on Monday evening by the members of the Bowling Club of All Saints' Church, were those of Mrs. F. J. Parsons and Miss Elliotson.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

Persons of moderate means who are obliged to count their pennies in order to make ends meet often wish they were rich and could be free from such careful calculations.

• • • • • • •

If they were wealthy, however, they would find themselves having pet economics. The rich are not reckless about expenditures. Often they are penurious.

• • • • • • •

This robs their pleasures in abundance. But there are many trifling economies in which they delight. Among these are some which are worthwhile for the moderately circumstanced to remember.

• • • • • • •

Some of them are amusing. But all show the intention to make their money go as far as it can.

• • • • • • •

One wealthy woman, who goes abroad frequently, saves her lingerie and stockings that will stand but one more wearing, and wears them on shipboard. When through with them, she throws them away.

• • • • • • •

Then her luggage is empty of these things and ready for the new supply when she arrives in Paris. Here is genuine thrift.

• • • • • • •

Economy in stationary is common among the rich. One young woman did not hesitate to buy ermine and sable coats, but used to open her letters with great care so that the lining papers would not get torn.

• • • • • • •

Then she would carefully remove the linings and deftly line her envelopes with the fancy papers. It was a pleasure for her to save the few pennies this way.

• • • • • • •

The use of the inside of the envelopes as memorandum slips is a pet economy of rich men as well as women. Half sheets of notepaper torn from letters received in which the second page is blank, are carefully saved by another group for their memo pads.

• • • • • • •

To be thrifty is never a sign of lack of money. The wealthiest concerns are the most economical. They salvage or convert everything possible into money making products. They step into greater incomes in this way. Saving in little ways is one method of having extra to spend on what one enjoys.

• • • • • • •

The rich know this.

Good Health Means Much

Your child's appearance, his conduct, his success in life, depend largely on his health. And his health depends largely upon his being kept free from constipation and the illnesses which result from it.

Baby's Own Tablets are a safe, mild laxative. If your child has a cold or coated tongue, or if he is cross and listless, with no appetite, give him Baby's Own Tablets. 25c a package at any druggist's.

BABY'S OWN TABLETS
(Dr. Williams') 171

FASHION SERVICE

This cunning peplum model will win instant appeal with smart girls of 6, 8, 10, 12 and 14 years.

It has such a grown-up air, yet it is practical as can be for classroom.

A wool challis print in rich brown tone made the original. The tricky little tab collar is vivid red to match the narrow cuff bands of the slightly full sleeves. The belt repeats the plain red challis. In its place, a red patent leather belt may be worn, if preferred.

And it's surprisingly easy to make it!

Style No. 3291 may also be worn for "best" with short puffed sleeves as in miniature back view, fashioned of pastel red flat crepe silk or of dark green wool crepe.

Size 8 requires 2¼ yards 35-inch with ¼ yard 35-inch contrasting.

Rayon flecked wool voile and sheer worsteds in prints are ever so smart.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of pattern 15 cents.

That Body of Yours

By James W. Barton, M.D

INDIGESTION FROM STARCHES.

There are some people who are bothered with pain in the stomach very often and maybe wondering whether or not it is due to an ulcer of the stomach.

The outstanding symptom of ulcer of the stomach is the pain that comes on within an hour or two after eating, and remains until some food is eaten. This pain comes on after every meal, because it is due to the action of the digestive juice when digestion of the food has reached a certain point.

So if the pain doesn't come regularly after each meal you have not an active ulcer of the stomach.

What then is likely causing the pain in the stomach, that you have so often?

Your doctor will tell you that in the majority of cases it is due to eating too much starchy food. There is sometimes so much gas distending the stomach that the pressure crowds the heart, causing attacks that frighten the patient.

Dr. L. J. Picton, Liverpool, tells us that when a patient with diabetes first has his starchy food reduced he is often agreeably surprised by the loss of a long established dyspepsia, whereas the incautious eating of a starchy meal, by a patient suffering from starch indigestion, may give rise to symptoms almost at once. He suggests that there is a regulator of the rate at which food passes through the stomach and also, through the intestines; this is situated in the stomach, and as the stomach gets sensitized or used to the starch it loses some of its power to drive or push out the starch from the stomach into small intestine. This means that the starch, although it is not digested in the stomach, remains there so long that it sets up this trouble called starch or amylaceous indigestion.

The suggestion in these cases is that more greens and grilled meat replace the starchy food. In fact, many people with this tendency to indigestion due to starches, arrange to eat only starches at certain meals, and meat and greens at other meals.

Salads and fruits are good foods in this type of indigestion.

THIS DOCTOR NOT AFRAID OF THE 'FLU

Dr. Robt. G. Jackson says positively colds, 'flu, pneumonia will not attack him. He says: "For everyone protection is only a matter of properly developing their natural defenses," as he directs in his book "How to Be Always Well." Formerly, he had colds winter and summer, but he had his last cold in 1913 and declares he will never have another. He escapes by keeping his blood alkaline through eating alkali-forming foods, proper care of the skin, proper breathing, exercising, clothing, etc., but the chief thing is alkaline food. His chief protective food is alkali-forming Roman Meal (the only alkali-forming food made from grains), helped out by other alkaline foods listed in "How to Be Always Well." Eat Roman Meals and write for his free booklet, "HOW TO KEEP WELL," and other literature, also sample of Roman Meal and Kofy-sub, the new alkaline beverage to ROBT. G. JACKSON, M.D., 502 Vine Ave., Toronto 9, Ont.

Jas. Barker Farm Destroyed By Fire

LINDSAY, Ont., Sept. 30.—(Special to The Examiner.)—Fire of unknown origin destroyed a large frame barn on the farm of Jas. Baker, near Cambray, at eleven o'clock last night. The entire season's crop was destroyed. A number of farmers gathered, but could do nothing. Mr. Baker and family live on the homestead, some miles from the scene of the fire.

Pains Across Back

St. Catharine's, Ont.—"Dr. Pierce's Anuric Tablets were so beneficial to me that I advise any one who has bad kidneys to give them a trial," said Mrs. Louis Giroux of 12 Seneca St. "I was suffering with my kidneys, they did not function right, seemed to be congested and were sore, I had pains across my back that were so severe at times I could scarcely straighten up. I took about five bottle of the 'Anuric Tablets' which put my kidneys in such perfect condition that they have not given me any more trouble." All druggists sell.

TARZAN AND THE JEWELS OF OPAR NO. 93

By Edgar Rice Burroughs
(Metropolitan Newspaper Service)

When Tarzan regained his senses he was a long way from the scene of the encounter. Both he and Werper were lying bound. The column had halted beside a stream and were preparing the evening meal. From the thick foliage of the nearby jungle a pair of fierce eyes watched the soldiers with silent intensity. As the guard unfettered Tarzan's hands to allow him to eat and he arose to his feet, a startled expression of recognition entered the eyes of the hidden watcher and a low guttural broke from its savage lips.

Tarzan heard it but did not reply. Suddenly an inspiration came to him. All through the meal time he mumbled some strange jargon resembling the barking of a dog and the chattering of monkeys. One of the blacks spoke to his companions. "I have heard those sounds before. Once at night when lost in the jungle I heard the hairy men of the trees talking among themselves and their words were words of this white man. I wish we had not found him. He is an evil spirit. We shall have bad luck."

His companions laughed nervously and moved away to repeat the conversation, with variations and exaggerations, to the others, so that soon a frightful tale of black magic and sudden death was woven about the giant prisoner and had gone the rounds of the camp. And deep in the gloomy jungle amidst the darkening shadows of the falling night a hairy, manlike creature swung swiftly southward upon some secret mission of his own. Meanwhile, Jane Clayton, through a series of vicissitudes, had fallen into the hands of the Abyssinians.

After her hairbreath escape from the Arab camp she had unluckily crossed the trail of the returning soldiers of Menelek, had been captured and again under new masters, her journey was resumed toward what she now began to believe was her inevitable fate. Abdul Mourak, foiled in all his ventures to gain the gold and jewels of Opar, was reluctantly returning to make his report to his black emperor. Perhaps now this fair flower of another race would be an acceptable gift to temper the wrath of that black ruler.

BYNG LEAVES SCOTLAND YARD FOR LAST TIME

Age and Health Sole Reasons for Retirement, He States

THREE YEARS' SERVICE

Leaves Metropolitan Police Finest Force in World in Every Department

LONDON Sept. 30.—(C. P. Cable)—"I am, as you know, sorry to leave," said Viscount Byng of Vimy as he left Scotland Yard for the last time today. His retirement as Chief Commissioner of the Metropolitan Police and head of Scotland Yard ended a three-year term in which he effected a wide reorganization of the great force, undertaken only two years after the end of his term as Governor-General of Canada.

"Age and health are the sole reasons which compel me to go," Lord Byng added. "I am responsible for neither of them. The police force, I can say truthfully, is the finest force in the world. It is keeping pace as no other with modern scientific developments in regard to wireless and every other form of advancement that can help it in counteracting the activities of the criminal.

"I leave the force with great feelings of affection."

Feels Parting Keenly

Lord Byng had arrived at the Yard shortly after 10:30 a.m., to bid farewell to his chief officers. It was obvious he felt the parting keenly. He thanked them all for the help they had given in enabling him to carry out the task he was asked to perform when the then Home Secretary, Sir William Joynson-Hicks (now Lord Brentford) sounded his "stern call to duty."

A crowd of the general public waited outside New Scotland Yard for a considerable time to see the departure of Lord Byng, who will now seek the rest and retirement at his country home at Thorpe-Le-Soken, Essex, which was interrupted by his call to London in 1923.

Sunday School Rally Held For The City

Despite weather conditions, more than a hundred girls from the various Sunday Schools of the city gathered with leaders for their Fall Rally, when Miss Eleanor Stacey, who this year attended Beausoleil Camp on Georgian Bay led a sing song.

Many new songs were learned. Miss Helen Heffernan had charge of the devotional part of the meeting and the girls were impressed with the responsibilities and opportunities that lay before girls who were striving to live the life God would have them live.

Miss Margaret Skitch gave a report of camp as she found it at Beausoleil this summer. Misses Eleanor Beck, Olive Rowe and Jean McKone gave reports from the local C.G.I.T. camp on Stoney Lake. Each report was filled with rich experiences and pleasures of camp.

Since the representatives of St. Paul's were unable to be present, Mrs. McNabb read a splendid report from the Presbyterian Girls' Camp at Glenmaria, Orilia, this summer.

During the business part of the meeting, the girls decided to have a girls' council in Peterborough. This was left in charge of the Girls' Work Board which meets on Wednesday night of this week at the Y.W.C.A.

Mrs. Porteous, W.M.S. secretary for C.G.I.T. groups presented literature to the president, and asked for a missionary rally to be held in the near future. After a welcome was extended to girls outside the city who are attending normal here but were C.G.I.T. in their home towns, the girls went to the gym where games were enjoyed for half a hour, these being under the direction of Miss Esther Thornton.

The meeting closed with the singing of Taps.

ROBERT SIMPSON CO. OPEN IN PETERBORO

Order Office in Charge of Miss Helen Blade.

Announcement is made to-day of the opening in Peterborough of an Order Office by The Robert Simpson Company, Ltd., Toronto, at 382½ George street.

Their supervisor, when interviewed, said on behalf of the Company, that for many years Simpson's have appreciated the patronage accorded them by citizens of Peterborough and district, and the opening of an Order Office is another move to extend Simpson's Service with increased convenience and speed to their customers.

From the new office, which can be reached either by a personal visit or telephone, goods may be ordered from the Toronto store or from Simpson's "Canada Wide," the new publication appearing every two months.

It is understood that the Peterborough office will be in charge of Miss Helen Blade, who has been in Toronto for some weeks training for the position, and all other help, including delivery men, will be from Peterborough. Merchandise both from their Toronto store and mail order, will be delivered free of all delivery charges.

BUDDING ACQUATIC STARS

The above youngsters will give a sensational display of swimming skill at the Y.W.C.A. Pool on Friday evening in connection with the high tea and fall rally program. They are: Left to right—Dora Doukas, Frederick Fowler, and Lily Long. All three are eight years of age and have received all their instruction from Miss Caroline F. Littlefield, swimming and physical instructor of the Y.W.C.A., and are holders of the proficiency certificate of the Royal Life-Saving Society.

LABOR DRAFTS ITS PLATFORM FOR ELECTIONS

All National Gov't Ministers and Supporters Are Ruled Out

LEFT RETURN LOOPHOLE

Sweeping Demands to Be Discussed at Conference in Scarborough Shortly

LONDON, Sept. 30.—(C. P. Cable)—The Labor Party, in opposition Ministry and formation of the National Government, has drawn up its platform for the next election. It has also read out of the party—according to the Laborite Daily Herald—all minister in the National Government and those members who have supported it.

Prime Minister Macdonald, Rt. Hon. Philip Snowden, Chancellor of the Exchequer, and Rt. Hon. J. H. Thomas, Secretary for the Dominions, are cabinet ministers elected as Labor members. Lord Sankey is another Labor cabinet minister, but he is in the Upper House.

Malcolm Macdonald, son of the Prime Minister, Lord Amulree, Secretary for Air; G. M. Gillett, Secretary for the Ministry of Transport; and Sir William Jowitt, Attorney-General, are other members of the National Ministry from the Labor ranks.

In addition to the ministry about eight other members of the House of Commons have supported the Government; at the cost of Labor party support.

Return Loophole

All Labor candidates who have declared their allegiance to the Government are also ruled out, according to Labors organ. The decree provides those expelled may be readmitted when they swear to uphold the party's tenets in the future.

The partys tenets are set forth in a series of resolutions which go before the Labor party conference at Scarborough in a few days. They have already been approved by the national executive.

The Labor platform is a sweeping demand for public ownership or control of banking policy, basic industries such as iron and steel, power, transport and coal mines, and the land.

It demands adequate provision for the unemployed, condemns the method of balancing the budget by cuts in social services, presses for drastic disarmament by international agreement, and reaffirms the belief in the right of Indian peoples to self-government.

Further, the Labor platform urges an International conference for cancellation of inter-Allied war debts and reconsideration of the world's monetary policy, and condemns any fresh attempt to restore sterling to the old gold parity.

Health Association Appeals For Funds

Valuable Community Relief Work is Carried On

(Contributed)

"They shall not pass" were the watch-words at Verdun during the trying days of distress in the World War, amid the shriek of shell and the thunder of artillery the French stood firm day after day, bravely dying in defence of their watch-words, "They shall not pass." There will be just as grim a battle waged with death this coming winter right here in Peterborough with the homes of those unable to help themselves as the battleground. The Health Association will stand at the gap and do its best to repulse the charge of suffering and death, but it cannot do so without ammunition: it cannot repulse the enemy with its bare hands. It cannot supply nourishing food throughout the twelve months or hire a trained nurse by the year and supply a car for her use without calling on Peterborough's generous citizens who are more fortunately situated than those it helps, for assistance.

The Health Association is composed of a body of physicians and other members who are freely giving their skill, their time, energy and financial support at all times. This appeal is made but once a year; it has never yet been made in vain because the need and value of the work is well recognized. It is needed more now than ever. Please send your contributions to The Examiner or the Bank of Toronto.

Parties Deadlocked, 214 Members Each

WASHINGTON, D. C., Sept. 30.—Six special elections in five states hold the key to control of the next house, although death again may intervene.

Selection of Robert D. Johnson, a Democrat, by voters of the seventh Missouri district, again threw the house membership into a deadlock, barely sixty days before Congress convenes.

Each party now has 214 members as compared with 213 Republicans and 217 Democrats after the November elections last year.

JUDGE TAKES TWO CASES FROM JURY

TWO DRIVERS OF AUTOMOBILES ACQUITTED OF MANSLAUGHTER, NO NEGLIGENCE JUDGE DECIDES

Maurice Pepin and Max Finiffter Freed in Supreme Court.

TWO CHILDREN KILLED.

Victims Were Eva Arnott and Harry Blodgett of Peterborough.

On two different charges of manslaughter arising out of automobile accidents Mr. Justice Wright took the cases from the jury and acquitted the accused after the Crown's evidence had been heard yesterday afternoon at the assizes here.

Maurice Pepin, charged with manslaughter as a result of the death of six-year-old Eva Arnott after she was run down by Pepin's car on June 9, and Max Finiffter, salesman of Toronto, arraigned on a similar count following the killing of twelve-year-old Harry Blodgett who met his death when the bicycle he was riding and Finiffter's car collided, were the two motorists who were thus acquitted.

Mr. Justice Wright declared in each case that no negligence or recklessness had been shown, but pointed out the necessity of motorists exercising particular care where children were concerned on the highways.

The prosecutions were directed on behalf of the Crown by Crown Attorney Major D. G. McIntosh, K.C., of Kitchener. The Hon. G. N. Gordon, K.C., acted for both the accused.

Unfortunate Mishap

It was after the court had assembled following the luncheon hour adjournment and following the evidence of nine-year-old Lila Ennis, the last witness for the prosecution in the case against Maurice Pepin, that His Lordship stated that the Crown did not ask for a conviction of the accused. It was quite true that the girl, Eva Arnott, met her death in the accident, he observed, but it was one of those unfortunate occurrences where children did the wrong thing. The child had made the mistake of running the wrong way into the path of the accused's car. "That might happen to the most careful motorist," His Lordship observed.

He added that in such cases there had to be gross negligence. "In this case there is no such evidence," he said.

"In this case I withdraw it from your consideration," he told the jury, "and direct a verdict of not guilty."

Robert Arnott, 66 McGill street, the first witness, stated he was a cousin of Eva Arnott, who was killed in a motor accident on Tuesday, June 9.

Eva Levasseur testified that shortly after the lunch hour on the day of the accident she was on her way to Sacred Heart School. She was proceeding north on Park street and was south of McKellar street when she saw two little children walking hand in hand. The children were Lila Ennis and Eva Arnott. Witness was walking on a footpath on the east side of Park street, and the children were almost in the middle of the road. Eva Arnott was on the east side of her little companion.

Say Horn Was Blown

Witness saw no other traffic on the road except Pepin's car, which was on the right side of the road. She would judge that the car was travelling at 20-25 m.p.h. when it passed her. The car afterwards slowed down when it got to a Mr. Turner's house. "Morris Pepin blew his horn. He blew it more than once," witness exclaimed. "Lila ran towards the ditch on the left side of the road and Eva ran in the opposite direction."

She could not see what happened after the child was struck by the car. Going to the scene of the accident, witness saw the child lying at the side of the road about 3 feet from the grass verge. She could not remember the position of the car relative to the child's body.

Questioned by Mr. Gordon witness did not remember having stated on a previous occasion that the car swerved to the right. She had intended to state that the car swerved to the left.

In answer to the judge she said "the children were walking on the middle portion of the left hand side of the road. After the children saw the car coming Eva Arnott ran to the right. The car swerved to the left."

Glendina Marsden, also a pupil at Sacred Heart School, was going south on Park street at the time of the accident, she testified. She noticed two children walking towards her and also saw a car coming up Park street on the right side of the road.

"When near McKellar street the driver of the car began tooting his horn," she said. Later she heard the brakes of the car applied and saw three boys running, and one of them picked the child up in his arms.

Richard Jones, a passenger in

First October Baby

The baby of the month for October is a son born to Mr. and Mrs. A. Griffin at St. Joseph's hospital at 3.25 this morning with Dr. F. A. O'Reilly in attendance. The boy weighed seven pounds, fourteen and a half ounces, and is the winner of the many prizes given by merchants throughout the city. The proud parents live at Park and St. James streets.

POLICE CHARGE MOB OF JOBLESS

Dozens Are Struck Down as Salford Crowd Storm City Hall.

PROTEST DOLE CUT.

SALFORD, Lancashire, Eng., Oct. 1. (AP)—Thousands of unemployed persons stormed the City Hall to-day to protest reductions in the dole and engaged in a widespread fight with the police. Dozens of them were arrested.

In the middle of the morning several thousand unemployed paraded to the public square in front of the city hall and two policemen on duty at the doors of the building were surrounded and jostled into the middle of the crowd.

The parade broke ranks and there was a surging mass of people in the square when mounted police rode up at the gallop, drawing their clubs and charging.

Dozens were struck down and others were trampled as the crowd fell back. Foot police waded in, but many of those whom they tried to arrest fought back so vigorously that they had to be dragged off to the police station.

In the first rush on the city hall many in the crowd brandished clubs as they shouted, "Remember 1914 to 1918."

INDIAN PARLEY NEAR COLLAPSE

Gandhi Asks for Delay to Continue Talks With Moslem Chief.

PROTESTS NEW SALT TAX.

LONDON, Oct. 1. (AP)—Premier Ramsay MacDonald convened the Minorities Committee of the Indian Round Table Conference at noon to-day and it adjourned at once without discussion of difficult communal problems.

As soon as the committee convened Mahatma Gandhi moved it be adjourned until next Thursday to allow him to negotiate further with the Moslem leader, Aga Khan, on the relations between Hindus and Moslems. Aga Khan seconded the motion and the meeting broke up in spite of the Protests of Dr. D. R. Ambedkar, representing the untouchables.

Failure Looming

Dr. Haridas T. Muzumdari, a member of the speakers' bureau of the Foreign Policy Association, said after a lengthy conversation with Gandhi that the conference was near a breakdown because of the preoccupation of the British Government with its internal problems, virtual non-representation of Nationalist Moslems and the bitterness existing between Moslem and Hindue representatives.

Gandhi registered a protest against new measures of taxation embodied in the special budget introduced in the Indian Legislative assembly several days ago, particularly that on salt.

Gandhi's Complaint

"At this distance I do not understand the implications" he said, "but it has horrified me to find that the poor man's salt has also come in for increased taxation. I know the congress will fight this increase and I also know that the remedy for balancing the budget does not lie through increased taxation but through radical retrenchment."

BOND MARKET IRREGULAR

NEW YORK, N.Y., Oct. 1. (CP) The bond market was irregular today but the tone was steadier than recently. Many of the changes were fractional and some miscellaneous issues were distinctly firm. Trading was moderately active.

Athletics Win First Game of World Series

JOBLESS PASS MEDICAL TEST WITH FLYING COLORS.

This is a section of the line-up of unemployed outside the medical examiners' office, Toronto, when some 213 were passed by the doctors for work north on the trans-Canada Highway. Four doctors are at work, and they stated that those they have examined are a remarkably healty lot, more so than the average factory or office worker. Only four had been rejected as physically unfit in four hours' continuous examining.

POLICE DISPERSE PARADING REDS HEADS CRACKED AT FORT WILLIAM

Riot Results When Communists' Procession is Halted.

MANY MINOR INJURIES.

FORT WILLIAM, Ont., Oct. 1. — (C.P.). — Police efforts to halt a Communist parade, for which no permission had been given, resulted in a riot on Simpson Street last night, in which two score of the paraders suffered head injuries and the police received minor cuts.

The Communist organization called a meeting in Minnesota Park, where addresses were made. They were not disturbed by the authorities, but when the mob started to parade along Simpson Street a force of about two dozen city, provincial and mounted police halted the procession. The Communist leaders refused to stop, and the crowd was charged by the officers armed with truncheons.

Used Poles As Weapons.

Tearing banners from the poles on which they were mounted, the "Reds" used the poles as weapons and for about five minutes there was a free fight. Then the police got the upper hand and the mob fled, after about two score of their number had been laid out with broken scalps. The police were not without their casualties. Chief Dodds being knocked down but not seriously injured, and Inspector Watkins received a bad gash on the head.

When the crowd had been dispersed the officers went to the Ukrainian Hall, Communist headquarters, and seized a quantity of "Red" literature, and also raided the rooms of James Barker, secretary of the organization, where other literature was found. No arrests were made. One of the rioters, whose name is as yet unknown, is in hospital.

Sir Thomas Lipton Is Seriously Ill

LONDON, Oct. 1 (C.P.).—Sir Thomas Lipton, British sportsman, was reported to-day to be suffering from the effects of a severe chill, and his condition was causing grave anxiety.

He caught cold about ten days ago while motoring, and has been unable to throw it off since.

He will be in no condition to sail for New York on Saturday as he intended, said the secretary. As a matter of fact, the passage has been cancelled.

Late this afternoon it was said that the patient was just holding his own. Four doctors are attending him.

TO TAG SCHOOLS FOR C.A.S. FUNDS

Children Will Have Chance to Help Community Work

Arrangements are about complete for tagging on Saturday. Mrs. Newhall would be most grateful for some help in the way of taggers. The need is urgent and the cause most worthy. A great many people are anxious and willing to contribute on Tag Day but our greatest trouble is that we have not enough taggers.

We have the consent of the Police Commission to tag on Saturday, and we also have the consent of the Board of Education to tag the schools on Friday.

Inspector Mowatt has given the time in which the schools will be tagged.

Central School, Queen Mary and Prince of Wales Kindergarten will be tagged on Friday morning. Please remember this. Kindergarten classes are held only in the morning in the three schools mentioned above.

All other schools will be tagged on Friday afternoon at 2.45.

Will all those who are willing to assist with street tagging come to the Bank of Montreal, George Street Branch, after four o'clock on Friday to get their boxes and tags and instructions.

The Collegiate Institute will be tagged at 1.30 on Friday afternoon.

The Separate Schools will be tagged on Friday, and the arrangement for same is with Mrs. J. J. Lynch.

QUICK RESPONSE TO CALL FOR JOBS

Some Citizens Co-operate With City Council.

Some of the city's unemployed are working to-day, raking lawns and doing odd jobs of repair about houses as result of The Examiner's advertisement yesterday urging the "Give a Man a Job" campaign. The Government Employment Office reported that "some men had been given work as a result but not many."

Officials at the employment bureau believe that there are many necessary little jobs about homes in Peterborough that need doing and which the unemployed can do, thus aiding to tide them over until the return of better times.

Grandfather Ranks Joined by Il Duce

SHANGHAI, China, Oct. 1. (AP)—Premier Mussolini of Italy became a grandfather to-day when a son was born to his daughter, Countess Edda Ciano, and Count Gaeazzo Ciano, Italian consul general here.

PLANES SURVEY FLOOD REGION

League of Nations Health Expert Accompanies Col. Lindbergh on Flight.

OVER CHINESE AREAS.

HANKOW, Oct. 1.—(A.P.)—Col. and Mrs. Charles Lindbergh and Dr. B. Borcic, League of Nations' health expert, to-day made their first food survey flight in the Wuhan district since arriving yesterday from Wuhu.

The trio took off from alongside the British aircraft carrier Hermes at 10.20 a.m. and returned at 2 p.m. (1 a.m., Eastern Standard time) after which Col. Lindbergh's plane was again hoisted aboard the Hermes.

Objections of militarists to permitting military planes from the Herbes being used in the survey were removed to-day and three of the British military aircraft made short survey flights up and down the Yangtse River.

The militarists previously had argued that if British planes were allowed to fly over Chinese territory, Japanese might claim the right to do likewise. This would prove dangerous, it was held, in view of the present Chino-Japanese tension in Manchuria.

KIWANIS FAIR IS NEXT EVENT

Another Evidence of Peterborough's Continuance of Normal Course.

CITY CARRRIES ON.

What is keeping Peterborough to the fore and securing for it the reputation of the steadiest city during this period of depression in the Province is due as much as anything to the fact that its activities have been if anything continued throughout the year with undiminished enthusiasm. The different social and service organizations have carried on with renewed energy.

The Y.M.C.A., Y.W.C.A., Rotary Club, Kiwanis Club, Kinsmen Club, Exhibition Board, and all other such organizations have put exceptional energy into their efforts and have all succeeded beyond expectations.

The next big event is the Kiwanis Produced-in-Canada Exhibition which is to be held in the Armouries one full week—October 12-17—the proceeds of which will be used in aid of the Children's Camp at Jackson Park.

There is no doubt as to the interest of the public in this excellent work, which together with the entertainment and other values to be obtained by the staging of the Produced-in-Canada Exhibition, will be just as well patronized as in former years.

CLAPPER GUILTY OF SERIOUS COUNT

Jury is Out Forty Minutes—Judge Withholds Sentence.

John Wesley Clapper, of Hastings, was this morning found guilty of a serious charge in respect to a five-year-old girl at the Assize Court presided over by Mr. Justice Wright. Sentence of the Court was withheld.

The jury retired to consider their verdict at 10.15 a.m. and returned forty minutes later. His Lordship addressing the jury said: "No other verdict could have been properly reached on the evidence."

B. H. Park, who was counsel for the prisoner, asked that the prisoner might be examined by a local medical practitioner.

The jury empanelled on the case was as follows: John Williams, Hiram Woodbeck, W. Winterbottom, C. J. Copping, Charles Friendship, Robert G. Tully, John J. Douglas, V. Murphy, G. Linsett, P. Carter, S. Carpenter, C. Flynn.

EYE-WITNESS GIVES DETAILS OF FATAL CRASH

Orval Ward, Trenton, Up For Manslaughter, Pleads Not Guilty.

CASE PROCEEDING.

No Post Mortem on Body of Blair C. Brown, Dr. H. Young Testifies.

Orval Ward of Trenton was this morning arraigned on an indictment charging him with the manslaughter of Blair C. Brown, motorcycle officer of Trenton, at the assize court presided over by Mr. Justice Wright. He pleaded not guilty. The accused is legally represented by J. C. McRuer, K.C. of Toronto.

Crown Prosecutor Major D. G. McIntosh outlining the case to the jury explained that the accident happened on the afternoon of Saturday, June 27, on the Port Hope Highway some three or four miles south of this city.

The following jury is empanelled in the trial: Earl Manlece, W. J. Robertson, James Killen, Alexander Lang, John Foster, John Cole, H. Dummitt, William Knox, Tim O'Grady, R. J. Luper, H. J. McCannon, Andrew Brotherstone.

The following witnesses were heard prior to the adjournment at noon.

Dr. Herbert Young saw the body of Blair C. Brown at the undertaking parlors on the evening of the accident. He described the injuries he found on the body and attributed the cause of death to a fracture of the base of the skull. Most of the injuries were on the left-hand side of the body.

In answer to the judge, witness said there was no post mortem. His Lordship remarked he had noticed quite a few cases here where there had been no post mortem. It was the customary thing in such cases to perform an autopsy of the body.

Kenneth Baker, photographer, identified four photographs of the wrecked cars in the accident. The photographs of the vehicles were taken by witness at the Exhibition grounds.

The photographs were entered as exhibits and handed around to the jurymen.

Constable Silvester

Provincial Constable David Silvester, on reaching the scene of the accident, testified that he found a Buick car in the north ditch facing Port Hope and parallel with the highway. The rear of the car was practically torn off and was only hanging on by a thin thread of metal. He also saw a Marquette car resting on the shoulder of the highway near the north ditch. The front wheels were on the shoulder of the road and the rear wheels in the ditch. There was a "4-90" Chevrolet car parked a few feet west of the Marquette car. The lip of the right front fender of the Chevrolet car was turned under and the right running board was slightly damaged.

Witness saw the occupants of the Chevrolet car at the scene of the accident and also the body of Blair C. Brown under some trees.

On the south side of pavement there was a long continuous skid mark a distance of 167 feet, and a mark where it had left the pavement and gone into the ditch. The mark he would say, was made by the left hind wheel of the Buick car.

Witness went into minute details covering the marks he had observed on the highway. He described a gouge in the highway which he believed to have been made by the Marquette car. The mark of the Buick car went to the gouge and the mark of the Marquette car commenced at the gouge.

His Lordship asked the jury if they could follow the evidence as to measurements given by Constable Sylvester. He afterwards directed that the witness prepare a plan of the scene of the accident, stating that it was unreasonable to expect those charged with the administration of justice to grasp the details of the accident without a plan.

Witness saw Mr. Ward, the accused at hospital. He got a statement from him as to how the accident happened.

The written statement of the accused was entered as evidence. The witness is to be recalled to submit

Simmons Hits Homer As A's Forge Ahead

St. Louis Scored Two in First Inning, But Lose Lead.

MACKS GET 4 IN THIRD

(By Alan Gould, Associated Press Sports Editor.)

SPORTSMEN'S PARK, St. Louis, October 1. —

TO-DAY'S LINE-UPS

Athletics	Cardinals
Bishop, 2b.	High, 3b.
Haas, cf.	Roettger, rf.
Cochrane, c.	Frisch, 2b.
Simmons, lf.	Bottomley, 1b.
Foxx, 1b.	Hafey, lf.
Miller, rf.	Martin, cf.
Dykes, 3b.	Wilson, c.
William, ss.	Gelbert, ss.
Grove, p.	Derringer, p.

Umpires—Klem, National League, behind plate; Nallin, American League, first base; Stark, National League, second base; McGowan American League, third base.

First Inning.

Athletics — Bishop fanned swinging and the crowd roared. Haas struck out, swinging at a low curve. Cochrane grounded to Gelbert and was out to first. No runs, no hits, no errors.

St. Louis Cardinals—High struck out. Roettger singled cleanly into centre field. Frisch singled to right and Roettger dashed to third base. Bottomley hit over second base and Roettger scored, Bishop stopped the ball, but was unable to make a play and it was a hit. Frisch stopping at second. Hafey fanned. Martin hit against the right screen, scoring Frisch and sending Bottomley to third. It was a two-base hit. Wilson grounded out to Williams to Foxx. Two runs, four hits, no errors, two left.

Second Inning.

Athletics: Simmons bounded out, Gelbert to Bottomley. Foxx struck out on a called third strike and the crowd howled. Miller struck out. He was Derringer's fourth strike-out victim and the young right-hander received a tremendous cheer as he went to the dugout. No runs, no hits, no errors, none left.

Cardinals—Gelbert flied out to Miller. Derring bounced to Williams and was thrown out at first. High singled into right field connecting with an underhand fast ball. Roettger had foul strikes on and two. Grove was pitching deliberately and taking a lot of time with his delivery. Roettger flied to Haas, the centre fielder racing over to the right field wall to make the catch. No runs, one hit, no errors, one left.

Third Inning.

Athletics — Dykes singled off High's glove. It was a sharp drive and too hot to handle. Williams singled sharply past first base and Dykes raced to third sliding into the bag. Grove fanned with the ball on his shoulder. Bishop hit to Bottomley and Dykes was run down between home and third base. Wilson made the put-out after a short chase, the play being Bottomley to Wilson to High to Wilson. Williams scored on Haas' two-base drive into left field. Bishop stopping at third base. Cochrane walked and the bases were filled. Simmons walked, forcing in Bishop. Foxx up. Haas and Cochrane scored on Foxx's line single through the infield to centre. Simmons stopping at second. Miller hit in front of the plate and was out, Wilson to Bottomley. Four runs, four hits, no errors, two left.

Cardinals — Johnson was warming up for the Cards as the inning ended. Frisch drove a long fly to Miller. Bottomley hoisted to Miller. Hafey struck out swinging at a low fast ball. No runs, no hits, no errors, none left.

Fourth Inning.

Athletics: Dykes singled on a Texas leaguer over Gelbert's head for his second straight hit. Williams fanned, breezing the third one. Grove struck out, swinging. He was Derringer's seventh strike-out victim. Bishop singled into right but Dykes stopped at second. Haas was thrown out, Frisch to Bottomley. No runs, two hits, no errors, two left on bases.

Cardinals: Martin singled sharply to left; it was his second straight hit. Wilson hit into a double play, Bishop to Williams to Foxx. Gelbert singled over second base.

Old Country Soccer Results

LONDON, Eng., Oct. 1.—(Canadian Press Cable.) — Results of League football matches played in England to-day were as follows:

Soccer.

English League—Second Division.

Nottingham Forest , Burnley 2.

Rugby Union.

Gloucester 8, Bristol 6.

BRITAIN UNDER RIGID CONTROL OF FLOOD COSTS

Government Assumes Wide Powers to Curb Profiteering.

PASSES ECONOMY BILL.

Lloyd George is Opposed to Tariff Election Issue.

LONDON, Oct. 1 (A.P.)—Armed with powers approaching those of a dictatorship by virtue of the passage of its Economy Bill, Premier Ramsay MacDonald's National Government struck to-day at London's food profiteers to check prices which already had begun to soar.

The House of Lords put through the Economy Bill last night, and the King approved it. Now the Government rules by Orders-in-Council and may put its economy measures into effect without consulting the Parliament.

Arbitrary Power

The Anti-Profiteering Bill gives the Board of Trade abitrary power to prevent price increases in foodstuffs and provides a three months' jail sentence or $500 fine for violation of its regulations.

The main topic in discussions of the election issue is now the attitude likely to be adopted by Sir Herbert Samuel, acting Liberal Leader, who is Home Secretary in the National Government and other Liberal leaders. Sir Herbert and his Liberal Cabinet colleague, Sir Donald MacLean, visited Rt. Hon. David Lloyd George, party leader, yesterday, and it is persistently stated that Sir Herbert's resignation from the Government is likely to ensue.

Lloyd George Adamant

Mr. Lloyd George, it is understood, has expressed himself very forcibly to Sir Herbert at the turn of events and there appears to be very little prospect of getting the veteran Liberal chieftain to agree to the idea of an early general election on a national reconstruction program which would include tariffs.

On the other hand, efforts are being made to arrange for Sir John Simon, Liberal who broke with Lloyd George and who is willing to agree to emergency tariffs, to enter the National Government with Sir Herbert—an arrangement which would widen the scope of Liberal representation in the Government.

Lord Reading is regarded as one Liberal who is likely to retain his post in the event of an election or reconstruction of the Cabinet.

Doubtful Liberals

There was a strong rumor tonight the five chief Liberal members of the National Ministry had decided to retain their portfolios in the event of a general election, despite the advice of Rt. Hon. David Lloyd, party leader. It was generally believed that if this report were true, the chances for an immediate election are immeasurably strengthened.

The five leading Liberals are Sir Herbert Samuel, Home Secretary, and Lord Reading, Foreign Secretary, both in the Cabinet, and Sir Donald MacLean, President of the Board of Education; Lord Lothian, Chancellor of the Duchy of Lancaster, and Sir Archibald Sinclair, Secretary for Scotland.

This evening the King had separate conversations with Lord Reading; Rt. Hon. Stanley Baldwin, Conservative Leader, who is President of the Privy Council, and Sir Austen Chamberlain, Conservative First Lord of the Admiralty.

The fact these men were called to Buckingham Palace was taken as an indication the situation is rapidly approaching a climax.

ENTRIES ARE IN EXCESS OF LAST SEASON'S LISTS

Campbellford Fall Fair Opens With Large List of Exhibits.

ALL CLASSES WELL FILLED

Fruit to the Fore With Fine Display of Domestic Science.

CAMPBELLFORD, Oct. 1 (By Examiner Staff Correspondent). — With an entry list far in excess of last year the Seymour Agricultural Society's two day Fall Fair and Exhibition opened here yesterday showing prospects of being even more successful than last year's event.

All indoor exhibits were judged in the afternoon and these offered a large variety with some splendid exhibits. Fruit this year was more than up to standard and an extraordinary large display of apples were featured, these covering all varieties. Pears were few but plums and grapes plentiful.

Vegetables were prolific and showed that the gardens of the district had been well tended this year. Among this display were a large number of citrons which were above the average proportions. All vegetables were of high quality and good size.

Grain and seed entries were also large and showed no evidence of crop shortage in this section of the country. There were some excellent samples of wheat this year and rye and barley were above the average Many of the grain exhibits were specified "extra quality" drawing higher standings.

A larger entry than usual this year was shown in the dairy class with cheese holding the place of honor. These cheese were of the finest quality and showed the perfection reached by the industry in this section of the country. Of good quality and colour they were at a premium. Eggs also were featured and some fine batches of white shells were displayed.

Domestic Science

And the ladies of the district were to the fore with a large and splendid array of home cooking and preserving. Buns, cookies, bread and biscuits and a large variety of fancy cooking that literally made the mouth water, this section of the fair was a dangerous place for a hungry man to enter. Sauces and pickles of a wide variety were also shown with many canned goods and mince meats and a host of raw salads.

Garments of every description were shown in the domestic needlework class and the work of these was splendid. Quilts and bed covers with a large assortment of children's clothing were also featured and excellent fancy work gave testimony to the diligence and thoroughness of the ladies. In the Fine Arts class work was more than good, and the rich coloring and fine tone blending of some of the water colors and oil paintings evidenced excellent talent. Among this collection were also shown some very good examples of pencil and crayon work, proof of the fact that the love of the beautiful is latent in many people and craves expression. Many fine snaps, both amateur and professional, were featured in the miscellaneous class.

Flowers were also very much in evidence with their fragrance of perfume and luxuriance of bloom. The class, although not large, was very choice and added to the exhibits a touch of color which was enchanting.

Horse-Racing

To-day, Thursday, will be the big day for the general public with a multitude of attractions. Horse racing this year is expected to go over big with a keen contest in view. Many entries in this class have been received.

Three track stars, Bud Wenger, Lou Entricken and Donna Belle will compete, and these alone will make a good showing and attract large crowds of lovers of the sport.

For the children of all ages a midway will be featured with the accompanying outlay of booths and concessions, some of which will be run by the Campbellford Branch No. 103 Canadian Legion. One of the big attractions of the day will be the Championship School Fair which will be featured in the afternoon.

For the lovers of sport two softball games have been arranged by the sports committee, both of which will feature champion teams. The ladies' game will be a contest between the Keene hurlers and the champion Belleville girls' outfit, while the Campbellford Clerks will clash with Bethel. The fair will be officialy opened in the afternoon by Mayor J. M. Bygott, the Northumberland Regimental Band being in attendance.

This big day will conclude with the Legion Street Fair in the evening, which will be staged at the south end of Front street.

3,000 Longshoremen Threaten To Strike

BOSTON, Mass., October 1 (C. P.) — Three thousand longshoremen have threatened to tie up the shipping along Boston's waterfront if their demands for a minimum of four hours' pay for Sunday and holiday work are not acceded to by noon to-day.

The Boston District Council of the International Longshoremen's Association voted the strike last night after a new wage agreement had been signed by the association's officials in New York. Under the new agreement, a minimum of two hours' pay at $1.20 an hour would be paid for Sunday and holiday work.

Fire Sweeps Cafe 7 Have Close Call

MONTREAL, Que., Oct. 1. — (C.P.).—Seven persons were rescued by firemen early this morning when fire followed an explosion in the cellar of a restaurant in the East End, the flames sweeping into dwellings on the two floors above. The seven rescued were caught by smoke in the rear of the two upper floors.

On the second storey there were several persons in two dwellings, and it is believed that they all got out safely, though it was impossible immediately after the outbreak to determine if this was correct.

FALLS STORES LOSE BUSINESS

Canadian Gov't Sets 15 Per Cent Duty to Prevent Foreign Goods Dumping.

RESULT OF DOLLAR DROP.

NIAGARA FALLS, N.Y., October 1 (C.P.). — The 15 per cent. drop in the value of the Canadian dollar as compared with the United States dollar is costing business men in this community their Canadian customers.

The situation was bad enough from the exchange angle alone, and now the Canadian Government, to prevent dumping of foreign goods in the Canadian market, has fixed a tariff on United States goods equivalent to the difference in value between the Canadian and United States dollar, or 15 per cent.

The result is, an article quoted a Canadian customer at $100 by a United States establishment will yield the seller only $70, if he accepts Canadian money, as the rate of exchange will cut $15 from his money when he changes it into United States Money, and then he will have to pay a tariff of $15 to get the article into Canada. Merchants report business with the Canadians has dropped to almost nothing this week. In the past, the Canadian trade was considerable.

There have been suggestions that the Buffalo Exporters' Association formally protest to the Canadian Government, but its officers have indicated they would await developments.

FOSS MILLS FIRE LOSS $400,000

Blaze Sweeps Lumber Yard and Damages 16 Houses in Village.

BUCKET BRIGADE FORMED.

NORTH BAY, Ont., Oct. 1.—(CP) —The small lumbering centre of Foss Mills, situated about 30 miles southeast of North Bay, lay partially in ruins today following a fire which swept the village late last night destroying 16,000,000 feet of lumber and two homes, the property of the Fassett Lumber Company Sixteen other house in the village were partly destroyed by the blaze which caused damage estimated at $400,000.

Citizens of the small lumbering town, assisted by the fire departments of North Bay, Brant and Powassan, fought a seemingly losing battle for five hours against the stubborn flames which threatened to wipe out the whole town, before a change in wind and a light rain quenched the blaze.

Lack of water and a regular fire brigade accounted for the blaze gaining such headway before a bucket brigade formed by residents of the town began fighting the flames. The only source of water available was that of a creek a quarter of a mile distant and each resident was forced to carry water to the scene of the fire.

WORKMEN HURT 30 FOOT FALL

Robert Bibby and Denton Mainprize Fall From Roof of Free Methodist Church.

AT CAMPBELLFORD.

CAMPBELLFORD, Oct. 1 (By Examiner Staff Correspondence).—Being thrown to the ground when the scaffold on which they were perched while shingling the roof of the Free Methodist Church manse at Campbellford, Robert Bibby and Denton Mainprize were seriously injured late yesterday afternoon, the former being rushed to Peterborough hospital for examination and treatment. It is thought that Mr. Bibby is suffering from a broken thigh and ribs and Mr. Mainprize was severely shaken up and injured internally.

It is understood that the plank upon which the two men were sitting while fixing the roof, slipped causing the fall. Mr. Bibby fell directly to the ground, a distance of approximately thirty feet. Mr. Mainprize, however, broke his fall to some extent by clinging for a short time to the eavetrough of the house before being forced to let go.

Building of residences in Shanghai, China, is breaking all previous records.

SENATOR PREDICTS LEGISLATION BLOCK AGAINST SHORT SELLING

Congress Members Convinced Transaction Retarding Recovery from Depression.

PROBE LIKELY.

WASHINGTON, D. C., Oct. 1. — (AP)—Unless the stock exchanges themselves act, Senator Watson of Indiana, believes Congress will legislate safeguards against short selling by speculators who seek profits through depression of security values

The Republican leader of the Senate yesterday warned the exchanges that members of congress were convinced these transactions were retarding recovery from the depression and stood ready to inquire into the practice.

Because of his position as administration pilot on Capitol Hill, it was believed here that Senator Watson reflected also the view of high government officials toward the recent bear raids in the stock market

Prediction Taken Seriously

Certain it is that he speaks with some authority, and his prediction that a thorough and searching investigation of this method of dealing with stocks will be made by a senate committee is being given serious attention here.

Many stocks have fallen to new lows in recent days. The situation has led one New York Exchange House to announce that it will not loan money to those who intend to use it in selling stocks short.

On the other hand, a defense of short selling has been made by Richard Whitney, president of the New York Stock Exchange. He said a ban against it would necessarily revolutionize the financial, commercial and industrial laws of the whole country.

President Hoover already has appealed to grain market speculators to forego any such practices at this time. Now Senator Watson warns that legislation is in prospect.

CAR HITS TRAIN WOMAN KILLED

Alexander Shragg, Victim's Son, is Seriously Hurt West of Toronto.

FREIGHT CARS OVER ROAD.

TORONTO, Ont., Oct. 1 (C.P.).—When the car in which they were riding crashed head-long into a freight train at Hollywood, a short distance west of Toronto, early today, Mrs. Lena Shragg, 62, of Brampton, Ont., was fatally injured and her son, Alexander, 24, was seriously hurt.

The auto, proceeding along Queen Street to Brampton, collided with the train on a siding. In the pitch blackness of the night, Shragg, the driver, did not see the freight cars stretched across the road until it was too late. The elderly lady was thrown through the windshield and died almost instantly.

Mrs. Shragg, a widow, was well-known throughout the country-side from Owen Sound to Port Credit, as a member of a number of women's organizations. She was also correspondent for Brampton of a number of Ontario newspapers.

DR. C. ROSE HEADS SERVICE COUNCIL

Former Murray Street Baptist Church Pastor Will Lead N. S. Campaign.

MONTREAL, Oct. 1 (Examiner Correspondence).—Election of Rev. Dr. C. W. Rose, former pastor of Murray Street Baptist Church, Peterborough, to the presidency of the Nova Scotia Social Service Council and Temperance Alliance, was announced to-day from the W.C.T.U. educational campaign headquarters here. Dr. Rose was elected to his new position at the annual meeting of the Council held this week at Truro, Nova Scotia.

He will assume the leadership in a campaign for modification of the Nova Scotia Liquor Control Act, to provide for the closing of all Government liquor stores "within the territorial lines" of counties that may give a majority vote against government sale in a plebiscite.

The meeting which elected the former Peterborough minister, who is now located at Wolfville, Nova Scotia, placed on record its belief that government sale of liquor had led to increased consumption and to an increase in the evils resulting from the use of liquor.

Premier Opposes Plan For New State

CANBERRA, Australia, Sept. 30. —(C. P. Cable via Reuters)—Campaigners for the formation of a "loyalist" conclave within the commonwealth have received a rebuff from Prime Minister James Scullin, head of the Australian Labor Government

Replying to a petition which sought approval for making the Riverin district of New South Wales a separate state—the seventh in the commonwealth—Prime Minister Scullin stated that constitutional reform must proceed on the lines of unification, not by the creation of more states.

Coffee Tasters In Hectic Days

NEW YORK, N.Y., Oct. 1.— Hectic days these for the coffee-tasters. The Farm Board recently swapped 25,000,000 bushels of United States wheat for 1,050,000 bags of Brazilian coffee. The first 12,000 bags have arrived, and the tasters are busy tasting. It is the regular method of grading the beverage bean.

Coffee tasting is a case of Coffee, coffee everywhere, and not a drop to drink," for the tasters never swallow it.

HEAVILY ARMED POLICE PARADE MINING DISTRICT

Sentries Posted Around Estevan and Officers Guard Mines.

THREE LEADERS HUNTED.

Strikers Find Little Support Among Citizens After Tuesday's Clash.

(By Frank Flaherty, C. P. Staff Writer).

ESTEVAN, Sask., Oct. 1.—Bearing all the appearances of an armed camp the mining district of South-Eastern Saskatchewan to-day settled down to await further developments in the strike which flared forth into bitter street-fighting here Tuesday. The 13 men who were arraigned yesterday on charges of rioting appear for preliminary hearing in police court today. Inquest on the dead strikers has been adjourned until next week and the inquiry into mine conditions by Judge E. R. Wylie is to go on to-morrow.

In the meantime every precaution is being taken by the Royal Canadian Mounted Mounted Police to prevent further trouble. Constables are posted on guard at the mines affected, which are some nine miles from the town. Sentries are on duty at strategic points in and around Estevan. Squads of police armed with rifles pass through the town at intervals as they move out from the temporary headquarters to take their turn on duty.

Whole Force on Hand

Practically all the mounted police in Saskatchewan are now concentrated in the strike area. Three strike leaders are being sought but are reported to have moved out just after the riot. They are James Sloan, Calgary, Dominion President of the Mine Workers Union of Canada, and Martin J. Forkin, and Sam Scarlett, organizers. A search of the mine villages yesterday failed to reveal a trace of these men who will be charged with inciting to riot. One man was found with a slight bullet wound in his back. He was given medical treatment and placed in custody.

Allegation of the strikers that they were attacked by the police while on a peaceable parade find little support among the citizens of Estevan. The police, they claim, took much punishment and were in actual danger of their lives before they used their guns. In the town and district there is a good deal of sympathy with the strikers in their demands but Tuesday's demonstration and its tragic end is looked upon as killing any hope of an early satisfactory settlement of the dispute. To-day is the 24th day of the strike.

Sir William Orpen, Noted Painter, Dies

LONDON, October 1 (C.P.). — Sir William Orpen, one of Great Britain's great painters, died yesterday after a long illness, at the age of 52. He is survived by the widow and three daughters.

Born in Ireland, he arose to prominence during the Great War when he was appointed oficial artist. He portrayed on canvas some of the outstanding events and personages o fthe struggle.

Many of his works now hang in the Imperial Museum. He had been president of the International Society of Sculptors, Painters, and Engravers since 1921, and head of numerous other art organizations. He was a member of the Royal Academy. He was a writer, too, having published "An Onlooker in France" and "Stories of Old Ireland and Myself."

SEEKS $275,000 IN STOCK

TORONTO, Ont., Oct. 1.—(CP)—Damages for alleged conversion of stock now having a value of $275,000 are claimed in an action filed at Osgoode Hall against the Bank of Montreal by W. R. Bonter, formerly of Trenton, and now of Toronto.

Three diamond wedding anniversaries have been celebrated in the little village of Snodland, England.

Mr. and Mrs. W. G Rowland Pleasantly Surprised.

WEDDING ANNIVERSARY.

MILLBROOK, Oct. 1 (Examiner Correspondence)—A very pleasant social gathering was held on Saturday evening, at the home of Mr. and Mrs. W. G. Rowland, Cedar Valley, when over one hundred friends, relatives, and neighbors, several of whom were from distant points, arrived as a surprise party on the occasion of the silver wedding anniversary of the host and hostess of the unexpected guests

A warm welcome was extended by Mr. and Mrs. Rowland to the 'invading party,' the large rooms of the hospitable home being filled to the limit of comfort when the full tale of guests had arrived.

Rev. W W. Jones, B.D., of Millbrook, acted as chairman for the happy occasion, those assisting with the brief program including Mrs. James Hutchison and Mrs. (Rev.) W W. Jones, who were the accompanists of the evening; Miss Gwendolyn Hutchison who was heard to great advantage in her piano solos; Miss C. Munroe, of Toronto, who pleased her listeners with both vocal and piano solos; Miss Beatrice Jones, whose recitations were much enjoyed; and Mr. Bruce Herron, whose vocal selections were warmly applauded.

The special feature of the evening was the presentation to the bride and groom of a quarter of a century of a handsome cabinet of silver, in the new Paris pattern, Ray Finlay reading the appreciative address and Melville Johnston offering the gift. Mr. and Mrs. Rowland, who had been seated in the midst of the company previous to the presentation, were completely surprised and deeply touched by the tokens of esteem, the former, on behalf of his wife and himself, voicing their gratitude in a few well chosen words.

A color scheme of pink and white was chosen for the table arranged particularly for the bridal party when adjournment was made to the dining room for refreshments, the dainty coloring being carried out in the twined streamers overhead, the flowers in silver vases, the runners over the white damask cloth, the candles burning in silver holders, and in other details.

Mr. and Mrs. Rowland were married at Millbrook twenty-five years ago, the late Reverend G. R. Clare officiating, the witnesses to the signing of the register, both of whom were present at Saturday evening's delightful gathering, being Mrs. Hillard Lang and Mr. John Rowland.

A few years ago Mr. and Mrs. Rowland moved from Millbrook to their present residence, taking over what is known as the Lower Mill property though they have continued to retain their church connection, and with the older children, their school connection, in this community.

Many personal good wishes for "many nappy returns of the day" were expressed by the departing guests on Saturday evening as the several carloads left for their respective homes.

More than 500 attended the Lace Ball given by the Sheriff of Nottingham, England, to popularize the wearing of lace and to mark the opening of the Goose Fair.

ENO'S "FRUIT SALT"

TWO DRIERS OF AUTOMOBILES ACQUITTED OF MANSLAUGHTER

(Continued from Page One.)

Pepin's car on the day of the accident stated that the accused and Howard Cherrill were camping at that time on the east side of the river opposite Crawford's Grove. The trio came inland out from their work at the Brinton Carpet Company's factory. Pepin's car each day.

On the day of the accident they had been to the camp and were returning from lunch. He and Cherrill sat on the front seat of the car with Pepin.

The car was left at Crawford's Grove and witness and the other two men went across to the camp and back in canoes.

The factory had a time clock system in operation and an employee was late he would lose some pay, witness explained. In the place here they left their car to the works, witness would judge to be 9 they crossed the river and got into the car to return to work just as the ten minutes to one whistle was blowing at the C.E. factory. The route followed was out of the Grove on to Monaghan road, up Park street and then Braidwood avenue, and on to the plant. Witness had been over the route on many occasions.

As the car turned to Park street, witness stated, he heard the five minutes to one whistle blow at the Brinton factory. The car at that time had completed about half the journey to the factory from Crawford's Grove.

Witness noticed the children on the roadway when they reached Turner's house. The children were in the middle of the road. Eva was on the right hand side of her companion.

"As the car was about twelve yards from the child Morris sounded his horn," said witness. Describing the accident he stated that Eva Arnott was struck down by the bumper of the car and the child's body went right under the car. "The brakes were only applied once; immediately after the child ran in front of the car. Witness picked the child up.

In answer to Mr. Gordon he said the usual time of starting from Crawford's Grove to go to work was about fifteen minutes to one o'clock. The distance could be covered easily in 10-12 minutes at a speed of 15-20 m.p.h.

Similar testimony was given by Howard Cherrill of 628 Lock street. The car, he said, was travelling at a speed of from 15-20 m.p.h. just immediately prior to the accident. The speed did not alter until the car was nearly abreast of the children when it slackened up. One of the children ran right in front of the car. The car proceeded for about thirty feet before stopping after the collision. The car did not alter its course from the time the children were first noticed until after the impact.

Provincial Constable David Silvester and Traffic Officer gave evidence of investigations they had made following the accident, and of measurements they had made, at the scene of the accident.

Mrs. Leith was also called to the witness box. She was, she said, a housekeeper at the Turner home. The child was brought to the house on the day of the accident at about quarter to one.

Little Lila Ennis, companion of the accident victim, related how she and the deceased were walking up Park street to school. The first that witness knew of a car approaching from the rear was when she heard the horn sounded. "Eva must have got scared," said witness, in a scarcely audible whisper. "She ran across into the car."

"Eva did not fall down the car pushed her down," she said later, and in reply to the Crown Prosecutor's question as to what witness did when Eva was pushed down, she exclaimed, "I just stood there."

Under further questioning the child stoutly maintained that Eva ran as soon as the horn was sounded. She ran right across the road."

Max Finiffter Arraigned

Max Finiffter was next arraigned on a charge of manslaughter to which he pleaded not guilty. Outlining the case to the jury Crown Prosecutor McIntosh said that the charge arose out of an automobile accident that occurred on Friday, June 12, 1931, on Provincial Highway 28 about half-a-mile from the city limits. The scene of the accident was at the intersection of Third avenue and the highway. Shortly after twelve o'clock noon a young lad, Harry Blodgett, was riding his bicycle. He had a young boy on the cross bar. Proceeding along the highway he was struck down by a motor car driven by the accused.

The jury empanelled in the case was as follows: Harry Short, H. J. McCannon, Albert Clydesdale, Chas. McIntyre, W. Gardiner, Frank Trude, Charles Whitley, Frank P. Joy, Robert Brookes, Wm. H. Elliott, J. Foster, Frank Pakenham.

Justin Blodgett, 14 Mill street, city, testified that it was his son that was killed in the accident. He was 12 years old and died the day following the accident. The cycle he was riding belonged to deceased's brother. The boy was a good rider.

Paul Burns, ten-year-old boy, who was riding on the cross-bar of the cycle at the time of the fatality, related how he and his companion were proceeding down highway 28 on the cycle. They were taking it easy, he said, and were on the right side of the highway very close to the edge of the pavement. He first knew of the automobile when Harry Blodgett went to turn his bicycle to go up Third Avenue. "I said look out Harry there is a car coming." Witness could not say how close the car was at the time he issued the warning to Harry Blodgett.

He said that neither he nor Harry put out their hands to signal that they intended to turn.

The cycle was just about at the edge of the pavement opposite from Third avenue and the cycle was just about to turn immediately prior to the accident. Witness thought the car would pass behind the cycle. He did not remember anything after that, as he was struck on the head.

Shown a plan of the scene of the accident the young witness could not say just where the cycle was at the time of the impact with relation to the position of the automobile.

In reply to Mr. Gordon the boy said that when he looked behind and first saw the car it was going slowly.

Dr. Malcolm J. McCulloch testified as to the injuries received by the victim. When the boy was brought to his surgery at about twelve o'clock he was unconscious and apparently suffering from concussion. He subsequently determined that the victim had a fracture of the base of the skull and to this cause he attributed death.

Mrs. William Vass, who resides on highway 28 near Third avenue, told of how she had just come out of her house to sit on the front verandah on the day of the accident. She noticed Paul sitting on the cross bar of the cycle, Harry was peddling. The speed of the cycle was faster than a good walking pace.

Witness was alarmed when she saw the Finiffter car getting closer to the boys. She watched carefully wondering if they would turn. The car turned out to pass the boys.

When the car went into the ditch the cycle was on the highway after the boys had been thrown off the machine. She did not remember hearing a horn sounded by accused's car.

Witness estimated the speed of the car as it passed her house at from 25-30 m.p.h. It later slowed down to from 20-25 m.p.h.

Clifford Carruthers, whose house is on the west side of highway 28 leaving the city, stated that at noon on the day of the fatality he was on his front lawn. He heard a noise and looked up. It was the collision. He heard absolutely nothing before the crash. He saw the bodies of the boys go into the air, he stated, and a car go into the ditch. He would say the accident occurred a little south of Third avenue.

Witness would not say that the car was going at more than 25 m.p.h. when it went into the ditch.

Leslie French, who was on Mr. Carruther's lawn at the time of the accident, gave somewhat similar evidence.

Traffic Officer Edward A. Hornick was called to the accident. He found the car in the ditch. He interviewed the owner of the car and later saw the accused at the clinic. The car was equipped with four-wheel brakes in good condition.

Witness described the skid marks he found upon the roadway and described how the automobile had gone into the ditch over a 2-foot 10-inch culvert. It then ran in the ditch for a distance of 22 feet, broke off a fence post and then came to rest 33 feet further along the ditch. There was a skid mark on the pavement showing that a wheel had been locked for 60 feet. The car travelled over one hundred feet from the time the brakes were first applied.

Provincial Constable David Silvester gave evidence of having followed up the injured boys to the clinic. He saw the accused at the clinic also. He was not present when measurements were made at the scene of the accident. From his knowledge of the measurements witness would deduce that the car was travelling at a high rate of speed.

Crown Attorney—What do you call a high rate of speed?

"Anything over 40 m.p.h.", replied witness.

That concluded the case for the Crown.

PRIMARY ROOMS HOLD FIELD DAY

Vivian Payne and Donald Yale Are First and Second in Point Averages.

AT LAKEFIELD.

LAKEFIELD, Oct. 1.—(Examiner Correspondence). — The postponed portion of the Public school sports program was run off on Monday afternoon. From three to four o'clock the two primary rooms had their field day with their teachers, Miss Kidd and Miss Madill, in charge, and three of the Public school senior girls to assist.

The little folks had a remarkably nice time and entered into the events with a keen enjoyment and showed deep interest both in participating and as spectators.

The following are the results:

Miss Kidd's girls, 25-yard dash—1, Betty Millage; 2, Jean Millar; 3, Jacqueline Morin.

Miss Kidd's boys, 25-yard dash—1, Eddie Hogan; 2, Francis Allen; 3, Freddy Mason.

Miss Madill's girls, 30-yard dash—1, Sybil Lennox; 2, Maxine Hunter; 3, Gladys Allen.

Miss Madill's boys, 30-yard dash—1, Billie Clark; 2, Cameron Pearson; 3, Charlie Earnshaw and Lloyd Allen.

Miss Kidd's girls, block race—1, Betty Millage; 2, Jacqueline Morin; 3, Mureitta Hull.

Miss Kidd's boys, block race—1, Carroll Hill; 2, Freddy Mason; 3, Billie Bell.

Miss Kidd's girls, snow shoe race—1, Betty Millage; 2, Jacqueline Morin; 3, Isabel Millar.

Miss Madill's boys, sack race—1, Francis Allen; 2, Freddy Mason; 3, Carroll Hill.

Miss Madill's girls, 3-legged race—1, Ivah Jackman; 2, Evelyn Moore; 3, Jean Garbutt.

Miss Maddill's boys, sack race—1, Gerald Pearson; 2, Cameron Pearson; 3, Percy Edwards.

Miss Maddill's girls, 3-legged race—1, Audrey and Vernabelle Patterson; 2, Sybil Lenox and Jean Orr; 3, Isabel Bullock and Verna Hull.

At four o'clock two of the intermediate events were run off completing the program. Mr. Chaplin was in charge.

Pole vault—1, Allan Mason, 5 feet 6 inches; 2, Donald Hurl, 5 feet; 3, Donald Yale, 4 feet 10 inches.

Bicycle race—1, Gerald Northey; 2, Kenneth Morris; 3, Kenneth Briant.

Vivian Payne with 21 points wins the championship with Donald Yale second with 20 points and Allan Mason third with 17 points. Audrey Emery leads the girls by a wide margin.

LADIES' AID

Queensboro Group Prepares for Bazaar to Be Held in November

QUEENSBORO, Oct. 1 (Examiner Correspondence) — The September meeting of the Ladies' Aid was held at the home of Mrs. Tessa Keene on Thursday afternoon with a large attendance. Mrs. Harry DeClair, the president occupied the chair and opened the meeting with singing, "I hear Thy welcome voice." The Lord's Prayer was repeated in unison. Miss Jennie Thompson read the scripture lesson from Psalm 22 after which "Just as I am without one plea" was sung.

The roll call was called and several matters of business were dealt with. Several blocks for the autograph quilt were brought in and some donations toward the bazaar to be held in November. The meeting closed with singing, "There is no name so sweet on earth" and the benediction by Rev. Mr. Everson.

A very dainty lunch was served by the hostess assisted by Misses Jennie Thompson and Jessie Delyea.

STIRLING.

Prior to her marriage to Floyd Sheffield at Zion Hill, the neighbors gathered to bid farewell to Miss Evelyn Wilson and bestowed many dainty and useful gifts.

Mr. Allen Meiklejohn is attending O.C.E., Toronto.

Mr. R. P. Coulter and Mrs. Ross Coulter are visiting Mrs. C. Farrell at Grimsby.

Mr. and Mrs. Lorne Stark and little Jean, of Belleville, were Sunday visitors at Mr. Roy Eggleton.

Rev. A. N. Reid, Mrs. Reid and Helena Fargey motored to Toronto this week.

Mr. Charles Allen acted as pianist at a dance at Trent Bridge Monday night.

Mrs. Emma Woodbeck, Clifford, Ray, and Gladys have returned to their home at Flint, Michigan.

Mr. Ned Potts has returned to Montreal to attend McGill University.

ANNIVERSARY CARMEL CHURCH

Rev. E. McCutcheon, of Belleville, is Special Speaker for Occasion.

SPLENDID ADDRESS

STIRLING, Oct. 1 (Examiner Correspondence).— Carmel Church, two miles west of Stirling, held its anniversary services and annual dinner on Sunday and Monday.

Rev. E. McCutcheon, of Belleville, was the Sunday speaker. He very appropriately chose for his theme, "Lessons to be learned from the depression which now is being suffered."

This was predicted in Bible times. This is perhaps needed to bring people back to the church.

The choir furnished two anthems each service. M. Fraser sang a solo, "Drifting."

On Monday evening the bountiful tables gave no evidence of the depression. Many Stirling people joined with them to partake of the chicken dinner.

A delightful program followed the meal. Speakers were Rev. A. Doggett of Frankford, and Rev. F. Joblin of the Rawdon circuit.

The Carmel orchestra consisting of A. Pyear, pianist; S. Houton, saxophone; M. Fraser, traps, and L. Fraser, violin, gave several pleasing selections.

Rev. E. Rowland and Mr. Lindenfield sang a duet, "The Old Wayside Cross."

Alex Park of Stirling gave a humorous recitation, "The Irish Philosopher," and Mrs. A. Doggett sang "An Old Fashioned Town."

Proceeds of collection and tea were $325. The church has about twenty families.

St. Andrew's Guild

Miss L. Smith, leader of the Missionary evening, arranged a splendid program, when Mrs. Sam Donnan acted as leader and Mrs. Albert Hammond read a letter from Miss Freda Matthews, deaconess at Kenora.

Miss Matthews described the work of the school. In 1900 the first pioneer work was started. In 1929 the school was built on the present location on the shores of Round Lake. In the building are six dormitories, a laundry, playrooms, dining rooms, a small hospital room and a farm of 200 acres.

The life is varied and a most practical education is given. Sewing, cooking and laundry work are taught the girls, while the boys learn the rudiments of poultry raising, gardening etc. Organized games are supervised. There is a Junior Red Cross and C.G.I.T. group.

The Indian children come from homes of poverty, squalor and disease, but are very quick to learn better ways of living. They have nature study, hikes, and are taught to live even as we. They all love singing, their favorites hymns are "Onward, Christian Soldiers" and "Stand Up for Jesus."

Mrs. J. McGee read the scripture lesson. Mr. A. Murduff gave a talk on Legends of Vancouver: the story of a greedy Indian miser who refused to share gold given him after being turned into a sea-monster.

Elizabeth Rosebush gave a reading on "Faith."

A pageant, "Three—A Stranger," was next presented. Mrs. Harper Rollins represented the church; Mrs. M. Ward, Canada. They were assisted by Trenalda Eggleton, Deaconess; Olga Tulloch was a Sunday School worker; Helen Spinks a C.G.I.T.; Helen Ward, Sunday School by Post.

The strangers coming in were Phyllis Mitchell, Jewess; E. Rosebush, from Finland; J. Rosebush, a Russian; Jack Tulloch, Ukranian. Each new country received a warm welcome into the church.

St. Paul's Y.P.S.

Pansy Lansing gave a reading, "So Was I," and F. Hulin gave the topic, "The Sunny Side of the Street." "God has brought us through one crisis after another. While in this depression let us remember that our land is rich in resources."

T. Furnival gave a violin selection accompanied by Mrs. R. H. Williams. Miss Jones put on a bird story contest.

Havelock Kilties Entertain Crowds

CAMPBELLFORD, October 1 (Examiner Staff Correspondence).—With the skirl of the bagpipes playing real braw Scottish laments, the Havelock Kilties Band entertained the patrons of Scott's Wee Golf Course last evening when he loaned his ever popular amusement to the Campbellford Branch No. 103, Canadian Legion B.E.S.L., for the purpose of raising funds for relief work. This was the first of the program of efforts staged by the local branch in connection with the Campbellford Fall Fair, and many citizens took the opportunity of enjoying an evening's play and helping out a worthy cause at the same time. To-night (Thursday) the Legion will stage their annual street fair, which is an ever popular event in Campbellford.

Havelock

The regular meeting of Havelock Women's Institute will be held in the Council Chamber on Monday afternoon. October 5th, at 2.30. Health talk, by Mrs. Lancaster, and demonstration of putting pockets in boys' pants by Mrs. Hagerman are the items on the program.

Misses Gillen and Deacon of Marmora are guests this week with Mrs. J. H. Moore.

Miss Lillian Plunkett has returned from a two weeks' vacation, when she visited friends in Toronto.

Mr. and Mrs. P. Pincombe and family left Monday morning for Port McNicoll, where Mr. Pincombe has been transferred by the C.P.R.

Mr. Alfred Stapley of Midland, who has been visiting his friend, J. R. Bedford, for the past ten days, returned home on Tuesday morning.

The regular meeting of Havelock Efficiency League was held in the school-room of the United Church on Monday evening, with a goodly attendance of the young people.

Rev. Mr. Kemp, pastor of the church, led in the devotional exercises, and was followed by Scripture reading by Miss Edith Roberts, president. Hymns were then sung.

Miss Barbara Fennell was appointed as leader of the Red group and will be assisted by Miss Mildred Redden.

HOME TOWNERS

TIDBITS INTERESTING AND HUMOROUS FROM CAMPBELLFORD

Mr. Bert Baines of Preston was the week-end guest of Chief and Mrs. G. C. Bromley.

Mr. and Mrs. Harry Lawson of Toronto are the guests of Mr. and Mrs. William Runnells.

Mr. and Mrs. J. M. Coombs of Smith's Falls are the guests of Mrs. Glassford, Canrobert Street.

Mr. and Mrs. Andrew Milne were the week-end guests of Mr. and Mrs. J. G. George, Millbrook.

Mrs. G. C. Bromley and daughter Laurel were the Sunday guests of Mr. and Mrs. S. C. Marshall, Peterborough. We are glad to say that Laurel, who has been suffering from hemorrhage of the eye caused by an accident, is gradually recovering.

Mr. and Mrs. Russell Melville had as their guests over the week-end Mr. and Mrs. Verne Ames and son Harold of Hamilton.

Mr. Charles Irwin of the Bank of Montreal staff, and Mr. Lionel Dalgleish of Long's Confectionery staff, were visitors to Belleville on Monday.

QUEENSBORO

Mrs. Thomas Moorcroft is in Toronto visiting a brother who is quite ill in the hospital.

Mr. Charles Sager returned home on Saturday after spending several days with his son Thomas at Prince Albert, Ont.

Miss Mabel Burris has returned home from the Belleville General Hospital where she underwent an operation, and is recovering nicely.

Mr. Fred Sager has almost completed the erection of a fine new kitchen.

Some inside repairs have been done recently on St. Henry's Roman Catholic Church.

Mr. Thomas Sager of Prince Albert, Ont., spent the week-end with friends here

Mrs Fred Sager spent Friday evening in Stirling attending an O.E. E.C. executive meeting.

THURSDAY, OCTOBER 1, 1931

THE WORK ARMY QUOTA.

Apparently Peterborough has not been included in the cities from which the first quotas of unemployed for the road construction camp in the North are being drawn.

There are many single men here who would willingly accept this opportunity for steady work during the winter months, and it is to be hoped that when later calls are made at least a portion of the local unemployed will be given a chance.

It is recognized, of course, that the work already projected in the North will not take care of the whole army of the workless; it is also appreciated that there are large numbers of Northern Ontario residents who must be looked after, and that conditions in Peterborough are regarded as less serious than in some other centres.

Nevertheless there is no reason why this city should be passed over altogether, and it will be the duty of our municipal authorities and of the representatives of this district in the Legislature to keep closely in touch with the situation and to increasingly remind the Ontario Government that there are unemployed men here who have the same right to consideration as have the workless in any other part of the Province.

THE NEW TERROR.

Pointing out that typhoid fever, scarlet fever and small-pox, until largely eliminated by medical science were listed among the terrors to civilization, the Ottawa Journal supplies the startling information that during the first three months of the present year there were more Canadian lives claimed by motor car accidents than there were taken by the three once-dreaded diseases.

Official figures for the first quarter of 1931 show 146 persons killed by automobile accidents, as against 55 deaths from typhoid and paratyphoid fever, 83 from scarlet fever and two from small-pox.

There is much force in the Journal's remark that "it will be a strange commentary on the alleged progress of science if the death toll of that modern scientific invention, the automobile, is to continue to exceed those of the three dread scourges which medical science has considerably eliminated."

The worst feature about it is, that the heavy toll of life through automobile killings is being accepted in a spirit that can only be described as indifferent.

Medical science refused to regard the slaughter caused by certain types of disease as inevitable; it fought until means of controlling such diseases had been found.

But death on the highway is being taken as a matter of course.

Even the obvious truth that the majority of such killings could be avoided by ordinary care seems to be disregarded, and the death rate from this cause continues to mount.

KEEP UP THE QUALITY.

It should be of general interest to Canadians to learn that while the returns for the fiscal year ending June 30, 1931, showed that shipments of Canadian cheese registered a slight decline while Australian and New Zealand shipments increased, the average price paid for Canadian cheese was much higher than that paid for cheese from those Dominions, 78 shillings per cwt., as compared with 64 shillings 4 pence.

In other words, Canadian cheese continues to be regarded as the best on the market, and it is to be sincerely hoped that all those connected with the industry in this country recognizes the importance of keeping it at that level.

Dairy Commissioner Ruddick, only just back from Great Britain, is one who has no illusions in the matter, and he is emphatic in his advice that only cheese of the finest quality should be sent to the British market.

That is excellent counsel.

It is the duty of everybody engaged in the manufacture of cheese in this country to see that the quality of their product is maintained or even bettered so that the premium under which Canadian cheese is now being marketed overseas may be continued.

The only safe way of holding that advantage is to turn out a product that will continue to top the market.

A VALUABLE HAND BOOK.

A volume that should have permanent value as a book of reference and that covers a subject not before treated in this way is the hand book to the work of the General Synod of the Church of England in Canada that has just been published by Rev. Maurice Rooke Kingsford, M.A., of Gore's Landing.

The compiler has done a huge amount of research work in bringing together the data contained in this pamphlet, and it contains material that would be impossible for those interested to quickly obtain in any other way.

There are many features of great interest in Mr. Kingsford's book, notably its references to the question of the size of a normal Canadian diocese, laymen's work, the Anglican forward movement, the Quebec endowment plan, while of particular concern to Anglicans in this part of Ontario is the information given as to the memorial of the Peterborough Laymen's Association.

In his introduction, Rev. Mr. Kingsford refers to his matter as follows:

"Particular attention has been given to the proposed diocese of Peterborough. The suggestion of the commission to unite the area to the diocese of Ontario meets with the unanimous approval of the entire Anglican population of the area concerned. Literally, before Saskatchewan was on the map, there was a movement in Peterborough to have a separate diocese, and the tradition is deep-seated. The Johnson bequests and the bequest of Archdeacon Wilson, totalling over $75,000, were left to help the weaker parishes in the archdeaconry of Peterborough and to help forward the day when a diocese would be established. It is not merely a selfish whim that the people of Peterborough do not wish to join Ontario, but because they consider the proposal ill-advised. It is quite possible that with the increased industrial activity due to the St. Lawrence power development, that the diocese of Ontario itself may have to be sub-divided before long. In the constitution of the General Synod it is distinctly laid down that none of the rights and privileges of the dioceses shall be interfered with. Within the ecclesiastical Province of Ontario it is the diocese which contains the residuum of power. The diocese of Toronto has put itself on record officially through its synod as being opposed to a dismemberment of the diocese and prefers to appoint a suffragan bishop. Unless the constitution of the Canadian church means nothing, and church constitutions are merely scraps of paper, it is a wrong policy to attempt to coerce Toronto. Moreover, the provincial canons make full provision for the appointment of suffragan bishops."

Mr. Kingsfords book is now available for Peterborough readers.

CUTTING GOVERNMENT COSTS.

South Africa is taking a bold step to reduce its cost of government. The union has four provinces, each with a legislative council of 20 and an executive of four. These are all to be abolished because they don't balance their budgets.

A comparison with Canada indicates the saving that will be effected.

Canada has nine provinces, each with a lieutenant-governor, a cabinet and a legislature. Annual salaries of these functionaries range from $26,500 in Prince Edward Island to $350,000 in Ontario. The official payroll of these nine provincial governments aggregates about $2,000,000, on top of which must be added the far greater cost of maintenance, travelling expenses, etc., all unnecessarily duplicated many times over for the gratification of local pride.

Many times it has been suggested that the three maritime provinces should be united. Similarly the three prairie provinces could be combined. This would reduce the number of provinces to five—and that is plenty for 10 million people to carry on their backs.

The vast organization of the League of Nations, whose labor and economic bureaus are doing research work that is invaluable for the whole world, is operated at a cost of $5,000,000.

South Africa has set an example in abolishing unnecessary duplication of costly government facilities. Manitoba has commendably suggested a saving within her own sphere by a cut in the size of the Legislature. But is it not time Canada seriously began to grapple with this problem as a whole?—Vancouver Sun.

THIS TAKES COURAGE.

Three men gathered in a restaurant in Edmonton and the conversation, as most conversations do these days, turned to the present unsettled condition of the world. One of the men, admitted 68 years, and he had been farming all his life, but that there was nothing in it and he was going to make a new start and go into the muskrat raising business Moreover, his father, at the age of 96, was going along to help him.

When this man of 68 commenced farming the development of the West could have been no more than in its infancy. He might justly be listed among the pioneers, and the fact that he has farmed all his life is sufficient evidence that he has given his particular section of land a good trial.

At age 68 there are not many persons thinking of "starting all over again," but this is exactly what this man is going to do and there is no telling what the future holds forth.

It was this type of manhood that brought the Canadian West fame as one of the outstanding wheat growing areas in the world. He is not the only farmer in the West who has discovered in the last few years that there is "nothing in the land." It is now admitted that there are sections of the West that should never have been developed for agricultural purposes owing to the lack of a steady water supply. The life that was in that land has been burned out and farmers are facing the necessity of shifting to other parts of the West and beginning all over again.

Millions of dollars have been made in the West and millions of dollars have been lost. Farmers who a few years ago were considered wealthy and who spent their winters in California and Florida are today faced with the necessity of borrowing sufficient money to buy seed for next year's crop.

But the men who come out of the West are not quitters. There are still thousands of acres of good land in the West. There are millions upon millions of dollars still to be made on that prairie country, and men of the calibre of this 68-year-old are going to make it, even if it does mean "starting all over again."—Stratford Beacon-Herald.

EDITORIAL NOTES AND COMMENT.

The world's series will attract more attention during the next few days than the world depression.

At any rate the automobile serves to keep the judges of the country from joining the ranks of the unemployed.

More than ever the Children's Aid Society requires funds this year. The response to Saturday's tag day appeal should be correspondingly generous.

Communists are said to have led the demonstration that wound up in bloodshed at Estevan on Tuesday. Deportation would seem to be the only remedy for the Red agitators.

Canadian dollars are being discounted in New York. If that leads Canadians to spend their money at home, we owe New York a vote of thanks.—Chatham News.

When four hundred names were struck off the dole at Sheffield, Eng., 114 of these went to work and the rest are being supported by their own families.—Sault Daily Star.

Mayor Jimmy Walker is returning to New York for a visit.—Detroit Free Press.

(Continued from yesterday.)

INSTALMENT 20

Half an hour later the automobile stood at a standstill on the Cambridge side of the Charles River, within two minutes of the Harvard Bridge that crossed to Boston. The snow swirled in white clouds outside the amber-colored peek-holes, but Fabia and Dan were as snug and undisturbed as if they were buried in the cabin of a submarine.

"I might as well tell you the truth," said Dan abruptly, with the blunt honesty Fabia was learning was characteristic of him, "I wasn't so darned innocent last night as you thought me, and I think you'd better know it. If we hadn't been interrupted, I would probably have proved it to you, too. I suppose you're hardly aware that I'm in the same car with you. Last night," he went on, not giving her a chance to put in a word, "I was all right so long as we were talking about myself, which proves I am just what you said—a horrible egotist; but all the time we were talking about religion—what I thought about death and all that—my mind was wandering."

"Where?"

"You make things that are as unenigmatical to me as the alphabet seem mysterious and strange."

"I don't understand."

"Well—last night in that party dress of yours . . . Good Lord," he broke off, "you'd think with my training I'd be hardened to seeing the human body in anything—or in nothing; but you make it an entirely different proposition to me. Just take your hand there, for instance."

They were both sitting with arms folded; her hand lying upon her forearm was within two inches of his lying upon his forearm.

"I know every little bone and muscle in that hand," he went on. "I could dissect it without a quiver if it belonged to any one else—but because it is yours—take it away from me, for Heaven's sake!" he exclaimed, as he leaned toward Fabia.

But she didn't take it away. Instead, she stretched out her fingers and laid them over his, clenched upon his forearm. Their fingers interlaced eagerly, and an instant later his arms were around her and he was kissing her again.

"Oh, you see," he said afterwards, "it's no use. We can't be friends."

"Yes, we can. It was my fault, Dan."

She had never called him Dan before.

"Oh," he answered, "you can make even my name sound mysterious and strange. I'll be kissing you again if you don't look out." He moved away from her. "This must stop," he said savagely. "I ought to be shot for doing what I did."

"I don't know why you should object if I don't."

"I've told you why," he replied sternly; "it can lead to nothing."

"Well, what if it can't? They say it's like a fever. We'll get over it."

"What sort of girl are you, anyway?" Dan burst out. "Are you just playing with me, or what? It is not a thing I can take so lightly. I don't understand you in the least."

Sweet, indeed, to Fabia was this protest. His condemnation of her proved the depth of his own feelings. She wanted to cry out, "Oh, kiss me again," but she resisted the temptation. (Oh, if only she could take it lightly! If only it were just a fever! If only she were playing with him!)

"Thank you for a wonderful ride!" she said primly, and started to get out.

"It was a failure. I spoiled it."

"No, I spoiled it. I was wanting you to do what you did. I tempted you to do it. But I promise I won't again. I know we can't go on being friends, if that sort of thing happens, and I do want to be friends. Do let's try once again."

"When and where?"

"Well, when do you have to make another call in Newton?"

"Day after tomorrow."

"At the same time?"

"Yes."

"Well — "

He turned to her. His eyes were as brilliant as topazes. "I'll be there at twelve o'clock," he said.

Fabia's heart was beating with high elation as she mounted her grandmother's front stairs. When she opened the door of her room, she was surprised to find Aunt Charlotte.

"I heard you come in," she explained. "Mother's lying down, and I thought this a good time to speak to you about last night. I wanted to tell you not to let what mother said about being the vulgar streak in the family bother you. She threatens all of us with it, if we show interest in any one who isn't in the Social Register. I don't know anything about this Dan Regan. I may be making a lot of trouble—but for goodness' sake, Fabia, make your own decisions."

"Oh, Aunt Charlotte, if you could only know Dan Regan, you'd see he isn't common or vulgar in the least. He's simply splendid! He's going to be Dr. Warburton's successor some day, and one of the leading surgeons in Boston."

"Oh, you're in love with him, are you?"

"Oh, no. I just admire him very much."

"You've just been seeing him, haven't you?" Aunt Charlotte was observing Fabia very closely.

"Yes. I just this minute left him."

"I thought so. Does he love you, too?"

"Oh, no. We're just friends."

"Have you talked with your mother about him?"

"No; I've tried, but I can't somehow. It's so easy to talk to you."

"It's always easy to talk to people whose advice you haven't got to take any notice of. But you mother knows about him now, so you can talk to her tonight. Mother called her up the first thing this morning."

"What did nother say?"

"Made light of it. Didn't let on she didn't know about him."

"Aunt Charlotte, mother puzzles me sometimes."

"I'm not surprised."

"You and she were friends at boarding school. Did she love father awfully when she married him?"

"What do I know about love?" shrugged Aunt Charlotte. "I never had a man even kiss me. No, I never thought Lisa loved Rupert."

"Has mother ever loved anybody else?"

"I wouldn't be surprised, but nobody will ever know."

"Have you suspected she loved somebody else?"

"I say so little and look on so much I see things others don't."

"I've suspected it, too, and it makes me just sick, Aunt Charlotte."

"I don't see why it should. Love can't be helped sometimes. But what you do about love can be helped. Some people can't help what they do, I suppose, but Lisa can, and as well as any woman I know. She's almost as enslaved by the family's conventions and traditions as if she'd been born a Vale, and has terribly high ideals about her duty to her children. So I wouldn't be worried if I were you."

"It's wonderful to have discovered you, Aunt Charlotte. You take the tragic out of everything. You're only as old as mother. Do you feel you never could love anybody even now?

"You compliment me! Who do you think would look at me?'

"I would if I were a man—and heard you talk like this. I think it's fascinating."

"You're a nice child, Fabia. You remind me of Barry Firth."

"Yes, he says things like that to me sometimes. If Lisa hadn't him lashed to her mast, perhaps I might try my irresistible fascination on Barry." She gave a bitter laugh, and immediately changed the subject.

"Did you have a good time at the dance last night?" Lisa asked when Fabia returned.

"Mother," burst out Fabia, "I know Grandmother Vale called you up. Aunt Charlotte told me she did. Why don't you talk straight out to me?"

"I thought I'd leave it to you to do that."

"It's hard for me to lately."

"Is it, Fabia? Really? Why?"

"I don't know that I can explain, but—well, it seems as if it would be easier to confide in you, if you did, too."

"You mean if I confided in you? Perhaps I can some day. I don't know. It's always easier to talk about a strange country one has visited with some one who has been there, too. I've been to most of the strange countries you're now visiting for the first time, so I've hoped you'd feel like talking them over with me. I wouldn't want you to set foot in them all. How long have you known this Dan Regan, Fabia?"

"That's what I like, mother—straight questions. I met him the night of my dance."

"Do you want to tell me about him?"

"I think I'd better."

Lisa listened to Fabia's narrative with her gaze upon the flames in the fireplace most of the time. Her questions were few and indicated no suspicion that Fabia's interest in this young Irish boy, as Lisa referred to him several times, was anything but of a kindly and benevolent nature.

Fabia told in detail of the first meeting with Dan in the laundry, up to a certain point; again in detail of the second meeting in the bungalow, up to a certain point; but of her intimate moments with him she said nothing. She made no reference either to her ride with him in the snow today, nor of the ride in prospect day after tomorrow. But she omitted none of the details of his early life, and dwelt at length upon his ambitions.

"I'm glad you're interested in a boy of that sort, and kind to people less fortunate than yourself, Fabia," said Lisa, when finally there was a pause.

Fabia frowned. "He isn't a boy, and I'm not so sure he's less fortunate than I."

"As a little girl," Lisa went on, ignoring Fabia's protest, "you were always bringing home lost kittens and stray puppies—your lame ducks, we used to call them."

"Dan Regan isn't any lame duck," flashed Fabia. "He's just as proud and independent as we are, and he's going to be a wonderful doctor some day."

"Well, we must ask him to dinner I'm interested in your protege."

"He's not my protege' I wish you wouldn't be so patronizing."

"You mustn't be so sensitive, Fabia. I really want to know this young Irish boy, and be nice to him."

Young Irish boy' Lame duck' Protege' Fabia stood up. Her mother's manner of condescension and paternalism was much more disastrous than Grandmother Vale's rancor and intolerance. She started to leave the room.

"Don't go, Fabia. Tell me about the dance last night," said Lisa, aware the poison she had administered was taking effect and wishing to ease the sting of it a little.

"It was all right."

More questions, monosyllabic answers, then, "If you don't mind, mother, I think I'll go up to my room."

(Continued Tomorrow)

HARVEST SERVICES ARE MUCH ENJOYED

St. Paul's and Holy Trinity Anglican Churches Are Decorated for Occasion.

MARMORA, Sept. 28.—(Examiner Correspondence). — Bright harvest thanksgiving services were held at St. Paul's and Holy Trinity Anglican churches on Sunday with the preacher for the day being the Rev. W. G. Hope Swayne of Bannockburn. Both churches were prettily decorated with flowers, foliage, vegetables and fruit.

At St. Paul's for both services, Mrs. W. H. Litt at the organ was accompanied by Mr. S. B. Wright violin, and Mr. W. L. Rigg, cello. The anthem in the morning was "While the Earth Remaineth" (J. H. Maunder), and in the evening, Caleb Simper's "Thou Visitest the Earth", with Miss L. Morton taking the solo parts. Choosing as his text, "The full coin," Mark 4-28, the preacher in the morning delivered a very thoughtful and impressive sermon. He gave an interesting description of the wonderful picture which was shown at the recent Canadian National Exhibition titled "My Lord I meet in every London lane and street." He emphasized the fact that the works of nature which combine to produce the full coin should be so thankfully received by us so that we feel through material and spiritual blessings we have received, we should represent Christ in the modern lane and street.

In the evening the main thought of the discourse was the faith of our childhood leading us home to God.

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner

OCTOBER 1, 1921

This year's assessment total for the city is $23,711,740 as against a total of $22,030,295 last year....Rumors are that the big demonstration given Arbuckle yesterday in Hollywood was staged by those hired by the comedian....A band of fifteen pieces will play at the opening of the roller skating season at Brock tonight....The present population of the city, 21,439, is 351 below that of one year ago....Oil experts are optimistic over tests tried in various parts of Central Ontario....Thirty-six contagious diseases have been reported here in the last ten days.

OCTOBER 1, 1911

A local druggist was fined one hundred dollars in Police Court this morning for selling alcohol without a prescription....The Turkish forces are completely bottled up in Turkey and Tripoli by the Italian army and navy....A number of stores around town will close to-morrow in celebration of the Jewish New Year...a two-hundred etaoinacseaceaceace...A $200 fire at the home of Bert Reynolds, 274 Hunter street, last night gave the firemen a hard battle....A large number of friends are giving a send-off to Victor Tully who is leaving the city to work with the Thompson Jewellery firm in North Bay.

OCTOBER 1, 1901

Two hundred and eleven pupils enrolled at the Collegiate here during September....The Grand Jury report shows satisfaction at the small criminal record in Peterborough now....The bridge on the corner of Brock and Aylmer streets is said to be unsafe and should be repaired or replaced at once....The village of Ashburnham will be required to pay to the town $250 a year, starting next January, for fire protection....The $1000 appropriation for the Duke of York's reception here will be used for necessary street repairs.

Voice of the People

Letters to be printed in the Voice of the People column must be received at The Examiner Office on the day before it is desired to have them inserted.

A NORTH MONAGHAN QUERY

To the Editor of Examiner.

Sir:

I would like to know what North Monaghan Council is going to do for the unemployed of the township, as they have refused to give work or relief to those who have applied for it. Some who are only too ready to work, instead of depending on relief. Is North Monaghan going to sit back and expect the city to do everything, as they did last year?

From the wife of one of the unemployed of North Monaghan.

COUPLE INJURED AS CARS COLLIDE

Mr. and Mrs. S. McLeod, Madoc, Are Thrown from Wrecked Machine

W. M. S. MEETS

MADOC, Oct 1 (Examiner Correspondence).—On Thursday about noon, a bad accident occurred at the Marmora turn, Madoc. Mr. and Mrs. Stewart McLeod were travelling south, when the car they were driving was struck by a car driven by Mr. Delbert Fleming of Springbrook. Mr. Fleming, it is alleged, had failed to stop at the "stop" sign before coming to the Belleville road and the cars collided. Mr. and Mrs. McLeod were both thrown out of their car and Mrs. McLeod suffered severe bruises and shock, while Mr. McLeod had his arm broken, and their car badly wrecked. Mr. Fleming escaped injury, and as his car was not damaged was able to continue his journey. Dr. Eagleson attended the injured ones, and they were taken to their own home just south of the village.

Mrs. C. A. Bleecker, of Marmora, and Mrs. T. L. Nickle, of Madoc, president and secretary for North Hastings district, attended the area executive committee meeting held at the new Queen's hotel, Belleville, on Saturday afternoon, Sept. 26, where arrangements were made for the Belleville convention to be held in St. Thomas' parish hall, on Wednesday and Thursday, November 12 and 13, 1931.

The September meeting of the Madoc Women's Institute was held on Friday afternoon, Sept. 25, with an attendance of twenty-nine, Mrs. C. N. Whytock presiding. After singing the institute ode, and the reading and signing of the minutes of last meeting, the roll call was answered by "Things that money cannot buy."

Mrs. W. E. Connor, reporting for the relief committee, urged for better co-operation, and the following committee was appointed to report for the coming three months: South, Mesdames Henderson, Avery, Cochran; north, Mesdames W. Stewart, Wickham, W. Whytock; east, Mesdames McBain, Irwin, Golan; west, Mesdames Scrutton, Taylor, and Connor.

It was decided that a box for donations of supplies from members be left with Mrs. Connor or Mrs. Charles Whytock, and all members be asked to donate fruit or other supplies; distribution is to be in thhands of Mrs. Connor and her conittee.

Mrs. W. Parks reorted the flower fund finances to be good standing.

The president ended the thanks of the institute to se members who contributed to therogram at Bannockburn. Comrtees were then formed for the fairnoth: all members and friends are sked to donate liberally of pies id cakes for the booth, as the proeds this year will be used for relief rk.

Mrs. Irwin wahen called on and gave briefly a sch of the current events of the monpast.

Mrs. C. A. Bleker, district presiident, was then ed on, and gave a very earnest adds. Speaking of the present depressi she urged all to "can, dry, or st" all the abundant garden productnot only for their own use, but also a supply for relief work during tlwinter. This depression resolvetself, she says, into a question of rketing and transportation. In w of the starving millions in theorld at the present time, there is t too much of any product, whethwheat, cotton, fruit, or any other sply, in the world. It is a question oringing surplus products to the gr need of the people. Thrift of the k practised during the war period isceded, and it is not necessary for y child or mother to starve this wir, in our district, she urged.

Regarding troll call being answered, Mrs. Bleker spoke of how Marmora insite had managed to get a generalsponse from the members. Two llers were chosen, and the membervere divided into two groups, but member knew which side she was. All responding to roll call wertarked, the losers putting on a banet for the winners at the close of t year. She also spoke briefly (on uest) about Marmora's baby-weighi clinic, their public library, and lk furnished for undernourished ciren.

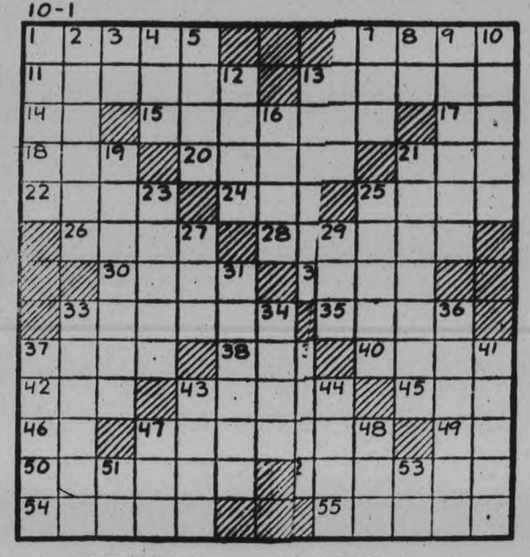
The Natal Anthem and a social half-hour ed the meeting, after a hearty votethanks to Mrs. Bleecker, moved by rs. Huffman and Mrs. Smith, andndered by the president. Next mont meeting will be held one week earlie

Mr. A. Cochran had the misfortune to on the steps of his house one day et last week, suffering the fracture oree ribs. He will be confined to thouse for some time. The express of and his electrical business will be anded to by Mrs. G. C. Moon, dig his enforced absence.

Princeileana and her bridegroom, te Archduke Anton of Hapsburintend to do most of their telling in the airplane which t King Carol's wedding present.

Today's Cross-Word Puzzle

By EUGENE SHIFER



HORIZONTAL.

1—What famous theatre of Milan, one of the largest in the world, was inaugurated in 1778?
6—Made a mistake.
11—What isthmus separates the Caribbean Sea from the Pacific Ocean?
13—After Manilla, what is the principal port of the Philippines?
14—Note of the musical scale.
15—What was the principal Federal army in the Civil War, organized by General McClellan?
17—Avenue (abbr.).
18—Mother of Peer Gynt.
20—What Athenian lawgiver is famous for the many reforms he made?
21—Devoured.
22—Where is the Peabody Museum of Natural History?
24—A swoon.
25—Imitator.
26—Repose confidence.
28—Cut down.
30—Makes the characteristic cry of the pigeon.
32—Diminutive for Helen.
33—Restrains within fixed limits.
35—Take out.
37—Storehouse for hay.
38—Money, as being originally made of copper or bronze.
40—Transition stage in formation of glacier-ice.
42—Winged part.
43—Causes to remain after making for omission.
45—Tool with toothed edge.
46—Therefore.
47—What is the chief commercial and railroad center of east Washington?
49—Prefix: down.
50—Deteriorate.
52—Trade.
54—Ascertain.
55—Couples.

VERTICAL.

1—Water dispersed in fine particles.
2—Who, with Pompey and Crassus, formed the "First Triumvirate"?
3—Indefinite article.
4—Lick up.
5—Which of the books of the Old Testament is the third of the minor prophets?
6—Death.
7—Extinct bird.
8—Which is the smallest State in the U. S. (abbr.)?
9—Exalted the spirits.
10—What strait connects the English Channel with the North Sea?
12—Minute particle.
13—In Shakespear's Cymbeline" who is the daughter of Cymbeline and wife of Posthumus?
—Who was the first Christian king of Sweden?
—Who was the daughter of Agamemnon and sister of Orestes?
—What Greek painter made the famous Aphrodite, Anadyomene, regarded as the most perfect picture of antiquity?
Abacond.
—Who is credited with the first construction of a hot-air furnace for heating dwelling-houses?
—Being at a distance indicated.
—Guided.
—Stationary portion of a dynamo.
—Who caused the death of John the Baptist?
—Search.
—One who eludes.
—Masculine name.
—Pierce with a pointed weapon.
—Wide-mouthed pitchers.
—Rapid whirling.
—Break suddenly with a cracking noise.
—Sparoid fish of the Mediterranean.
—Period of time.
—Parent.
—Note of the musical scale.

Herewith is the solution to yesterday's puzzle.

Bank Clearing

Bank clearings for the week ending October 1: :
Toronto—$100,799,616.

U. S. BANK FAILS.

MOHAWK, N.Y., Oct. 1.—(C.P.)—The National Mohawk Valley Bank of this village filed to open its doors to-day. The institution was one of the oldest in the Mohawk Valley.

40,000 SEE FIRST GAME AT ST. LOUIS

Bleacher Stands Quickly Filled When Gates Open at 11 O'clock This Morning.

BALMY WEATHER.

(By Edward J. Neil, Asociated Press Sports Writer.)

SPORTSMANS PARK, ST. LOUIS Mo., Oct. 1.—Bright and early, filled with hope and optimism, the vanguard of almost 40,000 of baseball's fortunate fandom moved in on the ball yard of the St. Louis Cardinals to-day for the opening game of the 1931 World Series.

Scarcely had the gates opened this morning before the centre field bleacher customers, the patrons who had to wait long hours in line, then rush and struggle for their seats, were storming into their places. Long before the National League champions, or their highly favored opponents, the world champion Philadelphia Athletics, filtered out for batting practice, the broad sweep of seats in centre field were filled.

Gabby Street, old sergeant of the Cardinals, nominated his giant rookie, Paul Derringer, to do his pitching to-day in the crucial opening game.

Market Closing On All Exchanges

Toronto Exchange

TORONTO, Ont., Oct. 1.—Toronto Stock Exchange market reached its lowest levels in the late trading today The average hit a new record low for the bear movement and several of the internationally listed issues in which free trading is permitted sold at all time lows.

Liquidation was heavy throughout, reaching its maximum in the afternoon. No attempt was made to bolster the market and offerings were steadily marked down. As in previous sessions this week, there was no wide break but the weakness of the market was nevertheless apparent.

The amount of trading in the mining section, especially the gold stocks, showed an appreciable increase For a time this group appeared to be holding but renewed selling before the close drove them lower again and practically all showed losses on the day.

International Nickel broke to a new low of 8¾. Noranda met with resistance at 12 but it was in the nature of defensive, rather aggressive support. Ford of Canada sold under 11 for the first time in the history of the present shares. Walkers hit a new low, a 3¼ and C. P. R declined to a record low of 15¼.

A heavy turnover was recorded in the oil group. B. A. Oil equalled its former low of 8, Imperial sold under 9 and International Petroleum down to 8½, both the latter at New lows.

WALL STREET CLOSE

NEW YORK, N.Y., Oct. 1. (CP) Stock prices fluctuated erratically to-day, ending the session irregularly lower. Trading was in large volume, the turnover approximating three and a half million shares. Loses of 1 to moe than 5 were numerous during a burst of selling in the afternoon but there was some recovery from the lowest.

STANDARD EXCHANGE

TORONTO, Ont., Oct. 1 (C.P.)—After displaying some resistance in the forenoon, values among higher-priced stock continued the decline in the afternoon to-day, several issues establishing new lows for the bear market. Lower-priced stocks remained in the trading discard and showed little change.

Wright and Hargreaves and Lake Shore, today's additions to the unrestricted list, underwent a sharp readjustment of price on opening, strengthened for a time, but weakened late in the day, former closing off 66 from its recent minimum and the latter down $5.50. Teck-Hughes managed to hold relatively steady, but McIntyre was down 50. Dome and Hollinger 25 each.

Noranda received evident support and closed steady but International Nickel and Hudson Bay dipped to new low territory. Among the interlisted oils Imperial, International Pete and B.A. oil were all down a quarter to a half point.

U. S. STEEL AT NEW LOW

Constructive Developments in Railway Situation Broken By Continued Selling.

PRICES IRREGULAR.

NEW YORK, N.Y., October 1 (C.P.). — The stock market was propped at times to-day by constructive developments in the long mooted consolidation of the eastern trunkline railroads, but active selling continued to sweep through the market, and prices fluctuated erratically. The suspension of a well-known New York and Boston Stock Exchange firm may have contributed to the unsettlement, but the market steadied just before the announcement, and rallied for a time afterward.

American Telephone was a weak feature after midday, dropping 4 points. Although there had been numerous gains of 1 to 3 points in the rails in the morning trading, these were finally chipped away, and some recorded small losses. Utilities were generally weak. Allied Chemical lost a few points. Among leading industrials, General Motors and U.S. Steel registered new lows with loss of a point or more.

FRUITS AND VEGETABLES.

TORONTO, Ont., Oct. 1 (C.P.).—Wholesale prices on Canadian fruits and vegetables as supplied to the Canadian Press by White and Co., are as follows:

Pears, 11-qt. basket, 40c.

SIMMONS HITS HOMER

(Continued from Page 1)

Derringer struck out, swinging. No runs, two hits, no errors, one left on base.

Fifth Innings.

Athletics—Cochrane drove a single to right on the first ball pitched. Simmons up. Foul, strike one. It went into the upper tier off the first base line. Foul, strike two, in the same spot. A third one cleared the upper deck back of the palte. Foul among the photographers on top of the stand. Simmons fanned, taking a called third strike. Foxx grounded to Gelbert, forcing Cochrane, Gelbert to Frish. Miller grounded to Gelbert, forcing Foxx, Gelbert to Frisch. No runs, one hit, no erorrs. One left.

St. Louis—High flied out to Simmons. Roettger struck out, swinging. Frisch bounded to Bishop and was out at first. No runs ,no hits, no errors. None left.

Sixth Innings.

Athletics — Dykes up. Jimmy had trouble finding the right bat. Time was called while he selected his stick and the crowd yelled. Dykes walked on the fourth ball. Williams bunted and was safe when Derringer fell fielding the ball. It was a single and Dykes was perched on second base. Grove struck out on a called third strike. Wilson again threw to second and Dykes barely slid back safely on a close play. Bishop lined to Bottomley, who stepped on first to get Williams on a double play unassisted.

No runs, one hit, No errors. One left.

Cardinals—Bottomley bounced to Williams and was out at first on a brilliant play. The shortstop coming in fast to get the ball and throw to first. Hafey singled to centre. Martin up. The crowd yelled for a rally. The ball bounced in the dirt in front of the plate. Hafey stopped at second. Wilson flied out to Simmons. Hafey stole third sliding under Dykes as the latter leaped for Cochranes' high throw. In the argument Martin caught the Athletics napping and took second. Gelbert grounded out, Williams to Foxx.

No runs, two hits, no errors. Two left.

Martin was also credited with a stolen base in the inning.

Seventh Inning.

Athletics—Haas hoisted to Frisch Cochrane singled into right field. Simmons smashed a long drive into the left field bleachers for a home run, scoring Cochrane ahead of him. Foxx drove a sharp single through the box into centre field. Miller forced Foxx at second, Gelbert to Frisch. Frisch was spilled by the runner and was unable to make a play at first. Dykes flied out to Martin. Two runs, three hits, no errors, one left.

Cardinals — Flowers batted for Derringer. Dykes made a leaping stop of Flower's bounder and threw out the runner on a fine play. High fouled out to Dykes, who raced over in front of the field boxes to make the catch. Roettger drove a line single to center field. Frisch popped a Texas leaguer into short right for a single. Roettger racing to third. Bottomney grounded out, Bishop to Foxx.

No runs, two hits, no errors, two left on bases.

Eighth Inning

Athletics—Silvester Johnson went to the box for the Cardinals. Williams fanned swinging viciously. Grove flied out to Roettger. Bishop popped to Frisch.

No runs, no hits, no errors, none left on bases.

Cardinals—Haffey hoisted to Williams. Martin up. The youngster was given a great hand. Martin fanned on a called third strike. Wilson hit a long drive that Simmons speared on the dead run with his gloved hand up against the left field fence. It was the most sensational play of the game and Al received a big hand.

No runs, no hits, no errors, none left on bases

Ninth Inning

Athletics—Haas lifted a high fly to Martin. The fans were starting to leave the park. Cochrane popped down the third base line and Gelbert made a nice running catch for the putout. Simmons fanned, swinging at the third strike. No runs, no hits, no errors, none left on base.

Cards — Gelbert up. Gelbert doubled to left center, the ball bouncing against the wall. Blades batted for Johnson. Blades fanned. Mancuso batted for High. Foxx caught Mancuso's high foul near the right field boxes. Roettger flied out to Hass. No runs, one hit, no errors, one left.

CHICAGO GRAIN.

CHICAGO, Ills., Oct. 1 (C.P.).—Steadiness characterized grain prices early to-day. October unofficial domestic crop estimates were not immediately available, and Liverpool reported that large deliveries of wheat there had gone into strong hands. Opening unchanged to 1-8 cent off; wheat afterward held near the initial figures. Corn started at 1-8 decline to ¼ advance and later fluctuated but little.

TRAVELING BAG TO F. CLEMENTI

Gift of Local C.N.R. Staff to Retiring Chief Clerk.

A SOCIAL EVENING.

Last evening a group of men of the local staffs of the Canadian National Railways assembled at the home of Mr. F. V. Clementi, 335 Stewart St., to felicitate him on the occasion of his having come to the end of a long and happy service in the employ of the railway company in this city. Mr. Clementi has been chief clerk in charge of the freight office staff for many years, and because of his wide experience, and knowledge in his chosen vocation, was looked upon as a guide and mentor by the younger men of his staff. Card games were played and many were the reminiscent stories from members of the gathering, recalling especially the days of the great war, when the staffs were depleted because of the young men who answered the call to the colors, and the war babies who had been brought in to fill the depleted ranks, just out of school, and with everything to learn about their new duties. These were trying years for the veteran chief clerk, but by his patience and never-failing kindness he won the esteem and respect of all who came under his direction.

Later in the evening the gathering was called to order, and Mr. A. Macnab, C.N.R. agent, in the name of the staff, presented Mr. Clementi with a handsome travelling bag, filled with tobaccos, which he was asked to accept as a tangible evidence of their love and respect. With the bag was tendered all good wishes for long years of health and happiness, to be enjoyed in the bosom of his family; and without any further vexatious worries which are inseparable from railway life. Mr. Clementi responded in happy vein, and spoke feelingly of the pleasure it gave him to have the staff call upon him in his home in this way, and hoped they would repeat it: his house would always be open to them. The travelling bag he would prize highly as a gift from his associates. He considered himself well equipped now for travel, as he holds the much coveted unlimited personal pass, good on all lines and boats of the company given only to such as spend 50 years or over in the service of the Canadian National Railways. Refreshments were then served by the Misses Clementi, and the remainder of the evening was spent very pleasantly.

GIVE DIPLOMAS TO GRADUATES

Queen Alexandra School Association Honors Departing Seniors.

THIRTY CERTIFICATES.

The prettily decorated kindergarten room of Queen Alexandra School was the scene of a pleasant event Tuesday evening when parents and friends gathered to witness the presentation of entrance certificates to this year's graduating class.

Mr. M. H. Park made a most capable chairman. Marion Lang and Helen Steer opened the program with a piano duet. Ruth McNeely appeared twice through the evening, charming her audience with well rendered readings.

Master Donald Perks and Master Gerald Perks both delighted their hearers with vocal solos. They were accompanied by Mrs. Perks.

Rev. J. H. Sutcliffe, as special speaker, gave an intensely interesting and practical talk to the students. He stressed the point that few things worth while were obtained in a hurry. Most desirable and most important things in life come after a long period of time. Interspersing his talk with many interesting stories, Mr. Sutcliffe held the attention of his young hearers, giving them much kindly advice, urging the benefits of a higher education, leaving with them the admonition to know people, know themselves and not to blindly follow a 'leader.'

A very interesting piano trio was played by William Boddy, Jack Telford and Lawrence Henry.

Mr. F. H. Dearborn briefly congratulated the class, urging them to set a high ideal for themselves, and to attain it. A vocal solo was charmingly rendered by Miss Trucie Pearson, accompanied by Miss Mildred Hetherington.

Mr. A. F. Hagerman voiced the thanks of the Home and School Association to all those who assisted in providing a most enjoyable evening, congratulating the principal and staff on good results shown.

Principal's Thanks.

Mr. Park, addressing his class, thanked them for the splendid school spirit they had always shown, their spirit of good sportsmanship, and helpfulness. He assured them of the school's continued interest in their future progress and urged them to further their education not only by obtaining marks but by fitting themselves to find their place in the world.

Mrs. Elliott, assisted by her committee, served cake and ice-cream to the graduating class and assisting artists after Mr. Park presented certificates which had been tied with the school colors by Mrs. Dearborn. Out of a class of 30 the following 30 received diplomas.

Isobel King, Amy Bull, Lorne Janeway, Eleanor Reid, Leonard Phillips, Donald Ross, Dorothy Morrow, Muriel Elliott, Ralph Hagerman, Selena Martin, George Walton, William Turner, Roy Portsmith, Eileen Sisson, Helen Bateson, Frederick Willison, Harold McQuarrie, Florence Dundas, Gerald Pullyblank, Kathleen Caddy, Ethel Butcher, Delbert Dorrington Freda Martin, Roy Heard, Austin Elliott, Alexander Chivas, Marjorie Goldie, Earl Gill, Roy Masters, Margaret Agnew.

CENSUS REPORT BY ASSESSOR 520 MORE THAN GOVERNMENT'S

Paterborough's Population 22,809 According to W J. Henry's Assessment Roll for 1932—Slight Gain During Year.

INCREASE OF $434,320 IN ASSESSMENT.

The assessment rolls for the city of Peterborough, on which the taxes for 1932 will be collected, have been completed by City Assessor W. J. Henry, and were returned this morning to City Clerk S. R. Armstrong.

The figures give Peterborough a total assessment of $28,893,455 and a total population of 22,809. The increase in assessment over last year's figures is $434,320, which, while not as great as 1930's increase over 1929, is on a par with the average annual increase enjoyed in past years.

The assessor's figures for the city's population is higher by 520 than those given in the results of the Government census, which were 22,289, but the increase over last year is somewhat disappointing, being only eleven. This small increase is difficult to explain since the natural increase, births over deaths, gives an increase of 160.

More Taxable Persons.

The number of taxable persons has increased only by 43 over last year, which saw an increase of 456 over 1929, being now 7,824. The city's acreage remains the same as last year at 2,847¾ acres.

The value of buildings has increased by more than a quarter of a million—$264,165. The total actual value of real estate in the city is now $24,435,040. The business assessment is up from $1,839,420 to $1,843,225, but the taxable incomes have decreased.

Summary of Report.

	1931	1930
Number of taxable persons	7,824	7,781
Actual value of real property, exclusive of buildings	$6,711,435	$6,733,810
Value of buildings	17,723,605	17,459,940
Total actual value of real estate	24,435,040	24,193,750
Total taxable real property	17,875,200	17,792,355
Value of property liable for school rates only	2,886,300	2,826,300
Value of property liable for local improvements only	3,673,840	3,575,095
Business assessment	1,843,225	1,830,420
Business assessment liable for school rates only	1,811,175	1,613,175
Taxable incomes	803,015	821,790
Total assessment	28,893,455	28,159,135
Total population	22,809	22,798
Number of children between ages of 5, 6 and 7	1,115	.....
Number of children between ages of 8 and 14	2,330	.....
Number of children aged 14 and 15	808	.....
Number of children aged 16 and 17	852	.....
Births	340	437
Deaths	180	294
Dogs	808	840

EYE-WITNESS GIVES DETAILS

(Continued from Page 1)

the plan and for cross-examination.

First Eye Witness

George Adams, first eye witness made a claim under the Canadian Evidence Act whereby he could be permitted not to answer any questions that would incriminate him. The judge directed that the witness answer questions. Witness said he was an insurance inspector of Toronto. He was in Peterborough on the day of the accident and was going to Dunbarton. He was the driver of the Marquette car. He was accompanied by his sons, Frank and Robert and by Mrs. Adams and a Mr. and Mrs. Wilson.

Just prior to the accident he said he was travelling at approximately 35 m.p.h. He was on the right hand side of the highway. Just before the accident he saw a Chevrolet touring car. It was travelling at from 20 to 25 m.p.h. and witness passed it on the left hand side. Witness immediately crossed over to his right side in front of the Chevrolet. He next saw the Buick approaching. There was no other vehicle between witness's car and the Buick. It was about 100 yards away just over the crest of the rise in the road. "As soon as I saw it, it seemed to start swerving to the left side of the highway—to my side," he said. "I kept on my right side of the highway and decreased my speed. The Buick swerved over and skidded sideways. All I could see was the rear end crashing into me." Witness said he could do nothing except hope that the Buick would straighten out. "I could not give any idea of the speed of the Buick car. It was coming at a high rate of speed," he replied to a question.

Cross-Examination

Under cross-examination witness said he had been to a wedding and was returning to Perrypoint Beach. The bride and bridegroom were in the rear seat of his car.

Witness was subjected to lengthy cross-examination as to statements he had made in evidence at the inquest into the death of Blair C. Brown. He could not explain the presence of green paint on the Chevrolet car, alleged to be off witness's car.

Shown exhibit number one, a photograph of his car after the smash, witness agreed that the vehicle had sustained the brunt of the shock on the front left corner.

His lordship remarked that the evidence given by the witness at the inquest was substantially duplicated in the present trial.

FOREIGN EXCHANGE.

NEW YORK, N.Y., October 1 (C.P.). — Prime mercantile paper 2¼ per cent.; foreign exchange irregular. Demand rates (Great Britain in dollars, others in cents): Great Britain 3.95¼, France 3.94, Italy 5.14, Germany 23.75, Canadian dollar at 11¼ per cent. discount.

MONTHLY BANK CLEARINGS

Toronto, $100,799,616; Hamilton, $5,042,627; Windsor $2,360,498; London, $3,517,422; Kingston $806,544; Sudbury, $692,165; Kitchener, $1,017,976.

New building permits issued in Shanghai, China, in a recent month totalled $2,240,000.

W.M.S. GROUPS IN MADOC SECTION HOLD SIXTH ANNUAL GATHERING

Reports Given Show Splendid Outlook for All Auxiliaries and Bands.

SPLENDID ADDRESSES.

QUEENSBORO, Oct. 1—The sixth annual rally of the W.M.S. of the Madoc section of the Belleville Presbyterial of the United Church of Canada held in Queensboro United Church morning and afternoon of Thursday was a genuine success. There are ten auxiliaries, five mission bands and several circles. All were represented excepting the W.M.S. at Lodge Room. Approximately one hundred delegates registered. The church was beautifully decorated with plants and cut flowers, the Orange Hall in which the dinner was served was arranged with flags and streamers.

The morning session opened at 9.30, the devotions were conducted by Mrs. Albert Empey and Mrs. Arthur Wyatt of Eldorado.

Greetings to the members of the convention were extended by Mrs. J. F. Everson, president of the Queensboro Auxiliary, and responded by a member from Ivanhoe.

The reports given showed there were auxiliaries at Thomasburg, Cooper, Ivanhoe, Lodge Room, Tweed, Bethel, Hassards, Queensboro, Eldorado, and Madoc; Bands at Ivanhoe, Tweed, Eldorado, Hassards and Madoc. The total membership is 236, and the amount raised $1,553.27 with 178 copies of the Missionary Monthly being taken. Four societies use the study book, four use monthly envelopes for raising funds and all give temperance instruction regularly.

Mrs. G. W. W. Rivers of Madoc gave a splendid paper on the "Present day needs of Auxiliary members." Mrs. Rivers pointed out the object of W.M.S. work, had all stand and repeat the watchword. She said: "We are the greatest society of women standing for spiritual development that there is in Canada." "To-day," said the speaker, "we are stocktaking." Mrs. Rivers pointed out that each member had a personal responsibility. Only about 30 per cent. of the women of the United Church are members of any auxiliary, while the motto was "each woman a member of some society." To be a member means much more than paying sixty cents each year. It means knowing the work and its needs and putting oneself into it in service. There must be energy expended and there must be study. Knowledge begets inspiration. Let us get away from the idea that we are giving to a budget and realize that we are supporting and working in a great cause. Mrs. Rivers also stressed the part of women in the temperance work of the country and said, the women make up 54 per cent. of the electorate and have therefore the balance of power.

Mrs. George Harris, of Hassards, conducted the memorial service assisted by Miss Francis Keene, who read a scripture lesson from St. John, 14th chapter.

Two members had died during the year, Mrs. T. M. Johnson, Tweed, and Mrs. John Wood, Ivanhoe. There were also two who were charter members of the Queensboro Auxiliary, but who an account of age and ill health had not been able to attend in recent years, Mrs. Rebecca McCaw and Mrs. Alexander Glover.

Mrs. W. W. Hicks and Mrs Jabez Jones of Tweed had charge of the quiet hour which opened the afternoon session.

Missionary School

Miss Keitha Reynolds, of Cooper, the Presbyterial delegate to the Missionary School at Whitby, gave a very enlightening account of the workings of the school, outlining briefly the study course on Korea, "Land of the Dawn," and also of some of the addresses given by leaders who were present. There were 22 missionaries in attendance and a total of almost one hundred persons.

Miss Edith Clark, of Teeswater, returned missionary from Africa and who sails again in a couple of weeks, spoke at some length about the people of Africa, telling of their modes of life and ways of living. She described concretely a number of young men and women who had accepted the gospel message and were preparing themselves for Christian work among their own people. She stated that while it was frequently believed that the people were indifferent and lacking in ambition, this was not really the case, as the missionaries found many of them eager to get along but did not know how. They expressed great joy at the people of other countries being sufficiently interested to send out women and men to teach them the gospel message and help them learn the better ways of living.

Mrs. Frank Dafoe of Madoc is the president of the Madoc section and presided in a very graceful and efficient manner. In the absence of the secretary, Mrs. J. W. Kingston, Mrs. G. F. Maybee was appointed to take the minutes.

Following are the names of those registered: From Eldorado: Mrs. Albert Empey, Mrs. George Robinson, Mrs. Henry Lough, Mrs. J. R. Trumpour, Mrs. H. Hinchcliffe, Miss Annie S. Holmes. Cooper: Mrs. Arthur Wyatt, Mrs. Thomas Lynn, Mrs. J. Bailey, Mrs. Stanley Rollins, Mrs. Harus Rollins, Mrs. F. Reynolds, Mrs. H. Rollins, Junior, Mrs. Joseph Hayton, Keitha Reynolds, Miss Victoria Moorcroft, Miss S. Moodcroft, Mrs. F. Parks, Mrs. Allan McCoy, Miss J. Robinson, Mrs. G. A. Ferguson and Mrs. George Harris. Tweed: Mrs. W. H. Hicks, Mrs. W. Austin, Miss C. Meiklejohn, Mrs. Charles R. Parret, Mrs. W. J. Grier, Mrs. H. Grier, Mrs. W. K. McCaw, Mrs. W. S. Gordan, Mrs. Richardson, Mrs. J. L. Newton, and Mrs. H. C. Jones. Ivanhoe: Mrs. J. N. Lovelace, Bertha Lovelace, Mrs. John Clements, Mrs. John Nenson, Mrs. C. A. Mitz and Rev. J. N. Lovelace. Madoc: Mrs. F. A. Harrison, Mrs. F. Dafoe, Mrs. G. F. Maybee, Mrs. J. L. Rutherford, Mrs. M. Bristol, Mrs. Wellman, Mrs. Irwin, Mrs. W. H. Bailey, Mrs. A. Dingman, Mrs. J. A. Bryden, Mrs. G. W. Rivers, Mrs. E. M. Tumelty, Mrs. H. Huffman, Mrs. M. J. Thompson, Mrs. H. McMechan, Miss Alice Woods, Mrs. F. E. Brown, Mrs. W. Parks, Mrs. S. S. Ashley, Mrs. G. M. Lowery, Mrs. H. Huffman and Rev. G. W. Rivers. Hassards: Mrs. Mark Howard, Mrs. George Harris, Mrs. George Burnside, Mrs. Earl Burnside, Mrs. George Ketcheson, Miss Francis Keene and Mrs. Philo Harris. Bethel; Mrs. Thos. Wager, Mrs. R. McCannon, Mrs. M. Thompson, Mrs. Wm. Phillips, Mrs. H. Tucker, Mrs. J. H. Foster, Mrs. A. Beatty, Mrs. W. Tucker, Mrs. Fred Blakley, Mrs. G. F. Compton, Mrs. Wilkinson, Mrs. M. Grills, Mrs. M. Graham, Mrs. B. F. Fisher and Mrs. B. Dyer. Thomasburg: Mrs. Edward Carter, Mrs. J. Chappell, Mrs. L. Fox, Mrs. J. R. Bateman, Mrs. J. E. Brown, Mrs. Kennedy. Hassards: Mrs. Thomas Moorcroft and Miss Bertha Moorcroft. Queensboro: Mrs. John O'Rourke, Mrs. J. F. Everson, Mrs. Charles Sager, Mrs. James Cassidy, Mrs. George Holmes, Mrs. R. A. Sager, Miss Marion Love, Mrs. Wallace Kincaid, Miss Ida McCaw, Mrs. Charles Thompson, Mrs. Tessa Keene, Mrs. Bruce Leslie, Mrs. John Alexander and Mrs. Fred Rollins.

Marmora Fair Prize-Winners

MARMORA, Sept. 30.—(Examiner Correspondence.)—Marmora fall fair awards:

HORSES.

Agricultural Type.

Madoc Church Holds Harvest Services

MADOC, Oct. 1 (Examiner Correspondence)—Harvest time thanksgiving was observed in the Anglican Church of St. John the Baptist, Madoc, on Sunday 27th, with the church beautifully decorated with flowers and fruits. Beginning with the church school at ten a.m. and a special thanksgiving lesson, the evening service at seven was conducted by the rector, Rev. P. Gatley Reynolds. The processional hymn by the surpliced choir was "Come, ye thankful people, come," and all the hymns carried out the thanksgiving note, " We plough the fields and scatter," and the recessional "Now thank we all our God."

Old Testament and New Testament lessons followed the theme, being II Kings, 7th chapter, and II Kings, 9th chapter; and also the Chants used, and the responsive Psalms, these being Psalms 148 and 150.

The thanksgiving theme for the sermon was based on the text, "While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease." Gen. 8, 22.

WARSAW

Miss Alva Darby has returned to Mrs. Sergeant's after a month's visit with her mother in Toronto.

Mr Joseph Tedford took the Warsaw school children numbering about thirty, to Norwood in his truck.

A large flock of wild geese went south recently. They flew very high.

The two young men conducting evangelistic services in St. Mark's Church have had good numbers out until Monday evening. Those who were there heard a helpful address on prayer from Luke xi., verse 6, "Lord teach us to pray"— Jesus had been praying, the desciples made the request and Jesus gave them what is known as "The Lord's Prayer." Every person has his mind set on something, and prayer is when the idea of heavenly things is voiced from the mind. Prayer is power. Parents should teach their children to pray. Prayer, with faith and perseverence can do a mighty lot, but the mind must be with the words.

ADVERTISE IN THE EXAMINER

MARMORA.

Mr and Mrs. Fred Lee, Mr and Mrs B. C. Hubbell, Mr. and Mrs. Arthur Carman, Mr. and Mrs Alex Nickle, Mr. and Mrs. James Shaw and Mr. and Mrs. Fred Blakely attended the funeral of the late Mrs. John Shaw, at Eldorado on Sunday.

Mr. and Mrs. Fred Lee spent Sunday with Mr. and Mrs. Joseph Shaw at Eldorado on Sunday.

Mr. and Mrs. W. Bishop and Mrs. Frank Gray attended Norwood Fair on Tuesday.

PAINFUL PILES

Go Quick—No Cutting—No Salves

It takes only one bottle of Dr. J. S. Leonhardt's prescription—HEM-ROID—to end itching, bleeding, protuding piles. This internal remedy acts quickly even in old, stubborn cases. HEM-ROID succeeds because it heals and restores the affected parts and removes blood congestion in the lower bowel—the cause of piles. Only an internal medicine can do this, that's why salves and cutting fail. McDermid & Jury, Bond's Drug Store says HEM-ROID Tablets must end your Pile misery or money back.

What snowy clothes—with these rich safe suds!

THERE'S no mystery to the ever-growing popularity of Rinso. Women *like* gleaming, snow-white clothes. And Rinso washes clothes the whitest ever . . . *safely!*

Then, too, Rinso saves hard work. Its thick, creamy suds *soak out* the dirt. There's no scrubbing, no boiling. Saves the clothes; easy on the hands, too. The makers of 37 washing machines recommend it.

Cupful for cupful, Rinso gives over twice as much suds as lightweight, puffed-up soaps because it's granulated, *compact*. Get the BIG household package. *Try it for dishes, too!*

Guaranteed by the makers of LUX—Lever Brothers Limited, Toronto.

FIELD DAY AT NORWOOD

Events Have Larger Entries and More Evenly Contested Than in Former Years.

FOR SCHOOL PUPILS

NORWOOD, Oct. 1 (Examiner Correspondence) — Norwood high school held their annual field day recently under ideal weather conditions. As the number of pupils at the high school are much larger than previous years great enthusiasm was shown in all the sports making it one of the best field days the school has ever held. The following are the names of those winning in the sports:—

Girls' inter form relay—Fifth form, Evelyn McMillen, Ruth Hagerman, Gena McNeely and Georgina Beavis; 2, Fourth form, Florence Scott, Chritina Roberts, Veronica Heffernan, Margaret Lancaster; 3, Second form, Stella Nixon, Rhoda Innis, Hazel Thompson and Georgina Metcalfe.

Boys' inter form relay—1, Third and fourth form, Jack Stewart, Osmund O'Connor Fenton, Charles McNulty and Ted Fennel; 2, Fifth form, Bert Hagerman, Dewart McNeely, Harvey Andrews, Maynard Bongard; 3,First form, Ernest Godin, Earl Reynolds, Adrian Hurley, Milvern Ennis.

Girls' 100 yard dash — Ruth Hagerman, Evelyn McMillen, Gena McNeely.

Boys' 100 yard dash—Osmund O'Connor Fenton, Charles McNulty, Dewart McNeely.

Girls' standing broad jump—Ruth Hagerman, Georgina Beavis, Florence Scott.

Boys' standing broad jump—Osmund O'Connor Fenton, Ernest Godin, Alex Buchanan.

Girls' running broad jump—Ruth Hagerman, Echo Rogers, Gena McNeely.

Boys' running broad jump — Charles McNulty, Osmund O'Connor Fenton, Jack Stewart.

Girls' high jump—Ruth Hagerman, Gena McNeely, Georgina Beavis.

Boys' high jump—Charles McNulty, Bert Hagerman, Osmund O'Connor Fenton.

Girls' three legged race—Veronica Heffernan and Georgina Metcalfe, Jean Richardson and Georgina Beavis, Ruth Hagerman and Gena McNeely.

Boys' three legged race—Harvey Andrews and Dewart McNeely, Charles McNulty and Osmund O'Connor Fenton, Roy Richardson and James Heffernan.

Girls' Siamese twin race—Georgina Beavis and Rhea Preston, Florence Scott and Jean Richardson, Veronica Heffernan and Georgina Metcalfe.

Needle and thread race—Ted Fennel and Florence Scott, Harvey Andrews and Flora Leeper, William Baskin and Veronica Heffernan.

Biscuit race—Ambrose Doherty and Gena McNeely, Harvey Andrews and Christina Roberts, Alex Buchanan and Ruth Hagerman.

Boys' shot—William Lonergan, Alex Buchanan, Osmund O'Connor Fenton.

Girls' bicycle race—Gena McNeely, Elizabeth Thomson, Mona Elliott.

Boys' pole vault—Jack Stewart, Osmund O'Connor Fenton, Earl Bongard.

Girls' bean race—Ruth Kerr, Gena McNeely, Florence Scott.

Boys' tug of war—Fifth form, First and second form, third and fourth form.

Field day was brought to a close with a most interesting softball game played by a picked team of boys and girls from the local school. Mr. Renaud and Mr. Lawlor, B.A. principal, acted as judges.

Weddings

LONG—LALONDE.

STIRLING, Oct. 1.—(Examiner Correspondence)—Rev. E. W. Rowand officiated at the ceremony of a pretty wedding on Wednesday at noon when Annie Lalonde became the bride of Clayton Long of Cobourg.

The couple stood beneath a huge floral bell. The bride was gowned in Alice Blue crepe while the bridesmaid, Miss Dorothy Lalonde, wore green chiffon.

Miss E. Rowland played the wedding march. The groom's gift to the bride was a crystal pendant; to the bridesmaid a bar pin, and to the groomsman a necklace.

The young couple will reside in Cobourg.

GRAHAM—KINGDON

LAKEFIELD, Oct. 1.—(Examiner Correspondence)—A quiet but pretty wedding was solemnized at the manse of Knox United church on September 28, with Rev. T. M. Wesley officiating when Leona Maude, elder daughter of Mr. and Mrs. Orville E. Kingdon, was united in marriage to George Henry, elder son of Mrs. Isaiah Graham and the late Isaiah Graham.

The bride was becomingly attired in a navy tricotine suit, with hat, gloves, shoes and hose to match and grey squirrel neckpiece. She carried a bouquet of sweetheart roses and ferns.

Miss Irene Heard attended the bride, wearing a gown of nigger brown flat crepe with hat, shoes, hose and gloves to match with red fox neckpiece. Her bouquet was of gladioli and ferns. Mr. Walter Graham attended the groom.

Immediately after the ceremony the party motored to the home of the bride's parents, where a buffet luncheon was served to the guests, who numbered just the immediate families of the young couple. After a short honeymoon spent at Jack's Lake, Mr. and Mrs. Graham will reside on Regent street.

Among the numerous wedding gifts was a very handsome table lamp presented by the employees of the Lakefield Creamery, where the groom has been employed for several years. Pre-nuptial events included a shower given in Peterborough by Miss Irene Heard at which a large number of the bride's friends were present.

Obituary

MRS. (REV.) WILLIAM SIMPSON

MILLBROOK, Oct. 1 (Examiner Correspondence)—The funeral service of Mrs. (Rev.) William Simpson, wife of the rector of the parish of Cavan, who before her marriage was Francis Victoria Clute, was held in St. Thomas' Church, Millbrook, on Tuesday, at 2.30 p.m., her death in her fifty-ninth year, following some weeks of illness, having occured in the early evening hours of monday, September 28.

Reverend A. T. Weir, rector of Christ Church, Omemee, and Rural Dean of the Victoria Deanery, was in charge of the service, Rev. Dr. Blagrave, rector of St. John's Church, Peterborough, being also present and reading the lesson.

The combined choirs of the parish led in the singing, the church being well filled for the service, the entire parish being represented, as well as the community generally. Miss M. L. Collins presided at the organ, the opening hymn being Bishop Bickersteth's "Peace, Perfect Peace."

The Rural Dean based his brief sermon on two passages, Psalm 121, 7, "The Lord shall preserve thee from all evil; he shall preserve thy soul"; and John 14, 2, "In my Father's house are many mansions; if it were not so I would have told you; I go to prepare a place for you."

Beautiful floral tributes from the four churches of the parish, St. John's, Trinity, Christ Church, and St. Thomas, and from the Sunday School, the choir, and the W.A. of St. Thomas' Church, were laid in loving memory on the casket. Six of the church wardens acted as pall-bearers when the body was removed from the sacred edifice where the deceased had been spared to worship such a short time, the remains resting in the F.C. Scott funeral chapel overnight, departture being made the following morning at 9.30 for Waverly, near Barrie, where interment took place in the cemetery of St. John's Church.

Coming east from Calgary last spring, following the appointment of her husband, Rev. William Simpson, B.A., as rector of the parish of Cavan, Mrs. Simpson, who had not been in good health for the past two or three years, more than once expressed her pleasure in the sense of returning home, since both she and Mr. Simpson had been born and brought up in Ontario.

Besides her husband, the immediate surviving relatives include one son, William at home, and three daughters, Mrs. Dallie (Francis) of Canmore, Alberta; Eva, of Calgary; and Margaret, at home; there are also two sisters, Mrs. McMahon, of Toronto, who with her daughter, were here for the funeral service on Tuesday; Mrs. Simpson, of Barrie, who with her son were also here; and one brother, residing at Toronto.

JOHN MOUNCEY

MADOC, Oct. 1 (Examiner Correspondence)—On Saturday, Sept. 26th, 1931, the funeral of the late John Mouncey was held from his residence on St. Lawrence street, under the auspices of the I.O.O.F. of Madoc, the Rev. T. G. Marshall conducting the service.

The late Mr. Mouncey was a very highly respected citizen of Madoc. He passed away at his residence on Thursday afternoon. Mr. Mouncey had been ailing for some years, but was taken seriously ill only about a week ago and his death came as a shock to a legion of friends.

Deceased was born in Madoc seventy-seven years ago, being the son of the late Mr. and Mrs. Edward Mouncey. He received his early education in Madoc and then entered the boot and shoe business and was a merchant in this village for many years, retiring some thirty years ago. He was known for his honesty and integrity in business and was highly respected by his business associates. He was an active member of the Presbyterian church and took part in all church work. The deceased also took part in municipal affairs and for two years served as a membe. of the Madoc Council.

Surviving are his widow, and one sister, Miss Josephine Mouncey of Madoc. A son, Edward, predeceased him some years ago.

SAMUEL S. SPENCE.

LAKEFIELD, Oct. 1.—(Examiner Corespondence).—The funeral took place on Tuesday afternoon of Samuel S. Spence from his late residence, Queen street. There was a very large attendance, representative of the community in which Mr. Spence has held an honored place for many years.

Rev. W. R. Archer of Regent Street United Church officiated assisted by Rev. S. A. Kemp, former pastor of the church and now of Havelock. Rev. T. M. Wesley of Knox United Church, Rev. W. J. Creighton, a friend and neighbor, pronounced the benediction. There were three favorite hymns sung, "Love Divine All Love Excelling," "Son of My Soul", and "Rock of Ages." The whole service was one of hope and confidence in the hereafter and the richer life there, in which those who have sought God here, will live in the city, with streets of gold with its three gates on each of the four sides where saints immortal dwell.

The pall-bearers were Messrs. Charles Calder, Roland Hamblin, George Nicols, Harry Patterson, Rufus Payne and Warren Payne. Interment was made in the Lakefield cemetery.

Mr. Spence was a resident of Lakefield for nearly twenty-eight years, coming from Toronto, where he had lived for some time; his earlier life was spent in South Dummer. Mr. Spence would have celebrated his 82nd birthday on October 6th and was for many years, Lakefield's oldest business man, and until about three years ago a very active one, well known to the whole village. He has been in poor health for some time and his death was not unexpected.

Mr. Spence was deeply interested in the community and was a faithful and devout member of Regent street United church, and in politics was an ardent Conservative.

He was married fifty-four years ago last April to Jemima Payne, youngest daughter of the late George Payne and Mrs. Payne. Four years and a half ago Mr. and Mrs. Spence celebrated their golden wedding, an event long remembered by the whole community, for the event was one in which the community felt they had a share.

Mr. Spence is survived by his wife, two sons, Percy and George, of Lakefield; three daughters, Mrs. Lorne Webster of Lakefield, Mrs. R. B. English of Peterborough, Christina Spence of Peterborough and a brother, Brydon Spence of Ft. Frances also survive.

Mr. Spence was laid to rest on the day of Norwood's fair, which he was wont to attend and where he met many old friends and which was his annual holiday.

Warsaw

WARSAW, Sept. 30 (Examiner Correspondence)—The school concert on Friday evening was well attended, five schools being represented and the receipts amounted to about thirty dollars.

It was the children's evening and they were happy in taking their parts, most of which they did very well. Dr. Munro was chairman and in his address spoke of the number of young people out; then of the present depression and said he could not tell how it would end, but it was certain that people have gone ahead rapidly in material things, but no, in spiritual. The spiritual side must more than equal the material, before things will be normal.

Dr. Munro, Medical Health Officer, warned about the water being low in wells and if there are rains these wells will fill with much surface water, therefore it is well to boil the water before drinking and thus insure against typhoid fever.

The program was varied, Warsaw school opening it with the singing of "The Maple Leaf." Some of the little children, including Roy Patterson, Lenore McIlvena, Milo Payne and Ralph Little recited while Mary Bell, who has sung several times, pleased her audience with "The Wasted Crust." Two girls from the Third Line and two from Warsaw gave duets, while a little boy sang, "My Parents."

Walter Payne as usual brought hearty applause with his comic songs. Warsaw Orchestra with Jean Munro pianist, May Payne and Merle Bell autoharps; Aileen Miles kazoo; Ivan Payne, drums; Ivan Watts, Jew's harp; Percy Drain and Ken Jakins mouth organs, gave two selections. Fourth Line school gave an amusing dialogue, "Proposing to Jane" while Third Line School gave a dialogue, "Painting a Chair." A playlet was given by No. 12 union and this was followed by Jean Munro and Aileen Miles giving an exhibition of club swinging.

Laura Little gave a monologue and three Fourth Line girls, Mary Borland, Elva Payne and Sulvia Clysdale gave a trio while a little girl recited, "Husbands."

Cottesloe girls gave a red, white and blue drill and Warsaw girls presented a flag drill.

During the evening, Dr. Munro gave Laura Little first prize and Mary Tedford second prize for their essays on Dummer. These two girls were the only ones who entered for the prize given by the Women's Institute. The shield given by Warsaw Women's Institute for girls' judging in household science and won by Warsaw team last year, was this year won by Fourth Line team.

The rug for which the Junior Institute sold tickets was won by Mrs. Herman Payne. The stubs were put into a sack and well stirred following which Dr. Munro drew ticket 184 for the rug and ticket 282 for the cushion, which was won by Albert Clysdale.

The schools represented at the concert were Cottesloe, S.S. 1, teacher, Miss Florence Burgess; Third Line, teacher, Miss Hooey; Fourth Line, Miss Wilson; S.S. No. 12, Union, Miss Lang; Warsaw, teachers, Mr. Sloan, Miss Cameron and Miss Lila Burgess.

District Notes

Mr. E. Hawthorne has returned to Peterborough, having been at the lake since before the ice was all gone.

Alva Darby returned from her visit to her mother in Toronto.

SPRINGVILLE

Mr. and Mrs. A. E. Sanderson have returned from a pleasant trip to Western Ontario.

Mr. Sidney Fairbairn has the sympathy of his many friends on account of the death of his sister, Mrs. Cunningham of Windsor. The remains are being brought to Peterborough for interment on Wednesday afternoon.

Mr. M. H. Johnston visited Mrs. Johnston at Clydsdale on Sunday.

Rally Day service was held in the church on Sunday last and was carried through entirely by the members of the Sunday School in accordance with the program prepared by the Board of Religious Education for the day, the subject being "Stories of Jesus." The scholars were trained by a committee consisting of Misses Robertson, Staples and Moyer and deserve credit for the way in which they rendered their respective parts. Miss Agnes Hubble acting as leader. A very pleasant feature of the service was the presentation by Mr. Moyer of a large number of certificates to various members of the school for the work of scripture memorization.

On account of the anniversary services at Fairmount next Sunday, the regular church service at Springville will be withdrawn. The Sunday School will be held, however at the usual hour.

LIFFORD LINE

Anniversary services will be held at the United Church, Yelverton afternoon and evening Sunday, October 4, with the Rev. M. W. Yule of Blackstock the special speaker for the day. Rev. Mr. Scott, of Bethany, the Yelverton pastor will take the work at Blackstock for the day.

Mrs. Lamb, of London is visiting at the home of her brother, Mr. Gervin Mulligan for a few days and with her mother, Mrs. Wm. Mulligan, calling on other relatives and friends in the neighborhood.

Mr. and Mrs. Walter Neals were Sunday visitors at the home of the latter's parents, Mr. and Mrs. James Spiers.

Mr. and Mrs. M. Thurston and family of Lindsay visited Mrs. Thurston's parents, Mr. and Mrs. D. N. Mills on Sunday. Mrs. Cairns returning home with them for a few days visit.

Mr. and Mrs. Fred Revoy, of Peterborough were guests at the home of the latter's parents, Mr. and Mrs. James Neals on Sunday.

Teachers from this locality are planning to attend the annual Teachers' convention to be held at Bowmanville on October 8 and 9.

A number from here attended the Orono Fair held at the Agricultural Park, Orono, on Wednesday.

The nervy and highly strung child

A Doctor says:—

"Virol is an admirable tonic food for the nervy and highly strung school child. I find that boys who take Virol are mentally active and physically fit."

If you are a little anxious about your own child — be on the safe side and give Virol. Virol is the food that builds strong nerves and body and fortifies against infection.

VIROL

Children love their Virol in porridge or milk, or on bread-and-butter, biscuits, etc.

Sold in tins 16-oz., 8-oz., and 4-oz., at all good stores. 11

Rich in body and delicate as blossoms in its flavour

Canadian Shredded Wheat is 100% Canadian grain. Eat TWO Shredded Wheat Biscuits a day and help Canada's Prosperity.

"I eat it when traveling"

"Traveling has its discomforts and dangers, but most of the trouble comes from eating wrong foods. No matter where I am I call for Shredded Wheat and milk for breakfast. It is the safe and satisfying food, easily digested, which helps to prevent fatigue on a long journey." Shredded Wheat is served in dining cars, and in nearly every hotel or restaurant in this country and many in Europe. It is deliciously strengthening with milk or fruits.

Thorold Ukrainian And Wife Shot Following Dispute

Following a dispute said to have been about the garnishee of wages, Pete Holowchuk, a 46-year-old Ukrainian of Thorold, Ont., and his wife were both shot to death outside Nick Zozub's store. Kozub is held and charged with the double shooting. (1) James Reace and (2) Richard Hughes, Thorold police constable, who aided in arrest of Kozub. (3) Kozub's store, scene of double murder. Cross marks spot where Holowchuk's body was found. (4) Family of murdered man and woman. BACK ROW, LEFT to RIGHT—Peter Holochuk, aged 15; Mike, aged 21; and William (aged 17. FRONT—Annie, aged 11; and Olga, aged nine. (5) Chief Harold, who conducted the arrest. (6) Police Constable N. James, also assisted in arrest. (7) Holochuk's home in Thorold.

WARSAW FAIR WELL ATTENDED

Pupils Congratulated On Splendid Exhibits by J. B. Nelson, Agricultural Representative.

RACES ARE CLOSE

(Examiner Correspondence)

WARSAW, September 29. — Warsaw School Fair was well attended on Wednesday. Five schools took part in the parade and drill, conducted by Inspector Leo Copp. The schools were arranged on three sides of a square, and all acted together, though each school had been drilled separately their action was in unison. The most amusing yell was No. 12 Union.

After the drill came stock judging and this year the animals were brought by the children into the ring on the grounds. It was quite noticeable that those calves led by girls were the most docile. Little Mary Payne took first prize for her beef calf, and second for her dairy calf. She looked very tiny as her head was no higher than her calves' backs, but she managed them.

Only two colts were shown and four lambs, which latter were evidently pets.

The reading, public speaking and singing took place later, and some was well done.

Dorcas Lloyd told a story very clearly in a voice that carried well.

Mr. Scott judged the girls' work in place of Miss Hopkins, whose mother had just died.

On the whole the exhibits in the tent were a nimprovement on last year. Mr. Nelson said the carrots and corn were the best he had seen this year; potatoes, too, were exceptionally good. The pupils' flowers, both those grown from school seed, and the table bouquets, were very good. The hand sewing was a decided improvement. The work was somewhat difficult and in many cases the stitchery was splendid. The cooking all looked tempting and the school lunches were well planned and daintily prepared. Most of the girls had enamelled metal lunch boxes. What added to the exhibits was the canned vegetables of eleven girls who belonged to the canning club, each with four pint bottles of vegetables.

The races were in the forenbon after the exhibits were all in and the tent closed for judging. Much interest was taken in the racing and tests. Ivan Payne threw an eight-pound stone 32 feet 9 inches.

For the running high jump I. Payne and R. Bowen were ties for first, and remained ties after another trial. The same thing happened with Orville Watts and W. Robinson as third.

Other schools besides those which took part in the parade had exhibits and took part in the sports.

Only two histories of Dummer were handed in. Dr. Munro and Mr. E. Hawthorne judged them, as they had judged the same subject seven years before when there were several competitors. Laura Little was awarded first and Mary Tedford second. The judges reported there was only a very few points between.

Mr. Hawthorne said that neither seven years ago, nor this time, did any of the contestants mention the great flood of 1871.

The ice-cream, candy and soft drinks all did a brisk business. The Women's Institute served hot dogs and meals.

EIGHTY PHYSICIANS RALLY IN LINDSAY

Instructive Addresses Given Medical Association—Rev. Dr. Oliver Pleads for West.

LINDSAY, Oct. 1 (Examiner Correspondence) — Some eighty physicians from points in this district attended the district meeting of the Ontario Medical Association held here yesterday. There were representatives from Peterborough, Victoria, Haliburton, Hastings, Prince Edward and Durham and Northumberland counties. Following the morning session, a luncheon was enjoyed at the Marsh Memorial hall, after which an inspection was made of the new maternity wing of the Ross Memorial Hospital. The speakers at the luncheon were: Dr. J. L. Austin, Kingston, president of the Ontario Medical Association; Dr. W. J. Bell, Deputy Minister of Health, and Dr. T. C. Routley, Toronto, secretary of the Ontario Medical Association.

At the morning session Dr. George Campbell, of Ottawa, gave an address on "Difficulties in Paediatrics." This was followed by a very interesting talk on "Difficulties in Obstetrics," by Dr. W. P. Tew, of London.

In the afternoon the speakers were Dr. George S. Young, of Toronto, who took as his subject "Differential Diagnosis of Pain in the Back." This was followed by an address on "Gall Bladder Problems" by Dr. Austin, of Kingston.

Rev. Dr. Oliver, Moderator of the United Church in Canada, gave a stirring address in the First United Church here last night, in which he described the serious conditions in the Canadian West because of crop failure, and stressed the opportunity — the challenge — thrown out to the church to help alleviate conditions. The United Church, he stated, had been committed to this task, and he did not want the members in Lindsay to fail. It was no time for flinching. It is a time for hanging on, for doing the impossible things.

The meeting was held by the Lindsay Presbytery, and Rev. George Williams, who is associated with the missionary work of the church, gave a talk on how the church proposed to raise the money for western relief.

IS PAID $50,000 FOR THREE YEARS IN JAIL

T. Boevey Barrett's Compensation for Wrongful Imprisonment Settled After Fight

London.—Ten thousand pounds has been paid by the government to T. Boevey Barrett, for wrongful imprisonment. In 1921 he was charged with fraud in connection with the formation, at Accra, on the Gold Coast, of a limited company.

When last year, Mr. Barrett, after years of effort, had been granted a pardon, it was urged that compensation should be on a generous scale.

Now comes the news, that final compensation has been paid by the Gold Coast government, through the crown agents for the colonies. Mr. Barrett has been paid £5,000 for wrongful imprisonment and a similar sum as compensation for financial loss resulting from it.

Mr. Barrett served his sentence in England, but took his discharge in Accra.

The result of his sentence was that his business assets disappeared and his wife and family were left practically destitute.

During the years that Mr. Barrett was fighting to establish his innocence, he obtained work in Accra after it had been refused him many times because he had been in prison.

A first instalment of his compensation, a sum of £2,000, was paid to Mr. Barrett in September last year. This relieved his family and enabled him to join them in London.

This case of Mr. Barrett was one of the causes of the establishment of colonial courts of criminal appeal.

BENNETT LAUDS MEDICAL WORK

Claims Whole Nation is Interested in Fight Against Disease.

ATTENDS BANQUET.

TORONTO, Ont., Oct. 1 (C.P.)—Premier R. B. Bennett is spending the day in Toronto. He will speak to-night before the Missionary Congress arranged by the United Church of Canada.

Arriving from the Capital yesterday evening, Premier Bennett proceeded from his train to the banquet of the American Medical Association in convention here this week. To the Canadian and United States medical practitioners, the Prime Minister emphasized the interest laymen as well as members of the profession were taking in the advancement of medical science.

"Some of us are combatants," the Prime Minister declared; "some are not; but men and women high and low throughout the world are indisease. To the extent to which medinterested in the struggle against disease. To the xtnt to which medical science succeeded there would be health," he continued, "and to the xtent to which these efforts failed there was disease."

Medical science in the last fifty or sixty years, Mr. Bennett proceeded, had made greater advancement than in all the preceding centuries. Speaking for no party but for the people of Canada, Premier Bennett extended a whole-hearted welcome to the assembled delegates. Frontiers might exist between the two countries and customs duties existed, he remarked, but neither frontiers nor customs duties prevailed against the united efforts of Canadian and United States medical men in their united efforts for the relief of humanity.

Bladder Weakness Makes Life Misery!

Daily Annoyance, Troublesome Nights Wrecking Lives of Thousands States Writer Who Tells What To Do For Quick Relief.

Backaches, Headaches, Pains in feet and legs, Nervousness, Restlessness, frequent but scanty Urination, with burning and pain, getting-up-nights—are some of the more troublesome signs that should have prompt attention before they reach a more serious stage!

No matter how stubborn your case may seem to be or how many medicines you have tried without results—don't think your condition is hopeless or the natural consequence of advancing years until you have tried the amazing value of Dr. Southworth's "URATABS."

On a strict guarantee of money back on first box purchased if you do not receive swift and satisfying relief any good druggist will supply you with "Uratabs" in sealed packages containing a ten days' supply. If they bring great relief inside of 48 hours and a wonderful improvement inside of ten days, you will be greatly pleased—if they do not help they cost you nothing! Ask your druggist to-day.

British Screen Star Wins International Prize

PRIZE BEAUTY IN PRIZE-WINNING PHOTO

This photographic study of Lillian Harvey, British screen star, won a prize at recent exhibition of Society of International Photographic Artists in Berlin. Although British, the star is hailed by many as queen of German films. She has been in that country since before war. The photograph is the work of Prof. Angelo of Budapest.

Cavan

The visiting minister for Cavan anniversary services on Sunday, Oct. 11th will be the Rev. George McColl, Toronto.

Mr. McColl was a Cavan boy and preached his second sermon in Cavan church

The ninth line Cavan, is now in good shape, having been widened, graded and gravelled.

The paving done in Cavanville has added much to the appearance of the village.

Part of the eighth line was widened and graded and this week those sections of the line are being gravelled.

The travelling public will reap the benefit of these improvements to both lines when the muddy season comes in the fall.

Dr. M. G. and Mrs. Mason and Mrs. Jewison, Toronto visited Mr. and Mrs. F. M. Staples at the week-end.

Mr. and Mrs. Hill and two children, Toronto and Mrs. Thorndyke Millbrook visited Mr. and Mrs. J. Armstrong on Sunday.

Mr. and Mrs. W. H. Barnard, South Monaghan visited Mr. and Mrs. F. M. Staples on Sunday.

Messrs. Offa and Thomas Staples visited friends in Cavan on Sunday.

Mrs. James Douglas is visiting her sister, Mrs. Hootan, Fairmount.

Congratulations are being extended to Mary Armstrong of S.S. No. 8 (Whitefield's School) on winning first prize in the Baptie scholarship; also to Joe Armstrong S.S. No. 15 (Cork), on winning second prize.

These prizes are awarded to the pupils in Cavan who have the highest and second highest marks at the entrance examinations in June.

Miss Caine was the teacher of Mary Armstrong who won first prize. Miss McColl was the teacher of Joe Armstrong who won second prize.

The regular meeting of Cavan United Church W.A. and W.M.S. will be held in the church on Thursday afternoon.

Mrs. Ing won the Thames swim from Gravesend to Southend, England, with F. Tunbridge, the only man to make a showing, second, and Miss Isabell Randall, third.

CATTLE, GRAIN, PRODUCE

CHICAGO GRAIN

CHICAGO, Oct. 1—Swayed largely by fluctuations of Wall Street securities, grains at least temporarily quit back-sliding yesterday, but failed to hold well on upturns.

September wheat contracts touched a new all-time low record for any wheat future on the Chicago Board of Trade, and all deliveries of corn outdid the lowest levels reached heretofore this season. Then buying broadened, influenced by the fact that grains had declined for five successive days and that a reversal of trend appeared overdue. Late action of the stock market, however, put grains under a fresh handicap.

Wheat closed nervous, unchanged to ⅝ cents off; corn varying from ⅛ decline to ⅝ advance; oats unchanged to ⅜ down, and provisions unchanged to a rise of 12 cents.

TORONTO PRODUCE

TORONTO, Oct. 1—Light receipts of eggs and an unlimited demand resulted in still higher prices being quoted by local buyers and traders yesterday. The quotations to country shippers were 2c per dozen higher on extras and firsts, while brokers' prices for graded lots were up 1c on the two top grades. Retailers were asked to pay 2c to 3c more on extras, 1c more on firsts, and steady to 1c more on seconds.

Prices

The quotations to country shippers for ungraded eggs, delivered cases returned, were 28c for extras, 25c for firsts and 14c to 15c for seconds. Retailers were offered supplies at 25c to 36c for extras in cartons, 33c to 34c for extras loose, 29c to 30c for firsts loose, and 18c to 19c for seconds loose. Brokers were making sales of extras at 30c to 31c, firsts 26c and seconds 16c to 17c per dozen, graded and in free used cases.

Butter

Trade was slow on the butter market but there were some sales at low levels. Brokers were asking 20½c for No. 1 and 19½c for No. 2 creamery solids—large lots of high scoring supplies—but there were sales of No. 1 at 20c and No. 2 at 19c. It was a difficult market to do business on at any of the higher prices.

Cheese

New cheese was quoted at the nominal figure of 11½c for large, with twins at 11¾c and triplets at 12c. Retailers were paying the steady prices of 13c for new large, 13¼c for twins and 13½c for triplets.

MONTREAL PRODUCE

MONTREAL, Oct. 1.—Butter and cheese prices advanced and egg and potato quotations were unchanged on the produce and dairy market here yesterday.

Number 1 pasteurized butter, in car lots, gained an eighth to a quarter of a cent at 19¼c to 19¾c a pound. To retailers solids and prints were both unchanged at 21c to 22c and 22c to 23c a dozen, respectively. Receipts were 2,008 boxes.

Ontario and Quebec cheese both advanced a quarter of a cent. Ontario was quoted at 12¼c to 12½c and Quebec at 12c to 12¼c a pound. Receipts were 905 boxes.

Fresh Ontario or prairie eggs, in cartons, were unchanged, extras being quoted at 32c to 33c, firsts at 26½c to 27c and seconds at 18c a dozen. Carlot prices of B. C. fresh extras and firsts were unchanged at 34 to 35c and 29c to 30c a dozen, respectively. Quotations to retailers were steady and receipts were 377 cases.

Montreal potatoes per 80-lb. bag were 40c to 50c and New Brunswick Cobblers were 50c to 60c per 80-lb. bag.

WINNIPEG GRAIN.

WINNIPEG, October 1.— A sharp interest in Canadian wheat for export overnight gave new life to trade on the wheat market here yesterday. Although considerable liquidation and increased hedging pressure was in evidence all offerings were easily absorbed, and the values closed ⅝c to ¾c higher than Tuesday's final figures.

October closed at 53¾c; November at 54¼c; December at 54¾c to 54⅞c, and May finished at 58⅛c to 58¾c.

The market was fairly active yesterday, and shortly before midsession an advance of 1c had been established. Selling tended to exceed the buying power in the final hour, however, and much of the advance was lost.

Wheat overnight offered on the basis of New York funds was accepted in appreciable quantities with United States interests among the buyers. Cables confirmed heavier offerings from Canada and pressure of Russian wheat at 2c per bushel less than offered.

Cash wheat trading again was light. Durums sold at 1c higher. Coarse grains prices in active trading closed higher in sympathy with wheat.

BETHEL CHURCH ANNIVERSARY

Large Congregations Hear Rev. Mr. Bell Deliver Splendid Sermons.

SPECIAL MUSIC

(Examiner Correspondence.)

WARSAW, September 30. — The Bethel anniversary services were well attended, and Rev. Mr. Bell preached very helpful sermons, the choir giving special music.

The ice cream and cake social on Monday evening was a success. The program was of home talent, but interesting. Community singing put all at ease. Misses Aileen Hamblin and Velma Payne, gave duets in their usual acceptable manner. Rev. Mr. Wilkinson and Fred Crowe each gave interesting readings, and "Painting a Chair," was an amusing dialogue. Zelda and Roy Crowe appeared in a duet and Walter Payne and Walter Keish each gave a solo.

Many Attend.

A good number aattended the first meeting of the Church Army on Tuesday evening. Several young men became quite interested and had a meeting before the regular meeting on Wednesday evening with the idea of organizing a branch here.

Lakefield

Mr. Gordon Porter has returned to Queen's University, Kingston, to resume his theological course.

Mr. Harry Wannamaker of Toronto spent last week end at his home in the village.

Miss Mary Tanner left last week to enter the Toronto General Hospital as a nurse-in-training.

NORWOOD PUPILS RECEIVE PRIZES

Presented by I.O.D.E. — Will be Increased Next Year.

NORWOOD, Sept. 30. — At a meeting of the local chapter of the I.O.D.E. on Tuesday at the home of Mrs. B. W. Squire, Mrs. (Col.) R. E. Birdsall, delegate to the national convention at Halifax in June, gave a most interesting report of the leading features and an account of the national work being accomplished by this organization.

The presentation of the I.O.D.E. prizes given to Norwood Public School pupils securing the highest marks in history and essay writing, Malvern Ennis was presented with the $5 prize for highest marks in history; May Patterson, a Sr. III pupil, $2.50 for the first prize essay; and Mildred Puffer, a Jr. III pupil, $1 for the second prize. The chapter decided to give increased prizes next year as the prizes this year were reported to have stimulated the pupils to better efforts.

Prof. Treneer, a former music teacher here, who is now organizer for this district for the Canadian National Institute of the Blind, was present and addressed the meeting. Mr. Treneer asked the co-operation of the chapter in holding a concert at Norwood in aid of the blind. On motion, the ladies decided to sponsor the concert.

Lunch was served and a hearty vote of thanks tendered the hostess, Mrs. Squire.

The funeral of the late William Willis Lobb was held from the home of his daughter, Mrs. Walter Rodgers on Sunday afternoon.

Deceased, who was the eldest son of the late Mr. and Mrs. John S. W. Lobb, was born in Asphodel in 1855, in which township he resided most of his life. His wife predeceased him six years ago, after which he sold his farm and resided with his daughter, Mrs. W. Rodgers.

Four sons and three daughters survive: Harvey, of Asphodel; James, of Dummer; David, of Norwood, and Howard of Detroit; Mrs. Alfred Arnott, of Mount Forest; Mrs. Willis Preston, of Asphodel, and Mrs. Walter Rodgers of Norwood. Three brothers and four sisters also survive: Mrs. W. Metcalfe, and Mr. Fred Lobb, Norwood; Mrs. H. A. Thistlewaite, Asphodel; Mr. John Lobb, Westwood; Mr. Benjamin Lobb, of Portage la Prairie; Mrs. E. Moon, of Fenton, Mich., and Mrs. W. Tucker of Toronto.

The funeral service was conducted by the Rev. Dr. Thomson of Hastings Presbyterian Church, assisted by the Rev. R. F. Stillman of Norwood United Church.

The pall-bearers were Messrs. Robert Leeper, George Richardson, Wellington Burgess, John Scott, William Montgomery and Edward Waters.

Interment was made in Norwood cemetery.

Mr and Mrs Green, of Smiths Falls, are visiting the latter's parents, Mr. and Mrs. Hugh Drain, King St.

Miss Blanche Stillman went to Toronto on Monday afternoon to resume her studies at Toronto University.

Mrs. Mary Wood, of Keene, is visiting friends in Norwood for a few days.

Miss Mary Roxburgh went to Toronto on Monday afternoon.

There will be a missionary rally in the United Church on Wednesday evening, Sept. 30, at which the Rev. Capt. Scott, of the Waterways Mission of British Columbia, will tell of his work, illustrated with lantern slides.

SACRED DRAMA HELD IN CHURCH

St. Andrew's Congregation Sees Splendid Acting in Rally Day Program.

AT MILLBROOK

MILLBROOK, Oct. 1 (Examiner Correspondence)—A special missionary service was held in Saint Andrew's Church on Sunday evening, in continuance of the rally day program, a sacred drama, "The Church on Trial," the pastor, Rev. W. W. Jones, B.D., as a fitting preliminary, reading the court scene from Matthew 25, 31-46, where our Saviour pictures the last judgment.

The prisoner, W. A. O'Brian, representing the Christian Church was brought to trial for failure to fulfill the Master's commission, "Go ye into all the world and preach the gospel to every creature."

G. E. Burnham acted as the judge, and Kenneth Fallis was the prosecuting attorney; Lawrence Winslow filled the role of constable, and Oliver Brock was the court clerk.

Witnesses called gave evidence that showed clearly how inadequate has been the church's measuring up to what her Lord demanded of her in missionary enterprise, causing the prisoner to change his plea from "Not guilty" to "guilty," asking compassion and an extension of time, a plea granted by the judge, who after hearing the evidence pronounced sentence, "I find the prisoner guilty of wholesale neglect."

Those giving evidence included: Thomas Douglas, speaking for the New Canadians; Miss Phyllis Kidd, for Japan; Miss Mary Burnham for Africa; Miss Jean Burnham for China; Alvin Widdis for the Red Indians; Donald Lang, for India; Jack Stinson for the Near East; Miss Dorothy McDowell for Latin America; Mr. P. Stinson, representing the United Church; James H. Might, whose statement of facts was from the Voice from the local church and Pearl Burnham who read the missionary commission.

In summing up, the judge granted the plea for mercy and an extension of time on condition that the church carry on in such an effective manner that "at the name of Jesus Christ every knee shall bow, and every tongue shall confess Him, and the kingdoms of this world shall become the kingdoms of our Lord and of His Christ."

Carried out in a spirit of worship and reverence, the service left a lasting impression that should bear fruit in increased interest and contributions in the days ahead.

When a boy of 16 recently testified in a Bristol, England, Court that moving pictures prompted his theft of a bicycle, the lad was ordered to keep away from cinemas for a year.

SMITH COUNCIL HOLDS MEETING

Subscribers for Emily Municipal Telephone System to Pay $2.00

ACCOUNTS PASSED

The municipal council of the township of Smith met in session on Thursday, Sept. 24, in the county council room at the hour of 10 a.m.

There was a full representation of the members with reeve H. D Coons presiding.

Communications were tabled as follows: Ontario Municipal Association, receipt for membership fee for 1931; City Clerk's office, information re registration of unemployed; Alex Elliott re well opposite Lot No 10, Plan 49; William Robinson, Omemee, giving rates to collect from Smith subscribers for Emily Municipal Telephone system viz., $2.00 each; Utilities Commission application cards for Hydro installation for Messrs. John Poullotte and Peterborough Pottery Co.; J. E. Sullivan, secretary Separate School Board asking that the rate for separate school supporters in S.S. No 3 be the same as the rate for public school supporters in the same school section; Percy Castle, asking council to prohibit the piling of road opposite his lot on Wellington street; Department of Highways notifying council that their provincial adultor, Mr. Brown, would audit the road expenditure account for Smith township for 1930, on Monday, Sept. 28

Moved by Councillor Milburn and seconded by deputy-reeve Fitzgerald that the communications be received and filed.

Mr. Grosskurth was present in the interests of the Canada Ingot Iron Co. of Guelph and quoted prices on steel culverts and maintenance road graders.

F. L. Ray, of Chemong Park was present to ask council to extend a drain from near his property at Chemong Park along the street line to Chemong Lake in order to drain his cottage cellar. Mr. Ray agreed to furnish all tile necessary for the drain. Deputy-Reeve Fitzgerald and Councillor McConkey were appointed a committee to investigate the matter.

The clerk was instructed to make out and mail boundary road accounts to Peterborough city and North Monaghan and Emily townships for 1931.

Herb. Hamblin informed council that he had some wood piled on a blind end of Wellington street, and asked permission to leave it in its present location and also to continue to use this part of Wellington street as a piling ground for wood. Council advised Mr. Hamblin to sell the wood as soon as practicable and to discontinue to pile any more wood on this street.

Moved by Councillor Milburn and seconded by Councillor Armstrong, that the treasurer issue a cheque to the order of the Road Superintendent for the sum of $92.30, covering pay sheets Nos. 142 to 146 inclusive and as below: Wm. Welsh, repairing culvert, $2.50; Archie Miller, team dragging, $19; Robert Tully, team dragging, $10; Harry Fowler's division, team on hill, labor and gravel, $45.80; T. H. Graham's salary, $15.

Moved by deputy-reeve Fitzgerald and seconded by Councillor Milburn that the reeve and clerk be authorized to borrow if necessary by note from the Royal Bank of Canada at Peterborough, for two months the sum of one hundred and twenty-five dollars with interest at the rate of 6% per annum.

Moved by deputy-reeve Fitzgerald and seconded by councillor Milburn that the following certified accounts be paid: Peterborough Examiner Ltd., unemployment display, $7.20; Peterborough Examiner Ltd., unemployment cards, $2.24; Percy T. Udy, telephone account, $1.50; William J. Robinson, 3rd payment on garbage collection, $150.00.

Council adjourned to meet on October 24 1931, at the hour of 10 a.m.

Wide Awake Group Has Outdoor Rally

Millbrook Girls Have Hot Bacon Supper Followed by Games and Contests.

MILLBROOK, Oct. 1 (Examiner Correspondence)—The members of the Wide Awakes group of Canadian Girls in Training enjoyed a delightful out of doors' meeting at the home of the president, Miss Marian O'Brian, on Monday immediately after school twenty or more of the girls gathering as soon as they were dismissed from their studies, the first activity being the building of campfires on which to cook the hot bacon supper which features this annual occasion.

Both the weather and the location were ideal for the gathering. Mrs. O'Brian and her daughter extending a warm welcome to the arriving guests, and assisting in every way in their power in making the occasion a happy one in every particular. Full justice was done to the attractive menu provided, and afterward all gathered round a big bonfire provided through the courtesy of Mr. O'Brian who saw that the material was on hand when wanted, and in the growing darkness a thrill was provided through the relation of ghost stories, the readers being Marjorie Sayles and Jean Burnham.

A game of hide-and-go-seek in the corn field by moonlight brought plenty of fun and laughter, the next feature being a "star hunt," this requiring rugs spread on the ground, charts of the sky secured from the Extension Department of the University of Toronto, and flashlights; it proved instructive and fascinating and will be continued at a later date before the weather grows too cold.

The group intends at its next regular meeting to have an entire reorganization for the ensuing term, the pledge being presented personally before any names are enrolled, and the election of officers then taking place.

The hostesses on Monday evening were heartily thanked for their generous hospitality, some of the girls remaining for a sing-song in the home before final departure of all the happy guests, after what was voted the "best yet" in the list of bacon suppers which have featured the re-opening for the fall activities for the past three or four years.

League Meeting At Trent River

(Examiner Correspondence.)

TRENT RIVER, October 1.—The opening exercises for the League on Friday night were in charge of the President, George Armstrong.

The report from the secretary was heard after which Mr. Murphy spoke in regards to a convention of the League to be held Friday, Oct. 9, near Peterborough, at which two delegates or more were to represent Trent River League. The President, George Armstrong, and Secretary, Milton Hawley, were appointed as delegates to attend. One of the vice-presidents, Mrs. Murphy, resigned her office and nominations were called for to fill the vacancy. Isaac Lawson was unanimously elected for third vice-president.

Mr. Murphy gave an interesting address on "His Majesty, King George V," along with previous sovereigns, leading up to the present King, concluding his remarks with the request for the singing of the National Anthem, and "O Canada."

Rev. Mr. Kemp spoke a few words regarding the conditions in Saskatchewan and stressed the fact of the need of provisions to be sent from this congregation.

Mrs. Thomas Doupe had charge of the contest, "Riddles," the blue side winning the highest number of points, the red side coming a close second. There was an attendance of 41.

Rally Day Services Held In Queensboro

QUEENSBORO, Oct. 1 (Examiner Correspondence)—Special Rally Day services were held in all the United Church Sunday Schools on the Queensboro pastoral charge on Sunday. Each of the churches was prettily decorated with potted plants and cut flowers which were artistically arranged. The official program sent from Toronto was followed in each case. At the Hassard's Corners school, the beginners' class sang, "Away in a manger," little Doris Bread recited, St. Mark, 10, 13-16. Hubert Harris told the story of "Jesus' Love for the Out-of-doors." Edward West recited a piece describing, "The Courage of Jesus." Myrtle West described, "Jesus coming into the city of Jerusalem," and Mrs. George Harris read the account of the Betrayal, Crucifixion and Resurrection of Jesus." The service was very interesting, and gave to the listeners a clearer idea of the outstanding happenings in the life of Jesus.

FASHION TURNS ITS SPOTLIGHT ON WIND BLOWN BOB, ASH HAIR

Bathing Suits, One - Piece Style to Be "Nuder and Nuder"

PAJAMAS HOLD FAVOR

NEW YORK, October 1. — Scarlet tinted toe nails and ash hair will be something for socially proper people to worry about at the winter resort beaches this season, Kathleen oward, the fashion expert, predicted to-day.

Bathing suits, Miss Howard told the fashion group, an organization of stylists and fashion writers, are to be "nuder and nuder." The one-piece knitted suit, she was advised in cablegrams from Paris, is a favorite beach garment shown there.

The wind-blown hair bob square at the back, is blonde if possible, and the mode is available to all women who know the art of applying white henna to their auburn or raven locks, Miss Howard pointed out.

Smart women at Monte Carlo still are wearing pyjamas, mostly of knitted materials and tweeds. These have matching hats trimmed with bright feathers.

Divided skirts are a new mode for women playing golf.

Pyjamas for evening wear have given away to more decollette evening gowns.

Hats continue small and are tilted more than ever on one side of the head. Most of them have a high trim in the back to give height to the wearer of the new square-sholdered costmes, and the huge wide fur collars. The trim is usually a quill or two, or a stiff velvet or ribbon effect.

Tweed

Mr. and Mrs. Neil O'Keefe and children of Campbellford spent Sunday with Mrs. Lafontain.

Mr. Duff of St. Catharines spent Sunday in town.

Mrs. T. McCann is visiting Mrs. William Hughes of Belleville.

Miss Nellie Gabourie returned to Detroit on Monday.

Mr. J. C. Black of Aurora is visiting friends in town.

Mrs. Felix Rashotte visited in Stirling for a few days.

Mr. Henry Leworthy of Kingston spent several days in town on his way to Windsor.

Mr. Laurison Newton of Hamilton spent the week end with his parents, Mr. and Mrs. J. L. Newton.

Mr. T. Lafontain returned after spending a few days in Detroit.

Miss Millicent Moffatt nurse-in-training at General Hospital, Toronto, is spending her holidays with her parents, Mr. and Mrs. Moffat.

Mr. and Mrs. James Morrin and Frances of Oshawa spent the week end with the latter's sister, Miss Ann Rayburn.

Messrs. Borden, Rollins and Arthur Kerr returned to resume their studies at Queen's University, Kingston.

Mr. Garfield Kincaid of Hamilton visited his parents over week end.

Mrs. M. Drinkwater spent the week end with her son, Algie, in Toronto.

Mr. and Mrs. Sayers spent a few days with their daughter in Toronto.

Mr. Joe Collins, Frank Trudeau, Clayton Lesage, Leonard Hudswell returned to St. Augustine's Seminary to resume their studies. The seminary is filled to capacity.

A meeting of the young people of the United Church was held for the purpose of re-organizing for the fall work. There was a good representation present and a committee of leaders was elected, the same as last year, which consists of Mrs. Cook, chairman, Mrs. Foster and Winston Gordon. They also decided to carry on in two groups with George and Bill McGee as leaders. The next meeting will be held October 5th in the Sunday school rooms. Refreshments were served and all are looking forward to a good year's work.

The officers are: President, Mrs. Cook; vice-presidents, Bill McGee and George McCutcheon; secretary, Gertrude Brown; treasurer, Donald McCrea.

A large number from Tweed attended the fair at Stirling.

Mr. W. J. Burgoyne, who has been connected with the Nichols Chemical Co. at Sulphide for the past 25 years has resigned the position of superintendent, which he has held since 1924. Mr. H. J. Cordy has been appointed acting superintendent.

Mr. Gerald Quinn of Kingston spent the week end with his parents, Mr. and Mrs. John Quinn.

Mr. Charley Flood spent the week end at his home in Ingersoll.

Mr. Frank Calvert spent the week end at his home in Kingston.

James Courneyea spent Sunday with his sister at Hotel Dieu, Kingston.

Mr. and Mrs. A. Smart of Renfrew are visiting their family at Tweed.

Miss Annalena Courneyea returned from a week's visit with Mr. and Mrs. Shannon of Smith's Falls.

Mr. Tom Beatty and Riley Trumpour attended the Woodbine races at Toronto.

Mr. James Ryand and Max Geraldi attended Norwood fair.

A large crowd attended the Holy Name parade at Kingston on Sunday.

Mr. and Mrs. Smart and Miss Violet Brown spent Wednesday in Belleville.

WHOOPING COUGH

Millbrook

Mrs. G. H. Hooton, of Fairmount, attended the wedding of her niece, Alma Hooton, to Robert Henry McArthur on Saturday, at the home of the bride's mother, Mrs. Mark Hooton. The uncle of the bride, Reeve George H. Hooton, Warden of the United Counties of Durham and Northumberland, was unable to be among the guests owing to a business trip in the Muskoka district. A handsome radio, the gift of the immediate members of the groom's family, was among the many beautiful presents of which Mr. and Mrs. McArthur were the recipients.

Mr. G. A. and Miss May Duncan expect to leave shortly for Cleveland, Ohio, where they will spend the winter with Mr. and Mrs. Harry Duncan. Their many friends regret to have these life-long citizens leaving the community. Mr. and Mrs. E. J. Thornton are moving into the Duncan home on Anne street when it is vacated by Mr. and Miss Duncan. Mr. Harry Duncan arrives on Friday of this week, his father and sister accompanying him on the return trip to Cleveland.

Miss Jessie Clarke, of Weyburn, Sak., who has been visiting Mr. and Mrs. Wesley Clarke at Cardinal, returned to the village on Tuesday evening and is the guest of Mr. and Mrs. S. E. Eakins.

Miss Ina Bowen, of Warkworth spent the week-end the guest of the Misses Francis and Beatrice Jones, at the parsonage.

Mr. and Mrs. H. W. Johnston, who spent the winter at the Pacific coast, have returned to the village and are at present staying with Miss Emma Hunter. Mr. and Mrs. Johnston will occupy apartments in the Waverly building for the winter months.

Mrs. W. D. Leach and daughter, Miss Audrey of Detroit, Archie Leach and Eric Leach and the latter's son, Donald, of Oshawa were guests of friends in town for a brief stay this week.

The regular quarterly meeting of the Sunday school executive of Saint Andrew's Church will be held on Tuesday, October 6, at 8 p.m., when business of importance will be considered.

Jack Byam, formerly of Peterborough spent the week-end with his parents, Mr. and Mrs. J. L. Byam, leaving on Monday for Toronto having received a promotion and now holding the position of assistant manager of the King street east branch of the Woolworth stores, in the Queen City.

Congratulations are in order to the winners of the Baptie Scholarship for 1931-32, Mary Armstrong, elder dadughter of Mr. and Mrs. Ernest Armstrong having taken first place with highest marks among Cavan pupils who passed the high school entrance examination last June. Joe Armstrong, son of Mr. and Mrs. Reginald Armstrong, had the second highest marks and so is also a winner of the Scholarship prize. The framed certificates, and the cheques, which go with the Scholarship are presented at the annual nomination meeting for the Cavan municipal council in December.

Miss Mary was a pupil of Miss Cane at Whitfield's school last term, her aunt, Miss Ethel McKnight, for some years a very successful teacher in this school section, having trained her niece thoroughly in the work to be covered. Master Joe Armstrong is a pupil of Miss Ruth Staples at the Cork school, second line, Cavan, and has been a honor pupil at examination time practically from the beginning of his school days.

Bethany

The many friends of Mr. William McCartney who underwent a critical operation in Nicholls Hospital, Peterborough a week ago, will be pleased to learn that he is steadily making progress toward recovery.

Mr. Victor McCartney, of Cornwall left on Monday to resume his duties there after attending very closely on his father, while in the hospital.

Mr. J. J. Preston was a business visitor to Toronto on Monday.

The Young People's Association of the United Church has resumed its weekly meetings. The pastor, Rev. Mr. Scott was in charge of the meeting held this week when the following officers were elected: Bert Monk, president; Muriel Patterson, secretary; Kathleen Steer, assistant secretary; Helen Paton, pianist; Lawrence Steer, assistant; Miss Jackson, Missionary convenor; Miss Cochrane, citizen convenor; Miss H. Jackson, fellowship convenor; John Stubbington, social and literary convenor.

It was decided, on motion, that each member help to defray expenses of a social function to be held in the near future. The Young People's Convention will be held in Bethany United Church on October 9, with afternoon and evening sessions.

The young people held their regular weekly meeting on September 24, when it was decided that the money remaining from the weiner festivity be used to decorate the church for the convention. A committee was appointed to attend to the decorations for the convention, the personnel being Mrs. Payne, Miss Jackson, Miss H. Jackson. Each person will donate five cents to purchase ribbon to be worn by members of the Bethany Y.P.S. at the convention. The program numbers include explanation of the lesson by Miss Jackson; solo, Miss Hazel Jackson; responsive reading, Mr. Payne; topic, Mrs. Payne; instrumental, Jack Clark.

REV. LENNOX GIVES FAREWELL SERMON

Girl Guides and Members of Eastern Star Honor Mrs. Lennox

HAVELOCK, Oct. 1 (Examiner Correspondence)—The "New Birth" was the subject chosen by Rev. John Lennox, D.D., as a farewell message to the large congregation which had assembled at Knox Presbyterian Church on Sunday evening to hear him preach for the last time as minister of the church here. Visitors were in attendance from Hastings, Norwood, Trent River and the surroundin, country, as well as from the other local churches.

Dr Lennox spoke from the text John 3, verse 2: "We know that thou art a teacher come from God."

Prior to the sermon Dr. Lennox said he was not leaving Havelock because he had to do so; that he liked the people and the village, and had always looked upon it as home. However in some mysterious way the congregation of St. Andrew's Presbyterian Church at Huntsville had been led to ask him to supply in the pulpit for a Sunday in August while he was on his vacation, and the result had been an unanimous call to be their minister. In making his decision he had looked upon this as a call from God to work in another part of His vineyard.

Mrs. Porter, Norwood, favored the congregation with an appropriate vocal solo which was most impressively sung. Dr. Lennox also sang a solo by special request. An anthem was rendered by the choir, the duet being taken by Mrs. T. C. Jamieson and Mr. Will Martin.

Presentation Made

Members of Havelock first company Girl Guides paid an informal visit to the home of Mrs. (Dr.) Lennox on Saturday evening and presented her with a handsome sandwich plate on the eve of her departure for Huntsville. Mrs. Lennox has been commissioner of the Guides since their organization here two years ago, and the girls felt that they could not let her leave Havelock without expressing in some way their regret at her departure.

Mrs. Lennox thanked them most coordially for their lovely present, and assured them that she would always cherish fond memories of pleasant associations, and have a warm spot in her heart for the Havelock Guides.

A very pleasant evening was spent at the home of Mr. and Mrs. Robert Anderson, Havelock on Monday evening, Sept. 28th when about twenty-five members of the Eastern Star assembled there to honor Mrs. (Dr.) Lennox, before her departure for Huntsville, where Dr. Lennox has been called by St. Andrew's Presbyterian Church.

Mrs. Lennox was presented with a handsome radio lamp and an address, the presentation being made by Mrs. Robert Buchanan, and the address read by Mrs. Hugh Brown.

Mrs. Quinn Honored

The members took this occasion also to present Mrs. Quinn of Peterborough, formerly of Havelock with a pair of lovely silver salt and pepper shakers, and an address, the presentation being made by Mrs. Harold Mathison, and the address read by Miss E. Wright. Mrs. Quinn was a former organist of the Eastern Star here and left a short time ago to take up residence in Peterborough.

The ladies thanked the members for th kindness in a few well chosen words, and refreshments were then served. Afterwards the ladies took their dparture with every good wish for the kindness in a few well chosen their departure with every good wish Mrs. Lennox leave here on Thursday to take up residence in Huntsville.

OUR MAIL

Dear Anne:

I just discovered your letter of the 14th to-day, in the mail box. The postman had not used our box, being lately put up, and I had neglected to look in it. No doubt you looked for an answer sooner.

You certainly may keep the pansy and I am sending my last effort too. I need a little yellow for the centre, do I not?

I am glad, very glad, that my offer to knit is appreciated so much. I would be pleased to receive wool at any time now. Also, if the neighbors would send in any little odds and ends of wool, I would like to crochet up a small quilt.

Yours sincerely,
DO-IT-NOW.

I did wonder why you did not reply, Do-It-Now, and feared that you were ill, but I am pleased, indeed, to have your letter and to know that you are not ill. I will forward all the wool that is sent to me, and I know that the neighbors will fall in with your offer. Thanking you again,

Anne Wilcox

Eastern Columbia is to have a new air service.

Why Let Your Skin Age

Protect your skin with this new wonderful Face Powder and let MELLO-GLO give you that youthful bloom. Made by a new French process—stays on longer, prevents large pores, beautifies your complexion. Does not irritate the skin or give a pasty look. Purest face powder made. Try MELLO-GLO and you'll love it. Sold through all Druggists and at Toilet Goods Counters.

WOOLER

Mr. and Mrs. L. C. McColl and family spent Sunday at Massasaga Park.

Mr. and Mrs. Wilfred Simpson of Detroit returned home after spending a holiday with their parents, Mr. and Mrs. L. C. McColl.

Mr. and Mrs. Raymond Scott returned from their summer home at Weseliinkvou Lake and are now finishing the decoration of their new home which is much admired by their friends.

FREE

Six Safedge glasses free with each purchase of six 30-oz.—or one dozen 12-oz. bottles of

CANADA DRY

The Champagne of Ginger Ales

At the regular price

25c *per* 30-oz. *bottle*

15c *per* 12-oz. *bottle*

(plus bottle deposit)

HERE'S a chance for you to thrill with the sparkling cheer of Canada Dry Ginger Ale, and in addition acquire a beautiful set of green-glass tumblers for your table. For a limited time, you can get one of these famous, thin-blown Safedge glasses with each 30-ounce bottle of Canada Dry or with two 12-ounce bottles.

You can learn the economy of the new large bottle, and at the same time profit by the purchase. Buy one dozen (or half dozen) bottles of this fine beverage and furnish your crystal-closet with a complete set of these unusual glasses.

Guaranteed not to chip

Safedge glasses have a patented rim which cannot damage. They'll take a great deal of bouncing about in the dishpan, and knocking against hard surfaces. Yet they never chip. They're beautiful, serviceable, and sanitary. They'll please your family and friends.

This glass-offer expires as soon as the limited number of glasses is gone. So act immediately. Order from your dealer, *now!*

NEIGHBORLY NOTES

Please Phone items to 1600 or 1601

ROYAL FAMILY SEE THE CHAPLIN FILM

"City Lights" at Balmoral Castle by Royal Command

The King and Queen and the Duke and Duchess of York, a few nights ago, witnessed Charlie Chaplin's film, "City Lights," which was shown by royal command at Balmoral Castle. The ballroom at the castle, its walls decorated with the heads of stags brought down by members of the royal family, was transformed into a miniature cinema theatre by London experts who brought with them projecting machines and a screen about half the ordinary size.

Between two and three hundred witnessed the picture, including a number of guests, the members of the royal household and tenants on the royal estates. Three years ago "The Circus," another of Chaplin's pictures, was shown at the castle during the King's stay on the Deeside.

Stocks of Russian lumber in Argentina are reported to total 18,000,000 board feet and forced liquidation of the Soviet local trade organization is expected.

Nervous exhaustion due to some anxiety would require treatment or an attempt to remove or lessen the effects of what was causing it.

The individual suffering with the depressed type needed the most careful treatment—unremitting sympathy and encouragement day after day and a mild degree of persuasion.

SCHOOL FAIR IS HELD AT KEENE

Six Schools Are Represented In Parade—24 Head of Livestock Shown.

PRIZE WINNERS

KEENE, Oct. 1 (Examiner Correspondence) — Keene School Fair was held on Thursday and was a success from every standpoint except possibly that of the weather. Showers threatened and a cold wind drove spectators from the grand stand but for most of the events the sun shone.

Twenty-four head of livestock were shown, the biggest entry this year. J. B. Nelson complimented the children on this, also on the quality of the exhibits inside the town hall, notably the apples.

Six schools were represented in the parade with their teachers: Lang with Mr. Johnston; Mather's Corners, Miss Cameron; Providence, Miss Jean McIntyre; Sixth Line, Miss Elmhirst; Keene, Miss McCarthy and Mrs. Cameron.

Miss Marjorie Plunkett had the highest number of points. The results of the contests were as follows:—

Recitations — Annie Richardson, Margaret Manley, Elva Adamson, Bernice Bidgood.

Reading — Duncan Drummond, Marjorie Plunkett, Donald McCarthy, Dorothy McIntyre.

Speaking — Thelma Henderson, Hazel Manley, William Campbell.

Singing, senior—Jack Bolin, Catherine Bolin, Agnes Weir, Isabel Thompson, Jack Stark.

Singing, junior—Margaret Thompson.

Spelling match—Isabel Thompson, Dorothy McIntyre, Isabel Short, Thelma Henderson, Grace Eason, Doris Houle.

Week naming—Grace McCarthy, Marjorie Plunket, Jean Stark, Marilyn McCarthy, Darwin Manley, Dorothy MacIntyre.

Potato judging—Jim Stark, George Henderson, Jack Doris, John Weir, Keith Pimmett, Mac Short. High team, S.S. No. 14.

Grain judging—Harold Plunkett, Earl Rylott, Fred Stillman, Allan Davis, Hugh McFarlane, Frank Doris. High team S.S. No. 4.

School lunch judging — Thelma Henderson, Marybelle Humphries, Jean Stark, Agnes Weir, Eleanor McCarthy, Dorothy Davis. High teams S.S. No. 14.

FLEETWOOD W.A.

FLEETWOOD, Oct. 1 (Examiner Correspondence) — About twenty ladies gathered at the home of Mrs. Albert Finnie, Fleetwood, for the October meeting of the Women's Association, the date being a week earlier than regularly on account of the coming bazaar.

The president, Mrs. Tisdale, was in the chair, and Mrs. Kinley, the secretary, who has been absent for some months through illness, took her place again.

The roll call was answered by Scripture verses and the special business of the meeting commenced.

The president explained the call for help from the west and a list of donations of vegetables and fruits was taken from the members present to be left at Bethany parsonage during the coming week. The gifts promised were most generous and will be taken by truck to Peterborough with donations from the Bethany and Yelverton appointments to be loaded for free passage on the C.P.R. cars.

The goods for sale at the bazaar, taking place two days following the meeting, were priced for sale with Mrs. McKinley and Mrs. Werry placing the tickets on same.

The committees for selling and service of supper were then formed. Miss M. Werry and I. Shea were appointed to take charge of the candy booth and Mrs. Charles Staples and Mrs. L. McKinley the fancy good booth.

The fish pond is to be in charge o... Mrs. W. Neals and Mrs. Lloyd Staples.

Chris. Cummiskey and L. Werry were appointed to sell tickets.

Mrs. Archie Staples and Mrs. James Neals were selected to serve the plate and Mrs. A. Finnie and Mrs. Leslie t... make the tea. Archie Wilson, Edmund Staples, Mervin Sutton and M... Hamilton were named to pour tea.

Mrs. Tisdale and Mrs. J. Ha... formed the reception committee.

Following the unusually long business session, a social half hour w... spent, with refreshments served by t... hostess, Mrs. Finnie, assisted by Mr... Cummiskey and Miss I. Leslie.

Just Between Us Women

A daily chat with Examiner neighbors conducted by Anne Wilcox

Work and activity are often confused, one with the other.

• • • • • • •

The fact that bustling about gives an impression of getting things accomplished reacts on the worker to make him feel that much is getting done.

• • • • • • •

In reality the more activity the less efficiency.

• • • • • • •

Experts are employed in large factories and other business concerns for the very object of seeing to what degree the activity can be diminished, as this means more can be done.

• • • • • • •

Each motion not only uses up energy, but takes time. By cutting our unnecessary motion, the worker is saved in two ways thereby making it possible to increase the output without in any way taxing the worker more than before.

• • • • • • •

The expert does no manual work, but this does not indicate that he is not working. He is probably working hardest of all.

• • • • • • •

The homemaker who sits down quietly and plans her housework to simplify physical activity, may appear to be resting at the time. It is true that her body is quiet, but she is actually working as hard as when she gets up to do the physical work.

• • • • • • •

The active part of work keeps her body in motion, the mental part keeps her brain active. Such division of accomplishment tends to keep the physique in good form, without overtaxing it, while at the same time it develops the power of thought and prevents the brain from getting sluggish.

• • • • • • •

Planning work well requires mental exercise.

• • • • • • •

The person who thinks of work as physical activity labors under a delusion. It is the mental work that is of major importance since without it physical labor exhausts without producing the best results.

• • • • • • •

The homemaker should not think, because she sits down and plans her tasks, and tries to save herself useless activity that she is doing nothing; that only when she is exercising she is accomplishing.

• • • • • • •

Housework is one of the healthiest occupations because it combines inactive work and active work.

FASHION SERVICE

A darling school dress is this little tailored model of tweed-like cotton.

Note the circular cut skirt is box-plaited at the front, so entirely new.

The neckline with front tab closure is so neat and smart. It may also be made with short sleeves with banded cuffs.

Style No. 3314 may be had in sizes 6, 8, 10 and 12 years.

Size 8 requires 2 yards 35-inch, with ⅛ yard 35-inch contrasting.

Brown and white tiny checked gingham with yellow trim is fetching.

French blue linen with white is so refreshingly smart.

Wool challis prints, cotton broadcloth prints, pique and sheer worsteds are practical for this cute model.

Be sure to fill in the size of the pattern. Send stamps or coin (coin preferred).

Price of pattern 15 cents.

Our large Fashion Book shows how to dress up to the minute at very little expense. It contains most attractive Paris designs for adults and children embroidery, etc.

Price of book 15 cents.

ROYAL FAMILY SEE THE CHAPLIN FILM

"City Lights" at Balmoral Castle by Royal Command

The King and Queen and the Duke and Duchess of York, a few nights ago, witnessed Charlie Chaplin's film, "City Lights," which was shown by royal command at Balmoral Castle. The ballroom of the castle, its walls decorated with the heads of stags brought down by members of the royal family, was transformed into a miniature cinema theatre by London experts who brought with them projecting machines and a screen about half the ordinary size.

Between two and three hundred witnessed the picture, including a number of guests, the members of the royal household and tenants on the royal estates. Three years ago "The Circus," another of Chaplin's pictures, was shown at the castle during the King's stay on the Deeside.

Stocks of Russian lumber in Argentina are reported to total 18,000,000 board feet and forced liquidation of the Soviet local trade organization is expected.

HAD WORK AND DOLE TOO

At Southport, Eng., Nathan Ball, a watchman, was sent to prison for 14 days for a breach of the unemployment insurance act. It was stated that more than once when asked at the employment exchange whether he had worked since signing the previous Friday he said he had not, although he had been given work by the corporation.

That Body of Yours

By James W. Barton, M.D

NERVOUS EXHAUSTION.

Are you easily tired mentally and physically, lack concentration, unable to make decisions, memory not what it used to be, not taking the same interest in your ordinary pursuits, depressed, agitated, irritable, overreactive to noise, sometimes restless, complaining of headache, indigestion, heart palpitating, with vague pains in various parts of the body?

If so you have what is called nervous exhaustion. Yet if given a thorough examination by your doctor it would be found that you were absolutely free from any sign of organic disease of the nervous system or of a serious disease of any other organ in the body.

To put it in plain, everyday language, you are simply tired out.

Sir E. Farquhar Buzzard, whose definition of nervous exhaustion is quoted above, tells us that the large majority of patients who seek advice for symptoms of nervous exhaustion belonged to one of two classes, the anxiety type, the depressed type. One distinction between the two types was that the anxiety type would come to the physician willingly and with hope, whereas the depressed type had to be brought against his will, and stoutly that he was not ill; had only come to please his family.

The anxiety type blamed his illness on his work, or on other people, whereas the depressed type placed the blame on himself. The anxiety type was more apt to seek distraction and to benefit by it temporarily, but the depressed type avoided distraction and other people. The depression was always at its worst in the morning, sleep might not be disturbed, but waking was horrible. The typical anxiety type slept badly.

Now treatment must naturally depend upon the cause. If the exhaustion were really caused by overwork, and there were no complications, it would certainly yield to rest and change. Exhaustion due to some infection in the blood—teeth, tonsils, intestine—the removal of this infection should be the first thought.

Nervous exhaustion due to some anxiety would require treatment or an attempt to remove or lessen the effects of what was causing it.

The individual suffering with the depressed type needed the most careful treatment—unremitting sympathy and encouragement day after day and a mild degree of persuasion.

SCHOOL FAIR IS HELD AT KEENE

Six Schools Are Represented In Parade—24 Head of Livestock Shown.

PRIZE WINNERS

KEENE, Oct. 1 (Examiner Correspondence) — Keene School Fair was held on Thursday and was a success from every standpoint except possibly that of the weather. Showers threatened and a cold wind drove spectators from the grand stand but for most of the events the sun shone.

Twenty-four head of livestock were shown, the biggest entry this year. J. B. Nelson complimented the children on this, also on the quality of the exhibits inside the town hall, notably the apples.

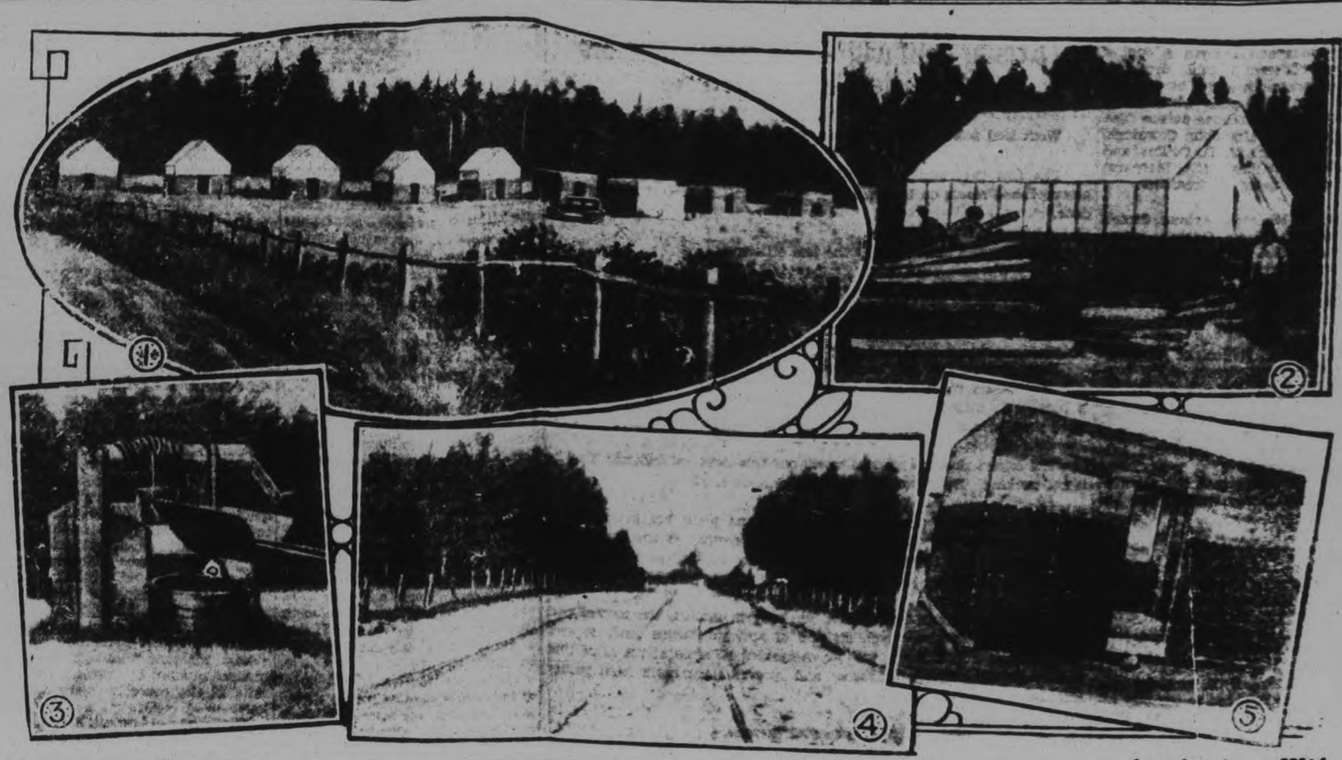
Exit The Victor

This may seem an unusual way to finish a world-famous motorcycle race but circumstances alter cases. D. J. Pirie, a young British architect, crashed into a wall while practicing for the Junior Motor Cycle Grand Prix in the Isle of Man. Although badly smashed up, he crept out of the hospital on the day of the race and covered the tortuous course at a record average of 69.59 miles an hour, to win the coveted trophy. Immediately after crossing the finishing line he became unconscious and this picture shows the courageous victor being carried away by some friends.



CAMPS FOR TRANS-CANADA HIGHWAY WORKERS NEAR COMPLETION

Trans-Canada highway camps to house workers on the North Bay-Pembroke section of the Ontario route, are nearing completion. The typical camp includes a dozen buildings. Some are built like a wooden box with canvas roof, others have a heavy wooden roof. Camps are all of frame construction of pine ship-lap lumber. Twenty-five camps in all are in course of construction in this section. They are spaced about four miles apart. (1) View of one of the camps. (2) One of the tents. They have a frame bottom covered with tarpaper with the canvas coming down, forming top and roof. (3) An old-time well, source of drinking water in one of the camps. (4) Road scene, typical of that section of the country, and (5) one of the box-like buildings of frame and tarpaper. A canvas top or tent will be placed over this to complete it. BOTTOM—Map showing allotment of camps along the Pembroke-North Bay section.

SUED FOR $100,000

Joan Peers Broadway [illegible] asked [illegible] of $100,000 on Mrs. [illegible] Ka[illegible] [illegible] of affections of her husband, a [illegible] in the movie colony, who was named in [illegible] suit [illegible]

An Anxious Wife

Although the members of the British Schneider Cup team brave death every time they go aloft in the tiny speed planes, it is to their wives the laurels should be tendered, because every time the Schneider Cup planes flash through the air over the Solent, the women know their men are in danger, yet they smile and try not to show their anxiety. This picture shows Mrs. Stainforth, wife of the new world's speed record holder, as she watched him go up for the record-breaking attempt.

All dressed up with plenty of places to go. Everything new from his spats to his topper—except the smile and the drawl.

The nation's jester, greater than ever—pepped up and jazzed up to the highest hilarious pitch in George Ade's uproarious comedy.

Matinee Special: No. 10, "Hero of Flames."

Wrestling Last Night.

NEW YORK—Joe Toots Mondt, 227, Colorado, threw Ivan Ivernyhora, 210, Russia 57:10; George Calz 218, Italy, threw Benny Ginsburg 220, Chicago 20:12; Gino Garibaldi, 210, Italy, threw Abe Kashey, 202, Syria 16:45; Frank Speers 220, Oklahoma, threw Farmer Bill Nelson 210, St. Louis 9:35; Al Pierotti 212, Boston, threw Wanka Zelsniak 213, Russia 8:32.

BOSTON — Arthur Flynn, Lawrence Mass., defeated Sehib Sebeg, Turkey, two out of three falls (heavyweights).

ST. LOUIS — Jim Londos 205, Greece, threw Hans Kanpfer 220, Germany, 1:11:00; George Zaharias 229, Colorado, threw Paul Jones 20, Texas 32:02; Ernie Dusek 215, Nebraska, threw Jack Burke 205, Davenport, Ia, 9:0[illegible].

NEW WESTMINSTER REPLIES.

NEW WESTMINSTER, B.C., Oct. 1 (C.P.). — If the International Professional Lacrosse Association is so anxious to get hold of the cup at this stage of the game, they will have to pay their own expenses to the coast, and then run the gauntlet of meeting a strong team representing New Westminster. This is the reply given by O. D. Peele, secretary of the New Westminster lacrosse club, to a telegram received to-day from A. L. Caron, Eastern Prexy.

ARGONAUTS-BALMY BEACH MEET ON SATURDAY FOR DEGRUCHY CUP

Teams Will Hold Final Workouts To-night in Preparation for Crucial Test.

Several Exhibition Games.

TORONTO, Ont., Oct. 1 (C.P.)—The final heavy workouts of the week prior to the many exhibition tilts which are scheduled for Saturday will be undertaken by senior grid squads of the Province tonight. Now that conditioning work for the regular season, which opens this week-end or the following week-end has been practically concluded, routine practices and hard work will be the tasks of aspirants for places on senior football clubs in the Province.

Coach Harry Hobbs, of the University of Toronto squads sent his players through heavy tackling and signalling practice last night, and a similar drill has been called for to-night in an effort to get the teams into working order for Saturday's game, when the inter-collegiate squad tackle Kitchener-Waterloo seniors in an exhibition tilt prior to the Argonauts-Balmy Beach city championship fixture. Jack Sinclair and Harold Richardson, backfield stars of the college squad, will be seen in action Saturday, and their addition is bound to strengthen the squad.

Balmy Beach will hold a heavy workout under the floodlights at Broadview Y.M.C.A. to-night in an effort to get into shape for the coming city championship game with Argos. Last night's practice was devoted mostly to the use of the forward pass which is expected to figure prominently in Saturday's games. Ab Box, the kicking ace of last year's champions, was in uniform last night and participated in the regular scrimmage and signal drill. He will do the kicking for the Beaches in the coming tilt with Argos.

Lacrosse

A lacrosse practise at 5.15 at the Exhibition Grounds is called for to-night, and another o[illegible] on Saturday at 2.30. All players should be on hand as the game with Kingston is just a little more than a week away.

Shell Transport Is First At Newmarket

NEWMARKET, Eng., Oct. 1 (C.P.)—Shell Transport, owned by W. M. Cazalem, won the Jockey Club stakes to-day. The Aga Khan's Utmajeur was second and Convoyi, owned by A. R. Cox, was third.

Marshal Field's Corn Belt was unplaced in a field of eleven.

The winner was a length and a half in front, and Utmajeur finished second by a neck. The betting was 8 to 1, 10 to 1 and 100 to 7; the stakes, $10,000, with extras, and the distance a mile and three-quarters.

PEER'S DAUGHTER IS TO TEACH DANCING

Bedford, Eng.—The Hon. Phyllis Russell, the talented and versatile 22-year-old daughter of Lord Ampthill, has accepted the post of country and Morris dance instructress at the Bedford Technical Institute.

Her mother, Lady Ampthill, is president of the English Folk Dancing Society, and Miss Russell is well known for her keenness in reviving interest in folk dancing.

In the dance section of the Bedfordshire Musical Festival, two years ago, she won a prie with a Morris jig, "The Nutting Girl."

OSHAWA NEEDS LOCAL VICTORY

Motor City School Making Strong Bid for Neal Trophy This Year.

FIELD HEAVY SQUAD.

When the Oshawa Collegiate seniors visit James Stevenson Park on Saturday afternoon to try conclusions with the local Garnet and Grey gridders, one of the largest rugby crowds of many seasons is expected to be on hand.

For three years the Motor City Collegiate has tried in vain to gain the Dr. Neal Trophy, but each time it was P.C.I. who managed to nose them out to take the silverware. However, this year Oshawa is back again with one of the heaviest squads that they have ever turned out, and they fully expect to step in and make it two victories in a row at the expense of the "Petes."

In Corant, they have a kicking half who can hold his own with any in the league, and his low, long boots are a puzzle to opposing backfield men. It is in their line that the visitors will expect to have an advantage, and with "Mike" Kashul and Hicks handling the heavy end of the plunging, they have no worry in that department.

Shelenkoff, of basketball fame, handles the team from quarter, and probably travels faster than any man on the squad. The big "green team" make their large gains on wide breaking plays and well tutored by Ab Chillcott, their new athletic instructor, have their end runs down to near perfection. The team has been coached in the old Varsity style of attack, with three men being used in practically every line play and the boys have been reeling off gain after gain.

They will meet another high-class outfit in the 1931 P.C.I. squad, however, and the game is expected to be a nip and tuck struggle, with the team that opens up the game to take the lead first, the probable winner. The Legon-led crew boasts a lot of experienced men, several having been with the team for the past three years. The veterans of the squad, Waddell, Clayton, Armstrong, Lord, Young, Dinneson, Richardson and Fraser, will no doubt carry the brunt of the attack and it will take real classy opposition to outsmart these performers.

This contest will be Oshawa's only visit to the city this year, and a win would entrench them in first place with a fine chance for the silver, while a win for the "Petes" will give them a strangle-hold on the group, and Oshawa would have to turn around and beat them in the return game to have a chance at the title. In all, it should be an exciting affair, as both teams will be working overtime in an effort to snatch the win, but the local lads will enter favorites on their past record.

CASUAL COMMENT

Here's a thought from Belleville concerning that meeting of Western Ontario baseball moguls in London on November 11th. The idea of the session is to form an association of their own, breaking away from the O.B.A.A. As the Belleville paper sees it, it might be a good idea for the Central League to send a representative to the meeting and find out a few things about it.

• • • • • • •

The Quinte sports writer points out that a few years ago the Inter-County League pulled away from the "parent body," but other senior leagues did not get behind the issue. He also adds that the Central League might be able to operate again, as in the old days, if they could get a residence rule of around May 1st, as it is the January 1st ruling that has changed the C.O.B.L. from a classy and paying loop into the struggling one it is to-day.

• • • • • • •

This is just one of the things that have made many leagues in the province peeved at the O.B.A.A., and, while nothing may be gained, nothing can be lost either by getting a line on this proposed baseball association in Western Ontario. It's worth a thought anyway, and the fact that it is being held in the western part of the province doesn't mean that anyone interested will be barred.

• • • • • • •

The local senior club meeting will not be held this week as expected, some of the executive members being out of town. Perhaps, the duck-hunting season has something to do with that. However, the regular business meeting winding up the season's affairs will be held shortly.

• • • • • • •

With rugby and boxing being the main sports locally just at present, yet there are a few hockey rumors floating about too. One of our O.H.A. teams is expected to be handled by a different group this year, although that's not definite yet.

• • • • • • •

The Thanksgiving Day road race will take place again this year, provided four relay teams signify their intentions of entering. One or two teams from All Saints' Athletic Club will likely come in, and there should be no trouble getting the other quartettes either.

• • • • • • •

The distance will be ten miles, with four teams composed of four runners each, giving each member a distance of two and a half miles to do. The race will be an open one for Peterborough, juniors or seniors being eligible. Prizes for members of the winning team will be donated by the Y.M.C.A.

• • • • • • •

It should be easy to get four relay outfits in this year's jaunt, between the A.S.A.A., the P.C.I., boxing stables, and even business places. In fact, there has been any number of runners working out the past two weeks just for the fun of it, as they thought the big Thanksgiving Day run would not take place this fall.

• • • • • • •

The first four teams that send in their entry to the "Y" will be the ones to participate in the distance event, and as the time for it to take place is not very far off, organizations thinking of sponsoring a team had better look lively. A week and a half doesn't give the runners too much time to get working together, although two and a half miles is hardly a Marathon to the experienced pacer.

• • • • • • •

The general meeting of the All Saints' Club to-morrow night will be held at 7.30 as usual, and both boxing and running will be discussed at length. Either one or two relay teams will be entered, it is expected, at this session.

• • • • • • •

This club starts its boxing classes this evening, with W. Barry training the boys. At present, they will work out at the club hall, but may have to change quarters later. About fourteen scrappers are signed up there at present.

WINS NATURE TITLE

CANTON, Eng., Oct. 1. (AP)—Wanda Morgan, who lost in the finals of the British championship to Enid Wilson, to-day won the English native title, defeating Molly Gourlay, three and one in the 36-hole final.

Bowling Notes

SINGLES SCHEDULE.

To-night and to-morrow night will conclude the bowling season of the Peterborough Lawn Bowling Club for 1931. Two of the games that were scheduled to be played in the singles schedule last evening had to be postponed as two of the players were competing in Cobourg. Only one game, therefore, was played in which J. T. Braund pulled out a nice win over J. Penrose. The following games are scheduled to be played at 7 o'clock this evening.

W. Wood vs. F. H. Dearborn
H. P. Moyer vs. W. J. Oke

At 8.30 the winner of the Wood-Dearborn game will play J. T. Braund and the winner of the Moyer-Oke game will play H. Freeman. This will leave only two finals to be played. These will be pulled off to-morrow (Friday) evening. The usual Friday night rinks tournament will be played to-morrow evening. As it will be the last opportunity players will have of getting on the greens this season, a large attendance is expected.

NEILL TROPHY.

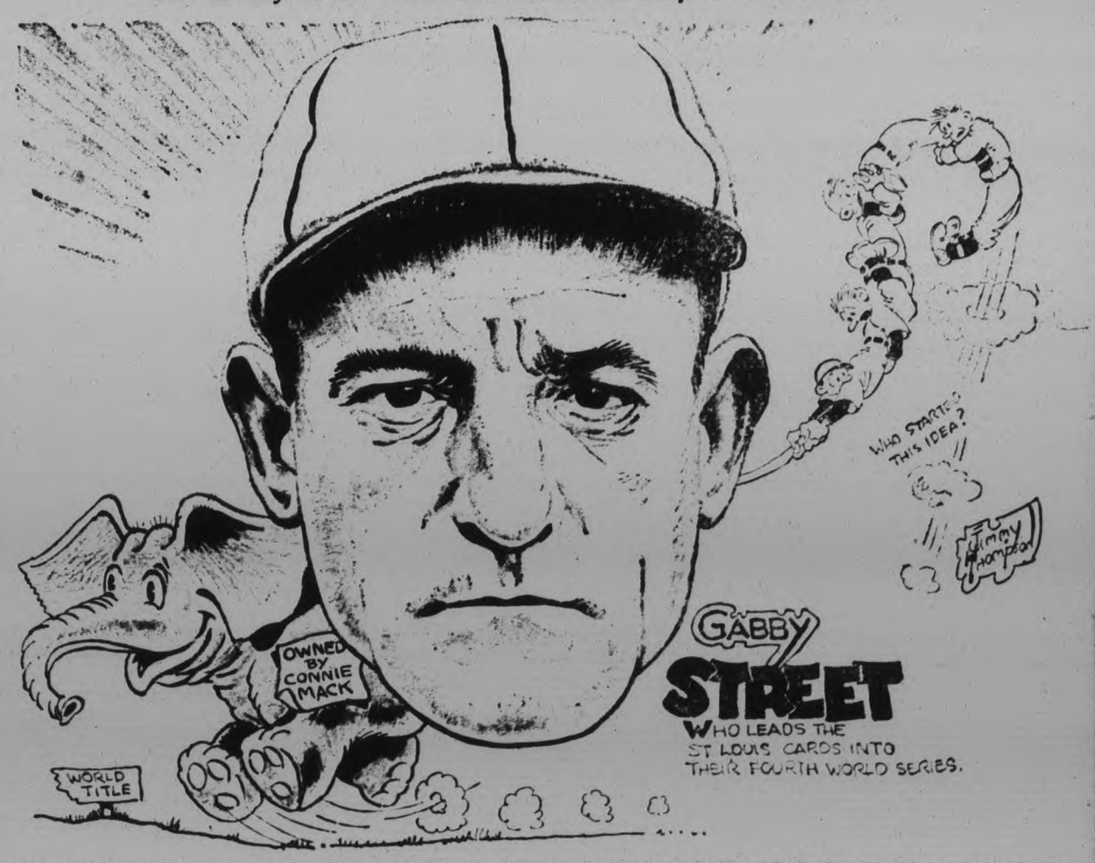
Three rinks from Peterborough visited Lindsay last evening for the final game in the inter-club contest for the Neil Trophy. A rink composed of J. D. Fitzpatrick, skip, H. Freeman, vice, P. Nichols and B. Rogow, pulled out a nice win, the score being 21 to 9. Rogow did some great playing a lead and strongly supported by his rink, kept the other rink busy with runners trying to take out the shot bowls. A second rink with Mr. Bredin, skip, M. Breckenridge J. Lush and P. Hooper had a nip-and-tuck struggle all evening, finally losing out on a score of 15 to 16. They were three down on the last end and scored two to almost even the score. The third rink composed of R. Disney, skip, D. Smith, H. B. Cowan and A. Leslie, came through with a tie game on a score of 18 to 18. They were five down on the 16th end, scored 4 points on the 17th end and 2 points on the 18th end to tie the score. Roy Disney, as skip, made two particularly fine shots on both ends, taking out the bowl of an opponent each time, thus enabling his rink to score.

The Neill Trophy was brought back to Peterborough and will remain here until next season. This year Peterborough has won 6 out of the 8 games played for the cup. Up to last evening they had a lead of 45 points. Last evening added another 11 points to the total bringing it up to 57 for the season.

Mixed Tournament

Five rinks from the Peterborough Lawn Bowling Club took part in the mixed tournament in Cobourg yesterday afternoon and evening. Thirty-two rinks competed. Only one Peterborough rink won a prize. A rink composed of W. J. Oke, skip, Miss M. Sedgewick, vice, H. Wood and Mrs. W. Wood, lead won the prize for the highest plus in any game. Their winning score was 22 to 4. The four other rinks that competed were entered by Geo. Cairns, Geo. Gimblett, Ernie Wall and Will. Wood.

Can Gabby Street And His Cardinals Stop The Athletics?



To-day at St. Louis, the first game of the World's Series gets underway between the St. Louis Cardinals, champions of the National League, and the Philadelphia Athletics, champions of the American League, and twice in succession winners of the world's championship. This year the A's have made so much mincemeat of the opposition in the American circuit and won in a canter. The Cards did not have things so much their own way until late in the season. Last year, the A's had little trouble disposing the National League champions, and this year, according to the paper dope, should have even less, with the way Robert Moses Grove, and Big George Earnshaw have been tossing the sphere over the plate. But paper dope seldom holds water in a world's series and the law of averages favors the Cards simply because they lost last year. The Cards must depend more or less on the efforts of Wild Bill Hallahan, the "Lefty Grove" of the National League. It should be some game when they lock horns, for both are famed strike-out artists and it takes a mighty good hitter to hit either one of them twice in the same place. Gabby Street had shown this year that he can handle a team as well as the best, and it only remains to be seen just how good his strategy is compared to that of the famous Connie Mack, leader of the A's. The odds at game time were close to even money, with the A's being slight favorites, and not much money in sight. Take your own choice.

NEW BISHOP OF ATHABASCA IS WELL KNOWN IN ONTARIO

Rev. R. J. Renison is Also One of Vancouver's Most Prominent Churchmen.

BORN IN IRELAND.

VANCOUVER, B.C., Oct. 1. (CP) Very Rev. R. J. Renison, named as Bishop of Athabasca in Winnipeg last night, is one of Vancouver's foremost churchmen. About four years ago he came here from Hamilton, Ontario, where he had been rector of the Church of the Ascension, to assume the rectorship of Christ Church and later when it became the Cathedral church of the diocese of New Westminster, Dr Renison became its first dean.

The bishop-designate was born in Cashel County, Tipperary, Ireland, in 1875. He was educated at Trinity College School Port Hope, Ont., Toronto University and Wycliffe College, Toronto, graduating in 1898. The honorary degree of Doctor of Divinity was conferred upon him by St. John's College, Winnipeg.

Dr Renison was ordained deacon in 1896 and priest in 1899, and in 1897 was curate of the Church of the Messia, Toronto. In 1899, he entered the mission field and was stationed at Moose Fort and Fort Albany until 1905. In 1907 he became Archdeacon of Moosenee. He was the author of the church hymnal in the Cree language. He later became rector of the Chuch of the Ascension in Hamilton.

His father was the late Rev. Robert Renison, veteran missionary in the north shore districts of the Great Lakes.

BETTER ORGANIZATION NEEDED FOR AGRICULTURE'S BETTERMENT

Overseas Farmers Lead in This Aspect, Says Sir John Russell.

DEADLY COMPETITION.

diLONDON, Oct. 1 (By The Canadian Press).—"Our greatest need is a better organization of agricultural production," declared Sir John Russell in his presidential address to the agriculture section of the British Association for the Advancement of Science to-day.

"A beginning has been made by the overseas farmers; the necessity for sending all produce through one or two ports has compelled them to work through large organizations for grading, transporting and selling the produce, with skilled representatives in this country," he continued. "Dealing in hundreds or thousands of tons they reduce all costs and all wastage to a minimum. Gradually the British farmer is organizing; the difficulty is to do this without destroying his sturdy individuality, one of his greatest assets, the loss of which would irretrievably damage our country life.

"But greater organization is possible and is highly desirable. At present British farmers, Empire farmers and farmers from all over the world indulge in deadly competition in the British market. In the end they obtain wholly inadequate prices. But the community as a whole does not gain because they lose. The final cost of food to the consumer is profoundly affected by costs of handling, transport, preparation and distribution, all expensive services. Better organization of production, while benefiting the countryman, would not injure the rest of the community.

"Thanks to the inquiries made by the ministry of agriculture and the Empire Marketing Board, the food requirements of this country are pretty well known. Our next great step forward will be to organize production on a contract basis so as to satisfy these requirements with a reasonable margin of safety, but without the terrible waste involved in those large excesses which injure the grower without benefiting the consumer."

Of the three factors involved in the agricultural situation — production, marketing and the scientific advisory and technical system, the last was by far the best organized, Sir John said. "Much has been recently done, however, in developing better and more efficient marketing by the Empire Marketing Board and the ministry of agriculture," he said. "Happily there is a good demand for high quality produce, for small young animals not too fat; as our civilization advances the expectancy of human life increases but that of the farm animals decreases. One difficulty is the elusive British housewife for whom all this elaboration of effort is made. In he mains the knows little about the food she buys and after glancing at the bewildering display and usually chooses whatever is cheapest or gives less trouble."

Progress in Canada.

Sir John dealt at length with the great progress in agriculture achieved by Canada and declared no one would risk his reputation by predicting the limit to her accomplishments. "Canada," he said, "affords some of the best examples of the plant breeder's success in opening up new regions in the world for settlement." He pointed out that Canadian wheats, up to the middle of the last century, were suited only to the eastern provinces. Then David Fife in Ontario by a lucky chance developed a wheat — it had originated in Galicia — which was named Red Fife, differing entirely from the rest and escaping damage from rust and frost. As soon as the railway was extended the wheat was taken to the prairies by the settlers in 1886 and became the basis of their prosperity.

"So strange an accident could not be expected to happen again, but it did happen," Sir John continued. "The Dominion Experimental Farm was set up in 1886, and its director, William Saunders, began the breeding of new varieties. Many of these, while not sufficiently promising to justify multiplication, were kept alive, and one of them, after 10 years of seclusion, was picked out in 1902 by his son Charles, who, regardless of much mild chaffing, applied to all wheats within reach his rapid chewing test for quality. This variety was multiplied and from 1910 onwards was distributed under the name of Marquis to the prairie provinces and the United States. It ripened earlier than Red Fife and so could be grown farther north and west. It is now probably more extensively grown than any other variety of wheat in the world.

"The Canadian plant breeders continued their search for still earlier maturing varieties; they produced Prelude and Ruby, and now Reward, best of them all in earliness and resisting stem rust, requiring only about 100 days from seed to harvest, and therefore capable of growing much farther north than Marquis. Thus has the plant breeder exploited the first lucky chance that gave the prairies a suitable wheat, and he has produced varieties better and better suited to the northern margin of cultivation, and so has pushed the wheat belt into regions counted as waste in 1900.

"Man-power was long the limiting factor in Canadian farming, and this problem of saving labor has been attacked with devastating thoroughness by engineers the world over. The reaper had come in the 60's, and the binder in the 80's, but the internal combustion engine has made changes vast and dramatic beyond the wildest stretch of the pre-war imagination. The tractor and the new cultivating implements at and before seeding time, and the combine at harvesting, have revolutionized wheat-growing by dispensing with enormous numbers of men and greatly increasing the area of land required per man as an economic unit for wheat farming.

"Fortunately there is still land to which they can go, for the new machines and the new varieties have enabled land hitherto unsuitable for to be brought into cultivation; between 1911 and 1926 the area under cultivation had risen in the three prairie provinces from 17.6 millions to 35 million acres. Already Canada has far outstripped the limits set by the experts of 30 years ago, excepting only the arch-optimist, William Saunders."

One was tempted to ask whether the scientific workers who had played such an important part in increasing agricultural production, should not call for a halt during the present time when there was a plethora of farm produce, Sir John went on. But he stressed that even if they wished to do so, they could not halt. "Their purpose is to gain knowledge of Nature, especially of soils, crops, animals and their relations to one another, and in this quest there can be no halting. The march of civilization is inextricably bound up with the search for knowledge and all history shows that when intellectual advancement ceases, civilization rapidly comes to a standstill."

GOLD MEDAL COFFEE
YELLOW LABEL 45c per lb. RED LABEL 35c per lb.

THE ADVERTISERS of the BABY OF THE MONTH CLUB take pleasure in announcing the WINNER FOR OCTOBER,

A BOUNCING BABY BOY, born to Mr. and Mrs. A. Griffin, Corner Park and St. James' Sts., at St. Joseph's Hospital.

Time: 3.35 a.m., October 1st.
Weight, 7 lbs. 14½ oz.
Dr. F. A. O'Reilly in attendance.

The Birthday Gifts, as announced in "Examiner," July 31, are:

Warne Bros., Jewellers—Silver Spoon.
Canadian Department Stores—$2.00 Shopping Order.
Purity Bakeries—Strip of Tickets for Loaf Supreme.
Comstock Furniture Co.—10% off price of Carriage or Cot.
Soden's—1 Doz. Announcement Cards.
Borden Company—6 Full-sized Tins (Eagle Brand) Milk.
Peterborough Floral Company—Floral Posy.
Hamblin Metcalfe—Box "Yeastin" Bars.
J. H. Kelbrick—Box Cigars to Dad.
Ovaltine—Large size tin Ovaltine.
Agnew-Surpass—Pair Baby Shoes.
Allin Ice Company—10 Days' Free Ice Service.
Stinson—Free Taxi Service to Mother.
Silverwood's Peterborough Dairy—Strip Tickets.
Bond's Drug Store—Feeding Bottle, etc.
T. A. Rehill—350 Lbs. Coal.
Hooper's Confectionery—The Birthday Cake.
Miller-Powell Company—Night Light to Mother.
John Taylor Company—12 Cakes Infant's Delight Soap.

THE EXAMINER joins all in Hearty Congratulations to Peterborough's New Citizen.

VALUABLE BOOK IS NOW IN LIBRARY

Account Book Kept by Peter Robinson Dealing With Number of Immigrants.

The library has just come into possession of a book that is most interesting from an historical standpoint as it contains valuable information concerning what is known as the Robinson Immigration. The volume was obtained through the kindly offices of Mrs. W. B. Bletcher, of Rubidge Street, who, understanding that the Archives Department of Ontario was in treaty, for it notified certain persons who would be likely to be interested, with the gratifying result that the book has been obtained for the city and now forms part of the reference section in the Public Library.

The term "book" is somewhat of a misnomer. It is really an account kept by the late Hon. Peter Robinson, dealing with the number of immigrants brought out from Ireland from the years 1823-1827, in which the names of the various transports on which they were conveyed and those of the captains and surgeons in charge are given. The names of heads of families together with their entire following are also given, and there are notes on the margins of the pages telling of births and deaths on the different ships.

The ships that took part in the transference of the settlers were, apparently, nine in number, and were: "The Resolution": Captain Anthony Ward, master; G. H. Reade, Esq., surgeon in charge; 227 passengers.

"The Brunswick": Robert Blake, master; Mr. John Tam, surgeon in charge; 343 passengers.

"The Fortitude": Thomas Lewis, master; Mr. Francis Connin, surgeon in charge; 282 passengers.

"The Star": Joseph Beckett, master; Mr. Ninian McMorris, surgeon in charge; 214 passengers.

"The Regulus": George Dixon, master; Mr. Matthew Burnside, surgeon in charge; 157 passengers.

"The Amity": William Arrowsmith, master; Mr. James McTernan, surgeon in charge; 147 passengers.

"The Albion": John Mills, master; Mr. John Thompson, surgeon in charge; 191 passengers.

"The Elizabeth": Donald Morrison, master; Mr. Pierce Power, surgeon in charge; 210 passengers.

"The John Barry": Peter Roche, master; Mr. William Burnie, surgeon in charge; 253 passengers.

There are many other interesting details which mark the book as of outstanding value to Peterborough city and county.

The acquisition of this book emphasizes the extreme need of a revival of the long defunct Historical Society of Peterborough.

Time was when it was in a flourishing condition, and men like the late Mr. Thomas Hay gave invaluable and self-denying service in its interest.

In this connection it should be mentioned that Mr. Frank Dobbin deserves the thanks of the whole community for his efforts in collecting data regarding the early history of this section of the county. For many years he has made a special study of the history of the city and the community is indebted to him for the collation of facts concerning the lives of its leading men and the introduction of its many industries and institutions.

There is a fine field for research and it only needs the participation of some of our young men and of our older men also to start action before the hand of time destroys all chance of obtaining information that is still available.

THEATRES

AT THE CAPITOL

"TRANSGRESSION."

When Elsie Murray decided that she loved a handsome and youthful Spaniard Marques much better than her hard-working English husband, she wrote a letter, explaining her feelings. The affair didn't turn out just as planned, and the letter thereafter hung over her head like the proverbial sword of Damocles, suspended by a thread over the unhappy victim beneath. That is the basis of the story of "Transgression" which centers about one of those unhappy modern women who have everything in the world except a lot of attention from their husbands.

It is an interesting picture, being one of those entertaining affairs that allow a vicarious thrill, even to the most virtuous. Any well-bred lady would agree that Elsie Murray was extremely silly when she went off to Spain with her handsome cavalier, but it makes an entertaining production, nevertheless.

Characterization has a lot to do with "Transgression," and there is an excellent cast. Kay Francis has a somewhat unlikeable role. Any woman that could act like she did and get away with it, with such an extremely complaisant husband, is sure to be out of countenance with her audience, even though they like to watch her clever game. She has gone back to a modification of the somewhat severe hair-do which she affected during her first years on the screen. Later, she did it more loosely, but now it is again drawn back from a high forehead.

Paul Cavanaugh is the good-looking and generous husband, and Ricardo Cortez is the philandering Spanish nobleman, Don Arturo, just a little thick about the waist, but still a romantic figure. Two minor roles that are excellently done are those of the French maid, Julie, and the stern and righteous Honora, sister of Robert Murray.

The short reels include some of those entertaining bits of information that "Believe It or Not" Ripley distributes so generously. like the origin of the phrase, "Oh keh," from the name of a French rum, "Cayes." And Graham MacNa has something to say about new Eugenie hats.—Jeanette.

St. Paul Blanks Rochester 4-0 In Initial Game

ROETTGER'S HOMER IN EIGHTH WITH THE BASES LOADED GIVES SAINTS 4-0 WIN IN FIRST GAME

Walter Betts and Carmen Hill Engage in Tight Hurlers' Battle.

LITTLE WORLD'S SERIES.

ST. PAUL, Minn, Oct. 1.—A terrific eighth-inning line drive over the leftfield fence by Oscar Roettger with three men on the bases gave St. Paul the opening game of the Little World Series with Rochester yesterday, 4 to 0.

The game had been a tight pitching battle between Walter ("Huck") Betts for the Association champions and Carmen Hill of the Internations League up to that inning with a sizzling single to centre over second. Anderson sacrificed him to second, and Saltzgaver walked. Davis beat out an infield hit to third base, and the stage was set for Roettger's clout on the roof of a dance hall adjacent to the park.

It was the second hit of the game for the first baseman, who goes to the Philadelphia Athletics next year.

The game may prove costly to the Red Wings in more than one way. George Sisler, former big league star, now playing first base for the International League club, aggravated an old injury to his groin going to first in the second inning on a single, and was forced to retire from the game. Judd ran for him, and then Jack Bentley took the first sack when Rochester went back to the field.

St. Paul threatened to score in the seventh when Roettger singled off Toporcer's glove, went to second on Durst's sacrifice, and took third on Hopkin's fly to Puccinelli in right field.

It was up to Fenner, St. Paul's big catcher, but the best he could dow as to put up a weak fly to Bentley at first.

Rochester had a chance to score in the second when Florence came to bat with Judd on second base, but he was thrown out by Saltzgaver, retiring the side.

Again in the seventh the Red Wings got a man on second base, and Florence again hit a bounder to Saltzgaver, who got him at first, and Puccinelli who had walked and taken second on Deker's single, was left stranded.

Puccinelli's pass was the only walk issued by Betts. Betts set the Red Wings down with six hits. Hill, who contributed a fielding gem by spearing a hard-hit ball off Bett's bat in the fifth inning with his bare hand, was nicked for seven. He issued two bases on balls.

SAINTS LOSE TO TERRIERS

Wilbur Kress Hurls Galt to 4-0 Victory in O.B.A.A. Opener.

FOR SENIOR HONORS.

TORONTO, Oct. 1.— If Toronto St. George's intend to realize their ambition to win the Ontario senior amateur baseball championship they are going the hard way about it.

Their arch rivals, the Galt Terriers, who eliminated them last year, handed them a neat 4 to 0 defeat at Maple Leaf Stadium here yesterday afternoon in the opening encounter of the home-and-home final series and left the Saints facing the difficult task of beating the Terriers on their own stamping grounds next Saturday afternoon to avert another elimination.

Wilbur Kress, who has been pitcing Galt to championships season after season for many years past, had the Saints hypnotized yesterday. They got three hits off the sturdy Galt veteran, and not one of their drives went past the infield. Their best scoring chance came in the opening frame when Kress gave his only display of wildness and walked the first two batters. But after getting men on second and third with only one out St. George's were helpless under the magic of Kress's fine hurling, and a run which the Terries scored in the first frame without the aid of a hit would have been sufficient to snare the victory.

GALT ELIMINATED BY PORT COLBORNE

Barton Strollers Lose Second Straight Game in O.A.S.A. Play-offs.

GALT, October 1.—Galt's chances for an O.A.S.A. intermediate championship went down another detour for a year when the Barton Strollers were eliminated by the Canada Cement nine of Port Colborne here yesterday afternoon 8-2. This was the second straight victory of the Port nine over the locals who advance another step in the O.A.S.A. intermediate series. It is not decided as yet who they will meet in the next round.

Paul Derringer Chosen To Hurl To-Day

LEFTY GROVE LIKELY TAKE MOUND DUTIES FOR CHAMPION MACKS

Fine Weather and Capacity Crowd at World Series Opener To-day.

COCHRANE AND WILSON.

(By Edward J. Neil, Associated Press Sports Writer.)

ST. LOUIS, October 1 (C.P.). — The curtain parted to-day, conjecture ended and argument ceased, and on the great stage of baseball was thrown once more the annual drama of the World Series.

All the statistics diamond scientists could muster were tossed into wastebaskets. All the predictions, all the brave declarations of hope and confidence slipped into the background. And on the battlefield of flag-decked Sportsman's Park the world champion Philadelphia Athletics faced the St. Louis Cardinals in actual conflict, the first game of the 1931 World Series.

Scarcely since the first of the diamond's great heroes, now shrouded by dimming memories, swung into action in the earliest of these fall battles, has there been setting so intense in its dramatic possibilities, so wide in its appeal to baseball men and the faithful alike.

For two straight years the Philadelphia Athletics, champions of the American League, and one of the most powerful ball clubs ever assembled, have maced into subjection the champions of the National circuit. At their head rides Connie Mack, 68 years old, tall, stately, time-ridden, striving to attain before the curtain falls on his own colorful career, a record no other pilot ever has attained — three straight world championships.

In his ranks are three of the outstanding sluggers of the period —eager, brawny Al Simmons, the batting champion; the cherub-faced Powerhouse, Jimmy Foxx, and Mickey Cochrane, greatest of the present day catchers. On the firing line he had Lefty Grove, the lanky, taciturn one, probably the outstanding southpaw of all times, "Big Jarge" Earnshaw, the burly righthander, Rube Walberg, another lefty, the veterans Waite Hoyt and Eddie Rommel, and the youngsters, Hank McDonald and Leroy Mahaffey.

Against the outstanding crew, the National League mustered the Cardinals, harrassed by injuries, whipped in six games last fall by these same Athletics. For the Red Birds of Gabby Street it was more than just a struggle for fame and the gold that comes of World Series victory. It was a battle for vindication of the league itelf, and the calibre of ball in the circuit that has sent its last four champions out to defeat at the hands of the American titleholders. Another victory for the Athletics in this Series would set a new record for straight victories in the inter-league competition.

But against this background if history making possibilities, there stood out the possibility of individual drama overshadowing all else.

For instead of pinning his faith on grizzled Burleigh Grimes, the embattled spit-ball hurler who lost two tough games to the A's last fall or depending for the all-important jump in the brief seven game fray on his veterans, Lefty "Bill" Hallahan, Flint Rhem, Sylvester Johnson, or Jim Lindsey, all with world series experience, the old sergeant, Gabby Street, sent out a rookie to carry the load of a man.

He was Paul Derringer, 6 feet, 2 inches of yearling, but with one of the finest first year records ever compiled in the National League. Never before had a world series manager ever gambled in the starting game of the classic with such inexperienced material.

Only once before has the history of the historical series records of anything to compare with the choosing of Derringer as the No. 1 pitching hope of the Cards. Back in 1909 another youngster, Babe Adams, stepped into a series starting role with the Pittsburgh Pirates against the Detroit Tigers. He won three games for the Pirates and was the sensation of the day, but he had been tried out in the majors twice before although his service had been brief both times.

To climax the pitching drama and bring out the widest possible pitching contrasts on the two clubs the experts, batting in place of a manager who will not talk about such things, selected Grove as the Athletics' opening hurler.

The big lonaconning lefty is everything that Derringer is not. A veteran now, cunning, tireless, the swiftest hurler of the day, Grove broke all modern southpaw records by winning 31 games for his club during the American league season. The Cardinals beat him last fall.

Cardinal injuries, plus the all-round impotency of the National League champions in recent series, have aided in marking the Athletics an 8 to 5 favorite to make history in the present classic.

SERVICE TEAM BEATS CANUCKS

Selwyn and Bridgenorth Battle to 11-11 Tie in Second Game of Program.

IN LAKEFIELD LOOP.

LAKEFIELD, Oct. 1.—(Examiner Corresspondence). — The softball league is well under way and the attendance on Tuesday evening at the second fixture was very large, each team having lots of fans and the result was an outstanding attendance.

The first game was a senior game, between City Service and Canucks and resulted in a 15-6 victory for the former. F. Payne at plate and B. Blewett at bases. Montgomery had nine strike outs and one walk. Currie had five of each.

The line up was as follows:

City Service—T. Montgomery, p; Mahood, c; Smith, 1b; Foley, 2b; Dorrington, 3b; J. Gillespie, ss; Clarke, ss; Harrison, rf; F. Montgomery, lf.

Canucks—Currie, p; Raney, c; Ranger, 1b; Crary, 2b; Creighton, 3b; J. Jones, ss; Heffernan, ss; Guerin, rf; F. Jones, lf.

Score by innings:

City Service ..... 4 3 0 3 5 x—15
Canucks .. .. 3 0 1 1 0 1— 6

The second game was between Selwyn and Bridgenorth and wound up with a tie, 11-11, after a keen game which while for the first five innings looked like a walk over for Selwyn, but Warsaw got away in the sixth and made the score one over their opponents and Selwyn tied in the last half.

T. Connors and C. Northey officiated at plate and base respectively. Blewett had seven strike outs and one walk, while Payne had four strike outs.

The line up was as follows:

Warsaw—R. Payne, p; MacIntyre, c; Hamblin, 1b; Clements, 2b; Bell, 3b; Sloan, ss; Thompson, ss; Mott, rf; G. Payne, lf.

Selwyn—Blewett, p; Nicholls, c; McConkey, 1b; Darling, 2b; A. Wilson, 3b; M. Wilson, ss; Oliver, ss; Fitzgerald, rf; Shearer, lf.

Score by innings:

Warsaw ... . 1 0 0 1 3 6—11
Selwyn .. .. 1 5 0 4 0 1—11

The third and last game resulted in an 8-6 count for Bridgenorth over Cubs. Forsythe had eighteen strike outs and two walks while McCarthy, the Cubs' pitcher, had twelve and two walks.

C. Northey at plate and W. Elliott at bases were the umpires.

The line up was as follows:

Bridgenorth—L. Forsythe, p; Connors, c; Hardill, 1b; B. Jopling, 2b; R. Jopling, 3b; Nicholls, ss; F. Jopling, ss; D. Jopling, rf; C. Forsythe, lf.

Cubs—McCarthy, p; White, c; F. Payne, 1b; Wingett, 2b; Morrison, 3b; Stewart, ss; Lancaster, ss; Junkin, rf; Chaplin, lg.

Score by innings:

Bridgenorth .. ... 0 0 3 1 0 0 4—8
Cubs .. .. 0 0 0 3 0 2 0 1—6

On Friday evening the games are as follows:

7 p.m.—Sugar Bowl vs Dominion Woollens; 8 p.m.—Decks vs. Canucks; 9 p.m.—Selwyn vs. Business Men.

Early Customers Take Up Quarters Before Ticket Wicket at Shibe Park

PHILADELPHIA, Pa., Oct. 1. —(C.P.)—Two customers were in line early to-day before a ticket window which does not open until Monday morning. The situation is less fantastic, however, in view of the fact that the ticket window is at Shibe Park, where the Athletics' and Cardinals will play the third game of the 1931 world series Monday.

Twenty-four hours after George Calhoun established himself before the wicket with a camp stool and blankets, Albert Shuman, 20, arrived last night and won the dubious distinction of being Customer No. 2.

Fifteen thousand baseball fans, more fortunate than those two, but with similar ideas as to the value of a seat from which the classic can be viewed, rejoiced to-day at receiving letters from the Athletics' management giving them the privilege of paying $5.50 for a place in the grand stand. That privilege was denied to more than 130,000 other applicants.

Roseneath

Miss Irene Brown is spending her vacation with friends in Toronto.

Mr. and Mrs. H. McCracken, Mr J. Robins and Mrs. Dinah Robins visited friends at Harwood on Sunday.

Mr. H. Pomercy of Castleton spent Sunday with friends in the neighborhood and was accompanied home by Mr. and Mrs John Webb, who will make a visit among their friends.

Miss Evelyn Turner of Toronto spent the latter part of the week with her mother, Mrs. Lily Turner.

Mr. and Mrs. Keith Halstead and family of Bewdley were guests of Mr. and Mrs. Albert Halstead on Sunday.

Miss Bessie Turner has been accepted on the staff of nurses at the Ontario Hospital, Cobourg and commenced duties on Thursday last.

Mrs. Bruce Parker, Peterborough is with her sister, Mrs. H. Baxter.

The church army and crusaders from England are coming to St. James' Anglican Church on Thursday night at 8 o'clock and will continue holding services every night for one week.

Rev. J. N. Lovelace a former pastor of the Roseneath charge, is preaching anniversary services at Centreton United Church next Sunday, October 4. The morning service at Fenella United Church is withdrawn on that account.

Service in the United Church is withdrawn next Sunday owing to anniversary service at Alderville at 7.30 p.m. conducted by Rev. L. S. Throop, B.A., B.D., of Demorestville.

On Tuesday evening, Oct. 6, the annual fowl supper at Alderville will be held.

SOX EASILY DEFEATS CUBS

Veteran "Red" Faber Blanks Chicago's National League Team.

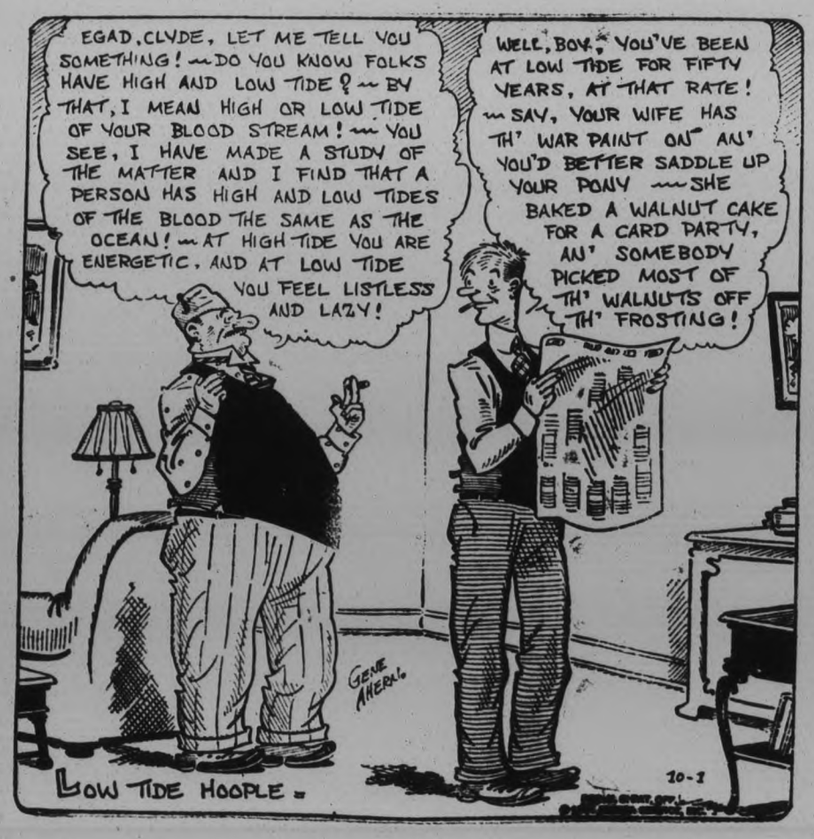
FINAL COUNT 9-0.

CHICAGO, Ill., Oct. 1.—"Red" Faber and his badly abused White Sox mates reached out of the cellar of the American League yesterday to hand the Cubs a stunning 9 to 0 licking in the opening battle of the Chicago city series championship at Wrigley Field.

With the 43 year old Faber lobbing his curves with such deadly accuracy that the third place occupants of the National League were able to collect only five hits in as many innings, the door mat club of the American League unleashed the long pent up power of their bats to push over seven runs in the sixth inning and two more in the seventh to gain their head start in the series.

So good was Faber yesterday that he failed to walk a single batsman. Only one Cub reached third base and he got there because of a two-base muff by Johnny Kerr. He never was in serious trouble and the seven-run rally by his mates in the sixth gave him enough rest to keep plodding along without any difficulty.

Our Boarding House . . . . . By Ahern



"Your morning shave is badly shopworn at midnight"

"I'M not trying to sell razors or razor blades. I don't shave and I don't give testimonials. But I'd like to tell you what I think of men who don't shave carefully. I believe my opinion really means something because I'm a hostess in a night club and we girls must take them as they come. So we learn as much about men in a week as the average girl learns in a lifetime.

"Of course it really doesn't make much difference to me, but you'd be surprised at the number of men who think their morning shaves will last until midnight and later. Along about 11 o'clock they're nobody's bargain and I wouldn't dance with them if I didn't earn my living that way.

"My experience has taught me that a man can't be attractive along about the time the milkman starts delivery, unless he takes a clean shave before he steps out for the evening. And speaking of milkmen—what I've said doesn't apply to night club customers alone. Most men aren't as particular about shaving as they should be. To get along with women a man should be clean shaven all the time."

• • •

Yes, few men shave as frequently or carefully as they should. Until now shaving may have been a somewhat disagreeable task. Now Gillette is manufacturing a fine new razor blade that can be used morning and night without discomfort.

It never irritates or roughens the tenderest skin. Every blade is equally keen. Try the new Gillette on our guarantee. Buy a package and use a blade or two. If you don't agree every shave is cool and pleasant, return the package to your dealer and get your money back.

ARGONAUTS-BALMY BEACH MEET ON SATURDAY FOR DEGRUCHY CUP

Teams Will Hold Final Workouts To-night in Preparation for Crucial Test.

Several Exhibition Games.

TORONTO, Ont., Oct. 1 (C.P.)—The final heavy workouts of the week prior to the many exhibition tilts which are scheduled for Saturday will be undertaken by senior grid squads of the Province tonight. Now that conditioning work for the regular season, which opens this week-end or the following week-end has been practically concluded, routine practices and hard work will be the tasks of aspirants for places on senior football clubs in the Province.

Coach Harry Hobbs, of the University of Toronto squads sent his players through heavy tackling and signalling practice last night, and a similar drill has been called for to-night in an effort to get the teams into working order for Saturday's game, when the inter-collegiate squad tackle Kitchener-Waterloo seniors in an exhibition tilt prior to the Argonauts-Balmy Beach city championship fixture. Jack Sinclair and Harold Richardson, backfield stars of the college squad, will be seen in action Saturday, and their addition is bound to strengthen the squad.

Balmy Beach will hold a heavy workout under the floodlights at Broadview Y.M.C.A. to-night in an effort to get into shape for the coming city championship game with Argos. Last night's practice was devoted mostly to the use of the forward pass which is expected to figure prominently in Saturday's games. Ab Box, the kicking ace of last year's champions, was in uniform last night and participated in the regular scrimmage and signal drill. He will do the kicking for the Beaches in the coming tilt with Argos.

Lacrosse

A lacrosse practise at 5.15 at the Exhibition Grounds is called for to-night, and another o. on Saturday at 2.30. All players should be on hand as the game with Kingston is just a little more than a week away.

Shell Transport Is First At Newmarket

NEWMARKET, Eng., Oct. 1 (C.P.)—Shell Transport, owned by W. M. Cazalem, won the Jockey Club stakes to-day. The Aga Khan's Utmajeur was second and Convoyi, owned by A. R. Cox, was third.

Marshal Field's Corn Belt was unplaced in a field of eleven.

The winner was a length and a half in front, and Utmajeur finished second by a neck. The betting was 8 to 1, 10 to 1 and 100 to 7; the stakes, $10,000, with extras, and the distance a mile and three-quarters.

PEER'S DAUGHTER IS TO TEACH DANCING

Bedford, Eng.—The Hon. Phyllis Russell, the talented and versatile 22-year-old daughter of Lord Ampthill, has accepted the post of country and Morris dance instructress at the Bedford Technical Institute.

Her mother, Lady Ampthill, is president of the English Folk Dancing Society, and Miss Russell is well known for her keenness in reviving interest in folk dancing.

In the dance section of the Bedfordshire Musical Festival, two years ago, she won a prie with a Morris jig, "The Nutting Girl."

OSHAWA NEEDS LOCAL VICTORY

Motor City School Making Strong Bid for Neal Trophy This Year.

FIELD HEAVY SQUAD.

When the Oshawa Collegiate seniors visit James Stevenson Park on Saturday afternoon to try conclusions with the local Garnet and Grey gridders, one of the largest rugby crowds of many seasons is expected to be on hand.

For three years the Motor City Collegiate has tried in vain to gain the Dr. Neal Trophy, but each time it was P.C.I. who managed to nose them out to take the silverware. However, this year Oshawa is back again with one of the heaviest squads that they have ever turned out, and they fully expect to step in and make it two victories in a row at the expense of the "Petes."

In Corant, they have a kicking half who can hold his own with any in the league, and his low, long boots are a puzzle to opposing backfield men. It is in their line that the visitors will expect to have an advantage, and with "Mike" Kashul and Hicks handling the heavy end of the plunging, they have no worry in that department.

Shelenkoff, of basketball fame, handles the team from quarter, and probably travels faster than any man on the squad. The big "green team" make their large gains on wide breaking plays and well tutored by Ab Chillcott, their new athletic instructor, have their end runs down to near perfection. The team has been coached in the old Varsity style of attack, with three men being used in practically every line play and the boys have been reeling off gain after gain.

They will meet another high-class outfit in the 1931 P.C.I. squad, however, and the game is expected to be a nip and tuck struggle, with the team that opens up the game to take the lead first, the probable winner. The Legon-led crew boasts a lot of experienced men, several having been with the team for the past three years. The veterans of the squad, Waddell, Clayton, Armstrong, Lord, Young, Dinneson, Richardson and Fraser, will no doubt carry the brunt of the attack and it will take real classy opposition to outsmart these performers.

This contest will be Oshawa's only visit to the city this year, and a win would entrench them in first place with a fine chance for the silver, while a win for the "Petes" will give them a strangle-hold on the group, and Oshawa would have to turn around and beat them in the return game to have a chance at the title. In all, it should be an exciting affair, as both teams will be working overtime in an effort to snatch the win, but the local lads will enter favorites on their past record.

CASUAL COMMENT

Here's a thought from Belleville concerning that meeting of Western Ontario baseball moguls in London on November 11th. The idea of the session is to form an association of their own, breaking away from the O.B.A.A. As the Belleville paper sees it, it might be a good idea for the Central League to send a representative to the meeting and find out a few things about it.

• • • • • • •

The Quinte sports writer points out that a few years ago the Inter-County League pulled away from the "parent body," but other senior leagues did not get behind the issue. He also adds that the Central League might be able to operate again, as in the old days, if they could get a residence rule of around May 1st, as it is the January 1st ruling that has changed the C.O.B.L. from a classy and paying loop into the struggling one it is to-day.

• • • • • • •

This is just one of the things that have made many leagues in the province peeved at the O.B.A.A., and, while nothing may be gained, nothing can be lost either by getting a line on this proposed baseball association in Western Ontario. It's worth a thought anyway, and the fact that it is being held in the western part of the province doesn't mean that anyone interested will be barred.

• • • • • • •

The local senior club meeting will not be held this week as expected, some of the executive members being out of town. Perhaps, the duck-hunting season has something to do with that. However, the regular business meeting winding up the season's affairs will be held shortly.

• • • • • • •

With rugby and boxing being the main sports locally just at present, yet there are a few hockey rumors floating about too. One of our O.H.A. teams is expected to be handled by a different group this year, although that's not definite yet.

• • • • • • •

The Thanksgiving Day road race will take place again this year, provided four relay teams signify their intentions of entering. One or two teams from All Saints' Athletic Club will likely come in, and there should be no trouble getting the other quartettes either.

• • • • • • •

The distance will be ten miles, with four teams composed of four runners each, giving each member a distance of two and a half miles to do. The race will be an open one for Peterborough, juniors or seniors being eligible. Prizes for members of the winning team will be donated by the Y.M.C.A.

• • • • • • •

It should be easy to get four relay outfits in this year's jaunt, between the A.S.A.A., the P.C.I., boxing stables, and even business places. In fact, there has been any number of runners working out the past two weeks just for the fun of it, as they thought the big Thanksgiving Day run would not take place this fall.

• • • • • • •

The first four teams that send in their entry to the "Y" will be the ones to participate in the distance event, and as the time for it to take place is not very far off, organizations thinking of sponsoring a team had better look lively. A week and a half doesn't give the runners too much time to get working together, although two and a half miles is hardly a Marathon to the experienced pacer.

• • • • • • •

The general meeting of the All Saints' Club to-morrow night will be held at 7.30 as usual, and both boxing and running will be discussed at length. Either one or two relay teams will be entered, it is expected, at this session.

• • • • • • •

This club starts its boxing classes this evening, with W. Barry training the boys. At present, they will work out at the club hall, but may have to change quarters later. About fourteen scrappers are signed up there at present.

WINS NATURE TITLE

CANTON, Eng., Oct. 1. (AP)—Wanda Morgan, who lost in the finals of the British championship to Enid Wilson, to-day won the English native title, defeating Molly Gourlay, three and one in the 36-hole final.

READ WHAT THE CRITICS SAY:
"DIRIGIBLE" will unquestionably prove to be the great picture of the year — overshadowing any picture ever made in sensationalism of story, breath-taking, hair raising episodes, stirring romance and emotion.

Bowling Notes

SINGLES SCHEDULE.

To-night and to-morrow night will conclude the bowling season of the Peterborough Lawn Bowling Club for 1931. Two of the games that were scheduled to be played in the singles schedule last evening had to be postponed as two of the players were competing in Cobourg. Only one game, therefore, was played in which J. T. Braund pulled out a nice win over J. Penrose. The following games are scheduled to be played at 7 o'clock this evening.

W. Wood vs. F. H. Dearborn
H. P. Moyer vs. W. J. Oke

At 8.30 the winner of the Wood-Dearborn game will play J. T. Braund and the winner of the Moyer-Oke game will play H. Freeman. This will leave only two finals to be played. These will be pulled off to-morrow (Friday) evening. The usual Friday night rinks tournament will be played to-morrow evening. As it will be the last opportunity players will have of getting on the greens this season, large attendance is expected.

NEILL TROPHY.

Three rinks from Peterborough visited Lindsay last evening for the final game in the inter-club contest for the Neil Trophy. A rink composed of J. D. Fitzpatrick, skip, H. Freeman, vice, P. Nichols and B. Rogow, pulled out a nice win, the score being 21 to 9. Rogow did some great playing at lead and strongly supported by his rink, kept the other rink busy with runners trying to take out the shot bowls. A second rink with Mr. Bredin, skip, M. Breckenridge, J. Lush and P. Hooper had a nip-and-tuck struggle all evening, finally losing out on a score of 15 to 16. They were three down on the last end and scored two to almost even the score. The third rink composed of R. Disney, skip, D. Smith, H. B. Cowan and A. Leslie, came through with a tie game on a score of 18 to 18. They were five down on the 16th end, scored 3 points on the 17th end and 2 points on the 18th end to tie the score. Roy Disney, as skip, made two particularly fine shots on both ends, taking out the bowl of an opponent each time, thus enabling his rink to score.

The Neill Trophy was brought back to Peterborough and will remain here until next season. This year Peterborough has won 6 out of the 8 games played for the cup. Up to last evening they had a lead of 45 points. Last evening added another 11 points to the total bringing it up to 57 for the season.

Mixed Tournament

Five rinks from the Peterborough Lawn Bowling Club took part in the mixed tournament in Cobourg yesterday afternoon and evening. Thirty-two rinks competed. Only one Peterborough rink won a prize. A rink composed of W. J. Oke, skip, Miss M. Sedgewick, vice, H. Wood and Mrs. W. Wood, lead won the prize for the highest plus in any game. Their winning score was 22 to 4. The four other rinks that competed were entered by Geo. Carne, Geo. Gimblett, Ernie Wall and Will. Wood.

Wrestling Last Night.

NEW YORK—Joe Toots Mondt, 227, Colorado, threw Ivan Ivernyhora, 210, Russia 57:10; George Calz 218, Italy, threw Benny Ginsburg 220, Chicago 20:12; Gino Garibaldi, 210, Italy, threw Abe Kashey, 202, Syria 16:45; Frank Speers 220, Oklahoma, threw Farmer Bill Nelson 210, St. Louis 9:35; Al Pierotti 212, Boston, threw Wanka Zelsniak 213, Russia 8:32.

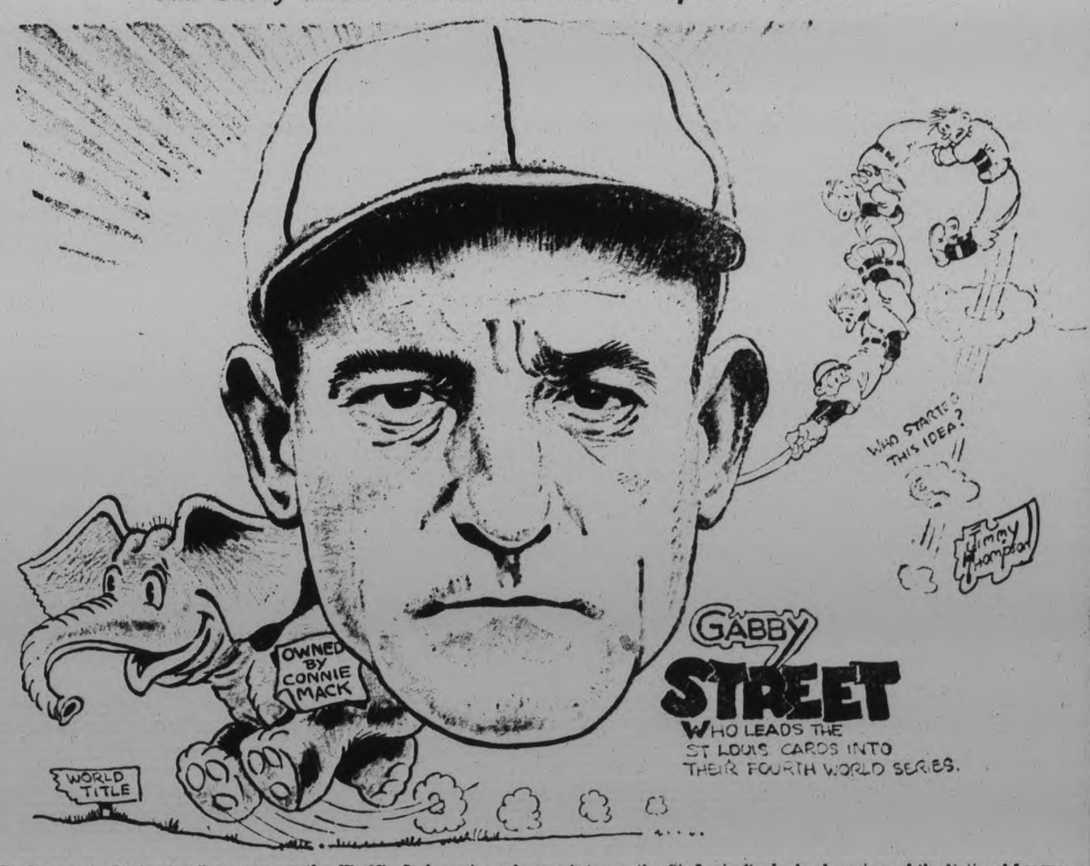
BOSTON — Arthur Flynn, Lawrence Mass., defeated Sehib Sebeg, Turkey, two out of three falls (heavyweights).

ST. LOUIS — Jim Londos 205, Greece, threw Hans Kanpfer 220, Germany, 1:11:00; George Zaharias 229, Colorado, threw Paul Jones 20, Texas 32:02; Ernie Dusek 215, Nebraska, threw Jack Burke 205, Davenport, Ia, 9:01.

NEW WESTMINSTER REPLIES.

NEW WESTMINSTER, B.C., Oct. 1 (C.P.). — If the International Professional Lacrosse Association is so anxious to get hold of the cup at this stage of the game, they will have to pay their own expenses to the coast, and then run the gauntlet of meeting a strong team representing New Westminster. This is the reply given by O. D. Peele, secretary of the New Westminster lacrosse club, to a telegram received to-day from A. L. Caron, Eastern Prexy.

Can Gabby Street And His Cardinals Stop The Athletics?



To-day at St. Louis, the first game of the World's Series gets underway between the St. Louis Cardinals, champions of the National League, and the Philadelphia Athletics, champions of the American League, and twice in succession winners of the world's championship. This year the A's have made so much mincemeat of the opposition in the American circuit and won in a canter. The Cards did not have things so much their own way until late in the season. Last year, the A's had little trouble disposing the National League champions, and this year, according to the paper dope, should have even less, with the way Robert Moses Grove, and Big George Earnshaw have been tossing the sphere over the plate. But paper dope seldom holds water in a world's series and the law of averages favors the Cards simply because they lost last year. The Cards must depend more or less on the efforts of Wild Bill Hallahan, the "Lefty Grove" of the National League. It should be some game when they lock horns, for both are famed strike-out artists and it takes a mighty good hitter to hit either one of them twice in the same place. Gabby Street had shown this year that he can handle a team as well as the best, and it only remains to be seen just how good his strategy is compared to that of the famous Connie Mack, leader of the A's. The odds at game time were close to even money, with the A's being slight favorites, and not much money in sight. Take your own choice.

THE SECRET IS OUT

(By Thornton W. Burgess)

In truth there's nothing that is queer;
When understood all things are clear.
—Old Mother Nature.

It is lack of knowledge and understanding that makes things seem queer sometimes. Really they are not queer at all. The only queerness about them is the fact that we are so often blind to the truth.

When a litle roundish gray stone on top of a rock in front of him suddenly came to life and scampered over to another rock, understanding came to Farmer Brown's Boy in a flash.

"So you were one of those barkers I have been trying to see!" he exclaimed under his breath that his voice might not be heard. "Here I sat looking right at you and mistaking you for a stone. That is why it seemed as if the stones themselves must be barking. I wonder how many more like you I have failed to see. Certainly there must be a lot more to judge by the different directions in which I have heard that barking. You are so near the color of the stones and you sat so still you looked to me to be a stone."

Meanwhile the barking continued all around him. It seemed as if there must be at least a dozen little barkers hidden among the rocks. In the light of his present knowledge he carefully studied the rocks again, but not another barker could he locate. Then he turned his attention to his little neighbor on the rock, for he didn't want to lose sight of him. He saw a small mouth open and he heard that funny bark, but strange to say the sound didn't seem to come from that rock at all. Neither did it seem to come from as near as that. The same thing happened over again. He saw that little mouth open and he heard the bark, but the latter seemed to come from another direction altogether.

Once more understanding came to Farmer Brown's Boy and the secret of that barking all around him was out. "I do believe you are a ventriloquist. You may not know you are doing it, but you throw your voice so that it seems to come from anywhere but where it really does come from," said he. "That must fool your enemies a lot of times just as it fooled me. Perhaps there are not as many others around here as I thought must be the case. I know who you are now. You are Little Chief Hare the Pika, whom some folks call Cony, and I certainly am tickled to see you. I hope you won't be too bashful, for I want to know you a lot better. I wish you would tell me how many more Pikas there are on the rock slide."

Of course Little Chief did nothing of the kind. As a matter of

But as he sat there on a rock he looked very much like a small rabbit

fact, there was but one other, and that was Mrs. Little Chief, who was barking from a hiding-place down among the rocks. All those voices Farmer Brown's Boy had though he heard were but two. Little Chief's and Mrs. Little Chief's. Farmer Brown's Boy had begun to suspect this now, but, of course, he wasn't sure.

Little Chief Hare, to give him his full name, although he is not a Hare at all, was about the size of one of Peter Rabbit's babies when they first begin to hop about in the dear Old Briar-patch. He had round ears instead of long ones and seemed to have no tail. His legs were short. But as he sat there on a rock he looked very much like a small Rabbit. Seeing him for the first time you might have mistaken him for a young Rabbit.

His home is among the rocks, for there only does he feel safe. Being such a little fellow he never lacks for a place to hide among the rocks and stones of the slide. The same enemies that Whistler the Marmot must watch out for always have their eyes open for Little Chief, so it is no wonder that he is a timid little chap. Not for one minute would he have sat there on that rock had he suspected the presence of Farmer Brown's Boy. Now he was joined by Mrs. Little Chief and for a time there was no more barking. It was then that Farmer Brown's Boy decided that they had been responsible for all that barking.

(Copyright, 1931, by T. W. Burgess)

What To-day Means To You

"LIBRA"

If October 1st is your birthday, the best hours for you on this date are from 10.10 a.m. to 1 p.m., from 5 p.m. to 6.40 p.m., and from 9.30 p.m. to midnight. The danger hours are from 2 p.m. to 4.15 p.m., and from 7 p.m. to 8.15 p.m.

Some unforseen changes, not so much of immediate, as of ultimate, importance, are foretold by the planetary aspects of October 1st. An element, too, of romance in personal relationships will be fostered, although family ties are under adverse rays. Health conditions should be carefully watched, and all physical strain should be avoided.

The child born on October 1st will be endowed with an inherent sense of justice, and any act founded, not on reason, but on superior force, will produce a jarring effect. It will be very acquisitive of information, have a retentive memory, and is destined to "make good."

Although born on October 1st, and compelled to work for all you get, the signs denote that, as a result of unfaltering perseverance and unfailing common sense, you are bound to succeed. All work entrusted to you bears the imprint of concentrated energy and untiring persistency. You do not claim to know it all, and, when up against it, never fail to seek assistance from those in a position to help you. Gratitude for advice given or service rendered is another of your outstanding characteristics, and, consequently, all are willing and ready to extend you a helping hand.

Difficulties do not dismay you. On the contrary, they apparently furnish an incentive to greater effort. Success, on the other hand, does not give you a swollen head, and when Fortune smiles, you modestly attribute it to good luck. This is not an affectation, but a state of mind.

Without being secretive, you can keep your own counsel, and you often use speech to hide, rather than to express your innermost thoughts. You are not thrifty, and are apt to err on the side of generosity. The Stars predict that your home life will be happy during the early years, but that discord will later on disrupt it.

Indigestion Pains Tortured Me Years Entirely Gone Now

Feel 10 Years Younger Eat Anything. Thanks to "FRUIT-A-TIVES"

"I had been tortured with Indigestion, terrible Headaches, Dizzy spells and Constipation for years and could get no relief. Finally I took 'Fruit-a-tives' and all my troubles quickly disappeared. I feel 10 years younger and cannot express myself enough in recommending 'Fruit-a-tives'."—Mrs A. Lapointe, E. Cornwall, Ont.

Thousands of Canadians praise "Fruit-a-tives" as quickest, surest relief from stomach pains, constipation, bilious headaches, dizziness, nervousness. Why? This famous Canadian doctor's discovery combines 6 of the finest herbal tonics with a special secret extract of apples, oranges, prunes and figs—Nature's own remedies to make and keep you well. No harmful drugs.

For new health, vigor, quick, get "Fruit-a-tives" from druggist today. Results guaranteed or money promptly refunded.

Norham L.A. Plans Anniversary Supper

NORHAM, Oct. 1 (Examiner Correspondence)—The monthly meeting of the Ladies' Aid of Norham Church was held at the home of Mrs. George Palmateer on Friday afternoon.

The first hour was spent in sewing when the meeting was called to order by the president, Mrs. Norman Gummer, who led the devotional exercises. The main item of business was planning for the supper in connection with the anniversary which is set for the fourth Sunday in October. Committees were appointed and lunch was served.

ITCHING PILES

Joyous Relief in 3 Minutes

With powerfully healing and soothing Peterson's Ointment you not only immediately end all itching, burning and soreness in 3 minutes, but after a few days treatment actually banish even the worst and long standing cases!

Petersons starts right in to soothe and heal the broken, irritated lining of the rectum, beginning where other pile remedies leave off. A big box of Peterson's Ointment costs but 50 cents at any drug store. An unbeatable remedy for piles, itching skin, pimples and old sores.

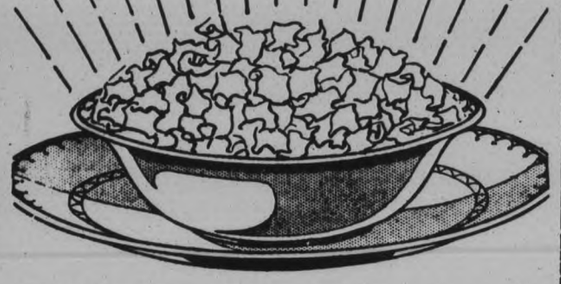
Flavour Supreme—
Crispness Unmatched



and Quaker Corn Flakes are the *only corn flakes* which contain the Sun Vitamin D

FOR supremely good flavour, no other corn flakes approach Quaker Corn Flakes. Every package bears the maker's guarantee to remit the cost of the package if the user does not agree that Quaker is the finest flavoured corn flake.

And the exclusive Quaker package, with its triple seal and wax wrapper, preserves this flavour fully. It brings Quaker Corn Flakes to you just as crisp and fresh as when they pop from the toasters to the package.

Now, the added health benefit of Vitamin D. This is the vitamin Nature gives in summer sunshine. Quaker gives it all year round in Quaker Corn Flakes. It is the vitamin which helps children to have sound teeth and strong bones and adults to repair daily wastage.

Quaker is the only corn flake which contains Vitamin D. It is the only corn flake which is irradiated by Prof. Steenbock's process.

Give your family Vitamin D by serving Quaker Corn Flakes all year round. At any meal... or between meals... they are delicious, and now doubly good for you.

COUPONS
in every Package of Quaker Cereals

In Quaker Corn Flakes packages, as in all other Quaker cereals, are coupons good for useful and valuable articles for household and personal use. Save these coupons. Write for Free Premium Book.

QUAKER CORN FLAKES

Product of The Quaker Oats Company, Peterborough and Saskatoon, largest cereal millers in the world. Makers, also, of Muffets, the irradiated whole wheat biscuit, Crackels and other Highest Quality cereals.

LOCAL MOVIES AT THE REGENT

Civic and Industrial Motion Pictures to be Shown.

"SHOOT" KIWANIS FIRST.

Through the efforts of the management of the Regent Theatre, the services of the Metropolitan Film Productions of Toronto have been secured to produce a civic and industrial motion picture of Peterborough which will include everything possible of a civic and outstanding industrial nature.

Civic organizations will be invited to participate in the review as well as schools, fraternal orders, Boy Scouts, and as many of the interesting and educational things about the city that is practical.

Plans are under way to photograph scenes of the Regent Theatre, the same thrill during the next two weeks that the visitor to movie land has when they first find themselves a part of a scene being "shot" in their locality. Scenes of Peterborough streets will be taken and the clicking cameras and barking of the directors will give the city a veritable studio aspect.

A large battery of studio arc lights have been brought here by the producers who are equipped to do anything required in a production of this kind.

A section of the film will be devoted to the industrial activities of the city and some of the outstanding mercantile and manufacuring institutions will be given an opportunity to demonstrate the manufacturing and merchandising activities of the city.

Will Film The Examiner.

An interesting and educational part of the industrial section of the film will be the making of a modern newspaper, the scenes being taken in the plant of The Examiner, and will show the many steps necessary to convert a bit of news into the paper you read daily.

Upon completion the film will be shown as a special feature at the Regent Theatre for one week, and after that will be placed at the disposal of any of the civic organizations who may care to make use of it for Peterborough publicity.

NOTICE TO CREDITORS.

IN THE MATTER OF THE ESTATE OF JOHN GERALD McFADDEN, Late of the City of Peterborough, in the County of Peterborough, Undertaker, Deceased:

ALL PERSONS having claims against the estate of the said JOHN GERALD McFADDEN, who died on or about the 29th day of July, A.D. 1931, are hereby notified to send into the undersigned, the solicitor for the executors of the last Will and Testament of the said deceased, on or before the 26th day of October, A.D., 1931, full particulars of their claims. Immediately after the last mentioned date the assets of the estate of the said deceased will be distributed among the parties entitled thereto, having regard only to claims of which the executors shall then have notice.

Dated at Peterborough, this 29th day of September, A.D., 1931.

JOHN R. CORKERY,
414 Water street,
Peterborough, Ontario.
Solicitor for the Executors.
4d-1-8-15-22-29-2918

IN THE MATTER OF THE ESTATE OF MARY ELIZABETH CHAMBO, late of the City of Peterborough, Widow, Deceased:

NOTICE is hereby given that all Creditors and others having any CLAIMS against the Estate of the late MARY ELIZABETH CHAMBO, who died on or about the Seventeenth Day of February, 1931, at the City of Peterborough, in the Province of Ontario, are required to send on or before the first day of November, 1931, to the undersigned Solicitors for the Administrator of the Estate of the said Mary Elizabeth Chambo, deceased, their names, addresses and descriptions, and full particulars in writing of their claims, a statement of their accounts, and the nature of the securities, if any, held by them.

AND TAKE NOTICE that after the said first day of November, 1931, the said Administrator will proceed to distribute the assets of the said estate among the persons entitled thereto, having regard only to the claims of which he shall then have had notice, and that the said Administrator will not be liable for the said assets, or any part thereof, to any person of whose claim he shall not then have received notice.

DATED at Peterborough, this 29th day of September, 1931.

PECK, KERR & McELDERRY,
415 Water Street,
Peterborough, Ontario,
Solicitors for the Administrator.

TARZAN AND THE JEWELS OF OPAR NO. 94 By Edgar Rice Burroughs
(Metropolitan Newspaper Service)

Abdul Mourak's followers, bereft of guides by the recent battle, had lost their way. Despirited, waterless and hungry, they went into camp in the dense jungle. It was well past midnight and Jane Clayton still found sleep impossible. A sense of impending danger seemed to overhang the camp. Attracted by the horses, lions roared about the boma and to their hideous din was added the shrill neighs of the terror-stricken beasts they hunted. There was little sleep for man or beast, and the sentries were doubled.

The fires were kept blazing. Abdul Mourak left his blankets a dozen times to pace restlessly back and forth between the tethered horses and the crackling fires. The girl could see his great frame silhouetted against the lurid glare of the flames and she guessed from his quick, nervous movements that the man was afraid. The roaring of the lions rose in sudden fury until the earth trembled to the hideous chorus. The horses shrilled their neighs of terror as they lay back upon their halter ropes in their mad endeavors to break loose.

A trooper, braver than his fellows, leaped among the kicking, plunging, fear-maddened beasts in a futile attempt to quiet them. A lion, large and fierce and courageous, leaped almost to the boma, full in the light from the bright fires. A sentry raised his gun and fired. The shot ploughed a deep and painful furrow in the lion's side, arousing all the bestial fury of the little brain, but abating not a whit the power and vigor of the great body. At his roar of pain, the whole camp was stilled in terror.

If the lion had not been wounded, the boma and the flames might have turned him back, but now the pain and the rage wiped caution from his mind and with a loud and angry roar he topped the barrier with an easy leap and was among the horses. What had been pandemonium before became now an indescribable tumult of hideous sound. Men leaped from their blankets and with guns ready ran toward the picket line, and then from the jungle beyond the boma a dozen lions, emboldened by the example of their fellow, charged upon the camp.

GREAT SHOW STAGED BY BRITISH BAKERS

Enormous Increase in Sale of "Afternoon Fancies" in the Old Country

London.—Little sign of depression was seen at the international bakers' exhibition at the Royal Agricultural Hall. There were perhaps not so many foreign exhibits as usual, but there were nearly 100,000 entries from Great Britain and Ireland for about 300 classes.

The sugar confectioners and chocolate manufacturers who used to take part in this exhibition have a special one of their own at Olympia. The other branch of the confectionery trade is associated as closely as ever with the bakers, and the British Confectioners' Association have arranged a fine display in the Gilbey Hall, where they show every kind of cake and sugared delicacy.

While the consumption of bread has fallen considerably the trade in what are called "afternoon fancies" has grown enormously. It is suggested that the people who patronize the little cafes that have sprung up all over the country have developed a taste for little decorative sugary cakes, but this is said not to apply to the tea-houses on highways that cater especially for motorists; they usually supply home-made cakes and scones."

"Afternoon fancies" formed a strong section in the competition. One artist had gone so far as to invent a green marzipan railway engine with chocolate fittings.

The bakers were pleased with an entry from the Admiralty Bakery at Chatham. This is the first time that any of the fighting services have competed at the exhibition, and now the organizers look forward to the day when special sections may have to be devoted to entries from the navy, army and air forces.

The "hydrocar," which is an automobile and motor boat combined, was tested in the Firth of Clyde, Scotland, recently.

Jabs and Jottings as Picked Up by an Examiner Reporter

ARTICLES REQUIRED
Mrs. J. Mills, president of the Ladies Auxiliary to the Canadian Legion, would like to get a quantity of clothing for men. Will anyone who has such clothing telephone Mrs. Mills or send it to her home at 451 Hunter street, west.

Patches of any kind for making quilts would be acceptable to two women who are unable to get them in any other way. Please telephone to 472-J and they will be called for.

Weddings

CRAW—DONLEY
A very quiet wedding was solemnized in Knox College Chapel, Toronto, on Wednesday afternoon at 5:30 when Gwen Mary, eldest daughter of Mr. and Mrs. John S. Donley was united in marriage with George Wilson, eldest son of Mrs. George I Craw and the late Rev George Ingram Craw. The young couple were attended by Doris Irene Donley a sister of the bride, and William Alexander Craw, Toronto, a brother of the groom. The Rev. A. W Craw, Toronto an uncle of the groom, performed the ceremony.

FOWLER—GRAY
The wedding took place quietly last night at half past seven o'clock at the parsonage of George street United church, of Barbara Christine Gray, eldest daughter of Mr. and Mrs. Frederick Gray, Sophia street and Ernest Melville Fowler, eldest son of Mr. and Mrs. J. E. Fowler, London street. The ceremony was performed by the Rev. J. E. J. Millyard. Attendants were Miss Cleo Fowler and Arnold Deyell

Mr. and Mrs. Fowler will live at 149 London street.

Obituary

MRS. WILLIAM COOK
The death occurred at 7:30 p. m. Wednesday of Mrs. William Cook, 471 Sherbrooke street, after a lengthy illness. She was born at Tweed forty-five years ago, her birthday being October 2nd.

Mrs. Cook is survived by her husband and five children, Dorion MacDonald of Chicago, Marion MacDonald at home, and Thomas, Joseph and Lamoine Cook at home; also by one brother, Felix Cournoyer and one sister, Mrs. Genore of Tweed. The funeral will take place Saturday, morning from the family home Saturday morning at 8:45 o'clock to the church of the Sacred Heart, and thence to St. Peter's cemetery.

52 YEARS MARRIED
Mr. William Lehane, Glenelg St., east is Wednesday marking his anniversary of 52 years of married life. The only man Mr. Lehane associated with as a friend at the time of his marriage is William O'Brien of Downeyville, there being only a couple of months difference in their ages—Lindsay Post.

BORN
GRIFFIN.—To Mr. and Mrs. A. Griffin, on Thursday, October 1, at St. Joseph's Hospital, a son.

DIED.
WHALEY. — In Peterborough, on October 1, Mrs. Katherine Whaley. Funeral announcements later.

SEDAN RECOVERED WITH TANK EMPTY

May Have Been Used in Cobourg Robbery.

The black Nash sedan, suspected by police to have been used by a trio of young robbers who held up a Chinese cafe in Cobourg late Tuesday night, and which was stolen earlier the same night from the grounds of the Peterborough Lawn Bowling Club, was recovered yesterday afternoon by local police.

Its gas tank dry, the big car was found four miles south of the city on a backroad just west of the river. Nothing had been disturbed in the car.

Lending credence to police suspicions that it was three Peterborough men who robbed the Cobourg restaurant, the owner of the car, Harold Dunford, figures that there was just enough gas in the car to take it about 65 miles—a little less than the distance between Cobourg and this city and return.

No trace of the hold-up men have yet been found, although police throughout the province are still on the look-out for them.

WOMAN'S DANCE FATAL
Formerly an actress, Mrs. Helen McCarthy, aged 76, an inmate of St Peter's Home for the Aged, Poor South Lambeth, London, told her friends that she would like to return to the stage, and while performing a dance she fell and fractureed her leg. She died in Lambeth hospital.

Registration of used passenger cars in Singapore, British Malaya, this year are greater than for new machines.

GRAVE DISORDERS IN BRITISH CENTRES

Mob Loots Stores And Pelt Police With Foodstuffs

John McGovern, M.P., and Twelve Others Remanded in Court.

A GROCERY SHOWER.

Crowd of 50,000 in Glasgow Night Riot—Trouble Early To-day.

GLASGOW, Scotland, October 2 (C.P.). — John McGovern, Labor M.P., who was suspended from the House of Commons after a commotion last July, is in jail, and Glasgow streets are littered with wreckage left by last night's rioting by the unemployed.

Fifty thousand jobless men put up a fight when police tried to disperse them in the night, and early this morning the rioting started again when police tried to check a mob of looters breaking down store doors and stealing whatever they could lay their hands on.

To-day police went abut the city helping storeowners and peaceful citizens to put up their shutters, to board up the broken windows and doors. Up to the middle of this afternoon there had been no more trouble.

McGovern and eleven others were arraigned to-day on a charge of "forming part of a disorderly crowd, threatening violence, and committing a breach of the peace. They were sent to jail until to-morrow, when they will be tried.

Some 50,000 persons assembled on the Glasgow green last night in defiance of orders by police that they could not hold a meeting. McGovern and his lieutenants refused to disperse the gathering and mounted officers rode into their midst. The manifestants were driven back inch by inch and exchanged blow for blow.

Furniture Fusilade

Hatches, hammers iron bars, loaded sticks, chair legs and broken bottles were brought into play against batons as the mob slowly gave way. Occupants of overhanging tenements joined in by showering on the police everything they could lay hands on. Routed at length, the rioters smashed into shops and looted shelves as they fled.

Meanwhile several constables had forced their way through to McGovern's side and attempted to move him and his four bodyguards. The men resisted and a sharp struggle ensued in which they got the worst of it. Three policemen required hospital treatment but the number of rioters hurt could not be determined.

Raided Stores

Some time later a second outbreak occurred in the Arngad section while most of the police force was patrolling the central part of the city. Organized bands of looters raided many food shops and stole an unknown quantity of goods. Surprised by the officers, they pelted them with a running fire of butter, lard, eggs, bacons and preserved goods in every variety of can and pot.

In London and Bristol demonstrators peacefuly showed their antagonism to the government economy measures by parading with signs reading "not a penny off the dole"; "Down with the national government" and "We support our naval comrades," referring to the recent mild unrest in the navy over pay reductions. Police were not called on to interfere.

ELOPED BY AIRPLANE.

After eloping by airplane and flying through a blizazrd over the Sierras, Senator Tallant Tubbs of San Francisco, has just married Olivia Pillsury, heiress daughter of a Pacific Coast telephone and telegraph magnate.

SEVEN WOUNDED AS GUNS BLAZE IN FEUD FIGHT

Climax to Felonies in Foreign Section of Niagara Falls.

A "CHICAGO" METHOD.

Two Italians Shot in Doorway—Alleged Assailants Injured.

NIAGARA FALLS, Ont., Oct 2—(CP). — Following the shootings in the Italian colony here last night, Louis Gatti and Vito del Vichio were to-day charged in the police court with attempted murder of Vito Perri and Santo Menno, and also with causing grevious bodily harm to both men.

Perri, who fired a shot at his assailants and slightly wounded Vito Rosania and his wife and three children, was charged with unlawful wounding. All three defendants were remanded for a week. Menno was released from custody but was served with a summons to appear as a witness one week hence.

Mrs. Perri, who was completely unstrung, warned the magistrate she would move herself and ten children to the police station because she feared for their lives if they remained in their own home.

Shot From Ambush

Police said that as far as they could learn Menno was visiting at the home of Perri and that when he was leaving the house Perri accompanied him to the door. Both the men were targets for a barrage of shots fired from ambush. Perri returned to his home and got his own shot gun and opened fire at two men he saw fleeing. The Rosanias were in front of their house and were hit by stray shot.

Police allege that Gatti and del Vechio were the men seen fleeing by Perri. Both were wounded by shot from Perri's gun.

During the past few months there has been considerable trouble among residents of the Buchanan avenue section, all foreigners, police said. Two months ago Perri, while riding a bicycle through Queen Victoria Park, was attacked by an unidentified assailant and slashed with razor or knife. Pas-

The Weather

The past month had a number of unusually warm days. The highest temperature was on 11th and 12th, when 98 degrees in the shade was reached on both days. Several other days almost equalled this figure. The lowest temperature was on the 25th, when we had it locally 35 degrees. Considerably lower was experienced farther north, and at Apsley it was 4 degrees below the freezing point. We had rain on 11 days, to a depth of 3.05 inches. While hardly up to the average it holds promise of the usual generous fall rains. The heaviest fall was on the 19th, with .74. There was thunder on four days. Owing to the absence of frost the usual autumnal coloring has not yet appeared on the trees hereabouts.—W. P.

SIX MONTHS' RESIDENCE IN CITY REQUIRED OF ALL APPLICANTS FOR MUNICIPAL RELIEF WORK

Board of Works Make Rule for City Engineer's Guidance.

SIX PAVING TENDERS.

Brennan Construction Lowest—Protest Against Armour Road Expense.

At least six months' residence in the city of Peterborough was fixed last night by the Board of Works Committee as a requirement for those seeking work under the city's unemployment relief program. City Engineer Parsons asked for a ruling on the residence period and the members gave it to him.

Selection of the tender for the laying of an asphalt top on the concrete base, which the city's unemployed workmen are laying down on certain streets in Ashburnham, was held over until a committee has investigated the quality of asphalt laid down in other places by the Brennan Construction Company, the lowest tender of six received by the Council.

Differences Aired

Differences of opinion of landowners on Armour Road as to whether that street should have curb and gutter was aired by both sides they represented twenty-four residents of the street, a large deputation headed by J. S. Mason urged that curbs and gutters be laid on the street which was paved with a twenty foot strip last year.

In support of their request the deputation stated that it had waited on the committee twice last year and had been promised the curbs and gutters. Lack of drainage on the street which resulted in mud and water along the street was further urged as making the additional work necessary.

Shamrock's Skipper

SIR THOMAS LIPTON

Merchant Prince, Peer and Sportsman, died to-day; his long quest for the America's Cup closed forever.

AUTO WRECKED WOMAN IS HURT

Toronto Couple "Side Swipe" Lindsay Car—Police Investigate

LINDSAY, October 2 (Examiner Correspondence). — Late last night James McGann, of 30 Ascot Avenue Toonto, and Mrs. Ann Cruthers, 134 Curzon Street, Toronto, while proceeding to Lindsay on No 7 Highway about a mile and a quarter west of Lindsay side-swiped a Pontiac car driven by T. L. McCrea, of 52 Russell Street, Lindsay.

Both cars were put to the ditch, one on each side. The car driven by McGann was also struck by a truck which was following the McCrea car. The McGann car is a total wreck. The other car and truck were only slightly damaged.

Provincial Officer Joseph Nelson and Motorcycle Officer Lawrence were quickly on the scene and while no one was seriously injured Mrs. Cruthers received injuries to her arm and was badly shaken up. The ditch on both sides were fully four feet deep.

The McGann car was brought to Lindsay by a wrecker. Police claim it is a miracle no one was killed. It is understood a charge will be laid against McGann.

Mrs. Elizabeth Howard, aged 76, recently traveled 6,000 miles from Liverpool, England, to Vancouver, B.C., to attend the wedding of her granddaughter.

300 Sit Down to Pear, Apple, Orange And Ice Water on Gandhi's Birthday

LONDON, Oct. 2.—(AP)—Three hundred admirers of Mahatma Gandhi, most of them English, had luncheon with him today in honor of his sixty-third birthday but for each guest there was only one pear, one banana, one apple and one orange.

There was ice water, except for the Mahatma himself who drank goat's milk.

The Independent Labor party and two Indian societies in London were hosts. Mr. Gandhi sat between Fenner Brockway and the long haired, stern faced, James Maxton. As a birthday gift Mr. Gandhi received a tall spinning wheel on which a ball of Indian cotton had been wound.

He was not the only guest in a strange costume. Some English women wore homespun dresses and there were a few beautiful Hindu girls whose jewels and flowered shawls were a sparkle of color.

The table in front of Mr. Gandhi was sprinkled with small white chrysanthemums and red dahlias one of which Miss Madeline Slade, his English disciple, pinned to her homespun shawl.

BUSINESS PEER AND SPORTSMAN DIES SUDDENLY

Doctors Gave Him a "Sporting Chance" of Recovery.

A WORLD FIGURE.

Death Overtook Him in Sleep With Old Friends Near.

LONDON, Oct. 2.—Sir Thomas Lipton, merchant and sportsman, died late this afternoon.

The 80-year-old yatchsman became gravely ill from the effects of a chill contracted several days ago, and yesterday was reported near death. He was then given "a sporting chance," however.

This morning there was some improvement in his condition, but it was not maintained. The doctors said it was heart failure that ended his life.

He died peacefully in his sleep with several old friends at the bedside.

"Tom" Lipton—the title Sir Thomas never seemed to sit quite easily on him—was born in Glasgow, of Irish parentage, and at nine years of age was an errand-boy earning half-a-crown a week. At 15, unknown to his parents, he started for the United States. He contrived there to save $500. Returning to Glasgow he started a store of his own. In the years after there grew from this great organization which bears his name, and which, at the time he retired from business, possessed and issued capital of nearly three millions sterling, without reckoning debenture stock. Talking once of his early Glasgow days, Sir Thomas said: "I simply worked 25 hours a day and studied all the time how to please my customers. I used to sleep on the premises. Some happy advertising on a small scale brought success, and I was soon able to get branches and put them in charge of men who had worked under me. With my theories and practice, and always buying for cash, and trying to get into direct relations with the actual producer, my prosperity has come."

Lipton spent more than 20 years of his life and nearly $10,000,000 of his vast fortune nursing a hobby to win back for England the America's Cup — a silver yachting trophy actually worth a hundred guineas.

In 1851 the little clipper yacht

KIWANIS CLUB FIRST IN FILM

Camera Unit Will Remain in City for Two Weeks.

MAKE LOCAL MOVIES.

Plans for the production of Peterborough's movie which the Regent Theatre is having produced by Metropolitan Film Productions of Toronto is rapidly progressing.

The Kiwanis Club at their weekly luncheon was covered by the cameraman to-day, and the "knife and fork play" of the Kiwanians faithfully recorded for posterity.

Arrangements are being made to take pictures of the ploughing match and also of the Kiwanis Exhibition, and the program laid out for the production entails a full two weeks' work for the producers.

A location expert of the producers is now in the city arranging for both civic and industrial scenes to be "shot" and this work will be completed by the latter part of next week but according to the producers the material offered in Peterborough for a production of this kind is of such a scope as to necessitate at least two weeks' work for the camera unit.

The management of the Regent will gladly receive any suggestions from anyone who has any particular subject in mind which they would like to see portrayed on the silver screen, and every suggestion will be submitted to the producers' director and if practical will be covered and incorporated in the film.

Cards Even Series Athletics Blanked Hallahan Wins 2-0

Second Game For World Title Great Pitchers' Duel Between Earnshaw and "Wild Bill" Hallahan.

ST. LOUIS SCORED IN SECOND INNING.

Martin Doubled and Stole Third, Going Home on Wilson's Long Sacrifice Fly—Weather Perfect.

(By Edward J. Neil, Associated Press Sports Writer)

SPORTSMAN'S PARK, ST. LOUIS Mo., Oct. 2.—The purple haze of another soft Indian summer day settled down upon the National League ball park as the world champion Philadelphia Athletics sought to-day to beat the St. Louis Cardinals again in the second game of the World Series.

It was another good day for fast ball pitchers, cloudy enough to keep the sun in hiding most of the time and the languorous weather suited perfectly the thousands of shirt-sleeved patrons, who poured into the open bleachers from the time the "rush seat" sale opened early in the morning.

It suited Gabby Street, manager of the Cards, too, for he had "Wild Bill" Hallahan, left-hand conqueror of the champions in one of the 1930 series games, one of the fastest pitchers in the National League, primed to get back the advantage the A's gained yesterday trouncing big Paul Derringer in the opening game.

TO-DAY'S LINE-UPS.

Philadelphia (A)	St. Louis (N.)
Bishop, 2b	Flowers, 3b
Haas, cf	Watkins, rf
Cochrane, c	Frisch, 2b
Simmons, lf	Bottomley, 1b
Foxx, 1b	Hafey, lf
Miller, rf	Martin, cf
Dykes, 3b	Wilson, c
Williams, ss	Gelbert, ss
Earnshaw, p	Hallahan, p

Umpires — Hallion (A.L.), plate; Stark (N.L.), first base; McGowan (A.L.), second base; Klem (N.L.), third base.

The following story of the second world series game is by Alan Gould, Associated Press sports editor:

First Inning.

Athletics.—Bishop out, Frisch to Bottomley. Haas struck out, swinging at a low, fast ball. Cochrane struck out, swinging at a curve. No runs, no hits, no errors. None left.

Cardinals.—Flowers grounded to Bishop and was out at first. Watkins singled to centre and raced to second as Haas handled the ball slowly. Frisch hoisted to Haas in left centre. Bottomley flied out to Haas. No runs, one hit, no errors. One left.

Second Innings.

Athletics. — Simmons drove a long fly to Hafey. Foxx grounded to Frisch and was thrown out at first. Miller struck out, swinging. Hallahan was working carefully and showed a lot of stuff as he retired the sixth straight batsman. No runs, no hits, no errors. None left.

Cardinals.—Hafey was out, Earnshaw to Foxx on a high bounder. Martin hit to left field and slid safely into second base as Simmons juggled the ball and slipped before throwing. It was a two base hit. Martin stole third, sliding face forward into he bag. Wilson flied to Haas and Martin scored easily after the catch. Gelbert singled sharply to right. Hallahan struck out, swinging. One run, two hits, no errors. One left.

Third Inning.

Athletics.—Dykes popped to Flowers. Williams fanned, missing a fast ball on the inside. Earnshaw grounded out, Frisch to Bottomley. He made no attempt to run it out. No runs, no hits, no errors. None left.

Cardinals.—Flowers flied out to Haas in deep centre field. Watkins hit safely to centre field for a single. It was identical with his first hit, but Haas prevented him from taking an extra base. Frisch popped to Williams. Bottomley grounded out, Earnshaw deflecting the ball to Bishop for the throw-out at first. No runs, one hit, no errors. One left.

Fourth Inning.

Athletics.—Hallahan showed nice control in this frame. Bishop fouled out to Flowers. Haas flied out to Hafey in short left. Cochrane walked, the first one being high. He was the first to reach first. Simmons forced Cochrane at second, Gelbert to Frisch. No runs, no hits, no errors. One left.

Cardinals—Hafey fanned, swinging at a fireball inside. Martin was out, Dykes to Foxx on a fast play. Wilson grounded to Williams and was thrown out at first. No runs, no hits, no errors. None left.

Fifth Inning—Athletics

Foxx hit a foul roller along the third base line. It bounced out by inches as Flowers made the stop. Foxx walked, the fourth ball being wide. Miller singled to right and Foxx stopped at second. It was the first hit off the southpaw and the infield gathered around to steady him.

Dykes bunted to Bottomley and was tagged out as both runners advanced easily. It was a beautiful sacrifice. There was another conference with Hallahan in the box. Williams walked filling the bases—It was an intentional pass. Earnshaw grounded to Frisch and into a double play, Frisch to Gelbert to Bottomley.

No runs, one hit, no errors, two left.

Cardinals

Gelbert grounded out to Foxx unassisted. Hallahan fanned taking a third called strike. Flowers popped a high foul to Foxx.

No runs, no hits, no errors, none left.

Sixth Inning

Athletics—Bishop fanned lunging at a slow ball and missing it by a foot. Haas hit sharply into left for a single. Cochrane flied out to Watkins who made a sensational catch of the drive as he bumped into the pavilion wall. Simmons bounded to Flowers and Haas was forced at second, Flowers to Gelbert.

No runs, one hit, no errors, one left.

Cardinals.—Watkins rounded out, Bishop to Foxx. Frisch hit down the left field line for two bases. Bottomley fanned, swinging at a fast ball with plenty of hop on it. Hafey grounded out, Dykes to Foxx. No runs, one hit, no errors, one left.

Seventh Inning.

Foxx hit the first ball over Frisch's head for a single. Miller bounced to Gelbert, and Foxx was forced at second, but Miller beat the relay to first. Bottomley reached over and grabbed Dyke's pop foul directly in front of the Athletics' bench. Williams walked, the fourth ball being low. On a wild pitch Miller ran to third. Williams was still on first. Earnshaw fanned, swinging at the third strike. No runs, one hit, no errors, two left.

Cardinals—Martin smashed a hard single to left field. It was his fifth hit of the series. Martin stole second. Cochrane's throw was wide and Williams had no chance to try for a putout. Wilson grounded out, Bishop to Foxx, and Martin went to third. Belbert bunted to Earnshaw and Martin scored. The pitcher's toss to Cochrane was high and Martin slid safely across. It was a sacrifice and a fielder's choice, as Gelbert reached first. Hallahan bunted to Foxx, whose throw to Williams missed Gelbert, but Hallahan was nipped on the relay to first. Flowers was out, Bishop to Foxx, the ball striking his bat as he tried to duck away from a wild pitch. One run, one hit, no errors, one left.

Eighth Inning.

Athletics. — Bishop popped to Frisch. Haas lined out to Hafey. Cochrane walked. Simmons hoisted a high fly to Gelbert. No runs, no hits, no errors, one left.

Cardinals. — Watkins fanned, swinging at a curve. Frisch flied out to Simmons, who made a pretty gloved-hand catch on the run near the wall. Bottomley walked. It was the first pass for Earnshaw. Hafey hit a high fly to Haas. No runs, no hits, no errors, one left.

GOV'T SLASHES RELIEF SCHEME EXTRA $20,000

Reduction Sets Peterborough's Total Outlay for Winter at $100,000.

NO EXPLANATION GIVEN.

City Officials Keenly Disappointed—Payments End March 31.

Peterborough's unemployment relief program has been reduced another $20,000 by the Ontario Government, now being set at $100,000. City Clerk Armstrong was informed of the Government's decision yesterday in a letter from J. A. Ellis, secretary of the Ontario Unemployment Relief Fund.

No explanation for the further decrease in Peterborough's appropriation was contained in the letter, but it is understood it is in line with the Government's policy of tightening up on the amount of unemployment relief to be done under municipal control. Other cities and towns have all had their appropriations reduced by the Ontario committee, which fixes the amount which the Federal and Provincial Governments will subscribe to the proposed works.

All the work totalling an expenditure of $147,000 was approved by the committee, but it was explained in Mr. Ellis' letter that "the grants will be based on expenditures not exceeding the $100,000 above mentioned, of which the Dominion and Ontario Government will pay one quarter each and your municipality one half.

Payments End March 31

Further, the letter stated, "No payment can be made in respect of expenditures made by your corporation after March 31, 1932, for direct relief or on account of the construction program."

City officials expressed keen disappointment at the reduction which will limit unemployment relief work in the city this winter to $100,000. In an interview some weeks ago Mr. Ellis intimated that the city's appropriation would be reduced, but he promised that he would recommend Peterborough's appropriation be fixed at $120,000.

The original estimate prepared by the city council was approximately $200,000.

MEN OF 'JUNGLE' OFF TO CAMPS

Only One Toronto Man Missing When Train Started.

WORK NEAR KENORA.

TORONTO, Oct. 2. — One hundred and nine-nine cheerful and eager men, of all sizes and ages, men whose address was formerly "Don Valley" but from now on will be "Points North," started the exodus of unemployed from Toronto last night, when they left the Union Station for the Ontario Government construction camps in the Kenora section of the projected trans-Canada highway.

According to an official, 200 men, all single, were supposed to have started on the trip, but one failed to get to the station. About 8.30 o'clock the first contingent of 100 men, bound for Hawk Lake, near Kenora, arrived at the station, where they were ushered into the Immigration Room by officials in charge of the embarkation and police. After a few minutes' wait in the room, during which time they smoked and joked, they made their way to the two cars which had been reserved for them on the Canadian Pacific Railway Kenora train. Soon after came two groups totalling ninety-nine, one group destined for Klock, and the other for Maki, near Kenora.

Eager to Work.

Most of the men were carrying canvas bags or paper parcels containing their worldly goods. Only a few sported overcoats of any description. All, except one or two, seemed anxious to get to the North, and to a man they were eager to get to work and earn a livelihood.

DISABLED SHIP IN TOW

HALIFAX, N.S., Oct. 2. (CP) — Anxiety for nine men on board the disabled Digby motor-vessel Rex II was relieved at noon to-day when the Canadian Government steamer Lady Laurier reported that at 11.30 a.m. she had put a hawser on the boat and was proceeding toward Halifax.

JURY TAKES RECESS FROM COURT DRIVES TO PLACE OF ACCIDENT WHERE TRENTON MAN MET DEATH

Judge Wished Them to Visualize Scene of Car Smash.

ORVAL WARD ON TRIAL.

The trial of Orval Ward on a charge of manslaughter, which opened at the Assize Court here yesterday morning, was adjourned at 6.30 o'clock last evening until this morning.

The charge against accused arises out of an accident on the afternoon of June 27, some four miles out of the city on Highway No. 28, involving three cars,—a Buick driven by the accused, a Marquette car driven by George Adams and a Chevrolet touring car driven by Miles Hutchison. Blair C. Brown, Trenton motorcycle officer, a passenger in accused's car was killed.

When the court opened following the noon hour adjournment yesterday afternoon Mr. Justice Wright ordered that the jury should proceed to the scene of the accident about four miles out of the city on Highway No. 28, that they might better appreciate the evidence before them. Constable Silvester was sworn in as constable in charge of the jury while they were out. Crown Prosecutor Major D. G McIntosh of Kitchener and Defence Counsel J. C. McRuer, K.C., of Toronto accompanied the jury.

On the return of the jury over three quarters of an hour later, Provincial Constable David Silvester who gave evidence in the forenoon was recalled to the witness box. He produced a rough plan of the scene of the accident.

The marks made by the Marquette car indicated to witness that a tire had blown out, and that the wide mark he had previously referred to was caused by the rim of a wheel. There was an open ditch on either side of the road.

Cars Badly Wrecked.

Witness was unable to test the brakes on either of the automobiles as both cars were badly wrecked. The damage to the Buick car was confined to the left side. The first marks of injury to the car were on the hinges of the door near the windshield. The rear left fender was crumpled; the front seat was broken from the floor of the vehicle and the back seat was torn out, he testified.

Under cross-examination witness said that the gouge mark in the roadway indicated that the mark was caused by some heavy object dragging on the pavement. He could not be sure which of the two cars had caused the mark. From his own inspection of the ground he concluded that the accident happened as a result of the Buick (accused's car) swinging around. He had heard of brakes locking, and agreed that the marks could be consistent with a wheel of the Buick having locked after the brakes were applied and released again.

There was a mark of the faint application of brakes on the Buick car as it came over the brow of the crest, showing that all four brakes had operated. Had the brakes remained on, witness was of the opinion that the car would not have swerved from its course.

Provincial Constable W. Warren said he accompanied the previous witness to the scene of the accident on June 27. He saw a Marquette car on the right shoulder of the road and a Chevrolet car ahead of the Marquette car and a Buick car facing in a westerly direction—the opposite direction from which it had been coming.

Witness assisted Constable Silvester in making measurements of marks on the highway. He was closely questioned at some length by counsel for the defence.

Witness felt that the gouge mark was made by an under portion of the Marquette car. The corner of the engine of the Marquette car, he thought, may have caused the gouge. There was a score mark on the highway leading from the gouge mark to the point where the Marquette car had come to rest.

Gordon Ray, service station manager-mechanic, was out to the scene of the accident on June 27. He described the position of the three cars. The right front fender of the Chevrolet car was damaged and had traces on it of what, he believed, to be green paint. The Marquette car was painted green. He could not find any place on the Marquette car where the paint had come off.

He would say the left front portion of the Marquette had first come into contact with the Buick. He was not prepared to state what part of the Buick had first come into contact with the Marquette car.

Thinks Wheel Locked.

Witness could not say what had made the gouge on the pavement. A left wheel of the Buick car was completely locked, he deduced, from the burn on the road.

(Turn to Page 6)

Army Of Unemployed Go North

FIRST OF JOBLESS READY FOR NORTHERN WORK.

All packed up and this time some place to go. These are the first of the jobless all set and ready to leave for North Bay for work on that section of the Trans-Canada Highway. They are seen as they appeared with their belongings just before entraining for the North. Doctors, following medical examination, stated that the unemployed examined were particularly husky specimens and above the standard of the average city worker.

RELIEF WORK ONLY FOR NEEDY PREMIER HENRY TELLS MASONS

Government Relief Plans to be Strictly Limited.

ADDRESS AT NAPANEE.

NAPANEE Oct. 2.—Frankly admitting that he had undertaken a task which without the support and confidence of the public he would be unable to accomplish, Premier George S. Henry told 500 Masons from all parts of Ontario that the Government could provide relief only for those in actual want, and that the authorities could not accomplish the impossible and provide employment for all who desired it.

All that the Government could hope to do, he said, was to give work to those who had been out of employment for lengthy periods. The others, the men who faced slack periods in their various professions and trades and who had registered along with the more needy, could not expect relief from the Government.

"Registration cards have been laid on my desk from farmer's sons who, in answering the question, "How long have you been employed?" have answered that they were not unemployed but were facing the slack period on the farms and wished to gain other employment.

"This is one illustration of my point. That is not the individual we are thinking of. We are endeavoring to take care of the individual who has been out of work for 12 months or so, who is in actual want. It is no small task to take care of them, let alone these others.

"I trust these others and the public generally will appreciate that it is not feasible to organize an army and put them all into useful employment" continued Premier Henry.

"I never expected that we could give employment to all who want it. I have had a letter from a widow who writes that she can't meet her rent, another from a man who finds himself unable to pay the instalments on his home, others write that they are faced with foreclosures of mortgages.

Lack Necessities

"All these people want assistance, but behind this type of want are the people who have not the bare necessities of life. And without employment they will have to be taken care of by the state and by the municipalities.

"The task given me would almost appear impossible if it were not for the consciousness that I have the backing of the people and that we are not expected to accomplish the impossible," said the Premier. "Were it not for that feeling, I would feel like shrinking from the task. But those in authority and who have been charged with this great responsibility know they will be backed in taking care of the unfortunate members of society. With that thought in mind we are prepared to go forward.

"I appeal to the Masons of Ontario to help in this time of stress by steadying the public mind, and to spread the knowledge that the governments are doing all they can—though not all some sections of the public expect.

"Out of the sacrifices we make in these times we will grow to greater stature. We are living in strenuous times. One is almost afraid to look at the headlines in the morning paper to see what transpired in the world the day before.

TRACK RECORD IS BROKEN AT TROTTING MEET

Princess Audrey Circles Campbelford Track in 1.12¼ Minutes.

AT SEYMOUR FAIR.

Quantity and Quality of This Year's Fair Exhibits in Excess of Former Exhibitions.

(By Examiner Staff Correspondent)

CAMPBELLFORD, Oct. 2.—With success unequalled in its history the Seymour Agricultural Society's Fall Fair and Exhibition concluded its second day yesterday and stamped a new record for attendance and exhibits in the many years this event has been staged at Campbellford.

The fair was officially opened early in the afternoon by Mayor J M. Bygott who welcomed the visitors. A parade of the Northumberland Regimental Band under the baton of Bandmaster W. Pearson and headed by the First Campbellford Troop, Boy Scouts under the command of Scoutmaster M. Sergeant was also featured.

Ideal weather conditions prevailed which proved a very necessary factor and drew the largest crowd seen in the fair grounds. The different classes, especially cattle, were so full that the judges were still working late in the afternoon and having much difficulty with some of the finest exhibits seen in Campbellford.

Perhaps the cattle were the greatest feature, for the crowds that milled around the grounds. One of the specials in this class was a splendid herd of Aberdeen Angus exhibited by Bertrum Blackburn of Uxbridge, the only exhibitor in this class. This herd drew more than the average attention as this type of beef cattle is not prevalent in this section of the country. Col. R. E. Birdsell and Sons showed a fine herd of Herefords while Blythe Nelson Percy featured prominently in the Holstein class. William H. Elmhurst and Sons exhibited in two classes, Shorthorns and Oxford sheep.

Horses were also much in evidence and all three classes were well filled with some fine teams in the heavy drafts and general purpose sections. Roadsters and carriage horses made a good showing and pure bred draft horses were above last year's exhibit.

The poultry class was crammed to such an extent that improvised pens were put in use for many of the exhibitors. An extra large list of ducks was shown this year games hares ,and rabbits being also in excess of last season.

Foreign Varieties

Many foreign varieties of birds were shown with a good sprinkling of Asiatics and fine examples of Leghorns. Herb Worthington of Cornwall was the poultry judge. One exhibitor in this class had 161 entries while another viewed with him with 139 birds shown.

An innovation this year, and one that gained prominence and praise from the general public was the inclusion of the Boys' Foal Club class, open to Northumberland County Entries in this exhibit were large and showed the interest taken by the young farmers of the district in the breeding of good horses. These were judged by a Toronto official, the results being: 1, Marcus Curle; 2, Frank Lee; 3, Alex Hume and Son; 4, John Sanders; 5, Jack Rannie; 6, D. Meiklejohn; 7, Russell Stephens; 8, John Naylor; 9, Victor Irwin; 10, Donald Stephens; 11, Art Petherick; 12, McGee and Son.

Track Record

And the horse racing was far beyond expectation with at least one track record broken when Princess Andrey sped the round in Class A at 1.12¼. Bud Winger as anticipated put up a strong run and took first money as also did Murry Direct in Class B and Christie Mack in Class C.

Fifteen entries were registered in this event three being drawn in C class in the third heat. Sid Direct, Dona Belle and Cactus Star. The races were the fastest seen in many years in Campbellford and with moderate weather and a fine surfaced track the sporting element of the district got one of the biggest thrills for many years.

The Races

Class A—

1—Bud Winger, Dick Welsh, Hastings.

(Turn to page 6 please.)

draws and ringing the geese were but a few of the chances offered to the public to win valuable prizes. All booths were well patronized and the bingo stand pulled one of the largest and most continuous crowds seen for a long time. The first booth to open it was the last to close down, and seemed to be a feature attraction.

The band of the Northumberland Regiment opened the evening by playing some fine selections for the entertainment of the crowd. Placed conveniently near the entrance was the fish pond, which was a fine drawing card for the kiddies and did good business. This was operated by Mrs. G. A. Ironside.

The goose game was the laughter-maker of the evening, causing merriment for the onlooker and participant alike, and taught many contenders that it was not so easy to wring a goose's neck as is sometimes thought. The streets for the occasion were profusely illuminated with colored lights, giving a pleasing aspect to the proceedings. The committee in charge of the Fair was comprised of G. H. Free (chairman), A. G. Thompson, J. D. McEachern, and G. A. Ironside.

LEGION FAIR BIG SUCCESS

Event Arranged by Campbellford Branch to Raise Funds for Charitable Purposes

SEVERAL ATTRACTIONS.

CAMPBELLFORD, Oct. 2 (By Examiner Staff Correspondent).—The event has come and gone, and again in the true spirit of benevolence the people of Campbellford and district rallied to the support of the Campbellford Branch of the Canadian Legion and put their annual street fair over big.

This event, which was staged last evening on Front Street, Campbellford, is the first of a series of functions arranged by the Campbellford Branch to raise funds for relief purposes, and, as in the past, proved an unqualified success. Wheels of fortune, horse racing, bingo, blanket

End Season's Survey On Churchill Site

WINNIPEG, Man., Oct. 2 (C.P.).—Survey work on Churchill townsite which stretches along the Dominion Government-owned harbor, is complete for this season, D. M. Sharpe, chief land surveyor for Manitoba and the Dominion, reported yesterday on his return from the northern port. Drainage of the townsite was successfully accomplished, he said, and the site is ready for construction of a sewer line.

Hungary's recent decree that permission of the National bank is necessary before buying goods abroad on credit, is meeting strong opposition at home.

Obituary

MRS. CATHARINE WHALEY.

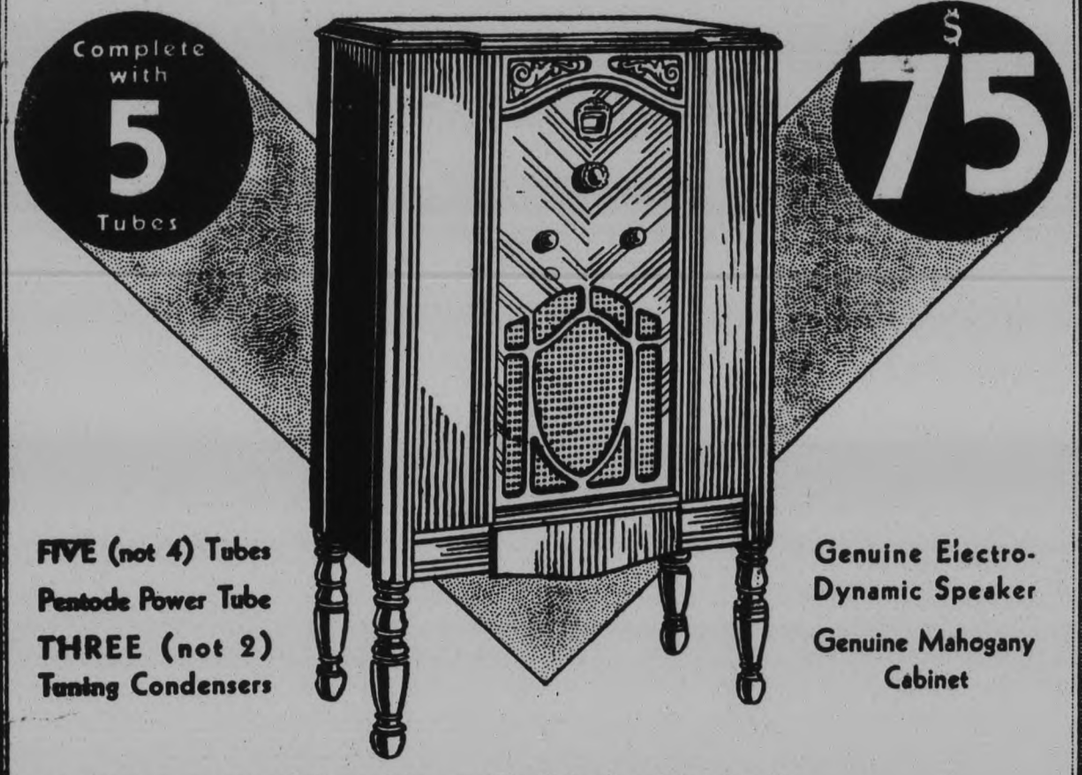
The death occurred yesterday in St. Joseph's Hospital of Catharine Hickey, widow of the late Frederick Whaley, after a long illness. She was the daughter of the late Mr. and Mrs. Thomas Hickey, and had been a resident of this city all her life.

Surviving are two daughters, Mrs. F. C. Huppe and Mrs. Thomas Lancefield, of this city, and four sons, William, Frederick Murt and Edward, of this city, also five brothers, W. J. Hickey of Welland, P. J. Hickey, J. J. Hickey, E. H. Hickey, and J. M. Hickey, and one sister, Mrs. J. Roach, of this city.

The funeral will take place on Saturday morning at 10 o'clock from the family residence, 430 Park Street, to Sacred Heart Church and thence to St. Peter's Cemetery.

PHILCO—LOWBOY

What a Radio! What a Price!!



FIVE (not 4) Tubes
Pentode Power Tube
THREE (not 2) Tuning Condensers

Genuine Electro-Dynamic Speaker

Genuine Mahogany Cabinet

Here is the very latest Philco model—the set that shatters all precedent in price, and performance—the set that is rolling up new sales records every day!

Why spend your good money for a "reconditioned" second-hand set, or for an obsolete set at a so-called bargain price when for less money you can buy this newest Philco model?

When first announced, the public exclaimed "It's too good to be true—a Philco Lowboy for $75.00!"—but remember Philco has always done the things that other radio manufacturers regard as impossible. That's why Philco *is outselling all other sets combined*—that's why Philco can offer you this genuine mahogany Lowboy, with Pentode Power tube, Genuine Electro-Dynamic Speaker and three Tuning Condensers for only $75.00.

SEE YOUR DEALER—TODAY. He will arrange terms so easy that you can't afford *not* to buy.

PHILCO T.R.F. BABY GRAND

The most startling value in Radio—Possible only because Philco Radio is outselling all other makes combined. Beautiful mahogany cabinet—Genuine Dynamic Speaker—FIVE (not 4) tubes, including Pentode and Screen Grid power tubes, THREE (not 2) tuning condensers. Price complete with tubes $55.00

Growing Deaf With Head Noises? Try This.

If you are growing hard of hearing, and fear catarrhal deafness, or if you have roaring, rumbling, hissing noises in your ears, go to your druggist and get 1 oz. of Parmint (double strength) and add to it ¼ pint of hot water and a little sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy, and the mucous stop dropping into the throat. It is easy to take. Anyone who is threatened with catarrhal deafness or who has head noises should give this prescription a trial.

CANADIAN FARMERS USE MORE ELECTRIC POWER, SURVEY SHOWS

Great Many Installing Own Water Pumps—Few Without Electricity.

RATES ARE CHEAP

By JAMES MONTAGNES

OTTAWA, Oct. 2 (Special to The Examiner)—The use of electric power in Canadian rural communities, say the latest survey report has been steadily advancing. Power lines are spreading throughout the farming centers of all the provinces, and only in the more remote parts of the Dominion will farms now be found which do not at least boast of electric house lighting.

The survey conducted in Manitoba shows that farmers in that province are now using electricity for such farm purposes as cleaning grain, chopping and crushing grain, cutting feed, driving power grinding machinery, pumping water, shearing sheep and clipping horses. The biggest investments, the survey showed were by those who installed water-works in their own homes. Most of the farm homes, besides having lights in the house and barns used hydro power for washing machines, radios, electric irons, while many had stoves, sewing machines, fans, toasters, vacuum cleaners, electric heaters, cream separators, churns and other farm appliances electrically operated.

One farmer has been using electricity for threshing since 1925 and at the low cost of five cents per kilowatt hour. Others use electricity for milking machines, incubators and brooders.

Big hydro developments across Canada make possible this heavy use of electricity by farmers in the Dominion. Power is cheap in the Dominion, one development in Manitoba delivering electricity as low as $11 per horse power per year. In Ontario, the government power commission is expanding its lines this year to take in 10,000 new rural customers, erecting 1,862 miles of primary line at a cost of more than $4,000,000.

Hydro power is supplied by both private and government enterprise in the Dominion. Manitoba, Ontario and Saskatchewan now have provincial government controlled power. Ontario farmers pay low rates, their monthly bills for heavy farm operation seldom averaging more than eight dollars, with a ten per cent reduction if paid within ten days. Power rates based on a 30 kilowatt hour minimum charge average for the whole province five cents per kilowatt hour for the first 14 hours and two cents per kilowatt hour for all additional. For house-lighting purposes only the Ontario farmer seldom pays more than $2.25 per month, the average being somewhat under two dollars. Small farmers for the use of machinery pay about three dollars per month, and for medium power machinery used on Ontario farms the cost is seldom more than five dollars a month.

JOCKEY KILLED AS HORSE FALLS

Crushed in Woodbine Race When Mount Skids at Jump.

AID TOO LATE.

TORONTO, October 2. — While the crowd cheered on the favorite to victory, a jockey was lying on the sod of the infield at the Woodbine dying yesterday during the running of the steeplechase. He was Paul Haines, fatally injured when Swansea, his mount, took off badly and then skidded along the ground with his rider at the jump opposite the four furlong pole at the back stretch.

Haines never moved, while spectators rushed to his assistance. They found him badly injured internally and in addition he had bitten off his tongue. His friends rolled him over and sent a frantic call for the ambulance.

The jockey was rushed to the hospital, but died en route.

WARSAW

The Presbyterian Church will hold no service on Sunday evening, Oct. 4, because of Warsaw United Church anniversary service.

Warsaw school won the cup for drill at Norwood for the second time in succession this year and will consequently hold it.

There has been a very slight frost but not enough to hurt either tomato or nasturtiums.

Mr. and Mrs. George Taylor, Mr. and Mrs. Rufus Payne, Rev. J. W. and Mrs. Wilkinson and family and Mrs. I. Miller attended the missionary lecture by Rev. Mr. Scott, of the Western Mission, on Tuesday evening in Lakefield.

Mr. Couch, of Darlington, visited his sister, Mrs. Wilkinson and Mr. Wilkinson on Tuesday.

Justy McKelvor is expected home on Wednesday or Thursday.

The United Church W.M.S. due to have been held on Oct. 1 was postponed because of the sectional meeting in Lakefield.

Regular Meeting Was Held at Millbrook on Monday.

WARDEN PRESIDED

MILLBROOK, Oct. 2 — Cavan Council met in regular session in the Town Hall, Millbrook on Monday at 1.30 p.m., Reeve G. H. Hootan presiding, and members all present.

Ball-McCamus: That the Reeve be instructed to sign cheques for the following orders:

Millbrook Telephone Co., acc't., $3.62; Hilliard Lang, S.S. No. 8, $105; E. L. MacNachton, Counties' Treasurer, re McIvor acc't., $26.25; R. H. McArthur, S.S. No. 3, $200; Springville Garage, acc't oil, $20; H. J. Hubbeard, P.S. Road No. 3, $7.25; Imperial Oil Co., acc't gas, $32.82; G. Walter Green Co., Peterborough, acc't repairs, $1.82; J. A. Innes, Ltd., acc't repairs, $31.52; Delbert Olan, P.S. Road No. 2, $8.75; Hubert Lowes, P.S. Emily boundary, $8.13; F. J. Smith, acc't repairs, $56.16; L. H. Gibson, P.S. various, $317.92; Reg. Armstrong, P.S. Road No. 2, $11.25; John Smith S.S. No. 7, $200; Council pay, $20, committee work, Reeve $6, $26; A. Coulter, S.S. No. 13, $100; Sam Kennedy, 1 sheep killed, $5; W. J. McClenaghan, 1 lamb killed, $6; A Coulter, P.S. Road No. 4, $8.40; J. Armstrong, P.S. Road No. 8, $10; J. N. McGill, on salary, $37.50.

Bridgenorth

Messrs. Wallace Nichols and Harry Gravelle won second place at Lindsay nd Norwood Fairs in the horseshoe tournament.

Mr. George Ball, teacher of the local school, took his pupils to the country rural fair at Norwood and captured second prize in the school parade.

Rev. R. J. and Mrs. Merriam are attending the United Church Missionary Congress in Massey Hall, Toronto, where Dr. Toyohiko Kagawa, of Japan, Rev. E. H. Oliver, Moderator of the United Church, and Rt. Hon. R. B. Bennett are the leading speakers.

Rev. J. V. McNeeley, of Keene, as the special speaker, with a special choir led by Wesley Bell, gave two excellent sermons at Fairview anniversary services on Sunday, when the church was filled to capacity both morning and evening.

Rev. J. E. Whitham, of Cavan will preach in each church on this circuit on Sunday next, while the local minister will take anniversary services on thhe Cavan circuit.

The Bridgenorth softball team with M. A. McWilliams as captain, defeated the Lakefield Cubs seven to six, and the Selwyn team with Clayton Fitzgerald as captain, defeated the Warsaw team with a score of 12-11, on Tuesday evening.

The Selwyn Church anniversary will be held on October 18 and 20th with Rev. W. J. Wilkinson, of Warsaw as special speaker.

PASSION PLAY COMING TO CITY

World Renowned Religious Pageant Being Sponsored by Kiwanis Club.

COMING NOV. 16-21

Those who are desirous of seeing the presentation of the world-renowned "Passion Play," by the original Freiburg players will not find it necessary to go to the loss of time and expense of going out of town to any other point in the province where it is to be staged. The Kiwanis Club of Peterborough has contracted for its appearance here in the Collegiate Auditorium week of November 16-21—six evening performances and two matinees, with the same cast as is appearing in the metropolitan centres. The one thing to do is secure tickets well in advance as soon as you are are advised of their being on sale.

Bethany

Mrs. Stevenson held a reception on Tuesday afternoon from 3 to 6.30 o'clock, at her residence over the Bank of Toronto. Mr. and Mrs. Stevenson formerly lived at Bradford, coming to Bethany when Mr. Stevenson was appointed manager of the local branch, a short time ago.

Mr. Frank Hamilton has gone to Toronto to resume his studies at the University.

Mrs. Hamilton has returned from Ottawa where she was called on Monday owing to the serious illness of her niece.

Mr. and Mrs. Robertson, of Toronto were guests of Mr. and Mrs. Herbert Fallis on Sunday.

Miss Hazel Fallis and friend, of Toronto spent the week-end with the former's parents, Mr. and Mrs. Herbert Fallis.

Mrs. W. McCartney visited her husband at Nicholls Hospital on Tuesday morning. Mr. McCartney is making favorable progress toward recovery.

Mr. William Porteous of Nestleton has returned to Bethany to spend the winter with friends.

Dr. Louis Bigelow, of Edgar, attended the funeral of his father, the late Mr. William Bigelow, on Wednesday.

Mr. Freeman, of Levant visited his daughter, Mrs. James Whiteside on Tuesday.

Miss Florence Freeman, who has been visiting her sister, Mrs. Whiteside for the past weeks, has returned to Lindsay.

Mr. Alex Monk and son Karl attended the funeral at St. Thomas' Church, Millbrook, on Tuesday, of the late Mrs. (Rev.) Simpson.

Mr. and Mrs. Alex Monk were business visitors to Lindsay on Wednesday, and were accompanied by Mr. and Mrs. Bert Monk and baby June.

Mr. and Mrs. Bert Monk called on Mrs. (Rev.) Scott, at Oakwood on Wednesday.

Hastings

Mr. and Mrs. T. A. Coughlan spent the past week with friends in Montrea.

Mr and Mrs. J. M. Thomson of Owen Sound were guests the past week at the home of the former's parents, Dr and Mrs. D. A. Thomson.

Mr. H. Walsh of Rochester is a guest at the home of his parents, Mr. and Mrs. T. A. Walsh.

Rev. E. A. and Mrs. Thomson of Elora are guests at the home of the former's parents, Dr. and Mrs. D. A. Thomson.

Mr. Walter Turner is a guest of friends in town this week.

A BLUE GLADIOLUS

LONDON, Oct. 2.—(By the Canadian Press).—London recently has been full of flower lovers, many of whom travelled from all parts of the country to see the blue gladiolus at the British Gladiolus Society's exhibition. It is a magnificent bloom, but there is too much mauve in it, according to most people, but it is a step in the right direction towards getting a true blue flower.

FRIDAY, OCTOBER 2, 1931

JOBS FOR THE UNEMPLOYED.

It is gratifying to learn that already results are being shown in the Give-a-man-a-job campaign inaugurated by the City Council.

A general compliance with the appeal of the civic authorities, who are receiving the co-operation of the service clubs and other organizations in their drive, will mean a great deal to the community at large.

It is of the greatest importance that work and the opportunity to earn money should be given in preference to relief, for jobs rather than relief are better for the man who is without work and better for the morale of the whole population.

The Examiner is satisfied that citizens who realize the seriousness of the situation and make a real effort to meet will be able to find opportunities to give temporary jobs to some of the city's unemployed.

If you have such work, even if it only involves an hour or two, communicate with the Government Labor Bureau and tell them that you want the services of one of the registered unemployed.

There must be a considerable number of temporary jobs to be offered if the desirability of providing employment is once realized, and The Examiner appeals to its readers to make an earnest effort to have this worth-while Give-a-man-a-job campaign succeed.

THE ASSESSOR'S FIGURES.

The assessor's rolls, just returned, show that in point of population Peterborough has virtually marked time during the year, the figures revealing a gain of but 11 over last year.

As the natural increase—that is, the difference between the births and deaths—was 160, the assessor's statistics would seem to indicate that for the first time in many years the normal gain in population has not been maintained.

However, it is perhaps gratifying in view of general conditions that there has been an actual increase, the population this year being given as 22,809 as against 22,798 for last year.

The total assessment also shows an increase and now stands at $26,893,456, which is $434,320 higher than the total reported by Mr. Henry a year ago.

The return of the rolls is always an event of interest, inasmuch as they furnish the only yearly barometer of the city's growth and progress.

It may be that on this occasion there will be a slight feeling of disappointment that there has not been a greater increase in population, but general conditions, both as regards immigration and as to employment possibilities, have mitigated against a substantial gain, and perhaps, in view of the economic depression, Peterborough has reason to feel that it has done well to register even a nominal increase.

WHERE HELP IS MOST NEEDED.

With Premier Henry's statement that jobs on the Ontario highway construction relief scheme are to be given to those sorely in need, and that the plan was never intended to take care of men only seasonably unemployed, there will not be much complaint.

Undoubtedly it is true, as the Premier charged, that throughout the Province many men have registered who are not in desperate straits as regard employment.

These men, who have been working on farms or at other outside work, merely listed their names with the idea that should they find themselves out of a job with the coming of winter they would take advantage of the provincial relief scheme and secure employment for the cold weather months.

Under normal conditions not much fault could be found with that policy.

The present crisis, however, with thousands of men in real need makes it necessary that judgment should be used in the selection of workers for the northern camps, and that the workless who are really up against it should not be crowded out by others who have had the benefit of a measure of employment and should be able to take of themselves.

In following that principle the Ontario Government is adopting the only course that is consistent with common sense.

If work could be found for everybody all well and good, but where that is impossible those in the greatest need must have the first consideration.

GIVE LIBERALLY TO-MORROW.

Examiner readers are once again reminded of the fact that the annual tag day in aid of the Peterborough Children's Aid Society will be held to-morrow.

It is scarcely necessary to say that the tag day plan of securing funds originated with the society, and that for many years the organization has depended upon this annual one-day campaign to take care of a considerable portion of its budget for the year.

It was felt that such a method enabled the majority of citizens to contribute toward the society's funds, and that divided in this way over the whole population the required objective could be obtained without any particular individuals having to give more than their share.

Throughout the years the plan has given satisfactory results, and there is no reason to be anything but optimistic regarding this year's effort.

The most praiseworthy task of looking after neglected and dependent children has been so thoroughly and efficiently performed by the organization that the community generally needs no education as to the Children's Aid Society or its work.

The Examiner is satisfied that it only requires a mention of the fact that the economic conditions are adding to the volume of the society's work to ensure an even more generous response than usual to-morrow.

Don't forget your contribution; the need this year is greater than ever.

UNFAIR TO THE HOSPITALS.

Strange as it may seem, the automobile accident came in for its share of discussion at the convention of the American Protestant Hospital Association in Toronto.

The claim was advanced there that hospitals were providing care for a good many who never settled their bills. Especially was this reported to be the case in hospitals which were situated on much-used highways. Those who had been injured were rushed to the hospitals. Often they asked for and were given private rooms, and then when the day of discharge came it was found they had nothing with which to pay the bill.

As far as we could see in reading an account of the discussion, there was no cure recommended, and it is difficult to see what can be done about it. When a person is injured in a strange place the first thought is to get him to a hospital where his injuries can be attended. One could hardly tolerate the idea of trying to find out from an injured man if he were able to pay anything for treatment before caring for him.

But once the patient has been discharged it is difficult to see why there should not be a readiness to try paying off the hospital bill, no matter if the individual lived across the line or at some distance from the hospital. He would probably settle damages to his car readily enough. The same readiness should be applied to the hospital charges. If it is becoming a practice to ignore these charges then there is something radically wrong with the character of those who make up the tourist traffic of a season.

It is unfortunate that hospitals should have to face such a situation, and they are not in a position to adequately deal with it as their first business is, and must be, to give relief and service to those who are injured.—Stratford Beacon-Herald.

MARKING TIME.

The temporary suspension of specie payments by the Bank of England has deranged sterling exchange, but there is no reason to anticipate serious consequences to international trade, which in the past has flowed freely in like circumstance, says the Bank of Montreal monthly summary. In less than two months the Bank of England discount rate has risen from 2½ to 6 per cent., while in the same period upwards of $1,000,000,000 have been withdrawn from England, even large credits extended by the United States and France failing to check the outflow of gold and withdrawal of funds from London.

Of conditions in Canada during the past month not much better can be said than that trade marked time. Such indices as bank clearings, car loadings, railway receipts and bank loans all betoken continued shrinkage in the volume of trade, but some of the decrease in value is attributable to lower prices. Notice deposits in the chartered banks are $50,000,000 larger than a year ago, assuredly not sign of an impoverished people, but there is lack of confidence in business ventures to be removed before investment is made and undertakings begun.

An event of the month has been the shipment of the first wheat cargoes to Europe from the Port of Churchill, thus inaugurating the Hudson's Bay route. Upon this project upwards of $30,000,000 have been spent, and the outlay upon the route in the way of providing aids to navigation and other essentials is likely to continue indefinitely. As an artery of Canadian commerce particularly in its relation to the Prairie Provinces, high hopes are held in the West of its success.

In manufacturing industries, conditions have undergone little change. There is a good deal of activity in boots and shoes, textiles and woollen wear, but iron and steel, lumber, newsprint and mining are all below normal.

Reaping and threshing are drawing to a close throughout Canada. Save in the southern parts of the Prairie Provinces, drought-stricken since seedtime, the harvest will be a good average and in some crops and some sections above average. The western wheat crop is estimated at about 250,000,000 bushels, a decrease of one-third from that of 1930; the crop is reported to be grading high. Cattle exports to Great Britain have been proceeding regularly and are expected to exceed 25,000 head for the season. Production of dairy produce is large, and exports of butter and cheese are greater than last year. The commercial apple crop is estimated at 223,000 barrels in excess of last year and 364,000 barrels above the five-year average, while the potato crop at 53,569,000 cwts. is 5,328,000 cwts. larger than in 1930.

EDITORIAL NOTES AND COMMENT.

Give liberally to-morrow. The Children's Aid Society needs your assistance to a greater degree than ever this year.

Peterborough's gain in population over last year is only 11, according to the assessor's figures. Still that is better than a loss.

They say you would hardly recognize a Canadian dollar if you saw one across the border these days. But they're all right at home, which is a good thing to keep in mind.

President Hoover is going to take time out from his troubles and watch a world's series game on Monday. It's a good tonic, even for presidents.

Anyway there will be no need of raising relief funds for the members of the Philadelphia and St. Louis ball clubs.

Toronto's jungle colony is to be moved north. It would be interesting to know how many real workers are discovered as a result.

There was a time when the undertaker buried a man's tonsils and appendix with the rest of him.—Galt Reporter.

A miniature rhododendron has been exhibited at a flower show in London. Punch understands it is so short that the sparrows have to kneel down to peck it.—Woodstock Sentinel-Review.

(Continued from yesterday.)

INSTALMENT 21

Lisa poured herself another cup of tea. How far had this relationship with Dan Regan progressed? Embers of revolt had always been smouldering in Fabia against the many laws and conventions that surrounded her on all sides. But Lisa had never feared a conflagration because of a certain reasonableness in Fabia, an unemotional open-mindedness that always saw the other side of every question. But so far her feelings had not been seriously involved. It was well to act with caution in regard to this Dan Regan. He might offer fuel to the deep-buried embers.

Slowly Lisa drank her tea, then went into a telephone close at the far end of the room. She touched the electric connection that cut off the rest of the telephones in the house, and then dialed a number.

He was waiting for her.

"Hello, Lisa."

And then a pause. No one spoke her name so beautifully.

"Have you heard again?"

"Yes, I am leaving for Montreal at eight."

"The condition is serious?"

"It looks so—pneumonia. Both lungs. I've just been talking long-distance with the doctor."

"You mean they fear the worst?"

"They want me to be prepared for the worst."

"You'll keep me posted. You know where."

"Yes, I know where."

"Remember, I'm with you through it all, Barry—every hour."

"I'll remember it—every hour, Lisa."

"Good-bye," she said.

"Good-bye, dear," he replied.

She closed her eyes a moment till the sound of that little last word had faded. She rose and stood, her head bent upon her arm upon the mantel in an attitude of prayer, as she gazed down upon the hot bed of ashes.

Pneumonia. Both lungs. Oh, she didn't want her to die! Many times Lisa had contemplated what the death of the woman who held Barry prisoner would mean to her. As long as Barry's wife lived, Lisa had felt justified in her monopoly of him. As a prisoner, Barry had need of her kindness—of her love, that gave him so little of the stuff and substance of love; but, released from the woman who also had given him little of the stuff and substance of love, free to marry and have a home of his own, and children and companionship, why, then Lisa would become but another prison to Barry.

The present relationship between Barry and Lisa had been of gradual growth. Neither had been aware when the pleasure that each found in the other's company changed its nature to something more demanding.

Lisa didn't suppose when she first knew Barry that she would ever love any man again. And then she discovered she had never loved any man before! She hadn't been married six months before she began to doubt her love for Rupert. Slowly, steadily the doubt developed into a conviction, like a hidden growth which she carried with her everywhere she went, unknown, unguessed by others, even by Rupert.

She thought she had loved Rupert when she married him. She had met him first at Charlotte's coming-out dance. Lisa had known Charlotte at boarding-school. Lisa's father—the English professor—had given his only daughter her two years of boarding-school and year in France as if his income had been equal to it. She had been equipped by a mother who had always found more pleasure in her daughter's wardrobe than in her own. Her mother had been well repaid. Lisa was a joy to dress. She lent distinction to everything she put on. She carried herself with a dignity and poise that was as natural to her as the proud stand of an Arabian horse. But underneath there was often a fluttering and anxious heart.

She had had little experience with the world when she attended Charlotte Vale's dance. She was only nineteen and just out of boarding-school. When Rupert Vale, aged thirty-nine, a bachelor and the head of the Vale family, selected her to bear his name and carry on the Vale traditions, Lisa was dazzled by the distinction. She observed her father and mother were impressed also, though they told her "to consult well with her heart," and warned her not to consider a marriage without love.

Lisa had had little experience with love, but every time she was about to see Rupert Vale, she was very much excited, and felt a pleasurable pride in his appearance and splendid physique, whenever she went out with him.

Rupert asked Lisa to marry him before he made any signs of love to her, which was often the case in those days. When finally Lisa decided to give the engagement a secret trial, and Rupert kissed her for the first time, she felt no recoil whatsoever. That was surely a favorable sign. She thought it was very beautiful of him to be so gentle and reverent with her. She didn't know that the gentleness and reverence of those early caresses of Rupert's were due to a chilliness in his nature; and that only passion could pierce his reserve, and only his own desires make him tender for a little while, and a lover.

Before Lisa had been married a year, she had to face the bleak fact that, if she was to make a success of her marriage to Rupert Vale, she must rely for inspiration upon those instincts aroused by the stimulus of a call to arms—a summons to rise up and fill a position of distinction. Up to the time she met Barry, Lisa had proved that love is not necessary to a successful marriage, or even to happiness. For Lisa had been happy. She had adapted herself to the Vale traditions and requirements with success. She was regarded by the Vales, not only with respect, but with affection. She had fitted into the life of Boston equally well. Her name appeared constantly on important lists of patronesses. She had served on various boards. Also she had many warm personal friends. But Lisa's greatest compensation was her children. They all adored her. She was guide, ideal, and companion to each one.

The second day after Barry's departure for Montreal, Lisa went to a Dorchester address where Emily McKenzie lived when she wasn't on a case. Miss McKenzie, as Lisa always called her, had attended the arrivals of all Lisa's children. She had attended all Lisa's bodily illnesses requiring a trained nurse. She was a woman of few words—brusque, almost bullying in a manner. Rugged, taut in appearance. No longer young.

This austere woman, who had so intimately cared for Lisa's body, knew more about her soul than any other. A rare understanding existed between the two.

Emily McKenzie had asked no questions about the letter that came occasionally for Lisa addressed in her care. She always placed it in a certain drawer in a desk where Lisa could get it any time she called. Lisa had a key to her room. Also a key to the mail-box downstairs inside the vestibule of the apartment. Often Miss McKenzie was absent on a case out of town.

There were three letters inside the mail-box for Lisa today (was there ever such a convincing man as Barry?)—one mailed from Boston the night he left, one from some little Canadian town en route to Montreal, and one from Montreal. Lisa told the taxicab driver to take her to the Hotel Touraine. She chose an armchair in the farthest corner of the library. She opened the letter from Montreal first. Barry had already seen his wife and had talked to the doctors. Her condition was not as serious as had been feared. There was more than an even chance that she would recover. Lisa closed her eyes a moment and let her hands fall limp in her lap. More than an even chance that Barry could still go on being hers!

Her heart was singing with release and relief when she opened the other two letters—both love-letters, she supposed with a tender smile. Rupert had never written her love-letters.

Lisa felt a flooding wave of joy as she counted the half-dozen pages which she drew from the two remaining envelopes. They were covered with Barry's fine writing. He described bits of the journey, fellow-passengers, scenery as it slipped by—brief ephemeral flashes of the running panorama of his consciousness. Homely details appeared in the same paragraph with an outburst of poetic beauty.

Every paragraph eventually swerved to Lisa, like a steel needle in a compass to the North Star. He could see nothing beautiful but in reference to Lisa. He could see no other woman without comparing her, to her disadvantage, to Lisa. Barry possessed a genius for making Lisa feel of importance in everything he thought of, or did, or saw.

After she had read the letters twice (certain parts three times), she burned them in the open fire near by.

Lisa felt that Barry was free from any wrong in his love for her because he was free from any sense of it. Conventional standards had never bound him. Barry's father had been in the diplomatic service. Barry had not grown up in any one environment. He had lived under various governments and social systems. His own conscience had always seemed to him the wisest guide. He was the antithesis of a ritualist in all things. One law alone bound him—the law of kindness. He felt no gnawing sense of guilt in loving Lisa. He did not feel he was robbing Rupert. Lisa's confidence had never been Rupert's, nor response to his touch. What was Rupert's Barry had no intention of disturbing. He had tried to convince Lisa that she, too, should feel no guilt. She was robbing no other woman.

Lisa was still filled with a sense of relief amounting almost to elation, when, ten minutes later, she decided to walk across the Common and drop in and see Grandmother Vale and Charlotte. They would be able to throw more light upon this Dan Regan.

But when Lisa approached Grandmother Vale's brownstone front, she didn't mount the steps. Why not mount Dr. Warburton's steps next door instead? Dr. Warburton could tell her more about this Dan Regan than any one in Boston. Of course she must disguise the purpose of her call. She rang Dr. Warburton's bell.

Lisa knew Dr. Warburton both socially and professionally. She knew him officially, too. She had served on the board of managers of his hospital—his hospital, often so called, because he performed many of his operations there, and filled the role of chief surgeon, patron saint, and guiding spirit.

There was an effort under way to raise a fund for a new operating-wing at the hospital. It was to be named the Warburton Wing. Lisa was on the committee to raise money for this fund. A day or two before she had received an anonymous check of twenty-five thousand dollars for the wing, "From a patient of Dr. Warburton's, with deep gratitude," the accompanying card had said. Lisa decided to drop in and tell Dr. Warburton about it as she passed his door on her way to Grandmother Vale's. It would be the most natural thing in the world to do.

STUDENT DIES IN AUTO CRASH

Brock Nichols Found Near Wrecked Machine Outside Mitchell.

LOST CONTROL

STRATFORD, Ont., Oct. 2.—The second motor fatality in the Mitchell area within two days last night claimed the life of Brock Nichols, well-known Stratford student. Nichols, who would have been twenty years of age next month, died shortly after a roadster in which he was riding alone, overturned on a side road near Gould's schoolhouse about two and a half miles southeast of Mitchell.

As far as can be determined, there were no eye witnesses of the fatality but marks on the road indicate that the driver lost control of the machine which took to the ditch and apparently rolled over three times. The car was found fifty-two feet from the place where the body was lying on the gravel.

Dr. Armstrong decided that an inquest was unnecessary. Death was caused by a fracture at the base of the skull.

IN DAYS GONE BY

Items Taken From Old Fyles of The Examiner

OCTOBER 2, 1921

While Sinn Fein politicians are pushing plans for peace, thousands of troops are secretly drilling expecting further trouble....The sewage plant here will cost over $300,000, the City Council was informed last night....A local man has been found to be riding a bicycle stolen nearly a year; he was arrested this morning....Two hundred more roller skates have been shipped to the Brock street arena as the sport attracts larger crowds each night ....The same old story concerning the Downie street creek's annual rampage came in for considerable discussion at the Council meeting last night.

OCTOBER 2, 1911.

Three hundred persons are believed to have lost their lives yesterday as the entire village of Austin, Pa., was wiped out of existence by the bursting of a dam ....Germany is acting as peacemaker between Italy and Turkey, and the war is expected to be brought to a close shortly....A delegation of milk vendors of the city wait on the Council to protest the milk bottling clause which the Medical Health Officer strongly favors...A nineteen-year-old youth was in Police Court this morning on the serious charge of forgery....The great Athletics and the Giants, led by the invincible Christy Mathewson, will go into the World Series tomorrow.

OCTOBER 2, 1901.

Peterborough must have a new and larger rink this winter or stay out of the O.H.A., the secretary informs this city....Hundreds of dollars' worth of plants and flowers were destroyed by school children at Victoria Park yesterday....About fifty local citizens paid a visit to the Trent Valley Peat Fuel Company yesterday, and were greatly impressed....The town's population has increased by a hundred over last year, now being 10,985....The absence of electric lighting around town is proving quite a hardship to business men.

Canadian Quartet Records Classic

Music lovers in Canada will welcome the announcement of the inauguration of a Canadian Musical Masterpiece Series on Victor Records, the first release of which is the Quartet in F Minor by Haydn. In assigning to the Hart House Quartet the task of recording this well-loved suite, Victor could hardly have chosen better in all the length and breadth of the world. Fitting tribute has been paid to the musicianship of the four artists who make up this internationally famous group, and their interpretation of the Quartet is something which will add to an already established position in the world of music. The Haydn suite, Opus, No. 5, is reproduced on three double-sided discs.

CATTLE, GRAIN, PRODUCE

CHICAGO GRAIN

CHICAGO, Oct. 2.—Regardless of unstable stock market, grains kept relatively strong yesterday. Commission house buying of wheat developed volume enough to resist adverse financial factors, purchases being based largely on belief expressed by trade authorities that grain price deflation had been completed, as shown by slenderness of declines in the last month. A steadying influence on grain was the fact that United States 1931 spring wheat yield, unofficially reported as 6.1 bushels an acre, was declared the smallest on record, approaching nearer to a failure than ever before known.

Wheat closed firm, unchanged to ½c lower; corn ⅛c to ⅜c off; oats a shade to ¼c up, and provisions at 2c to 7c advance.

MONTREAL, Oct. 2. — Butter, cheese and egg prices were higher and potato quotations held unchanged on the produce and dairy market here yesterday.

Number 1 pasteurized butter, in carlots, gained a quarter of a cent at 19¾c to 20c a pound. To retailers, solids and prints were unchanged at 21c to 22c and 22c to 23c a pound respectively. Receipts were 125 boxes.

Ontario and Quebec cheese continued their advance of yesterday, both being up one-quarter of a cent. Ontario was quoted at 12¼c to 12¾c a pound. Receipts were 1,887 boxes.

Carlot prices off resh Ontario or Prairie eggs were mainly higher. Extras advanced a cent higher at 33c and firsts were half a cent higher at 27c, while seconds were unchanged at 18c a dozen. B.C. fresh extras and firsts were both up a cent at 35c and 30c a dozen, respectively. Quotations to retailers were unchanged and receipts were 295 cases.

Montreal potatoes were unchanged at 40c to 50c per 80-lb. bag and New Brunswick Cobblers were steady at 50c to 60c per 80-lb. bag.

TORONTO PRODUCE

TORONTO, Oct. 2. — Retailers were quoted higher prices yesterday by local wholesalers for fresh eggs and steady prices for storage stocks, and brokers were trading on a slightly higher basis for graded lots, while quotations to country shippers were steady with the advances made on Wednesday. The general trend of the market was upward, and unless receipts are more plentiful, higher prices will probably be recorded by the end of the week.

Country shippers were offered 28c for extras, 25c for firsts, and 14c to 15c for seconds, delivered, ungraded, cases returned. Retailers were quoted: Extras in cartons at 36c to 37c; extras, loose, 34c to 35c; firsts, loose, 28c to 30c; and seconds, loose, 19c to 20c. Brokers were able to secure 31c for extras, 26c for firsts, and 17c for seconds, graded, and in free used cases.

Butter

There were some sales made on the butter market, but at prices below the levels generally asked for choice lots. Creamery solids were sold at 20c for No. 1, and 19c for No. 2, but the majority of brokers were holding for 20½c and 19½c for the finest offerings of No. 1 and No. 2.

Cheese

There was little movement of cheese, and prices were only nominal at 11½c for new large, 11¾c for twins, and 12c for triplets. Retailers were quoted new makes at 13c for extras, 13½c for twins, and 13½c for triplets.

WINNIPEG GRAIN.

WINNIPEG, October 2 — Wheat prices on the Winnipeg Grain Exchange finished fractionally lower yesterday after a session of featureless trading. Trading was in small voluume. Closing quotations showed October at 52½c, down ¾c; November at 53½c, down 1¼c; December at 53¾c, down 1¼c; and May at 57¼c, down 1⅜c.

Though offerings toward the close were fairly liberal, buying power had been reduced by the firmer Canadian dollar, a better sterling exchange, and a weak stock market.

There was no trace of any Government export trade. Foreign movements featured a large movement of wheat from Black Sea ports and the purchase of large quantities of Argentine wheat by English millers.

Durum wheats were the feature of the cash section trading at ½c better. Coarse grain trade was negligible.

Scotland's National Glories Are Recalled

DUNFERMLINE, Scotland, Oct. 2.—(By the Canadian Press).—R. B. Cunninghame Graham, the Scottish Nationalist and author, opening an exhibition by British artists at Dunfermline, recently, referred to the brilliancy, from the point of view of art, of the court of James IV, an declared there ought to be such a court in Edinburgh today. There would be when Scotland was once more a nation and when Scottish artists would not require to rush to London to make a living, he said. He foresaw a Scotland arising grouped around its ancient capital with a true nationality, and all the privileges of an independent nation which were shorn away by the Act of Union.

CHICAGO GRAIN

CHICAGO, Ill., Oct. 2 (C.P.) — Substantial upturns in grain prices early to-day accompanied rallies in stock market quotations.

Unexpected strength shown by the Liverpool wheat market tended also to lift values. Opening ⅝ to ½ to ¾ cent higher, wheat continued to point upward. Corn started at a shade to ¼ gain, and subsequently scored an additional advance.

Fifteen and one-half pounds was the combined weight of triplets, two boys and a girl, born recently to Mrs. M. Thompson of London.

FRANCE BOOSTS GOLD RESERVE

Weekly Statement Shows All-time Record of $2,370,000,000.

LIVING COSTS UP.

PARIS, Oct. 2.—The trend of European finances in the last few weeks was reflected yesterday in the weekly statement of the Bank of France showing an all-time record for gold reserves and emphasizing a sharp increase in living costs.

The gold statement showed reserves of 59,346,170,360 francs (about $2,370,000,000), the highest on record and an increase of 771,000,000 francs (about $30,840,000) over last week. Furthermore airplanes continued to bring in the yellow metal from Amsterdam, adding a total of 6,210 kilos to the French store yesterday.

Suspension of the gold standard by Britain and the Scandinavian countries, as well as increase of bank rates by other nations such as Finland, which boosted its rate to 7½ per cent. yesterday, have centred greater attention than ever on the French financial position and the great gold hoard piled up in the vaults of the Bank of France. It was significant that the weekly statement showed a reduction in the bank's holdings abroad by 2,252,000,000 francs, (about $880,482,000), indicating that practically all of that sum represented the bank's losses on the sterling exchange.

Livestock-Produce Quotations

BOND MARKET STRENGTH AIDS NEW YORK LIST

Trading Holds Fairly Steady, Experiencing No Further Heavy Selling.

SOME SOFT SPOTS.

NEW YORK, N.Y., October 2 (C.P.). — The stock market found it lacked the strength for a sustained upturn to-day, but it experienced no further conclusions of heavy selling.

A better tone in the bond market, particularly in the U.S. Government issues, was regarded as a sign that distress liquidation had been completed, and there was considerable talk in brokerage circles of good buying in the share market on scale down. A brisk, first-hour upturn of 1 to 5 points, however, attracted no following, and was soon lost.

Soft spots cropped out here and there. Losses of about 2 to 3 points appeared in Union Carbide, Eastman, Coca Cola, and Allied Chemical. Rails sagged after midday, several issues losing a point or so. U.S. Steel gold up 1¾ in the early trading, but this advance was later replaced by a moderate loss.

On the whole, speculative sentiment in Wall Street brightened considerably with the lifting of the heavy selling pressure. Nevertheless, the fact that advances so regularly attract fresh selling, possibly representing the liquidation of stock bought for support purposes, appears to have destroyed confidence on the bull side. Furthermore, many traders are reluctant to follow upturns unsupported by impelling signs of general business improvement. The weekly Federal Reserve statement, showing that the system had been able to absorb some $225,000,000 in bankers' acceptances dumped on the market as a result of the European disturbance, without permitting any marked stiffening of money rates, was interrupted as striking evidence of the huge credit resources of the system, and tended to still any uneasiness over the outgoing movement of gold. Leading bankers regard the outflow of gold as a distinctly constructive development. The short term money market remained plentifully supplied to-day, withoutside offerings of call money at ¼ per cent.

BUSINESS PEER

(Continued from Page 1)

America, an unknown contender, crossed the Atlantic under her own sail, took her place on the starting line with a field of 18 illustrious "thoroughbreds" of the aristocracy, and astounded every sportsman in Britain by hugging to herself the victory and the cup in a race around the Isle of Wight. Six years later the cup became an international trophy, dubbed "The cup of all nations."
